Noes---Councilmen Stewart and Weitzel. Absent---None, said motion being made by Councilman Heilbron, seconded by Councilman Bruschi.

A message from the Mayor is presented, and read as follows:  
"January 5, 1921.

Gentlemen of the Council  
of the City of San Diego, California.

Honored Sirs:-

With reference to the ordinance which I have this day vetoed and am returning herewith, entitled:

"AN ORDINANCE FIXING AND DECLARING THE BUDGET ALLOWANCES OF THE CITY OF SAN DIEGO AND THE VARIOUS DEPARTMENTS THEREOF FOR THE FISCAL YEAR BEGINNING JANUARY 1st, 1921, AND CREATING

AND ESTABLISHING OFFICES AND EMPLOYMENTS IN SAID DEPARTMENTS, AND FIXING THE COMPENSATIONS APPURTENANT THERETO."

I have vetoed this ordinance for the following reasons, to-wit:

First: Because the adjustment of salaries in City Government should be methodically and scientifically analyzed and arranged by a Committee composed entirely of efficient, experienced experts outside of the City Government or heads of departments themselves, and such appointments to be made by the Civil Service Commission who compile the facts and the wants and the efficiency and the examinations of all city employees. The appointments should have been made by the Civil Service and approved by the Common Council.

Second: I do not wish to convey the impression that the Committee appointed were not capable and did not give the proper consideration, for the adjustment of the salary list is no small job and errors are bound to arise, and I feel the Committee has had a hard task, still no one is infallible and heads of departments naturally are clan-nish to their own departments and are not familiar with the duties and necessities of others in other departments and therefore have erred in reducing the salaries of some deserving employees, which should not have happened. You must not knock off \$5.00 or \$10.00 a month from a girl's salary because she is a girl, like in the case of the Health Department or in the Civil Service, nor can you chop off \$15.00 to \$20.00 a month from young married men in the City Clerk's Office, whose labors have been greatly increased. No Department in the City Government is run so economically and efficiently as the City Clerk's office nor does any office have the responsibility, the details, the records to keep, yet this office has reduced its force by two deputies and the extra burden has fallen upon those whose salaries you have now cut instead of increasing.

Third: Because no head of departments in the City is paid so meagerly as the head of the Civil Service and I know this department never has given the Secretary enough money to barely live on let alone live like a real human being. The same thing in the Health Department with the young lady who has a mother and child to support and her salary was cut \$10.00 per month.

Fourth: Because a ramification of politics should not dominate the scales of equity. The mayor cannot see why some incompetent mechanics can get \$8.00 per day billiard room, moving picture shows and lounging rooms at Barrett Dam because he is unionized when a good gard working mechanic in the City and for the city who is not unionized, should be cut from \$4.25 and \$4.50 to \$4.00 per day. I have no objection to competent men, union or non-union, getting \$8.00 or \$10.00 per day who are skilled in their work but my whole objection to discrimination is no one in the City Government whose wages run from \$75.00 to \$125.00 per month should be disturbed or decreased. These are the people who are having a hard time to get by and the question of circumstances of all applicants for positions should be taken into account as well as their efficiency and paid accordingly, otherwise you do not get the service and nothing has been saved.

Fifth: Because the City has rather broken faith with the firemen. It is a wrong principle to jerk up salaries one day \$10.00 per month and cut them down the next \$5.00, and try and make them believe they are advanced. I am of the opinion that this is one of the most serious mistakes that the budget reformers have made and the firemen's salaries should be put back as well as the other departments referred to. The saving to the city in the final results if properly defined, results in nothing of any importance. Therefore I am absolutely against any cut in any department of the City Government because it weakens efficiency, is unjust and without due consideration. There are so many other glaring errors where saving could be made in departments rather than from the individual. For instance, \$6,000.00 is appropriated by resolution to an outside painter to paint the 30th Street Bridge, accepting one bid which is contrary to the spirit of the charter. It is a ridiculously high bid and is not needed at any rate. The same work can be done by our own painters who are being half paid in the City Operating Department and this is the proper place for this work to be completed. \$5,000.00 was given to the zoo to feed the animals. Don't you think it would be a little more charitable, a little more humane, and even a little better politics, if you must play them, to distribute that \$5,000.00 and the painting of this old bridge to the faithful employees of the city government and to the babies in the homes of the servants of the City. I am concerned

22

only in the right and justice and equality of the appropriations and the adjustment and readjustment of our material government and not in any crowd, no matter how bid they are.

I wish to state there is no personal reflections cast upon any one of the makers of this budget but their judgment is warped and their hearts are hard. To avoid a bread line in this City and social unrest, I believe it the better part of valor to let live as well as live yourselves.

Very truly yours,

L. J. W I L D E

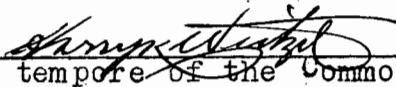

Mayor of the City of San Diego, California."

Noes---Councilmen Held, Stewart and Weitzel. Absent---None. Thereupon it is announced by the Chair that the motion is lost.

Noes---Councilmen Heilbron and Bruschi. Absent---None. Thereupon it is announced by the Chair that the motion is lost.

A Message from the Mayor is presented and read, as follows, to-wit:

"January 16, 1921.

Gentlemen of the Council  
Of the City of San Diego, California.

Honored Sirs:-

With reference to the ordinance which I have this day vetoed and am returning herewith, entitled:-

"AN ORDINANCE PROVIDING AND FIXING COMPENSATION FOR ALL POSITIONS OR EMPLOYMENTS IN THE VARIOUS DEPARTMENTS IN THE CITY GOVERNMENT OF THE CITY OF SAN DIEGO WHERE SUCH COMPENSATION IS NOT OTHERWISE FIXED OR PROVIDED FOR BY THE CHARTER, AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH."

I have vetoed this ordinance, first because it is in conflict with the City charter as provided in written opinion by the City Attorney, dated January 11th, addressed to the Common Council.

Second, because it is an off-again; on-again appendix to the budget vetoed by the Mayor on January 5th and is a new way of procrastinating and beating the devil around the bush and creating loopholes for cuts or advances in salaries already determined in ordinance budget passed and signed by the Mayor on January 13th, and right here, let me state in answer to the remarks of two of the councilmen and in justice to the employees of the city government, that no employee came to the Mayor with a grievance or complaint, but the Mayor did think it was rather a bold injustice when as councilman, Don Stewart, a member of the salary revision committee, did sanction the raise of a few pets and did sanction a \$10.00 per month cut of some poor girl in the Health Department, the overworked boys in the City Clerk's office and the firemen. The Mayor cannot reconcile himself to the fairness of these glaring ventures, and answering another outburst about the Mayor not being on the job for a year and a half, the fact that the Mayor is on the job every minute of the time, has worried some of the councilmen because they cannot put over everything to their liking. I am

not obliged to live in the old delapidated city hall to be Mayor. The charter does not insist upon any more chair-warmers other than are already occupied. The Mayor's duties are many and they are well taken care of. They never have been better analyzed nor given more independent attention but it is impossible to absorb one's presence in a house divided against itself. Cooperation cannot be possible because of an invisible government which is a constant menace to the city hall and which the Mayor never has and never will recognize. I shall prefer to be myself, declaring the right to express myself openly and honestly. Ingratitude is the disgruntled child of confusion and jealousy. Many in office today owe me their office and many other things, and they have reciprocated by the highest rate of exchange,- ingratitude.

Very truly yours,

L. J. WILDE,

Mayor of the City of San Diego, California.

LJW/F

"San Diego, California, April 23, 1921.

To the Honorable, the Common Council of the  
of the City of San Diego, California.

Sirs:

I am returning herewith without my approval, the Ordinance entitled "An Ordinance amending Section 1, of Ordinance 1146, of the Ordinances of the City of San Diego, California".

I do not approve of the Ordinance for the reason that I feel it is too far reaching in that it permits the keeping of any number of hives of bees in any part of the city, so long as they are located one hundred feet distant from any highway.

This would permit the establishing of an apiary in the heart of our best residential districts, which we do not want. If the Ordinance was modified so that a limited number of hives could be kept in the outlying sections of our city, I would see no serious objection.

Respectfully,

Harry K. Weitzel,  
Acting Mayor of the  
City of San Diego."

A Message from the Mayor is presented, and read as follows, to-wit:  
 "August 15, 1921.

TO THE HONORABLE COMMON COUNCIL,  
 OF THE CITY OF SAN DIEGO.

I am returning herewith, an ordinance passed by your Honorable Body on August 8th, 1921, entitled:

"AN ORDINANCE APPROPRIATING THE SUM OF \$30,000.00 OUT OF THE WATER DEVELOPMENT FUND, FOR THE PURPOSE OF PURCHASING WATER FROM THE CUYAMACA WATER COMPANY DURING THE MONTHS OF AUGUST AND SEPTEMBER, 1921."

being Document #137152.

I disapprove of this ordinance, and do veto it for the following reasons:  
 The Charter states that "The Water Development Fund shall be used for the management, maintenance and development of the Water Development System." I believe that it is the intention of the Charter to have this fund expended for the actual improvement of the present water system, and the development of it's water sources, not for the purchase of water from an already developed system.

Secondly, San Diego is about to start on a comprehensive scheme of water development at the El Capitan or such other location as may be decided upon, and every dollar that can be obtained for this purpose is needed for this new development work.

One of the most vital questions that the City Government must consider today is the development of water. I do not feel that any emergency exists at this time which would justify the diversion of any funds, which are, or may be available for this development work, particularly such funds that by the Charter are set aside for this specific purpose.

This veto is not intended as a criticism of the Council's action in any way, but is to draw the attention of the Council to the fact that a definite financial policy must be adopted and adhered to, and the Mayor feels that after mature consideration, the Council will agree with the facts set forth herein.

(Signed)

John L. Bacon,

John L. Bacon,

Mayor. "

A Message from the Mayor is presented, and read as follows, to-wit:

"November 7, 1921.

TO THE HONORABLE COMMON COUNCIL,  
OF THE CITY OF SAN DIEGO.

Document #138885 is returned herewith.

I am vetoing this ordinance for the following reason. In order to satisfactorily settle the various questions in connection with the Police Pension Fund it seems advisable, at this time, to go into the matter and cover several points which have not been considered. The only provision made in the ordinance for funds is an assessment of Two Dollars per month against each member of the Police Department.

This will not provide sufficient funds and until a scheme is worked out by which an adequate fund can be provided, it hardly seems just to assess members of the Police Department without providing adequate means for receiving the balance of the fund.

Respectfully submitted,  
(Signed) John L. Bacon,  
John L. Bacon,  
Mayor."

A MESSAGE FROM THE MAYOR is presented and read, as follows, to-wit:  
"May 24, 1922.

TO THE HONORABLE COMMON COUNCIL,  
OF THE CITY OF SAN DIEGO.

I am returning herewith document #142677. I veto this ordinance for the following reasons.

As worded, the ordinance would seem to authorize an eight cent rate on all of any tract of land, provided that there was on that tract an acre or more of land used exclusively for agricultural purposes. In other words, it does not require that all of the land in the tract shall be used for agricultural purposes, but only that a part equal to an acre or more be used for that purpose, and any amount of water could be used for any other purpose on the balance of that tract.

If an ordinance of this kind is to be passed it would seem that the poor man, the man with a small truck patch is the one that should be benefitted. As drawn, the ordinance would not help him.

An eight cent rate is, of course, considerably below the actual cost of water, and the only reason for it's adoption would be to relieve a public need or promote a public good. An eight cent rate is too high to promote any great amount of agriculture. We have no surplus water to warrant any such encouragement in any event, and if a reduced rate is adopted such a rate should be limited to those who are already using water on developed tracts.

Various legal proceedings are also under way in connection with future water development, and nothing should be done at this time that would in any way give anyone an impression that there is any surplus of water.

One of the arguments advanced for the reduced rate is that one of the principal users to be benefitted would be an institution, one of whose principal activities is along educational lines. An ordinance reducing the water rate for educational institutions on the ground that they are serving in a semi-public capacity would seem to be more just to cover this point.

John L. Bacon,  
John L. Bacon,  
Mayor."

It is moved by Councilman Bruschi, seconded by Councilman Held that the foregoing ordinance be adopted, notwithstanding the foregoing veto by the Mayor, which motion receives the following vote, to-wit: Ayes--Councilmen Bruschi, Held and Stewart. Noes--Councilman Weitzel. Absent--Councilman Heilbron. Thereupon it is announced by the Chair that the motion is lost.

At this time Councilman Heilbron takes his chair.

At the request of Councilman Heilbron, the Clerk is instructed to show a record on the minutes of the attitude of said Councilman Heilbron relative to the above proposed ordinance, and that he would have voted "No" on the above motion to pass said Ordinance notwithstanding said veto.

After first giving due notice, President Pro Tempore Stewart did, in open session, sign:  
An Ordinance appropriating \$12.90 relief employees at Barrett Dam.  
An Ordinance authorizing lease to Robt. Eadie of P. L. 1203.  
An Ordinance authorizing Public Library expend more than 1/12 allowance.

Thereupon, on motion Council adjourns.
