A communication from the Chief of the Police with reference to a reward of \$25.00 now in his possession is presented with the following report from the Superintendent of the Department of Police, Health and Morals, viz:

"Respectfully forwarded to the Common Council. I have had under consideration for some time the matter of a fund for Police Officers to be created by taking a fixed per cent. from all rewards offered by private parties and paid into the Chief of Police for the benefit of certain officers for exceptional services rendered. Some time ago I notified the Chief and other officers of the Department that on and after January 1st, 1910, I would recommend that the Common Council be requested to authorize the payment to individual officers 2/3 of the amount of the special reward where their individual services entitled them to receive such reward, and that the remaining 1/3 of such special reward be paid into a Special Fund to be held for the benefit of members of the Police Department in case of injuries and for "Sick Benefits". I therefore recommend that the Council authorize the payment to Detective Myers \$16.67, 2/3 of the reward in question and that 1/3 \$8.33 be retained and put in § Police Relief Fund, to be held by the Chief of Police and Clerk of the Police Department.

(Signed) John L.Sehon,

\$8075.00

Also the bid of the Des Moines Bridge & Iron Co., offering to do said work as follows, viz:

"In accordance with your advertisement and specifications, I take pleasure in making you a lump sum bid for the Pt. Loma and University Heights Stand Pipes according to your specifications erected complete upon your foundations BUT INCLUDING THE ASPHALTUM BED the sum of \$13,717.00

THE ABOVE BID IS MADE SUBJECT TO THE FOLLOWING CONDITIONS:

We do not PLANE our plates for calking and our estimate is based on beveled shearing, and we guarantee a tight job, although it is not necessary to even bevel shear the plates.

Our estimate is based on regular punch work and not on reamed work.

ALTERNATE BID: Attached to this bid you will find blue prints for Pt. Loma and University Heights Stand Pipes the only difference being as follows:

THE THICKNESS OF PLATES WILL AVERAGE SLIGHTLY HEAVIER but there will be a fewer number of circular girts.

The alternative designs weigh a little more than your engineer's but we expect to save the difference in the erection.

We will erect the stand pipe according to these alternate drawings complete INCLUDING THE ASPHALTUM BED on your foundations for the lump sum of \$13,417.00.

DEDUCTIONS: In case your engineer should be staisfied with the plates NOT being beveled sheared we will deduct \$135.00 from either of the above propositions. We guarantee just as tight a job without bevel shearing the plates and will not injure in any way the

strength of the joints.

If you will place the asphaltum bed and not include it in our contract we will deduct \$100.00 from either of the above propositions.

WE DO NOT INCLUDE ANY PIPE IN EITHER OF THE ABOVE propositions outside the BASE ELBOW."

The City Clerk presents a report to the effect that he had examined the petition of citizens asking that the question of the purchase or installation of a gas and electric plant by the city be included among the propositions to be submitted at the proposed Bond election, and that he has compared said petition with the Great Register for 1910, and finds that said petition contains less than fifteen percent of the qualified electors voting for Mayor at the last General Municipal Election, i.e. that said petition contained 1009 names of which number only 784 were found upon said great register.

The City Attorney gave a verbal opinion to the effect that the Council could, by adopting the necessary resolution, include said proposition among the questions to be submitted at said proposed bond election.

On motion said petition is ordered filed.

A report from the Superintendent of the Department of Police, Health and Morals, in the matter of automobiles standing on D street between Fourth and Fifth streets is presented and read, viz:

To the Common Council,

of the City of San Diego, California.

Gentlemen:-

I return herewith two certain petitions, requesting that automobiles and carriages for hier, be prohibited from standing on D street, between 4th and 5th streets; said two petitions having been referred to the Department of Police for investigation and report.

Both of these petitions have the same object in view, namely, that of prohibiting

automobiles and carriages for hier from standing on that street at any time while awaiting patrons.

This is an old controversy between the propr ietors of these autos and carriages for hire and certain business people located in the immediate vicinity and is a matter that is somewhat perplexing to adjust equitably.

Some time ago it seemed to have been the custom for certain of these parties having automobiles for hire to pay to certain of the proprietors doing business in that vicinity different sums of money to obtain concession or permit for the automobiles to stand in that locality. This was an illegal practice, as no store keeper or renter has any right to collect any money whatever from any party having an automobile or carriage for hire upon the street and this practice was discontinued some time ago. More recently, certain parties doing business in that vicinity have stated their objection to any vehicles for hire standing in their vicinity on the street.

I have conferred with the City Attorney upon the matter, who informs me that pro-

perty owners and occupants of buildings have no control over the streets, such power being vested solely in the Common Council, and the Common Council having licensed certain automobiles to stand upon the streets, it is within the power of the Common Council to fix said locations.

I concede that there are objectionable features regarding vehicles for hire being allowed to stand upon the streets, but I also think that much of the feeling engendered by this matter is due to an opposition upon the part of certain small merchants in that section. There is no traffic ordinance in existence in this city which would, in any way distinguish between private vehicles and vehicles standing on the streets for hire, and there is no more legal right to permit private vehicles to remain standing in front of any building or store for any length of time than for a vehicle for hire to do so.

The City Attorney further advises me that it is the duty of the Common Council to see that the streets remain reasonably free and open for ordinary traffic.

I have observed conditions in the vicinity of Fifth and D streets many times during the past few weeks and I believe that many more private vehicles are left on the street in this section than are vehicles for hire.

A few weeks ago I directed the proprietor of the Taxicab Company to remove his stand from the north side of D street, between 4th and 5th streets, to the south side of the street, thereby materially helping conditions. There are now two authorized automobiles for hire frequently standing in that vicinity. The proprietor of one of these automobiles claims to have an office in one of the buildings on the north side of D street.

In a short time, I think it will be necessary to adopt some general traffic ofdinance regulating all of these matters, but it has been my wish to not make these questions any more restrictive upon the freedom of the traffic of the general public than is absolutely necessary.

I believe that conditions can be improved by the Police Department adopting a rule to not permit autos or other vehicles to remain standing in any one location upon any partion of the down town business streets for a longer period than one-half hour at a time.

Very truly,

John L.Schon,

Sup't Dep't of Police, etc."

of the City of San Diego,

Gentlemen:

The undersigned dissents from the majority report of the Committee of the Whole in the matter of granting the petition of the San Diego Southern Railway Company to operate its cars over the tracks of the San Diego Electric Railway Company and the Point Loma Railway Company to Ocean Beach, for the purpose of carrying express matter to Ocean Beach. In my opinion this permission should not be granted the San Diego Southern Railway Company for the reason that it would deprive the municipal authorities of the city of San Diego from any regulation and control of the San Diego Southern Railway Company regarding the transaction of an express business between the downtown part of San Diego and Ocean Beach.

The San Diego Electric Railway Company and the Point Loma Railway Company operate under franchise granted solely by the City of San Diego and the permit to carry on an express business to Ocean Beach should be granted to these two companies. The undersigned recommends that permission be granted the San Diego Electric Railway Company and the Point Loma Railway Company for a period of two years to carry express matter to Ocean Beach.

(Signed) John L.Sehon."

At this time Councilman Salmons moves the adoption of the report of the Committee of the Whole.

Councilman Schon moves the substitution of the minority report in place of the report of the Committee of the Whole.

The Communication from the City Attorney in the matter of granting this express privilege to the San Diego Electric Railway and the Point Loma Railway Companies is at this time read.

Councilman Woods moves, and is seconded by Councilman Sehon that the matter be referred to the City Attorney for a conference with Committee.

The roll call on the motion to refer is as follows:

AYES: Councilmen Fay, Salmors, Schon, Woods and Dodson.
