"January 8, 1925,

To The Honorable Common Council,  
of The City of San Diego, California.  
Gentlemen:

I am returning herewith documents #183337, 183338, 183339 and 183340, being ordinances establishing grades on Linwood, Wellborn, Andrews and Columbia Streets in the City of San Diego respectively.

I am vetoing these four ordinances for the following reason. The City Attorney's office informs me that the grades established by these ordinances are not correct and that the Engineer's office desires to make changes in them and the simplest method is to kill these ordinances and adopt substitute ordinances establishing the correct grades.

John L. Bacon  
Mayor."

A Message from the Mayor was presented and read as follows, to-wit:  
"San Diego, May 26, 1926.

To The Honorable Common Council,  
Of The City of San Diego, California.  
Gentlemen:

I am returning Documents #189680 and #189678 with my veto. These Ordinances make the following appropriations from the Reserve Fund. Document #189678 appropriates \$5000 for further water development investigations and the San Vicente and Sutherland Dam sites and \$189680 appropriates \$7000 for the construction, without advertising for bids of seven additional wells in the Riverview Basin. My reasons for

vetoed are as follows. The reserve fund of the City of San Diego has been so rapidly depleted that the City is facing a serious financial condition, the worst that I have seen in the five years that I have been Mayor. Appropriations have been made hurriedly and seemingly without consideration for the relative merits and demerits of various work that the City must undertake. Many of these appropriations have been made by ordinances presented to the Council too late to be docketed. It would seem that if expenditures are of any importance they could be anticipated by at least a few hours.

\$10,000 was appropriated about two months ago for San Vicente and Sutherland investigations and as far as I have been able to determine, no report of any description whatever has been rendered in connection with these investigations.

We are facing a condition where we must acquire and pay for certain tracts of land if the City's future water development is not to be blocked and a certain Reserve Fund must be maintained for this purpose. We have had during 1926 in the Reserve Fund of the City of San Diego, \$224,712.05 and out of this has been appropriated all but \$36,000. If these ordinances are approved there will be less than \$24,000 in this fund. The attention of the Council has been repeatedly called to the seriousness of the present haphazard method of making appropriations, particularly in connection with the Reserve Fund. The City should face the fact that all expenditures should be budgeted very carefully and that appropriations of money for any purpose whatever should be carefully scrutinized. Much of this Reserve Fund money has been spent on water development.

I recently called the attention of the Council to the fact that if water development is to proceed money must be provided for this purpose and the recommendation was made some time ago that a proposition be placed before the voters of San Diego to permit a wider use of the bond money already voted to allow legitimate development to proceed without delay.

Briefly, these ordinances are vetoed on the ground that any further depletion of the Reserve Fund is unwarranted at this time as \$25,000 is too narrow a margin for the City to have with which to face any immediate or real emergency which may happen.

John L. Bacon  
Mayor."

Thereupon, on motion said Message was ordered filed.

Thereupon, Councilman Stewart moved to adopt said ordinances notwithstanding the veto by the Mayor, the roll call showed the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Maire and Stewart. Noes--None. Absent--None.

A Resolution No. 38138, recorded in Book 46 of Resolutions, was presented and read as follows, to-wit:

"WHEREAS, To San Diego, as a community, there has come, in the death of Mr. John D. Spreckels, on June 7, an irreparable loss, for, in his passing, there has gone one who, for many years, has been a most ardent friend of the city, not alone in words but in deeds and actions, and

WHEREAS, "Men may come and men may go," to slightly paraphrase a line from Tennyson's "Brook," cities may go on forever. There are, however, potent forces which make for their betterment and upbuilding, and in the growth and development of San Diego, the influence of Mr Spreckels has ever been a most important factor.

What he was as a man and what he has done for the city, through his many lines of financial interest, has been known and appreciated by many of his fellow citizens for years, and from now on, more and more, will he be missed in those circles which knew him best.

It falls to the lot of but few men to have so diversified connections with a city's upbuilding as had he, for, of a truth, scarcely a single important enterprise can be named in which he did not have an interest, and every public movement, having as its aim the civic betterment or the alleviation of contions, gained his support, although this fact was not always given the publicity which many men seek.

His financial aid to various enterprises was not bound down to lines of creed nor fraternal affiliation. The fact that a cause was worthy was sufficient to gain his endorsement and assistance.

Now that he has passed from the field of earthly activity, it is the desire of this Common Council to take official note of his death, and, Therefore, Be It

Resolved, That this body does hereby extend to the family of Mr Spreckels the sincere sympathy of its members, and, further

Resolved, That this resolution be entered in full upon the minutes of the Common Council and a copy thereof transmitted to the relatives."

Thereupon, on motion said resolution was adopted by the following vote, to-wit: Ayes--Councilmen Bruschi, Heilbron, Held, Maire and Stewart. Noes--None. Absent--None.

A petition for closing Maple Street between California and Kettner Boulevard was withdrawn from conference and on motion denied.

At this time a report and recommendations of Councilmen Heilbron, Maire and Stewart, dated July 2nd, 1926 was presented and read as follows, to-wit:

The above named members of the Common Council made a tour of inspection yesterday, considering various matters which have been in conference for some time, and make the following report and recommendations:

PAVING OF PARK AREAS IN CENTER OF EL CAJON AVENUE.

The petition for this work was referred to the conference committee on June 28, at which time several advocates for the work appeared before the council. Since then various communications have been filed with the city clerk, voicing objections, and after going over the ground it is recommended that the matter be referred to the manager of operation for his recommendation. Inquiry among some of the people along El Cajon Avenue developed the fact that they are anxious to have the north side paving complete without delay, thus affording relief from congestion of traffic, now carried on the south side alone for many blocks. The curb line at the northeast corner of Boundary and El Cajon should be set back to relieve a traffic menace at that point.

PAVING OF ALLEY, BLOCK 148, UNIVERSITY HEIGHTS.

This alley, lying between Howard, Polk, Texas and Arizona Streets, was inspected. The petition for the work showed a majority of the frontage, but a counter petition was also filed, with an apparent majority, names of some of the same people appearing on both. The manager had recommended that the papers be filed, but they were referred to the conference committee. The Alley is adobe and would be much improved by paving, but in view of the fact that streets on either side of the block are no under improvements it is believed the alley might wait awhile, unless a new majority petition for the work is brought in.

CLOSING OF MAPLE STREET BETWEEN KETTNER AND CALIFORNIA STREETS

It is recommended that the petition for the closing of Maple Street between Kettner Boulevard and California Street, be denied, which is also the recommendation of the manager of operation.

PAVING OF LA JOLLA BOULEVARD FULL WIDTH.

It is recommended that the city engineer be instructed by resolution to prepare plans, specifications, etc., for the immediate improving of La Jolla Boulevard, north of the Old Town bridge, by paving the sides, thus giving a full width thoroughfare improved.

CASS STREET PAVING FULL WIDTH

The same recommendation is made concerning the paving full width of Cass Street, along the full length of the present paving, and that curbs be constructed in connection with this work.

IMPROVEMENT OF CUVIER STREET

It is recommended that Cuvier Street, in La Jolla, be graded south of the present end of the grading near the playground and Bishop's School property, across the canyon, the work to be done to the least detriment of the adjoining property possible so far as an established grade is concerned.

WIDENING OF UPPER SIXTH STREET

The matter of widening upper Sixth Street, from Upas Street northerly, should be taken up at once, owing to the increasing automobile traffic. The curbs should be set back on either side as far as possible, and the bridge should be widened accordingly. In this connection it is recommended that the property owners interested be conferred with by the manager and their views reported back to the council. The proposed improvement should also include the cutting off of the angular corner at the East intersection of Upas and Sixth Streets as a measure of safety.

JUAN STREET OPENING.

It is recommended that the city attorney proceed at once to complete the work of condemning or otherwise securing the so-called Hazel property which stands out beyond the rest of the easterly street line of Juan Street in Old Town, to the end that Juan Street may be made a uniform width.

ADDITIONAL BOULEVARD STOP

After watching the traffic at the intersection of Euclid and El Cajon Avenues it is recommended that a boulevard stop be ordered for traffic coming on to El Cajon avenue from Euclid Avenue.

TENTH AND UNIVERSITY AVENUE.

At the northwest corner of this intersection a change should be made in the location of the curb, by moving it back as a traffic menace now exists there, owing to the rapidly increasing use of University avenue.

HEAVY TRUCK LOADS.

It is recommended that a request be made to Otto A. Langer, captain of the Division of Motor Vehicles, for a strict enforcement of the state law regulating the weight of truck loads carried over streets which are paved.

STREET CAR STOP

After spending considerable time watching automobiles and street car traffic at Kettner Boulevard and Chalmers Street, it is recommended that orders be issued to the San Diego Electric Railway Company to have all cars brought to a full stop at this intersection.

DANGEROUS CONDITIONS

Particular attention is called to conditions which have developed in connection with the paving of Kettner Boulevard, now under way. It is found that the present location of the street car tracks on the boulevard, both at Olive Street and at Chalmers street, is such that, with the curbing installed, veritable cul-de-sacs are formed, inasmuch as automobiles traveling south will, undoubtedly be caught between the tracks and curbing, with serious results to life and limb of the drivers and passengers in the autos. It is recommended that the manager forthwith direct the street car company to relocate its tracks at these points, to the end that there may be left a safe distance between the tracks and the curbs.

Referring to the franchise ordinance under which the street car company is operating it is found that Section 7 provides "That the tracks shall be constructed and laid so that each of them shall be when practicable of equal distance from curb lines, or as nearly so as the condition or width of the street will permit." It is believed that the tracks at these points can well be placed nearer the center of the street, even though speed might have to be sacrificed to some extent. It is further recommended that the speed of the cars on Kettner Boulevard be cut down to the normal speed allowed in the business district.

PIERCE STREET AND KETTNER BOULEVARD.

There is another condition as to curb lines at Pierce and Kettner, and it is recommended that the manager take the necessary steps to realign the curbing on the west side of Kettner Boulevard, both north and south of the intersection of Pierce Street, so that public safety may be the better subserved at this point.

BIOLOGICAL GRADE

It is recommended that the manager of operation forthwith return the steam shovel to the work of improving the Biological Grade and have the work carried on to completion at the earliest possible date.

CONTRACT ON VINE AND COLUMBIA STREETS.

Last December the common council awarded to H.H. Peterson the contract for the improvement of Vine and Columbia Streets, and the street superintendent thereafter signed the contract with him for this work, the same to be complete by May 1. It is understood that no work is being done on this contract, and it is recommended that steps be taken to force the contractor to get at it and complete it at once.

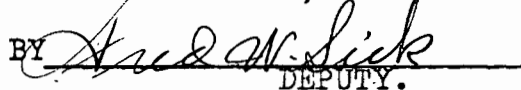

Thereupon, on motion said recommendations were adopted.

After first giving due notice President Bacon did in open session sign:  
 An Ordinance appropriating \$1000.00 from Reserve Fund for purchase of an option on certain land in Lot 73, Rancho Mission.  
 An Ordinance establishing the grade of the Alley in Block 44, City Heights.  
 An Ordinance establishing the grade of WARD ROAD.  
 An Ordinance appropriating \$23.94 for relief of A. F. Sparks.  
 An Ordinance appropriating \$2.49 for relief of Ralph M. Ward.  
 An Ordinance authorizing purchase in the open market of 8500 tons of Lock-  
 Bar Steel pipe from the manufacture of sheets to the finished product.  
 An Ordinance creating position of life guard in Police Department.  
 An Ordinance appropriating \$1043.73 from Reserve fund for paving interest on certain property purchased by the City of San Diego from Gilchrist Estate Company.

Thereupon, on motion Council adjourned.

  
 President of the Common Council of the  
 City of San Diego, California.

(ATTEST): ALLEN H. WRIGHT, CITY CLERK

BY   
 DEPUTY.

A Message from the Mayor was presented and read as follows, to-wit:  
"August 13, 1926.

To The Honorable Common Council,  
of The City of San Diego, California.

GENTLEMEN:

I am returning herewith Document #192483, being an ordinance calling for a special election for incurring an additional bonded indebtedness of Two Millions of Dollars for water development.

I am returning this ordinance without the Mayor's approval as I do not feel that it is a wise move to tie up practically the entire bonding margin of the City not only for the present but inaugurating a policy which will necessitate within a few months another bond issue in addition and which will practically mortgage the City's bonding margin for years to come, particularly as there is already in the hands of the Council, and unexpended, over Three million Dollars voted for water development.

For almost two years the Council has had in its hands Four and One Half Million Dollars placed there under exactly the conditions that the Council asked for, for the purpose of developing water for San Diego. No water has been developed.

The question is simply one of the use of public money to develop water. If the Council feels that the conditions under which the money already voted are too stringent or that the Council is unable to produce water for the City under the terms of the last bond issue then an election should be called to broaden the use to which these funds can be put and to permit of development, but to go before the people and say in effect, "You have given us Four and a half Million Dollars to produce water and we have not been able to spend that money and now we ask for Two Million additional", seems a rather bad financial policy.

Water development must proceed as rapidly as possible but to use this necessity to block other development and to practically exhaust the bonding margin of the City does not seem to be a sound argument.

Water development and other City improvements must also be carried on and some margin must be allowed for these contingencies.

The Two Million Dollar Bond Issue proposed is, as the Council has stated, simply the forerunner of another bond issue for a considerable larger amount.

(signed) John L. Bacon, Mayor".

Thereupon, it was regularly moved and seconded that said ordinance be adopted notwithstanding the Mayor's Veto, which roll call showed the following vote, to-wit: Ayes--Councilmen Bruschi, Held, Maire and Stewart. Noes--None. Absent--Councilman Heilbron.

A Message from the Mayor was presented and read as follows, to-wit:  
"August 19, 1926.

To The Honorable Common Council,  
Of The City of San Diego, California.

Gentlemen:

I am returning herewith document #192697, being an ordinance appropriating the sum of \$18,000. from the General Fund for various purposes. I am returning this ordinance with my veto for the following reasons.

I believe the time has come for a careful investigation and readjustment of the City's finances on a logical basis. I have spent days checking over the finances of the Operating Dept., as well as some of the other funds of the City. I find that we are facing shortages which will have to be met and I do not believe that appropriations should be made at this time to meet individual shortages until a general adjustment can be made which will insure a sound financial policy for the City for the balance of the year. I will append to this within a few days a report of specific instances."

"August 21, 1926.

To The Honorable Common Council,  
Of The City of San Diego, California.

Gentlemen:

As an extension to the reasons given for the vetoing of an ordinance appropriating various sums, I wish to present certain facts to your Honorable Body for consideration as proof of the statement that the City must adopt a more business-like manner of handling City finances.

In order to keep the Operating Department functioning, the City Auditor has permitted the transfer of funds between the various bureaus with this result. The Auditor's books show that while there is an actual credit balance in the Street Department of almost \$16,000.00 this credit balance has been used to make up deficiencies in other bureaus. The ordinance vetoes appropriated \$8,500.00 for street Department work while obviously this money is needed to make up deficiencies in other bureaus. There is an overdraft of about \$10,000.00 for instance, due to money that has been paid to the Cuyamaca Water Company for water in East San Diego.

There appear to be no books kept in the Operating Department on the budget funds and when a shortage starts to show up it is met by discharging a number of men to cut down payrolls, whereas I believe that a careful investigation will show that there would be no necessity of discharging employees if there was more careful supervision of budget appropriations.

As an example of conditions, the budget allowance for the entire year for the purchase of water for East San Diego is \$26,491.01 making a seven months allowance of \$15,507.80 whereas there has actually been spent \$26,600.00 in seven months; in the same proportion, this would leave a deficit of nearly \$19,000.00 for the year. This must be taken care of.

Some time ago \$40,000.00 was given the Operating Department for flood damage repair. Practically all of this has been used, and now notification comes to

the Auditor that three contracts have been entered into, on Alabama Street, Dale Street, and 29th and A Streets, two of them for unknown amounts being made on a unit price basis with no total estimate attached, the other for over Three thousand dollars. The receipt of the signed contract was the first notification that the Auditor had of the obligation, and there is not enough money in the fund to take care of one of them after the outstanding obligations are paid.

Here are figures from the Auditor's office showing the condition of departmental balances in the operating department on August 1st, for the first seven months of this year.

<u>Department Balances</u>		
	(Balance)	(Overdraft)
Machine Shops	13	2,059.72
Auto "	14	2,005.72
City Barns	15	843.59
Gen. Office & Yards	11-12	4,626.96
Engs & Insepctors	16-17	4,313.67
Public Buildings	21-22	1,073.26
Water Distribution	31-32	10,422.85
Water Impounding	41	4,156.16
Street Department	51	15,791.30
Sewer "	61	1,256.96
Garbage & Rubbish	71	2,468.96
Vocational Home	81	201.25
	<u>22,478.93</u>	<u>26,741.47</u>
Unexpended		<u>22,478.93</u>
Overdraft		<u>4,262.54</u>

In addition to the above \$10,545.40 in requisitions for work or material already used have been presented to the Auditor from the Operating Department.

This makes an additional deficit not considered in any of the above figures. Of this last amount \$9,995.86 is for work already done by one contractor in repairing streets, prior to July 1st.

There is also a deficit in the San Dieguito Water Fund that will probably amount to from \$16,000.00 to \$20,000.00 before the year is over.

This unbusinesslike way of handling City funds has been fought by the Auditor and repeated warnings have come from his office but he has only one course open- to honor requisitions as long as the funds hold out and then refuse payment. There must be planning and looking ahead by the departments making the expenditures, and this can not be done unless books and records are kept of the budget funds.

Hand to mouth, hit or miss, cuff record bookkeeping must stop, and I do not believe any further appropriations should be made until the present financial tangle is straightened out, a balance sheet drawn up, deficits provided for definitely and proper bookkeeping methods started.

JOHN L. BACON,  
Mayor."

Thereupon, on motion to adopt said ordinance notwithstanding the Mayor's veto, the roll call showed the following vote, to-wit: Ayes--None. Nays--4 Councilmen Heilbron, Held, Maire and Stewart. Absent--Councilman Bruschi.

Thereupon, the President declared said veto sustained.

A Communication from City Engineer recommending the granting of the petition for fixing the location of the sidewalk on both sides of Ivanhoe Avenue East

, between Torrey Road and College Street, contiguous to the curb, was presented, read and on motion ordered filed and petition granted.

A petition of Mary E. Althouse for a free license to sell notions etc, was presented, read and on motion denied by the following vote, to-wit: Ayes--Councilmen Held, Maire and Stewart. Noes--Councilman Heilbron. Absent--Councilmen Bruschi.

An Ordinance No. 10694, recorded in Book 38 of Ordinances, appropriating \$18,000.00 from the General Fund for the purchase and distribution of water, rental and repair of public buildings, repair of Dulzura Flume line and for engineering and construction in connection with Water Diversion to Flume line, was presented, read and on motion placed on its final passage, at its first reading, by the following two-thirds vote, to-wit: Ayes--Councilmen Heilbron, Held, Maire and Stewart. Noes--None. Absent--Councilman Bruschi.

At this time Vice-President Don M. Stewart tendered his resignation and which resignation was accepted by the Common Council.

Thereupon, Councilman Held nominated Councilman Louis C. Maire, which motion was regularly seconded, and the roll call on the election of Louis C. Maire as Vice-President of the Common Council showed the following vote, to-wit: Ayes--Councilmen Heilbron, Held and Stewart. Councilman Maire excused from voting. Noes--None. Absent--Councilman Bruschi.

Thereupon, a Resolution No. 39041, recorded in Book 46 of Resolutions, electing Councilman Louis C. Maire Vice-President of the Common Council to succeed Councilman Don M. Stewart, resigned, was presented, read and on motion adopted.

The hour of 11:00 o'clock A.M. having arrived, the time set for hearing the protest of Hilda Penwell Trower against the closing of twenty-five (25) feet on both sides of Mission Avenue between Georgia Street and Madison Avenue, the Clerk presented said written protest and read it to the Common Council.

Whereupon, the President of the Common Council inquired if any other interested persons were present who desired to be heard, and all interested persons having been heard, on motion the protest of Hilda P. Trower was overruled by the following vote, to-wit: Ayes--Councilmen Heilbron, Held, Maire and Stewart. Noes--None. Absent--Councilman Bruschi.

Thereupon, a Resolution No. 39042, recorded in Book 46 of Resolutions, overruling said protest was presented, read and on motion adopted.

After first giving due notice the President of the Common Council did in open session sign:

A message from the Mayor was presented and read as follows, to-wit:  
"September 10, 1926

To The Honorable Common Council,  
Of The City of San Diego, California.  
Gentlemen:

I am returning herewith document #193524, being an ordinance regulating the distribution of handbills and so forth, with the Mayor's veto for the following reasons.

I believe the intention of the Council in passing this ordinance was to control the distribution of handbills, and so forth, and to prevent the placing of such matter in automobiles. The ordinance as written however is very drastic in its terms and I believe goes much farther than the Council ever intended it to. Under strict interpretation of the ordinance, I believe that section one would prevent even the placing of a newspaper containing advertising matter on the front porch or steps of any house in San Diego.

Section five prohibits the placing of any advertising matter or dodgers in any private mail box, but this is already covered by Federal Statute I understand.

The ordinance as written is practically a revision of an ordinance passed in 1912, and another which was passed in 1913.

I am heartily in accord with the expressed intention of the Council as discussed when this ordinance was passed, to stop the permiscuous distribution of advertising matter on the streets and particularly the throwing of advertising matter into automobiles, but I do not believe the Council intended some of the provisions of the ordinance as they are written.

It would save an expense to the City of republication to pass a new ordinance rather than to pass this ordinance then amend it later.

The City has already granted licenses and I believe, legitimately, to certain distributing agencies in the City who make a business of distributing advertising matter. This ordinance would have the effect of putting these people out of business as I believe it would also have the effect of preventing the distribution of certain papers which are gotten out in local districts and which are distributed from door to door, as in the Hillcrest and North Park districts."

(signed) John L. Bacon,  
Mayor."

Thereupon, on motion to adopt said ordinance notwithstanding the Mayor's veto the roll call showed the following vote, to-wit: Ayes-- None. Noes--Councilmen Bruschi, Heilbron, Held, Maire and Stewart. Absent--None.

Thereupon, the President of the Common Council declared said veto sustained.

A Communication from Harbor Commission stating that they wish to withdraw their recommendation of June 10, 1926, for a tideland lease to the Crystal Ice Palace Association and report adversely on same for the following reasons: Failure to pay rent and failure to begin construction of their buildings, was presented, read and on motion ordered filed and recommendation adopted.

A Communication from the City Planning Commission was presented and read as follows, to-wit:

The Planning Commission is returning herewith all papers concerning Document No. 190563, a petition for placing the section known as Burlingame, etc. in Zone "A".

At the public hearing held on August 26, 1926, there was protest from certain property owners in Blocks 5 and 8, Park Addition, who favored Zone "B" in preference to Zone "A". It is recommended therefore, that the district as shown on Map 1102-B be placed in "A" Zone with the exception of lots 1 to 20 Incl. and 29 to 48 Incl., Block 5 and lots 1 to 20 Block 8, Park Addition, Also lots 29 to 48 incl. Block 4, Park Addition, which section it is recommended should be left out of the Above Zone "A".

It is further recommended that your honorable body initiate proceedings in accordance with Section 13 of the Zoning Ordinance to place the above described portions of Blocks 5 and 8 Park Addition in Zone "B".

Thereupon, on motion said communication was ordered filed and the recommendation adopted.
