DEDICATING A PORTION OF THE SWITZER TRACT FOR USE AS A PUBLIC HIGHWAY.

WHEREAS, a petition has been filed with the Clerk of this Common Council asking that necessary proceedings be taken to open and extend "B" Street in the City of San Diego, County of San Diego, State of California, through and across that tract of land situate in the said City, commonly known as "Switzer Tract", and,

WHEREAS, the Common Council of said City is about to institute proceedings for the opening and extending of said "B" Street through and across all that portion of said Switzer Tract necessary therefor, and owned by persons other than said City of San Diego, and to condemn and take the same for use as a public street and highway, and

WHEREAS, the said City of San Diego, a municipal corporation in the State of California, is the owner of all that portion of said Switzer tract hereinafter more particularly described:

NOW THEREFORE, be it ordained by the Common Council of the City of San Diego, as follows:

Section one:--That all that portion of said Switzer Tract hereinafter more particularly described is hereby dedicated for use as a public street and highway, and the lands so dedicated as aforesaid are all that real property lying and being in the City of San Diego, County of San Diego, State of California, and a portion of that tract of land in said city known as the Switzer Tract, and more particularly described as follows, to-wit:

Beginning at a point on the east line of the tract of land known as the "Switzer Tract" where said east line of said "Switzer Tract" is intersected by the south line of "B" Street said point being distant 18.80 feet north from the southeast corner of said "Switzer Tract"; thence west along the south line of "B" Street produced 183.31 feet; thence north 80.00 feet; thence east along the north line of "B" Street produced 183.31 feet to the east line of said "Switzer Tract"; thence south along said east line of said "Switzer Tract" 80.00 feet to the point of beginning.

Provided, however, that this Ordinance shall not take effect until the right shall have been acquired to use as a public highway the following described lands, situate, lying and being in the City of San Diego, County of San Diego, State of California, and a portion of the aforesaid Switzer Tract, and more particularly described as follows, to-wit:

Beginning at a point on the west line of the tract of land known as the "Switzer Tract" where said west line would be intersected by the north line of "B" Street if said north line of "B" Street were extended in an easterly direction; thence east along said north line of "B" Street produced 183.31 feet to the west line of the property owned by the City of San Diego, California; thence south along said west line of the said property owned by the said City of San Diego, 80.00feet; thence west 183.31 feet to a point on the west line of the tract of land known as the "Switzer Tract" where said west line would be intersected by the south line of "B" street if said south line of "B" Street were produced in an easterly direction; thence north along the said west line of the tract of land known as the "Switzer Tract" 80.00feet to the point or place of beginning.

Section two:--That the City Clerk of the said City of San Diego be, and he is hereby authorized and directed immediately after the approval of this Ordinance to publish, or cause the same to be published, once in the City official newspaper of said City, to-wit: The San Diego Union and Daily Bee.

Section three:- That this ordinance shall take effect and be in force as soon as the right shall have been acquired as use as a public highway the portion of said "Switzer Trat" last described in section one hereof, but in no event until the expiration of thirty days from and after its passage and approval.

AN ORDINANCE PRESCRIBING SPECIFICATIONS FOR THE PAVING OF "D" STREET FROM THE WEST LINE OF FOURTH STREET TO THE EAST LINE OF CALIFORNIA STREET WITH AN ASPHALT MACADAM WEARING SURFACE ON AN ASPHALT CONCRETE BASE, IN THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED, by the Common Council of the City of San Diego, as follows:

Section 1. The street pavement and culverts, provided for herein, are to be constructed according to the plans and drawings approved by the Common Council, on file in the office of the City Engineer of said City and so as to conform to the lines, levels and official grade of the said "D" Street; said lines and levels shall be shown on the ground by stakes to be set by the City Engineer of said City. The work to be done shall be as follows:

(a). Grading and preparing the roadway.

(b). Trenching for and constructing the culverts.

(c). Constructing and laying an asphalt macadam wearing surface on an asphalt concrete base.

(d). Furnishing all material and labor necessary to perform said work and complete the same.

Section 2. That all grading and the preparation of the roadbed for the pavement shall be done and performed as follows:

(1). GRADING. Grading shall include the following work: Where the present macadam surface is above a line parallel with and three (3) inches below the finished grade, it shall be cut down to said line and the material thus removed may be used to fill up the depressions that are more than eight (8) inches below the finished surface of the paving. If the amount of material so obtained is not suffieient to fill the depressions the required amount, the contractor may furnish a like material to make up such deficiency or he may fill the depressions the required amount with an asphalt concrete of the consistency hereinafter provided for. If the material obtained by cutting down the present macadam surface to a line that is three (3) inches below and parallel with the finished surface, is in excess of that required to fill the above mentioned depressions, the contractor shall remove such surplus material to such point or points as may be designated by the Common Council in the Resolution of Intention.

2. MUD OR SOFT MATERIAL ENCOUNTERED. When mud or soft material is encountered it shall be taken out below the sub-grade, and the space shall be refilled with good, hard

material, by and at the expense of the contractor. The contractor will not be required, however, in such cases to excavate the mud or other soft material to a depth greater than two (2) feet below the finished surface of the pavement.

3. COMPACTING THE FILLING. In places where filling is necessary to bring the street to the required surface, it shall be done in layers of not more than six (6) inches in depth. and each layer shall be thoroughly rolled or tamped before another layer is added.

4. COVERS TO SEWERS, MANHOLES, ETC. All covers to sewer manholes, and valve boxes on the line of work that are not to the established grade shall be reset to the established grade of the street, and grade stakes set therefor by the City Engineer. The contract price per square foot for the finished pavement shall include the cost of resetting the said covers, and no extra compensation shall be allowed the contractor for resetting them.

Section 3. CULVERTS. All culverts with their appurtenances shall be constructed at the places where shown and of the size and shape and of the materials provided by and in all respects according to the plans, drawings and specifications therefor adopted by the Common Council of said City of San Diego, in the Resolution of Intention and copies of which plans, drawings and specifications shall be filed in the office of the City Engineer.

Section 4. ASPHALT CONCRETE. After the present roadway has been prepared as hereinbefore described in Section 2, there shall be laid on it an asphalt concrete foundation of sufficient thickness to bring the top of the foundation three (3) inches below the finished surface of the pavement. The asphalt concrete used for this foundation shall be composed of asphaltic cement, sand, and broken rock. The asphaltic cement may be composed of either natural or artificial asphalt, which shall conform to the tests hereinafter described.

1. SAND AND BROKEN ROCK. The sand must be clean, sharp sand, free from clay and loam. The broken rock shall be clean, hard rock, roughly cubical in shape with angular edges and ranging in size from crusher dust to the largest size which will pass through a ring one and one-half (1 1/2)inches in diameter.

2. PROPORTIONS AND MIXING OF MATERIALS. The broken rock, with enough of the above mentioned sand to fill voids in the same, shall be heated to a temperature of three hundred (300) degrees Fahrenheit), after which the asphaltic cement above specified and also heated to a temperature of three hundred (300) degrees Fahrenheit, shall be applied to the same in proportion of seven (7) pounds of asphaltic cement to one (1) cubic foot of broken rock and sand, and the whole shall be thoroughly mixed in a mechanical mixer.

3. MIXING, TRANSPORTING AND PLACING MATERIALS. The mixing shall be continued until each particle of sand and broken rock is coated with the asphaltic cement. When thus prepared, it shall be delivered upon the work in wagons or dump carts at a temperature of not less than two hundred and fifty (250) degrees Fahrenheit and shall be immediately spread on the sub-grade previously prepared, to such a depth that it will be, after compression, three (3) inches below the finished surface of the pavement.

4. COMPRESSING THE MATERIAL. The compression of the concrete layer shall be done as follows: As soon as the material has been spread for rolling it shall be rolled with a hot hand roller weighing not less than two hundred and fifty (250) pounds to the lineal foot, and as the material cools it shall be rolled with a roller weighing not less than one hundred and fifty (150) pounds per inch in width of roller; and such rolling shall be continued until the material is thoroughly compacted.

Section 5. ASPHALT MACADAM. Upon the asphalt concrete foundation as hereinbefore

described, there shall be placed an asphalt macadam wearing surface three (3) inches in thickness.

1. PREPARATION OF MIXTURE, ETC. The asphalt macadam surface shall consist of broken stone which shall be the run of the crusher and contain all dust and fracture, and which shall not exceed in its largest dimensions one (1) inch, mixed with sand and gravel, in the proportions of approximately 70% broken stone and 30% sand and gravel, the intention being to mix the ingredients so as to obtain the largest possible amount of closely bedded rock and leave a smooth surface. The crushed stone, gravel and sand shall be heated in rotary heaters to a temperature when mixed of 260 to 300 degrees Fahrenheit. It shall be conveyed to a double shaft mixer where there shall be mixed with it stone dust and asphaltic cement, which shall be added in such quantities as to thoroughly coat and bind together each particle of stone and sand. Not less than seven (7) pounds of stone dust and ten (10) pounds of asphalt cement shall be added to each cubic foot of the mineral aggregate.

2. TEMPERATURE OF MIXTURE. The surface mixture, prepared as above shall be brought to the work in suitable carts or dump wagons, and shall not be colder than 230 degrees Fahrenheit not hotter than 325 degrees Fahrenheit when it reaches the street.

3. CRUSHED STONE. The crushed stone used in macadam mixture shall be trap-rock, granite or limerock, hard and sound, and free from loam or organic matter.

4. SAND AND GRAVEL. The sand shall be of a clean, sharp, angular nature and shall not contain more than 20% of gravel ranging from one quarter (1/4) inch to one (1) inch and no gravel larger than will pass a one (1) inch ring will be permitted, neither will gravel or sand be used which shows softness or a tendency to pulverize.

5. STONE DUST. The stone dust for wearing surface shall be finely powdered limestone, granite, quartz or other mineral material and shall be of such fineness that all of it will pass a fifty mesh to the inch screen, and at least 66% shall pass a two hundred mesh to the inch screen.

Section 6. ASPHALT. All asphalt used in the construction of the asphalt macadam wearing surface and the asphalt concrete base shall comply with the following specifications:

1. ASPHALTIC CEMENT AND TESTS FOR THE SAME. The asphalt cement shall be a mixture of refined liquid asphalt with a refined solid asphalt, or be an oil asphalt, and must be free from admixture with any residues obtained by artificial distillation of coal, coal tar or paraffine oil. The asphalt cement must be homogeneous, and its consistency at the time of its mixture with the rock and sand must fall within the limits of 60 to 75 degrees penetration by the District of Columbia Standard. It must be adhesive and ductile and also slighlty elastic at a temperature of 32 degrees Fahrenheit. When 20 grams are heated to a temperature of 300 degrees Fahrenheit for five (5) consecutive hours in an uncovered cylindrical dish three and one-half (3 1/2) centimeters high by five and one-half (5 1/2) centimeters in diameter, it must not lose more than four (4) per cent in weight, and must not be changed by such heating as to be made harder than of a consistency of thirty (30) degrees penetration by the District of Columbia Standard. It must, when ready for use, contain at least ninety-eight (98) per cent of bitumen soluble in carbon bi-sulphide. It shall be soluble in cold carbon tetri-chloride to an extent of at least ninety-five (95) per cent. Not less than seventy (70) per cent shall be soluble in 86 degrees, B Naptha. It shall contain not more than fifteen (15) per cent of fixed carbon on ignition. Samples of the asphaltic cement and of the materials from which it has been prepared, shall be supplied

to the Superintendent of Streets when required.

Section 7. The contract price shall be per square foot of finished pavement and shall include all grading, foundations and all other work and all expenses, direct or indirect, connected with the proper execution of the work and of maintaining the same until it shall have been finally accepted by the Street Superintendent.

Section 8. All work done shall be subject to the following conditions and requirements:

1. The contractor shall give twelve (12) hours notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve all stakes set for lines, levels or measurements of the work by the City Engineer in their proper places. Any expense in replacing said stakes which the contractor, or his agents or employees may have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels. The contractor shall, when required to do so by the said Superintendent of Streets, remove from the work any overseer, superintendent, laborer or other person employed on the work, who shall refuse or neglect to obey the said Superintendent of Streets in any way relating to the work, or who shall perform his work in a manner contrary to these specifications, or who shall be found to be incompetent or unfaithful.

2. All loss or damage arising from the nature of the work to be done under these specifications, during the progress of the work, and before the acceptance thereof, or from any act or omission on the part of the contractor, or any agent or person employed by him, occurring in the course of the work not authorized by these specifications, shall be sustained and borne by the contractor. The contractor shall remove all obstructions in a carefull manner, and replace the same when necessary that the same should be replaced in as good a condition as found, and to the proper grade, and all projecting stone or other walks shall be neatly cut on the inside of the curb, and such cutting and resetting of curbing and replacing of paving shall be done as shall be necessary to make proper connections with the work already done on the cross-streets. The contractor shall keep good and sufficient guards around said improvements, by fence or otherwise, to prevent accident, and shall hang thereon lights to burn from dusk to daylight, and the contractor shall hold the City harmless for any and all suits for damages arising from or out of and during the performance of said work, or any portion thereof, and before the same has been accepted.

3. All the work provided for herein must in all cases be done under the direction and to the satisfaction of the said Superintendent of streets and the materials used shall comply with the specifications herein contained, and be to the satisfaction of the said Superintendent of Streets. No materials of any kind shall be used until they have been examined and approved by the said Superintendent of Streets, who shall have full power to condemn any work or material not in accordance with the specifications, and to require the contractor to immediately remove any work or material so condemned, and the contractor shall, at his own expense, replace said work or materials to the satisfaction of the said Superintendent of Streets. The decision of the said Superintendent of Streets shall be final as to the quality of the work and materials used, unless the Common Council shall determine otherwise upon an appeal.

4. Whenever the word "contractor" is used in these specfications, it refers to the party or parties to whom the contract has been awarded for the construction of the work herein specified.

5. Whenever the words "City Engineer" or "Street Superintendent" are used in these

specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

Section 9. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

Sec. 4. That the police of said city shall be, and they are hereby, required to look after and take charge of any and all horses and teams found running at large within the limits of the excepted territory described in section 3 of this ordinance, and turn the same over to the poundkeeper if not claimed by the owner within two hours.

Sec. 5. That the poundkeeper of said city be, and he is hereby, authorized to appoint four deputy poundkeepers, subject to the approval of the Common Council of the said City of San Diego; that the said poundkeeper shall submit the names of such deputies to the said Common Council, and if said Common Council approve and ratify such appointments the same shall be in force and effect.

Sec.6.That said poundkeeper be, and he is hereby instructed and directed to wear, during all the time in which he is on duty, or acting as such poundkeeper, upon the outside of his coat, in plain view, a metal star at least two inches in diameter with the inscription "Poundkeeper" thereon; that all of such deputies be, and they are hereby, directed and required to wear, during all the time in which they are on duty, or acting as such deputy poundkeepers, on the outside of their coats in plain view, a metal star at least two inches in diameter with the inscription of "Deputy Poundkeeper" thereon.

Sec. 7. That it shall be unlawful for any person owning or having control of any of the above mentioned animals to graze or pasture the same, or cause the same to be grazed or pastured, or permit the same to graze or pasture, upon any land within the limits of said city hereinbefore described, except upon land owned or leased by the owner of such animal or animals, and unless such animals are securely fastened so that the same shall not run at large within the meaning of this ordinance; provided that no such animal shall be picketed or staked out in such a manner as to permit it to cross or trespass on lands

of adjoining owners or any traveled street or sidewalk within the limits of said city hereinbefore described.

Sec.8.That whenever the Poundkeeper of the City of San Diego shall discover, or be notified by any person, that any animal or animals abovementioned are grazing, pasturing, or running at large, or picketed or staked out so as to permit it or them to cross or trespass upon the lands of adjoining owners or upon any traveled street or sidewalk, in violation of this ordinance, it shall be his duty, and he is hereby directed, to immediately take it or them in charge and put it or them in the city pound, as herein specified, and, within twenty-four hours thereafter, have three notices posted in three conspicuous places and one published in the official newspaper of the city for ten days describing such animal or animals so impounded, giving the marks or brand or other distinguishing points with the date of the posting of such notices, and unless the owner or owners thereof come and claim said animal or animals so impounded within ten days from and after the date of such notices, and prove the ownership of said property and pay all lawful charges thereon, as hereinafter provided, said poundkeeper is hereby authorized, and it is made his duty, to expose said animal or animals for sale at public auction to the highest bidder for cash, and the proceeds of such sale, together with all fines, charges, fees, and other expenses chargeable against said animal or animals, according to the schedule of charges hereinafter specified, shall be delivered to the secretary of the auditing committee, together with a full description of the animal or animals sold as aforesaid, and the said poundkeeper shall deliver to the purchaser of any animal or animals sold as aforesaid, a bill of sale thereof, which shall vest the title of said property in the purchaser.

Sec.9.That all animals found north of the San Diego River and within the limits prohibited by this ordinance pasturing, grazing or running at large contracy to, and in violation of the provisions of this ordinance, shall be impounded by said poundkeeper in either of the pounds hereby established at Pacific Beach or Morena, for a period of forty-eight hours; and if said animal or animals be not reclaimed within the said forty-eight hours, and all expenses, charges, and fines provided for in this ordinance be not paid within the said forty-eight hours, then the said poundkeeper shall remove said animal or animals to the city pound hereinbefore described, situated in the city park in the said City of San Diego.

Sec.10. That the following charges and fines are hereby imposed for any violation of any of the provisions of this ordinance: For any horse, colt, mule, donkey, burro, ox, bull, cow, calf, hog, pig, goat or sheep taken into custody by the poundkeeper or any deputy of his, fifty cents; for driving any such animal to and placing the same in the pound, one dollar; and in addition the sum of fifty cents per day, not including the day in which such animal may be impounded, for keeping any such animal, and the further sum of one dollar for each animal that may be advertised, and five per cent commission on the amount of the sale, if any such animals are sold, all of which is hereby made a lawful charge against the owner or owners of any such animals impounded, and shall be a lien upon such animals for the payment thereof.

Sec. 11. That all fees collected by the poundkeeper under and in pursuance of the foregoing section shall be retained by him and shall constitute his full and only compensation for all services of every kind and description rendered by him as such poundkeeper, his deputies and assistants under this ordinance. It shall be the duty of such poundkeeper to make a statement under oath to the common council of said city on the first day of every month which statement shall be filed with the clerk of said common council,

and shall contain an itemized statement of the number and kind of animals taken into custody or impounded for the month next preceding the making of such statement of the fees collected during such month and from whom collected; the said City of San Diego shall be in no manner liable for any compensation to said poundkeeper other than the fees herein provided.

Sec. 12. That should any amount remain in the custody of the city after deducting all expenses and charges herein provided for, the same shall be placed in the treasury of said city, to be paid to the owner or owners of said animals so sold, on proper proof of ownership of said animals, but if not called for within one year from the date of sale by the owner of said animal or animals, the same shall be placed to the credit of the general fund of the city.

Sec. 13. That any person or persons who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than $100.oo or by imprisonment for not more than fifty (50) days in the city jail of the City of San Diego, California, or by both such fine and imprisonment.

Sec. 14. That the following ordinances of the said City of San Diego are hereby repealed, to wit: Ordinance No.411, approved February 4th, 1897; Ordinance No.498, approved February 25th, 1898; Ordinance No.564, approved November 10th, 1898, Ordinance No. 706, approved February 6th, 1900; Ordinance No.2541, approved June 13th, 1906; Ordinance No.2577, approved August 2nd, 1906, and Ordinance No.2891, approved May 27th, 1907.

Sec. 15. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

DANIEL POTTER,

Auditor of the City of San Diego, California.

I hereby certify that the above and foregoing is a full, true and correct copy of Ordinance No. 3239, of the Ordinances of the City of San Diego, California, as adopted by the Common Council of the said City on the 13th day of April, 1908 and as approved by the Mayor of said City on the 13th day of April, 1908.

City Clerk of the City of San Diego, California.

ORDINANCE NO. 3240.

AN ORDINANCE PROVIDING SPECIFICATIONS FOR AN ASPHALT MACADAM PAVEMENT, CLASS "A".

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. The paving of streets in the City of San Diego, California, with asphalt macadam, Class "A", shall be done in accordance with the specifications hereinafter contained.

Section 2. The street pavement, guttering and culverts provided for herein are to be constructed according to the plans, drawings and cross-sections therefor, approved by the Common Council, and so as to confrom to the lines, levels and official grade of the street upon which said work is to be constructed, said lines and levels shall be shown on the ground by stakes to be set by the City Engineer of said City.

Section 3. The work to be done shall be as follows:

(a) Grading and preparing the road-bed;

(b) Trenching for and constructing the culverts when included in the Resolution of Intention;

(c) Constructing and laying the asphalt macadam;

(d) Constructing and laying along the exterior lines of said pavement the guttering when prescribed by the Resolution of Intention;

(e) Furnishing all material and labor necessary to perform said work and complete the same;

(f) Removing from the street all surplus material of every kind, including everything brought upon the street by the contractor and not incorporated into the improvement contracted for.

Section 4. Grading shall include the work of removing all earth, stones, loose rocks, hardpan, and all other material necessary in preparing the street for the work called for in the Resolution of Intention, and shall include also all filling, trimming, shaping, picking down, refilling, rolling, surfacing and disposing of the surplus earth and material from the street, and doing all other work that may be required to bring the surface of the street to the sub-grade and shape required by the plans, drawings and cross-sections;

Section 5. When mud or other soft material below sub-grade is encountered, it shall be taken out and the space refilled with good earth or gravel, which shall be rolled until the surface of the foundation ceases to sink or creep in front of the roller. The contractor, however, shall not be required in such cases, to excavate the mud or other soft material to a greater depth than two (2) feet below sub-grade. The formation of well defined ruts is especially prohibited.

Section 6. After the block or section has been graded, as above specified, it shall be rolled with a roller wieghing not less than ten (10) tons, until the surface is firm and unyeilding. Depressions made by rolling shall be levelled up with good earth and again rolled. Such portions of the street as cannot be reached by the roller, and all places excavated below sub-grade and refilled, and all pipe trenches and other places that cannot be properly compacted by the roller, shall be tamped solid, and in cases of wet weather or soft or muddy ground, making the use of the roller unsafe or impracticable, the rolling shall not be undertaken until the ground has become sufficiently dry.

Section 7. The contractor shall notify the City Engineer when a block or section has been brought to sub-grade, when the latter will check the elevations of same, and if the work is found to be in accordance with the specifications and grade given, the contractor shall proceed as hereinafter mentioned.

Section 8. ASPHALT MACADAM BASE. Upon the grade so prepared shall be spread an asphaltic macadam base, which shall be delivered upon the work at a temperature of from 230 degrees to 300 degrees Fahrenheit, to such a depth that, after receiving the final compression, it shall have a thickness of not less than four (4) inches. After laying the base it shall be rolled with a steam roller having a weight of not less than three hundred (300) pounds to the lineal inch of tire. Rolling must continue until the pavement does not mark by the roller.

Section 19. ASPHALT MACADAM SURFACE.. Upon the base so prepared shall be spread

the asphalt macadam surface, the asphalt macadam to be delivered upon the work at a temperature of from 260 degrees to 325 degrees Fahrenheit, and to be laid to such a depth that after receiving the final compression it shall have a thickness of not less than three (3) inches. After laying this surface it shall be rolled with a hand roller, followed by a steam roller, having a weight of not less than two hundred (200) pounds to the lineal inch of tire. Rolling must continue until the pavement does not mark by roller.

Section 10. PREPARATION OF MIXTURE OF ASPHALT MACADAM BASE. The macadam base shall consist of broken stone, which shall be the run of the crusher, containing all the dust and fracture and not exceeding in its largest dimensions two and one half (2-1/2) inches, mixed with sand and gravel in proportions, of about 70 per cent rock and 30 per cent sand and gravel, the intention being to mix the ingredients so as to have the voids as small as possible. Crushed stone, gravel and sand shall be heated together in a rotary heatdr, to a temperature, when mixed, of about 250 degrees Fahreheit , it shall be conveyed to a double shaft, mixer, where there shall be thoroughly mixed with it an Asphaltic cement until each particle is thoroughly coated. Seven (7) pounds of asphaltic cement shall be used to each cubic foot of the mixture.

Section 11. PREPARATION OF MIXTURE OF ASPHALTT SURFACE. The asphalt macadam surface shall consist of broken stone, which shall be the run of the crusher and contain all dust and fracture, and shall not exceed in its largest dimentions one (1) inch , mixed with sand and gravel, in the proportions of approximately 70 per cent broken stone and 30 per cent sand and gravel, the intention being to mix the ingredients so as to have the voids as small as possible. The crushed stone and gravel and sand shall be heated in a rotary heater to a temperature of from 260 degrees to 325 degrees Fahrenheit. It shall then be conveyed to a double shaft mixer, where there shall be mixed with it stone, dust and asphalt cement, which shall be added in such quantities as to thoroughly coat and bind together each particle of stone and sand. Ten (10) pounds of asphalt cement shall be added to each cubic foot of mineral aggregate.

SECTION 12. CRUSHED STONE. The crushed stone used in mixture for asphalt macadam base and asphalt macadam surface shall be trap rock, granite or lime rock, hard and sound and free from loam or organic matter.

Section 13. SAND AND GRAVEL. The sand shall be of a clean sharp, angular nature and shall not contain more than 20 per cent of stone ranging from one quarter (1/4) inch to one (1) inch, and no stone larger than will pass a one (1) inch ring will ne permitted, neither will stone or sand be used that shows softness or a tendency to pulverize.

Section 14. STONE DUST. The stone dust for wearing surface, shall be finely powdered limestone, granite, quartz or other mineral material and shall be of such fineness that all of its will pass a fifty-mesh to the inch screen and at least 66 per cent shall pass a two hundred-mesh to the inch screen.

Section 15. The upper surface of this asphalt macadam shall be finished to the grade set for the finished pavement, and shall be made to extend close up to and around all openings or projections and to fit all irregularities.

Section 16. The asphalt cement shall be a mixture of refined liquid asphalt with refined solid asphalt, or be an oil asphalt, and must be free from admixture with any resid-

ues obtained by artificial distillation of coal, coal tar or paraffine oil. The asphalt cement must be homogeneous, and its consistency at the time of its mixture with the rock and sand must fall within the limits of 60 to 75 degrees penetration by the District of Columbia Standard.

It must be adhesive and ductile and also slightly elastic at a temperature of 32 degrees Fahrenheit. When 20 grams are heated to a temperature of 300 degrees Fahrenheit for five (5) consecutive hours in an uncovered cylindrical dish of three and one -half (3 1/2) centimeters high by five and one half (5 1/2) centimeters in diameter, it must not lose more than four (4) per cent in weight, and must not be changed by such heating as to be made harder than a consistency of thirty (30) degrees penetration by the District of Columbia Standard. It must, when ready for use, contain at least ninety-eight (98) per cent of bitumen soluble in carbon bi-sulphide. It shall be soluble in cold carbon tetra-chloride to an extent of at least ninety-five (95) per cent. Not less than seventy (70) per cent shall be soluble in eighty -six (86) degrees "B" Naptha. It shall contain not more than fifteen (15) per cent of fixed carbon on ignition. Samples of the asphaltic cement and of the materials from which it has been prepared, shall be supplied to the Superintendent of Streets when required.

Section 17. CULVERTS. Culverts shall be placed wherever designated in the profiles or plans of the street on file in the office of the City Engineer. They shall be of the character and dimensions shown on the profile or plan and described in the specifications named in the Resolution of Intention.

Section 18. That all work done shall be subject to the following conditions and requirements.

Section 19. The contractor shall give twelve (12) hours notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve in their proper places all stakes set for lines, levels or measurements of the work by the City Engineer. Any expense in replacing said stakes which the contractor or his agents or his employees may have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels.

Section 20. The contractor, shall at his own cost, remove all obstructions in a careful manner and replace the same when necessary that the same shall be replaced, in as good condition as found and to the proper grade, and all projecting stone or other walks, shall be neatly cut on the inside of the curb. Such cutting and re-setting of curbing and replacing of paving shall be done as shall be necessary to make proper connections with the work already done on the cross-streets.

Section 21. All the work provided for herein must in all cases be done under the direction and to the satisfaction of the Superintendent of Streets, and the materials used shall comply with the specifications and be to the satisfaction of the said Superintendent of streets.

Section 22. Wherever the word "contractor" is used in the specifications, it refers to the part or parties to whom the contract has been awarded for the construction of the work herein specified.

Section 23. Wherever the words "City Engineer" or Street Superintendent" are used in these specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

Section 24 . That Ordinance No. 3134 of the Ordinances of said City of San Diego entitled, "An Ordinance Providing Specifications for an Asphalt Macadam Pavement, Class "A" approved on the 9th day of January, 1908, be and the same is hereby repealed.

Section 25. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency and shall take effect from and after its passage and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 13th day of April, 1908, by the following vote, to-wit:

AN ORDINANCE PROVIDING SPECIFICATIONS FOR PAVING STREETS IN THE CITY OF SAN DIEGO, CALIFORNIA WITH CONCRETE BASE AND ASPHALT MACADAM WEARING SURFACE.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SAN DIEGO, AS FOLLOWS:

Section 1. The paving of all streets in the City of San Diego, California, with asphalt macadam wearing surface on a concrete base, shall be done in accordance with the specifications hereinafter contained.

Section 2. The work herein provided for shall be constructed according to the plans, drawings and cross-sections therefor approved by the Common Council and so as to conform to the lines, levels and official grade of the street on which said work is to be constructed. Said lines and levels shall be shown on the ground by stakes to be set by the City Engineer of said City.

Section 3. The work to be done shall be as follows:

(a) Grading and preparing the road-bed;

(b) Trenching for and constructing the culverts when included in the Resolution of Intention;

(c) Constructing and laying the asphalt macadam wearing surface on concrete base;

(d) Constructing and laying along the exterior lines of said pavement the guttering when prescribed by the Resolution of Intention;

(e) Furnishing all labor and material necessary to perform said work and complete the same;

(f) Removing from the street all surplus material of every kind, including everything brought upon the street by the contractor and not incorporated into the improvement contracted for.

Section 4. The pavement is to consist of a cement concrete base and a wearing surface of asphalt macadam, the thickness of each of which shall be shown upon the cross-section adopted for the work.

Section 5. The sub-grade for that portion of the street which is to be paved, shall be such distance below and parallel to the finished surface thereof, as is shown upon said adopted cross-section.

Section 6. Grading shall include all filling, the removal of all earth, stone or all other material, of whatever nature it may be, that may be encountered in preparing the streets, and shall also include all trimming and shaping required to bring the surface of the street to sub-grade and cross-section. When mud or other soft material is encountered below sub-grade it shall be taken out and the space refilled with good earth or gravel which shall be rolled until the surface of the foundation ceases to sink under or creep in front of the roller. The contractor, however, will not be required in such cases to excavate the mud or other soft material to a greater depth than two feet below sub-grade. All filling shall be done with good, sound earth. The embankment shall be carried up, of full width in horizontal layers not to exceed one foot each in thickness, and the teams shall be made to travel as evenly as possible over the whole surface of each layer both in coming and going. The formation of well defined ruts is especially prohibited. No material of a spongy nature shall be used for filling.

The space over which fills are to be made, shall first be cleaned of all brush and rubbish. After the block or section has been graded as above specified, the surface shall be rolled with a roller weighing not less than two hundred and fifty (250) pounds to the inch width of tire until the surface is unyeilding. Depressions made by rolling shall be levelled up with good earth and rolled again.. Such portions of the street as can not be reached by the roller, and all places excavated below sub-grade and refilled, and all pipe trenches and other places that can not be properly compacted by the roller shall be tamped solid, and in case of wet weather or soft or muddy ground, making the use of the roller unsafe or impracticable, the rolling shall not be undertaken until the ground has become sufficiently dry. The contractor shall notify the City Engineer when a block or section has been brought to sub-grade, when the latter will check the elevation of the same and if the work is found to be in accordance with the specifications and grades given, the contractor shall proceed as herein after mentioned.

Section 7. CONCRETE BASE: Upon the road-bed prepared and brought to sub-grade as above described, and thoroughly dampened, there shall be constructed the cement concrete foundation.

Cementiconcrete shall be composed of One (1) part of Portland cement; three (3) parts of sand; six (6) parts of broken stone.

Section 8. CONCRETE MATERIALS: The cement used shall be portland cement, and shall conform to the following conditions and be subject to the following tests; The tests shall be made by the methods and under the conditions prescribed by the Committee of the American Society of Civil Engineers, and shall be open to the contractors. FINENESS: Not less than ninety-two per cent by weight, of the cement must pass through a sieve one hundred meshes to the linear inch and not less than seventy-five per cent, by weight, must pass through a sieve of two hundred meshes to the linear inch. TIME OF SETTING: The initial set of the cement shall be not less than thirty (30) minutes, when mixed neat with the smallest possible amount of water at the temperature at which it flows from the tap in the testing room provided by the City of San Diego, but hard set must develop in not less than one (1) hour nor more than ten (10) hours. TENSILE STRENGTH: Briquettes one inch square in section shall attain at least the following tensile strengths and shall show no retrogression within the periods specified. After twenty-four (24) hours in moist air, neat, 175 pounds per square inch. After seven days, (briquettes to remain in moist air one day, in water six days), neat, 560 pounds per square inch; three (3) parts sand to one (1) part cement, 150 pounds per square inch. After twenty-eight (28) days (briquettes to remain in moist air, one day in water twenty-seven days) neat, 600 pounds per square inch, three (3) parts of sand to one (1) part of cement, 200 pounds per square inch; Pats of neat cement about three inches in diameter, one-half thick at the center, and tapering to a thin edge, shall be kept in moist air for a period of twenty-four hours.

(1) A pat is then kept in air of normal temperature, and observed at intervals for at least twenty-eight days.

(2) Another pat is kept in water maintained as near 70 degrees Fahrenheit as practicable, and observed at intervals for at least twenty-eight (28) days.

(3) A third pat is exposed in any convenient way in an atmosphere of steam, above boiling water, in a loosely closed vessel for five hours. These pats to satisfactorily pass

the requirements, shall remain firm and hard and show no signs of distortion, checking, cracking or disintegration.

Section 9. SAND. The sand shall be clean and coarse, or a mixture of coarse and fine grains, with the coarse grains predominating. It shall be free from clay, loam, sticks organic matter and other impurities.

Section 10. BROKEN STONE. Broken stone shall be the run of the crusher. It shall be hard and durable in quality and shall not be larger than three (3) inches in greatest dimension.

Section 11. MIXING. All proportions shall be obtained by actual measurement in boxes or wheelbarrows of uniform size, and no material shall be used that has not been thus measured. All mixing shall be done in boxes, or upon tight platforms or in machine mixers. In the process of mixing the concrete, unless a machine mixer is used, the broken stone shall be spread in a regular layer, not over ten inches in depth, on the platform; upon this stone shall be uniformly spread the proper amount of sand and upon the sand shall be evenly spread the required amount of cement. The whole mass shall then be thoroughly mixed by turning at least three times, dry. Water shall then be added in a fine spray and the mass turned twice, wet, after which it shall be immediately placed in position on the road-bed, and tamped and rammed, until it is thoroughly compacted and until free mortar appears on the surface. No concrete shall be used that shows evidence of having set or that has become unfit for good work from standing too long, or from any other cause, and no remixing will be allowed. The surface of the concrete shall be thoroughly watered for at least five (5) days, after which sufficient time shall be allowed for the surface to become thoroughly dry before receiving the asphaltic layer. Under no circumstances shall any concrete be put upon the work after the initial set has taken place.

Section 12. ASPHALT MACADAM WEARING SURFACE. Upon the foundation prepared and laid as above described, and thoroughly swept free from all rubbish, shall be laid an asphalt macadam wearing surface, which shall, after compression, be of the depth indicated upon the cross-section adopted for said work.

Section 13. PREPARTION OF MIXTURE OF ASPHALT MACADAM SURFACE. The asphalt macadam surface shall consist of broken stone which shall be the run of the crusher and contain all dust and fracture, and which shall not exceed in its largest dimensions one (1) inch, mixed with sand and gravel, in the proportions of approximately 70 per cent broken stone and 30 per cent sand and gravel , the intention being to mix the ingredients so as to obtain the largest possible amount of closely bedded rock and leave a smooth surface. The crushed stone, gravel and sand shall be heated in rotary heaters to a temperature, when mixed of 260 degrees to 300 degrees Fahrenheit. It shall then be conveyed to a double shaft mixer where there shall be mixed with it stone dust and asphalt cement which shall be added in such quantities as to thoroughly coat and bind together each particle of stone and sand. Seven (7) pounds of stone dust and ten (10) pounds of asphalt cement shall be added to each cubic foot of mineral aggregate.

Section 14. The surface mixture, prepared as above, shall be brought to the work in suitable carts or dump wagons, and shall not be colder than 230 degrees Fahrenheit, nor hotter than 325 degrees Fahrenheit when it reaches the street.

Section 15. CRUSHED STONE, The crushed stone used in the macadam mixture may be trap rock, granite, or lime-rock, as the contractor elects , hard and sound and free from loam or organic matter.

Section 16. SAND AND GRAVEL. The sand shall be of a clean, sharp, angular nature and shall contain not more than 20 per cent of stone ranging from one-quarter (1/4) inch to one (1) inch, and no stone larger than will pass a one (1) inch ring will be permitted, neither will stone or sand be used which shows softness or a tendency to pulverize.

Section 17. STONE DUST. The stone dust for wearing surface shall be finely powdered limestone, granite, quarts, or other mineral material, and shall be of such fineness that all of it will pass a fifty-mesh to the inch screen and at least 66 per cent shall pass a two-hundred mesh to the inch screen.

Section 18. The asphalt cement shall be a mixture of refined liquid asphalt with a refined solid asphalt, or be an oil asphalt, and must be free from admixture from any residues obtained from artificial distillation of coal, coal tar or paraffine oil. The asphalt cement must be homogeneous and its consistency at the time of its mixture with the rock and sand muet fall within the limits of 60 to 75 degrees penetration by the District of Columbia Standard. It must be adhesive and ductile and also slightly elastic at a temperature of 32 degrees Fahrenheit. When 20 grams are heated to a temperature of 300 degrees Fahrenheit for five (5) consecutive hours in an uncovered cylindrical dish three and one-half (3-1/2) centimeters high by five and one-half (5 1/2) centimeters in diameter, it must not lose more than four (4) per cent in weight and must not be changed by such heating as to be made harder than of a consistency of thirty (30) degrees penetration by the District of Columbia Standard. It must, when ready for use, contain at least ninety-eight (98) per cent of bitumen soluble in carbon bi-sulphide. It shall be soluble in cold carbon tetrichloride to an extent of at least ninety-five (95) per cent. Not less than seventy (70) per cent shall be soluble in 86 degrees "B" naptha. It shall contain not more than fifteen (15) per cent of fixed carbon on ignition. Samples of the asphaltic cement and of the materials from which it has been prepared, shall be supplied to the Superintendent of Streets, when required for tests.

Section 19. CULVERTS. Culverts shall be placed wherever designated on the profiles or plans of the Street on file in the office of the City Engineer, They shall be of the character and dimensions shown on the profile or plan and described in the specifications named in the Resolution of Intention.

Section 20. That all work shall be subject to the following conditions and requirements.

Section 21. The contractor shall give twelve (12) hours notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve in their proper places all stakes set for lines, levels, or measurements of the work by the City Engineer. Any expense in replacing said stakes, which the contractor or his agents or employees may have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels.

Section 22. All the work provided for herein must in all cases be done under the direction and to the satisfaction of the Superintendent of streets, and the materials used shall comply with the specifications and be to the satisfaction of the said Superintendent of Streets..

Section 23. Whenever the word "contractor" is used in these specifications, it refers to the party or parties to whom the contract has been awarded for the construction of the work herein specified.

Section 24. Whenever the words "City Engineer," or "Street Superintendent" are used in these specifications, they refer, respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

Section 25. That Ordinance No. 3133, of the Ordinances of said City of San Diego, entitled "An Ordinance Providing Specifications for Asphalt Macadam Wearing Surface with Concrete Base Pavements, in the City of San Diego, California", approved on the 9th day of January, 1908, be and the same is hereby repealed.

Section 26. This is an ordinance for the immediate preservation of the public peace, health and safety and one of urgency, and shall take effect from and after its passage and approval.

ORDINANCE NO. 3245.

An Ordinance G R A N T I N G to the San Diego Electric Railway Company, a corporation, a street railway franchise to construct and operate a street railway commencing at the center of the intersection of Washington street with Hawk street, thence running north on Hawk street to the center of the intersection of Hawk street with Lewis street, thence running west on said Lewis street to the center of the intersection of said Lewis street with Ibis street, in the City of San Diego, California.

Whereas, on the 27th day of January, 1908, the San Diego Electric Railway Company, a corporation, filed in the office of the City Clerk of the City of San Diego, a petition for authority to construct, maintain and operate, for a period of twenty-five years, a street railway track along and upon certain streets and property in the city of San Diego, California, hereinafter particularly described, said petition being document No.21511; and

Whereas, the Common Council of said city did thereafter determine that the franchise so petitioned for should be granted by the adoption of concurrent resolution No.101, approved by the Mayor of said city on the 4th day of February, 1908, being

document No.21661

Whereas, said concurrent resolution No.101 was thereafter duly published once in the city official newspaper of said city, to wit; the San Diego Union and Daily Bee, as required by law and as required by said resolution No.101; and

Whereas, the said Common Council adopted concurrent resolution No.102, approved by the Mayor of said City on the 14th day of February, 1908, and being document No.21813, which concurrent resolution No.102, provided that the city clerk of said city should cause notice of the said application for the said street railway franchise, and notice of said concurrent resolution No.101 determining that said street railway franchise should be granted, to be published for ten days in the city official newspaper of said city, to wit: The San Diego Union and Daily Bee; and

Whereas, the said city clerk did publish said notice as required by said concurrent resolution No.102; and

Whereas, due proof of the publication of said notice in the said San Diego Union and Daily Bee, as required by said concurrent resolution No.102 has been filed in the office of said city clerk; and

Whereas, at a session of the Common Council of said city held on the 9th day of March, 1908, pursuant to and in accordance with said notice, a bid for said street railway franchise was received, opened and publicly declared after consideration; and

Whereas, the bid of the San Diego Electric Railway Company for the sum of $125.00 for the said street railway franchise conformed to the provisions of the charter of the said City of San Diego and to the notice given by the said city clerk as aforesaid, and to law, and was the highest and best bid received therefore; and

Whereas, on the 16th day of March, 1908, the said Common Council duly accepted said bid of the San Diego Electric Railway Company by ordinance No.3218, approved by the Mayor of said city on the 19th day of March, 1908; and

Whereas, the said San Diego Electric Railway Company has paid to said city the sum of $125.00 the amount of its bid for for said street railway franchise;

NOW, THEREFORE, BE IT ORDAINED By the Common Council of the City of San Diego, as follows:-

Section 1. That the San Diego Electric Railway Company, its successors and assigns, be and are hereby granted a franchise to construct, maintain and operate, for a period of twenty five years, a street railway along and upon the following route and streets, in the City of San Diego, California:--

Commencing at the center of the intersection of Washington street with Hawk street, thence running north on Hawk street to the center of the intersection of Hawk street with Lewis street; thence running west on said Lewis street to the center of the intersection of said Lewis street with Ibis street, in said city; upon the following conditions, namely:--

1.

That the cars upon said railway shall be propelled by means of electricity used through the overhead system, or by gasoline motors, electric storage batteries, vapor motors, or other improved modern methods as may be allowed by law, but if at any time the said railway cannot be operated by said means owing to accident to the machinery or appurtenances, animal power may be used to propel cars thereon during the time necessary to repair such machinery or appurtenances.

II.

That the track shall be four feet eight and one-half inches within the rails, and shall have a space between it and the side tracks, turnouts and switches, not exceeding six feet four inches, being sufficient to allow the cars to pass each other freely.

III.

That the work of construction of said railway shall be commenced within three months ater this ordinance shall be in effect, and be completed within one year after work shall have been commenced.

IV.

That the rails used in the construction of said road shall be not less than sixty pounds to the yard.

V.

That the right to grade, pave, sewer, and macadamize or otherwise improve or alter or repair the said streets shall be reserved to the city of San Diego; such work to be done so as to obstruct the said railway as little as possible. The grantee or its assigns shall shift and reshift its rails so as to avoid the obstruction created thereby.

VI.

That the laying of said tracks, and all sidetracks, turnouts, switches or curves shall conform in all cases with the grades of said streets which have been graded, and in all other cases as near to the natural grades of such streets as practicable. And when at any time any part of said route shall be graded, or the grade thereof altered or changed by said Common Council, the bed of the road and the tracks thereon shall be made to conform therewith by the grantee or its assigns. The curves of said railway at all street intersections shall be practicable and obstruct the public travel thereon as little as possible, and the same shall be placed under the direction of the City Engineer. The First track of said railway shall be laid upon the east and north side of the center of the street, and as near to the center of the street as practicable.

VII.

That at least a twenty minute service shall be given upon said road on said tracks during the hours that the San Diego Electric Railway Company operates its present road in said city.

VIII.

That the San Diego Electric Railway Company shall in operating said proposed street railway issue passenger transfers for continuous passage to all other lines of street railway owned or operated by it in the City of San Diego, California, and also shall issue similar transfers from such other lines owned or operated by it, as aforesaid, to the line to be constructed under this franchise.

IX.

That a failure to comply with any of the conditions of the franchise shall work a forfeiture of the rights and privileges granted thereby.

X.

That the right to repeal, amend, or modify this ordinance, granting said franchise, is hereby reserved by the said Common Council.

XI.

That the San Diego Electric Railway Company shall have the right to lay either a single or double track, but the laying of a single track shall be deemed a compliance

with the conditons of this franchise, and shall not impair the right of the said San Diego Electric Railway Company to subsequently lay a second track paralleling the first track.

XII.

That after the laying of said tracks, the grantee or its assigns shall plank, pave, or macadamize, grade and regrade, as the said Common Council may direct, the entire length of that portion of said streets used by said railway tracks between the rails and for two feet on each side thereof, and between the tracks, including all switches, curves, turnouts, cross-overs and sidetracks and keep the same constantly in repair flush with the streets and with good crossings, and with all necessary and proper culverts for the uninterrupted passage of water under said tracks.

Section 2. That this ordinance shall take effect and be in force from and after thirty days after its passage and approval.

Section 3. That the City Clerk of the City of San Diego be and he is hereby authorized and directed, immediately after the approval of this ordinance, to publish or cause the same to be published once in the city official newspaper of said city, to-wit; the San Diego Union and Daily Bee.

ORDINANCE NO. 3284.

AN ORDINANCE PROVIDING SPECIFICATIONS FOR A PETROLITHIC PAVEMENT CLASS "B".

BE IT ORDAINED, By the Common Council of the City of San Diego, California, as follows:

Section 1. The paving of streets in the City of San Diego, California, with petrolithic pavement, Class "B", shall be done in accordance with the specifications hereinafter contained.

Section 2. The street, pavement, guttering and culverts provided for herein are to be constructed according to the plans, drawings and cross-sections therefor, approved by the Common Council, and so as to conform to the lines, levels and official grade of the street upon which said work is to be constructed; said lines and levels shall be shown on the ground by stakes to be set by the City Engineer of said city.

Section 3. The work to be done shall be as follows:

(a) Grading and preparing the roadbed.

(b) Trenching for and constructing the culverts when included in the Resolution of Intention;

(c) Constructing the petrolithic pavement.

(d) Constructing and laying along the exterior lines of said pavement the guttering when prescribed by the Resolution of Intention.

(e) Furnishing all material and labor necessary to perform said work and complete the same.

(f) Removing from the street all surplus material of every kind, including everything brought upon the street by the contractor and not incorporated into the improvement contracted for.

Section 4. GRADING. Grading shall include all work necessary to bring the streets to their proper grade and cross-sections.

Section 5. CULVERTS. Culverts shall be placed wherever designated on the profiles or plans of the street on file in the office of the City Engineer. They shall be of the Character and Dimensions shown on the profile or plan and described in the specifications named in the Resolution of Intention.

Section 6. CONSTRUCTING PETROLITHIC PAVEMENT.

(a) PLOWING. The roadways shall be plowed to a depth of six (6) inches and thoroughly pulverized. The grade and cross-section to be substantially maintained during the progress of the work.

(b) WATERING. After the street has been prepared as above described, apply sufficient water to thoroughly and evenly dampen the top six (6) inches to a proper

consistency to secure the best results in tamping, this amount to be governed by the nature of the soil, and then loosen with a cultivator.

(c) OILING. Oil shall then be applied as follows:

The area to be oiled shall extend from curb to curb where there are no gutters and where there are gutters, then from gutter to gutter, including all intersections of streets and alleys, and to the property lines on both sides of said intersections. The roadway shall be coated evenly with the oil at the rate of three-fourths of one gallon to the square yard of surface covered. It shall then be thoroughly cultivated to a depth of four inches until the oil is well mixed with the soil. A second application of oil, at the rate of three-fourths of one gallon to the square yard of surface covered shall then be made, and the area shall again be cultivated to a depth of four inches until the oil and the soil are well mixed. The roadway shall then be plowed four inches deep with a plow that thoroughly turns over the furrows. It shall then be thoroughly cultivated, treated to a third coat of oil at the rate of one-half gallon per square yard, again cultivated and then recrowned with a road grader until the surface substantially conforms to the required cross section. It shall then be tamped with a tamping roller until it is solid to within two inches of the surface. Then apply the fourth coat of oil, amounting to one and one-half gallons per square yard of surface covered, spreading the same evenly over the entire surface of the roadway, and cultivate the same in thoroughly with a cultivator set so as not to disturb the tamped sub-base. The roadway shall then be tamped with a tamping roller until the entire surface is uniformly hard, solid and free from undulations or other irregularities. In the process of cultivating, the surface shall be gone over not less than ten times after each of the first two applications of oil, and not less than ten times after the third application, and in all cases until the oil and soil are thoroughly mixed. The total quantity of oil to be applied on the street shall not be less that three and one-half (3 1/2) gallons net oil, by measure, for every square yard of surface covered, and in all cases sufficient oil shall be applied to thoroughly coat the material of the street. At all stages of the work, sufficient water shall be applied to secure the best results in the tamping, the amount of water to be used to be governed by the charater of the soil, the intention being to make the soil just damp enough to pack solid. Any portion of the street that cannot be reached by the roller, shall be tamped solid by hand. The Contractor will be held responsible for all damage to curbs, gutters, or cross-walks, that may be caused by him in the performance of the work. Should an excess of oil remain upon the surface after rolling has been completed, sufficient clean, sharp, coarse sand shall be spread over the surface to absorb the same, and the surface shall be again rolled until solid.

(d) OIL. (1) The oil used shall be a natural oil treated to remove water or sediment, or one from which the volatile material has been removed by distillation. It must not have been injured by over heating. (2) TEMPERATURE. All oil must be delivered at the point required for sprinkling at a temperature of not less than one hundred and fifty (150) degrees Fahrenheit. (3) MEASUREMENTS. In determining the quantity of oil delivered the correction for expansion by heat shall be as follows: From the measured volume of oil received at any temperature above sixty (60) degrees Farhenheit an amount equivalent to four tenths (0.4) of one percent for every ten (10) degrees Farhenheit shall be subtracted as the correction for expansion by heat. For the purpose of measuring oil a temperature of sixty (60) degrees Farhenheit shall be deemed normal temperature. (4) VOLITILITY. The oil shall not contain more than eight (8) per cent

of matter volatile when said oil is heated slowly to two hundred and twenty (220) degrees Fahrenheit and maintainedaat that temperature during fifteen (15) minutes. (5) ASPHALT. After being freed from water and sediment, the oil shall contain not less than seventy (70) per cent of asphalt, having a temperature of seventy-seven (77) degrees Fahrenheit, a penetration of eighty (80) degrees, District of Columbia Standard. The percentage of asphalt shall be determined by heating a weighed amount of said oil in an evaporating oven to a temperature of four hundred (400) degrees Fahrenheit until it has reached the proper consistency, when the weight of the residue shall be determined and the percent calculated. (6) WATER AND SEDIMENT. Deduction will be made for water and sediment in exact proportion to the percentage of water and sediment found therein, and the oil shall not contain over two (2) per cent of such water and sediment. (7) TANK WAGONS. All tank wagons used for the delivery of this oil must be first submitted to the City Engineer, who will guage and stamp into the steel heads of said tanks the capacity in gallons of said tanks, and no figure of capacity will be accepted other than the official rating given by the City Engineer. (8) OIL TESTS. All oil to be used shall be tested by the City Engineer.

(e) ROLLER. The tamping roller to be used in the execution of the work herein specified shall consist of a roller the outer surface of which shall be studded with teeth not less than seven inches long, and having a surface area of not less than four square inches each, the roller itself to be of such a weight that the load upon each tooth shall not be less than three hundred pounds.

Section 7. CONDITIONS AND REQUIREMENTS. That all work done shall be subject to the following conditions and requirements:

The Contractor shall give twelve (12) hours notice in writing when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve in their proper places all stakes set for lines, levels or measurements of the work by the City Engineer. Any expense in replacing said stakes which the contractor or his agents or his employees may have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels.

The contractor shall, at his own cost, remove all obstructions in a careful manner and replace the same when necessary that the same shall be replaced, in as good condition as found and to the proper grade, and all projecting stone or other walks shall be neatly cut on the inside of the curb. Such cutting and resetting of curbing and replacing of paving shall be done as shall be necessary to make proper connections with the work already done on the cross-streets.

All the work provided for herein must in all cases be done under the direction and to the satisfaction of the Superintendent of Streets and the materials used shall comply with the specifications and be to the satisfaction of the said Superintendent of Streets. Section 8. DEFINITION OF CONTRACTOR. Wherever the word, "contractor" is used in these specifications, it refers to the party or parties to whom the contract has been awarded for the construction of the work herein specified.

Section 9. DEFINITION OF CITY ENGINEER, STREET SUPERINTENDENT. Wherever the words "City Engineer" or "Street Superintendent" are used in these specifications, they refer respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

Section 10. This is an ordinance for the immediate preservation of the

public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 25th day of May, 1908, by the following vote, to-wit:

AN ORDINANCE PROVIDING SPECIFICATIONS FOR A PETROLITHIC PAVEMENT CLASS "A".

BE IT ORDAINED, By the Common Council of the City of San Diego, California, as follows:

Section 1. The paving of streets in the cityof San Diego, California, with petrolithic pavement, Class "A", shall be done in accordance with the specifications hereinafter contained.

Section 2. The street pavement, guttering and culverts provided for herein are to be constructed according to the plans, drawings and cross-sections therefor, approved by the Common Council, and so as to conform to the lines, levels and official grade of the street upon which said work is to be constructed; said lines and levels shall be shown on the ground by stakes to be set by the City Engineer of said city.

Section 3. The work to be done shall be as follows:

(a) Grading and preparing the road-bed.

(b) Trenching for and constructing the culverts when included in the Resolution of Intention.

(c) Constructing the petrolithic pavement.

(d) Constructing and laying along the exterior lines of said pavement the guttering when prescribed by the Resolution of Intention.

(e) Furnishing all materials and labor necessary to perform said work and complete the same.

(f) Removing from the street all surplus material of every kind, including everything brought upon the street by the contractor and not incorporated into the improvement contracted for.

Section 4. GRADING. Grading shall include all work necessary to bring the streets to their proper grade and cross-section.

Section 5. CULVERTS. Culverts shall be placed wherever designated on the profiles or plans of the street on file in the office of the City Engineer. They shall be of the character and dimensions shown on the profile or plan and described in the specifications named in the Resolution of Intention.

Section 6. CONSTRUCTING PETROLITHIC PAVEMENT.

(a) PLOWING. The roadways shall be plowed to a depth of six (6) inches and thoroughly pulverized. the grade and cross-section to be substantially maintained during the progress of the work.

(b) WATERING. After the street has been prepared as above described, apply sufficient water to thoroughly and evenly dampen the top six (6) inches to a proper consistency to secure the best results in the tamping, this amount to be governed by the nature of the soil, and then loosen with a cultivator.

(c) OILING. Oiling shall then be applied as follows:

The area to be oiled shall extend from curb to curb where there are no gutters, and where there are gutters, then from gutter to gutter, including all intersections of streets and alleys, and to the property lines on both sides of said intersections. The roadway shall be coated evenly with the oil at the rate of three-fourths of one gallon to the square yard of surface covered. It shall then be thoroughly cultivated to a depth of four inches until the oil is well mixed with the soil. A second application of oil, at the rate of three-fourths of one gallon to the square yard of surface covered shall then be made, and the area shall again be cultivated to a depth of four inches until the oil and the soil are well mixed. The roadways shall then be plowed four inches deep with a plow that thoroughly turns over the furrows. It shall then be thoroughly cultivated, treated to a third coat of oil at the rate of one-half gallon per square yard, again cultivated and then recrowned with a road grader until the surface substantially conforms to the required cross section. It shall then be tamped with a tamping roller until it is solid to within two inches of the surface. The contractor shall then provide and spread evenly upon the entire roadbed a layer two inches thick of gravel or crushed rock raked free from all stones that will not pass through a ring one and one-half (1 1/2) inches in diameter. The roadbed shall then be plowed or cultivated so as to thoroughly mix this layer of gravel with the top two inches of the natural soil of the street. Then apply the fourth coat of oil, amounting to one and

one-half gallons per square yard of surface covered, spreading the same evenly over the entire surface of the roadway, and cultivate the same in thoroughly with a cultivator set so as not to disturb the tamped sub-base. The roadway shall then be tamped with a tamping roller until the entire surface is uniformly hard, solid and free from undulations or other irregulaities. In the process of cultivating, the surface shall be gone over not less than ten times after each of the first two applications of oil, and not less than ten times after the third application, and in all cases until the oil and soil are thoroughly mixed. The total quantity of oil to be applied on the street shall not be less than three and one-half (3 1/2) gallons net oil, by measure, for every square yard of surface covered, and in all cases sufficient oil shall be applied to thoroughly coat the material of the street. For the purposes of these specifications, gravel shall be defined as a mixture of sound hard stone and sand of decomposed granite. The stone shall vary in size from that which will be rejected by a screen of four meshes to the inch, up to the limit specified above, and shall contribute at least sixty (60) per cent of the total volume of the gravel. At all stages of the work sufficient water shall be applied to secure the best results in the tamping, the amount of water to be used to be governed by the character of the soil, the intention being to make the soil just damp enough to pack solid. Any portion of the street that cannot be reached by the roller shall be tamped solid by hand. The contractor will be held responsible for all damage to curbs, gutters or cross-walks that may be caused by him in the performance of the work. Should an excess of oil remain upon the surface after rolling has been completed, sufficient, clean, sharp, coarse sand shall be spread over the surface to absorb the same, and the surface shall be again rolled until solid.

(d) OIL. (1) The oil used shall be a natural oil treated to remove water or sediment, or one from which the volatile material has been removed by distillation. It must not have been injured by over-heating. (2) TEMPERATURE. All oil must be delivered at the point required for sprinkling at a temperature of not less than one hundred and fifty (150) degrees Fahrenheit. (3) MEASUREMENT. In determining the quantity of oil delivered the correction for expansion by heat shall be as follows: From the measured volume of oil received at any temperature above sixty (60) degrees Fahrenheit, an amount equivalent to four-tenths (0.4) of one (1) per cent for every ten (10) degrees Fahrenheit shall be subtracted as the correction for expansion by heat. For the purpose of measuring oil, a temperature of sixty (60) degrees Fahrenheit shall be deemed normal temperature.

(4) VOLATILITY. The oil shall not contain more than eight (8) per cent of matter volatile when said oil is heated slowly to two hundred and twenty (220) degrees Fahrenheit and maintained at that temperature during fifteen (15) minutes. (5). ASPHALT. After being freed from water and sediment, the oil shall contain not less than seventy (70) per cent of asphalt, having at a temperature of seventy-seven (77) degrees Fahrenheit, a penetration of eighty (80) degrees, District of Columbia Standard. The percentage of asphalt shall be determined by heating a weighed amount of said oil in an evaporating oven to a temperature of four hundred (400) degrees Fahrenheit until it has reached the proper consistency, when the weight of the residue shall be determined and the percent calculated. (6) WATER AND SEDIMENT. Deduction will be made for water and sediment in exact proportion to the percentage of water and sediment found therein, and the oil shall not contain over two (2) per cent of such water and sediment.

(7) TANK WAGONS. All tank wagons used for the delivery of this oil must be

first submitted to the City Engineer, who will gauge and stamp into the steel heads of said tanks the capacity in gallons of said tanks, and no figure of capacity will be accepted other than the official rating given by the City Engineer. (8) OIL TESTS. All oil to be used shallbe tested by the City Engineer.

(e). ROLLER. The tamping roller to be used in the execution of the work herein specified shall consist of a roller the outer surface of which shall be studded with teeth not less than seven (7) inches long, and having a surface area of not less than four inches each, the roller itself to be of such weight that the load upon each tooth shall not be less than three hundred (300) pounds.

Section 7. CONDITIONS AND REQUIREMENTS. That all work done shall be subject to the following conditions and requirements:

The contractor shall give twelve (12) hours notice in writng when he shall require the services of the City Engineer for laying out any portion of the work. He shall preserve in their proper places all stakes set for lines, levels or measurements of the work by the City Engineer. Any expense in replacing said stakes which the contractor or his agents or his employes may have failed to preserve, shall be borne by the contractor. The contractor shall dig all stake holes necessary to give lines and levels.

The contractor shall, at his own cost, remove all obstructions in a careful manner and replace the same when necessary that the same shall be replaced, in as good condition as found and to the proper grade. and all projecting stone or other walks shall be neatly cut on the inside of the curb. Such cutting and resetting of curbing and replacing of paving shall be done as shallbe necessary to make proper connections with the work already done on the cross-streets.

All the work provided for herein must in all cases be done under the direction and to the satisfaction of the Superintendent of Streets and the materials used shall comply with the specifications and be to the satisfaction of the said Superintendent of streets.

Section 8. DEFINITION OF CONTRACTOR. Wherever the word "contractor" is used in these specifications, it refers to the party or parties to whom the contract has been awared for the construction of the work herein specified.

Section 9. DEFINITION OF CITY ENGINEER AND STREET SUPERINTENDENT. Wherever the words "City Engineer" or "Street Superintendent" are used in these specifications they refer respectively, to the City Engineer and the Street Superintendent of the City of San Diego, California.

Section 10. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

PROVIDED, however, that this franchise is granted and accepted on the following express conditions, to-wit:

1st. That said grantee, its successors and assigns, shall pay to the said Board of State Harbor Commissioners, as rental for that portion of said Bay of San Diego upon and over which said wharf is or shall be maintained, the sum of Six Hundred Dollars ($600.00) per annum, in gold coin of the United States, payable in installments of $50.00 each, in advance on the first day of each and every month during the life of this franchise, and commencing on the first day of the month next ensuing the

ratification of this franchise by the Common Council of the City of San Diego, County of San Diego, State of California.

2nd. That if at any time said Commissioners shall desire to terminate this franchise and to purchase said wharves or piers, and the purchase price thereof cannot be agreed upon, then the owner of said franchise shall select two disinterested persons and said commissioners shall select two disinterested persons, who shall ascertain and fix the value of said wharves or piers; and if three of said four persons cannot agree, then they shall appoint a fifth competent and disinterested person, and any three of said five persons may fix the value of said wharves or piers; provided, however, that in fixing such value the franchise or privilege shall not be considered as of any value, and upon the payment or tender thereof by said commissioners, they will be entitled to the possession of said wharves or piers and the title thereto shall vest in the State of California.

3rd. That nothing contained in this franchise shall be construed as permitting the erection and maintenance of said wharves and piers in such manner or in such places as to prevent or interfere with the erection and maintenance of a sea-wall, in accordance with the plans heretofore, or hereafter, adopted by said commissioners.

4th. That work shall be commenced upon said structure or structures within three months from the ratification and confirmation of this franchise by ordinance of the said City of San Diego, and the westerly pier thereof shall be completed within one and one-half years thereafter, and the whole thereof shall be completed within five years thereafter.

5th. That nothing contained in this franchise shall be construed as in any wise limiting the power of said Board of Harbor Commissioners to hereafter grant franchises to any persons or corporations authorizing such persons or corporations to construct, maintain and operate any railroad or railroads across the line of this franchise and across said wharf, between the lines of high water mark and the bulk-head line as laid down and delineated on the official map filed in the office of said Board and entitled, "Plans and Improvement for San Diego Bay", and adopted by the said Board of Harbor Commissioners on January 14th, 1899, provided that such persons or corporations shall bear all the expense of making such crossing or crossings and their equitable share of the cost of maintaining the same.

6th. This franchise is granted on the express condition that the same shall be ratified and confirmed by an Ordinance of the said City of San Diego, on or before the first day of July, 1908; otherwise the same shall be entirely null and void and of no effect, force or virtue.

7th. By its acceptance of this grant, The San Diego and Arizona Railway Company, grantee herein, assents and agrees to all the conditions and provisions contained.

IN WITNESS WHEREOF, said Board of Harbor Commissioners has caused this instruement to be executed for and on its behalf by its President and attested by its Secretary and caused its seal to be hereto affixed, at the office of said Board in the City of San Diego, in the County of San Diego, State of California, this 10th day of March, A.D., 1908.

AN ORDINANCE RATIFYING AND CONFIRMING THE ACTION OF THE BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA, IN GRANTING TO THE BENSON LUMBER COMPANY, A CORPORATION, ITS SUCCESSORS OR ASSIGNS A FRANCHISE AUTHORIZING THE ERECTION AND MAINTENANCE OF A WHARF AND OTHER STRUCTURES, IN THE WATERS AND LAND OF THE BAY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED, By the Common Council of the City of San Diego, State of Cali-

fornia, as follows:

Section 1. That the following grant of a franchise, authorizing the construction and maintenance, by the Benson Lumber Company, a corporation, its successors or assigns, of a Wharf and other structures, in the waters and land of the Bay of San Diego, State of California, by said Benson Lumber Company, a corporation, its successors or assigns, said Franchise having been granted on the 28th day of February, A.D., 1908, as follows:

BEFORE THE BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA.

In the matter of the application of Benson Lumber Company, a corporation, for the right to erect, extend and maintain a Wharf, Pier and Saw Mill in the waters of San Diego Bay	Order granting Franchise.

In the matter of the application of the Benson Lumber Company, a corporation of Oregon, for a Franchise giving it the right and authority to erect, construct and maintain in the waters of San Diego Bay, as hereinafter described, a wharf, or wharves, supported by piers or piling, upon which saw mills, box factories, or other structures may me constructed and erected, and also the right to continue the maintenance thereof, for the period hereinafter mentioned, of the wharf, pier and saw mill, and other structures already constructed and erected by said Benson Lumber Company, under a franchise granted to S.Benson, and his assigns, on June 5th, 1906, and by him assigned to the Benson Lumber Company, which said application was received on the 30th day of December, 1907, and set for hearing on the 15th day of January, 1908, at 3 P.M., which hearing after being regularly continued came on for hearing at a meeting of the Board at 3 o'clock P.M. January 23rd, 1908; proof satisfactory to the Board was made, that due notice of the time and place appointed for the hearing of the said application was given by publication in two daily newspapers according to law.

All persons and parties appearing before the said Board were heard touching and concerning the said application, and no objections were made thereto, and it further appearing to said Board that the said Benson Lumber Company had presented with said application, and making it a part thereof, a map as required by law, showing all the things required by law, to be shown thereon. After due deliberation, the Board finds and determines that the granting of said application will be promotive of public interest and that said application was made, and all proceedings had and taken therein, are and have been in full compliance with the law. It is therefore ordered by the aye votes of Commissioners Oesting, Pringle and DeBurn, that said application for a Franchise be, and the same is granted, to-wit:

That in consideration of the covenants hereinafter contained on the part of the grantee, to which covenants for itself, its successors or its assigns, by its acceptance hereof, agrees, said Board of State Harbor Commissioners hereby grants to the said Benson Lumber Company, its successors and assigns, the right and franchise to erect, construct and maintain until August 1st, 1925, a wharf, or wharves, supported by piers or piling upon which saw mills, box factories, and other structures may be constructed and erected; also the right to continue the maintenance for said period, of the wharf, pier, saw mill, and other structures already constructed and erected by said Benson Lumber Company, under a franchise granted to S.Benson, and his assigns, on June 5th, A.D. 1906, upon

the lands and in the waters of San Diego Bay, all as shown by map filed with the application of the said Benson Lumber Company herein, together with the right to occupy and the unobstructed use of, that portion of San Diego Bay bounded and described as follows, to-wit:

Commencing at a point in the Bay of San Diego, State of California, on the center line of Sixteenth street in Mannassee and Schiller's Addition in the City of San Diego, California, if said center line were produced in a southwesterly direction fourteen hundred six (1406) feet from the intersection of the center line of said Sixteenth street with the center line of National avenue; thence in a southwesterly direction, following the said center line of said Sixteenth street, if said center line were produced in a southwesterly direction to the"Pier Head Line" as established June 13th, 1892, by "The Board of Engineer Officers constituted by paragraph 2, Special Orders No.51, from Headquarters Corps of Engineers, U.S.A., October 11th, 1888, to establish harbor lines for San Diego Harbor and adjacent waters", and approved by the Secretary of War, June 21st, 1892; thence in a southeasterly direction following the said "Pier Head Line", to its intersection with a line parallel to, and distant in a northwesterly direction forty-five (45) feet from the northwesterly line of Breadsley street, if said northwesterly line of Breadsley street were extended in a southwesterly direction; thence in a northeasterly direction following said line forty-five (45) feet northwesterly from, and parallel to, the said northwesterly line of said Breadsley street, to the line of Mean High Tide in the said Bay of San Diego; thence in a northwesterly direction following the said line of Mean High Tide to a point on the said line of Mean High Tide whence the point of beginning bears north 36 degrees 13 minutes west; thence north 36 degrees and 13 minutes west to the point or place of beginning.

The uses and purposes to and for which said structures herein mentioned and the franchise herein granted are to be applied, are for the storage of logs and other raw material upon the lands and in the waters as hereinbefore described; for the manufacture of lumber and its products from logs; for the sale and distribution of lumber and its products in San Diego and elsewhere, and the wharf described in said plat is to be used in loading and unloading ships, lighters and shipping crafts, and especially lumber for said Benson Lumber Company, and in conveying over the same, all kinds of merchandise, freights and material to and from the waters of the Bay of San Diego;

Provided, however, that this franchise is granted and adopted upon the following conditions, to-wit:

1st. Said grantee hereby convenants and agrees to pay to said Board of State Harbor Commissioners, , during the term of this grant, the sum of Forty ($40.00) dollars per month, in advance, commencing on the first day of January, 1908, as rental for the use of the premises hereinbefore described, and to pay the same each and every month, during the term for which this grant is made, provided, however, that said grantee, or its successors and assigns, may, at any time relinquish and terminate this grant, and upon the removal of all improvements therefrom, and the surrender of said premises to said Board of State Harbor Commissioners, it, and its successors and assigns, shall be released from the payment of any rental thereafter.

2nd. If at any time during the life of this franchise, the said Commissioners shall desire to terminate the franchise and to purchase said wharf and other said structures thereon, if the purchase price cannot be agreed upon by the Commissioners and the grantee, its successors and assigns, then the said commissioners shall select two dis-

interested persons, and the grantee herein, its successors or assigns, shall select two disinterested persons, who shall ascertain and fix the value of said wharf and other structures, and if three of the said four persons so selected cannot agree, then they shall appoint a fifth competent disinterested person, and any three of the said five persons may fix the value of said wharf and other structures (providing that in fixing such value the franchise or privilege shall not be considered any value) and upon the payment or tender of such value by the commissioners, said commissioners shall be entitled to the possession thereof, and title thereto shall vest in the State of California, and said franchise shall thereupon terminate;

3rd. That nothing herein contained shall be considered as permitting the use and maintenance of said premises in such a manner as to prevent the erection and maintenance of a sea wall, in accordance with the plans that have been, or may be hereafter adopted by said Board of Commissioners.

4th, That said Board shall have the right at any time to grant a franchise for the construction of a railroad across any part of the premises herein described, other than that covered by the wharf upon which said mill and auxiliary plants are constructed as shown upon said plat;

5th, The grantee herein, its successors or assigns, shall not apply the waters of this grant, or any part of it, to any other use than for the purpose mentioned in this franchise, unless they shall first obtain permission from the said Board of Harbor Commissioners.

6th, The grantee, its successors or assigns, shall not sublet said tract of land or waters of this grant or any part of it, unless it shall first obtain permission from said Board of Harbor Commissioners.

7th, Work upon the said described wharf shall be begun on or before April 1st, 1908, and shall be completed on or before one year thereafter.

No wharf or permanent structure shall be erected or maintained within 150 feet of the side lines of the premises herein described beyond the sea wall line; said line being respectively the extension of the center line of south Twentieth street, and the extension of the northwesterly line of south Twenty-second street, in the City of San Diego, California.

8th, The said grantee, its successors or assigns shall not use said lands herein granted in any manner so as to decrease the amount of tidal waters of the Bay of San Diego, and should the grantee, its successors or assigns, fail to comply with any or all of the provisions of this grant and franchise, then this grant and franchise shall become null and void and of no effect if it should be so ordered by a vote of the said Board of Harbor Commissioners.

9th, Should the grantee, its successors or assigns, abandon this grant and franchise, or neglect or fail to use same for the purposes intended and specified in the application herein, for a period of one year, then in that case, this grant and franchise shall become null and void and of no effect if it shall be so ordered by a vote of the said Board of Harbor Commissioners, and all of its rights therein shall cease and terminate.

10th, The said Board of Harbor Commissioners shall, at any time, have the right to construct and maintain a boulevard over and across said premises as follows, to-wit:

Commencing at a point in the Bay of San Diego, State of California, on the center line of Sixteenth street, in Manasse and Schiller's Addition in the City of San

Diego, California, if said center line were produced in a southwesterly direction, fourteen hundred six (1406) feet from the intersection of the center line of said Sixteenth street with the center line of National avenue; thence in a southwesterly direction following the said center line of said Sixteenth street, if said center line were produced in a southwesterly direction one hundred three and eighth-tenths (103-8/10) feet; thence south 36° degrees 13 minutes east four hundred seventy-three and five-tenths (473-5/10) feet; thence north 53 degrees 47 minutes east forty (40) feet; thence south 36 degrees 13 minutes east fifty-four (54) feet; thence south 53 degrees 47 minutes west (40) feet; thence south 36 degrees 13 minutes east one hundred nineteen and five-tenths (119-5/10) feet; thence south 15 degrees 20 minutes west one hundred forty (140) feet; thence south 37 degrees 17 minutes east two hundred and ninety-seven (297) feet; thence south 57 degrees 38 minutes east two hundred and eighty-three (283) feet; to a line parallel to, and distant in a northwesterly direction forty-five (45) feet from the northwesterly line of said Breadsley street, if the said northwesterly line of said Breadsley street were produced in a southwesterly direction; thence in a northeasterly direction following the said line forty-five (45) feet northwesterly from, and parallel to, the said northwesterly line of said Breadsley street, to the line of Mean High Tide in the said Bay of San Diego; thence in a northwesterly direction following the said line of Mean High Tide to a point on the said line of Mean High Tide, whence the point of beginning bears north 36 degrees 13 minutes west; thence north 36 degrees 13 minutes west to the point or place of beginning.

11th, And the said grantee, its successors or assigns, shall, at its or their, own costs and expense, and without any expense whatever to the State of California, or said Board of Harbor Commissioners, and after reasonable written notice to that effect has been surved upon said grantee, its successors or assigns, by said commissioners, remove all buildings, or other obstructions from that portion of said Boulevard hereinbefore described, about to be actually used for boulevard purposes, within a reasonable time before said Board of Harbor Commissioners shall commence the actual construction of said boulevard.

12th, Should this franchise not be ratified by the Council, or governing legislative body of the City of San Diego, on or before the 1st day of July, A.D. 1908, then this franchise shall be null and void and of no effect.

13th, As a consideration for this franchise it is hereby agreed by the grantee its succors and assigns, that upon the taking effect of this franchise, that certain franchise granted to the said S. Benson, June 5th, A.D. 1906, and by him assigned to the Benson Lumber Company shall be cancelled, terminated, and released, and the acceptance of this franchise shall be taken as a cancellation and release of said franchise of June 5th, A.D. 1906, and by said acceptance the said Benson Lumber Company hereby assents and agrees to all the terms and conditions of this franchise.

IN WITNESS WHEREOF the said Board of State Harbor Commissioners for the Bay of San Diego, California, has caused this order to be signed in its behalf, by its duly authorized President and Secretary, and its corporate seal affixed, this 28th day of February, 1908.

ORDINANCE NO. 3303.

AN ORDINANCE PROVIDING FOR THE SALE AT PUBLIC AUCTION OF A PORTION OF LOTS ONE TO ELEVEN, BOTH INCLUSIVE, IN BLOCK 114, BEING A SUBDIVISION OF PUEBLO LOT NO.1168, OF THE PUEBLO LANDS OF THE CITY OF SAN DIEGO, AND ALSO LOTS 9, 10 AND 11, IN BLOCK 156 OF SAID PUEBLO LOT 1168.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the City Clerk of the City of San Diego, California, is hereby authorized, directed and required to sell at public auction all the right, title, interest and estate of the said City of San Diego, in and to the following described real property and tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining, situated in the City of San Diego, County of San Diego, State of California, and more particularly described as follows, to-wit:

All that portion of lots numbered one to eleven, both inclusive, in Block 114, being a subdivision of Pueblo Lot number 1168 of the Pueblo Lands of the City of San Diego according to the partition map thereof, No.160, on file in the office of the Recorder of said San Diego County, lying north of a line drawn parallel with and distant 50 feet northerly of the center line of the main track of the Southern California Railway, being a strip of land off of the northerly ends of said lots about one foot in width at the westerly side of said lots and about 20 feet in width at the easterly side of said lots and following the curvature of said railway.

Also, those certain lots described as follows, to-wit:

Lots 9, 10 and 11, in Block 156, being a subdivision of Pueblo Lot No.1168, of the Pueblo Lands of the City of San Diego according to the partition map thereof, No. 160, on file in the office of the County Recorder of said County of San Diego.

Section 2. That such sale shall take place in front of the main entrance on "G" street of the City Hall of said City, situated on the southwest corner of Fifth and "G" streets, at a time to be specified in the notice of such sale hereinafter required to be given by the Clerk of said City, which time shall be fixed by the said City Clerk in said notice and shall not be more than forty (40) days after this ordinance goes into effect and not less than three (3) weeks after the first publication of such notice.

That said City Clerk shall sign and give notice of such sale by a publication of such notice for at least three (3) weeks prior to the date of such sale in the city official newspaper of said city, to-wit; The San Diego Union and Daily Bee, and such notice shall constitute the time and place when and where such sale will be made and the hour thereof, which hour shall be between 9 o'clock A.M. and 3 o'clock P.M. of the date of such sale. And said notice shall describe the property to be sold and shall state the manner, terms and condition of such sale, and said City Clerk shall attend at

the time and place specified in said notice and then and there sell said property in the manner and upon the terms and conditions stated in said notice and therein provided.

Section 3. That said property shall be offered at public auction for sale as a whole to the highest and best bidder in lawful money of the United States, and shall then and there be sold to the highest and best bidder, subject to the approval and confirmation of such sale by the Common Council of said City by ordinance, and subject to the right of the said Common Council to reject and disaffirm any and all bids made at such sale. That any purchaser of said property at such sale shall pay to the Clerk of said City, for the use and benefit of said City of San Diego, twenty per cent. (20%) of the amount of his bid at the time such sale is made, taking the receipt of said City Clerk therefor, and if the sale to the purchaser making such payment shall thereafter be approved as herein provided, such purchaser shall then be credited upon the purchase price of the property so sold to him for the amount paid by him thereon to said City Clerk at the time of the sale thereof as hereinbefore provided, and if such sale to such purchaser making such payment shall be disaffirmed by said Common Council as herein provided, the amount so paid by him shall be returned to him upon demand at any time after the taking effect of the ordinance disaffirming and rejecting such sale.

Section 4. That the said City Clerk after making such sale, shall immediately report the same to the said Common Council, giving the name of the purchaser and the amount of the highest and best bid offered for said property and such other facts as may be necessary to fully inform the said Common Council of the proceedings had attending such sale. And the said Common Council shall thereupon by ordinance, accept, approve and confirm, or reject, disapprove and annul any such sale.

Section 5. That if any sale be approved by the said Common Council, as herein provided, the ordinance approving such sale shall provide for the execution of a good and sufficient deed, from the said City of San Diego, of the property sold, to the purchaser thereof, and upon the tender of such deed to such purchaser, said purchaser shall pay in full, in lawful money of the United States, to the said City Clerk, the balance of the purchase price then remaining unpaid of the property mentioned in said deed, and upon the payment thereof said deed shall be delivered to such purchaser.

Section 6. That upon the taking effect of the ordinance confirming or rejecting any sale made as herein provided, the said City Clerk shall pay over to the treasurer of said city, and take his receipt therefor, any and all money received by himby reason of any proceedings, acts or things done in pursuance of this ordinance. And if such sale is approved by the said Common Council, the money so deposited with the said treasurer shall be placed to the credit of the General Fund of the said city.

Section 7. That all ordinances or parts of ordinances in conflict therewith are hereby repealed.

Section 8. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after itspassage and approval.

AN ORDINANCE AUTHORIZING THE PURCHASE OF CERTAIN SEWER MAINS BUILT IN SOUTH AND LINCOLN PARKS IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, The Common Council of the City of San Diego, California, did on the 21st day of January, 1907, adopt Resolution No.3093, in which said resolution the said Common Council determined that the public interest of the City of San Diego demanded the construction and completion and acquisition of certain municipal improvements, and,

WHEREAS, among other things enumerated in said resolution No.3093, was the purchase and acquisition from the Bartlett Estate Company by the City of San Diego of certain sewer lines laid in South and Lincoln Parks in said City of San Diego, at the total cost of $9,400. and,

WHEREAS, on the 28th day of January, 1907, pursuant to said Resolution No.3093, said Common Council adopted Ordinance No.2736, calling a special election in the said City of San Diego and submitting to the qualified voters of said city the question whether or not said city should incur a bonded indebtedness for certain municipal improvements, among which was the purchase from said Bartlett Estate Company of the said sewer lines in the said Lincoln and South Parks, which said sewer lines were particularly described in said Ordinance No.2736, and which said Ordinance No.2736, was approved by the Mayor of said City on the 29th day of Januray, 1907, and,

WHEREAS, at said special election the bonds for the purchase of said sewer system were carried, and,

WHEREAS, the said Common Council thereafter, on the 1st day of April, 1907, passed Ordinance No.2818, entitled, "An Ordinance Providing for the Issuance of City Bonds for Fourteen Different Purposes which are more Particularly Specified in the Preamble following and in the Body of the Ordinance", which said Ordinance was approved by the Mayor of said city on the 6th day of April, 1907, and,

WHEREAS, said Ordinance No.2818, provided, among other things, for the issuance of bonds of said city to the amount of $9,400.00 for the purchase and acquisition by said city of certain lines of sewer pipe already built and laid in South Park and in Lincoln Park, all in said city and all of which are in the resolution and recitation thereof in the preamble of said Ordinance No.2736, more fully and at large set forth and described, and, WHEREAS, on the 29th day of June, 1908, said $9,400.00 of bonds of the said City of San Diego, voted for the purchase of said sewer lines were sold to the Bank of Commerce and Trust Company, and,

WHEREAS, the money for the purchase of said sewers is now available, and,

WHEREAS, said sewer pipe lines have been constructed by the Bartlett Estate Company under permission granted to said company by said Common Council and said sewer lines have been constructed according to the plans and specifications therefor and to the satisfaction of the Board of Public Works of said city, NOW, THEREFORE,

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the City of San Diego, California, do purchase of the Bartlett Estate Company the following lines of sewer built by said company in south Park in the City of San Diego, California, to-wit:

AN ORDINANCE CHANGING AND ESTABLISHING THE GRADE OF "E" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE EAST LINE OF FOURTEENTH STREET TO THE WEST LINE OF EIGHTEENTH STREET.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

WHEREAS, the owners of a majority of the property affected by the herein ordained change of grade of "E" street, in the City of San Diego, County of San Diego, State of California, from the east line of Fourteenth street to the west line of Eighteenth street, as hereinafter set forth, did petition the Common Council of said city to change and modify the grade of said "E" street as hereinafter set forth and on consideration of said petition by said Common Council, said Common Council did, on the 20th day of January, 1908, duly pass and adopt Resolution of Intention No.3899, which Resolution was thereafter approved by the Mayor of said city on the 21st day of January 1908, wherein and whereby the said Common Council did declare its intention to change and modify the grade of said "E" street from the east line of Fourteenth street to the west line of Eighteenth street, at the points hereinafter mentioned and in all respects as hereinafter set forth, and,

WHEREAS, said Resolution of Intention has been published in the newspaper in which the official notices of the Common Council of the said city of San Diego are usually printed and published, and in every regular issue of such newspaper for not less than ten days, which Resolution of Intention described the proposed change of the grade of the said "E" street, between said points, and designated and established the district to be benefited by such change of grade and to be assessed for the cost of the same, in all respects as required by law; and,

WHEREAS, within five days after the first publication of said Resolution of Intention the Superintendent of Streets duly caused to be conspicuously posted, within the district described in said Resolution of Intention, notices of the passage of said Resolution of Intention as required by law, and duly gave notice of the passage of said Resolution of Intention in all respects as required by law; and,

WHEREAS, within thirty days after the first publication of said notice persons owning property fronting upon said "E" street between said points where such change of grade is to be made, filed a petition with the Clerk of the Common Council of said City of San Diego showing the facts of such ownership, the description and sit-

uation of the property claimed to be damaged, its market value, and the estimated amount of damages, over and above all benefits, which the said persons claimed the said property would sustain by the proposed change of grade, if completed, which petition was verified by the oath of the petitioners; and,

WHEREAS, thereafter, the Mayor, the City Engineer and the Superintendent of Streets of the said City of San Diego were duly sworn and qualified and acted as a Board of Commissioners to assess the benefits, damages and costs of the proposed change of grade upon each separate lot of land situated within such assessment district as said lot appears of record upon the last city assessment roll to the best of their judgement and ability and without fear or favor; and,

WHEREAS, the said Commissioners having determined that there would be no damages sustained by any one of said petitioners in excess of all benefits, and that there would be no damages, costs, charges or expenses to be assessed upon the property described in said district or any portion thereof, duly made their report in writing to that effect, and subscribed the same and filed the same with the City Clerk of said city in all respects as required by law; and,

WHEREAS, ON the filing of said report the Clerk of said Common Council duly caused notice of such filing to be published at least ten days in the City official newspaper of said city, being a daily newspaper published and circulated in said city, which notice required all persons interested to show cause, if any, why such report should not be confirmed before the Common Council on a day to be fixed by the Common Council and stated in such notice, which day was not less than twenty days from the first publication thereof; and,

WHEREAS, thereafter, objections in writing were filed with the Clerk of said Common Council, who, at the next meeting after the date fixed in the notice to show cause, duly laid said objections before the said Common Council, which Common Council duly and regularly, and in all respects as required by law, fixed a time for the hearing of the same, of which time the Clerk of the said City of San Diego duly notified the objectors in all respects as required by law; and,

WHEREAS, at the time set for the hearing of objections, the said Common Council duly heard said objections and passed upon the same, and at such time proceeded to pass upon said report and confirmed, approved, adopted and declared said report to be valid and legal in all respects; and,

WHEREAS, all the acts and things required by law to be done in order to confer jurisdiction upon said Common Council to change and modify the grade of said "E" street from the said east line of Fourteenth street to the said west line of Eighteenth street have been done, in all respects as required by law, and sufficient money to defray the expenses of these proceedings have been provided and is available therefor and no assessment is or will be necessary herein; NOW, THEREFORE,

BE IT FURTHER ORDAINED BY THE Common Council of the City of San Diego, as follows:

Section 1. That the grade elevations of said "E" street from the said east line of Fourteenth street to the said west line of Eighteenth street, be and they are hereby changed and established as follows, to-wit:

ORDINANCE NO. 3354.

AN ORDINANCE AUTHORIZING THE TAX COLLECTOR OF THE CITY OF SAN DIEGO TO CANCEL ALL TAXES ASSESSED AGAINST PROPERTY IN CORONADO BEACH BY THE CITY OF SAN DIEGO FOR THE YEARS 1893, 1894 AND 1895, AND BEING AFTER CORONADO BEACH WAS EXCLUDED FROM THE TERRITORY OF SAN DIEGO.

WHEREAS, Coronado Beach was segregated from the City of San Diego, California, on the 16th day of October, 1890, and,

WHEREAS, the city of San Diego levied taxes on property situate in Coronado Beach for the years 1893, 1894 and 1895, after the same was excluded from the City of San Diego; and,

WHEREAS, after the passage by the legislature of the State of California, of an Act, entitled, "An Act providing for the Adjustment, Settlement and Payment of any Indebtedness Existing Against any City or Municipal Corporation at the Time of Exclusion of Territory Therefrom and the Division of property thereof," approved 1893; and,

WHEREAS, after the passage and approval of such Act, P.L.Johnson, et al., began a suit in the Superior Court of San Diego County against the City of San Diego, seeking therein to have the amount decreed by the Court which should be properly chargeable against the property in Coronado Beach theretofore excluded from the territorial limits of the City of San Diego; and,

WHEREAS, in said action the Superior Court of San Diego County, held that the property in Coronado Beach was at that time, not legally liable for any existing indebtedness of the City of San Diego; and,

WHEREAS, the said City of San Diego thereafter appealed said action to the Supreme

Court of the State of California; and,

WHEREAS, the Supreme Court thereafter affirmed the decision of the Superior Court of San Diego County and declared that the City of San Diego had no legal right to assess taxes on the property located in Coronado Beach as territory which had been excluded from the corporate limits of the City of San Diego; and,

WHEREAS, by said decision all taxes levied by the City of San Diego against the property in Coronado Beach for the years 1893, 1894 and 1895, thereby became void and of no effect; NOW, THEREFORE,

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the Tax Collector of the City of San Diego, California, is hereby authorized and directed to cancel upon the tax books in the office of said Tax Collector, all taxes levied by the City of San Diego upon property situated in Coronado Beach for the fiscal years 1893, 1894 and 1895.

AN ORDINANCE AUTHORIZING THE SALE OF CERTAIN CITY LANDS AT PUBLIC AUCTION

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That the City Clerk of the City of San Diego, California, be, and he is hereby, authorized and directed to advertise for sale at public auction all that certain real property belonging to said city of San Diego situate, lying and being in the City of San Diego, County of San Diego, State of California, and particularly described as the south half of lot eleven and the north half of lot ten, all in Block 12 of Caruthers' Addition to said City of San Diego, otherwise known as Bay View Homestead, as per the official map of said addition upon file in the office of the County Recorder of said County of San Diego.

Section 2. That said sale shall be made upon the express terms and conditions that the City of San Diego reserves the right through the Common Council to reject any and all bids.

Section 3. That such sale shall take place in front of the main entrance on "G" street of the City Hall of said City situated on the southwest corner of Fifth and "G" streets, at a time to be specified in the notice of such sale hereinafter required to be given by the Clerk of said city, which time shall be fixed by the said Clerk in said notice and shall not be more than forty (40) days after this ordinance goes into effect and not less than three (3) weeks after the first publication of such notice.

That said City Clerk shall sign and give notice of such sale by a publication of such notice for at least three (3) weeks prior to the date of such sale in the city official newspaper of said city, to-wit: The San Diego Union and Daily Bee, and such notice shall constitute the time and place when and where such sale will be made and the hour thereof, which hour shall be between 9 o'clock A.M. and 3 o'clock P.M. of the date of such sale. And said notice shall describe the property to be sold and shall state the manner, terms and condition of such sale, and said City Clerk shall attend at the time and place specified in said notice and then and there sell said property in the manner and upon the terms and conditions stated in said notice and therein provided.

Section 4. That said property shall be offered at public auction for sale as a whole to the highest and best bidder in lawful money of the United States and shall then and there be sold to the highest and best bidder for cash, subject to the right of the City of San Diego, through the Common Council, to reject any and all bids offered, and subject to the right of said Common Council to approve and confirm such sale by ordinance, and subject to the right of said Common Council to reject and disaffirm such sale. That any purchaser of said property at such sale shall pay to the Clerk of said city, for the use and benefit of said City of San Diego, twenty per cent. (20%) of the amount of his bid at the time such sale is made, taking the receipt of said City Clerk therefor, and if the sale to the purchaser making such payment shall thereafter be approved as herein provided, such purchaser shall then be credited upon the

purchase price of the property so sold to him for the amount paid by him thereon to said City Clerk at the time of the sale thereof as hereinbefore provided, and if such sale to such purchaser making such payment shall be disaffirmed by said Common Council as herein provided, the amount so paid by him shall be returned by him upon demand at any time after the taking effect of the ordinance disaffirming and rejecting such sale.

Section 5. That the said City Clerk after making such sale shall immediately report the same to the said Common Council, giving the name of the purchaser and the amount of the highest and best bid offered for said property and such other facts as may be necessary to fully inform the said Common Council of the proceedings had attending such sale. And the said Common Council shall thereupon, by ordinance, accept, approve and confirm, or reject, disapprove and annul any such sale.

Section 6. That if any sale be approved by the said Common Council as herein provided, the ordinance approving such sale shall provide for the execution of a good and sufficient deed from the said City of San Diego of the property sold to the purchaser thereof, and upon the tender of such deed to such purchaser, said purchaser shall pay in full, in lawful money of the United States, to the said City Clerk, the balance of the purchase price then remaining unpaid of the property mentioned in said deed, and upon the payment thereof said deed shall be delivered to such purchaser.

Section 7. That upon the taking effect of the ordinance confirming any sale made as herein provided, the said City Clerk shall pay over to the treasurer of said city and take his receipt therefor, any and all money received by him by reason of any proceedings, acts or things done in pursuance of this ordinance. And if such sale is approved by the Common Council, the money so deposited with the said treasurer shall be placed to the credit of the General Fund of the said city. But if all bids should be rejected and such sale be disapproved by the said Common Council, then all money so paid shall be returned to the bidder who may have deposited the same with the City Clerk.

Section 8. That all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 9. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 27th day of July, 1908, by the following vote, to-wit:

AN ORDINANCE RATIFYING AND CONFIRMING THE ACTION OF THE BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF SAN DIEGO, CALIFORNIA, IN GRANTING TO THE POINT LOMA FERRY COMPANY, A CORPORATION, ITS SUCCESSORS OR ASSIGNS, A FRANCHISE AUTHORIZING THE ERECTION AND MAINTENANCE OF A WHARF AND PIER IN THE BAY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED, By the Common Council of the City of San Diego, State of California, as follows:

Section 1. That the following grant of a franchise, authorizing the construction and maintenances, by the Point Loma Ferry Company, a corporation, its successors or assigns, of a wharf and pier, in the Bay of San Diego, in the City of San Diego, State of California, by said Point Loma Ferry Company, a corporation, its successors or assigns, said franchise having been granted on the 24th day of June, A.D., 1908, as follows:

BEFORE THE BOARD OF STATE HARBOR COMMISSIONERS

FOR THE BAY OF SAN DIEGO, CALIFORNIA.

In the Matter of the application of Point Loma Ferry Company, for a Franchise and right to erect and Maintain a Wharf and Pier in the Bay of San Diego, in the City of San Diego, California.	GRANT OF FRANCHISE.

WHEREAS, The Point Loma Ferry Company, a corporation, of the City of San Diego, County of San Diego, State of California, has heretofore filed with the Board of State Harbor Commissioners for the Bay of San Diego, an application in writing, duly signed, and in all respects complying with the requirements on that behalf of 2606 of the Political Code of the State of California, for a franchise giving it right and authority to construct, erect and maintain a wharf and pier on the tide lands and in the waters of the Bay of San Diego, California, at the place and of the dimensions hereinafter set forth, which said application was received on the 26th day of May, 1908, and was set for hearing on the 9th day of June, 1908, and which then came on regularly for hearing; proof satisfactory to the Board was made, that due notice of the time and place appointed for the hearing of the said application had been duly given by publication in two daily newspapers according to the requirements of the law.

All persons and parties appearing before the Board were heard touching and concerning the said application. Several persons appeared before the Board favoring the granting of said application, also several persons who were opposed to the granting of said application, all of which appears of record in the proceedings of the Board of date June 9th, 1908. The Board then took the matter under advisement;

AND WHEREAS, after due deliberation the Board found and determined that the granting of said application would be promotive of the interests of the public and the commerce of the Port of San Diego, and that said application as made, and all the proceedings had and taken in connection therewith are, and had been, in full compliance withlaw, and the person who had previously objected to the granting of said application having withdrawn such objections;

The Board Ordered, by the aye votes of Commissioners Oesting, Pringle and DeBurn, that the said application for a franchise for a wharf and pier be granted.

NOW, THEREFORE, a franchise is hereby granted to the said Point Loma Ferry Company, it successors and assigns, to construct, erect and maintain until the first day of August, 1925, at which time the said privilege and franchise hereby granted shall terminate, a wharf and pier on the tide lands and in the waters of the Bay of San Diego, California, at the place and of the dimensions following, to-wit:

Beginning at a point on the west line of Atlantic street in the City of San Diego, California, 46.5 feet south of the north line of "H" street, in the City of San Diego, California; thence south 79° 15' west into the waters of San Diego Bay 736.0 feet thence at right angles south 10° 45' east 100.0 feet; thence north 59° 37' east 238.1 feet; thence north 79° 15' east 511.7 feet to the west line of said Atlantic street; thence north along the said west line of Atlantic street 20.35 feet to the place of beginning all as shown, delineated and set forth upon the map, plat or plan of said wharf and pier filed with said application, together with the right to construct, maintain and operate upon said wharf and pier such railways and other appliances as shall or may be necessary or convenient for the purpose of loading and unloading vessels, ships and water craft at, and transportation of passengers, freight or merchandise upon and over said wharf and pier and to charge and collect tolls, dockage and fees for the same, as well as for the handling and storage of such freight and merchandise, and also the unobstructed use of the water in front of said wharf and pier to the edge of the channel and for fifty (50) feet on the northerly side, and one hundred (100) feet on the southerly side of said wharf and pier below the bulkhead line, or such portion there

of as may be necessary and convenient in receiving and discharging freight, merchandise andother commodities over said wharf and pier, as well as for the safety of vessels while coming to or going from said wharf and pier or lying at such wharf and pier.

If at any time within the life of this franchise the said Board of State Harbor Commissioners shall construct or begin the construction of a boulevard along the shore of said Bay of San Diego, and if said boulevard shall cross this franchise, then the said Point Loma Ferry Company shall remove, at its own expense, the shore end of said wharf and pier for a length of one hundred feet to permit the construction of said boulevard, and the said Board of State Harbor Commissioners shall determine the time when said length of one hundred feet of wharf and pier shall be removed.

PROVIDED, HOWEVER, that this franchise is granted and accepted upon the following express conditions, to-wit:

1st. That the grantee herein, its successors or assigns, shallpay to the Board of State Harbor Commissioners for the Bay of San Diego, as rental for the use of that portionof the said Bay of San Diego covered by this franchise, the sum of One Hundred and Fifty-six Dollars ($156.00) per annum in Gold coin of the United States, payable in installments of Thirteen Dollars ($13.00) each, in advance on the first day of each and every month during the life of this franchise, and commencing on the first day of the month next ensuing the ratification of this franchise by the Common Council of the City of San Diego, County of San Diego, State of California.

2nd. If at any time during the life of this franchise the said Commissioners shall desire to terminate this franchise and to purchase said wharf and pier, if the purchase price cannot be agreed upon between the commissioners and the grantee herein, its successors or assigns, then the owner of said franchise shall select two disinterested persons and said commissioners shall select two disinterested persons who shall ascertain and fix the value of said wharf and pier, and if three of said four persons so selected cannot agree, then they shall appoint a fifth competent, disinterested person, and any three of said five persons may fix the value of said wharf and pier (provided that in fixing such value the franchise or privilege shall not be considered any value) and upon the payment or tender of such value by the Commissioners they shall be entitled to the possession of said wharf and pier and the title thereto shall vest in the State of California.

3rd. Nothing herein contained shall be considered as permitting the use and maintenance of said wharf and pier in such a manner as to prevent or interfere with the erection and maintenance of a seawall in accordance with the plans that have been or may hereafter be adopted by said Board of Commissioners.

4th. The said Board of Harbor Commissioners expressly reserves the right to cancel and vacate this franchise at any time and to grant a franchise to construct a wharf or pier to any person or corporation on or over the territory herein described, with the expressed condition, however, that the grantee herein shall be provided by such subsequent grantee with a suitable landing place on said wharf or pier constructed, or to be constructed by such subsequent grantee. Said landing to be provided to the said grantee herein by such subsequent grantee, free of all cost and expense, and the same to be suitable to the conduct of the business of this grantee at the time of the cancellation of this franchise. The rental herein provided, however, shall remain the same.

5th. That nothing contained in this franchise shall be construed as in any wise limiting the power of said Board of Harbor Commissioners to hereafter grant franchises to any persons or corporations authorizing such persons or corporations to construct, maintain and operate any railroad or railroads across the tract of land and water of this grant and across the said proposed wharf and pier, between the lines of high tide and the bulk head line, as it has been or may hereafter be established by the said Board of Harbor Commissioners.

6th. The grantee herein, its successors or assigns, shall not apply the tract of tide lands and waters of this grant or any part of it, to any other use than for the purposes mentioned in this franchise, unless it shall first obtain the special permission of the said Board of Harbor Commissioners.

7th. The grantee herein, its successors or assigns, shall not sublet the tract of tide lands and waters of this grant, or any part of it, unless it shall first obtain the special permission of the said Board of Harbor Commissioners.

8th. Work upon the said proposed wharf and pier shall be begun within ninety days after this franchise shall have been ratified by an ordinance of the Common Council of the City of San Diego, County of San Diego, State of California, and said wharf and pier shall be finished and completed within one year from the date of such ratification.

9th. The said wharf and pier shall be constructed of the material and upon the plans as set forth in the application for this franchise.

The structures authorized by this grant shall be constructed under the inspection of the Engineer of said Board of Harbor Commissioners and the grantee herein shall pay the cost of said inspection.

The top of the planking of said proposed wharf and pier shall be on a level with the top of the planking of the Santa Fe wharf, as it now exists.

10th. Should the grantee herein, its successors or assigns, fail to comply with any or all of the provisions of this grant and franchise, then this grant and franchise shall become null and void and of no effect if it should be so ordered by a vote of the said Board of Harbor Commissioners.

11th. Should the grantee herein, its successors or assigns, abandon this grant and franchise, or neglect or fail to use and operate it for the purposes intended and specified in the said application, for a period of three consecutive months, then and in that case, this grant and franchise shall become and be null and void and of no effect if it shall be so ordered by a vote of the said Board of State Harbor Commissioners, and in that case the said wharf and pier shall revert to and become the property of the State of California, and the said Board of State Harbor Commissioners shall be entitled to the possession thereof.

12th. By its acceptance of this grant and franchise said Point Loma Ferry Company, grantee herein, for itself, its successors and assigns, assents and agrees to all of the terms and conditions of this grant and franchise.

13th. Should this franchise not be ratified by an ordinance by the Common Council of the City of San Diego, California, within whose jurisdiction the said tract of tide lands and waters of this grant is located, on or before the second day of January, 1909, then this grant and franchise shall become and be null and void and of no effect if it should be so ordered by a vote of the said Board of State Harbor Commissioners.

IN WITNESS WHEREOF, SAID BOARD OF STATE HARBOR COMMISSIONERS FOR THE BAY OF

SAN DIEGO, CALIFORNIA, has caused this instrument to be executed for and on its behalf by its President and attested by its Secretary and caused its seal to be hereto affixed at the office of the said Board in the City of San Diego, in the County of San Diego, State of California, this 24th day of June, A.D., 1908.

AN ORDINANCE CLOSING UP THE ALLEY IN BLOCK 155 IN SILVER GATE PARK ADDITION IN THE CITY OF SAN DIEGO, CALIFORNIA.

Whereas on the 22nd day of June, 1908, the Common Council of the city of San Diego, a municipal corporation in the county of San Diego and state of California, duly passed and adopted Resolution of Intention No. 4308, declaring its intention to order the closing up of the alley in block 155 in Silver Gate Park Addition in said city hereinafter particularly described, which said resolution was approved by the Mayor of said city on the 25th day of June, 1908; and

Whereas it has been made to appear by competent evidence to the satisfaction of said common council that J. C. Brockway, as superintendent of streets of said city, on the 17th day of July, 1908, caused to be conspicuously posted along the line of the work and improvement contemplated by said resolution, to-wit, along the northeasterly and southwesterly boundary lines of said alley, printed notices, signed by him as such superintendent of streets, of the passage of said resolution; that said notices were posted less than three hundred feet in distance apart, and that at least three of said notices were posted by said superintendent of streets on each side of said alley; and that each of said notices was headed "Notice of Public Work" in letters one inch in length, and in legible characters stated the fact of the passage of said resolution, its date, and briefly the work and improvement proposed hereinbefore referred to, and referred to said resolution for further particulars; and that said superintendent of streets also caused a notice similar in substance to the one above described to be published daily for a period of ten days, to-wit, from the 18th day of July, 1908, to the 27th day of July, 1908, both days included, in the The San Diego Union and Daily Bee, a daily newspaper of general circulation, printed, published and circulated in said city, and the newspaper designated by said common council in the aforesaid resolution for the publication

.of said notice; that said notice published in said newspaper as aforesaid was set in type not smaller than nonpareil, and was preceded with words printed in blackface type not smaller than nonpareil, describing and expressing in general terms the purport and character of said notice; that said newspaper had been established, and printed, published and circulated in said city daily for more than one year preceding the date of the first publication of said notice therein as aforesaid; that during said period of more than one year said newspaper had been so printed, published and circulated for the dissemination of local and telegraphic news and intelligence of a general character; that said newspaper had during said period of more than one year a bona fide subscription list of paying subscribers; and that said newspaper was at the time of the publication of said notice therein as aforesaid the "city official newspaper" of said city; and

Whereas the time prescribed by law within which objections to said work and improvement and to the closing up of said alley might be made has expired, and no objections thereto have been made; and

Whereas in the judgment of said common council the public interest and convenience require the closing up of said alley hereinafter particularly described; and

Whereas in the judgment of said common council it is not necessary that any land be taken in closing up said alley; and it appearing that no assessment is necessary therefor:

Therefore Be It Resolved and Ordained by the Common Council of said city of San Diego as follows:

That the following described alley within the corporate limits of said city be, and the same is hereby, closed up and vacated, to-wit:

The alley in block 155 in Silver Gate Park Addition in said city, as said alley is delineated upon the map of said Silver Gate Park Addition filed in the office of the county recorder of said county on the 6th day of December, 1905; said alley being twenty feet wide and extending through the center of said block from Una street in said Silver Gate Park Addition to the west boundary line of said Silver Gate Park Addition.

And it is further ordered that the city clerk of said city without delay cause this ordinance to be published by one insertion thereof in said The San Diego Union and Daily Bee.

Passed and adopted by the Common Council of the City of San Diego, California, this 8th day of September, 1908, by the following vote, to-wit:

Whereas on the 22nd day of June, 1908, the Common Council of the city of San Diego a municipal corporation in the county of San Diego and state of California, duly passed and adopted Resolution of Intention No. 4317, declaring its intention to order the closing up of the alley in block 157, said block being partly in pueblo lot 1168 and partly in pueblo lot 1341, in said city hereinafter particularly described, which said resolution was approved by the mayor of said city on the 25th day of June, 1908; and

Whereas it has been made to appear by competent evidence to the satisfaction of said common council that J. C. Brockway, as superintendent of streets of said city, on the 17th day of July, 1908, caused to be conspicuously posted along the line of the work and improvement contemplated by said resolution, to-wit, along the northeasterly and southwesterly boundary lines of said alley, printed notices, signed by him as such superintendent of streets, of the passage of said resolution; that said notices were posted less than three hundred feet in distance apart, and that at least three of said notices were posted by said superintendent of streets on each side of said alley; and that each of said notice was headed "Notice of Public Work" in letters one inch in length, and in legible characters stated the fact of the passage of said resolution, its date, and briefly the work and improvement proposed hereinbefore referred to, and referred to said resolution for further particulars; and that said superintendent of streets also caused a notice similar in substance to the one above described to be published daily for a period of ten days, to-wit, from the 18th day of July, 1908 to the 27th day of July, 1908, both days included, in The San Diego Union and Daily Bee, a daily newspaper of general circulation, printed, published and circulated in said city, and the newspaper designated by said common council in the aforesaid resolution for the publication of said notice; that said notice published in said newspaper as aforesaid was set in type not smaller than nonpareil, and was preceded with words printed in blackface type not smaller than nonpareil, describing and expressing in general terms the purport and character of said notice; that said newspaper had been established, and printed, published and circulated in said city daily for more than one year preceding the date of the first publication of said notice therein as aforesaid; that during said period of more than one year said newspaper had been so printed, published

and circulated for the dissemination of local and telegraphic news and intelligence of a general character; that said newspaper had during said period of more than one year a bona fide subscription list of paying subscribers; and that said newspaper was at the time of the publication of said notice therein as aforesaid the "city official newspaper" of said city; and

Whereas the time prescribed by law within which objections to said work and improvement and to the closing up of the said alley might be made has expired, and no objections thereto have been made; and

Whereas in the judgment of said common council the public interest and convenience require the closing up of said alley hereinafter particularly described; and

Whereas in the judgment of said common council it is not necessary that any land be taken in closing up said alley; and it appearing that no assessment is necessary therefor;

Therefore Be It Resolved and Ordained by the Common Council of said city of San Diego as follows:

That the following described alley within the corporate limits of said city, be, and the same is hereby, closed up and vacated, to-wit:

The alley in block 157 according to the Partition Map of pueblo lot 1168 filed in the office of the county recorder of said county on the 8th day of May, 1882, and according to Richter's subdivision of pueblo lot 1341; said alley being twenty feet wide and extending through the center of said block from Vesta street in said pueblo lot 1168 to Woden street in said Richter's subdivision.

And it is further ordered that the city clerk of said city without delay cause this ordinance to be published by one insertion thereof in said The San Diego Union and Daily Bee.

Passed and adopted by the Common Council of the City of San Diego, California, this 8th day of September, 1908, by the following vote, to-wit:

AN ORDINANCE CREATING A DEPARTMENT TO BE KNOWN AS THE "DEPARTMENT OF ELECTRICITY" PROVIDING FOR THE GREATER SAFETY TO LIFE AND PROPERTY BY REGULATING THE INSTALLATION, REPAIR, OPERATION AND MAINTENANCE OF ALL ELECTRICAL WIRING GOVERNED BY THE NATIONAL BOARD OF FIRE UNDERWRITERS RULES, KNOWN AS THE NATIONAL ELECTRICAL CODE, WHETHER INSIDE OR OUTSIDE OF ANY BUILDING, OR ON ANY STREET OR PUBLIC HIGHWAY WITHIN THE CITY OF SAN DIEGO, STATE OF CALIFORNIA, AND FOR THE APPOINTMENT BY THE BOARD OF PUBLIC WORKS OF THE CITY OF SAN DIEGO, OF A CITY ELECTRICIAN.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. (a) That the Board of Public Works of the City of San Diego, State of California, is hereby authorized, empowered and directed to appoint a suitable person as City Electrician.

(b) The person so appointed as such City Electriciam shall be a practical Electrician of not less than ten (10) years practical experience and shall receive for his services performed under the provisions of this Ordinance, a salary of $150.00 per month, such salary to be payable only out of funds derived from fees collected for services rendered herein as hereinafter provided.

Section 2. (a) The City Electrician is hereby authorized and empowered to make tests on all lighting systems furnished the City by persons, firms or corporations for the purpose of determining whether or not the terms of the contract are being complied with, and it shall be the duty of the person, firm or corporation furnishing such electrical service to provide suitable methods of making such tests as may be required by the City Electrician.

(b) The City Electrician is also authorized to enter any building, structure, subway or subway-manhole in the City of San Diego at any time during reasonable hours in the discharge of his duties, and upon demand of said Electrician, the owner or his representative, shall accompany the said Electrician upon his inspection. It shall be the duty of the city Electrician to inspect during the progress of the work all

inside, outside, overhead and underground electric wires, poles, cables, conduits, appliances, fixtures and apparatus hereinafter designated as inside and outside electrical installations, and to notify the persons, firms or corporations interested or concerned, of any and all violations, and to examine and pass upon all applications for permits, and to inspect all, inside and outside electrical installations included under this ordinance.

(c) Any and all dynamos, motors, wires or other material used for electrical purposes and located in or on said buildings and conduits, excepting power houses, sub-stations and central station plants, which shall become, in the opinion of said City Electrician, dangerous and unsafe to persons or property, shall be condemned by him, and upon receiving notice of such condemnation from said City Electrician the person or persons, firm or corporation, owning or using the same shall immediately cause the same to be put in safe condition.

(d) In case any person, persons, firm or corporation owning or using electrical wires, dynamos, motors, or other electrical apparatus or material of any nature whatsoever, located within buildings which have been condemned by the City Electrician shall fail to have the same put in safe condition, within forty eight (48) hours after receiving notice from said City Electrician, that the same has been condemned, or within such other reasonable length of time as shall be prescribed by said City Electrician, then it shall be the duty of the said Electrician to remove the fuse, cut the wires or by other means completely disconnect the condemned wires, apparatus or materials from the sources of electrical energy and for the purpose of disconnecting said condemned wires, apparatus, or other materials, said City Electrician shall have the right at any time to enter conduits, or enter upon any and all premises, or buildings, of any nature whatsoever, in the City of San Diego, where such wires or materials are installed.

(e) And when any electrical wire, dynamos, motors, or other electrical wires or materials, of any nature, whatsoever, controling or carrying a current of one hundred (100) volts or more, have been disconnected or rendered inoperative by said City Electrician, as set forth in the foregoing provisions of this section, it shall be unlawful for any person or persons to in any manner reconnect the same or cause the same to be reconnected with the source of electrical energy or use the same as part of any electrical system until they have been put into a safe condition and a certificate of inspection has been issued by said City Electrician.

Section 3. No alteration or change shall be made in the wiring of any building; nor shall any building within the limits of San Diego be wired, for the placing therein of electric lights, motors, or heating devices, wothout first securing from said city Electrician a permit therefor. Before any electrical work of any kind shall be covered up or in any manner concealed from view, notice of the intention to so conceal or cover up such work must be given to said City Electrician, and said Electrician shall approve the manner of covering and concealing such work before the same shall be covered, concealed or put into use.

Section 4. No person shall commence to install or place, inside of any building any electrical wiring or apparatus, controling or carrying a current of one hundred (100) volts or more in the City of San Diego, until proper application has been made to the City Electrician and a permit obtained and when required, plans and specifications for the proposed work shall be submitted for approval.

Section 5. Whenever a system of electrical wiring, controlled by and carrying one hundred (100) volts or more, is to be installed in or on a building, it shall be the duty of the party desiring such installation to present plans and specifications to the City Electrician and obtain a permit for such installation. Such permit shall not be granted unless such plans and specifications show that the wiring is to be done in accordance with

the rules and regulations herein prescribed, and upon completion of the wiring of any building, it shall be the duty of the company, firm or individual doing such wiring to notify the said Electrician, who shall inspect the same at once, and if approved by him, shall issue a certificate of satisfactory inspection which shall contain the date of such inspection and an outline of the result of such examination, but no such certificate shall be issued unless the electric light, power or heating installation and all apparatus and wiring connected with it shall be in strict conformity with the rules and regulations herein prescribed, and to the rules of the National Board of Fire Underwriters; nor shall any such installations be connected to any source of electrical energy until such certificate is issued; Provided, however, that while the work of constructing, altering or repairing any electrical wiring in any building is in progress, the City Electrician will issue to the person doing such work if desiring to use any electrical current in said building, a temporary permit for the use of electricity, which permit shall expire when the electrical apparatus or system of wiring for such building has been fully installed, constructed, altered or repaired and approved by the said City Electrician.

Section 6. All service switches, cut-outs, and first installation of all fuses complete, together with all meter loops, including wires from service switch to outside of building ready for connection by the service company, shall be installed by the person, firm or corporation doing the interior wiring, and such wires must be brought out of the building at the nearest point to the service company's line or source of supply. Service switches, meters, and cut-outs must not be placed higher than eight feet from the floor of any residence, and not higher than ten feet from the floor in all other buildings. In the installation of all electric wiring and apparatus the rules and requirements of the National Board of Fire Underwriters, in force at the time the work is done, shall be complied with.

Section 7. Any individual, firm or corporation desiring to do an electrical contracting business in the City of San Diego, shall be required, before entering on the conduct of said business, to procure a license to conduct said business and to secure a license each year for the conduct of said business. The annual license fee to be paid for each license shall be $100.00, payable in advance, and shall be paid to the Department of Electricity, City of San Diego, State of California.

An electrical contracting business within the intent of this Ordinance, shall be, and include, all electrical work, such as wiring for and installing electric lights, call bells, telephone and battery systems, electrical machinery and appliances pertaining to same.

Any electric light or power company, telephone or telegraph company, or electric railway company, or the like, that does electric work or repairs on their own property, or installs their own systems, shall not be deemed electrical contractors, providing they do not solicit of the general public.

That the City Electrician shall charge and collect from the person, firm or corporation to whom any permit for doing any electrical work is issued under the terms of this Ordinance, the following fees, to-wit:
