Gentlemen:-

We make you herewith the following bid for the 105 acre oil lease in the South Bay District heretofore approved in our favor by the City Attorney's Office, Hydraulic Engineer H. M. Savage, City Manager Fred M. Lockwood and Vice-Mayor Bennett.

(a). We agree to commence drilling operations within a period of ninety days from the execution of this lease.

It is to be understood that as of the date we commence drilling operations on the City owned land that the rental clause specified herewith shall become null and void.

(e). We request City Manager Fred M. Lockwood to read to you our communication to him dated April 19, 1934.

(f). We feel that the delay of approximately nine months in granting us this lease is directly responsible for the City property remaining undrilled. We are anxious enough to drill it to pay you a rental for each month that we do not drill. We feel that this shows good faith.

(g). We respectfully ask you to grant this lease to us without further delay and to give us the right to assign the lease immediately to the San Diego Gas & Petroleum Corporation.

(h). We wish you to bear in mind at all times that our efforts, and ours alone, are responsible for the enhancement of this property to the point where others are seeking it, and for that reason we are willing to pay the above rental specified.

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

David Charles Collier began his life by that name but he was Charlie Collier to all who knew him.

No man among us more than he was loyal to friend, to city and to his native land.

His hands were never thrust among the heart strings of a friend. He laughed and the world laughed with him, and if he wept, it was when he was alone. Cheerfulness, buoyancy and optimism radiated from him. His eye was bright, his smile infectious and his heart was warm. Those who knew him best loved him best. When fortune was bright and he had many followers he was a gallant leader. In adversity he had the courage to carry on the war alone.

His word was his bond. No trust in him was ever violated. He never kept the word of promise to the ear and broke it to the hope. He had vision. He dipped into the future far as human eye could see. He planned far ahead and his city was always a sharer in his plans.

He had a personality that made him an outstanding figure in our community- and in another time and a different environment he would have been famous.

His wit, his kindness, his unfailing generosity remain with us as memorials of the day when Charlie Collier was among us.

And now he is gone out from our midst and is with yesterday's seven thousand years.

We therefore spread, upon the official records of our city- this
