The following Report of the Ways and Means Committee, recommending the tax levy for the year 1907, is presented, read and on motion adopted, viz:

"San Diego, Cal., May 8th, 1907.

To the Common Council,

City of San Diego.

Gentlemen:- The Committee on Ways and Means to whom was referred the estimates of the probable necessities for the various departments of the City Government, together with the assessment roll for the fiscal year 1907, upon which to base the rate for municipal taxes for the said year, herewith reports and recommends as follows:

Upon the total assessment roll for the fiscal year 1907 viz: \$23,717,666, we estimate that there will be a large percentage to be deducted therefrom on account of the discount allowed upon all taxes paid during the months of June, July and August and prior thereto, and we have therefore based our estimates upon a net valuation of \$23,000,000.

We recommend that the tax levy for the fiscal year 1907 be fixed at \$1.35 upon the \$100 assessed valuation of property, which amount we recommend be apportioned to the various funds of the City as follows:

FIRE DEPARTMENT FUND:

For this fund we recommend a rate of .129 on each \$100 assessed valuation, which will

raise \$29,670. This amount will suffice for the necessities of the department during the fiscal year 1907.

#### SALARY FUND.

For this fund we recommend a rate of .23 on each \$100 assessed valuation which, together with the estimated receipts from other sources will raise \$52,900., and is sufficient to pay the salaries of the officers, deputies and clerks of the various departments of the City.

#### STREET FUND.

For this fund we recommend a rate of .269 upon each \$100 assessed valuation, which together with the estimated receipts from other sources will raise \$61,870., which is sufficient to pay all estimated expenses of the Street Department for the current fiscal year.

#### SEWER AND DRAINAGE FUND.

For this fund we recommend a rate of .064 upon each \$100 assessed valuation, which will raise \$14,720., which amount we estimate is sufficient to carry on this department for the current fiscal year.

#### STREET LIGHT FUND.

For this fund we recommend a rate of .066 upon each \$100 assessed valuation, which will raise \$15,180., an amount sufficient to pay the expenses of lighting the streets and public places for the year.

#### LIBRARY FUND.

For this fund we recommend a rate of .05 upon each \$100 assessed valuation, which will raise \$11,500., which amount is fully needed to properly maintain and operate the library donated to the City by Andrew Carnegie.

#### PUBLIC BUILDING FUND.

For this fund we recommend a rate of .032 upon each \$100 assessed valuation, which will raise \$7,360., which amount we estimate is sufficient to pay all estimated expenses of this department for the current fiscal year.

#### OFFICE FUND.

For this fund we recommend a rate of .023 upon each \$100 assessed valuation, which will raise \$5,290., and fully provide for the purchase of record books, stationery, supplies, etc., for the various departments of the City Government.

#### GENERAL FUND.

For this fund we recommend a rate of .037 upon each \$100 assessed valuation, which will raise \$8,510., and fully provide for the miscellaneous expenses of the City.

#### PARK IMPROVEMENT FUND.

For this fund we recommend a rate of .08 upon each \$100 assessed valuation, which will raise \$18,400, an amount sufficient to pay the expenses of said department for the current fiscal year.

#### SCHOOL BOND FUND.

For this fund we recommend a rate of .018 upon each \$100 assessed valuation, which will be sufficient to provide for the necessities of the fund.

#### REFUNDING BOND FUND.

For this fund we recommend a rate of .068 upon each \$100 assessed valuation.

#### WATER BOND FUND.

For this fund we recommend a rate of .166 upon the \$100 assessed valuation.

#### BRIDGE BONDS.

For this fund we recommend a rate of .003 upon the \$100 assessed valuation.

## FIRE BONDS.

For this fund we recommend a rate of .011 upon the \$100 assessed valuation.

## WATER IMPROVEMENT BONDS.

For this fund we recommend a rate of .057 upon the \$100 assessed valuation.

## SEWER EXTENSION BONDS.

For this fund we recommend a rate of .04 upon the \$100 assessed valuation.

## THIRTIETH STREET BONDS.

For this fund we recommend a rate of .007 upon the \$100 assessed valuation.

The amounts required to provide for the needs of the Police, City Pound, Legal and Health Funds, are, by ordinance, apportioned out of the income accruing to the City from fines, dog licenses, delinquent taxes, plumbing inspector's fees, respectively, and no levy for these funds is necessary.

No levy will be necessary to provide for the "B" street Flume Bond Fund, nor for the funds to be created under the bond issue voted by the people on March 12th, this year, as there is now on hand sufficient money to provide for these funds.

We therefore recommend the adoption of an ordinance in accordance with the apportionments above recommended, and we submit herewith such ordinance for your consideration.

Very respectfully submitted,

J.E.Connell,

F.J.Goldkamp,

Geo.F.Mahler,

Ways and Means Committee."

At this time, on motion, a recess of thirty minutes is taken to permit the Rules and Order of Business Committee to consider and prepare a new code of Rules for the Council.

Upon the council again being called to order the following report of the Rules and Order of Business Committee is presented, read and on motion adopted, viz:

"San Diego, California, May 9th, 1907.

To the Common Council of the City  
of San Diego, California:

Gentlemen:

Your committee on Rules and Order of Business would respectfully submit the following and recommend their adoption as the Rules and Order of Business of this Council, viz:

Rule 1- The regular meetings of the Common Council shall be on the first Monday of each month at 7:30 o'clock P.M., or, if that day be a holiday, then upon the next day at the same hour.

Rule 2 -- The president shall call the Common Council to order precisely at the hour appointed for the meeting.

Rule 3 - The roll shall be called by the Clerk and absentees noted. All roll calls shall be in the numerical order of the wards which the councilmen represent, provided, however, that the name of the president shall be called last.

Rule 4 - All standing committees shall consist of three members each and shall be appointed by the president, unless otherwise ordered by this Common Council, and shall be as follows:

- 1st. Ways, Means and Finance.
- 2nd. Streets, Alleys, Highways and Parks.
- 3rd. Sewers, Police, Health and Morals.
- 4th. Fire and Water.
- 5th. City Lands, Public Buildings and Library.
- 6th. Gas, Electric Lights, Telephone, Harbor and Wharves.

#### Order of Business.

Rule 5. The Order of business shall be as follows:

- 1st. Reading Minutes of previous meetings.
- 2nd. Mayor's Messages.
- 3rd. New Business.
- 4th. Reports of Committees.
  - a. Standing Committees in their regular order.
  - b. Special Committees.
- 5th. Unfinished business.
- 6th. Miscellaneous Business.

PROVIDED, that any Resolutions or Ordinances reported upon by a Committee shall be taken up for consideration immediately after the disposal of the Committee's Report; also Provided, FURTHER, that the President shall refer all matters to proper Committees, unless objections are made thereto.

Rule 6 - No Resolution or Ordinance shall be considered by the Common Council unless presented and signed by a member thereof.

Rule 7 - Any member, or other person, desiring to address the Common Council, shall rise to his feet and address the presiding officer, otherwise he shall not be recognized or heard. This rule shall apply to the making of motions.

Rule 8. No personal or improper language shall be allowed in the presence of the said Common Council, while in session, by the members thereof, or by any other person, under penalty; if by one not a member of said Common Council, by expulsion from the room during the session; if by a member, by such punishment as may be fixed by said Common Council.

Rule 9 - When two members arise at the same time to address the Common Council, the presiding officer shall decide who shall have the floor.

Rule 10 - When the presiding officer desires to leave the Chair, he shall appoint some member to fill the same pro tempore.

Rule 11 - In the absence of the President, at the time for meeting, the Clerk, on the appearance of five or more Councilmen, shall call the Common Council to order, when a

President pro tempore shall be appointed by said Common Council for that meeting, or until the appearance of the President.

Rule 12 - When an amendment to a Resolution or Motion is moved and seconded, the vote shall in all cases be first upon the amendment, unless the mover of the Motion shall accept such amendment. No more than one amendment to an amendment shall be allowed of the same question.

Rule 13 - A motion to refer to a Committee, or to lay on the table, shall, if seconded, preclude all amendments to the main question, until such motion is decided.

Rule 14 - The previous question being moved and seconded, shall preclude all further debate, until it has been decided.

Rule 15 - When a question has once been put and decided, it shall be in order for any member, who voted with the prevailing side, to move for the reconsideration thereof; but no motion for the reconsideration of any vote shall be made after the ordinance or resolution shall have gone out of the possession of the Common Council, and no motion of reconsideration shall be made more than once. The presiding officer, when voting with the prevailing side, may move to reconsider.

Rule 16 - No person shall speak more than twice on the same question without leave of the Common Council, nor more than once until every other member choosing to speak shall have spoken.

Rule 17 - When a motion is seconded, it shall be stated by the presiding officer, before debate. Every motion shall be reduced to writing, if any member desires it.

Rule 18 - After a motion is stated by the presiding officer, it shall be deemed to be in the possession of the Common Council, but it may be withdrawn at any time before decision or amendment.

Rule 19 - When a question is under debate no motion shall be considered, except:

- 1st. To amend it.
- 2nd. To commit it.
- 3rd. To lay it on the table.
- 4th. To postpone it.
- 5th. The previous question.
- 6th. To adjourn.

Rule 20 - A motion to adjourn shall always be in order, and shall be decided without debate.

Rule 21 - Every member who shall be present when a question is put shall vote for or against the same, unless the Common Council shall excuse him, or unless he is personally interested in the question, in which case he shall not vote; but no member shall be permitted to vote upon a question, when a division is called, unless present when his name was called in its regular order.

Rule 22 - A member called to order shall immediately sit down, unless permitted to explain, and the Common Council, if appealed to, shall decide the case, but without debate. If there be no appeal, the decision of the presiding officer shall be final.

Rule 23 - In all divisions taken by the Common Council on call of a member, it shall be the duty of the Clerk to enter on the minutes the name of the member so calling for a division.

Rule 24 - A committee appointed to report on any subject shall, if called for, report the facts in relation to the matter or subject referred to it with its opinion thereon in writing, and no report shall be received as the report of the Committee, except the same be signed by a majority of the Committee, but nothing herein contained shall

prevent a minority from submitting their report, which may be read if called for.

Rule 25 - No member shall absent himself, after the Common Council convenes, without permission from the presiding officer.

Rule 26 - No person other than members shall address the Common Council on any matter, except by permission of the President, or by vote of said Common Council.

Rule 27 - In case of any disturbance or disorderly conduct in the Chambers of the Common Council, the President shall have power to order the same stopped.

Rule 28 - The Janitor shall be Sergeant-at-Arms, and shall at all times enforce good order during the meetings of the Common Council, under the direction of the President thereof.

Rule 29 - It shall be the duty of every member to attend and be present at all and every meeting held in accordance with the provisions of the Charter or these rules; and every member who shall be absent from three successive regular or adjourned meetings without leave of absence granted previous to or at such meetings, shall be ordered to show cause before said Common Council at its next regular meeting, why he should not be expelled from said Common Council for the violation of this rule, and the violation of his expressed and implied duties as a member of said Common Council. The City Clerk shall serve notice upon such member by delivering to him personally a duly certified copy of said order to show cause, and if personal service cannot be made by reason of the absence of such member from the City, a duly certified copy of such order to show cause shall be left at his last known place of residence, five days before the regular meeting of said Common Council, at which said order to show cause is made returnable, and if upon the hearing of said order to show cause, the Common Council shall decide by a two-thirds vote that such member of said Common Council has violated this rule and his duties as a member, without good cause therefor, he shall be expelled from membership in said Common Council, and the vacancy shall be filled by said Common Council as provided in Section 21 of Chapter 1 of Article 2 of the Charter which Charter provision reads as follows:

"When a vacancy occurs in the Common Council, it shall be filled  
by such Common Council until the next general City election."

Rule 30 - These rules may be revised, amended, or abolished by a two-thirds vote of all the members of the Common Council.

Rule 31 - The Rules contained in Roberts' Rules of Order shall govern this Common Council in all cases to which they are applicable, and in which they are not inconsistent with these rules of order.

Rule 32. A two-thirds vote of all members present shall be necessary to suspend these rules or any of them.

The following report of the Special Committee to Investigate Certain Matters is presented and read and on motion of Councilman Dodson adopted, viz:

"May 27th, 1907.

To the Members of Honorable Common Council,

Gentlemen:

Your Special Committee, appointed to investigate certain public improvements, viz: B Street Flume, Thirtieth Street Water Main, Improvements in San Diego River, and Disappearance of a certain 100,000 feet of Lumber stored in Mission Valley, beg to report as follows:

B STREET CONDUIT

We find, in the matter of the B Street Conduit: That after examining the Inspectors, Engineer and Contractor it is our opinion that the conduit has been constructed according to plans and specifications, with minor changes, as submitted by the City Engineer and approved by the Board of Public Works, also:

That the said conduit, in so far as we can ascertain, will serve the purpose intended; but we believe a conduit could have been constructed to answer the same purpose for a much smaller expenditure of public money, thus saving thousands of dollars to the city.

Upon examination we, upon passing through the conduit, found three breaks and upon investigation we believe these breaks were largely caused by the too hasty backfilling allowing the cement to set for only fifteen days when the engineer had ordered that no backfilling be done for a period of at least thirty days. Also,

We find a wooden telephone conduit crossing the old arch flume which opens into the new conduit. In our opinion this should be constructed of iron or cement.

We found upon examination one inspector who admitted that he was not thoroughly competent to fill the position.

Therefore we recommend that in the future the Board of Public Works be more careful in the selection of competent inspectors of public work in order that better results may be obtained; and more care should be exercised in the matter of employment of skilled labor by the contractors.

We would recommend that the conduit be accepted at such time as it appears to be absolutely safe for public use.

THIRTIETH ST. WATER MAIN.

We find, in the matter of the Thirtieth Street Water Main,

That, after examining the Inspectors, Engineer and Contractor concerned in this work, that that portion of the said main built of wood will never be satisfactory and will be a constant source of expense to the city. We find that very recently the city found it necessary to have that portion of the wooden pipe between B and H streets replaced with iron pipe. This we find was necessary owing to the heavy pressure on that section of pipe.

We also find a large number of bad leaks between B street and Williams street caused by heavy pressure. (This section is also wooden pipe)

We recommend that steps be taken to repair the above mentioned leaks at this section of the main, and that as soon as expedient it be replaced with cast-iron pipe. We feel that such repairs may put the section mentioned in a condition so as to be serviceable for a few years, but eventually it must be replaced by cast-iron.

That portion of the main from Williams street to El Cajon Avenue, we believe will stand and give fair service for a number of years owing to the fact that the pressure on this part of the line is only 35 pounds to the inch - a comparatively light pressure. This section is also wooden pipe, with the exception of a few hundred feet of 18-inch cast-iron pipe at Switzer Canyon. This latter section, the cast-iron pipe at Switzer Canyon, we find in a condition which renders it liable to give way owing to the fact that no proper foundation has been provided for the iron pipe in the bottom of the canyon. There is at this time grave danger of the pipe breaking at this point and such a break would cause great loss and inconvenience to the public.

We recommend that the Board of Public Works be instructed to cause suitable foundations to be constructed at once under these weak points or sections. Sufficient space must be provided to allow the storm waters to pass under the pipe line.

In the spirit of fairness we desire to state that, at the time the wooden pipe was ordered provided for by a bond issue apparently the City Engineer and Board of Public

had no conception of the immediate future development of that section of the city, but we believe the submitting of the question of providing for a wooden pipe line for any city street was and is a grave error of judgment, and lack of investigation which caused in this case a loss of thousands of dollars to the city.

We firmly recommend that an ordinance be drawn at once providing that no wooden pipe mains be allowed in the city streets in the future. We criticize the specifications of the 30-inch water main in so much as they do not afford proper protection to the city's interests.

In regard to the other questions referred to this committee for investigation, we respectfully ask that further time be allowed us in which to take up the various matters necessary and make report thereon.

F.J.Goldkamp,
Percival E.Woods,
Chas.Kelly."

The following message from the Mayor is presented and read and, together with an ordinance in said matter, ordered filed, viz:

"To the Honorable Common Council  
of the City of San Diego, California.

Gentlemen:

I herewith return with my disapproval an ordinance designated as "An Ordinance Fixing the Salaries of the Captain of Police, Sergeant and Policemen", passed by Your Honorable Body May 16th, 1907, and for the following reasons disapprove the same:

Section 1 provides, among other matters, that "All policemen shall receive for the first year Nine Hundred Dollars (\$900.00), for the second year One Thousand Dollars (\$1,000.00), for the third year Eleven Hundred Dollars (\$1100.00), and for the fourth year, and each year thereafter, the sum of Twelve Hundred Dollars (\$1200.00)."

The language of this section is indefinite and ambiguous in that it designates no time from which to compute the term of service of the police officers in order that they may come under the schedule of salaries named; in other words, if the policemen are to be allowed credit for the time they have already served, many of them would be entitled to an increase of compensation. If, on the other hand, no credit be given for the time they have served on the force, many of the officers would suffer a reduction in their present compensation.

Therefore, by reason of ambiguity, this ordinance is disapproved.

Jno.F.Forward,

Mayor of the City of San Diego, Cal.

San Diego, California,

May 22nd, 1907."

'Sec.1. That the San Diego Electric Railway Company, its successors and assigns be and are hereby granted a franchise to construct, maintain and operate for a period of 25 years a street railway along and upon the following route and streets in the City of San Diego, California; commencing at the center of the intersection of 'B' street with 4th street, running thence easterly along 'B' street to the center of the intersection of said 'B' street with 14th street in said city.'

The reasons for the disapproval of the ordinance are as follows:

That the charter provision, as found in Sec.47, Chap.2, Art.II, relative to the granting of railway franchises, has evidently been overlooked, which charter provision reads as follows:

' x x x Every franchise granting such rights, privileges or franchise shall be upon the condition that such company or corporation shall pave and keep in repair the street between the rails of its track and also between the tracks and for at least 2 feet on each side of the same, including switches, turn-outs and side-tracks, etc."

In the ordinance granting this or any other railway franchise I would respectfully recommend that the charter provision, above quoted, be embodied and also that the grantees thereof be required under such franchise, to keep in constant repair their portion of the street and construct the necessary culverts and crossings as the Common Council may direct, for the free and uninterrupted passage of water under said tracks.

Respectfully submitted,

Jno.F.Forward,

Mayor of the City of San Diego, California."

The following message from the mayor is presented, read and on motion ordered filed, viz:

"San Diego, California,

August 26th, 1907.

Honorable Common Council,

City of San Diego, California.

Gentlemen:

I return herewith, without executive approval, Ordinance No. \_\_\_\_\_, passed by your Honorable Body, August 19th, 1907, granting a franchise as follows:

"Sec.1. That the San Diego Electric Railway Company, its successors and assigns be and are hereby granted a franchise to construct, maintain and operate for a period of 25 years a street railway along and upon the following route and streets in the City of San Diego, California, commencing at the center of the intersection of "H" street with 8th

street, thence running easterly along H street to the center line of the intersection of said H street with 25th street in said City."

The reasons for the disapproval of the ordinance are as follows:

That the charter provision, as found in Sec.47, Chap.2, Art.II, relative to the granting of Railway franchises, has evidently been overlooked, which charter provision reads as follows:

" x x x Every franchise granting such rights, privileges or franchise shall be upon the condition that such company or corporation shall pave and keep in repair the streets between the rails of its tracks and also between the tracks and for at least 2 feet on each side of the same, including switches, turn-outs and sidetracks. Etc."

In the ordinance granting this or any other railway franchise I would respectfully recommend that the charter provision, above quoted, be embodied and also that the grantees thereof be required under such franchise, to keep in constant repair their portion of the street and construct the necessary culverts and crossings as the Common Council may direct, for the free and uninterrupted passage of water under said tracks.

Respectfully submitted,

Jno.F.Forward,

Mayor of the City of San Diego, California."

Councilman McNeill moves that the regular order of business be dispensed with for this session, which motion is adopted.

\$\$\$\$\$\$\$\$\$\$

The Minutes of the special session of August 29th, 1907, and the regular session of September 3rd, 1907, are read and approved.

\$\$\$\$\$\$\$\$\$\$

The following report of the special committee, in the matter of the ratification of a wharf franchise to the South Park and East Side Railway company at the foot of B street is presented, read and on motion adopted, viz:

"San Diego, California, Sept. 6th, 1907.

To the Honorable Common Council,

San Diego, California.

Gentlemen:

We, your Committee, to whom was referred the question of a compromise as to passage of the ordinance confirming the grant of a wharf franchise to the South Park and East Side Railway Company respectfully report as follows:

That while the compromise proposition made by Mr. Webster might have been satisfactory so far as the amount of territory involved is concerned, we find, on close inspection other objections which in our opinion cannot be covered by the concessions made.

FIRST: A franchise on A street has not been granted by the Harbor Commissioners and it would be necessary for that body to make its grant first, and the council could then ratify it.

SECOND: While there has been much attention called to the object of this wharf being for pleasure and amusement, a careful scrutiny of the language used satisfies us it can be used for commercial purposes also. While we might be willing to ratify a commercial wharf franchise, we would much prefer to have it presented on its merits.

THIRD: We think there should be a waiver of damages in case it became necessary to construct a sea wall or channel, dredging upon the territory included in this franchise.

FOURTH: During our investigation our attention has been attracted to a channel about 1200 feet from shore which could be used for all present pleasure craft on the bay, and should be dredged so as to accommodate larger vessels. This would afford a suitable site east of the channel, large enough to accommodate the proposed attractions, and thus eliminate the objection that is made to extending a long wharf out to the present pier-head line, and thus cut off many available piers.

While we had hoped that the measure could be passed at this meeting, we are not prepared to take the responsibility of passing upon it, and therefore recommend that an ordinance be prepared to submit this measure to the voters for their action, and in accordance with the request upon the petition now pending in this body, unless a sufficient number of the signers should by counter petition request their names to be withdrawn.

Chas. Kelly,

Percival E. Woods,

A.E. Dodson,

An Ordinance changing and establishing the grade of said street, between said points is presented and on motion referred to the street committee.

\$\$\$\$\$\$\$\$\$\$\$\$

The following message from the mayor is presented, read and ordered filed, viz:

"San Diego, California, August 15th, 1907.

Honorable Common Council,

City of San Diego, California.

Gentlemen:

Accompanying herewith, I return to your Honorable body Ordinance No. \_\_\_\_\_, designated "An Ordinance creating a Department known as the Department of Electricity, Providing for the Appointment of Various Persons in Respect to the Same, Fixing their Salaries, and Providing for the Electric Wiring in the City of San Diego, California," which said Ordinance is disapproved for the following reasons:

Section 1 of the proposed Ordinance reads as follows: "Section 1. There is hereby created a Department of Electricity which shall have control and charge of all electrical systems and appliances owned or controlled by the City."

It would appear to me that the Section quoted is in direct conflict with the charter as found in Sections 13 and 14, Chapter 2, Article IX, which Section reads as follows:

"Section 13. Whenever the Council may deem it necessary to establish a Fire Alarm Telegraph, the Board of Fire Commissioners shall manage and control the same."

Such Fire Alarm Telegraph has already been installed and is now and has been for some time under the control and management of said Board of Fire Commissioners in accordance with the provisions of the Charter as set out above and hence the proposed Ordinance is in conflict with the Charter as above quoted.

"Section 14. All telegraph, telephone, electric light or other overhead wires, whether run into or over buildings shall come under the control of the Board of Fire Commissioners."

In my opinion this Section of the Charter clearly indicates that the proposed Department of Electricity should be under the control of the Board of Fire Commissioners and not under that of a new Department as provided in said proposed Ordinance.

My observation, in the light of the brief experience I have had as a member of the City government, leads me to the conclusion that while there is an urgent necessity for a City Electrician, the creation of a separate department is not to be commended for the reason that we have too many Departments already, and that the sooner we can boil this City government down to a business basis and concentrate the responsibility, instead of scattering it, the better it will be in the interest of sound government.

In view of these conclusions I would respectfully recommend to your Honorable body that the Ordinance be amended so as to place the City Electrician under the control of the Board of Fire Commissioners as contemplated by the charter and that the appointment of the City Electrician and his subordinates, if any are found necessary, be made by the Board of Fire Commissioners in the same manner as appointments are made by that board as provided in Section 5, Chapter 2, Article IX of the city charter.

Respectfully submitted,

Jno.F.Forward,  
Mayor."

"MAYOR'S OFFICE

San Diego, Cal., Oct. 11th, 1907.

To the Honorable Common Council

of the City of San Diego, Cal.

Gentlemen:

I herewith return, without executive approval, Ordinance No. \_\_\_\_\_, Document No. 19596, entitled, "An Ordinance Modifying a Street Railway Franchise Heretofore Granted to Los Angeles and San Diego Beach Railway Company, a Corporation, in the City of San Diego, California, and Extending the Time for the Completion of Construction of said Railway.", together with the opinion of the city attorney, wherein it is shown, first, that the ordinance should not have been adopted by the council on the night of its first reading, but should have lain over for thirty days before final action, and, second, that the emergency clause set out in the ordinance is prohibited in all ordinances affecting street railway franchises.

In my judgment, the opinion of the city attorney should govern, by reason of his knowledge of the law bearing upon the subject. Consequently, the ordinance is disapproved.

Respectfully submitted,  
Jno. F. Forward,  
Mayor of the City of San Diego, Cal."

The following message from the mayor, vetoing the ordinance authorizing the sale of the north half of lot 10 and south half of lot 11, block 12, Caruther's addition, is presented, read and ordered filed, viz:

"Office of the Mayor

San Diego, Cal., Feb. 10th, 1908.

To the Honorable Common Council

of the City of San Diego, Cal.

Gentlemen:

Herewith I return to your Honorable Body without executive approval an ordinance relative to the sale of the south half of lot 11 and the north half of lot 10, all in Block 12 of Caruther's Addition, otherwise known as Bay View Homestead, which ordinance is entitled, "Ordinance No. _____. An Ordinance Authorizing the Sale of Certain City Lands at Public Auction."

Among the reasons for the disapproval of this measure is that the time is inopportune for offering the property for sale in view of the quiet condition existing in the real estate market at this time. There does not appear to be any great necessity or emergency for the sale at present and the property is so situated that it will certainly never be worth less money than it is now, but, on the contrary, will undoubtedly increase materially in value right along, and the city may just as well receive the benefit of the increased value rather than sell and allow some individual to get the increase.

Respectfully submitted,

Jno. F. Forward,

Mayor of the City of
San Diego, California."

The following message from the mayor, heretofore presented and action deferred by the council, is again presented, viz: "Office of the Mayor.

San Diego, Cal., Feb. 15th, 1908.

To the Honorable Common Council,
of the City of San Diego, Cal.

Gentlemen:

Ordinance No. _____, entitled, "An Ordinance Amending Ordinance No. 3093, Entitled 'An Ordinance Appointing a Special Prosecutor for the City of San Diego, California, and Providing his Duties and Fixing his Compensation'", hereto attached, is disapproved for the following reasons, some of which were set out in a communication to your Honorable Body dated January 25th, 1908, wherein the subject of a special prosecutor was discussed and, among other things, the recommendation was made that the office of special prosecutor be abolished and that the city attorney be authorized to appoint a deputy whose duty it would be to prosecute all cases under the supervision of the city attorney, who is responsible under his bond for the faithful performance of all duties by such deputy, and whose office would be in close connection with the city attorney's office, and thus centralize

the legal department of the city government. This I still think is the proper solution of the matter and is in accordance with the opinion and advice of the city attorney, based upon the law and the city charter.

In any event, the attached ordinance which purports to amend Ordinance No. 3093, wherein the office of special prosecutor was created, is void and defective from the fact that it starts out to amend said Ordinance No. 3093 and then proceeds to amend in detail an ordinance designated as "No. 3393", which has no existence at all.

In conclusion, and as an additional reason for the disapproval of the accompanying ordinance, I for one am inclined to give due weight and consideration to the law as interpreted by the city's duly qualified and elected legal adviser, and by so doing aid in the adjustment of a condition that interferes with the efficiency and harmony so necessary in the successful administration of the city government.

Respectfully submitted,

Jno. F. Forward,
Mayor of the City of
San Diego, California."

The following message from the mayor is presented and read, viz:

"Office of the Mayor.

San Diego, Cal., Feb. 17th, 1908.

To the Honorable Common Council

Of the City of San Diego, Cal.

Gentlemen:

Herewith I return to your Honorable Body, without executive approval, a resolution of intention to grade the west half of Second street from the north line of Washington street to the south line of Lewis street.

The reason for this unfavorable action is that a personal inspection of Second street convinces me that piecemeal grading, such as is contemplated in this particular case at least, is a mistake. That part of Second street from Walnut to Lewis is now, and will grow to be, one of the important streets in that part of the city and should be improved and put in first-class condition from at least as far south as University avenue

and thence to Lewis street. If this were done, the unsightly holes on the west side of Second street just north of University avenue would of necessity be filled in and the result be a creditable looking street all the way through to Lewis street from University avenue.

In this connection and bearing upon the improvement of Second street, would it not be a good time to open up a highway to the County Hospital by improving First street, which is practically a continuation of Second street, from Lewis street north to and including the street as now surveyed and laid out to the County Hospital, thus opening up a thoroughfare that is badly needed for that neighborhood?

Respectfully submitted,

Jno.F.Forward,

Mayor of the City of San Diego, Cal."

The following message from the Mayor, vetoing the Resolution of Intention to close a portion of Falcon street, is presented and read, viz:

"OFFICE OF THE MAYOR.

"San Diego, Cal., Apr. 3rd, 1908.

"The Honorable Common Council

of the City of San Diego, Cal.

"Gentlemen:

"I return herewith to your Honorable Body a resolution designated "Resolution No. \_\_\_\_ of Intention to Close a Portion of Falcon Street in the City of San Diego,

California.', without executive approval.

"This resolution contemplates cutting down the width of Falcon street 15 feet on each side thereof, leaving it but 50 feet wide. As I fail to see any public benefit in reducing the width of said street, the resolution is therefore disapproved. I look upon the closing of a street or alley or the narrowing of same as a matter that ought not to be done unless for some public benefit, and I fail to see any such feature in this case. It may be claimed that a portion of the street sought to be narrowed cannot be graded by reason of an intersecting cañon, but the reducing of the width of that portion of the street where no cañon exists, as is contemplated by the resolution, is to my way of thinking a mistake. The remedy in such case is to contour through the cañon, the street to retain its full width of 80 feet elsewhere. The property (generally speaking) situated in the neighborhood of this proposed change is valuable now and will in a very short time increase many times its present value, unless hampered and retarded by destroying the beauty of its streets. A narrow street will never attract high-class improvements.

"Respectfully submitted,

"Jno. F. Forward,

"Mayor of the City of San Diego, California."

On motion of Councilman Woods said veto is sustained, by the following vote, to-wit:

AYES---Councilmen Palmer, Kelly, McNeill, Winter, and Woods.

NOES---Councilmen Dodson, Woolman, Goldkamp and Creelman.

ABSENT-None.
