In the matter of the petition of voters of the Second Precinct of the Second Ward for use of the Engine House as a polling place for all future elections, the Superintendent of the Department of Fire and Sewers makes the following report, viz:

"To the Honorable

The Common Council of the City of San Diego.

Gentlemen:-

I respectfully return the annexed petition with my disapproval. While I would be pleased to comply with the request, I cannot make this exception without reversing a position taken by this department some time since. If this fire station be used for election purposes, it naturally follows that all other stations should be available for the same purpose.

The measure of success attending the efforts of the fire department in combatting a fire depends largely on a prompt notice being given the department and an immediate response to an alarm. When an election is held in a fire station, the telephones over which many alarms are received are in almost continuous use, and an alarm of fire might be materially delayed, and as the officers of election and electors are usually in front of the doors of the fire station, there is much danger of an accident in case of an alarm. Furthermore, the holding of elections in fire stations has a demoralizing effect upon the discipline of the department.

Therefore, while I as a member of the Common Council, will co-operate in trying to secure a suitable place for holding elections in the future, I cannot, as the Superintendent of the Fire Department, knowing where the responsibility of an accident would rest consent to granting the request.

Respectfully,

(Signed) A.E.Dodson,

Superintendent Dep't Fire & Sewers".

The petition of Arthur Prudhont for a restaurant liquor license at La Jolla Strand is presented with the following report from the Superintendent of the Department of Police Health and Morals, viz:

"Respectfully returned to the Common Council. Mr. A.B.Curtis, the owner of the La Jolla Strand Hotel, submitted to me the plans of his proposed hotel some weeks ago and asked my opinion as to the probability of securing a restaurant liquor license for the party who would lease the hotel. I informed Mr. Curtis at the time that I could not approve a restaurant liquor license being granted to anyone in that section of the city.

I do not approve of the policy of granting restaurant liquor licenses to small hotels like this in the outskirts of the city, as it is too easy for such hotels to deteriorate practically into road-houses.

I recommend that this petition for a restaurant liquor license be denied.

(Signed) John L.Sehon,

By. W.E.B. "

On motion the message from the Mayor vetoing the ordinance providing for the issuance of certain City Bonds is withdrawn from the Committee of the Whole and presented and read, viz:

To the Honorable,  
The Common Council of the City of San Diego,

Gentlemen:-

I herewith return without my approval, this ordinance, adopted by the Common Council, August 29th, 1910, entitled, "An Ordinance Providing for the Issuance of Certain City Bonds".

My objection to this ordinance is that it provides that all the bonds to be issued shall be of the denomination of Five Hundred Dollars which would make a total of 3066 Bonds. I am of the opinion that bonds of the denomination of One Thousand Dollars would be more desirable to the bond dealers, and by issuing as great a portion of the bonds as is possible in denominations of One Thousand Dollars, there would be a considerable saving in the expense of printing as well as a saving in bookkeeping and in the handling of the bonds.

I suggest the following for your consideration.

WATER ADDITION BONDS.

|                       |           |           |  |
|-----------------------|-----------|-----------|--|
| No.                   |           |           |  |
| 320 at \$1000         | \$320,000 |           |  |
| 40 at 500             | 20,000    | \$340,000 |  |
| 8500 redeemed yearly. |           |           |  |

NORTH PARK SEWER BONDS.

|                            |        |        |  |
|----------------------------|--------|--------|--|
| 80 at 1000                 | 80,000 |        |  |
| 25 at 500                  | 12,500 | 92,500 |  |
| 2500 redeemed 1st 25 years |        |        |  |
| 2000 " last 15 "           |        |        |  |

SWITZER CANYON SEWER BONDS

|                      |        |  |  |
|----------------------|--------|--|--|
| 26 at 1000           | 26,000 |  |  |
| 1000 redeemed yearly |        |  |  |

NORTH SIDE SEWER BONDS.

|                            |        |        |  |
|----------------------------|--------|--------|--|
| 69 at 1000                 | 69,000 |        |  |
| 11 at 500                  | 5,500  | 74,500 |  |
| 1500 redeemed 1st 11 years |        |        |  |
| 2000 " last 29 "           |        |        |  |

PARK IMPROVEMENT BONDS.

|                         |             |  |  |
|-------------------------|-------------|--|--|
| 1000 at 1000            | \$1,000,000 |  |  |
| 25,000 redeemed yearly. |             |  |  |

Total 1571

By issuing bonds as above specified there would be but 1571 bonds instead of 3066 and there would be but 3142 interest coupons instead of 6 132.

Respectfully,  
Grant Conard,  
Mayor of the City of San Diego."

The petition of the Retail Grocers Association for a detail of police to round up peddlers without licenses is presented with the following report of the Superintendent of the Department of Police, Health and Morals, viz:

\*Returned to the Common Council. When this communication was referred to this office the department then had an officer inspecting vegetable peddler's wagons and requiring these peddlers to take out a license, and had adopted the plan of requiring the peddlers to display their licenses in a tin case with glass face, attached to the wagon.

It practically requires the entire time of one man to supervise this work, though when the present peddler's ordinance was adopted the Committee representing the Retail Grocers said that association would see that all vegetable peddlers took out their license.

I recommend that as soon as practicable a license inspector be appointed who will have charge of such matters and see that all licenses are regularly and promptly paid.

The petition of Bauman and McNordie for a retail liquor license at No. 1024 Third street is presented with the following report of the Superintendent of the Department of Police, Health and Morals, viz:

Returned to the Common Council. No saloon has been located as far north on 3rd street as location petitioned for within. I presume that some of the property owners in this immediate vicinity on the west side of 3rd street are willing that a saloon should be located in that neighborhood with the view that it might cause business to be drawn up 3rd street. There is however, much opposition on the part of the proprietors of the drug store at the corner of 3rd and D streets, the proprietor of the rooming house above the room desired for the saloon and the management of the Grant Hotel against a saloon in this neighborhood. The management of the Grant Hotel base their objections on the ground that the ladies entrance to the hotel and the rooms generally to be assigned to ladies alone, will be on the west side of their building and for this reason the management desire to see no saloon located on the west side of 3rd street between C and D streets. I therefore recommend that this petition be denied.

A communication from the Superintendent of the Department of Police, Health and Morals, is presented and read, viz:

To the Honorable Common Council  
of the City of San Diego.

Gentlemen:-

I desire to invite attention to a report submitted by me December 15th, 1909, regarding the matter of the prosecution of certain saloon proprietors, or their bar-keepers on the charge of selling liquor to Indians in violation of law.

When this report was submitted to the Common Council, the Council decided to hold the matter in abeyance pending the final decision in the United States Court at Los Angeles, California, of those cases transferred to that Court.

I herewith enclose a report made to me by Detective Joseph E. Myers, covering the four cases in question, namely:

Julius Wagner, bar-tender at the Flag Saloon, found guilty in the Township Justice Court and fined \$100.00;

William Morgan, bar-tender at the Mint Saloon, found guilty in the United States Court and sentenced to sixty days in San Diego County Jail and to pay a fine of \$100.00.

Ed Gutwillig, proprietor of Good Will Saloon, found guilty in United States Court and sentenced to sixty days in San Diego County Jail and to pay a fine of \$100.00.

August Lofling, proprietor of Stockholm Saloon, forfeited \$150.00 bail in Township Justice Court.

The saloons of this city are licensed under Ordinance No. 2341, and the regulation and Police control of the saloons is maintained by said Ordinance No. 2341 and, also, Ordinance Nos. 1998, 1999, 3304, 3313 and 3438.

Section 25 of Ordinance No. 2341 provides a punishment for the violation of the ordinance, which said section reads as follows:

"Section 25. That any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than \$25.00 nor more than \$300.00, or by imprisonment in the City Jail of said city for a period not exceeding 150 days, or by both such fine and imprisonment, and in the event that the fine imposed hereunder is not paid, then by imprisonment in the City Jail of said city at the rate of one day for every two dollars of the fine so imposed; and that when any person shall be so convicted of violating any provision of this ordinance, the license of such person so convicted shall be immediately forfeited and no further license shall be granted or issued to the person so convicted; and every license for the sale of spiritous, vinous or malt liquors hereafter issued by the Auditor of said City shall contained printed therein a copy of this section".

While, technically, it may not be considered mandatory to revoke a liquor license upon a conviction under the State or Federal law upon upon conviction in a State or Federal Court, yet, the Common Council undoubtedly has full power to do so, and it seems to me that due respect should be shown to the State and Federal Courts' findings; and I therefore recommend that the Common Council direct that the following named saloon proprietors:

G.E.A. Baudrand, proprietor, Flag Saloon, 1308 G street;

# R E G U L A R                      M E E T I N G.

In the matter of the petition and communication from the Frisbey Cigar Co., for an automobile stand license at No. 1342 D street, the Superintendent of the Department of Police, Health and Morals makes the following report, viz:

"To the Honorable Common Council
of the City of San Diego.

Gentlemen:-

I herewith return communications as follows:

An application from the Frisbey Cigar Company, dated October 3rd, 1910, for a license for an automobile stand; and a communication from the Frisbey Cigar Company, dated October 20th, 1910, complaining of an automobile stand maintained on D street, near 5th street, and threatening the City with suit for damages unless the license for said automobile stand on D street, near 5th street be rescinded.

In regard to the application for license for an automobile stand from the Frisbey

Cigar Company, dated October 3rd, 1910, I desire to report that I conferred with Mr. Frisbey after said application was referred to the Police Department, and Mr. Frisbey informed me that he did not at that time have an automobile but contemplated purchasing one in the near future. I informed Mr. Frisbey that as soon as he had obtained an automobile I would consider his application. Mr. Frisbey stated that he did not expect to rent his machine for hire at all but intended to keep it for his own purpose. I then told him that he did not need a license for this but could operate the machine without a license.

In regard to the communication dated October 20, 1910, I will say that the Frisbey Cigar Company has constantly maintained an opposition against any licensed automobiles remaining in their immediate vicinity. Some time ago a number of owners of licensed automobiles stands had some arrangement with the adjacent store-keepers regarding their stands. These store keepers had no lawful authority to make any collections for any rent of stands and the practice was discontinued, since when there has been a decided opposition upon the part of the Frisbey Cigar Company to have a stand at the location named.

A number of automobile stands have been licensed and granted permission by the Common Council to stand in this vicinity both for the convenience of the public generally who patronize them, as well as the proprietors of the automobiles.

Some time since I directed that the Police Department not recommend any new stands or the granting of any new licenses for this immediate neighborhood. As the City grows and the immediate business center becomes more congested, I believe it will be necessary to eliminate all automobile stands from said congested district.

However, I recommend that no further action be taken in this matter at this time.

(Signed) John L. Sehon,

Supt. Department of Police, etc.*

On motion the recommendation of the Superintendent of the Department of Police, Health and Morals is adopted and the petition and communication from the Frisbey Cigar Company ordered filed.

In the matter of the hearing of charges preferred against various saloon keepers for selling liquor to Indians, Councilman Salmons presents in the form of a majority report four resolutions, the substance of which places each saloon keeper on probation for one year, and moves their adoption.

At this time Councilman Sehon files a minority report which is presented and read and on motion ordered spread upon the minutes, viz:

"To the Common Council

of the City of San Diego.

Gentlemen:-

In the matter of the hearings before the Common Council in the cases of G.E.A. Baudrand, proprietor of Flag Saloon; A.A.Finley, proprietor of the Mint Saloon; Ed Gutwillig proprietor of Good Will Saloon and August Lofling, proprietor Stockholm Saloon, the undersigned member of the Common Council, dissents from the opinion and recommendation of the majority members, and reports as follows:

Julius Wagner, bar-tender at the Flag Saloon, of which G.E.A.Baudrand is proprietor was found guilty in the U.S.Court of selling liquor to Indians and sentenced to sixty days in San Diego County Jail and to pay a fine of \$100.00; William Morgan, bar-tender at the Mint Saloon, of which A.A.Finley is proprietor, was found guilty in the U.S.Court and sentenced to sixty days in the San Diego County Jail and to pay a fine of \$100.00; Ed. Gutwillig, proprietor of Good Will Saloon, found guilty in the U.S.Court and sentenced to sixty days in San Diego County Jail and to pay a fine of \$100.00; August Lofling, proprietor of the Stockholm Saloon, forfeited \$150.00 bail in the Township Justice Court.

In my opinion, the action pending before the Common Council against the four proprietors of the saloons named, should not now be considered at all as a matter of awarding punishment to any of the parties named but viewed wholly in the broad light of whether or not the four named saloon proprietors are suitable and proper persons to conduct a saloon. In three of these cases either the proprietor or his bar-tender did sell liquor to Indians and was convicted in one of which three cases the bar-tender at the Flag Saloon was found guilty in the Township Justice Court and fined \$100.00. In the other two cases, William Morgan, bar-tender at the Mint Saloon, was found guilty in the U.S.Court and sentenced to sixty days in the San Diego County Jail and to pay a fine of \$100.00; in the third case Ed.Gutwillig, proprietor of the Good Will Saloon, was found guilty in the U.S.Court and sentenced to sixty days in the San Diego County Jail and to pay a fine of \$100.00; the fourth case, namely, August Lofling, proprietor of Stockholm Saloon, forfeited \$150.00 in Township Justice Court.

The prosecution in the Courts in all of these cases was undertaken by the District Attorney's office and there is no question of the guilt of the four parties named, charged with selling liquor to Indians. In two of the cases the parties convicted are bar-tenders for the proprietors of the saloon but the proprietors must be responsible for the acts of their assistants.

Section 25, of Ordinance No.2341 (Regulating the sale of liquor) provides a punishment for the violation of the ordinance, which said section reads as follows:

"Section 25. That any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not less than \$25.00 nor more than \$300.00, or by imprisonment in the City Jail of said city for a period not exceeding 150 days, or by both such fine and imprisonment, and in the event that the fine imposed hereunder is not paid, then by imprisonment in the City Jail of said city at the rate of one

day for every two dollars of the fine so imposed; and that when any person shall be convicted of violating any provision of this ordinance, the license of such person so convicted shall be immediately forfeited, and no further license shall be granted or issued to the person so convicted and every license for the sale of spiritous, vinous, or malt liquors hereafter issued by the Auditor of said city shall contained printed therein a copy of this section."

This section of the ordinance therefore makes it mandatory upon the part of the Council to revoke a license for a violation of any of the provisions of said ordinance.

The offence upon which the accused parties were tried was a violation of State and Federal law, and it appears to me that now a due respect should be shown the State and Federal law by the Common Council. A failure upon the part of the Common Council to show such respect will discredit the actions of the office of the District Attorney in the matter and disregard the findings of the U.S. Court at Los Angeles.

I cannot understand how a man can be held to be a suitable and proper person to conduct a saloon when he has been convicted of a violation of State and Federal law in the U.S. Court and in one instance, one of the above named parties was compelled to appear before the Common Council to answer the charge while in the custody of a Deputy Sheriff.

In my opinion the licenses of the proprietors of the four named saloons should be revoked.

(Signed) John L. Sehon,

Supt. Department of Police, etc."

A communication from Mr. J.T. Flynn, is presented, read and on motion ordered spread upon the minutes in full, viz:

"To the Honorable the Mayor and Common Council,  
of the City of San Diego, California.

Gentlemen:-

Referring to the matter of the adoption of the Resolution at the last meeting of your Honorable Body favoring a draft of a bill to be submitted to the Legislature providing for the cession of certain tide lands to the City of San Diego, for improvement under city ownership, I beg to say; that your action in that matter has opened the first real door of opportunity for commercial advancement that San Diego has ever known, and as a native of the great State of California, I desire to congratulate your Honorable Body as well as the people of San Diego, upon your prompt and intelligent performance of public

duty.

During the last few years, it has been my good fortune to appear before nearly every civic and municipal body in the cities of the Pacific Coast, in advocacy of the public improvement and the public control of harbors in the hope that the Panama Canal, when completed, might prove a public blessing instead of a public burden, and without any desire to speak disparagingly of the work of other public bodies along this line, I am free to say, that I have never experienced such an unselfish readiness to recognize or meet the public will--including the splendid cooperation of the City Attorney and City Engineer -- as was evinced by your Honorable Body in the matter of the contemplated harbor improvement.

When the history of San Diego is read, or possibly written ten years hence, with a probable population of 250,000 and its Bay filled with the ships of the world, laden with the imports and exports of the great interior country which it must serve as an ocean gateway, and its shore lines dotted with the hives of industry, I will venture the opinion, that there will be no chapter of public development read with so much interest, or reflecting so much public good, as the one relating to the public improvement of the water front.

It is of course, unnecessary to state to your honorable Body that the preparation of the tentative plan of harbor improvement submitted, was for general educational purposes only, and in no way obligates the city to accept the same, either as to the general plan, or the form of construction, unless the same under public bids as required by law, should prove to be the cheapest as well as the best.

Under the law, the City Engineer is required to make all plans and estimates for public work, submit the same to the Council for approval and then invites public bids for said work. In order, however, to dispel the general report, that I have been trying to "hold up" the City by the use of my patented Sea Wall, I will state, that the Sea-Board Engineering and Construction Company, with which I am connected, may not even bid upon the work when authorized, but if it does, I will guarantee that it will do the work better and for 25% less money than any other firm.

The time I spent in consultation with your honorable body, as well as the City Engineer and the City Attorney in the discussion of the Harbor Plans, I shall always remember with pleasure, and in conclusion beg to say, that the vote of thanks tendered me by your Honorable Body for my modest efforts in this matter, is something that I prize above the profits of any contract or possible personal gain. There is something in this old world besides money.

Very truly yours,

John T. Flynn."
