"San Diego, Cal., May 4th, 1908.

"To the Common Council,

City of San Diego:

"Gentlemen:-

"The Committee on Ways and Means to whom was referred the estimates of the probable necessities for the various departments of the City Government, together with the assessment roll for the fiscal year 1908, upon which to base the rate for municipal taxes for the said year, herewith reports and recommends as follows:

"Upon the total assessment roll for the fiscal year 1908 viz: \$27,680,000.00 we estimate that there will be a large percentage to be deducted therefrom on account of the discount allowed upon all taxes paid during the months of June, July and August and prior thereto, and we have therefore based our estimates upon a net valuation of \$26,600,00.00.

"The necessities of the various municipal departments to be provided for aggregate the sum of \$380,000.00.

"After deductions there will be the sum of \$249,470.00 to be raised by tax levy.

The following report of the Committee to whom was referred Resolution No.4112, relating to the assessments levied for the opening of 28th street, is presented and read, viz:

"To the Common Council of the  
City of San Diego,

"Gentlemen:

"Your committee, to whom was referred Resolution No.4112, relating to the assessments levied for the opening of 28th street in said city, from the south line of N.W.Hensley's Addition to the south line of K street, in the City of San Diego, reports as follows:

"Your committee has made an examination of the ground proposed to be taken for the opening of 28th street, and have inquired into the proceeding relating thereto, and find as follows:

"Nearly every lot to be taken for the opening of 28th street is what might be called "a blind lot", i.e., lots without any street, alley or other outlet, and being so situated without any outlet, we find that such lots have very little commercial value, as it is impossible to reach such lots, without trespassing upon the land of others, and that, in the opinion of this committee, the effect of taking, say one-half of each of said lots, and thereby giving the remaining portion a street, would so far increase the value of the part remaining as to fully offset the value of the part taken.

"In other words, we think that half of such a lot with a street is worth more than the whole of such lot with no street, alley or other outlet, or way of reaching it.

"In the opinion of this committee, several irregularities have occurred in this proceeding, one of which is that no sufficient notice was ever given, as to the boundaries of the proposed district to be assessed, and the property-owners were practically without any notice of such boundaries, and never had any real opportunity to appear or object to the proposed boundaries of the district or assessment made. And we further find that a very large portion of the district attempted to be assessed for such alleged improvement will be in no way benefited by the proposed opening of 28th street, at least to no greater extent than all other portions of the city, and hence the collection of the assessments as made will work a hardship upon such property owners.

"The whole difficulty arises out of the fact that the plat of N.W.Hensley's Addition should never have been approved or filed until a proper street or outlet had been provided from K to N street, and as that was the act or oversight of the city council such oversight should not be charged to that portion of the city to the exclusion of the balance of it.

"Your committee further finds and reports that in levying the assessments for opening 28th street, the commissioners' valuations are seven to ten times higher than the assessor's valuation for purposes of taxation, and that in many instances

lots or tracts lying beside each other, and of exactly equal value, vary from fifty to one hundred per cent. in the assessment made by such commissioners for benefits received.

"We further find, in response to the terms of the resolution appointing this committee, that the value of the lots proposed to be taken are, in our opinion, excessive and in many instances at least fifty per cent. more than the actual value.

"We further find that the house situated upon lot H in Block 7 of N.W. Hensley's Addition is a very small affair, very cheaply built, and your committee has proposals from carpenters to duplicate the house for not to exceed \$125.00, and as it can readily be moved to the remaining portion of the lot not taken, for a trifling amount, we regard the proposition to pay the owner thereof \$775.00 for the portion taken as excessive.

"Your committee refers to the statement hereunto annexed, marked "Exhibit A", and made a part of this report, showing the commissioners' valuations of the <sup>land</sup> to be taken for the opening of 28th street as compared with the assessor's valuations for city taxes and the names of the owners of such land.

"It therefore appears to your committee, and we so report, that in our judgment nearly, if not quite all, of the damage to be paid for the property taken for the opening of 28th street should be assessed against the lots which are taken in part only, as the benefit to them practically offsets the damage for the part taken. The balance of such damage should be paid by the entire city and not by the proposed assessment district. The amount levied for the expense of opening 28th street, outside of the value of the land to be taken, we consider excessive.

"Your committee further finds that at least two of such commissioners were owners of a considerable number of lots assessed for such damages, thus showing that such commissioners were financially interested in the proposition involved and were not disinterested, as should be required; also that the bonds of three of the commissioners appointed to assess benefits and damages and have general supervision of the opening of 28th street have never been approved by the auditing committee; all of which we believe was unknown to the city council when such action was taken by the council.

"While we cannot agree with the findings and judgment of the commissioners, yet it is not the intention of this committee to question their honesty or integrity. We feel that the report of the commissioners appointed by this council would not have been approved and confirmed had the council been fully advised in the premises, and as the action proposed to be taken would, if consummated, impose a great hardship upon many of the owners of property in the district assessed, we recommend that no further steps be taken to carry out the plan of opening 28th street under said proceedings, and that Resolution No.4035, adopted by said common council on March 16th, 1908, ratifying and confirming the report and assessment of said commissioners for the opening of 28th street in San Diego, be rescinded, repealed and set aside.

"Respectfully submitted,

Dated June 8, 1908.

"HENRY WOOLMAN.

"A.E.DODSON.

"PERCIVAL E.WOODS.

"Committee."

"OFFICE OF THE MAYOR.

"San Diego, Cal., June 13th, 1908.

"To the Honorable Common Council  
of the City of San Diego, Cal.

"Gentlemen:

"I hand you herewith a request from the board of Public Works for the appointment of an additional man in the blacksmith department at a salary of \$70.00 per month to assist in the increased work of that department.

"The city blacksmith shop is doing excellent work and saving money for the city in the building and repairing of wagons for the fire department and in the general repair work of the street department, and I believe that the employment of an additional man is for the best interest of the department and tax payers. I therefore recommend that the request of the board be granted and the ordinance be adopted accordingly.

"Respectfully,

"Jno. F. Forward,

"Mayor of the City of San Diego,  
California."

A message from the Mayor vetoing ordinance amending Section 6 of Ordinance No.2341 is presented, read and ordered filed, viz:

"OFFICE OF THE MAYOR.

San Diego, Cal., June 5th, 1908.

To the Honorable Common Council  
of the City of San Diego, Cal.

Gentlemen:

I return herewith, without executive approval, "Ordinance No.\_\_\_\_," entitled, "An Ordinance Amending Section 6 of Ordinance No.2341 of the Ordinances of the City of San Diego, California, Entitled, 'An Ordinance Imposing Municipal Licenses in the City of San Diego, California, and Providing for the Manner of Issuing and Collecting the Same; Regulating the Manufacture, Sale and Giving Away of Spirituous, Vinous or Malt Liquors in said City and Hours for Opening and Closing Places Where such Liquors Are Sold, Prohibiting Screens and otjer Obstructions, Limiting the Number of Licenses to be Issued, and Prescribing the Duties of Certain Officers of said City, and Fixing a Penalty for the Violation of said Ordinance,' Adopted Over the Veto of the Mayor of said City January 31, 1906."

The reasons for the disapproval of said proposed ordinance are as follows:

The proposed measure contemplates, among other things, the raising of restaurant licenses 100% and saloon licenses 50%, the intent of your Honorable Body being, I assume, to raise revenue for the benefit of the city treasury. I am in hearty accord with the council in any reasonable and lawful effort toward increasing the revenues of the city in an equitable manner, but in this instance I fail to see the justice of imposing a one hundred per cent increase on the restaurant business, which is an insignificant revenue producer and is open to competition at all times, while the saloon business, which has a monopoly of its own, escapes with

a fifty per cent raise. I claim the order of increase, with all due respect to your Honorable Body, should be reversed and the saloon pay at least one hundred per cent increase and the restaurant at least fifty per cent.

I believe also that the wholesale liquor business and manufacturer, &c., as mentioned in section 6, paragraphs second and third, should pay not less than \$100.00 per month. In fact, from my point of view, the city is entitled to a substantial revenue from the sale of liquors in view of the indisputable fact that that class of business adds largely to the burden of taxation in the operation of the city government and should therefore contribute accordingly. Much more of vital interest could be said on this subject, but I am discussing at this time only that which affects the city's financial interest.

Respectfully submitted,

Jno. F. Forward,

Mayor of the City of San Diego, California."

Chairman Dodson of the special charter-revision committee presents the report of said committee as follows, viz:

"Report of the Committee on Charter Amendments."

"To the Hon. Common Council,

"Gentlemen:

"Your committee appointed for the purpose of revising our City Charter, and to recommend amendments thereto, respectfully report:

"We have spent several months in our work, and have invited public suggestions from the press and otherwise. We have attended several meetings held by an advisory committee appointed by the mayor, and have addressed various bodies and organizations explaining our views and soliciting the advice and suggestions of our citizens. From our investigation we believe the following will be to the interest of our city, and so recommend:

"First, That all the duties and powers of the Common Council, Board of Public Works, Police and Fire Commissioners be merged into one body known as the Common Council.

"Second, That the Common Council consist of five members elected by the city at large with a salary of \$2400 per year, each member to give bond in the sum of \$5000 in good surety companies.

"That an alternative proposition be submitted wherein the Common Council shall consist of nine members, one from each ward, with a salary of \$1200 per annum.

"Fourth. That the Board of Education consist of five members and they receive a salary of \$50 per month.

"Fifth, That the mode of election known as the Des Moines plan be adopted for holding municipal elections.

"Sixth, That the mayor receive a salary of \$2400 per annum.

"Seventh, That proper provisions be made to provide funds for special elections

whenever called by the people under the initiative, referendum or recall provisions of our charter.

"Very respectfully,

A message from the Mayor vetoing an ordinance providing for the lease of the Sefton Tract in Mission Valley to L.N. Gibson is presented and read, viz:

"OFFICE OF THE MAYOR.

San Diego, California,

September 23rd, 1908.

"To the Honorable Common Council  
of the City of San Diego, California.

"Gentlemen:

"I return herewith to your Honorable Body, without executive

approval, an ordinance passed September 21, 1908, designated "Ordinance No. \_\_\_\_\_. An Ordinance Authorizing the Lease of Lot No. Thirty-five, Ex-Mission Rancho."

"The reasons for the non-approval of this measure, are: That the leasing of a valuable property, such as this appears to be, (and competitive bids will so demonstrate) should be consummated only after fair competition among bidders, when any who may so desire, can have a chance to bid for the lease.

"There was practically no competition for this lease and now, in order that such may be had, and the City secure the financial benefits that will accrue, I would respectfully recommend that the Board of Public Works be authorized and instructed, by Ordinance, to advertise this proposed lease, under sealed bids, and the same to be awarded to the best bidder.

"Respectfully submitted,

"Jno.F.Forward,

A message from the Mayor vetoing resolution of intention to pave F street from 4th to Atlantic streets is presented and read, viz:

"OFFICE OF THE MAYOR.

"San Diego, California.

September 21st, 1908.

"To the Honorable Common Council
of the City of San Diego, California.

"Gentlemen:

"I return herewith to your Honorable Body, without executive approval, a Resolution adopted September, 1908, entitled:

"RESOLUTION NO. ____.

OF INTENTION TO PAVE "F" STREET IN THE CITY OF

SAN DIEGO, CALIFORNIA, FROM THE WEST LINE OF
FOURTH STREET TO THE WEST LINE OF ATLANTIC
STREET AND TO CONSTRUCT CULVERTS THEREON
AND TO CONSTRUCT CONCRETE CURBS THEREON,
ALL BETWEEN THE POINTS HEREIN ABOVE MENTIONED."

"The reasons for unfavorable action on this Resolution are,

"1st. That the City owns 200 feet frontage on "F" Street known as the New Town Park, the paving of which frontage of 200 feet and the intersections of Columbia and India Streets would cost more than there is money available for at this time.

"2nd. That no substantial representation of the property owners who would be required to foot the bills, have petitioned for this work.

"Out of 22 blocks fronting on "F" street, but two signatures appear on the petition that was presented to your Honorable Body, favoring the work and they fail to state what property, if any, they represent. I am a firm believer in needed public improvement, if taken up when times are not too hard and when boni fide competition can be had in contract work, but in this particular case, I believe the work would be untimely and premature under existing conditions, unless demanded by a majority of frontage of property affected.

"Attached hereto is a protest, against the paving.

"Respectfully submitted,

"Jno.F.Forward,

"Mayor of the City of
San Diego, California."

Said protest above referred to is as follows:

"To the Honorable Mayor, John F.Forward, of the City of San Diego.

"Sir:--

"We, the owners of property facing on "F" Street, in the City of San Diego, hereby protest against the paving of said "F" Street, and pray that you will veto the same, from the west line of Fourth Street to the west line of Atlantic Street, as contemplated in a Resolution of Intention No._____, to pave said street, between the points indicated, for the following reasons:

"FIRST: In the near future there is liable to be an electric railway on said street.

"SECOND: There is no competition in the paving business at the present time, and we think said street should lay over until there is competition.

"THIRD: There is nothing to justify paving of said street at the present time."

The report of the committee (including the Mayor and Councilmen Dodson and Woods) to whom was referred the matter of the paving of D street from 4th street west, is presented and read, viz:

"OFFICE OF THE MAYOR.

San Diego, California,  
October 5th, 1908.

To the Honorable Common Council  
of the City of San Diego, California.

Gentlemen:

Your Committee, to whom was referred the matter of paving "D" Street from 4th Street west, find as follows:

That an appropriation was made by Ordinance No. 1795, and the money set aside some years ago, for the oiling of "K" Street, in the sum of \$575.00.

For the oiling of 4th Street from Ivy Street north there was, appropriated by Ordinance No. 1517 and the money set aside, the sum of \$1,000.00.

For the grading of Main street (brewery road) there was appropriated by Ordinance No.1796, and the money set aside, in the sum of \$1740.00.

That there remains unexpended in the 30th Street Main Improvement Fund the sum of \$8,951.00, making a total of \$12,266.00. Add to this the sum of \$4115.00 derived from the sale of the lot recently sold on 8th Street and we have in the treasury, \$16,381.00.

In the matter of oiling "K" street and 4th street, I doubt very much the propriety of attempting to improve these streets by the process of oiling. It would be money thrown away.

Concerning the improvement of Main Street the money appropriated is not sufficient to grade the street, and the City Engineer is now getting out the data necessary to improve that Street in the lawful and regular manner.

With reference to the \$8,951.00 remainder in the 30th Street Main Improvement Fund, the Charter says, concerning any balance left over, (Sec. 15, page 66) as follows:

"PROVIDED, any balance left over after such improvements shall have been fully completed and paid for, shall be transferred to the general Fund of said City."

The several amounts aggregating \$16,381.00 is then in the City Treasury subject to the control of your Honorable Body for any purpose. It could be used for many needed improvements no doubt, but in view of the urgent necessity and public demand for the "D" Street paving, and in which all persons are interested and would be benefited alike, we believe this \$16,381.00 ought to be set aside by Ordinance to apply so far as it will go, to that much needed improvement. We therefore respectfully recommend the following:

That Ordinance No.1517, appropriating \$1,000.00 for oiling 4th Street, Ordinance No.1795, appropriating \$575.00 for oiling "K" Street, and Ordinance No.1796, appropriating \$1740 for grading Main Street (Brewery Road) be repealed.

That an Ordinance be passed setting aside those several amounts aggregating \$16381.00 to be applicable to paving "D" street.

Also that your Honorable Body authorize and direct, by ordinance, the return by the City Treasurer to the San Diego Brewing Company, the sum of \$375.00, this being the amount they have heretofore paid the City to be applied on the grading of Main Street, part of which grading when done in the usual way, as is contemplated, will be duly assessed to that company as their interest may appear.

All of the monies above referred to come from the people at large and if now appropriated to the improving of "D" street, the people will be benefited. Besides it will save to the people at large, about the sum of \$16,000.00, for the property-owners on "D" street have generously offered to pay one-half of the expenses. In short, by the procedure suggested by us, the tax-payers at large would save the sum of \$16,000, in money, besides securing the general benefits of having this greatly needed public improvement made at once.

We wish to say at this time, also, that should the recommendation herein be adopted, that sufficient money should be raised in the next tax-levy to provide for the relaying of any defective or unsufficient water mains on 30th Street. This important thoroughfare must not be allowed to retrograde in any respect from leaky or from any other cause.

Respectfully submitted,

Jno.F.Forward, Mayor.

Percival E.Woods.

A.E.Dodson.

A message from the Mayor, vetoing resolution of intention to close a portion of Jackdaw street is presented and read, as follows:

" OFFICE OF THE MAYOR."

"San Diego, California.

September 24th, 1908.

"To the Honorable Common Council  
of the City of San Diego, California.

"Gentlemen:

"I return herewith to your Honorable Body, without executive approval, a Resolution adopted September 21, 1908, entitled, 'Resolution No. \_\_\_\_ Of Intention to Close a Portion of Jackdaw Street, in the City of San Diego, California.'

"The reason for unfavorable action on this Resolution is that no public benefit would be derived by the narrowing of Jackdaw Street as is contemplated by this Resolution. The streets have been dedicated to the public use and should not, in my opinion, be abandoned or given up to adjoining property either in part or as a whole unless the public interest would be subserved, which in this particular instance fails to appear."

"Respectfully submitted,

"JNO.F.FORWARD,

"Mayor of the City of

"San Diego, California."

The following report of the special committee appointed to investigate into the manner in which the contract of H.E. Emerson for disposing of garbage is being carried out is presented and read, viz:

"San Diego, California.
November 9th, 1908.

To the Honorable Common Council
of the City of San Diego, California.
Gentlemen:

The undersigned Committee, to whom was referred the matter of investigating the working of the Garbage Contract with Mr. Emerson beg to report.

First. Your Committee have heard numerous complaints to the effect that Mr. Emerson had not kept and performed his contract with the City in a great many instances, and in relation to divers provisions of the Garbage Contract, which, if true, would justify the City in cancelling such contract with Mr. Emerson. But your Committee further report that they have no such personal knowledge or information as would justify your committee in making a report recommending that any final action be now taken.

If Mr. Emerson has violated his contract in such material ways as would justify the cancellation of the contract, then it is necessary for good and sufficient evidence to be forthcoming as would prove such violations of the contract in a court of justice. Hearsay evidence would not answer in a court of law. All evidence tending to establish the fact of any of the provisions of the Garbage Contract on the part of Mr. Emerson must be positive and certain and testified to by persons having personal knowledge of the matter. For one to swear to what some other person had told him would not be sufficient.

Your Committee does not have sufficient time to personally investigate the numerous complaints of which they hear, so as to learn the facts and know what legal evidence could be produced to substantiate the same in court.

Your Committee would therefore recommend that the matter of investigating the truth of complaints of alleged violations of the Garbage Contract by Mr. Emerson, be referred to the City Attorney, to whom complaints can be made by any citizen desiring to do so, with a statement in writing, signed by such person, stating what facts can be proven, and by whom, and to this end all persons having complaints to make, or who have personal knowledge of any facts showing that Mr. Emerson has not kept and performed his contract with the City, are hereby requested to personally see or communicate with the City Attorney in order that it may be determined whether or not, sufficient legal evidence can be produced in court to clearly establish any alleged violation of the Garbage Contract, by Mr. Emerson.

Respectfully submitted,

Percival E. Woods.
Carl Winter.
Geo. McNeill.

Committee."

On motion of Councilman McNeill said report is adopted.

A petition of residents of North Chollas Valley for abatement of nuisance growing out of method of disposing of garbage at garbage plant, and two petitions of restaurant-keepers and other business men and citizens opposing transfer of garbage contract heretofore let to H.E. At this time the resignation of Councilman A.E. Dodson as Councilman from the First Ward is presented and read, viz:

"San Diego, Calif., November 9, 1908.

"To the Members of the Common Council.

"Gentlemen:

"As I have represented the First Ward of this City for the past 18 months, to the very best of my ability, and without any remuneration, and at a loss of at least \$100. per month, I feel that my duty to myself and my family demand that I retire from the council and devote my attention to my own affairs.

"During my service I have endeavored to work for every matter of benefit to the city, and have labored diligently to assist in having our charter amended that we might have a more responsible and economical form of government. I have possibly made mistakes, but I believe you gentlemen will agree that I have tried to do my

whole duty, and to do what I believed to be right. We have had differences but in all these cases I have retained no feeling of unkindness toward you. I feel that each and all of you have the same kind feeling toward me. My services upon the council have been at a personal sacrifice, and I feel that I have done all that my duty to the public should demand, notwithstanding the recent action of the voters of the First Ward, which I am compelled to construe as a disapproval of my official acts.

"I therefore tender you my resignation as a member of your honorable body, to take effect at once. I hope you will select a good and faithful representative for the First Ward, and permit me to assure you that I leave you with regret, as my associations with you have been cordial and agreeable.

"Very respectfully,

"A.E.DODSON,
"Councilman from the First Ward."

On motion of Councilman Woods said resignation is accepted, with regret.

Councilman McNeill moves that the election of a Councilman from the First Ward, to fill the vacancy caused by the resignation of Councilman Dodson, be postponed to the next meeting of the Council, which motion is adopted.

AYES---Councilmen Woolman, McNeill and Creelman.

NOES---Councilmen Haskins, Palmer, Malmberg, Winter, Woods, Goldkamp.

ABSENT-None.

The following minority report in said matter is presented and read, viz:

"San Diego, California, Dec. 7th, 1908.

To the Honorable Common Council

Gentlemen:-

In the matter of the Garbage disposal contract between the City and Mr. Emerson, the minority of the Health and Morals Committee begs leave to make the following report:

First. That we have no proof or notice of a bonafide sale of the contract between Mr. Emerson and Mr. Goodbody and without such proof of such sale, the request of a three months trial cannot be considered.

Second. We have reason to believe that the only object in securing this trial of three months in the disposal of garbage is to protect the creditors of Mr. Emerson.

Third. We further believe that the contract between Mr. Emerson and the City was obtained by misrepresentation and the provisions therein have not been complied with. As to the financial standing of Mr. Emerson which was presented to the Council, was such as to enable him to build a first class incinerator and to carry out the contract to the letter. This was not true according to their own statement.

Fourth. It is conclusive from the experience we have obtained that the cleaning of our City by contract is a failure and that the only hope of a clean City and a satisfactory disposal of garbage, lies with the City itself. The granting of this contract was a grave mistake, let us avoid making another.

I therefor recommend the denial of the petition.

F.J. Goldkamp.

Member of Health and Morals  
Committee."

Councilman Goldkamp moves that said minority report be adopted, which motion is defeated by the following vote, to-wit:

A message from the Mayor, vetoing ordinance repealing ordinance No.3180, is presented and read, viz:

"OFFICE OF THE MAYOR.

San Diego, California.  
December 16th, 1908.

The Honorable Common Council  
of the City of San Diego, California.  
Gentlemen:

I return herewith, without executive approval, an ordinance adopted by your Honorable Body, December 7th, 1908, entitled, "An Ordinance Repealing Ordinance No.3180 of the Ordinances of the City of San Diego, California, Approved February 19, 1908".

The ordinance your Honorable Body contemplates the repealing of is, as its title indicates, "to protect the health, comfort and security of the inhabitants of the City of San Diego, California, and to provide for the disposal, in a sanitary manner of the garbage, refuse, rubbish and other waste matter of the said City of San Diego."

It will be admitted, without argument, I am sure, that the so called garbage ordinance was threshed out and considered in all its details from time to time for several months prior to its adoption, by committees of your Honorable Body, by the Board of Health and by the Board of Public Works and duly passed upon by this office. Nothing was done without the utmost deliberation. From the inception of the idea of systematizing the collection and disposal of the City's garbage until the garbage Ordinance was finally adopted, different plans for the carrying on of the work were suggested and the only one that appeared to be practicable was the present ordinance passed on February 19th, 1908. The contract was then drawn up in accordance with the ordinance and after due publication, in which all persons interested were invited to and had opportunity to bid for the exclusive privilege of collecting the said garbage under the provisions of ordinance, duly awarded to one H.L. Emerson and he subsequently gave bond and began the work of collecting the garbage. The service given by Emerson for some months following was unsatisfactory, not, I believe by reason of a defective ordinance or contract, or not because any City official failed in the performance of duty but more particularly caused by reason of Emerson's financial inability to withstand the constant pounding and determined efforts of his enemies to prevent him from fulfilling his contract with the City; consequently he was forced to retire from the business and has, I am told, transferred his control or stock of his Company to other parties who are now collecting the City's garbage and keeping the City clean to the general satisfaction of the public.

No City in the Country, I venture to say, is free from more or less criticism in relation to the handling of its garbage, regardless of how or by whom it is done. The business in itself is of such a nature that complaints are bound to be made of the service, sometimes for just and sometimes for trivial causes. In dealing with the garbage question the first consideration is a system that will keep the City clean and in a sanitary condition and before any action is taken that would jeopardize the health, comfort and security of the people of the City, possibly leaving the City with practically no systematic or sanitary garbage collection at all, the public ought to be shown some definite, available and practical proposition in substitution of the present service. Let it be understood that I do not claim perfection for the service now in operation, but I do think that until such time as something better is produced and actual proof is established in a legal way upon which we can go into Court that we ought to go slow about destroying that which we now have for an uncertainty. One of the principal reasons for Emerson's ill-success was the ever present threat hanging over him to the effect that he would not be allowed to collect the garbage and fulfill his contract. Is it wise for the City government now to pursue that policy under the present conditions? As stated before, I don't claim perfection for the service we have had and yet I believe that the present ordinance and contract is satisfactory to 95% of the people at this time.

The claim is made that the City should institute a garbage department, erect an incinerator and collect and dispose of all its garbage and waste matter, the expense thereof to be paid for out of the annual tax levy on all taxable property of the City. This may look good on its face, but this plan has its objections as well. The first and very important objection is the lack of funds with which to equip ourselves for the work at an expense of approximately at least \$50,000.00 and the employment of probably expert superintendents to experiment with incinerators at public expense.

The City of Los Angeles is now and has been collecting and disposing of its garbage, and according to reports received from there the people are very much dissatisfied with the service in many respects and the Board of Works of that City are considering the advisability of awarding a contract for taking care of the City's garbage upon lines similar to our plan here.

In the second place the repeal of the Garbage Ordinance in the manner you propose will surely involve the City in litigation with the probability of a suit for damages by reason of the irregular and premature procedure of your Honorable Body in attempting to annul the contract and repeal the ordinance.

The repeal of the ordinance as contemplated will not annul the garbage contract, but will place the burden of proof upon the City to show that the contract ought to be abrogated. Have we such proof as would be accepted in Court? I think not-- In view of the fact that Section 24 of the Garbage Ordinance provides that the contract shall be carried out in accordance with the provisions thereof, under the supervision of the Board of Health and the Board of Public Works of the City of San Diego. Neither of these Boards have as yet advised the cancellation of the Contract or made any adverse report in reference thereto and until they do, I believe no repeal of the Ordinance should be attempted.

Let us lay aside all personal feelings in the discussion and determination of this garbage matter and handle it as a question that affects the welfare of the public.

I want to say this, to your Honorable Body that when evidence is presented in a convincing and legal manner showing that the garbage contractors are violating the spirit and terms of the Contract and are not disposing of the garbage in a legal and satisfactory manner, regardless of who he or they may be, I will heartily

co-operate with your Honorable Body in moving for a prompt annulment and cancellation of the contract, and will endeavor as far as lies in my power to assist in collecting the necessary evidence to establish our rights in the Courts, if necessary, to cancel said contract.

Respectfully submitted,  
JNO.F.FORWARD,

Mayor of the City of San Diego,  
California."

"Gentlemen:

"Your committee to which was referred the matter of instructing the Superintendent of Streets as to the making of an new assessment for the grading of Rosecrans street between the northeasterly line of Zouch street and the northeasterly line of Pueblo Lot No.209, beg leave to report as follows:

"Your Committee finds on full and careful investigation that the Common Council, at the time of taking action setting aside the assessment heretofore made by the Superintendent of Streets, was mis-informed as to some of the facts relating to said assessment and not fully advised as to others.

"Your Committee further finds and reports that in said assessments heretofore made by the Superintendent of Streets the cost of said work was apportioned to and assessed against and upon the several lots, pieces and parcels of land in the assessment district equally and fairly in proportion to the benefits received from said work.

"Your Committee therefore recommends that the Superintendent of Streets be instructed to prepare a new assessment, warrant and diagram and that in such new assessment the cost of said street work be apportioned to and assessed against and upon each lot, piece and parcel of land in said assessment district equally, in proportion to the benefits received by such lot, piece and parcel of land from and by reason of the grading of said street and in accordance with the assessment of same heretofore made by him.

In the matter of the charges outlined in a postal card received by Councilman Goldkamp, the Finance Committee reports as follows:

"To the Honorable Common Council.  
Gentlemen:-  
We, your Finance Committee, beg leave to submit the following report. We were instructed by your honorable body to investigate certain charges contained in a communication received by Councilman Goldkamp.  
A number of witnesses were examined by your committee, the questions and answers are herewith submitted.  
We find nothing to support the charges. Your committee believes persons making charges against public servants should exercise greater care and be able to furnish evidence before giving such charges publicity.  
Respectfully submitted.
