(1) That the grantee of the said franchise shall have the right, during the period for which said franchise is granted, to construct, maintain and operate the said telephone and telegraph system and collect rents, service, tolls and charges for the use thereof, provided that such rents, tolls and charges shall at all times be reasonable and subject to the regulations of the Common Council of the City of San Diego, or other legally constituted regulatory body having jurisdiction over rates to be charged by the grantee. and privilege so granted shall be declared forfeited; and said telephone system shall be completed within not more than three years thereafter, and if not so completed within said time, said franchise and privilege so granted shall be forfeited; provided that for good cause shown the Common Council may by resolution extend the time for completion thereof not exceeding three months; and provided further that in case any person, firm or corporation, to whom said franchise and privilege shall be struck off, sold and awarded, his or its successors or assigns, shall have already constructed or acquired a system of telephone and telegraph wires within the City of San Diego, or shall acquire the right to use or the right to operate a system of telephone and telegraph wires over, under and along all the public streets, alleys and places in the City of San Diego, such system so constructed shall be deemed a compliance with the provisions in that regard and with the provisions of this paragraph, so far as construction hereunder is required, to the extent that the same are in accordance with the conditions and limitations herein contained, and shall also be deemed to be a compliance with the provisions of law and of this paragraph requiring the commencement of work in not less than four months from the date on which the franchise is granted.

Section 6. The franchise, right or privilege hereby granted shall be subject to the right of the majority of the electors of the City of San Diego, voting at any election at any time during the life of this franchise or privilege, to repeal, change or modify the said grant.

Section 7. This ordinance shall take effect and be in force from and after thirty days from the date of its final passage by the Common Council and approval by the Mayor of the City of San Diego, and the said Clerk of said City shall, within thirty days, cause this ordinance to be published once in "The Evening Tribune," a daily newspaper of general circulation, printed and published in the said City of San Diego.

ORDINANCE NO. 5713.

AN ORDINANCE DECLARING THAT THE PUBLIC INTEREST OF THE CITY OF SAN DIEGO AND OF THE INHABITANTS THEREOF, REQUIRES THE ELECTION OF A BOARD OF FIFTEEN FREEHOLDERS WHO SHALL HAVE BEEN FOR AT LEAST FIVE YEARS QUALIFIED ELECTORS OF THE CITY OF SAN DIEGO, STATE OF CALIFORNIA, FOR THE PURPOSE OF PREPARING AND PROPOSING A NEW CHARTER FOR SAID CITY OF SAN DIEGO, STATE OF CALIFORNIA.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That, whereas, at a general election held in the City of San Diego, State of California, on the 8th day of April, 1913, the following proposition was submitted to the qualified electors of said City:

"Proposition I. Shall a new charter be framed by a Board of Freeholders?"; and

Whereas, the Common Council of said City, upon the 14th day of April, 1913, passed a Resolution numbered 13603, Document No. 61748, declaring the result of said election and declaring that a majority of the qualified electors voting at said election voted in favor of said proposition; and

Whereas, Section 8 of Article XI of the Constitution of the State of California requires that the Common Council, or other legislative body, of any city may, by a vote of two-thirds of all its members, pass an ordinance declaring that the public interest requires the election of a board of freeholders for the purpose of preparing and proposing a new charter for said city, which said ordinance shall be passed prior to the calling of an election for said purpose, and this Common Council, believing that the public interest of the City of San Diego and of the inhabitants thereof requires the election of such board of freeholders for the purpose of preparing and proposing a new charter for the City of San Diego, State of California;

Now therefore, this Common Council of the City of San Diego does hereby proclaim and declare that the public interest of the City of San Diego, State of California, and of the inhabitants thereof, requires the election of a board of fifteen freeholders, who shall have been for at least five years qualified electors thereof, and said freeholders to be elected by the qualified electors of said City at a special municipal election held for that purpose, said board of freeholders to be chosen and elected for the purpose of preparing and proposing a new charter for the said City of San Diego, State of California, all of which facts herein recited this Common Council proclaims and declares to be for the public interest of said City of San Diego and of the inhabitants thereof.

Section 2. It appearing to this Common Council that by reason of the length of time required for the preparation of a new freeholders' charter and the submission of a charter to the electors of the City of San Diego, and it further appearing that said charter, after having been ratified and approved by the electors of said City, must be presented to the Legislature of the State of California for its approval and ratification, and it further appearing that the Legislature of the State of California will convene in January, 1915, and by reason of the brief time elapsing between the present time and said first day of January, 1915, and the necessity of the performance of the acts herein specified and other acts required by the Constitution of the State of California precedent to the adoption of freeholders' charters, these facts, in the opinion of this Common Council, constitute matters which just-

ify and warrant this Council in declaring this ordinance to be one of urgency, and one for the immediate preservation of the public peace, health and safety, and this ordinance shall take effect and be in force from and after its passage and approval.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

ORDINANCE NO. 5781.

AN ORDINANCE PROVIDING AN ANNUAL LICENSE FOR DOMESTIC INCORPORATED CLUBS HOLDING SPARRING EXHIBITIONS, FIXING THE AMOUNT OF SUCH LICENSE AND DECLARING THE RULES AND REGULATIONS UNDER WHICH SUCH EXHIBITIONS MAY BE HELD IN THE CITY OF SAN DIEGO.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. Any bona fide domestic incorporated club, in pursuance of Section 412 of the Penal Code of the State of California, and the provisions of this ordinance, may hold sparring exhibitions within the City of San Diego for a number of rounds not to exceed twenty (20), in which case the contestants shall use padded gloves of not less than five (5) ounces in weight, upon the prepayment by such club, to the City Clerk of said City, of an annual license fee of Fifty Dollars (\$50.00), and an additional fee of Ten Dollars (\$10.00) for each and every sparring exhibition; provided, however, that exhibitions where no admission is charged and no prizes awarded, the annual license fee shall be Five Dollars (\$5.00) and an additional fee of One Dollar (\$1.00) for each and every sparring exhibition.

Section 2. All such exhibitions shall be under the cognizance and control of the police of said City, whose duty it shall be to see that the laws of the State of California and the municipal ordinances of this City are enforced whenever any such exhibitions are being held.

Section 3. No betting shall be engaged in and no intoxicating liquors shall be permitted in or about the premises where such sparring exhibitions are being conducted, and no

minors under the age of eighteen (18) years shall be allowed to participate in said exhibitions, either as principal, and assistant or a spectator, and no undesirable characters, being persons of notorious or police records, shall be allowed to participate in any capacity in any such sparring exhibition, and any such character found in or about the premises where any such sparring exhibition is being held, shall be ejected therefrom under penalty of a forfeiture of license by the club promoting such exhibition.

Section 4. Whenever any such exhibition is being conducted and the same is attended with loud or tumultuous noises, or unseemly disorders, or the contest becomes brutal, or one or more of the principals becomes unable to continue the exhibition, the police shall immediately stop such sparring exhibition.

Section 5. At least twenty-four hours before the holding of any such sparring exhibition, every person so engaged as principal shall file with the Chief of Police of the City of San Diego the certificate of some reputable resident physician of the City of San Diego, certifying that said principal is in a condition of physical health warranting his engaging in a sparring exhibition of the character in which he proposes to engage, and describing the same.

Section 6. Any domestic incorporated club giving a sparring exhibition will be held strictly responsible for the maintenance of order during the exhibition, and shall exclude minors, prevent disorder, riot, brutality, the use of profane or obscene language, and the presence of intoxicating liquors upon the premises during the time of such exhibition; the officers and employees of such club shall work in conjunction with the police to enforce all rules and provisions of this ordinance; and any such club violating any of the provisions of this ordinance shall forfeit its license to hold sparring exhibitions.

Section 7. Any person, association, or corporation violating the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not exceeding Five Hundred Dollars (\$500.00) or by imprisonment in the City Jail for a term not exceeding six (6) months, or both.

Section 8. Ordinance No. 5718, and each section thereof, is hereby repealed and held for naught.

Section 9. It appearing to this Common Council that numerous sparring exhibitions have been conducted in this City during the past year and it appearing that other exhibitions are about to be conducted in this City, and it further appearing that Section 29 of Ordinance No. 3959, being an ordinance of the City of San Diego, and now in force, provides as follows:

"Section 29. For every person, firm or corporation conducting, managing or carrying on a boxing contest or sparring exhibition, the sum of \$10.00 for each exhibition".

And it further appearing that said Section is calculated to provide for sparring exhibitions, and it further appearing that promoters of sparring exhibitions are maintaining that said Section of said Ordinance No. 3959 justifies the holding of sparring exhibitions in the City of San Diego, and the issuing of licenses therefor, and whereas it appears to this Common Council that the sparring exhibitions held in this City without the issuance of licenses as prescribed in Section 412 of the Penal Code of the State of California constitute a felony punishable by fine of not less than One Thousand Dollars (\$1000.00) nor more than Five Thousand Dollars (\$5000.00) and by imprisonment in the state penitentiary for not less than one year nor more than three years, this Common Council is of the opinion that the above facts are of sufficient importance and that the uncertain meaning of existing ordinances is so apparent, and the consequences and penalties so great in case the courts were to construe that Ordinance No. 3959 has not provided for the licensing of domestic incorporated clubs that said Common Council hereby declares an emergency to exist, and for the above reasons this ordinance is declared to be an emergency ordinance and one for the immediate preservation of the public peace, health or safety and one of urgency and shall take effect

and be in force from and after its passage and approval.

Passed and adopted by the Common Council of the City of San Diego, California, this 5th day of August, 1914, by the following vote, to-wit:

Wharfingers must see that Collectors at their respective wharves, perform their duties, and must report to the Chief Wharfinger, derelictions of duty. In the absence of Collectors, the Wharfingers shall collect at respective wharves, temporarily, provided they can do so without neglecting their own proper duties.

Upon the arrival of any vessel at any wharf, slip or dock intending to discharge cargo, or when any vessel has finished receiving her cargo and is ready to depart from such wharf, slip or dock, the Wharfinger in charge must immediately report the fact to the Collector in charge of the wharf.

The Wharfinger must allow no vessel to discharge any cargo at his wharf, or depart therefrom, unless the owner, agent, consignee, master, or person in command of the vessel presents a written permit therefor from the Collector in charge of the wharf. And all such permits received by any Wharfinger must be delivered daily at the office of the Chief Wharfinger.

The Wharfinger, while on duty at his wharf, must wear his uniform and a cap with badge showing his official position.

COLLECTORS.

Section 11. Each Collector must be on duty at his office each day, legal holidays excepted, from 8 o'clock P. M. and must be on duty earlier or later, and on legal holidays, if the business of the wharf shall require his presence; and in case of severe storms at any time, if not at his wharf, he must immediately repair to it, and render such assistance in the protection and preservation of property as may be in his power. And no Collector must leave his office during business hours without first obtaining the consent of the Chief Wharfinger; nor must he leave with such consent except in cases of urgent necessity.

Each Collector must, upon the receipt of any statement of the merchandise or cargo intended to be discharged from or received upon any vessel, at any wharf, pier or slip, as provided for in these rules, make out a bill for the tolls thereon and collect at his office the same, and such bills for dockage as the Wharfinger at any wharf shall place in his hands for collection, and such other accounts as he may be required by the Chief Wharfinger to

collect.

At the close of business each day he must make a report in writing, for the wharf under his charge, on a blank furnished by the Chief Wharfinger, and deliver it to the Wharfinger. Such report must state in detail the amount of tolls, wharfage, dockage, and other moneys collected, and also the name of each vessel, whose master, agent, or consignee, or owner is on the Credit Toll List, which has discharged at or received merchandise or cargo from such wharf, and such other facts in relation to the business at such wharf as the Council may from time to time require. And he must certify that his report contains a full time and correct statement of all moneys collected, and of all vessels on the Credit Toll List that have arrived for the purpose of discharging, or have finished receiving merchandise or cargo at such wharf during the day for which the report is made. And he must daily deliver all statements hereinbefore provided for, and pay to the Chief Wharfinger all moneys collected by him, in accordance with Rule 85.

It shall be the duty of the Collector to promptly report to the Chief Wharfinger any neglect or refusal of any master, agent, owner, consignee, or person in command of any vessel to furnish the statement hereinbefore provided for, or to pay the tolls on the merchandise or cargo received at any wharf, pier, or slip, or any other violations of these rules.

Each Collector upon the payment to him of the tolls on any cargo must deliver to the master, owner, agent, or consignee of the vessel a permit allowing such vessel to discharge her cargo or leave the wharf; and in case any vessel, whose master, owner, agent, or consignee is on the Credit Toll List desires to discharge cargo, or leave the wharf after receiving cargo, the Collector must deliver to said vessel a permit therefor.

Collectors are required to get from either the owner, agent, master, or consignee (of any vessel discharging or loading at a wharf) who is on the Credit Toll List an order, signed by him, on blanks furnished by the Chief Wharfinger, requesting the tolls on such vessel or vessels to be charged to his account.

Said order to be filed with the Collector's daily report.

Wharf Collectors must not collect bills excepting at their respective wharves.

Bills for parties on the Credit Dockage List and bills for tolls and dockage of vessels arriving after office hours or on Sundays or Holidays, if not paid at wharf, by 12 o'clock noon on the following day, must be forwarded to the Chief Wharfinger's office for collection.

The Collector, while on duty at his wharf, must wear his uniform and a cap with badge showing his official position.

ORDINANCE NO. 5856.

AN ORDINANCE ESTABLISHING RULES AND REGULATIONS FOR GOVERNING OF ALL
PIERS, WHARVES, BULKHEADS AND LANDINGS, OWNED AND OPERATED BY THE
CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. Vessels propelled by steam, except when going to or leaving the bulkhead, must not run inside of a line five hundred (500) feet distant from, and parallel with the said bulkhead.

Section 2. A vessel will not be entitled to a berth at any wharf or pier until an application shall have been made to the Chief Wharfinger; and such application must state the length and draught of the vessel, kinds of cargo, and locality desired. No application will be entertained unless the vessel be in the harbor and ready to be docked. Berths shall be assigned in the order of application, provided, that vessels ready to discharge cargo shall have preference over those ready to receive cargo. No one except the Chief Wharfinger has authority to assign berths to vessels.

Section 3. Vessels must haul or go into the stream at their own expense when ordered to do so by the Chief Wharfinger. Upon failure to obey such order the Chief Wharfinger shall have power to cause such removal at the expense of such vessel or vessels.

Section 4. Vessels of all kinds, of 1,000 net tons or over are prohibited from using the dolphins on the outer ends of the wharves to break or warp around. The master, agent or owner of a vessel refusing or neglecting to obey this rule will be required to pay for all damage caused to the wharf.

Section 5. No person shall make fast any rope or mooring to any wharf (except to the mooring piles, mooring bitts or wings provided for this purpose) or to any shed or piles supporting same or to any dolphin or fender piles.

Section 6. Vessels lying at wharf are strictly prohibited from stretching mooring lines across the slip to the opposite wharf, without first obtaining the permission of the Chief Wharfinger.

Section 7. A vessel anchored or moored in the Harbor or lying in a slip or dock, must at all times, have on board at least one person in charge of said vessel who has authority to take such action, in any emergency, as may be demanded. If, in the opinion of the Chief Wharfinger, it becomes necessary, a vessel may be removed by his order at the expense

of the owner, and the owner and the vessel shall be liable for all damage that shall arise thereby.

Section 8. When ballast, stone, coal, bricks, ashes, cinders, dust, rubbish or other loose matter or material that will sink, is being landed from a vessel upon a wharf, or is being transferred from one vessel to another, a canvas chute or other contrivance, to the satisfaction of the Wharfinger, must be used to prevent any part of such substance from falling into the slip.

Section 9. Fire must not be used on board of any vessel at the wharves or in the slips for heating pitch, tar, or other inflammable substances, but may be used on floating stages or boats for the purpose of heating such substances for repairing vessel; provided such fire is constantly in charge of a person capable of taking proper care of the same. No bonfire nor open fire for the burning of rubbish or refuse materials shall be allowed, and it shall be the duty of the Wharfinger to strictly enforce this rule.

Section 10. Every steam engine, when used upon any wharf for loading or unloading cargo, and pile driver when working on or alongside any wharf, must have upon its smokestack a bonnet or spark-catcher that will effectually prevent sparks from falling upon such wharf or upon the deck of any vessel. In operating donkey or hoisting engines under sheds there must be provided by the owner or operator a bent or curved pipe, with spark-arrester, extending to the outside of the shed. The owners and operators of donkey or hoisting engines operated on any of the wharves on the water front must clean up and remove all ashes, cinders and waste from their engines.

Section 11. No floating piles or timber shall be allowed to remain in any slip without the permission of the Chief Wharfinger.

Section 12. No substance that will sink or form an obstruction to navigation shall be deposited in the waters or on the shore of the harbor without first obtaining permission, in writing, from the Common Council of the City of San Diego.

Section 13. Rubbish or other substance on which no wharfage is charged shall be removed from the wharf by the person placing it there; and, on default, it must be removed by the Wharfinger at such person's expense. Coal screens, donkey engines and all stevedores' tools and appliances must be removed from the wharf when directed by the Wharfinger.

Section 14. Neither the slips, docks, basins, channels, wharves, nor the spaces in front of them nor the streets along the water front, shall be obstructed by any merchandise, vehicle, material or structure. If any such obstruction be not removed within twenty-four hours after notice, the merchandise, vehicle, material or structure constituting the obstruction shall be removed and stored, or sold by the Council, and \$25.00 will be charged for each day that the obstruction is permitted to remain, together with the expense of removal, storage, or sale.

Section 15. No person shall have authority to collect dockage, wharfage, tolls, or rents, unless authorized by the Common Council of the City of San Diego.

Section 16. If any vessel leaves a wharf, slip, dock, channel or basin, unless forced to do so by stress of weather or fire, without first paying the dockage or tolls due, such vessel will be placed upon the Delinquent List, and must not be permitted to use any wharf, slip, channel, or basin without first paying double the bill incurred, and \$10.00 in addition thereto, unless exempted by the Council.

Section 17. The master, agent, or owner of a vessel refusing or neglecting to obey the orders of the Chief Wharfinger in any matter pertaining to the regulation of the harbor, or removal or stationing of such vessel, shall be guilty of a misdemeanor and shall be punished by a fine not exceeding Three Hundred (\$300) Dollars, or be imprisoned in the City Jail for a term not exceeding one hundred (100) days, or by both such fine and imprisonment.

Section 18. In case any damage is done to a wharf, shed or other structure on the

water front by a vessel or otherwise, the said damage, together with the name of the vessel or person causing it, must be reported in writing forthwith by the Wharfinger giving the date and hour, if possible, and the names and addresses of the person or persons that witnessed the accident, and the expense of the repair of said damage shall be charged against said vessel or individual. The Chief Wharfinger shall forthwith report said damage to the Superintendent of Harbor Affairs.

Section 19. Dockage commences upon a vessel when she makes fast to the wharf, or comes within a dock, slip, basin, channel, or canal; and each twenty-four hours thereafter, or part thereof constitutes a day's dockage.

Section 20. No charge shall be made for Sundays or legal holidays except when a vessel is loading or discharging freight.

Section 21. A vessel arriving from private premises will be charged at the same rate and in the same manner as if arriving from the stream.

Section 22. If a vessel occupies two berths on the same day she will be charged dockage at each wharf, unless she obtains a transfer or receipt for payment of dockage at the wharf first occupied.

Section 23. Vessels while lying across the end of any pier or wharf, or whose sterns extend beyond the end of any pier or wharf, will be responsible for any and all damage to themselves or to any other vessel while occupying that position.

Section 24. The term "wharf" embraces every structure to which vessels make fast, or on which merchandise is discharged or from which it is loaded.

Section 25. The driving of a team faster than a walk and of a motor car, at a greater speed than five (5) miles per hour is forbidden, and a violation of this rule shall subject the offender to prosecution for misdemeanor. No wagon or vehicle of any description drawn by more than two horses shall be allowed on any wharf.

Section 26. The City of San Diego is not liable for damages to, or loss of, merchandise while on a wharf, bulkhead, or in the grain sheds.

Section 27. The owner, agent, manager, consignee, master or person in command of any vessel, must deliver, at the time of her arrival at any wharf or slip, at the office of the Collector in charge of the wharf, a full and correct statement signed and certified to by him, on blanks furnished by the Chief Wharfinger's office of all the merchandise and cargo of every kind intended to be discharged from such vessel at said wharf, specifying the character and quantity of each kind of such merchandise or cargo, as per schedule adopted by the Council.

Section 28. The owner, agent, manager, consignee, master or person in command of any vessel must, before her departure from any wharf, slip, basin or channel, deliver at the office of the Chief Wharfinger a full and correct statement signed and certified to by him, on blanks furnished by the Chief Wharfinger's office, of all merchandise and cargo of every kind received on such vessel at said wharf, specifying the character and quantity of each kind of such merchandise or cargo, as per schedule adopted by the Council.

Section 29. In case any owner, agent, manager, consignee, master or person in command of any vessel shall neglect or refuse to deliver the statement provided for in Rules 27 and 28, or shall wilfully make a statement false in any of the particulars required by such rules, he will be prosecuted therefor, and, in case of conviction, suffer the penalties provided for by law, as follows: "By a fine not exceeding one hundred (\$100) dollars, or be imprisoned in the city jail for a term not exceeding fifty (50) days or by both such fine and imprisonment".

Section 30. Every vessel shall be obliged to pay to the Collector of the Wharf, at his office, the amount due for tolls upon the merchandise or cargo to be discharged from such vessel; and every vessel shall be obliged to pay to the Collector of the Wharf, at his office,

at which she finishes receiving cargo, the amount due for the tolls upon that portion of cargo received at said wharf. Tolls are due and payable (1) on vessels intending to discharge before any merchandise is discharged; (2) on vessels loading or receiving cargo, before the same is placed aboard, when possible to ascertain the amount; (3) before the departure of the vessel from the wharf or slip.

Section 31. In case any person shall discharge from, or allow to be discharged from, any vessel made fast to or using any wharf, or slip, any merchandise or other article before the toll thereon have been paid, or permit any water craft to leave any wharf or slip, unless forced to do so by stress of weather, or fire before the tolls on any merchandise or cargo received while at such wharf or slip have been paid (except such person is upon the Credit List) he shall be prosecuted therefor, and upon conviction thereof he shall be punished as provided by law, which is as follows: "By a fine not exceeding Five Hundred Dollars (\$500), or be imprisoned in the City Jail for a term not exceeding one hundred (100) days, or by both such fine and imprisonment".

Section 32. The collector or Wharfinger is authorized to enter upon and inspect any vessel in berth to ascertain the kind and quantity of merchandise or cargo thereon, and no person shall hinder or molest any Collector or Wharfinger, or refuse to allow him to enter upon any vessel for the purposes specified in this Section.

Section 33. No smoking is to be allowed on any wharf or warehouse. Persons violating this Section will be refused admittance thereon.

Section 34. No gunpowder nor other explosive shall be discharged on or loaded from any Municipal wharf or vessel, except by permission of the Chief Wharfinger, and must be immediately removed.

Section 35. Acids, coal oil, and all fibrous materials shall not be permitted to remain over night on any wharf. Unless removed by the owners or consignees by 5:00 P. M. of each day, the Chief Wharfinger shall have them removed at the expense of whom it may concern.

Section 36. The storage, keeping or use of gasoline, distillate or other liquid petroleum products on premises under control of the City of San Diego, except at such localities as may be specially designated therefor, is strictly prohibited; and at such localities as may be designated therefor, same shall not be handled except between sunrise and sunset.

Section 37. Vessels will be allowed to take on board gasoline or distillate only between 8 A. M. and 5 P. M. and when a vessel is otherwise ready to depart. Delivery must be made from wagon to vessel direct. If the vessel is not ready to receive same the loaded wagon will not be allowed to wait on wharf, but must immediately pull off same.

Section 38. Empty gasoline or distillate drums must be removed from the wharf at once and Wharfingers are hereby directed to notify the owners thereof to remove same.

Section 39. It shall be unlawful for any person to sell, upon the public wharves, piers and bulkheads in the City of San Diego, within the jurisdiction of the Common Council, any fruit, vegetables, poultry, eggs, honey, game, or other produce commonly known and hereinafter referred to as perishable products, unless such person or the person, firm or corporation, which he may duly represent, shall hold a permit authorizing such sales to be made. Any violation of this Section shall be deemed a misdemeanor punishable by a fine of not less than Twenty-five Dollars (\$25.00) or more than five Hundred (\$500) Dollars, or be imprisoned in the City Jail for a term not exceeding fifty (50) days, or by both such fine and imprisonment.

Section 40. Perishable products consigned to persons, firms or corporations not holding that permit hereinafter described, and delivered by carrier upon any wharf on the San Diego waterfront, must be removed from said wharf within twenty-four hours after their arrival, and the Collector must levy and collect on such perishable products in addition to

the regular tolls, such additional wharfage as may be prescribed, but not less than the amount of the regular tolls, for each twenty-four hours or fraction thereof which such perishable products shall remain upon the wharf.

Section 41. The terms "dockage", "tolls", and "wharfage", as used in these rules and regulations signify:

DOCKAGE: The charge made for vessels occupying berths at the wharves, or moored in any slip.

TOLLS: The charge made against merchandise passing over City premises.

WHARFAGE: The charge made against merchandise left on City premises longer than the time specified in this Ordinance.

CREDIT FOR TOLLS.

Section 42. The Council may, upon application release parties from the obligation of delivering statements and paying tolls upon cargo in the manner required by these rules, provided, such parties make written application to be placed upon the Credit List, and if such application be granted, the Council may require a deposit to cover the probable amount of such person's tolls in any one month; and thereafter such person must, on or before the third day of each month, deliver at the office of the Chief Wharfinger a statement on blanks furnished by the Chief Wharfinger for that purpose, specifying, as per schedule adopted by the Council, the character and quantity of each kind of merchandise discharged from or received at each wharf upon each trip of each vessel of which such person is the owner, master, agent, manager, or consignee during the preceding month, and must, upon presentation of bill therefor, pay the tolls thereon. And in case of a failure to furnish such statement or pay such tolls, the permission shall be at once revoked, and the vessel or vessels from which the merchandise or cargo has been discharged, or upon which received, shall be placed on the Delinquent List; and the Chief Wharfinger must immediately notify the Collectors of that fact, and apply the said deposit toward the payment of such tolls, and the balance of said deposit, if any, shall be returned to the person who made it.

Section 43. Collectors are required to get from the owner, agent, master, or consignee of any vessel discharging or loading at his wharf, who is on the Credit Toll List, an order, signed by him, on blanks furnished by the Chief Wharfinger, requesting the tolls on such vessel or vessels to be charged to his account; said order to be filed with the Collector's daily report.

Section 44. The master, agent, or consignee of vessels must furnish to Collectors at Municipal wharves where they are discharging copies of their manifests, and the Collectors must forward said manifests to the office of the Chief Wharfinger.

Section 45. Any person or firm not availing themselves of the Credit Toll privilege during a period of six months, or the amount of whose tolls do not average more than \$10.00 per month for such time, shall be stricken from the Credit Toll List.

If such application be granted, such person must on presentation of bill therefor pay such dockage. In case of failure to pay such bill on presentation, the permission shall be revoked.

Section 51. All bills for dockage must be paid when due, whether approved by the master or not. Failure to pay such bills on presentation will subject the vessel to be placed on the Delinquent List, and to the penalties provided by law. Errors if any, will be rectified by the Council.

Section 52. When a vessel of any kind is charged or has paid dockage at a wharf for any day, she may use the same or any other wharf during that day without further charge, no matter how often she may leave and return; provided, a receipt for payment or transfer card from the Wharfinger at the first wharf be produced; and on application of the master the Wharfinger is required to issue such transfer card.
