Said ordinance as adopted is as follows, viz:

O R D I N A N C E No. 1505.

-----  
An Ordinance granting a telephone franchise to Arthur Wright in the City of San Diego, California.

B E I T O R D A I N E D, By the Common Council of the City of San Diego, as follows:

Section 1. That a franchise in the City of San Diego, California, be and is hereby granted

to Arthur Wright, his successors or assigns, to construct, erect, maintain and operate a line or lines of telephone and telegraph wires by means of conduits and poles with wires attached thereto, upon, over, and along the streets and alleys in the said city, together with certain appurtenances and incident rights hereinafter mentioned, upon the terms and conditions herein-after mentioned, which franchise, terms, and conditions are more particularly described as follows:

A franchise to erect, maintain, and operate for a term of thirty years, poles, and wires with all necessary and auxiliary fixtures, upon, over, and along the streets, alleys, lanes, highways, and public places of the said City of San Diego.

And to transmit sounds, signals, conversation, and intelligence through and over said wires by means of electricity, together with the right to construct, operate and maintain all necessary feeders, surface wires, house connections, and such other apparatus and appliances in connection therewith as may be necessary for the purpose of safely and efficiently operating and maintaining said system of poles, wires and fixtures, and carrying on a general telephone, telegraph, district messenger and burglar alarm business by means thereof.

PROVIDED, That the said City of San Diego reserves the right to purchase for municipal ownership, at a fair valuation, at any time after ten (10) years after <sup>granting</sup> this franchise, any telephone or telegraph system constructed under this said franchise shall also be granted upon the following terms and conditions, viz:

FIRST: That the grantee of said franchise, his or its successors or assigns, shall in good faith lay out and expend for material and labor used and performed in the construction of said system, the erection of said poles and in the construction and installation, in connection therewith of wires, switchboards, and telephonic apparatus and appliances, the following sums within the periods hereinafter mentioned, respectively:

Thirty thousand dollars (\$30,000.00) within eight months after the grant of said franchise; a further and additional sum of thirty thousand dollars (\$30,000.00) within twelve months after said grant; a further and additional sum of thirty thousand dollars (\$30,000.00) within eighteen months after said grant, and a further and additional sum of thirty thousand dollars (\$30,000.00) within twenty-four months after said grant, making a total of one hundred and twenty thousand dollars (\$120,000.00) to be expended within twenty-four months after said grant, exclusive of the cost of any building or real estate.

And it shall be the duty of the grantee of said franchise, his or its successors or assigns, to file with the City Clerk of the said City of San Diego, before or within ten days after the expiration of each of said periods of eight, twelve, eighteen and twenty-four months after the grant of said franchise, a statement, verified by the oath of said grantee, his successors or assigns, or by the oath of the manager or presiding officer of said grantee, its successors or assigns, showing the sums expended for said material and labor by said grantee, his or its successors or assigns, during the preceding period of eight, twelve, eighteen, or twenty-four months, as the case may be, provided, that, if any or all of said sums are expended within a less time than the period above stated, that the filing of such affidavits shall not be delayed until the expiration of said respective periods, but said affidavits shall be filed within ten days after said respective sums have been so expended, provided, that at least said respective sums must be expended within the respective periods above named.

And any failure or omission to pay out and expend for said labor and material, the full

man herein before required to be expended within the  
of the respective periods described in any ordinance or resolu-  
tion to file within the time herein prescribed, any of said  
required statements, may seek a forfeiture of the said fran-  
chise, and of all rights thereunder, to the City of San  
Diego.

Second: That the poles to be erected and main-  
tained under said franchise shall as to size and  
height, and as to erection and location, conform to the  
reasonable rules and regulations of the Street Super-  
intendent of the City of San Diego, and to the ordinan-  
ces of the said City of San Diego.

Provided, That all poles shall be set in the alleys  
in blocks which have alleys in all residence fronts of the  
City, and through the center of blocks without alleys in  
the residence fronts of the City, where the consent of the prop-  
erty owners thereof can be obtained.

Third: That the grantee of said franchise, his  
or its successors or assigns, shall, within thirty days  
from the date of the commencement of the operation of  
said telephone business, furnish to the City of San  
Diego twenty-five telephones and connect the same with  
the telephone system of said grantee, his or its successors  
or assigns, and thereafter maintain and keep the same  
in good repair and working order during the term  
of said franchise without expense or charge to the  
City of San Diego; and that said grantee, his or its  
successors or assigns, shall, if required by said

City, furnish and allow to it, during the term of  
said franchise the free use of four pairs in the  
top cross arm of each of the poles erected and  
maintained under said franchise during the whole  
term thereof, for the purpose of carrying or other-  
wise wires used by said City for telegraph, telephone,  
or police or fire alarm purposes, provided however,  
that said City shall, in its use and maintenance

of its conductors or such cross arms, carefully notify  
the reasonable plans and rules of said grantee,  
his or its successors or assigns, as that there shall  
be a minimum danger of contact between the  
said conductors and the poles or cables of the said

grantee, his or its successors or assigns.  
Fourth: That in event the said Council of the  
City of San Diego, by general ordinance, applicable

to all telephone, telegraph, electric messenger, fire alarm  
electric light, and other companies of like nature, shall be  
rest that over-head wires shall be placed in conduits, it shall  
be the duty of the grantee of this franchise, his or its successors  
or assigns, to conform with the regulations and provisions  
of said Ordinance.

Provided, That in the construction of any and all lines  
under this franchise, all wires shall be placed in conduits  
under ground in the business sections of the City, as fixed  
by the Common Council of said City.

Eight: That all telephone lines constructed or operated  
under a franchise shall have full metallic circuits;  
That the rent or charge for such circuits in dependent on  
taller circuit telephone service in the system established or  
maintained under said franchise, so long as said system does  
not exceed and exchange with more than two thousand  
(2,000) telephones, shall not exceed fifty-four dollars (\$54.00)  
per annum for a telephone installed in any business office  
or premises within a radius of one and one-half miles from  
the intersection of Fifth and D Streets, and an additional  
charge of six dollars (\$6.00) for annum for each addi-  
tional mile or fraction thereof; or twenty-seven dollars  
(\$27.00) per annum for a telephone installed in private res-  
idence for residence use, within a radius of one and one-  
half miles from the intersection of Fifth and D Streets,  
and for each additional mile or fraction thereof an  
additional charge of six dollars (\$6.00) for annum; and  
that when said system shall comprise more than two  
thousand (2,000) telephones the annual rent or charge for  
the same and services shall not be more and shall be  
that a sum equal to six dollars (\$6.00) per annum  
for each one thousand (1,000) telephones in said City  
connected with said system in excess of two thousand  
and (2,000).

Ninth: That, except as herein after provided,  
said grantee, his or its successors or assigns, shall  
not, without the consent of the City, evidenced by  
ordinance, sell or transfer the conduits, poles, wires  
and appliances of any kind or description, or all  
lease, assign or transfer any of the rights or  
privileges herein authorized or granted to any person,  
company, trust or corporation, now or hereafter  
engaged in the telephone, telegraph, electric messenger  
or fire alarm or electric business, and

shall not at any time enter into any combination, directly or indirectly, with any person or persons, or any corporations, concerning the rate to be charged for telephone, telegraph, district messenger or burglar alarm services, nor with any officer or officers, employees or managers of any conduit, telephone, telegraph, district messenger and burglar alarm system, constructed or being operated in this City; provided, however, that said grantee, his or its successors or assigns, may assign this franchise to a corporation organized by him or them under the laws of the State of California, or some other state of the United States for the purpose of carrying on a general telephone, telegraph, district messenger and burglar alarm business, and of owning, constructing, maintaining, and operating lines, conduits, cables, wires and other electrical conductors, together with all necessary feeders, service wires and house connections, to be used for the transmission of sounds, signals, and intelligence by the means of electricity, in the City of San Diego; and provided further, that notice of said assignment shall be filed with the City Clerk of the said City of San Diego within sixty days after the execution of said assignment.

Seventh: That the person, partnership or corporation to whom said franchise is granted or awarded, his or its successors or assigns, shall, during the life of said franchise, pay the City of San Diego, in lawful money of the United States, two per cent. of the gross annual receipts of such grantee, and his or its successors and assigns, arising from the use operation, or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise, his or its successors or assigns, to file with the said City Clerk of the City of San Diego, at the expiration of six years from the date of granting of said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of said grantee, his successors or assigns, or by the oath of the manager or presiding officer of said grantee, or by its successors or assigns, showing the total gross receipts and gross earnings collected

or received, or in any manner gained or derived by the said grantee, his or its successors or assigns, during the preceding twelve months, from telephone, telegraph, district messenger and burglar alarm charges and rentals, and from the leasing or letting of lines or poles or conduits. And within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee, his or its successors or assigns, to pay to the City Treasurer of the said City of San Diego, the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, determined and computed in the manner hereinbefore provided. And any neglect, omission or refusal by said grantee, or his, or its successors or assigns, to file said verified statement, or to pay said percentage of the said gross annual receipts, at the time or in the manner hereinbefore provided, shall work a forfeiture of said franchise, and of all rights thereunder, to the said City of San Diego.

Eighth, That the grant of said franchise, rights and privileges is subject to the right of the said Common Council to fix a reasonable rate of compensation to be charged and collected by any person, company, or corporation, for the use of a telephone or telephones under such franchise, and also subject to all the provisions of <sup>the</sup> law and Charter of the said City of San Diego, relative to the granting of such franchise, rights and privileges.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon work a forfeiture thereof, and the said City, by its Common Council, may thereupon declare said franchise forfeited, and may exclude said grantee, his or its successors and assigns, from further use of the streets of said City under said franchise.

Ninth, The grant of this franchise is subject to the right of the said Common Council at any time hereafter to repeal, amend, or modify this ordinance.

Section 2, That this ordinance shall take effect and and be in force from and after its passage and approval.

Section 3. That the City Clerk of the said City

of San Diego, he and he is hereby authorized and directed, immediately after the approval of this ordinance to publish or cause the same to be published once in the City official newspaper of said City, to wit, the San Diego Union and Daily Bee.

and spending at adjournment of the meeting of Feb-  
ruary 8th 1904, is now taken up. Whereupon on  
motion, said Resolution is so placed on the table.

The following Report of the Street Committee in the  
matter of the offer of John H. Day to furnish oil for the  
lighting of certain streets and landmarks, is read and adop-  
ted by:

San Diego, Cal. Feb. 12th, 1904.  
To the Board of Delegates,  
City of San Diego.

Dear Sirs: The Street Committee respectfully reports  
that after consideration of the offer of John H.  
Day dated July 6th, 1904, its findings are for the ac-  
ceptance of certain streets and landmarks in this City  
in connection with a former offer of the Chamber  
of Commerce dated Nov. 20th, 1903, for the same  
purpose, but later withdrawn; it is of the opin-  
ion, that the improvement of the streets and

and boulevards as contemplated would prove a material advantage to the City.

Among the conditions imposed by Mr. Gay is that a certain specified route followed, which in the main your Committee approves, but the insistence upon the part of Mr. Gay as evidenced by his communication, that 5th Street between Upas Street and University Avenue form a part of the route, instead of 4th Street between Walnut Avenue and University Avenue (formerly recommended by your Committee) is regarded as decidedly unfortunate; as it has been the known intention of the Common Council to order the paving of 5th Street to University Avenue as soon as certain new sewer and water pipes are laid therein; and also on account of the location of the street railway tracks on the said 5th Street.

However, your Committee yields its better judgment in this particular to the condition imposed, in order that the general benefits of the donation may be obtained.

The Park Committee of the Chamber of Commerce has previously undertaken to prepare the boulevards within the limits of the park, and now the said Committee agrees to also assume the task of applying the oil within the limits of the park, if the Common Council accepts the offer made by Mr. Gay.

It is believed by your Committee that Mr. Gay will not object in any manner to this part of the work being executed as above mentioned, since it will certainly expedite the completion of the improvements, and will also largely avoid the matter of a divided responsibility in superintending the work within the confines of the park.

In regard to the expressed requirement with its attendant conditions that the donor makes as to when the oil will be furnished; namely, when all the roads, streets, and boulevards are put in Condition to receive the said oil, we feel this to be a serious obstacle to the early and practical accomplishment of the work for the following reasons:

1st The donor expressly stipulates that the oil must be removed from the tank cars without delay in order to avoid demurrage.

The City has no means of storing the oil, therefore it will be impossible to hasten this task beyond

a certain point.

2<sup>nd</sup>. After the preparation of the different sections of the roadway the oil should be applied as soon as possible to preserve the same.

3<sup>rd</sup>. The means available for the actual oiling of the streets are limited and a satisfactory progress of the work would require the oiling to follow as closely as possible the preparation of the roadways.

Mr. Gay states that all parties should work in harmony in a businesslike way to promptly secure the improvement of our City, in which opinion we heartily agree and cordially endorse; and we therefore suggest that the Condition as to the time when the oil will be furnished be modified so that a portion of the oil will be supplied as soon as the Street Superintendent is ready to use it, and thereafter by the car when required by the Street Superintendent, and the work may progress as rapidly as possible.

We are of the opinion that the offer of Mr. Gay, should be accepted, and that every effort be made to secure the completion of the work within the time limit fixed (May 1<sup>st</sup>, 1904) and therefore recommend the adoption of the accompanying Ordinance.

We state our general views in detail as above for the reason that it is necessary to consider the responsibilities that the three parties; namely Mr. Gay, the Common Council, and the Park Committee shall bear in the matter, and which are divided as follows, viz:

1<sup>st</sup>. John H. Gay will furnish the oil for oiling certain streets, roadways, and boulevards, on the route as specified.

2<sup>nd</sup> The City will prepare all streets and roadways, on the route specified outside of the park limits, and oil the same.

3<sup>rd</sup>. The Park Committee to prepare all boulevards and roadways on the route specified within the Park limits, and oil the same.

We also recommend that the City Clerk be directed to send a copy of this report to Mr. John H. Gay with the request that he will agree to commence supplying the oil when the Street Superintendent is prepared to use it, upon

notification from the Board of Public Health.  
We further recommend that a copy of this report be  
sent to the Park Committee for their information.  
Respectfully,  
John S. Campbell,  
John S. Dehn,  
John S. Hurman,  
Don M. Stewart,  
H. M. Davis.

Whereupon an Ordinance providing for the taking of certain  
streets, avenues, and landmarks, is presented and read and  
in motion, adopted, by the following vote to wit:

McNell, Lambert, Coker, Creelman, Good,  
Candler, Butterfield and Briggs.  
Nays, None.  
Absent, Delegates, Richard Reed, Lillian Drigman and  
Williamson.

Said Ordinance as adopted is as follows, viz:  
Ordinance No. 1507.

An Ordinance providing for the taking of certain streets,  
avenues, and landmarks in the City of San Diego, Cal.

Whereas, John N. Gay has made to the Common Council  
of the City of San Diego, California, a proposition in  
writing, dated on the 6th day of February, 1904, to  
furnish crude oil for ciling those certain streets, av-  
enues, and landmarks heretofore provided; provided,  
that the same shall be preferred and put in good  
condition for receiving such oil, and said oil to be put  
thereon by the said City of San Diego, said work to be  
completed by May first 1904, and

Whereas, the said Common Council is desirous of  
accepting said proposition and providing for the doing  
of said work,

Now, Therefore, Be it Ordained, By the Common  
Council of the City of San Diego, as follows:  
Section 1. That the offer of the said John N.  
Gay, to furnish crude oil for ciling those certain  
streets, avenues, and landmarks in the City of San  
Diego, California heretofore described, be and the same  
is hereby accepted, without street, avenues, and work  
thereon are denoted as follows, to wit:

section of Milwaukee Boulevard and Park Boulevard; these  
running north along Park Boulevard to the north  
line of the Shawnee Street; these Public Park;  
these running through the said Shawnee Street  
here Public Park along the boulevard to be graded by  
the said Chamber of Commerce, to a point where the  
north end of the said Street terminates at the south  
line of said Park; further, that said Street, Avenue,  
and boulevard shall be put in good condition to receive  
said oil and said oil put upon said Street without  
any expense to the said John R. Day, other than furnish  
said oil.

That the Board of Public Works of the said City  
of Chicago, be and it is hereby authorized and de  
creed to put all of said Street, Avenue, and bu  
lewards (or part that portion thereof outside of said bu  
lewards) in good condition to receive said oil, and to also  
place said crude oil upon said Street, Avenue, and  
bouwards, outside of the said Public Park, when the  
same shall have been put in good condition therefor;  
The said work of putting said oil on said Street, Avenue,  
and bouwards, and the preparing of the said Street and

San Diego, Cal, Feb. 12<sup>th</sup>, 1904.

To the Common Council,  
 City of San Diego,

Gentlemen:—

The Street Committee, to whom was referred a Joint Resolution directing the Committee to investigate the advisability of increasing the street force, herewith reports as follows:

We are of the opinion that the present street force is too small to accomplish the work required of it at the present time; and that in future the work will increase rather than diminish. For these reasons we recommend that the street force be increased by adding four men and two teams.

We present herewith an ordinance to carry this recommendation into effect, and recommend its adoption.

Resolution Ordering the Work.

Of grading Main Street in the City of San Diego, Cal  
ifornia, from the west line of Fifth Street to the east  
line of Third Street.

Resolved, by the Common Council of the City of San  
Diego, a municipal corporation in the County of San  
Diego, State of California, that the public interest and  
convenience of said City require that the street work  
herein after described be done, and therefore the said Com-

mon Council hereby orders the following street work to  
be done in said City, to wit:

That Main Street in the City of San Diego, Calif  
ornia, from the west line of Fifth Street to the east line of  
Third Street, and the sidewalks there, and all intersec-

tions of street between said points and the sidewalks of  
such intersection, except the intersection of the said  
Main Street with Fourth Street and the sidewalks of

such intersection, be graded to the official grade shown  
according to the specifications thereof as contained in  
Ordinance No. 1141, of the Ordinance of the said City,

of San Diego, entitled, "An Ordinance providing for the  
grading of streets in the City of San  
Diego, California," approved on the 17th day of June, 1902,

on file in the office of the City Clerk of the said City  
of San Diego,  
That there shall be no new curbs placed in the  
said Main Street nor any old curbs removed until

grading the same.  
That the point where the surface sunk to here  
moved from the said Main Street in so grading the  
same, shall be placed and separated, in every place,

An Ordinance prescribing specifications for the oiling of graded streets, is presented, and on being read is unanimously adopted by the following vote to wit:

Ayes. Delegates, Schow, Chapman, Stewart, Guinan, Wright, McNeill, Lambert, Ecker, Creelman, Good, Scudder, Dutten Lewis and Briggs.

Nays. None.

Absent. Delegates, Richert, Meed, Simpson and Williamson.

Said Ordinance as adopted is as follows viz:

Art. 1.

Ordinance No. 1566.

An Ordinance Prescribing Specifications for the oiling of graded streets in the City of San Diego, California.

Be It Ordained, By the Common Council of the City of San Diego, as follows:

Section 1. That the oiling with crude oil of the graded streets in the City of San Diego, California, shall be hereafter done in accordance with the following specifications, viz:

1. The street to be oiled shall be first brought to its official grade and cross-section.

2. The entire surface of the roadway, between the gutter lines if there be gutters, or between curb lines, if there be no gutters, shall be thoroughly moistened with water, and shall then be rolled with a roller weighing not less than two hundred and fifty (250) pounds to the inch width of tire. All depressions must be promptly filled, mended, and again rolled.

3. The entire surface of the roadway shall be rolled free from all stones larger than one (1) inch in greatest diameter.

4. The entire surface between the curb lines or between the gutter lines, as the case may be, which shall have been rendered perfectly smooth and hard by the process above specified, shall then be broken to a depth of not less than two (2) inches, by a pair of rollers, or similar apparatus, dragged in every direction over it until no curb remains untouched.

5. One shall then be evenly distributed over the entire surface in a uniform layer to, but not exceeding the amount the surface of the street will absorb, in such manner that no oil shall remain on the surface, and the surface shall then be harrowed with a disc harrow or mixer or rolled with a spoke roller, capable of doing work equal to the work done by the "high grade" spoke roller.

6. After a layer of not less than three (3) hours, the surface shall be again harrowed and shall receive a second application of oil. Any part of the roadway upon which a portion of the oil or the residue thereof may be seen, shall then be sprinkled with sufficient oil to absorb the same, and any further that appears too dry shall receive a further light application of oil.

7. The roadway shall then be harrowed or rolled with a spoke roller, capable of doing work equal to the work done by the "high grade" spoke roller, until the oil becomes thoroughly incorporated with the surface material.

8. The entire surface of the roadway shall then receive a light covering of sand, and shall be thoroughly rolled and finished until no evidence

of oil remains except the coloring of the material and until sufficiently compacted to withstand ordinary traffic without rutting.

9. The total amount of oil used shall be as follows:

For the first application, one (1) gallon per square yard of the surface of the roadway oiled.

For the second application one-half ( $\frac{1}{2}$ ) gallon per square yard of the surface of the roadway oiled.

10. When accepted the roadway shall be on the official grade and cross-section, having a true and even surface and crown.

11. The oil used shall be of a density between eleven (11) and fourteen (14) degrees (Baume scale) gravity, asphalt base, and heated to a temperature of not less than two hundred (200) degrees Fahrenheit, when being applied.

12. The oil shall not contain more than two (2) per cent of water. The percentage of water shall be determined by a twenty-four (24) hours test of each shipment of oil delivered, and the necessary deduction for all water contained in the oil in excess of two (2) per cent, shall be made.

13. The Contractor shall notify the Superintendent of Streets of the arrival of the oil, that the necessary tests may be made; and no oil shall be used until it has been tested as herein before provided for.

14. The Contractor shall furnish all labor, material and appliances necessary for the prosecution of the work to completion in a thorough and workman-like manner.

15. Bids shall state the price per barrel (42 gallons) of oil applied on the roadway according to the method prescribed in these specifications, and the price per barrel so bid shall include the cost of sprinkling, rolling, tamping, sanding and harrowing as required in these specifications, and all labor and material, and all expenses, direct or indirect, connected with the proper execution of the work, and of maintaining it in perfect condition until it shall have been finally accepted by the Superintendent of Streets.

16. The Contractor shall, when required to do so by the said Superintendent of Streets, remove from the work any overseer, Superintendent, laborer, or other person employed on the work, who shall refuse or neglect

to obey the said Superintendent of Streets in any way as to the work, or who shall perform his work in a manner contrary to these specifications, or who shall be found to be incompetent or inefficient.

17. All loss or damage arising from the nature of the work to be done under these specifications, during the progress of the work, and before the acceptance thereof, or from any act or omission on the part of the contractor, or any agent or person employed by him, occurring in the course of the work, not authorized by these specifications, shall be sustained and borne by the contractor.

18. No work which may be defective in its construction or defective in any of the requirements of these specifications will be considered as accepted in case of non-acceptance of the failure of any officer of the City or supervisor connected with the work to point out said defects or deficiency during construction, and the contractor shall be required to correct any imperfection in work whenever discovered, before the final acceptance of the work.

19. The Contractor shall erect and keep erected, by day and night, a fence or proper barrier along the base of the work and across the ends of same, in order to prevent travel over that portion of the street upon which operations, incident to the carrying out of the work herein contemplated, are being carried on, and he shall post all proper notices and signals to the public of the state of the street while the work is in progress.

20. No more than two (2) consecutive blocks, and no more than one cross street shall be closed at any one time.

21. The Contractor shall maintain a red light at night at each end of the barrier, from sunset to sunrise.

22. The Contractor shall remove all surplus material and rubbish from the work after its completion, and before he makes application for the acceptance of the work.

23. All the work herein provided for must in all cases be done under the direction and to the satisfaction of the said Superintendent of Streets, and the contractor shall comply with the specifications hereinafter set forth.

in contained, and he to the satisfaction of the said Defendant  
until they have been examined and approved by the said Defendant  
Defendant of Street, who shall have full power to condemn any  
work or material not in accordance with these specifications,  
and to require the Contractor to immediately remove any  
work or material so condemned, and the Contractor, at his  
own expense shall replace said work or material to the satisfaction  
of the said Defendant of Street. The decision of the  
said Defendant of Street shall be final, so to the grade  
of the work and materials used, unless the Common Council  
shall determine otherwise upon an appeal.

27. The Contractor shall notify the said Defendant of  
Street when he desires a final inspection of the work, when  
the latter shall as soon as possible, make the necessary examination,  
and if the work is found to be in compliance  
with the above specifications, the said Defendant  
of Street shall furnish the Contractor with a certificate  
to that effect.

25. Whenever the word "Contractor" is used in these specifications,  
it shall be understood to refer to the party or  
fracter to whom the contract has been awarded for the  
construction of the work herein specified.

26. Whenever the words "Defendant of Street" are  
used in these specifications, they shall be understood to  
refer to the Defendant of Street of the City of San  
Diego, California.

Section 2. That this ordinance shall take effect and  
be in force from and after its passage and approval,  
Section 3. That the City Clerk of the said City of  
San Diego, he and he is hereby authorized and directed  
to immediately after the approval of this ordinance,  
to publish or cause the same to be published  
once in the City official newspaper of said City, to wit:  
the San Diego Union and Daily Bee.

"San Diego, California, Improvement Bonds, \$381,000.

Dillon & Hubbard,

Attorneys & Counselors at Law,

Western Union Building 195 Broadway,

New York February 8, 1904.

National Bank of Commerce,  
San Diego, California,

Dear Sirs;

At your request we have examined into the validity of four proposed issues of bonds of the City of San Diego, California, to wit:

\$199,000 bonds for water Improvements.

\$140,000 bonds for Sewer Extensions,

\$37,000 bonds for fire improvements,

\$5,000 bonds for bridges;

Said bonds bearing date July 1, 1903, bearing interest at the rate of four and one-half per centum per annum, payable semi-annually, January 1, and July 1, said bonds being of denominations and payable as follows:

Water Improvement Bonds - 160 bonds of the denomination of \$1000 each and 40 bonds of the denomination of \$975 each; four of said bonds of \$1000 each and one of said bonds of \$975 each being payable each year, beginning July 1, 1904, and so on until all of said bonds become payable;

Sewer Extension Bonds - 280 bonds of the denomination of \$500 each, seven of said bonds being payable each year beginning July 1, 1904, and so on until all of said bonds become payable;

Fire Improvement Bonds - 37 bonds of the denomination of \$1000 each, one of said bonds being payable each year beginning July 1, 1904, and so on until all of said bonds become payable;

Bridge Bonds 10 bonds of the denomination of \$500 each, one of said bonds being payable each year, beginning July 1, 1904, and so on until all of said bonds become payable;

All of said bonds being issued under an Act of the Legislature of the State of California which became

a law February 25, 1901.

We have examined the Constitution and statutes of the State of California, and certified copies of proceedings authorizing the issue of said bonds, including the ordinance setting forth the form of the proposed bonds.

It is our opinion that the issue of said \$381,000 bonds has been duly authorized in accordance with the Constitution and statutes of the State of California, and that when said bonds have been duly prepared, sealed with the corporate seal of the City, signed by the Mayor and Treasurer, and countersigned by the City Clerk, the Coupons bearing the engraved, lithographed or manual signature of the City Treasurer, and when said bonds have been sold for not less than par and accrued interest to date of delivery and payment for the bonds, and have been delivered and paid for, said bonds will constitute the valid and legally binding obligations of said City of San Diego.

Very truly Yours,

Dillon & Hubbard,

The following Report of the Street Committee in the

matter of closing up a portion of the streets and alleys, in Pueblo Lot No 1111, University Heights, is read and on motion, adopted Viz,

San Diego, Cal, Feb 19th. 1904.

To the Common Council

City of San Diego,

Gentlemen;

The Street Committee to whom was referred, the Petition of the San Diego Electric Railway Company, for the closing up of certain portions of streets in University Heights, as follows: Adams Avenue from the West line of Campus Avenue to the East line of Florida Street, Campus Avenue, North Avenue, Park Boulevard, Georgia Street, Florida Street, the Alleys in blocks 23, 24, 25, and 26, of said University Heights from the South line of Pueblo Lot 1111, to the North end of said avenues, boulevard, streets, and alleys, all contained in said Pueblo Lot 1111 together with certain protests against said <sup>proposed</sup> street closing, herewith reports and recommends as follows;

That the Petition of the San Diego Electric Railway Company be granted, provided that Florida Street shall only be closed from the present North line of Adams Avenue to the North end of said Florida Street; and provided further that the Street Railway Company will dedicate for the use of the public a street 80 feet in width, the South line of which shall be coincident with the South line of Pueblo Lot 1111, from the West line of Campus Avenue to the West line of Florida Street, said street to be known as Adams Avenue.

The action thus proposed will remove Adams Avenue from the West line of Campus Avenue to the West line of Florida Street, about 125 to 150 feet South of its present location and overcomes the objections cited by Laura M. Oak, and Marceline Cesena, in their protests against the proposed closing up of the portions of the avenues, boulevard streets and alleys above mentioned. We therefore recommend that said protests be denied.

We recommend that the City Attorney be instructed to prepare and present to the Common Council, the necessary papers, to carry this rec-

ommendation into effect, the Electric Railway Company to pay all expenses of advertising.

The further recommend that the City Attorney procure from the San Diego Electric Railway Company a deed to a strip of land 80 feet in width, between Campus Avenue and Florida Street above mentioned for use as a public street, at the earliest possible time.

Respectfully,

J. C. Myers,  
D. F. Jones,

Said Resolution as adopted is as follows viz:

Resolution of Intention.)

To change the grade of "G" Street in the City of San Diego, California, at certain points between the east line of Twenty-fourth Street and the west line of Twenty-fifth Street in said City.

Whereas, the owners of a majority of the property affected by the herein proposed Change of grade of that portion of "G" Street in the City of San Diego, California, at the points herein after designated and described, have petitioned the Common Council of the said City of San Diego, to change the grade of that portion of the said "G" Street at said points and

Whereas, the said Common Council hereby finds that said petition contains the names of the owners of a majority of the property affected by the said proposed change of grade, now therefore,

Be It Resolved, that it is the intention of the Common Council of the said City of San Diego, to change and establish the grade of that portion of the said "G" Street in said City as follows:

At a point on the North line of "G" Street two hundred and seventy-five feet east of

the northeast corner of "G" and Twenty fourth streets, change the grade elevation from one hundred and fifty-nine and fifty eight hundredths feet above the datum line of levels as fixed by Ordinance No. 3, of the Ordinances of the said City of San Diego, entitled "An Ordinance establishing a datum line for the grading of streets in the City of San Diego, State of California, and providing for the manner of establishing grades by Ordinance" approved on the 30th day of June, 1886, to one hundred and fifty-nine and sixty five hundredths feet above said datum line of levels.

At a point on the north line of the said "G" Street four hundred feet east of the Northeast Corner of the said "G" and Twenty fourth streets, change the grade elevation from one hundred and sixty-four and thirty three hundredths feet above said datum line of levels to one hundred and sixty-four and fifty-five hundredths feet above said datum line of levels.

That the grade elevations of all points heretofore fixed by the Ordinances of said City shall remain as they now are on the said "G" Street, except as herein specified to be changed.

That there shall be a uniform ascent and descent between all points at which the grade elevations shall have been so established on the said "G" Street when said grade elevations shall have been so changed.

That the center line of the said "G" Street shall have an average elevation of the opposite curb grades.

That the district to be benefitted by the said proposed change of grade, and to be assessed to pay the cost of the same, is hereby described and established as follows:

Commencing at the northeast corner of Twenty fourth and "G" Streets, thence east, following the north line of the said "G" Street six hundred feet to the North west corner of "G" and Twenty fifth Streets; thence north, following the west line of Twenty fifth Street, one hundred and forty feet to the south line of the Alley in block numbered Seven of Breed & Chase's Addition in the said City of San Diego; thence west along the south line of said alley to the east line of Twenty fourth Street; thence south along the said east line of Twenty fourth Street one hundred and forty feet to the place of beginning.

All of the said places being in the City of San Diego, County of San Diego, State of California.

A message from the Mayor, returning without his approval, "An Ordinance Directing the Board of Public Works to employ four additional men and to purchase two teams," is read and ordered filed. Viz:

San Diego, California, February 24, 1904.  
To the Honorable Board of Delegates,  
of the City of San Diego, California,  
Gentlemen:

I herewith return, without my approval, an Ordinance instructing the Board of Public Works to employ four additional men and two teams for the street Department. I veto this Ordinance for the following reasons:

I believe it was the intent of the Ordinance, under which the Street Department is operating to use the street force for the purpose of maintenance, care, and repair of the streets only. If the present force is used for that purpose alone, it is large enough at present.

Any new work we have in the City should be let by contract to the lowest bidder, and let the street force attend to all necessary repair, sprinkling, sweeping, etc.

The Street Department has to day as large an amount of fixed charges for salaries as is wise to impose upon it. The following figures will show the amount appropriated to the Street Department last year, (1903) and how and where the same was expended:

Salaries	\$13990.47
Forage	2068.29
Total	16058.76. — \$16058.76
Incidentals, including,	
Lumber	\$1790.50,
Repairs	1267.06,
Livery	160.00,
Right of Way	120.00,
Transportation	100.80,
Advertising & Meel	2580.33,
Total,	\$6018.69

New Equipment, including,  
Steam Roller \$3900.00  
Scrapers 99.50

La Jolla Bridge

\$150.00  
205.45  
\$4354.95  
\$26432.40

This amount \$26,432.40, covers more than the entire amount for 1903. And we cannot expect that the Mayor and Mead Committee will be able to appropriate more than this for the year 1904, as we have already appropriated for 1904 the following amounts:

1457 - Right of way to Hospital \$150.00	500.00
1470. Doing City Street	
1485. Doing Grading Riverside road.	2800.00
1490. Ref air La Jolla street	150.00
1491. Pander and Miller	215.00
1493. New Canyon road.	900.00
1494. Doing Nat. City Park	130.00
1501. Wagon.	100.00
1571. Cart	70.00

\$5015.00

Doing Throat Street \$1000.00  
Doing N. Street in hands of Com. 575.00

1575.00  
6590.00

It will readily be seen that with the just charges of \$16058.96 for salaries and forage, and \$6590.00 already appropriated out of the revenue for 1904, it leaves only a little more \$3000.00 for incidents, including lumber which is in itself a large item. This balance providing for four men and horses, an additional annual expense of \$2850. for year, in addition to this is the cost of the two teams, and forage for the same for a year which must have to be provided for.

All of which is respectfully submitted,  
Frank O. Tracy,

Mayor of the City of San Diego California

A Joint Resolution Determining the Action to grade 14th Street to contain a subway of the property is read and on motion of Delegate Baker, adopted by the Board, By the Common Council of the City of San Diego, as follows:

Said Ordinance as adopted is as follows: Vig;

Ordinance No. 1533.

An Ordinance providing for the construction of a water pipe line to the County Hospital in the City of San Diego, California.

Be it Ordained, By the Common Council of the City of San Diego, as follows:

Section 1. That the Board of Public Works of the City of San Diego, California, be and it is hereby authorized and directed to purchase the the necessary material for the construction of and to cause the construction of a cast iron water pipe line running from the main at the intersection of San Diego Street and Third Street in said City, thence running along Third Street to Market Street, thence along Third Street to the North line of the County Hospital -

from in said City; said pipe line to consist of - fifteen hundred and fifty - seven (1567) linear feet of four - inch (4") cast iron water pipe; from -

thence, after the opening for each pipe and manhole, any constructing such pipe line, shall not exceed the sum of eleven hundred and twenty five -

(\$1125.00) said work to be done according to plans and specifications to be prepared by the said Board of Public Works.

Section 2. That the Ordinance shall take effect and be in force from and after its passage and approval.

The following Report of the Finance Committee in the matter of applying for said certain purpose

meas. San Diego, is hereby adopted by the Finance Committee, to whom was referred the communication from Citizens, asking the Council to place one of the carriers of newspapers on subscription at San Diego, California, and that the City may subscribe therefor, resolution

make for the sale of the Water Improvement Bonds and the Denver City Loan Bonds be with drawn

To the Common Council  
City of San Diego,  
San Diego, Cal. March 5th 1904.

Respectfully,  
Finance Committee, to whom was referred the communication from Citizens, asking the Council to place one of the carriers of newspapers on subscription at San Diego, California, and that the City may subscribe therefor, resolution

make for the sale of the Water Improvement Bonds and the Denver City Loan Bonds be with drawn

And that said Bonds be sold at once to wit; 25 Series of the Water Improvement Bonds amounting to about \$125,000, and 7 Series of the Sewer extension Bonds, amounting to about \$25,000.00.

We also recommend that the proceeds of the sale of said portion of said Bonds to be sold at once be used exclusively for the purchase of the cast iron and steel which will be required in the construction of said water improvements and sewer extensions, that the balance of said bonds be held and not offered for sale until specially authorized by the Common Council.

We further recommend that the City Clerk be authorized to receive subscriptions for and sell said portion of said bonds herein recommended to be sold, and that the persons subscribing therefor deposit 50% of the face value of the bonds subscribed for.

Said sale to be made subject to Confirmation by the Common Council.

The estimate of the City Engineer shows that the money received from the sale of the bonds herein recommended to be sold will be ample to purchase the cast iron pipe and specials required by both water and sewerage systems, and also the steel for the trestle work. By allowing from six to nine months in which to deliver the cast iron after the contract therefor has been awarded, thus allowing the foundry furnishing said material to ship the same by water, the price therefor will be reduced from \$4.00 to \$6.00 per ton, amounting to about \$15,000.00, which amount, together with the interest saved on the \$190,000.00 of bonds held by the City. Amounting to about \$7500.00 means a net saving to the City of about \$22,500.00.

The Committee believes the saving of affected by following the procedure outlined herein to be of great importance and benefit to the City, and therefore recommends the adoption of the necessary papers to carry this recommendation into effect.

Respectfully

J. M. J. Perrin,  
Geo. H. Crippen,  
J. P. M. Rainbow.

# Special Meeting.

Council Chamber of the Board  
of Delegates of the City of San  
Diego, California, March 10th 1904.

Pursuant to the following call of the Mayor, viz:

Office of the Mayor of the  
City of San Diego, California,  
San Diego, California, March 9th, 1904.

To the members of the Common Council  
of the City of San Diego, California,  
Gentlemen:

I, Frank P. Frary, Mayor of the City of  
San Diego, a municipal Corporation organized and  
existing in the County of San Diego, State of California,  
good Cause appearing to me therefore, do hereby call  
a special session of your Honorable Body for the 10th  
day of March, 1904, at the hour of 7:30 O'clock  
P. M. therefore, at your usual and accustomed  
place of meeting in your Chambers in that Cer-  
tain building known as the "City Hall" situated  
on the South west Corner of Fifth and "G" Streets in  
the said City of San Diego, California.

The purpose for which said special session is  
called is to consider and act upon the question of  
purchasing additional pumping machinery, and  
of developing a greater supply of water for the  
use of the said City of San Diego and its wharves  
and ports.

And you are hereby notified that your pres-  
ence is desired at said special session at said time  
and place, and for the purpose above mentioned.

George D. Goldman, City Clerk of the said City  
of San Diego, and Ex-officio, Clerk of the Common  
Council of said City, is hereby directed and instructed  
to serve, or cause to be served, notices in writing,  
of this call upon each and every member of said  
Common Council, said notice to contain a state-  
ment of the time, place and object of said special  
session.

Frank P. Frary,  
Mayor of the City of  
San Diego, California.

A Special meeting of the Board of Delegates is held this day at 7:30 o'clock P.M. in the Chamber of Delegates.

Present. Delegates, Nelson, Stewart, Burman, Knight, McCall, Lambert, Carter, Freeman, Good, Alexander, Butler, Davis, Briggs, and Clark, Treasurer, - Messrs. Keegans, Rich, Reed, Chapman, - Messrs. and Mrs. Anderson.

The following message from the Mayor is presented, read, and ordered filed.

Office of the Mayor of the City of San Diego, California.

San Diego, California, March 13, 1904.  
To the Members of the Common Council, of the City of San Diego, California.

Having on the 9th day of March, 1904, received a call for and called a special session of your honorable body, for the 10th day of March, 1904, at the hour of 7:30 o'clock P.M. today, at your usual and accustomed place of meeting in your chamber in that certain building known as the City Hall, being now assembled pursuant to said order, I now desire to say to your body:

First, having now assembled pursuant to said order, of the object for which you have convened, which is as follows:

The purpose for which said special session is called is to consider and act upon the proposition of purchasing additional farming machinery of such kind as the board of directors may deem proper for the use of the City of San Diego, and also for the use of the City of San Diego.

We have at present the communication and recommendation of the Board of Public Works to your honorable body relative to the purchase of additional farming machinery and the maintenance of additional farming plants, and the detail of additional water in Mission Valley, and we recommend that your honorable body

take and adopt the necessary steps for the purpose of carrying out the recommendations of the Board of Public Works at an early date. From the information which we have at hand, we are satisfied that a quantity of water can be obtained from Mission Valley sufficient to supply a City two or three times the size of San Diego, with an ample supply of water, and we believe that prompt action should be taken towards developing sufficient water for the use of this City and its inhabitants. The water is there, and all that remains for the City to do is to develop it.

We herewith hand you an Ordinance providing for the purchase and establishment of an additional 25-horse power engine and additional battery, and a number of centrifugal pumps with the necessary appliances, which we recommend that you adopt immediately so that an additional supply of water may be procured for the use of the people of this City at once.

All of which is respectfully submitted,

Frank P. Frary,  
Mayor of the City of San Diego,  
California.

— — — — —

Section 2. That the City Auditor shall issue all Licenses provided for by this Ordinance; but no license shall be issued except upon Consent of the Common Council made and entered upon the minutes, nor without the payment of the amount hereinafter required to be paid therefor.

Section 3. Said License shall be substantially in the following form:

This is to Certify that (here insert the name) with the receipt of the City Tax Collector thereon written for the sum of \_\_\_\_\_ dollars, is hereby authorized to keep, conduct, and carry on (here describe

business), for the term of \_\_\_\_\_ from the date  
hereof.  
Dated this \_\_\_\_\_ day of \_\_\_\_\_ 190

Auditor of the City of  
San Diego, California.

Section 4. All licenses shall be signed by the Auditor and the amount to be paid therefor shall be paid to the City Tax Collector, and his receipt therefor endorsed thereon before the delivery thereof.

Section 5. No license shall be ordered issued by the Common Council except upon a petition from the applicant therefor, signed by five respectable taxpayers of said City, residing or doing business in the immediate vicinity where said liquors are to be sold, and stating that the applicant is a sober and suitable person to keep and conduct said place of business, and describing the place where such business is to be carried on. That all such petitions for said license shall be accompanied by the amount of money required by this Ordinance as the rate to be paid therefor. And no petition shall be presented to the Common Council unless the required amount of money has been deposited with the City Clerk before said petition is presented to the Common Council. Should said license be refused, the amount so deposited shall be returned to the applicant. Upon the presentation of such application for a license, said Common Council shall fully investigate the question of whether the person making such application is a sober, suitable, or proper person to carry on and conduct the business for which he requests a license, and whether the place described in said application is a proper or suitable place for such business. Unless it shall appear to the satisfaction of said Common Council that the applicant for such license is a sober and suitable person to carry on and conduct such business, and that such place is a proper and suitable place for such business, said application shall be denied; and said Common Council shall have the absolute power to deny said application for any other reason which it may deem sufficient. Said Common Council shall also have the power, for cause, to revoke, at any time, any license granted or issued under the provisions of this Ordinance; and in case of such revocation the City Clerk shall give

notice thereof, stating the cause, to the person whose license has been revoked. All licenses herein provided shall be due and payable on the 10th day of each month, and in advance, at the office of the Tax Collector of said City, as hereinbefore provided. That said Tax Collector must, on the 12th day of each month, furnish to the Chief of Police of said City a complete list of all persons to whom licenses have been issued for the preceding month, with the place of business, of such persons who have not paid the license required to be paid on the 10th day of each month, as herein provided. And in addition to all other duties imposed by this ordinance on said Chief of Police, he shall visit immediately the places of the persons named in the list furnished him by said Tax Collector and arrest the person or persons found at said place selling or giving away any spirituous, vinous, malt, or other intoxicating liquor without the license by this Ordinance.

Section 6. The rate of license shall be as follows; First, For every hotel, restaurant, or eating house where wines, ale, or beer, but not distilled liquors, are sold or furnished, with and as a part of bona fide meals, and where no bar is kept, and no wine, ale or beer is sold, furnished, or given away, except with bona fide meals, the sum of \$25.00 per month.

Second, For every place of business where said liquors or any of them are sold at wholesale, in quantities of not less than one fifth of a gallon at a time, the sum of \$25.00 per month.

Third, For every distillery, brewery, or place where spirituous, vinous, malt, or other intoxicating liquors are manufactured, the sum of \$25.00 per month.

Fourth, For every saloon, bar, bar room, tippling house, or any other place where any wine, ale, or beer, or any other spirituous, vinous, malt, or intoxicating liquors are to be sold in quantities of less than one fifth of a gallon at a time, or to be drunk on the premises, where sold, except the places mentioned in subdivision 1. of this section, the sum of \$50.00 per month or \$10.00 per day.

Provided that no person, holding a license to carry on and conduct the business of a retail liquor dealer, shall be required to take out an additional license.

to carry on and conduct the business of a wholesale  
Liquor Dealer at the same place.

Section 7. That every place where spirituous,  
Wine, malt, or other intoxicating liquors are sold or  
given away, under the provisions of this Ordinance,

except restaurants, hotels, eating houses, and drug stores,  
shall close at 12 O'clock and 5 minutes A. M. of each  
day, and not reopen until five O'clock A. M. of the

same day, and it shall be unlawful for any person  
to sell, furnish, or give away any such spirituous,  
Wine, malt, or other intoxicating liquors, in such

places during the time such places are hereby required to  
be closed, and every such place, excepting restaurants and  
establishments, which do not sell liquors at retail, and

the bar and sidewalk of every restaurant liquor salar  
establishment which does sell liquors at retail, shall be and

remain closed on the day of every election held within the  
City of San Diego, except school elections.

Section 8. That every owner, keeper, and person  
other of every saloon, bar, bar room, or any other  
place where intoxicating liquors are kept for sale at

retail in said City, except restaurants, hotels, and eat-  
ing houses, shall so arrange, keep, and maintain,  
between the hours of twelve O'clock and five minutes

A. M. and five O'clock A. M. of every day, in that  
portion of said place fronting upon the street, a space  
of at least twelve inches square not less than five

feet nor more than six feet above the sidewalk, -  
through which persons, walking along the sidewalk in  
front thereof, can plainly see the bar and the place

where such liquors are sold.

Section 9. That no person engaged in selling  
spirituous, malt, or fermented liquors in quantities  
less than one fifth of a gallon in any bar room

or saloon in the City of San Diego, California, shall  
be delivered or used in any side room, or other place  
not in the same or any adjoining building or

meets or used with such bar room or saloon, except  
my only entry or berth, without doors, curtains or  
other obstructions to the view, forming a front of

such bar room or saloon, the entrance to and inside  
of which said saloon and berth shall be within  
the view from the bar of such bar room or saloon.

or shall have or maintain any private or separate entrance for any particular class of customers, or shall have or maintain any place of entrance to or exit from such booths or alcoves except from the main apartment of such bar room or saloon; or shall have or maintain a private entrance to any apartment used in connection with said bar room or saloon; or shall have or maintain any place of entrance or exit, except place of entrance or exit opening into the main apartment of such bar room or saloon; or any words or signs upon any entrance signifying that such entrance is for ladies or families, or for any particular class of persons, or is a private entrance to such bar room or to any other apartment used in connection therewith; provided that nothing herein contained shall prohibit the maintenance of a place of entrance to any water closet, which said place of entrance shall not be used as a private entrance to any bar room or saloon; and that nothing herein contained shall prohibit the serving of such liquors to guests in a hotel having a valid license to sell the same, provided, however, no restaurant shall have a bar, bar room, or saloon connected therewith. Nor shall the person keeping any restaurant sell or give away any liquors of any kind, other than wine, ale, or beer.

Section 10. That no person engaged in selling, wine, ale, or beer, or any other spirituous, vinous, malt, or other intoxicating liquors, in quantities less than one-fifth of a gallon, in any restaurant in said City of San Diego, shall sell any such liquors to be delivered or used, or that shall be delivered or used in in any side room, back room, refreshment room, or other apartment in the same or any adjoining building connected or used with such restaurant, excepting only alcoves or booths, without doors, curtains, or other obstructions, to the view.

Section 11. That it shall be unlawful for any person or persons engaged in the business of selling liquors under the provisions of this Ordinance to conduct or engage in or permit any one else to conduct or engage in any banking game or any game of percentage, shall or chance, for money or any substitute for money within the room or place described in his or their liquor license; provided, that this provision shall not apply to shaking dice for cigars or drinks; or to harbor,

admit, receive, or permit to be or remain within such room or place any known lewd or dissolute female or any Common prostitute, Indian, Miner or Common drunkard.

Section 12. It shall be unlawful for any physician or person claiming to be a physician to give a prescription to a druggist, or any other person, for any intoxicating liquors, except for medical purposes, and in cases of necessity, or to give any such prescription for the purpose of evading or assisting to evade the provisions of this Ordinance.

Section 13. No license issued under this Ordinance shall be assigned or transferred, except by permission of the Common Council, and any person other than the licensee doing business under any license without the permission of the Common Council first obtained, shall be guilty of a violation of this Ordinance.

Section 14. Upon the conviction of any person for a violation of this Ordinance, a certified copy of the judgment of conviction shall be filed with the said City Auditor, and the license of such person shall then and there stand and be revoked, and the said City Auditor shall not again issue a license to the person so convicted and whose license shall have been so revoked, until authorized to do so by a two thirds vote of all the members of each board of said Common Council.

Section 15. That it is hereby made the duty of the City Tax Collector to collect all licenses provided for by this Ordinance, He shall receipt for all moneys received for each license on the back thereof, and shall return, under oath, on the first day of each month the amount collected by him for the preceding month, and shall pay the same to the City Treasurer.

Section 16. It is made the duty of the Chief of Police to see that all the keepers of the places of business named in section 7 of this Ordinance close their places of business and keep them closed as in said section provided, and to forthwith arrest any person whose place of business shall be or remain open during said time, and to cause complaint to be filed against him, and to see that every requirement of this Ordinance is fully complied with.

Section 17. Prosecutions under this Ordinance

may be in the name of the people of the state of California, and it is hereby made the duty of the City Attorney to prosecute all cases arising under this Ordinance.

Section 18, That any person violating, any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than three hundred dollars (\$300.00), or by imprisonment in the City jail of said City for a period, not exceeding one hundred and fifty (150) days, or by both such fine and imprisonment.

Section 19, That Ordinance No. 19, approved August 10th, 1889, and Ordinance No 64, approved February 25th 1890, and Ordinance No. 307, approved July 31st, 1895, and Ordinance No. 443, approved June 24, 1897, and Ordinance No. 741, approved April 24th, 1900, and all Ordinances and parts of Ordinances in conflict herewith be, and the same are hereby, repealed.

Section 20, That this Ordinance shall take effect and be in force from and after thirty days after its passage and approval.

Section 21, That the City Clerk of the said City of San Diego, be and he is hereby authorized and directed immediately after the approval of this Ordinance, to publish or cause the same to be published once in the City official newspaper of said City, to wit, the San Diego, Union and Daily Bee.

chise to construct, operate, and maintain, for a  
period of twenty five years, a double track Street

railway along and upon certain property and streets in the City of San Diego, California, did, on the first day of February, 1904, file with the Common Council of said City an application for said street railway franchise, which application described said franchise, and is now on file in the office of the City Clerk of the said City of San Diego; and

Whereas, the said Common Council is desirous of granting said franchise, with certain changes and additions thereto, and of offering to grant the same to the person, Company, or Corporation who will pay the highest sum for such franchise, now, therefore,

Be It Resolved, By the Common Council of the City of San Diego, as follows:

That the Common Council of the City of San Diego, California, hereby determines that said franchise shall be granted, which franchise is as follows:

A franchise to construct and maintain and operate, for a period of twenty five years, a double track, street railway along and upon the following described property and streets in the City of San Diego, California commencing at a point where the Center of Arctic Street would be intersected by a line extending west from the Center of "C" Street; thence east to the Center of "C" Street, and thence along and over "C" Street to the intersection of "C" and Sixth Streets; thence south along and over Sixth Street to the right of way of the California Southern Railroad; thence south easterly to a connection with the San Diego, Cuyamaca and Eastern Railroad, at the intersection of Ninth and "N" Streets, upon the following conditions and limitations, viz:

### I.

That the cars upon said railway shall be propelled by electricity, used through the overhead system, but if at any time the said railway cannot be operated by said power owing to accident to the machinery or appliances or other causes, horses or mules may be used to propel cars, then or during the time the same cannot be operated by said power.

### II.

That the grantee or its assigns shall plank, pave or macadamize, as the Council may direct, the

entire length of that portion of said street used by said railway. Between the rails and for the feet on each side thereof, and between the tracks and top of said railway, there shall be a space of three feet, and constantly in repair, flush with the street and with good curbing.

### III.

That the track shall be four feet eight and one half inches within the rails, and shall have a space between them and between side tracks, turnouts, and switches, of not less than five feet three inches, leaving sufficient to allow the cars to pass each other freely.

### IV.

That the right to grade, sewer, fence, macadamize or otherwise improve or alter or repair the said street shall be reserved to the City of San Diego; such right to be done so as to maintain the said rail way as little as possible. The grantees or its assigns shall abate and neglect it is rails so as to avoid the obstruction created thereby.

### V.

That the laying of said tracks, and all side tracks, turnouts, switches and curves, shall conform in all cases with the grade of said street, where the same have been graded, and in all other cases as near to the natural grade as practicable. And whenever any line of said route shall be graded, or the grade thereof altered or changed by the said common council, the top of the road and the tracks thereon shall be made to conform therewith by the grantees, with company. The tracks shall be so constructed and laid that each of them shall be of equal distance from the curb line of said street.

### VI.

No switch shall be constructed or maintained within fifty feet of any cross street, and the location of which switches shall all turnouts shall be changed at the expense of the grantees, or its assigns or successors as ordered by said common council.

### VII.

That the City Engineer shall, under the direction of the said Common Council, give the correct grades of the street along the line of said street of said railway, and set stakes indicating

the said grade, he shall see that the said railway is constructed and maintained in conformity to the terms and requirements of the franchise and for his services as herein required he shall receive such fees as are provided therefor, and the same shall be paid by the grantee or its assignor.

VIII

That the City Engineer shall, under the direction of the said Common Council, give the established grades of the street along the line of construction of said railway, and not other indicating the said grade; he shall see that the said railway is constructed and maintained in conformity to the terms and requirements of the franchise and for his services as herein required he shall receive such fees as are provided therefor, and the same shall be paid by the grantee or its assignor.

VII

That the care to be operated upon said railway, shall be used for passenger traffic exclusively.

IX

That the grantee of said franchise, his or its assignor or assignors is hereby allowed eight months in which to commence the work of constructing said street rail way, said work must be prosecuted diligently, and which be completed within four months after the same is begun.

X

That in case the grantee of said franchise, his or its assignor or assignors, ceases to operate such road for ten days, this franchise shall be and is declared to be forfeited, and said grantee, his or its assignor or assignors, shall reimburse the tracks of said railway, and for the portion of the street, as well by such franchise as a good condition as the balance of the street are at the time said franchise is forfeited.

XI

That the failure to comply with any of the conditions of this franchise shall work a forfeiture of the rights and privileges granted thereby.

XII

That the right to refuse, amend or modify the ordinance granting this franchise shall be reserved to the Common Council, and at this Councils Resolution shall take

the public interest and convenience of said City, no-  
grate that the street work herein after described be done,  
and therefore the said Common Council hereby orders the

Said Resolution as adopted is as follows viz;

## Resolution Ordering Work

Resolution of the Common Council of the City of San  
Diego, California, Ordering the closing up of a small  
triangular piece of Sixteenth Street in the City of  
San Diego, California.

Be It Resolved, By the Common Council of the  
City of San Diego, as follows:

That said Common Council having on the  
18th day of January, 1904, duly passed and adopted,

A resolution declaring its intention to order the clearing up of that portion of Twelfth Street in the City of San Diego, California, herein after declared, which resolution -  
declaring intention was duly affirmed by the Mayor of San Diego on the 19th day of January, 1904, and that said resolution fully described said work, and stated that it was deemed unnecessary that any land be taken therefor and specified the exterior boundaries of the district of land to be affected and designated by said work  
or improvement and to be assessed to pay the same  
ago, cost and expenses thereof.  
That the Superintendent of Streets of said City having then on the 12th day of February 1904, caused to be complementarily printed, along the line of said contemplated work, notice of the franchise of said resolution declaring intention in the manner and form required by law, and the said Superintendent of Streets having also caused a notice, printed in the substance to that effect, to be duly published in the manner and form required by law for a period of ten (10) days in the San Diego, Union and Daily Bee, a daily newspaper published and circulated in said City, designated by said common Council for that purpose, which publication commenced on the 12th day of February, 1904, and ended on the 21st day of February, 1904, and no person having, within ten days after the expiration of the time of said publication of said notice, or at all, made any objections, to said work, and the common Council having to said notice, jurisdiction in the premises, and the said work being for the clearing up of a portion of a street, and it appearing to the satisfaction of the said common Council that no assessment to pay the charges, cost and expenses of said work is in now necessary, Now Therefore, Be It Ordered, By the common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said City requires the clearing up of that portion of the said Twelfth Street in the said City of San Diego, declared as follows: to wit:

commencing at a point where the east line of Twelfth Street, in Sherman addition to the City of San Diego, California,

intersects the south line of said Sherman addition; there  
in a westerly direction, following the said south line of  
said Sherman addition, six and fifty seven one hundred  
and thirty (647/100) feet, to a point where the south east line

The following Report of the Water Committee, in the matter of installing a <sup>main</sup> pumping plant in Mission Valley is read and on motion of Delegate Wright adopted viz:

San Diego, California,  
March 30th, 1904,

To the Common Council,  
City of San Diego,  
Gentlemen,

The Water Committee to whom was referred a communication from the Board of Public Works, recommending that the proper steps be taken at once for the installment of an additional Main Pumping Plant, upon the lands recently purchased from J. W. Sefton et al., in Mission Valley, hereunto reports and recommends as follows:

The amount required for this Pumping Plant, according to the estimate of Superintendent of the Water Department, is about \$30,000. The Committee feels that it would not be wise to incur so large an indebtedness at this time for this purpose, and makes the following recommendations.

We recommend that a pumping plant be installed on the land recently purchased from J. W. Sefton, about one half mile north of Auxiliary Plant No. 6; said plant to consist of an engine, and pumps of sufficient power and capacity for the present emergency, but to become a part of a permanent plant of sufficient size to raise 1,500,000 gallons of water per day.

and to be of a style and kind that may eventually become a part of the proposed additional main pumping plant to be hereafter further considered.

We also recommend that a new flume of sufficient capacity to carry the water furnished by the plant above specified be constructed, which flume shall extend from this plant to the flume Auxiliary Plant No. 6.

We further recommend that the capacity of the flume from Auxiliary Plant No. 6 to the main pumping plant near Red Town be increased to a size sufficient to carry the additional amount of water.

 shall be increased from (4) inches in thickness for  
 every additional four (4) feet in depth.  
 3. Embankment or retaining walls which do  
 not have evidence extending to surface must  
 be twelve (12) inches in thickness.  
 4. No wooden bulkhead shall be erected, except  
 where it is necessary to retain the  
 soil in making an excavation for the purpose of an  
 abutment.  
 5. All work confronting the sidewalk shall not  
 be of incandescent material, as herein  
 after more fully specified.  
 6. Openings in sidewalks for the admission of  
 coal in light, or for manholes, or for any other  
 purpose, if placed outside the property line, shall  
 be covered with low lights set in with concrete  
 frames or with iron covers having a rough sur-  
 face, and rabbeted flush with the sidewalk.  
 7. No bare surface of gas or iron pipe  
 less than (4) inches in diameter shall be placed  
 in any sidewalk.  
 8. All cement used on this work shall be hydraulic  
 cement.

9. All cement will be inspected, and that rejected shall be immediately removed by the Contractor.

The Contractor must submit the cement and afford every facility for inspection and testing before it is used.

10. No Cement will be inspected or allowed to be used unless delivered in tight, paper lined barrels or packages, properly bradded. The Contractor shall provide a suitable place for storing the cement. Accepted cement, if not used immediately, must be thoroughly protected from the weather.

11. The acceptance of any cement will be based upon the requirements herein after mentioned.

12. Tests of the cement will unless otherwise specified, be made at a temperature of from sixty (60) to seventy (70) degrees Fahrenheit.

13. Samples for tests may be taken from any and every package in each shipment of cement and unless they meet the requirements herein specified the whole shipment from which the samples were taken will be rejected.

14. The sieves used for testing cement for fineness and for gauging the sand to be used in making briquettes for tests shall be as follows:

No. 20 sieve shall have four hundred meshes to the square inch and shall be made of wire cloth, No. 28 wire, Stubbs gauge.

No. 30, Sieve shall have nine hundred (900) meshes to the square inch and shall be made of wire cloth, No 31. wire, Stubbs gauge.

No 50, Sieve shall have two thousand five hundred (2500) meshes to the square inch and shall be made of wire cloth, No. 35 wire, Stubbs gauge.

No. 100 Sieve shall have ten thousand (10,000) meshes to the square inch and shall be made of wire cloth, No 40 wire, Stubbs gauge.

15. Briquettes for testing the tensile strength of cement will be made both of neat cement and cement and sand in the proportions hereinafter specified, with only enough water added to thoroughly moisten the mixture and make it coherent.

16. After being thoroughly mixed on a glass plate the mortar shall be firmly pressed into the moulds by hand, and the briquettes so formed placed upon a glass plate and kept there until put in water.

17. The sand used in preparing briquettes shall be, unless otherwise specified, clean, sharp, crushed quartz, crushed so that the whole of it will pass through a No. 20 sieve and be retained on a No. 30 sieve.

18. Round pats of neat cement about three (3) inches in diameter, one half ( $\frac{1}{2}$ ) of an inch at the center and tapering to a feather edge, mixed in the same manner as the neat cement briquettes and placed on a glass plate, shall not show any signs of warping or cracking after twenty-eight days in either air or water.

19. Any cement which shows signs of swelling after being mixed, will be rejected.

20. Portland Cement shall be ground to such a degree of fineness that not less than ninety-eight (98) per cent by weight will pass a No. 50 sieve, and not less than (90) per cent by weight will pass a No. 100 sieve.

21. The ultimate strength of briquettes, one square inch in cross section made of neat Portland Cement, shall be as follows:

One (1) day in air and six (6) days in water,

Three hundred seventy-five (375) pounds,

One (1) day in air and twenty seven (27) days in water, five hundred ten (510) pounds.

22. The ultimate tensile strength of briquettes —

One (1) square inch in cross section made of one (1) part by weight of Portland Cement, and three (3) parts of sand shall be as follows:

One (1) day in air and six (6) days in water,

One hundred twenty (120) pounds,

One (1) day in air and twenty seven (27) days in water, One hundred ninety (190) pounds.

23. All steel used shall be manufactured by the open hearth process, and the amount of phosphorus shall never exceed eight one hundredths ( $\frac{8}{100}$ ) of one per cent. of an ultimate tensile strength of 64,000 pounds per square inch.

24. All test pieces must have a tensile strength

within four thousand (4000) pounds per square inch of that specified; and for medium steel an elastic limit not less than one half of the tensile strength of the test bar, a percentage of elongation not less than 1,500,000 divided by the tensile strength in pounds per square inch, and a percentage of reduction of area not less than 3,000,000 divided by the tensile strength in pounds per square inch. In determining the ductility, the elongation shall be measured after breaking on an original length of eight (8) inches, in which length must occur the curve of reduction from stretch on both sides of the point of fracture.

25. All broken samples must show a silky fracture of uniform color.

26. Specimens of medium steel, when heated to a cherry red and cooled in water at seventy (70) degrees Fahrenheit, shall be capable of bending one hundred eighty (180) degrees around a circle whose diameter is equal to the thickness of the test piece, without showing signs of cracking on the convex side of the bend.

27. Punched holes in medium steel, punched two (2) diameters from a sheared edge, must stand drifting until their diameters are fifty (50) per cent greater than those of the original holes. And must show no signs of cracking the metal.

28. The sand shall be silicious, clean, sharp, grained and coarse, and free from dirt and all organic matter.

29. Broken stone in Concrete Masonry, shall be good hard stone, not affected by the weather and must be small enough in its largest dimensions to pass through a ring two (2) inches in diameter. It shall be thoroughly cleaned from all foreign substance.

30. Gravel used for concrete masonry shall be of such size that the greatest diameter of any pebble shall not exceed two (2) inches, nor the least dimensions of any pebble be less than one fourth ( $\frac{1}{4}$ ) of an inch. It shall be thoroughly cleaned from all foreign substance.

31. Bricks must be of the best quality for the purpose for which they are intended, uniform in quality, sound and burned hard entirely through, free from lime and cracks, whole, with true surfaces and edges, full and square, and of standard dimensions. All defective bricks will be rejected. They must have a

ensuring strength of not less than four thousand  
(4000) pounds per square inch, after being thoroughly  
dried and immersed in water for twenty four (24)  
hours, they shall not show more than the percent  
by weight, of water, samples taken from brick, as  
described in the ground, will be subject to such other  
tests as the Superintendent of street may order.

32. Water for mixing mortar shall be fresh and  
free from earth, dirt or sewerage.

33. Concrete shall be of two (2) classes.

34. The first class shall be composed of one part  
of Portland Cement, three parts of sand, and five  
parts of broken stone.

35. The second class shall be composed of one  
part of Portland Cement, three parts of sand, and  
six parts of gravel.

36. Concrete of the "first class" shall be made  
for all arches between "9" beams.

37. Concrete of the "second class" shall be made  
in the construction of area retaining walls.

38. The proportion given above shall be by measure,  
and the materials shall be accurately measured,  
for each batch, the cement being weighed loose.

The Contractor shall furnish the necessary means  
by which the mixing may be by hand or by machinery  
but in either case it shall be thorough.

39. The Cement and sand shall be thoroughly  
mixed dry on a tight platform to be provided by  
the Contractor, the proper quantity of clean water  
shall then be mixed in and the clean measured  
stone or gravel (as the case may be) shall then be  
added to the mass and the whole thoroughly  
mixed. The amount of water added shall be such  
that in case of water shall appear until the  
ramming of the concrete, as herein after specified,  
is nearly finished.

40. Concrete shall not be mixed in larger quantities  
than than required for immediate use, and all  
not be used after it has begun to show evidence  
of setting, and no concrete which has once set shall  
be used in making a new batch.

Concrete shall not be thrown or dumped from  
a height, and must be carefully placed so that  
the uniformity in the distribution of the constituents

may not be disturbed.

41. Concrete shall be spread in horizontal layers, not exceeding six (6) inches in thickness, and shall at once be thoroughly compacted by ramming. One course shall follow another as rapidly as possible. Where fresh concrete is to be placed in contact with that already set or partly set, all loose stones or concrete not thoroughly compacted shall be removed from the surface of the latter, which shall then be washed clean of dirt and slushed with neat cement. When concrete is in place, all wheeling, working or walking on it must be prevented until it is firmly set, and until such time it shall be kept damp and protected from the sun.

42. Such forms and centers as may be necessary to give the finished concrete the desired form shall be used. Special care must be taken to make the forms true and smooth. They shall be sufficiently stiff and substantial to retain the concrete firmly in place, and shall not be withdrawn until the same has set.

43. Portland Cement mortar shall, unless otherwise specified, be composed of one part in volume of Portland Cement to three parts of sand. The cement to be measured loose.

44. The sand and cement in the specified proportions shall be thoroughly mixed dry, on a light platform, with shovels or hoes so streaks of cement are visible.

45. Water shall then be added in sufficient quantity to produce a mortar of the desired consistency and the whole thoroughly mixed with shovels or hoes until a homogeneous mass is produced.

46. The bricks must be clean and thoroughly wet by immersion before using, and those with the smoothest faces are to be laid in the inside courses, the smoothest edge to face out. Every course shall be laid true to line.

47. Every brick must be laid in full Portland Cement mortar joints, for each brick must be formed in one operation, and no working in of the mortar will be allowed.

48. No joints shall exceed three eighths ( $3/8$ ) of an inch in thickness. All joints on the face are to

be travel struck.

49. All unfinished brick is to be raked back in courses, and when new work is to be joined to it the surface of the bricks must be cleared and made level.

50. The area retaining walls, built of either brick, concrete or natural stone will be carried to a height below the finish grade of the street equal to the depth of the steel beam, plus the rise of the arch above the top of the beam, plus the thickness of the sidewalk pavement.

51. When the walls so constructed there shall be laid at least 3" beams placed four (4) feet between centers, connected by means of steel tie rods seven eighths (7/8) of an inch in diameter, placed not more than three (3) feet apart (6) inches apart, the end rods shall not be more than (6) inches from the end of the beam, each end of the rod to be provided with upset seven eighths (7/8) inches in length, with all necessary cast iron washers and nuts.

52. The size of the beam shall be as follows:  
 For beams fourteen (14) feet in width the beam shall be seven (7) inches in depth, and shall weigh not less than fifteen (15) pounds to the linear foot.  
 For beams fifteen (15) feet in width the beam shall be eight (8) inches in depth and shall weigh not less than eighteen (18) pounds to the linear foot.

53. For beams twenty (20) feet in width the beam shall be ten (10) inches in depth, and shall weigh not less than twenty five (25) pounds to the linear foot.  
 The surface of all steel work shall be care-fully cleaned and all rust removed, and shall be free of oil or grease. The beam shall be painted with a heavy coat of Dymon's White Lead.

54. The arches between beams shall be constructed as herein before specified of concrete or brick masonry. There shall then be laid on top of the arches a constructed a concrete sidewalk and concrete curb in accordance with the specifications contained in the ordinances of the City of San Diego, there being reference for sidewalk and curbing in the

cases he chose under the direction and to the satisfaction of the said Superintendent of Streets, and the materials used shall comply with the specifications herein contained and be to the satisfaction of the said Superintendent of Streets. No materials of any kind shall be used until they have been examined and approved by the said Superintendent of Streets, who shall have full power to can down any work or material not in accordance with the specifications, and to require the Contractor to remove the same.

60. Whenever the word "Contractor" is used in these specifications it refers to the party or parties to whom the Contractor has been awarded for the construction of the work herein specified.

61. Whenever the words "City Engineer" or "Street Superintendent" are used in these specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of Los Angeles, California.

Section 2. That when Ordinance shall take effect they be in force from and after its passage and after

Section 3. That the City Clerk of the said City of Los Angeles, he and he is hereby authorized and directed to publish a notice after the approval of the Ordinance, immediately after the date to be published

A Resolution of Intention to change the grade of "L" Street, is read, <sup>between the east line of 24th Street and the east line of 25th Street</sup> and on motion of Delegate Simpson adopted by the following vote to wit;

Ayes. Delegates, Schorn, Meed, Chapman, Stewart, Gunnar, Wright, Simpson, McNeill, Creelman, Good, Scudder, Wallinison, Butler, Lewis and Briggs.

Noes. None.

Absent. Delegates, Reherk, Lambert and Ecker.

Said Resolution as adopted is as follows. To wit:

Resolution of Intention,

To change the grade of "L" Street in the City of San Diego, California, between the east line of Twenty fourth Street and the east line of Twenty fifth Street.

Whereas, the owners of a majority of the property affected by the herein proposed change of the grade of that portion of "L" Street in the City of San Diego, California, at a point therein where the north line of said "L" Street intersects the east line of Twenty fourth Street; also at a point therein where the north line of the said "L" Street intersects the west line of Twenty fifth Street; also at a point where the north line of the said "L" Street intersects the east line of Twenty fifth Street; also at a point where the south line of the said "L" Street intersects the east line of Twenty fifth Street; also at a point where the south line of the said "L" Street intersects the west line of Twenty fifth Street; also at a point where the south line of the said "L" Street intersects the west line of Twenty fifth Street; also at a point where the south line of said "L" Street intersects the east line of Twenty fifth Street, have petitioned the Common Council of the City of San Diego, California to change the grade of that portion of the said "L" Street at said points, and

Whereas, the said Common Council of the City of San Diego, hereby finds that said petition contains the name of a majority of the property of streets by the said proposed change of grade,

Now, Therefore, Be it Resolved, that it is the intention of the Common Council of the said City of San Diego, to change and establish the grade of that portion of the said "J" Street in the said City of San Diego, at the said point as follows: At the said point where the north line of the said "J" Street intersects the east line of the said Twenty Fourth Street, change the grade elevation from sixty four feet above the datum line of levels to sixty three feet as fixed by Ordinance No. 3, of the Ordinances of said City, entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and providing for the manner of establishing grade by Ordinance" as provided in the 30th day of June, 1896, to wit: sixty three feet above the said datum line of levels.

At the said point where the north line of the said "J" Street intersects the west line of the said Twenty Fifth Street, change the grade elevation from sixty eight feet above said datum line of levels to sixty four feet above said datum line of levels.

At the said point where the north line of the said "J" Street intersects the east line of the said Twenty Fifth Street, change the grade elevation from sixty eight feet above said datum line of levels to sixty four feet above said datum line of levels.

At the said point where the south line of the said "J" Street intersects the east line of said Twenty Fifth Street, change the grade elevation from sixty eight feet above said datum line of levels to sixty four feet above said datum line of levels.

That there shall be a uniform ascent and descent between all points at which the grade elevation has been established on said "J" Street when the said grade elevation has been so changed.

That the center line of the said "J" Street shall

have an average elevation of the opposite bank grade  
that the distance to be bridged by the said bridge  
change of grade, and to be covered by the cost of  
the dam is hereby designated and decided as follows:  
commencing at a point where the north line of  
street intersects the east line of street first street;  
these running north to the south line of the alley in  
block north of Lincoln Park; these running east to  
a point on the east line of street first street where the  
south line of said alley meets the said east  
line of street first street if projected east to the  
road intersect the east line of street first street;  
these running west to a point where the east line  
of street first street intersects the north line of  
the alley in block north of Lincoln Park; these  
running north along the east line of street first  
street to the place of beginning.

All of said lot and also street and the extension thereof  
any of said lot being in the City of San Diego,  
County of San Diego, State of California,  
said Lincoln Park, formerly known as Gray's  
Addition being according to the map thereof made  
by Charles J. Gray, filed in the office of the County  
Recorder of the County of San Diego, State of Cali-  
fornia, on the 14th day of February, 1886.

The City Court of said City is hereby directed  
to cause this Resolution of Resolution to be published  
for ten days in the newspaper in which the official  
notice of the common council of said City, and in  
all printed and published, to wit: the San Diego Union  
and Daily Bee, a daily newspaper published and cir-  
culated in said City, in every regular issue of said  
newspaper during said period of ten days, in which  
newspaper is hereby designated as the newspaper  
in which this Resolution of Resolution shall be published  
in the manner and form required by law  
and in the manner and form required by law  
not published, to cause to be published by the  
order and directed, within ten days after the

within the district herein above designated as the district to be conveyed by the proposed change of grade, notice of the passage of this Resolution

Resolution of Introduction.

To change the grade of Dry Street in the City of  
San Diego, California, from the East line of  
Eight Street to the West line of the Thirteen  
hundred and Twelve Park.

Whereas, the owners of a majority of the property

affected by the herein proposed change of grade of  
that portion of Dry Street in the City of San Diego

California, between the East line of Eight Street and the West

line of the Thirteen hundred and Twelve Park, as hereinafter

specified have petitioned the Common Council of the City

of San Diego, California, to change the grade of that

portion of the said Dry Street between said points; and

Whereas, the said Common Council of the said

City of San Diego have found that said petition can

have the names of the owners of a majority of the

property affected by said proposed change of grade;

Therefore, Be It Resolved, That it is

the intention of the Common Council of said City of

San Diego, to change and establish the grade of

that portion of the said Dry Street in said City to

San Diego, at a point on the West line of said

Dry Street fifty feet east of the East line of

Eight Street, also at a point on the West line

elevation from two hundred and fifteen and five  
tenths feet to two hundred and eighteen feet.

The following Report of the Ways and Means Committee, recommending, Tax levy for the fiscal year 1904, is read and on motion, adopted Vig!

San Diego, Cal. May 4th, 1904.

To the Common Council,  
City of San Diego,  
Gentlemen;

The Ways and Means Committee, to whom was referred the estimates of the probable necessities for the various departments of the City Government for the fiscal year 1904, upon which to base the rate for municipal rates for said year, herewith reports and recommends as follows;

Upon the total assessment roll for the fiscal year 1904, viz; \$14,422,404, we estimate that there will be a small percentage of delinquencies, and have therefore based our estimates upon a net valuation of \$13,500,000.

We recommend changes in the estimates as submitted by the Auditor, as follows;

That a Combination Chemical Engine be purchased for University Heights instead of a Steam Fire Engine, thereby reducing the estimate of \$9225 for a fire engine for University Heights to \$3225; that the estimate of \$1900 for new hose

for the Fire Department he reduced to \$1000; that the estimate of \$800 for an Assistant Engineer of the Fire Department for 8 months be likewise out; that \$700 be added to the estimate to pay for the cement work at the Golden Hill Engine House at New York and \$1000, which must have done after the estimate had been made. These changes will reduce the estimate of \$30,935 for the Fire Department to \$23,635, which amount is fully provided for by the City herein recommended.

That the estimate for the Public Building fund be increased \$700, which additional amount will be required for rent of buildings for the three days attributed during the time the new buildings are being erected. The estimate for this fund, together with the increase, is fully provided for in the City herein recommended.

That the estimate for the Public Building fund be increased \$700, which additional amount will be required for rent of buildings for the three days attributed during the time the new buildings are being erected. The estimate for this fund, together with the increase, is fully provided for in the City herein recommended.

That the estimate for the Sewer fund be increased \$1200, to provide for the extra expense of the Board of Sanitation, and for the purchase of a portable type setting machine and material. Printing cost for the City Clerk's office, which expenses were incurred after the estimate had been made. The City herein recommended fully provides for the estimates or expenses chargeable to the Sewer fund.

We also recommend that no levy be made for the Police Department fund or for the Legal fund. As revenues derived from licenses other than those will amply provide for these funds.

We also recommend that the expenditures of the Water Department be kept within the amount of revenues of said department; and therefore recommend that no levy be made for the Water fund.

The recommend that your Honorable Body adopt a rate of \$1.45 upon the \$100 assessed valuation

which we recommend be apportioned as follows;

|                                                   |      |
|---------------------------------------------------|------|
| Fire Department fund                              | .175 |
| Salary fund                                       | .210 |
| Street fund                                       | .185 |
| Sewer and Drainage fund                           | .018 |

| Public Health fund                                | .005 |
| Library fund.                                     | .045 |
| Public Building fund.                             | .032 |
| Office fund.                                      | .02  |
| General fund.                                     | .04  |
| School Bond, Interest and Sinking fund            | .033 |
| Refunding Bond, Interest and Sinking fund         | .118 |
| Water Bond, Interest and Sinking fund.            | .31  |
| Sewer Extension Bond, Interest and Sinking fund.  | .043 |
| Water Improvement Bond, Interest and Sinking fund | .074 |
| Bridge Bond, Interest and Sinking fund.           | .005 |
