"To the Honorable,

The Common Council of the City of San Diego,

Gentlemen:-

On November 9, 1910, I reported that the Hawaiian Steamship Company and the American and Foreign Underwriters had donated to the San Diego Firemen's Relief Association the sum of \$2500.00, together with an additional sum of \$2100.00 for the purpose of reimbursing the firemen who were engaged in the fire on board the Steamer ALASKAN, for clothing lost and destroyed. As reported at the time, I delivered the \$2500.00 to the Relief Association and received the receipt of the Secretary for the same.

I now have the acknowledgement of some 52 members of the Department, each for a fireman's uniform and cap, one suit of Globe turnouts, and one pair of rubber boots, furnished by Benbough & Gillons. The order placed with the firm amounted to \$2120.80. They donated \$20.80, and I hold their receipt for \$2100.00.

Respectfully,

A.E. Dodson,

Superintendent Department of Fire."

"Office

of

The Afro-American Council

San Diego, Cal., April 26th, 1911.

Whereas, the official relations to the Common City Council of Hon. Frank A. Salmons, is drawing near to a close, during whose term of office as Superintendent of Streets, the streets of the city have been improved beyond that of any previous administration, begetting thereby the distinction of being the cleanest city in southern California, and,

Whereas, During his term of service, he has given a number of Negro citizens positions in the street service, by which they are daily earning that without which no dependent family can be happy, proving that he believes in giving to the blackest black man, if he is honest and reliable a square deal, as he does to others, by which the Negro is developed into a better citizenship,

Therefore, be it resolved, that this Afro-American Council, a representative body of Negro Citizens and tax payers, recognizes in the Hon. Mr. Salmons a true and tried friend of the race, whose attitude to it during his term of office has stamped him as a truly great man not swayed by a cruel sentiment which refuses hundreds of honest and worthy citizens a chance to earn their bread by honest and faithful service.

Resolved that a copy of these resolutions be presented to the Hon. Frank A. Salmons as the expression of this Council for the above expressed consideration to our race in the city.

(Signed) W.D. Saunders, President.

Nathan Robinson, Sect. "

"To the Honorable Common Council of the City of San Diego.

Gentlemen:-

In the matter of Documents #42325 and 42326, referred to the Department of Finance, Ways and Means, we beg to report as follows:

Upon investigation, we find that numerous estimates have been made on the part of city employees during the past years which would amount to more than \$44.11 and whereas, we find many parties have paid to the city the taxes which are questioned in these documents, there seems to be no good reason why one party should be expected to pay the taxes in full with interest and another party should receive a compromise at our hands.

Therefore, we recommend that they be not compromised, but paid in full.

Respectfully submitted,

P. E. Woods,

Superintendent Department of Finance, Ways & Means."

The following Message from the Mayor is presented, read and on motion ordered filed, viz:

August 12, 1911.

To the Common Council of the City of San Diego.

I herewith return document No. 43958, filed August 7, 1911, retaining and employing Edgar A. Luce to prosecute causes now pending, and which may be hereafter brought in the City Justice's Court, without my approval, and this for the following reasons:-

First, The Ordinance is in conflict with the provisions of the Ordinance now in

full force and effect whereby the City Attorney's office consists of the City Attorney, an assistant and a deputy, which deputy, according to said Ordinance, shall have and receive the sum of One Hundred Twenty-five Dollars per month.

Secondly, Because said ordinance is in conflict with the Charter of the City of San Diego, and particularly Section Two, of Chapter Five, Article Three thereof, which provides as follows:-

"It shall be the duty of the City Attorney to prosecute, in behalf of the People, all criminal cases arising upon violations of the provisions of this Charter and City Ordinances, and to attend to all suits, matters and things in which the City may be legally interest; provided that the Common Council shall have control of all litigation of the City and may employ other attorneys to take charge of any such litigation, or to assist the City Attorney therein."

And in the action of *Dadmun vs. City of San Diego*, 9 California Appellate Reports, Page 549, at Page 551, our Appellate Court use this language:-

"Under the Charter of the City of San Diego the City Council cannot relieve a Charter Officer from the duties devolving upon him by the Charter and designate another to perform such duties. The proviso in Section Two, Chapter Five, Article Three, of the City Charter, does not undertake to confer this power upon the City Council. It only provides that the Common Council shall have control of all litigation of the City and may employ other attorneys to take charge of any such litigation, or to assist the City Attorney therein. We think that the term 'litigation of the City' was intended only to apply to actions of a civil nature in which the City is interested and not the mere prosecution for criminal violations of City Ordinances. It follows then that the action of the City Council in appointing a special prosecutor whose duty it shall be to prosecute criminal violations of Ordinances was unauthorized and void either as an attempt to create an office or a liability by employment."

Hence it will be seen that the Council have no control over criminal cases. It is your duty to appoint the City Attorney, and his assistant and deputy, and then all prosecutions of criminal actions are under the full control and authority of the City Attorney, and any appointment that you make, as assistant or deputy, is and must be under the direction and control of the City Attorney and he must perform such services as the City Attorney may designate.

To permit the Ordinance before me to stand would be really creating two City Attorney offices.

Again, the ordinance does not confine the employment within the letter or spirit of said Section Two, for the reason that it does not designate the particular service that is to be performed by Edgar A. Luce, but simply says that he is employed to prosecute causes now pending and which may be hereafter brought in the City Justice's Court. There is no limitation to his employment, nor is there any limitation to the time for which he is to receive compensation.

I submit that the City Charter, making it the duty of the City Attorney to prosecute in behalf of the people, all criminal cases arising upon violations of the provisions of the City Charter or City Ordinances, is not affected by Section one, Chapter Ten, Article Three, of the Charter.

The Council may have the power to provide by Ordinance for the appointment of deputies in the City Attorney's Office by stating the number and salary that they shall receive, but in view of the fact that everything the deputy does must be in the name of his superior, the City Attorney, it stands to reason that such deputy, or assistant,

should be, and is, by the provisions of the Charter, under the direct control of the City Attorney.

Respectfully submitted,

(Signed) James E. Wadham,

Mayor of the City of San Diego.

On motion said ordinance is passed over the veto of the Mayor by the following two-thirds vote, to-wit:

AYES---COUNCILMEN: Adams, Dodson, Fay and Sehon
