(continued from the preceding page)

City Attorney J. F. DuPaul explained the Ordinance, section by section.

At this point the Mayor left the meeting, and Vice Mayor Crary took over the duties of Chairman.

Joe Burnett, business manager of the San Diego City and County Employee magazine, requested postponement of the adoption of the Solicitations Ordinance, to determine if it would have any effect on the magazine insofar as soliciting advertising was concerned. He was informed that it would not affect the magazine.

Hans Cleland, San Diego Gas & Electric Company representative, favored adoption of the Ordinance.

Edwin J. Cooley, Director of Social Welfare, made statements regarding the limitations on percentage of cost in solicitations. Mr. Cooley also explained the telephone, radio and press solicitations provisions.

The matter of amount of bond for solicitors was discussed, but no action was taken on changing the figure in the Ordinance.

John Sincok, executive secretary of the Community Chest, spoke on the effect of licensing individual solicitors for the Community Chest and Red Cross, stating that it would be a cumbersome procedure in view of the large number of solicitors for those agencies.

Councilman Wincote made a motion, which was seconded by Councilman Blase, to place the ordinance on its final passage at its first reading, but the vote was not taken at that time.

The City Attorney suggested amending the Ordinance in Sections 2 and 14 regarding solicitors within organizations in large drives, and returning it to him for making such changes.

Councilman Wincote stated he was still in favor of adopting the Ordinance, and declined to withdraw his motion for placing the ordinance on its final passage at its first reading.

Neil Nettleship asked about percent regarding "amount to be collected" and the "amount collected". The City Attorney recommended a change in that respect, in the Ordinance.

Councilman Wincote then withdrew his motion, with the consent of Councilman Blase who had seconded the motion.

On motion of Councilman Godfrey, seconded by Councilman Blase, the City Attorney was directed to re-write Section 2, Section 3 subsection 13, Section 14, Section 24 subsection 2.

The hearing on said proposed ordinance was concluded.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on proposed Ordinance amending Section 29 of Ordinance 3179 (New Series), entitled "An Ordinance Providing Regulations for conducting, managing, carrying or engaging in certain professions, businesses, trades, callings and occupations, repealing ordinances and parts of ordinances in conflict therewith, having to do with Charitable Institutions, was presented.

The Vice Mayor invited anyone who was in the Council Chamber, interested in the proposed ordinance, to be heard. No-one appeared to be heard in the matter.

On motion of Councilman Dail, seconded by Councilman Godfrey, the ordinance was referred to the City Attorney to make it comply with changes to be made in the "Solicitations" Ordinance.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the City Engineer's Assessment for the improvement of the Alleys in Blocks 319 and 322 Reed and Daley's Addition, under Resolution of Intention No. 84947, the City Clerk reported that one written appeal had been received.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard.

Mrs. V. J. Abrams, Women's Civic League representative, asked for information regarding differences in amounts of assessments on four lots.

Mrs. E. L. Southern stated she is being assessed, but has no alley frontage. She was informed that it was necessary to place a nominal assessment on her property since it lies within the boundaries of the assessment district.

RESOLUTION NO. 87325, recorded in Book 72 of Resolutions, overruling and denying the appeal of Mary C. Wilson from the assessment to cover the work in Alleys in Blocks 319 and 322 Reed and Daley's Addition, under Resolution of Intention No. 84947, and overruling and denying all other appeals, written or verbal, was on motion of Councilman Blase, seconded by Councilman Wincote, adopted.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the City Engineer's Assessment for the improvement of National Avenue, 43rd Street and Public Rights of Way by the installation of Sewers therein, under Resolution of Intention No. 85087, the City Clerk reported that one written appeal had been received.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard.

W. G. Tillman, who filed the written appeal, spoke, stating that he was not satisfied with the manner in which the system was laid out and felt that his assessment was too high.

RESOLUTION NO. 87326, recorded in Book 72 of Resolutions, overruling and denying the appeal of W. G. Tillman from the assessment to cover the work of Sewers in National Avenue, 43rd Street and Public Rights of Way, under Resolution of Intention No. 85087, and overruling and denying all other appeals, written or verbal, was on motion of Councilman Blase, seconded by Councilman Wincote, adopted.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard.

E. L. Bartlet entered a verbal protest and read a lengthy statement on the history of area in which said alley exists.

R. S. Ruffin, representing San Diego Gas & Electric Company, the petitioner for the proposed closing, urged that the alley be closed. Mr. Ruffin explained proposed use of the property, stating that an open alley would restrict development of the Company's property.

Edwin R. Munson objected to the closing on the grounds that a gas tank, if erected, might interfere with use of air lane to North Island.

Mrs. Ethel Sharp made a verbal objection.

An unidentified man protested regarding danger to aviation, and stated that there is a public need for the alleys for utility services.

The matter of cost of moving utilities from the alley, if closed, was brought up. Mr. Ruffin stated that his Company would ^{move} all utilities therefrom at its own expense.

V. G. Montano protested closing on the basis of danger to the neighborhood from a gas tank.

Veto Nigro protested verbally.

A group of persons, who were not heard, arose to indicate their opposition to the closing.

Upon questioning by members of the Council, the City Attorney held that no testimony had been presented showing that a public necessity exists for the closing of the alley, especially so in view of Mr. Ruffin's statement that the company was unsure of the use to which the property, including the alley if closed, would be put.

RESOLUTION NO. 87327, recorded in Book 72 of Resolutions, sustaining protests against the closing of the Alley in Block 96 Mannasse & Schiller Subdivision and San Diego Land & Town Company's Addition, as provided in Resolution of Intention No. 86481, and abandoning proceedings for the proposed closing thereof, was on motion of Councilman Dorman, seconded by Councilman Dail, adopted.

On motion of Councilman Godfrey, seconded by Councilman Dail, the minutes of the regular meeting of October 28, 1947, were approved without reading, and were signed by the Vice Mayor.

In the absence of The Mayor, Vice Mayor Crary acted as Chairman.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the City Engineer's report of proposed assessment for proposed improvement of the Alley in Block 9 Reed and Hubbell's Addition and a portion of 29th Street, the City Clerk reported that no written protests had been received.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard.

Gladys Smith stated that she thought the cost for cement concrete pavement was too high, and felt that black top should be used. The Vice Mayor stated that there was little difference in the cost of the two, that the cement concrete would last longer, and that if plans were changed it would mean starting the proceedings from the beginning, resulting in much delay. Mrs. Smith withdrew her protest when she learned of the delay.

Theresa Ogburn protested on account of the cost, saying she did not see how it would be possible for her to meet the assessment. The Chairman explained that the assessment could be paid over a period of ten years. She said that taxes were already too high, and that she did not see how it would be possible for her to pay for the improvement.

Jerome K. Jones expressed approval of the proposed improvement.

James V. James asked if black top could be used. He received an answer similar to that given to Mrs. Smith, whereupon he withdrew his objection.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on Resolution of Intention No. 87102 for the proposed improvement of the Alley in Block 64 City Heights, Landis Street and Wightman Street, the City Clerk reported that one written protest had been received, which protest was presented.

Whereupon, the Vice Mayor inquired if any interested persons were present who desired to be heard. By *August D. Hadstrom*
Deputy.

REGULAR MEETING
Chamber of the Council of The City of San Diego,
California, Wednesday, November 12, 1947

A regular meeting of the Council of The City of San Diego, California, was held this date, and was called to order by Mayor Knox at the hour of 10:00 o'clock A.M.

Present---Councilmen Crary, Blase, Dail, Mayor Knox
Absent---Councilmen Wincote, Dorman, Godfrey
Clerk----Fred W. Sick.

On motion of Councilman Blase, seconded by Councilman Dail, the minutes of the regular meeting of November 4, 1947, were approved without reading, and were signed by the Mayor.

At this time Councilmen Wincote, Dorman and Godfrey entered, and took their places on the Council.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the City Engineer's report for the proposed improvement of the Alley in Block 155 University Heights between the north line of Polk Avenue and the south line of Howard Avenue, the City Clerk reported that no written protests had been received.

Whereupon, the Mayor inquired if any interested persons were present who desired to be heard.

William Lethbridge protested verbally on the cost, and requested continuance of the improvement for approximately one year.

RESOLUTION NO. 87533, recorded in Book 72 of Resolutions, denying the verbal protest of William Lethbridge against the Engineer's estimate on the cost for the proposed improvement of the Alley in Block 155 University Heights, and denying all other protests, was on motion of Councilman Crary, seconded by Councilman Dorman, adopted.

RESOLUTION NO. 87534, recorded in Book 72 of Resolutions, making a finding that the proposed improvement of the Alley in Block 155 University Heights is feasible and that the lands to be assessed therefor will be able to carry the burden of such proposed assessment; directing the City Engineer to prepare necessary plans and specifications for the improvement thereof as more particularly outlined in said resolution, was on motion of Councilman Crary, seconded by Councilman Blase, adopted.

At this time a majority of the members of the Council executed contract with San Diego Gas & Electric Company for the furnishing of electric current for University Avenue Lighting District No. 1 for a period of one year from and including August 7, 1947, to-wit: to and including August 6, 1948.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on protests for the furnishing of electric current for the lighting of Ocean Beach Lighting District No. 1 for a period of one year, from and including August 14, 1947, the City Clerk reported that no written protests had been received.

Whereupon, the Mayor inquired if any interested persons were present who desired to be heard. No protests having been presented, written or verbal,

RESOLUTION NO. 87535, recorded in Book 72 of Resolutions, confirming the report and assessment of the City Engineer for Ocean Beach Lighting District No. 1 and approving said report, was on motion of Councilman Crary, seconded by Councilman Wincote, adopted.

The hour of 10:00 o'clock A.M. having arrived, the time set for appeal of Dr. Alfred F. Hughes from the Zoning Committee restriction in connection with an Auto Court permit granted on Mission Boulevard between Pacific Beach Drive and Reed Avenue, the Mayor inquired if any interested persons were present who desired to be heard.

Before hearing any protestants, the City Clerk read letters in connection therewith from the Department of Veteran Affairs and from Kenneth Denton.

Mr. Hughes spoke, referring to the matter of the Zoning Committee restriction that no portion of the building or buildings shall extend north of the south line of Reed Avenue nor south of the north line of Oliver Street.

The Planning Director spoke on the matter of streets and drainage on the property. Earl Taylor gave the historical background of the property, particularly regarding drainage. He agreed to grant to the City extension of Reed Avenue, providing that the City

(continued on page 30)

(continued from page 29)

allow Oliver Street to remain closed, and the extension of sidewalk.

Mrs. Louise Kessler protested closing of streets.

Manuel Rodriguez stated that so far as he knows, streets have never been closed.

Mrs. Schulze presented petitions regarding streets being kept open, but favored construction and operation of the auto court.

Mrs. Profett felt that the streets should be kept open.

Dr. Hughes expressed the opinion that the Zoning Committee had no authority to refuse permission for him to use his private property.

Mr. Taylor stated that he is willing to deed Reed Street, but objected to having to pay for any opening and improvement on a district plan.

Councilman Wincote moved to sustain the appeal and overrule the Zoning Committee decision. Councilman Godfrey seconded that motion.

Vernon Taylor spoke about Oliver Street, and he stated that it was he who had erected barricade for vehicular traffic, but that he had not restricted pedestrian use thereof.

Mayor Knox expressed his views on the subject, stating that he believed Reed Street should be acquired through the property question and extended clear through to the ocean. He felt that the matter should be continued, and no immediate action thereon taken.

Councilman Godfrey, who had seconded Councilman Wincote's motion, withdrew his second.

Councilman Crary moved that the hearing be continued for two weeks, until the hour of 10:00 o'clock A.M., of Tuesday, November 25, 1947. That motion was seconded by Councilman Dail. The roll call on the motion showed the following: Yeas---Councilmen Crary, Blase, Dorman, Dail, Godfrey, Mayor Knox. Nays---Councilman Wincote. Absent---None.

The hour of 10:00 o'clock A.M. having arrived, the time set for the continued hearing on the appeal of Carl E. Burger from the Zoning Committee in denying his request for the erection of a porte cochere at 5323 Canterbury Drive, the Mayor invited any interested persons present to be heard.

P. A. Whitaker, attorney for Carl E. Burger, presented blue prints on appearance of the proposed improvements.

Benj. Berkowitz, the adjoining property owner, protested the construction of the proposed porte cochere.

The Planning Director stated that he had been out and looked at the property and explained the situation. He said that he could not recommend the granting of Mr. Burger's appeal, in view of the protest by Mr. Berkowitz.

Mr. Burger stated that he proposed to construct the porte cochere of 16 feet only, and that he had no intention of using the structure for the parking of any cars thereunder as charged by Mr. Berkowitz.

RESOLUTION NO. 87536, recorded in Book 72 of Resolutions, sustaining the appeal of Carl E. Burger from the decision of the Zoning Committee in denying his application for variance to the provisions of Ordinance No. 8924 Section 8a to construct a porte cochere as an addition to existing residence at 5323 Canterbury Drive with no side yard for the porte cochere, approximately 38 feet back from the front property line on Lot 340 Kensington Heights Unit No. 3, overruling said Zoning Committee decision, with the provision that said porte cochere construction be limited to 16 feet in length, was on motion of Councilman Wincote, seconded by Councilman Dorman, adopted.

The application of Louis Jacobson, owner and operator of Louis Jacobson's Jewelry at 967 Fifth Avenue, for permission to conduct an auction sale at 967 Fifth Avenue to liquidate all of the equipment, furnishings, furniture, instruments, implements and stock-in-trade, which application had been referred to the City Manager by the City Council on October 21, 1947, was presented by the City Manager.

The City Manager made a verbal report, stating that a new inventory deletes certain items included in the original inventory.

Mr. Alonzo de Jessop, who appeared before the Council on the first presentation of the application, came before the Council again. He stated that items in the inventory did not actually constitute a part of the stock. He pointed out that there were other ordinance violations. Mrs. Jessop said he represented the jewelers and merchants, and that that group opposed any auctions, especially during the Christmas season in the business district.

Morey Levenson, attorney for Mr. Jacobson, defended himself against charges made by Mr. Jessop with reference to his having drawn the ordinance regulating auctions and regarding advice given by him to Mr. Jacobson. Mr. Levenson disagreed with statements made by Mr. Jessop about conditions of the regulatory auction ordinance. Mr. Levenson said that, in his opinion, the permit asked for cannot be denied. He stated that it is Mr. Jacobson's intention to go out of business.

The City Attorney stated that if the applicant has complied with all the provisions of the ordinance, he is entitled to a permit. The City Attorney read the "misdemeanor" section of the ordinance. He said that an infraction of Section 44 of the ordinance could be construed as a basis for denial.

RESOLUTION NO. 87537, recorded in Book 72 of Resolutions, setting the hour of 10:00 o'clock A.M. in the Council Chamber, November 25, 1947, to consider application of Louis Jacobson's Jewelry for auction sale at 967 5th Avenue; requesting Mr. Jacobson to appear at that time in connection with his application, was on motion of Councilman Wincote, seconded by Councilman Dail, adopted.

The matter of bids received for construction of the Tenth Street Industrial Pier was presented.

LeRoy Wright, attorney representing Ben C. Gerwick and Haddock Engineers, Ltd., contended that the bid of Johnson Western Co. is invalid. He said that if resolution, as presented, were adopted, the award would be tested in court. He felt that the bids should be rejected, and re-advertised.

Harrison Sloan, attorney, objected to the letting of the contract on the basis of the bids as submitted. As "a taxpayer", he felt that the main bid should be awarded to Ben C. Gerwick and Haddock Engineers, Ltd., and the extra work awarded to Johnson Western Co. He suggested calling for new bids.

The Port Director stated that the engineer who drew the specifications is an outstanding man in the line. He said that all the bidders had been to the office and on

(continued on page 31)

(continued from page 30)

the dredging site, and that they all knew exactly what they were bidding on. He said that bids received were good bids.

Robert Golden, of Golden Construction Co., said that in his opinion it is not necessary for the same company to do all the work. He recommended that if there were new bids, that they be on general and separate dredging bids.

Earl Jackson of Johnson Western Co. stated that if there were new bids, their equipment would be away from San Diego, and that they would have to give a higher bid.

On motion of Councilman Wincote, seconded by Councilman Dail, the matter was continued for one week. (See the first action in the afternoon session of these minutes).

On motion of Councilman Dail, seconded by Councilman Crary, the meeting was recessed at 1:00 P.M., until the hour of 2:00 o'clock P.M.

He presented a drawing of the proposed development which he stated would be in the vicinity of \$150,000.00. He asserted that if the owners of the property in question were not permitted to build in accordance with their request, that they would put two houses (which would be allowed under present zoning) on each of the 25-foot lots.

C. E. Hetzler spoke in favor of the granting of the appeal, and answered questions put by members of the Council about the two types of developments.

The Assistant City Planning Director explained the Zoning Committee's position in the matter.

San Diego, California, Tuesday, January 27, 1948

A regular meeting of the Council of The City of San Diego, California, was held this date, and called to order by the Mayor at the hour of 10:10 o'clock A.M.

Present-----Councilmen Crary, Wincote, Blase, Dorman, Dail, Godfrey, Mayor Knox.
Absent-----None
Clerk-----Fred W. Sick

On motion of Councilman Blase, seconded by Councilman Godfrey, the minutes of the regular meeting of Tuesday, January 20, 1948, were approved without reading.

The hour of 10:00 o'clock A.M. having arrived, the time set for receiving bids for the furnishing of electric current for the lighting of the ornamental street lights located in Adams Avenue Lighting District No. 1, for a period of one year from and including October 13, 1947, to-wit: to and including October 12, 1948, the clerk reported that one bid had been received; which bid was on motion, duly and regularly, in open session, opened, examined and publicly declared. Said bid was as follows:

Bid of San Diego Gas & Electric Company; accompanied by certified check in the sum of \$79.20; contained in Document No. 382125.

Thereupon, the bid was, on motion of Councilman Blase, seconded by Councilman Crary, referred to the City Manager and the City Attorney, for report and recommendation.

The hour of 10:00 o'clock A.M. having arrived, the time set for the continued hearing of appeals from the City Engineer's Assessment No. 1806, made to cover the improvement by installation of a sewer system in Alhambra Park, Resubdivision of Blocks 41 to 48 Fairmount Addition, Lemon Villa, Fairmount Addition, Oak Park, Resubdivision of Blocks 1 to 12 Fairmount Addition, and Oak Park Annex, the Mayor inquired if any interested persons were present who desired to be heard.

Mrs. Tina M. Harrington spoke regarding the assessment on her property. She explained that she already had a sewer connection, having connected onto a line run by her adjoining neighbor which was connected with an existing main. Mrs. Harrington stated that the connection had been made some years previously, and should not be assessed such a large amount for the installation of the present sewer.

At this time Mayor Knox left the meeting, and Vice Mayor Crary took the Chair and assumed the duties of Chairman.

The Acting City Engineer reported on statements made by Mrs. Harrington. Members of the Council expressed the hope that a way may be found to relieve Mrs. Harrington from the heavy assessment, in lieu of previously-installed sewer service. No one else appeared to offer verbal appeals at the continued hearing.

RESOLUTION NO. 88189, recorded in Book 72 of Resolutions, overruling and denying the following appeals from the City Engineer's Assessment No. 1806 made to cover the installation of the hereinbefore-mentioned sewers in Alhambra Park, et al., overruling all other appeals and confirming said assessment:

ORDINANCE NO. 3667 (New Series), recorded in Book 51 of Ordinances, Incorporating Lots 22, 23 and 24 Pantages Terrace into an R-C Zone, as defined by Ordinance No. 8924 of the Ordinances of said City and amendments thereto, and repealing Ordinance No. 31 (New Series) insofar as the same conflicts therewith, was on motion of Councilman Blase, seconded by Councilman Wincote, placed on its final passage at its first reading, by the following vote, to-wit: Yeas---Councilmen Crary, Wincote, Blase, Dorman, Dail, Godfrey. At this time a majority of the members of the Council signed the following:

Contract with San Diego Gas & Electric Company for the furnishing of electric current in La Jolla Shores Lighting District No. 1 for the period of one year from and including September 15, 1947.

The hour of 10:00 o'clock A.M. having arrived, the time set for the hearing of the appeal of Chester Lowe and Inez Lowe from the Zoning Committee from the decision of the Zoning Committee in granting by its Resolution No. 2808 adopted January 28, 1948, variance to the provisions of Ordinance No. 12988 to permit William M. Brooks to build and operate a private parking lot for hotel guests only (Embassy), 3631 Park Boulevard, on the southerly 12 ft. of Lot 4 and all of Lots 5 and 6 Block 247 University Heights, subject to conditions set forth in said Resolution, the clerk read a report thereon signed by the Zoning Engineer.

Harry C. Clark, attorney, appearing in behalf of Mr. and Mrs. Lowe, spoke at considerable length in behalf of his clients' appeal, and urged that the Zoning Committee decision be overruled.

Glen A. Rick, Planning Engineer, reported verbally that apparently a majority of the residents favor the variance. He said, also, that the Zoning Committee acted within its rights in having granted said variance.

Mr. Schote, a tenant in the apartment adjoining the parking lot, owned by Mr. and Mrs. Lowe, expressed his opinion that the operation of the lot is a nuisance.

W. H. Batcher, owner of an apartment on Indiana Street, opposed the variance.

A letter from W. M. Brooks, addressed to the Council, was read, which letter asked for the permanent granting of the parking area instead of for a three-year period, and asked for permission to plant a hedge instead of erecting a fence.

The City Attorney stated that in his opinion the use of the adjoining portion of a lot by the Embassy hotel for garden purposes and the use of the residence on said parcel for hotel rental, makes it a part of the hotel, and that the lots sought to be used for parking purposes thereby become contiguous property.

RESOLUTION NO. 88429, recorded in Book 72 of Resolutions, overruling and denying the appeal of Chester H. Lowe and Inez Lowe from the Zoning Committee decision in granting to William M. Brooks permission for private parking lot for hotel guests only (Embassy Hotel) on Southerly 12 feet of Lot 4 and all of Lots 5 and 6 Block 247 University Heights, and sustaining the Zoning Committee decision, was on motion of Councilman Wincote, seconded by Councilman Blase, adopted.

At this time the City Manager presented a verbal report in the matter of Mission Beach storm water in the Bayside Lane area, and exhibited a map of the section affected. He recommended that if the property owners want to correct the situation, they should be assessed therefor.

John Coker stated that the property owners do not want the elaborate drainage plan proposed by the Manager, and asked for a remedy which would cost "hundreds of dollars", instead of \$162,000.00 as estimated by the Manager. Mr. Coker stated that the drainage problem was created by the City at the time the street was paved.

B. E. Moore told the Council of the bad condition which exists, and felt that the fault went back to the original subdivision, and offered verbal suggestions for correction.

Councilman Wincote moved that the City Manager be requested to send a City representative to Mission Beach to consult with the property owners, to see if there can be a solution worked out on the Bayside Lane area on a temporary basis. Councilman Dail seconded the motion.

Charles Hoskins felt that the Manager should shut off the sea valves, which he believed would be of assistance in preventing flooding of the area from sea water.

The vote was taken on the motion of Councilman Wincote, which was seconded by Councilman Dail, being

The resolution was adopted with all members present voting in its favor.

The City Attorney stated, verbally, that the Council can make a change in the ordinance to provide for the waiving of fees.

Mrs. Nancy E. Wessel said that the request of the PTA applies not to PTA alone, but to all legitimate welfare organizations.

Mrs. LeRoy, a PTA representative, stated that she would like to see the Ordinance continue in operation for at least a year's trial, and even strengthened.

RESOLUTION NO. 88431, recorded in Book 72 of Resolutions, determining that Ordinance No. 3562 (New Series), regulating and permitting solicitations in public for charitable, patriotic, educational, philanthropic, social service, welfare, benevolent, civic or fraternal, or other purposes, in the City of San Diego, should remain in force and that no change therein be made, was on motion of Councilman Dorman, seconded by Councilman, adopted.

Ray Cox, one of the petitioners for the zone change, asked how many of the opponents lived within six hundred feet of the property under discussion. A fraction of the first group of opponents arose. He then set forth his reasons for the requested change.

Tom Allen reported that the vote of the Planning Commission for the change, in which he was a petitioner, was five to one. He exhibited plans and a plot plan of proposed development. He stated that the development would be for much-needed rental purposes; and he defended his being a City employee, feeling that he had as much right as anyone else to request a zone change.

William Macomber, resident of the general area, and secretary of the Loma Portal Civic Club, spoke against the re-zoning asked for. He said that "piece-by-piece variance" will break down the zoning of the entire affected area. He stated that most of the property owners want to retain a good residence district.

Tom Reardon, real estate man, stated that sales of property are usually dependent on zone regulations, and felt the variance should be refused.

Mr. Allen was asked how long it was since he had bought the property in question. He replied that it had been a year or a year and a half. He then read a letter from Harry Frazier, of Frazier Mortgage Co., stating that the re-zoning would increase the value of the property, and would not decrease other nearby properties.

The Council asked for the date on which a previous attempt to re-zone had been made by Mr. Powell. The Planning Director went to his office for the record.

Mr. Cox said he had purchased his property in 1940 or 1941. He said that Navy development in the vicinity had stopped his plans for a home. He said he was the instigator, rather than Mr. Allen, of the present zone change request.

Mr. Peterson, who lives across from Mr. Allen's property, opposed the change.

Mrs. Elliott Landon, owner of three lots at Sterne and Locust Streets, said that a Camp Callan building had been placed there after a zone change protest. (The Powell matter referred to above).

Mrs. Don Giddings said she and her husband were unhappy about the existing Powell barracks in the territory.

Mr. Rick returned, and reported that it was in January of 1947 that the Powell's barracks building request had been denied.

Mr. Allen went to the County Recorder's Office to determine the date on which he had bought his property.

Mr. Fisher said that he understood that the Powell barracks building property is now for sale, inasmuch as the Powells are unable to finance any development thereon.

Mr. Cox declared that he has been unable to sell his property for Class A residential purposes, even at a discount.

Mr. Rockwell, who lives about eight blocks away, opposed "spot zoning", saying that if it were allowed in the requested area it could as easily be done in the vicinity of his property.

Ash Chamberlain, who owns property two blocks away, wanted the R-2 zone kept out.

Mrs. Patterson, who owns property next to Mr. Allen, at Russell and Rosecrans Streets, felt that the R-2 zone would be better than many of the shacks in the R-1 zone on Rosecrans. She said she wants to put up a beautiful two-story building in R-2 zone.

Mr. Allen returned, and reported that he had bought his property on February 14, 1946.

Mr. Williamson, who lives on Quimby Street, said Mr. Allen's property is in an unsightly state.

Councilman Dail moved to place the proposed Ordinance incorporating the area under discussion into an R-2 zone, on its final passage at its first reading, which motion was seconded by Councilman Wincote. REGULAR MEETING

Chamber of the Council of The City of
SAN DIEGO, CALIFORNIA, Tuesday, April 20, 1948

A regular meeting of the Council of The City of San Diego, California, was held this date, and called to order by the Mayor at the hour of 10:05 o'clock A.M.

Present--Councilmen Crary, Wincote, Blase, Dorman, Dail, Mayor Knox
Absent---Councilman Godfrey
Clerk----Fred W. Sick

The Mayor welcomed members of the audience to the meeting.

On motion of Councilman Blase, seconded by Councilman Dorman, the minutes of the Regular meeting of Tuesday, April 13, 1948, and the Special meeting of Monday, April 19, 1948, were approved without reading and were signed by the Mayor.

The hour of 10:00 o'clock A.M. having arrived, the time set for receiving bids for the paving and otherwise improving of Garnet Street, Ingraham Street, Jewell Street, Kendall Street, Lamont Street and Morrell Street, as more particularly described and set forth in Resolution of Intention No. 88072, the clerk reported that three bids had been received, which bids were on motion, duly and regularly, in open session, examined and publicly declared. Said bids were as follows:

The bid of Daley Corporation, accompanied by bond from Glens Falls Indemnity Company in the sum of two thousand five hundred dollars, which bid was given Document No. 385683.

The bid of R. E. Hazard Contracting Company, accompanied by bond from Pacific Indemnity Company in the sum of ten per cent of the bid, which bid was given Document No. 385684.

The bid of Griffith Company, accompanied by bond from National Surety Corporation in the sum of twenty one hundred dollars, which bid was given Document No. 385685.

Thereupon, on motion of Councilman Blase, seconded by Councilman Crary, said bids were referred to the City Manager and the City Attorney for report and recommendation.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on Resolution of Intention No. 88718, for the paving and otherwise improving of portions of Superior Street, within the limits and as more particularly described in said Resolution, the clerk reported that no written protests had been received.

Thereupon, the Mayor inquired if any interested persons were present who desired to be heard. No one appeared to be heard in the matter.

On motion of Councilman Blase, seconded by Councilman Dorman, the proceedings were referred to the City Attorney for preparation and presentation of the next step.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on proposed ordinance regulating Bathing, Swimming, Surfboard Riding, Rowing, Boating and Building of Fires and other uses upon the Beaches; prohibiting depositing waste material and the driving of Motor Vehicles and the riding of horses upon said Beaches, and providing for a penalty for the violation, and repealing Ordinances Nos. 233 (New Series), 1786 (New Series), 2655 (New Series), the Mayor inquired if any interested persons were present who desired to be heard.

Pat Patterson, president of the Pacific Beach Chamber of Commerce, asked for a continuance of two weeks. He said it was objectionable to residents and businessmen of the area to eliminate the camp fires from the beach.

Mr. Robley, of La Jolla, asked for an area for the launching of boats in the La Jolla Shores district.

The City Attorney expressed the belief that it might be well to prohibit swimming in the area set aside for the launching of boats.

RESOLUTION NO. 89127, recorded on Microfilm Roll No. 6, authorizing and directing the City Attorney to prepare a change in the proposed ordinance regulating Bathing,

Swimming, Surfboard riding, etc., and the use of beaches, to provide for a boat launching area between Avenida de la Playa and Vallecitos, said area to be eliminated from the bathing and swimming area, was on motion of Councilman Crary, seconded by Councilman Dorman, adopted.

Mr. Patterson spoke again, on the camp fire feature, and wanted the two-week continuance in order to get the expression of residents.

Councilman Crary brought up the matter of the use of tents with two sides open. He said there is a need for a place to change clothes. He felt that camping should be prohibited. The Park and Recreation Director said that rest rooms are now used for changing. He said there is need for a camping and rest room facilities at Torrey Pines.

Councilman Wincote suggested prohibiting the closing of tents, etc., after sundown.

RESOLUTION NO. 89128, recorded on Microfilm Roll No. 6, appointing the Park and Recreation Director, Councilman G. C. Crary and City Attorney Jean F. DuPaul as a committee to bring in an emergency ordinance for the meeting of May 4, 1948, regulating Bathing, swimming, etc., and the use of beaches; setting a hearing at the hour of 10:00 o'clock A.M. of said day, was on motion of Councilman Wincote, seconded by Councilman Blase, adopted.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on proposed Ordinance amending Sections 26 and 140 of Ordinance No. 3179 (New Series) as amended, and repealing Sections 1 and 5 of Ordinance No. 3683 (New Series), having to do with the regulating of Theatres, Skating Rinks, Bowling Alleys and other places of public amusement, which ordinance had been prepared and presented by direction of the Council on request of Motion Picture Theatre operators, and which excluded from Ordinance No. 3683 (New Series) the words "suggestive" and "objectionable" as being vague; also providing for due diligence in the prevention of the sale or consumption of any alcoholic beverage, was presented.

Thereupon, the Mayor inquired if there were any interested persons who desired to be heard.

Ed Dowell, speaking for Motion Picture Projectionists, protested, stating that there is no need for the ordinance. At the Mayor's request, Mr. Dowell read the proposed Section 140 to which he had referred.

The City Attorney said the terms do not apply to a motion picture operator or projectionist, because they are not police regulated. But he did say that a projectionist could be jailed under a misdemeanor charge.

Mr. Dowell said the employee could not be held for the acts of his employers. Then he requested the striking out of the word "employee".

Councilman Dail proposed letting the Ordinance stand as adopted, with the exception of deleting the words "suggestive" and "objectionable".

Leo Hamescher felt that the ordinance, as proposed with the deletion of the two words, is satisfactory to the Independent Theatre Owners' Association.

The City Attorney said that provisions of the ordinance should provide for regulation of all named in the ordinance, and should not exclude the motion pictures.

Dr. Alfred Thomas, executive secretary of the Council of Churches, supported the Council's effort. He spoke on the well set-up qualifications under the requirements for appointment of a Social Director in San Diego, and said that there is sufficient protection against arbitrary actions on his part, and mentioned the wise provision for the provision of a Social Welfare Commission under the charter. He said that a large part of the citizens of San Diego are behind the Council in its present efforts.

John W. Brown, representing Waiters and Bartenders, asked if, in case of a violation of the ordinance, all of an establishment's employees would be thrown in jail. He cited an instance of a cabaret where such action was supposed to have occurred. The City Attorney stated that the responsible employees could be jailed.

At this time Councilman Dail moved for the final passage of the ordinance amending Ordinance No. 3179 (New Series), leaving out only the words "suggestive" and "objectionable" (not the ordinance on which the hearing was being conducted).

Robert Oakes, attorney for Bowling Alley proprietors, felt that places of athletic endeavor and exhibition should not be covered in the ordinance. He asked that the bowling alleys be added to the list of those whose licenses would be subject to notice of hearing on suspension, if the Bowling Alleys were left in the ordinance.

Leonard Zlotoff, roller skating representative, stated that roller skating should not be covered in the ordinance inasmuch as they did not come under the entertainment category sought to be regulated. He said, further, that the proposed legislation is discriminatory. Also, Mr. Zlotoff felt that if skating rinks are left in the ordinance, there should be a provision for hearing on suspension.

Wayne Macy spoke for owners and operators of the Skating Palace, saying they welcome the Social Welfare Director or any of his staff at any time.

Councilman Dorman, who opposed the original ordinance, said that regulation should apply to everyone, and should not have effect upon only certain groups. He mentioned shows produced at Russ Auditorium, as well as in private clubs.

R. W. Shaw, who identified his membership in various groups, but who said he spoke as a private citizen, expressed the belief that we have ample laws at the present time, and that the Social Welfare Department should not have the right to take up licenses, but should be able to file a complaint.

Mrs. Margaret Johnson, who gave a list of organizations with which she is affiliated, but stated that she was speaking as a parent, felt that the Social Welfare Department is the proper agency to aid in the reduction of juvenile delinquency.

The question was called for on the motion to place the ordinance on its final passage, which ordinance amends Section 140 of Ordinance No. 3179 (New Series). Thereupon, ORDINANCE NO. 3721 (New Series), recorded on Microfilm Roll No. 6, amending Section 140 of Ordinance No. 3179 (New Series), was on motion of Councilman Dail, seconded by Councilman Wincote, placed on its final passage at its first reading, by the following vote, to-wit: Yeas---Councilmen Crary, Wincote, Blase, Dail, Mayor Knox. Nays---Councilman Dorman. Absent---Councilman Godfrey.

On motion of Councilman Dail, seconded by Councilman Blase, the ordinance was adopted, by the following vote, to-wit: Yeas---Councilmen Crary, Wincote, Blase, Dail, Mayor Knox. Nays---Councilman Dorman. Absent---Councilman Godfrey.

Prior to the final reading of the ordinance, a written or printed copy thereof was furnished to each member of the Council.

On motion of Councilman Blase, seconded by Councilman Dail, the Council took a recess until the hour of 2:00 o'clock P.M., this date.

Upon re-assembling, at the hour of 3:15 o'clock P.M., the roll call showed the following:

Present---Councilmen Crary, Wincote, Blase, Dorman, Dail, Mayor Knox.
Absent-----Councilman Godfrey.
Clerk-----Fred W. Sick.

The clerk announced that in the opening of bids at the hour of 10:00 o'clock A.M., for the improvement of Garnet Street, as more particularly described in Resolution of Intention No. 88072, one bid which had been received prior to the opening of said bids, had been inadvertently unopened. Thereupon, on motion duly made and seconded, said bid was in open session, opened, examined and publicly declared. Said bid was as follows:

City Clerk of the City of San Diego, California
By HELEN M. WILLIG, Deputy."

(SEAL)

The Mayor then presented a certificate from the City of San Diego to Mr. Johnstone, and expressed the City's sincere thanks to him for his services over the past years.

Thereupon, Mr. Johnstone responded, saying that it had been a pleasure to serve the City, and wished the Electrical Division continued success in its efforts to provide for the safety of those who were installing electrical work as well as for the safety of their neighbors.

The hour of 10:00 o'clock A.M. having arrived, the time set for receiving bids for the paving and otherwise improving of Chalcedony Street, Missouri Street, Dawes Street, Bayard Street, Alleys in Block 117 Subdivision of Acre Lot 42 Pacific Beach, Alley in Block 120 Subdivision of Acre Lots 12 to 15, inc., and 39 to 41, inc., and portions of Acre Lots 16, 37, 45 and 46, and Blocks 150 and 151 Pacific Beach, the clerk reported that four bids had been received, which bids were, on motion duly and regularly in open session, examined and publicly declared. Said bids were as follows:

The bid of Griffith Company, accompanied by bond from National Surety Corporation in the sum of fifteen thousand dollars, which bid was given Document No. 386115.

Thereupon, on motion of Blase, seconded by Councilman Crary, said bids were referred to the City Manager and the City Attorney for report and recommendation.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the City Engineer's assessment No. 1812 made to cover the costs and expenses of the work done upon paving and otherwise improving of the Alley in Block 64 City Heights, Landis Street and Wightman Street, the clerk reported that a written appeal had been received from Emma B. Wells, which appeal was read.

Councilman Blase moved adoption of the Resolution, which motion was seconded by Councilman Wincote.

Mr. Preston, Griffith Company manager, spoke regarding the late opening of the V. R. Dennis Construction Company bid at last week's meeting. He objected to the bid not having been opened at the same time as the other bids, which the City Clerk pointed out had been overlooked. Mr. Preston said that at the time of the opening of the other bids, the Griffith Company was the low bidder.

The City Attorney ruled that the Dennis bid was regular, and the low bid. He stated that inasmuch as the bid had been received in time, there was no objection to its having been opened at the afternoon session although the others were opened and declared in the morning.

Mr. Preston accepted the City Attorney's ruling and said no further objection would be raised. Mr. Dennis spoke in favor of the awarding of contract on his bid, and thanked Mr. Preston for his attitude in the matter.

Thereupon, RESOLUTION OF AWARD NO. 89191, recorded on Microfilm Roll No. 6, accepting bid of V. R. Dennis, an individual doing business under the firm name and style of V. R. Dennis Construction Company, and awarding contract thereto, for the improvement of Garnet Street, Ingraham Street, Jewell Street, Kendall Street, Lamont Street and Morrell Street, as more particularly set forth in Resolution of Intention No. 88072, was adopted.

There was discussion by the Council on the matter of time-stamping bids received by the City Clerk. The City Clerk explained that his office has a receiving time stamp which is used on all documents received, other than bids, but that the stamp is not of such size that it will stamp the bids.

REGULAR MEETING
Chamber of the Council of The City of San Diego,
California, Wednesday, June 2, 1948

A regular meeting of the Council of The City of San Diego, California, was held this date, and called to order by the Mayor at the hour of 10:10 o'clock A.M.

Present---Councilmen Crary, Wincote, Blase, Dorman, Dail, Godfrey, Mayor Knox.

Absent---Councilmen None
Clerk---Fred W. Sick

On motion of Councilman Blase, seconded by Councilman Godfrey, the Minutes of the Regular Meeting of Tuesday, May 25, 1948, and the Special Meeting of Thursday, May 27, 1948, were approved without reading.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing which had been continued from the meeting of May 25, 1948, on safety provisions of the Building Code insofar as they affect hotels and apartment houses, Edgar Luce, attorney for the San Diego Hotel Association and San Diego Apartment House Owners' Association, announced that he had stated the case at the previous hearing, and had no further statements to make. Oscar Knecht, chief Building Inspector, mentioned the terms of the Building Code, and said that alternates have been offered by several owners, which have been approved,

and work completed. He said that the costs of complying with the regulations will be far less than the figures submitted by Judge Luce.

Fire Chief George C. Courser stated that complete installation of sprinkler systems often reduced fire insurance rates by as much as 50%, in answer to question by the Council. He said he felt that the State regulations will probably ultimately require sprinkler systems. He said fire escapes should come first, then safety in halls. He said that Class A concrete buildings will not burn, but that their contents will.

J. C. Wilson, 404 Spreckels Building, representing the San Diego Public Safety Committee, offered suggestions for enforcement of safety measures regarding public housing.

The Building Inspector said that hotels will spend \$40,000.00, \$50,000.00, or \$60,000.00 to develop cocktail lounges, but would spend nothing to provide for the safety of their occupants.

Carlton Lichty, manager of the U. S. Grant Hotel, said that figures had been given for partial sprinkler system of \$35,000.00; a complete system would run upwards to \$100,000.00.

Judge Luce said that the hotels still do not know what to do under the City Code, and what will be required under future State regulations.

Mayor Knox suggested that a committee meet with the City Manager, the Chief of the Fire Department, and the Building Inspector.

Postponement of enforcement of terms of the ordinance were again asked by Judge Luce, until the State Legislature's Interim Committee makes its recommendations.

A motion was made by Councilman Godfrey, seconded by Councilman Dorman, to refer the matter to the City Manager, the Fire Chief and the Building Inspector to meet with a committee from the San Diego Apartment Owners' Association and the Hotel Owners Association for report and recommendation for the Council meeting of Tuesday, June 22, 1948.

An unidentified man said that buildings without fire protection should be processed first.

He said that it was the feeling of business men of the community that the Charter amendment voted some time ago, and on which the Chamber of Commerce lent its support, would put the water department on a paying basis, and that there would not be need for various appropriations and bond issues in view of past increase in rates. The Mayor replied that the City had been confronted by unprecedented lack of rain, and that it is imperative that more water be found and financing will be necessary therefor.

No one else appeared to be heard on the Annual Appropriation Ordinance, being the time set for hearing at this Special Meeting.

He exhibited a plat of the land in question.

The report of the Zoning Engineer was read.

Asked for an opinion, the Planning Director said he felt that the lot should be divided into 2 parcels, instead of 3, as he believed it would be more in keeping with the size of other lots in the vicinity. Reverend Fox pointed out that the property was originally divided into large areas for construction of large and expensive homes, but that the neighborhood had been developed into smaller dwellings.

Upon inquiry from the Mayor if there were any protests on Reverend Fox's petition for variance to the zoning on the above-mentioned property, Mr. M. Swartz, owner of property on Wabaska and Chatsworth, opposed the division as requested. He was informed that re-zoning would not affect property already developed; and that such development if not within an R-1 Zone classification would be considered merely as a non-confirming use.

The question then arose about Mr. Thompson's legal rights to use the property in question, and

C. F. Atkinson, who lives on Belvedere, protested granting of the appeal. Preston Justice put in a plea for stricter regulations for La Jolla development, and asked that present restrictions be not broken down.

Mr. Roberts stated that their properties would be below the street level, and would be damaged thereby. He said that the developers of Loma de la Jolla should put in a retaining wall and curbs, and provide for drainage in order that storm waters would not flood his clients' land and homes.

Wahrenberger, et al, from~~ decision of the Zoning Committee in granting application of Mariano Crivello for construction of wall at the intersection of Whittier Street and Edith Lane, the clerk read the City Attorney's report on the matter.

Mr. Wahrenberger said the Crivello house, at one point, is 6" over the setback line. He stated that he is building four houses on six lots, each on a lot 75' x 120', and he had signed an agreement to maintain a 75-ft width on each lot. He objected to the Crivellos not observing all restrictions. He wants the height of the wall reduced so as not to interfere with the view.

C. J. Paderewski, the Crivellos' architect, stated that the wall between the Crivello property and the adjoining property will be reduced.

Mrs. Wahrenberger, owner of property across the street, said that from her front window she looks right at the blank wall.

Councilman Dail mentioned the photographs that were submitted by both sides, which he called "conflicting", since they gave different versions based on camera angles. Mr. Dail said he thought the Council should go out and see the property.

Mr. Cannon, Mr. Crivello's representative, said that the retaining wall was built before approval was granted by the Planning Commission, and that the concrete blocks were added afterward.

The Planning Director read from the records of the Planning Department's office.

On motion of Councilman Godfrey, seconded by Councilman Wincote, the hearing was continued until the hour of 3:30 o'clock P.M., today, in order that the Council could make a personal inspection of the property in question.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing of Glenn O. Hellyer from the Zoning Committee's decision in denying his application to conduct motor scooter and one-cylinder motorcycle racing and other competitive events within the existing tracks of the Polo Grounds in Mission Valley, on Lots 1 and 2 Reiner's Subdivision of Pueblo Lot 1103, all of Block E Bayview Quarter Acres, and Blocks 9 to 12 inclusive, Bayview Addition ~~Additien~~, and for variance to the provisions of Ordinance No. 1947 New Series, the clerk read the Zoning Engineer's report.

Mr. Hellyer spoke in favor of the granting of his appeal. He said that horse activity is not of sufficient interest to bring in the needed revenue. He felt that a "quiet" sports center would be an advantage to the area.

Written protests were then presented.

Mrs. Aichele, wife of the Mission Valley Improvement Association president, spoke in opposition to the variance, as "a neighbor".

A motion was then made by Councilman Crary, seconded by Councilman Blase, to deny the appeal, and sustaining the decision of the Zoning Committee.

Before the roll could be called on the motion, Mrs. Franklin Steele, member of the Mission Valley Improvement Association, opposed the variance.

C. C. Muzzey, former president of the Mission Valley Improvement Association spoke in favor of the variance, saying that the sport would be welcomed to the Valley, and said that it would be a deterrent to juvenile delinquency. He asked for a permit of 30, 60, or 90 days for a trial.

Mr. Burger, past president of Old San Diego Business Men's Association, a real estate man, said that the sport would be better than the many existing dairies.

RESOLUTION NO. 90347, recorded on Microfilm Roll No. 9, overruling appeal of Glenn O. Hellyer from the Zoning Committee decision in denying variance to Ordinance No. 1947 New Series, to conduct motor scooter and one-cylinder motorcycle racing and other competitive events within the existing tracks of the Polo Grounds in Mission Valley, on Lots 1 and 2 Reiner's Subdivision of Pueblo Lot 1103, all of Block E Bayview Quarter Acres and Blocks 9 to 12, inclusive, Bayview Addition, and sustaining said Zoning Committee decision, was on motion of Councilman Crary, seconded by Councilman Blase, adopted.

The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on appeal of Joseph S. Campbell, from the Zoning Committee's denial of his application for permit to move two two-story frame residences, one from 1125 and 1127 E Street and one from 869 11th Avenue, to Lots 46, 47, 48 Block 88 E. W. Morse's Subdivision at 30th and C Streets, the Planning Director made a verbal report. He showed pictures of the buildings for which a permit had been sought to be moved. He said the buildings would deteriorate the value of the neighborhood.

Mr. Campbell spoke in favor of permitting him to move the houses to 30th and C Streets. He contended that the houses were in good condition, that he had bought and paid cash for them, that he had bought and paid cash for the lots on which he intended to locate the houses, and would suffer through denial of permission to grant his request.

A motion was made by Councilman Crary, seconded by Councilman Dail, to deny the appeal and sustain the Zoning Committee decision.

Before the roll could be called on the motion, Ray Alderson, licensed architect, said that the buildings are good and substantial, with roofing and painting will be in keeping with the neighborhood. When Councilman Dail said that other developments in the neighborhood were mainly one-story dwellings, which those for which a permit were sought to move in were old and very high two-story buildings, Mr. Alderson said that many of the existing dwellings were also old, and that when work is done on the re-roofing they could be cut down to flat roofs or otherwise reduced in height.

RESOLUTION NO. 90348, recorded on Microfilm Roll No. 9, denying the appeal of Joseph S. Campbell from the decision of the Planning Department in denying permission to move two two-story frame residences, one from 1125 and 1127 E Street and one from 869 11th Avenue to Lots 46, 47 and 48 Block 88 E. At this time Mayor Knox left the meeting, and Vice Mayor ^{Wincote} took the Chair.

A petition of residents of Frontier Homes to relieve the "unsanitary conditions" of their community, was presented.

Mrs. Roy Berg spoke, saying that the area (a Federal Housing project) is filthy, and asked that the City do all it can to assist in cleaning up the situation. The Vice Mayor said that the City recognizes the fact, but added that the City does not own the streets which have never been dedicated as such by the Federal Government.

An unidentified man attempted to speak, but he was told that the Council was in no position at the present time to make any determination since it did not have any of the facts.

On motion of Councilman Crary, seconded by Councilman Dail, the petition was referred to the City Manager for a report back to the Council in two weeks.

After considerable discussion, the matter was continued until the hour of 3:30 o'clock P.M., this date.

Mr. Brock spoke again, saying that there should be no longer delays in looking at the plans than necessary, specifying two days.

Mr. Richter said that 218 plans had been presented to the La Jolla Planning Council and that of that number only 18 had not been approved. Of the 18, some had been revised and projects abandoned as being impracticable.

W. E. Zaeder, property owners' league representative, felt that it would be well to post plans in the La Jolla City Hall for anyone to see.

Councilman Crary moved to file the matter, which motion was seconded by Councilman Godfrey.

Before the roll was called on the motion, Charles Taylor, who signed the letters in question, stated that La Jolla is well represented on the City Council and the City Planning Commission, inasmuch as there is a La Jolla resident on the Council and on the Commission. He said that his Association does not oppose advice being given by the La Jolla Planning Council if there is no undue delay-caused thereby.

On motion of Councilman Blase, seconded by Councilman Godfrey, the matter was ordered filed.

Thereupon, the Mayor inquired if any interested persons were present to be heard. No one appeared to be heard.

ORDINANCE NO. 3819 (New Series), recorded on Microfilm Roll No. 9, approving the annexation to the City of San Diego of a portion of Lot 67 Rancho Mission of San Diego, in the County of San Diego, State of California, designated as "Waring Tract", was on motion of Councilman Crary, seconded by Councilman Blase, placed on its final passage at its first reading, by the following vote, to-wit: Yeas---Councilmen Crary, Wincote, Blase, Dorman, Dail, Godfrey, Mayor Knox. The hour of 10:00 o'clock A.M. having arrived, the time set for hearing on the proposed Ordinance amending Ordinance No. 3179 (New Series), by adding to Part II thereof a new title to be known as Title XXV - Psychologists, the Mayor inquired if any interested persons were present who desired to be heard.

Dr. Christy, representing the Chiropractic Association, objected to the proposed membership of the board provided for in the ordinance having three of its members as members of the American Psychological Association. He presented an ordinance now in effect in an eastern city which he liked better than the one on which the present hearing was being held. He objected to there being no "grand-daddy" clause being included, to provide for the continuance of the practice of presently operating psychologists.

Charles Fox, committee member, San Diego Unit California Association of Councillors and Psychotherapists, expressed the opinion for need of a regulatory ordinance, but he said that the proposed ordinance might be an abrogation of free speech and right of free enterprise. He objected to the ordinance setting up no qualifications for psychologist.

A letter from Dr. Richmond Barbour was presented and read.

Mrs. Mintzer, representing a group of citizens whom she named, spoke for the the adoption of the ordinance, saying that a real need therefor existed.

Dr. Ivan McCollom opposed the granting by the City of any license as a consulting psychologist without sufficient background of professional training, and expressed a need for such an ordinance. Dr. McCollom said that he is not a practicing psychologist, as charged by Dr. Christy, but that he is a faculty member of San Diego State College. He said that of the twenty members of the American Psychological Association in San Diego and La Jolla only two are practicing.

Lee Muth, representing the American Association of Social workers, felt that there was a definite need for the ordinance.

The Mayor asked that the hearing be considered at an end. However, there were others who asked to be heard.

Dr. Lejune Foster, chiropractor, said that it is difficult to determine standards, and stated that psychology is dealing in a "borderland" field, in a baby profession. She said it is dealing with the intangible mind and the soul.

Mr. Jeans, whose initials were not learned, said that it would be one thing for the Council to set up standards, but another to permit the American Psychological Association to determine who shall practice psychology.

Horace Lewis, who gave his profession as an attorney, talked about the American Psychological Association. He said it originated through the schools, is a Washington, D.C. organization, and not a California state group. He said that it deals largely with the making of written tests. He contended that there are sufficient laws to cover fraud, etc., and that "quack" psychologists could be apprehended thereunder.

The Mayor then declared the hearing at an end.

Mr. Karp, of the City Attorney's office, answered questions put by members of the Council regarding previous meetings held in the formulation of the ordinance. He said that the same persons offered the same objections to the ordinance as those who appeared at this hearing.

Councilman Wincote read provision 5 of the proposed ordinance, as follows: "That the applicant has had sufficient professional education and training to practice in this non-medical field of human adjustment."

Questions were then asked of Dr. Foster to which of the provisions she objected. She said that it was provision 5, that there were many factors entering into a psychologist's fitness and ability to practice other than his education. She again stressed the dealing with the soul and the mind.
