"TO THE HONORABLE COMMON COUNCIL OF THE CITY OF SAN DIEGO, CALIFORNIA. October 17, 1925.

Gentlemen:

I am returning document #180196 being an ordinance "appropriating the sum of \$3000.00 from the Water Depreciation Fund for the purpose of paying the City of San Diego's proportion of the cost of installing water mains in South La Jolla." with the Mayor's veto for the following reasons.

I am informed by the City Attorney's Office that this appropriation cannot be legally made for the purpose given. If the City intended to pay part of the cost of installing these mains, this fact should have been set out in the Resolution of Intention and the fact that such intention was not then declared prevents portion of the expense incurred under that resolution of intention. In other words, the proceedings must be carried through as specified in the Resolution of Intention and no change can be made after that resolution is adopted.

I am informed that if this appropriation were to go through an objection on the part of any tax payer would tie up the whole proceeding. For these reasons I am vetoing this ordinance.

Signed John L. Bacon,
Mayor."

" San Diego, California,
November 9th, 1925

To the Honorable Common Council
of the City of San Diego, California.

Gentlemen:

An uncertainty appears to exist in the minds of members of your honorable body and of the public at large as to whether since my conviction of the offense charged against me, I am still a member of the Common Council of San Diego.

The judgment of conviction is by no means final and there is in my case, in the opinion of well-informed persons, much doubt as to whether it ever will become final. Nevertheless, it stands against me for the time-being and I, therefore, tender you here-with my resignation as a member of the Common Council of the City of San Diego, to take effect at once.

I take this step believing that a persons, discredited as I am, even though temporarily, ought not to impose upon the common council or the people of this city any effort to bring about his removal from office.

I wish to thank the people of San Diego for the many kindnesses they have shown me and for the confidence expressed in my repeated election to honorable office and to the members of the common council for the assistance rendered me during my incumbency.

Very respectfully,

(signed) HARRY K. WEITZEL.

Thereupon, on motion said resignation was accepted and ordered spread on the minutes of this Common Council.

After first giving due notice President Bacon did in open session sign:

"November 19, 1925.

To The Honorable Common Council,
of The City of San Diego, California.
Gentlemen:

I am returning herewith document No. 180913 being the so-called Dance Hall Ordinance passed by your Honorable Body November 9th, 1925. Considerable trouble has been experienced in the past on account of questions being raised in the Courts in connection with the way previous ordinances have been drawn and it is extremely important that ordinances of this character shall be so carefully drawn so as to leave their meaning clear and free from legal or technical irregularities.

The ordinance in question in the hearing states that it repeals ordinance #7760 as amended by Ordinance #7918 while in the body of the ordinance, in section 18, Ordinance #7918 as amended by Ordinance #7960 is repealed. The City Attorney tells me that this is a serious discrepancy which should be corrected. It is interesting to note that Ordinance #7960 is an ordinance establishing the grade on Chatsworth Boulevard and can hardly have anything to do with the condition of the dance halls. There are also several other minor points which can be corrected at the time this difference is corrected.

I am returning this ordinance with my veto for these reasons and in order to save time I have asked the City Attorney to draft a substitute ordinance clearing up the points mentioned, which ordinance is presented herewith with the recommendation that it be adopted. The substitute ordinance is the same as the other ordinance, with a few technical corrections made and will stand a very much better chance in the Courts.

This veto is submitted, not as being against the subject matter of the ordinance but against technicalities which render it inoperative. By the adoption of the substitute ordinance at this time in place of sending back the original ordinance for the corrections, considerable time can be saved in getting the law into operation and the records will be kept clearer.

Signed JOHN L. BACON
Mayor."

A message from the Mayor was presented and read as follows, to-wit:
"December 24, 1925.

To The Honorable Common Council,
of The City of San Diego, California.
Gentlemen:

I am returning herewith Document #182708½ being an ordinance appropriating the sum of \$17,000.00 for the purpose of paving a portion of the highway running from La Jolla to Camp Kearney with my veto, for the following reasons.

I think every argument that has been given in favor of this road may be conceded, but the City is in really desperate financial straits and every dollar is needed for urgent necessities. I have been informed that Camp Kearney will soon be abandoned and the necessity of paving this road consequently lessens.

This road would form part of an interesting scenic route but I believe for practical purposes there are other pieces of pavement which are very much more urgently needed and for which there exists today an absolute necessity from the standpoint of safety as well as others.

This veto is submitted for the reason that I do not feel that this expenditure is justified in the light of the City's present financial condition and that there are other demands on the City Treasury which I believe should be given priority of claim.

JOHN L. BACON
MAYOR."

Thereupon, on motion said Ordinance was adopted over the veto of the Mayor by the following vote, to-wit: Ayes--Councilmen Bruschi, Held, Maire and Stewart. Noes--None. Absent--None.
