Beecher Sterne was born in Maryland 54 years ago. At the age of 24 years he first came to San Diego, and here aided in the formation of the West Coast Gas Engine Company. He then returned to the east, and for some twenty years was connected with the pension and revenue service of the government.

In 1908, upon returning to this City, he became secretary and treasurer of the Company he had helped to form, and held that position until 1917, when he became Industrial Secretary of the Chamber of Commerce, resigning early this year to enter the race for member of the Common Council, and at the General Election on April 8th, last he was successful by a very large vote.

During the brief time between his entry upon his official duties and the commencement of his illness he had manifested a deep interest in the financial and administrative affairs of the municipality, and gave every promise of becoming a power, as a member of its legislative body, in the growth and betterment of San Diego.

In his death the City has lost an upright man, a good citizen, a conscientious official and a friend to humanity, and to the members of this Common Council, his associates, his passing comes as a distinct and personal loss, and to the wife, brothers and sisters our deepest sympathy is expressed.

"September 30th, 1919.

Gentlemen of the Council  
Of the City of San Diego, California.

Honored Sirs:

With reference to the ordinance, which I have this day vetoed and am returning herewith, entitled:

'AN ORDINANCE AMENDING SECTION 5 OF ORDINANCE NO. 7728 OF THE ORDINANCES OF THE CITY OF SAN DIEGO, ENTITLED, 'AN ORDINANCE FIXING AND DECLARING THE BUDGET ALLOWANCES OF THE CITY OF SAN DIEGO AND THE VARIOUS DEPARTMENTS THEREOF FOR THE FISCAL YEAR BEGINNING JANUARY 1ST, 1919, AND CREATING AND ESTABLISHING OFFICES AND EMPLOYMENTS IN SAID DEPARTMENTS, AND FIXING THE COMPENSATIONS APPURTENANT THERETO,' APPROVED MAY 12, 1919,'

I have vetoed this Ordinance because:

It discriminates against the other departments, several of which have made application for this same consideration and which were sent to conference with this same application and were turned down. I see no reason why the Health Department should enjoy any special privileges.

I am in favor of treating all Departments justly, fairly, and alike, believing that our first duty is to the underman who is receiving less than \$100.00 per month and whose hours are just as long

and whose commitments in life are just as essential and who is affected by the high cost of living far greater.

I am not opposed to the raising of salaries of public servants who are faithful and efficient, in fact, was first to advise it, but we cannot create inharmony in City Departments by a justice out of balance.

Yours very truly,

L. J. WILDE,

Mayor of the City of San Diego, California. "

Honored Sirs:

With reference to the Ordinance which I have this day vetoed and which I am returning herewith, entitled:

'An Ordinance amending sections I and III of Ordinance No. 5677 of the Ordinances of the City of San Diego, California, entitled, 'An Ordinance relating to Water Service and Rates', approved July 3, 1914, and repealing Ordinance No. 6274 of the Ordinances of said City, entitled, 'An Ordinance amending Section I of Ordinance No. 5677 of the Ordinances of the City of San Diego, entitled, 'An Ordinance relating to water service and rates' approved July 3, 1914, and repealing Ordinance No. 6236 of the Ordinances of said City,' approved July 31, 1915.'

Wish to say I have compared this ordinance with the one vetoed by me on March 4, 1918, and also with a similar ordinance vetoed by me on May 16, 1918, and it is my opinion that this Ordinance does not materially differ insofar as the small consumer is concerned.

This Ordinance will give the small consumer about 800 cubic feet of water as against

perhaps 1200 cubic feet of water under the old rate, on the dollar minimum.

Furthermore, the provisions laid down in the Mayor's vetoes of March 4th and May 15th, 1918, respectively, have in no manner been considered or provided for.

Considering the high cost of all the necessities of life which naturally affect the masses and the poor people more than the classes and the rich people, we must always keep in mind how much of a strain these minimum rate consumers, who have the maximum families, are under, and not place bread and water out of their reach.

It is true the City must maintain its Departments and a reasonable advance of the water rate on a most equitable basis should be provided, and, had 25% been called for in the Ordinance, the Mayor would have been perfectly willing to approve it even though it might be a hardship in many places, but, an advance of 50% is unreasonable and cannot be forced upon an already suffering people on a basis of "we need the money".

An antiquated water system, neglected by an incompetent administration of the past, should not press the entire burden of the present overhead on an already overburdened community.

The Mayor is willing to advise a 25% increase at the present time, - but that is all.

Very truly yours,  
L. J. WILDE, Mayor."

"December 8th, 1919.

Gentlemen of the Council of The City of San Diego, California.

Honored Sirs;-

With reference to the ordinance which I have this day vetoed, and which I am returning herewith, entitled:

"An Ordinance appropriating the sum of \$2500.00 for the defense of cases growing out of the failure of the Lower Otay Dam."

Wish to say I am vetoing this Ordinance because:

First: The City is in no position to advance \$2500.00 as a retainer for legal services that have only been anticipated.

Second: Because we have many good lawyers in the City of San Diego that will do the same work for less money, as a great deal of the evidence is engineering and the data has already been compiled and a transcript of the evidence is available.

Very truly yours,

L. J. WILDE

Mayor of the City of San Diego, California."

A message from the Mayor is presented, and read as follows:-

"December 9th, 1919.

Gentlemen of the Council,  
 Of the City of San Diego, California.

Honored Sirs:-

With reference to the Ordinance which I have this day vetoed, and which I am returning herewith, entitled:

"An Ordinance transferring the sum of \$1000.00 out of Item 158, Series W. Administration Department Fund to Item 151 of said Fund, as provided by section 19 of Ordinance No. 7728 of the Ordinances of The City of San Diego".

Wish to say I am vetoing this Ordinance for the following reasons:

First: Because I do not think it a good practice to transfer money from one fund to another by ordinance without the reasons set forth in such ordinance as to why such transfer is made and what emergency requires it, thus becoming a public document intelligent to the general public.

Second: Because I am informed that this provision has been made to meet an appropriation, a part of an appropriation of \$2,500.00 for a retainer to be paid to Messrs. Cosgrove, Hunsaker & Britt, anticipating law suits in the water question, all of which can be ably taken care of by our legal profession in San Diego when the time comes - if it ever does come.

I see no occasion to cross bridges before we get to them or to place a fund in the hands of a Los Angeles firm months before there is any occasion for it, and which in itself invites litigation.

Very truly yours,

L. J. WILDE,  
 Mayor of the City of San Diego, California."

Noes---None. Absent---Councilman Stewart.

Thereupon, on motion said Ordinance is adopted by the following vote, to-wit: Ayes---Councilmen Heilbron, Held, Weitzel and Bruschi. Noes---None. Absent---Councilman Stewart.

Thereupon, a Resolution, No. 25103, carrying such recommendation into effect, is presented, read and on motion adopted, and recorded in Book 36 of Resolutions.

"January 15th, 1920.

Gentlemen of the Council,  
 Of the City of San Diego, California.

Honored Sirs:

With reference to the ordinance, which I have this day vetoed and am returning herewith, entitled:

"AN ORDINANCE REGULATING THE MAINTENANCE  
 AND OPERATION OF CREMATORIES IN THE  
 CITY OF SAN DIEGO."

I have vetoed this ordinance because:

First: There is no issue before the Council, or permit, asking for the establishment of any new crematory; therefore, this ordinance is premature.

Second: When a permit for the establishment of any new crematory to be located in a place undesirable to this community is up for consideration, it is then time enough to deny such application, but to establish at this time a blanket ordinance is discriminating against legitimate improvements for a legitimate purpose by reliable people that might want to establish undertaking parlors and crematories at points that would not be objectionable and yet be in the city limits, since the city limits of San Diego go far into the country and take in a great deal of territory, it might work a very great hardship upon a fast growing community, which must deal with these problems as they arise and as conditions warrant.

Third: I think it only fair to any applicant appearing before the Council now or at some future time, to always be in a position to present his plans, specifications and location contemplated, and if at that time for any reason the Common Council find it against the best interests of the City and the particular community, and

if such establishment as proposed is to become a nuisance and detriment, they can at that time deny such application and the same object is accomplished that this ordinance would propose.

Fourth: In considering the rapid growth of San Diego, and its future prospects, and considering the extreme limits of the city's boundary line, and the Council's right to exercise at any time its power to prohibit any nuisance or menace to a neighborhood, I see no reason why this ordinance should become a new entanglement which would make the crematories already in the city have a monopoly and drive out competition that might, in the course of time, be a convenience and a benefit to certain districts, even within the city limits, where no complaints by neighbors to provoke some of the things that have already happened, occur.

The Mayor was very much against the Park and Seventh Street crematory when it was started and first taken of, and protested to the old Council in vain that it be not permitted at that time to be placed there on account of the park and the immediate well-settled neighborhood. An ordinance would not have stopped it for it would have been repealed and permit issued just the same, but, since that Council did allow it and the permit was issued, and the City Attorney has ruled it is not a nuisance, and the men who won out over the Mayor's protests have made their investment and are doing a legitimate business, not in violation of any ordinance, law or rule, and sustained by the City Attorney and the legislature, it is not fair to allow politics to disturb legitimate business already established.

Very truly yours;

L. J. WILDE,

Mayor of the City of San Diego, California."

The following Documents are presented, read, and on motion referred as follows:  
TO THE OPERATING DEPARTMENT: Communication from the Health Officer in regard to grading road to Mission Valley Hospital.

A message from the Mayor, is presented, and read as follows:-

"February 14th, 1920.

Gentlemen of the Council  
of the City of San Diego, California.

Honored Sirs:-

With reference to the ordinance which I have this day vetoed and which I am returning herewith, entitled:

"AN ORDINANCE REGULATING THE ERECTION, ESTABLISHMENT, MAINTENANCE AND OPERATION OF CREMATORIES IN THE CITY OF SAN DIEGO, AND EXCLUDING THEM FROM CERTAIN LIMITS."

Wish to say I am vetoing this ordinance for the following reasons:

First: Because this ordinance absolutely is intended to put out of business any crematories already established within the City limits that are not within a cemetery.

Second: Because the facts back of the matter and the reasons this ordinance was prepared are not well understood by the entire Council, nor the general public, nor was this ordinance prepared in the City Attorney's Office and may have a special meaning if better understood.

Third: Because there is political spite on the part of one Councilman Don Stewart, who presented this ordinance against the firm of Percy Benbough & Co.

who are operating a crematory on Seventh Street at Date in accordance with the law, and with the permission of the Health Board, and whose investments and improvements have been made in good faith and who do not own or control a cemetery where they could locate, without financial ruin.

Fourth: Because some of the former bondsmen and friends of the councilman who propoganded this ordinance, are interested in a crematory, and I am informed, were instrumental in the preparation of said ordinance, and the same has not been advocated or prepared by the City Attorney's office, who is the legal adviser of the City of San Diego; and it is not a councilman's duty, under his oath of office, to use his office or his vote to get even with those who did or did not vote for him in the recent election, or for any other personal purpose whatsoever.

Fifth: Because it is unjust and un-American to put any establishment out of business that complies with the law and which has not been declared a nuisance nor violated any previous health rules or city ordinance, and was allowed to make its investment and establish its business under the direction of the City Government, at the time same was organized.

Sixth: Because this ordinance is unjust and would practically confiscate any line of business if it was directed without a measure of compensation.

Under Section 1 of this ordinance, the word 'now' should be eliminated or a just compensation by arbitration be allowed the owners of crematories already within the City Limits but outside of cemeteries.

The question of politics and invisible self-interests should not meet competition and serve the city by these means.

Very truly yours,

L. J. WILDE,  
Mayor of the City of San Diego, California. "

Thereupon, on motion, said Ordinance, Being Ordinance No. 7939, recorded in Book 33 of Ordinances, Regulating the erection, establishment, maintenance and operation of crematories in the City of San Diego, and excluding them from certain limits, is reconsidered, and adopted notwithstanding the foregoing veto by the mayor, by the following vote, to-wit: Ayes---Councilmen Heilbron, Held, Stewart, Weitzel and Bruschi.

An Ordinance, No. 7942, recorded in Book 33 of Ordinances, being an ordinance refunding \$18.50 to Frank Shimokoa, is presented, read and on motion placed on its final passage at its first reading by the following two-thirds vote, to-wit: Ayes---Councilmen Heilbron, Held, Stewart, Weitzel and Bruschi. Noes---None. Absent---None.

Gentlemen:-

I am vetoing the ordinance appropriating the sum of \$169.80 out of the Barrett Dam Bond and Construction Fund, and being Document No. 128114, for the following reasons:

1st. Because it is irregular inasmuch as it was not prepared and presented by the Board of Water Commissioners who have the exclusive control over the Barrett Dam Bond and Construction Fund, as provided by Charter Provision and later by decision of the Superior Court.

2nd. Because Document No. 128114 covers the months of January and February, 1920, whereas, form of Ordinance Document No. 127482, now in the hands of the Board of Water Commissioners, covers the same period of time and the two ordinances call for different amounts.

I have no objection to the employees receiving compensation for automobile hire, but, in order that these and other privileges shall not be abused for joy-riding or personal benefits, not connected with the work on Barrett Dam, or Department Work, all Documents should be authorized, presented and approved by the Water Commission before final action is taken,

"San Diego, Calif., Aug. 16, 1920.

To the Honorable the Common Council  
 of the City of San Diego, California.

Gentlemen:-

With reference to the Ordinance, which I have  
 this day vetoed, and which I am returning herewith, entitled:

AN ORDINANCE TRANSFERRING THE SUM OF \$4,932.98  
 FROM THE WATER DEVELOPMENT FUND OF THE CITY OF  
 SAN DIEGO TO THE GENERAL FUND OF SAID CITY

wish to say, I am vetoing this ordinance for the following reasons:

1st. It is irregular. Under Section 5, Chapter 1, Article 5, of the City Charter, it provides that the Water Board shall exercise full power and authority over all appropriations made for the use of the Department, and this ordinance was presented to the Common Council without the knowledge or approval of the Board of Water Commissioners.

2nd. This Ordinance provides an arbitrary computing service charge collected, and not approved by the Board of Water Commissioners.

3rd. The amount provided in this Ordinance is incorrect, as it transfers the entire service charge received during the month of July, 1920, and the amount should have been 25% only of this fund.

4th. All matters pertaining to the Board of Water Commissioners, as provided by the Charter, under this section, should be complied with, since we have a Water Commission and charter provisions defining their duties and all matters pertaining to their department should carry with ordinances and resolutions their recommendation.

Yours very truly,

L. J. Wilde,

"October 6, 1920.

To the Members of the Common Council,  
of the City of San Diego, California.

Gentlemen:-

With reference to the Ordinance which I have this day vetoed, and which I am returning herewith, entitled,

"An Ordinance authorizing the purchase in the open market, without advertising for bids, of approximately 18,000 feet of 3/4 inch iron pipe, 6000 feet of one-inch pipe and 8100 feet of two-inch iron pipe, and appropriating the sum of \$5700.00 in payment thereof,"

wish to say, I am vetoing this ordinance for the following reason:

This is a large amount of pipe and involves the expenditure of considerable money. Three-fourths inch, one-inch and two inch iron pipe are staples and handled by many different firms and in this market vary considerably in price and should be taken up with dealers, giving them an opportunity to bid, as provided by the Charter.

We have been entirely too lenient in our purchases, without advertising for bids, and it was the intention of the Charter framers to insist on competitive bids above the amount of \$500.00. I realize that there are times when this works a hardship and is quite unnecessary, and where amounts have not been too large, in emergency cases, and where the article purchased was not of a standard nature, we have allowed the Purchasing Department to use its own discretion, but in all cases similar to this ordinance, the Purchasing Department should conform strictly to the Charter. The expense of advertising and delay is of little consequence compared to the better quality and saving on large orders of standard goods.

Yours very truly,

L. J. WILDE, Mayor."

Whereupon, on motion, said Ordinance, being Ordinance No. 8141, recorded in Book 33 of Ordinances, is reconsidered, and on motion adopted, notwithstanding the foregoing veto of the Mayor, by the following vote, to-wit: Ayes---Councilmen Heilbron, Held, Stewart, Weitzel and Bruschi. Thereupon a Resolution, No. 25903, recorded in Book 36 of Resolutions, approving the recommendations set forth by the Grand Jury in said Resolution, and directing the City Health Officer, the Chief of Police and the Justice of the City Court to meet and confer with the County Officials to decide upon a policy of co-operation in the matter of handling the problem of quarantining and treatment of cases of venereal diseases, is presented, read and on motion adopted.

A Message from the Mayor, is presented, and read as follows:-

"San Diego, Cal., Oct. 30, 1920.

To the Members of the Common Council  
of the City of San Diego, California.

Gentlemen:

With reference to the Ordinance, which I have this day vetoed, and which I am returning herewith, entitled:

"An Ordinance directing the submission to the electors of the City of San Diego, at a special election called for December 7, 1920, of a certain proposed Ordinance, entitled, 'An Ordinance regulating the cremation of human bodies, and the erection, establishment, maintenance and operation of crematories for the cremation of human bodies in the City of San Diego, and excluding them from certain limits.' "

wish to say, I am vetoing this Ordinance for the following reasons:

1st. This is not a measure to be passed to the people, it only confuses the ballot, makes it cumbersome and adds expense to the taxpayer. If this were to go on the ballot, then every little resolution or ordinance or peanut vender's license would continually be referred to the people.

2nd. This crematory ordinance has been presented on two occasions before and was tried out before Judge Andrews. I consider it nothing but spite work on the part of a part of the Council, in trying to cram this through. Having failed twice, by ordinance they took it to the court, and failing again, are now passing the buck to the people.

3rd. The boundary lines presented in this ordinance are absurd, and predicts a great inconvenience to the people, who might be served conveniently and inexpensively by establishing crematories in districts not objectionable within boundaries described in ordinance and are at all times subject to regulation by the Common Council, where they are objectionable to the Health Board, and by petition of a majority of the residents. Building permits for crematories can and should be denied when application is made anywhere within the city limits if contrary to the wishes of the Health Department and the residents of that particular neighborhood.

Therefore, an expensive, useless and inconsistent ordinance directed to the electors is ill advised, unnecessary and complicating.

Yours very truly,

L. J. WILDE, Mayor.

Dated, San Diego, Calif.  
Saturday, Oct. 30th, 1920."
