BE IT RESOLVED, by the Council of the City of San Diego, as follows:

Following the report by City Manager Robert W. Flack that he had received and accepted the resignation of Louis Almgren as Chief of the Fire Department, because of continued ill health, this Council desires to express its sincere regret that Chief Almgren has deemed it best that he sever his connection with the City of San Diego.

The long and distinguished service of Chief Almgren as head of the City's fire fighters, every one of whom has passed through his personal tutelage, has given San Diego a place in the front ranks of well equipped and highly trained fire departments of the entire nation.

His ability has been recognized by the state, national and international associations of fire chiefs, and he has held high positions in their councils. Possibly no single chief in the country has enjoyed a wider acquaintanceship nor more truly merited the honors which have come to him in his long service.

For more than a quarter of a century he has held continuously the important post of chief, and the words "Almgren" and "efficiency" have become synonymous to all the citizens of his home city as well as abroad.

To him this Council now extends its best wishes for renewed health, and many more years in which to enjoy it.

It is hereby directed that this resolution be spread in full on the minutes of this Council and a copy, under the official seal of the City, be forwarded by the City Clerk to the retiring Chief.

"The Library Commission here records its great loss in the death of Hamah Pray Davison on September 20, 1936. From the earliest days of the San Diego Public Library to her death the library was a vital factor in her life. Her services as a member of the Staff included that of an assistant from 1892 to 1903; as City Librarian from 1903 to 1915; and as Librarian Emeritus from 1915 to her retirement in 1928. The foundations which she laid during her administration have made possible the splendid growth and expansion of the library service in the City.

Mrs Davison was a lover of books and of people, a combination of personal traits which made her ably suited to bring the knowledge which a public library possesses to its patrons. Even after retirement her enthusiasm did not wane and she frequently aided friends with research and study.

Be it, therefore, resolved that this expression of appreciation be sent to the City Clerk of San Diego, to the city newspapers, and that it be spread upon the minutes of this meeting." (Charles W. Wilson, Pres.; Mrs Willard H. Newman; Sam S. Porter, Cornelia D. Plaister, Secretary.)
