ORDINANCE NO. 5888.

AN ORDINANCE AUTHORIZING THE PURCHASE IN THE OPEN MARKET OF THREE THOUSAND FEET OF STEEL FLUME FOR THE USE OF THE DEPARTMENT OF WATER, AND APPROPRIATING THE SUM OF \$5200.00 OUT OF THE WATER CONSERVATION BOND FUND IN PAYMENT THEREFOR.

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That Honorable O. M. Schmidt, Superintendent of the Department of Finance, Ways and Means, be and he is hereby authorized and directed to purchase in the open market, without advertising for bids, three thousand feet of steel flume, to be used in the construction of the second section of the Cottonwood Valley conduit.

Section 2. That the sum of Fifty-two Hundred Dollars (\$5200.00), or as much thereof as may be necessary, be and the same is hereby set aside and appropriated out of the Water Conservation Bond Fund of the City of San Diego, to be used in the payment for the steel flume to be purchased under the authority of this ordinance.

Section 3. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency and shall take effect and be in force from and after its passage and approval. The facts constituting the emergency are, that the completion of the Cottonwood Valley conduit before the beginning of the rainy season in the watershed contiguous to the Cottonwood Valley is a matter of economy and necessity to the City of San

Diego, by reason of the saving in the amount of water conserved, and by reason of the damage that would be done to the conduit in an incomplete condition during the passage of water from the Morena to the Otay Reservoir; and the further fact that the period of time elapsing between the passage of this ordinance and the time when the rainy season may reasonably be expected is so brief as to demand the immediate completion of the conduit.

ORDINANCE NO. 5948.

AN ORDINANCE AUTHORIZING THE SUPERINTENDENT OF THE DEPARTMENT OF FINANCE, WAYS AND MEANS TO CONTRACT FOR THE MATERIAL AND LABOR NECESSARY FOR THE INSTALLATION OF EQUIPMENT IN CONNECTION WITH THE LIGHTING OF CERTAIN STREETS IN THE CITY OF SAN DIEGO, AND APPROPRIATING THE SUM OF \$5000.00 IN PAYMENT THEREOF.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That Honorable O. M. Schmidt, Superintendent of the Department of Finance.

Ways and Means be, and he is hereby authorized and directed to purchase and contract, in the open market, without advertising for bids, for the material and labor necessary to install a certain electric lighting scheme and system upon certain streets in the City of San Diego, all as is more particularly and in detail shown upon those certain plans and specifications prepared by the City Engineer, and filed in the office of the City Clerk of said City, being marked Document No. 83866.

Section 2. That the sum of Five thousand dollars (\$5000.00), or so much thereof as may be necessary to install the said electric lighting scheme and system, be, and the same is hereby set aside and appropriated out of the General Fund of said city.

Section 3. That the City Attorney be, and he is hereby authorized and directed to prepare a contract between the City of San Diego and the person, firm or corporation to whom the contract is let by the Superintendent of the Department of Finance, Ways and Means, for the installation of the work hereinbefore, in section 1, referred to, and to provide for the payment of said work and material out of the General Fund of said City of San Diego.

Section 4. This is an ordinance for the preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

The facts constituting the emergency in this case are that the lighting of the streets in this ordinance referred to prior to the opening of the Panama-California Exposition on January 1, 1915, is a matter of pronounced advisability to insure the safety of pedestrians on the streets to be illuminated by the provisions of this ordinance, said streets being the principal thoroughfares from the railroad depots and steamboat docks and wharves to the Exposition grounds; and these streets being the principally traveled streets of the City of San Diego, and being ^{also} traversed by a double line of street car tracks, this Common Council is of the opinion that the travel upon these streets at night demands that lighting of more than ordinary intensity be provided, and that precautions be taken greater than ordinary travel demands.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

O R D I N A N C E N O. 5 9 5 2.

AN ORDINANCE ADOPTING AND APPROVING CERTAIN WORK PERFORMED UPON THE ORDER OF THE SUPERINTENDENT OF THE DEPARTMENT OF WATER OF THE CITY OF SAN DIEGO IN THE MATTER OF THE PINE CREEK DIVERTING DAM AND AUTHORIZING THE CONTINUATION OF THE SAME AND PROVIDING FOR THE PAYMENT THEREOF.

FOR THAT WHEREAS the proper impounding and conserving of the waters of the Pine Creek, being a portion of the water impounding system of the City of San Diego, necessitates the enlargement of the intake and diverting dam on the Pine Creek section of the Dulzura conduit; and

WHEREAS, the above mentioned work has been undertaken and is now being pursued under the direction of the Superintendent of the Department of Water of said City by day labor and force account; and

WHEREAS, this Common Council is of the opinion and hereby declares that the performance of the work on said diverting and intake dam shall materially increase the amount of water impounded and conserved in the water system of the City of San Diego, and that the continuation of the work on said diverting and intake dam is a matter of necessity and urgency and that said work can be completed in a shorter time and at less cost by day labor than by contract; NOW THEREFORE,

BE IT ORDAINED, by the Common Council of the City of San Diego, as follows:

Section 1. That the action of the Hon. Herbert R. Fay, Superintendent of the Department of Water of the City of San Diego, in making explorations, preparing plans and specifications and commencing the construction of an enlarged and supplemental diverting and intake dam at the head of the Pine Creek branch of the Dulzura conduit, be and the same is hereby adopted and approved, and said Superintendent Herbert R. Fay is hereby authorized and directed to proceed with the work above mentioned to completion, and to incur the expense necessary thereto; provided always, however, that any expense so incurred in the purchase of materials, supplies and equipment and the contracting of work and labor shall be done according to the requirements of Ordinance No. 5051 of the Ordinances of the City of San Diego, and other ordinances now in force in said City.

Section 2. The work provided in this ordinance is performed in pursuance to the provisions of paragraphs A and B of the first section of Ordinance No. 5334 of the Ordinances of the City of San Diego, providing for a bonded indebtedness of \$185,000.00 for the acquisition, construction and completion of a concrete conduit between Morena reservoir and Barrett dam site, and a diverting dam near the said Morena reservoir, and providing for a bonded indebtedness of \$30,000.00 for the construction of improvements and extensions to the tunnels which are a part of the Dulzura conduit, and the completion of said tunnels. And the work herein adopted and the work herein undertaken and provided for shall be chargeable against said funds, being a portion of the Water Conservation Bond Fund of the City of San Diego of \$705,000.00.

Section 3. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the urgency are that the rainy season has set in and that a stream of water is now flowing in Pine Creek at a point where said diverting dam is under construction averaging from two to four million gallons of water in twenty-four hours, that in order to conserve the entire runoff of said stream at said point due to the winter rains and freshets, it is necessary that the work of completing said dam be immediately rushed to completion, and that the time incident to the going into effect of a thirty day ordinance, followed by advertising for bids and the entering into contracts for the same would cause such an elapse of time as to lose to the City the greater portion of the entire runoff of said creek at said point.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

Dated 12- 21 1914.

The signatures on the petition need not be all appended to one paper, but each signer shall add to his signature, his place of residence, giving his street and house number. One of the signers of each paper shall take oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the persons whose names purport to be thereunto subscribed. Within ten days of the date of filing of such petition the City Clerk shall examine and from the great register ascertain whether or not said petition has been signed by the requisite number of qualified electors, and if necessary the Common Council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. The Clerk shall within ten days after such amendment, make like examination of the amended petition and if his certificate should show the same to be insufficient it shall be returned to the person filing the same without prejudice however, to the filing of a new petition to the same effect. If the petition should be found to be sufficient the Clerk shall submit the same to the Mayor without delay.

If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty (20) percent of the entire vote cast for all candidates for Mayor at the last preceding general election at which the mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the Mayor shall thereupon call a special joint session of the Common Council within ten days, provided however, that if there is a regular session of the Common Council within thirty days said special session shall not be called but said initiative ordinance shall be the first subject considered by the said Common Council in joint session. When so considered by said Common Council in joint session, the Common Council shall either:

(a) Pass said ordinance without alteration in said joint session subject to the referendum vote under the provisions of Section (3) Three of this Chapter; and if such

ordinance shall be passed by the Common Council, but shall be vetoed by the Mayor, and on reconsideration fail of passage by the Common Council in joint session then, within five days after determination that said ordinance shall have so failed of final adoption, the Common Council shall forthwith proceed to call a special election at which said ordinance, without alteration, shall be submitted to the vote of the people; or

The ballot used when voting upon said proposed ordinance shall contain the words "For The Ordinance" (stating the nature of the proposed ordinance) and "Against The Ordinance" (stating the general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, the ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition or which shall be adopted by the vote of the people, cannot be repealed or amended, except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section, provided that there shall not be held, under this section of the Charter, more than one special election in any period of six months.

The Common Council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of votes cast thereon at such election such ordinance shall be repealed or amended accordingly. Whenever any ordinance or proposition is required by this Charter to be submitted to the voters of the City at any City election, the City Clerk shall cause such ordinance or proposition to be printed, and he shall enclose a printed copy thereof with a sample ballot in an envelope, and mail same to each voter at least ten days prior to such election, but the Common Council may order such ordinance or proposition to be printed in an official newspaper of the City, and published in like manner as ordinances adopted by the Common Council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots as first above provided.

Sec. 3. If within ten days after the final passage of any ordinance of franchise (excepting ordinances required by the general laws of the State, or by the provisions of this Charter, or ordinances respecting street improvement and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of urgency and is passed by a two-third vote of the Common Council, but no grant of any franchise shall be construed as an urgency measure) a petition signed by such qualified electors of the City, equal in number to at least five (5) percent of the entire vote cast for all candidates for Mayor at the last preceding general election at which a mayor was elected, protesting against the passage of such ordinance be filed with the City Clerk, such ordinance or franchise shall be suspended from going into operation for the further period of thirty days from the filing of such petition, and if during said thirty days, while said ordinance is suspended from going into operation, an additional petition signed by qualified electors of the City, equal in number to at least an additional (15) fifteen percent of the entire vote cast for all candidates for Mayor at the last preceding general election at which a mayor was elected, so that there is in all a petition signed by (20) twenty percent of the legal electors voting in such election protesting against the passage of such ordinance, the City Clerk shall file a certificate finding that said petition, protesting against said ordinance becoming effective, has been signed by electors equal in number to (20) twenty percent of the votes so cast and is in all respects according to law, said ordinance there-

upon shall become suspended from going into operation until determined by the vote of the electors.

The Mayor shall immediately, upon ascertaining that said petition is in due form and signed by the requisite number of electors, call a special joint session of the Common Council to meet within ten days to reconsider such ordinance, provided if there is a regular session of the Common Council within thirty days, such special session shall not be called but said referendum petition shall be the first matter considered at the joint session of said Common Council. If the same is not entirely repealed the Common Council shall submit such ordinance, as provided in Section (2) two of this chapter, to the vote of the electors of the City at a special election, to be held within (40) forty days, for the purpose of determining whether said ordinance becomes effective and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of Section (2) two, and be examined and certified by the City Clerk in all respects, as therein provided.

Sec. 4. The holder of any elective office may be removed at any time by the electors qualified to vote for the successor of such incumbent. The proceedings to effect such removal of such incumbent of an elective office shall be as follows:

A petition signed by the electors entitled to vote for the successor to such incumbent sought to be removed, equal in number to at least (25) twenty-five percent of the total vote cast for all candidates for mayor in said City at the last general municipal election, shall be filed with the City Clerk provided that said petition shall contain a general statement of the grounds on which such removal is sought, and provided further, in the event of the recall of an officer from a district such percentage shall be based on the total vote cast for all candidates for mayor in said district at the last general municipal election. Such petition shall be in all respects, regarding qualifications of electors, filing, and amending, in accordance with the provisions of Section (2) two of this chapter, and shall be examined and certified by the Clerk in all respects, as therein provided.

If such petition is found by the Clerk to be sufficient as aforesaid, the Mayor shall thereupon call a special joint session of the Common Council within ten days provided that the regular session of the Common Council does not meet within thirty days, in which event said petition for recall shall be the first subject to be considered and determined by the Common Council at a joint meeting of its regular session. If at such regular or special joint session of the Common Council the petition is found to be sufficient, the Common Council shall order and fix a date for the holding of an election not less than thirty days from the meeting of the Common Council in session.

Any person that is to be removed may be a candidate to succeed himself and, unless he requests otherwise in writing, the Clerk shall place his name on the official ballot without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected. At the election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from such office upon the qualification of his successor and such successor shall hold office during the unexpired term of his predecessor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of the election the office shall be deemed vacant. If the incumbent receives the highest number of votes or votes equal in number to those cast for his closest opponent such incumbent shall continue in office.

Sec. 5. Candidates for office at any recall election shall declare their candidacy, prepare and file nomination papers, and do all and every act in connection with such

candidacy, and their names shall be placed upon the official ballot, all in accordance with the provisions of this Charter and the General Laws of the State of California.

The name of no candidate shall be printed on an official ballot to be used at any recall election unless at least twenty days and not more than thirty days prior to the date of such recall election there shall have been filed in behalf of such candidate a nomination paper in accordance with all the provisions of the General Law of the State of California governing such matters, except as to time of filing.

Said Boards shall also meet in joint session upon a written call or notice for such joint session signed by a majority of the members of each of said Boards. In such joint session mentioned in this section, the majority of each Board must be present in order to constitute a quorum. The Mayor shall preside at such meetings. The majority of those present voting in the affirmative on a matter so presented, shall adopt the same and the measure so passed shall become an ordinance in all respects, the same as though it had been duly passed by each Board in regular order. In case of a tie vote the Mayor shall cast the deciding vote. In case the Mayor vetoes any ordinance passed by the Boards in joint session, so provided in this section, the same procedure shall be followed as specified in Section Nineteen (19) of this chapter.

Said estimate shall as fully as possible set forth the particular expenses under appropriate items that each department, commission, board or body of the City is likely to need.

The estimate for the general appropriation fund shall be an estimate of the amount of money likely to be needed for the construction or building of any new improvements of the City, not provided by law, to be paid for by special assessment, or taxation; or for the repair or alteration of any building, property or structure of the City, and such estimate shall be presented in separate items.

The estimate of the amount the City is likely to have to raise by the issuing of bonds, shall specify the purpose and amount of such bonds, and each proposition for which an estimate is made must be presented and itemized separately and if authorized by the Common Council so submitted to the people, and the Common Council shall have no authority to create a bonded debt by the City or to call an election for such purpose unless such estimate shall have been previously made by the Executive Board, unless otherwise provided^d by law or in this Charter. At such election for such purpose the separate propositions for which bonds are needed shall be so placed on the ballot that the people can authorize or reject any part thereof.

The estimate shall also show as nearly as may be, what amounts of income and revenue are likely to accrue to the treasury and be collected from fines, licenses and all other sources of revenue, exclusive of taxes on property, and shall give an estimate of what amount will be required to be levied and raised by taxes upon all property in the City to meet the necessities of each fiscal year; at said time the auditor shall report to the Common Council the amount of money on hand and the Common Council or Executive Board may also require a report from the Treasurer showing the state of the treasury. The Common Council before passing the appropriation ordinance, shall have the power to reduce the amount estimated for the general appropriation fund, or any item thereof; the Common Council shall have authority to reduce the estimate of the amount of new bonds to be issued by the City, or any item thereof,

but the Common Council cannot increase either the estimate for the general appropriation fund or the estimate of the amount of new bonds likely to be required to be issued by the City; the Common Council shall have power to reduce the amount of the estimate for general requirements but said reduction can be made only from the total amount of the estimate for general requirements and not from any particular or special item or items thereof. If said estimate for general requirements is reduced by the Common Council, the Executive Board shall apportion, direct and supervise the application of the actual amount allowed by the Common Council for general requirements to the purpose or purposes specified in its said estimate, for general requirements, as such board in its discretion shall see fit.

Sec. 2. At the same time that the estimate for yearly expenses and requirements is made the Executive Board shall also submit an estimate of the needs and requirements of the City for the first quarter of the year, and divide the same into the same classifications, and make up said estimate in the same manner as the estimate of requirements for the whole year except, that it be for the first quarter thereof; the Common Council shall have power to reduce said quarterly estimate in the same manner as said yearly estimate. Out of the money raised by taxation, or by the creation of a bonded debt the Common Council shall by ordinance set aside, out of the respective funds of the City as classified in Section one (1) of this Chapter, the sum necessary for such quarterly expenses and no greater sum for such quarterly expenses of the City, than so allowed, shall be expended under the direction of the Executive Board for the City. At each regular meeting of the Common Council a like estimate shall be made for requirements for each quarter for the City by the Executive Board and shall be allowed in like manner as above. Any money unexpended at the end of any one quarter shall be turned back into the treasury of the City. The Common Council shall not have power to use the money raised for general requirements, general appropriations or money raised from a new bonded debt except for the purpose for which it is raised nor shall it have power to transfer any money raised under any one of such classifications, provided however, that by a two-thirds ($\frac{2}{3}$) vote of the Common Council in joint session, money from the general requirements fund may be transferred to the general appropriation fund or vice versa; provided further that money raised by a bonded debt cannot be used for any purpose other than that for which voted, except in case of a surplus, it shall be applied on the interest and sinking fund of the general bonded debt of the City. All money required for each quarterly estimate shall be set aside by the Treasurer out of the money raised by the annual appropriation ordinance and no warrants in excess of the amount so set aside shall be paid by the Treasurer.

Sec. 3. The Common Council shall at the regular February meeting of each year and not later than the third (3rd) day of such meeting, by ordinance, fix the rate of taxes to be levied, and levy the taxes upon all taxable property, both real and personal, in the City, necessary to raise sufficient revenue to carry on and pay the expenses of the municipal government of the City of San Diego, for the current fiscal year as determined by the Executive Board and the Common Council, as in Section 1 of this Chapter provided; the rate of taxes levied for purposes other than the payment of principal and interest on the bonded debt of the City or other special tax provided by this Charter or voted by the people, shall not exceed in any year sixty-five (65) cents for each One Hundred (\$100.00) Dollars valuation of property upon the assessment roll, unless the Common Council in joint session shall by a two-thirds ($\frac{2}{3}$) affirmative vote submit to the people a proposition to increase the rate for one (1) year to an amount in no event to exceed ninety (90) cents on each One Hundred (\$100.00) Dollars upon the assessment roll, and such increase must be authorized by a majority affirmative vote, at a general or special election, and shall be operative as a rate for one year only.

In addition to the amount of taxes hereinabove provided for, the Common Council, shall, each year, at the time and in the way and manner hereinbefore set out, levy a special tax of not to exceed 20% for each One Hundred (\$100.00) Dollars, valuation of property, as aforesaid, which shall be levied, collected, set apart for the use of, and expended for, by and on behalf of, the Park Commission, the Pueblo Lands, the Library Board, the Cemetery Commission, the Play Ground Commission and the Public Welfare Commission, as the Executive Board shall determine the needs of the respective commissions, boards, and departments to require; provided, however, that each of said commissions, boards or departments shall receive out of said special tax only so much thereof as shall be allotted to it by said Executive Board, and that it shall not be necessary to expend all of the tax so levied and collected; and provided further, that any surplus of said special tax, remaining at the end of the fiscal year, over and above the actual needs of such commissions, boards and departments, shall be transferred into the sinking fund.

Sec. 4. Except as in this Charter otherwise provided, the assessment of property taxable in the City for municipal purposes, the equalization of assessments, and collection of taxes, and the sale of property for unpaid taxes, and the redemption of property sold for taxes, shall be made in the same manner and with like effect, as now or may be hereafter provided by law for the assessment of property, equalization of assessments, levy and collection of taxes, and sale of property for unpaid taxes for state and county purposes and redemption thereof; and all provisions of law applicable to such assessments, equalization, levy, collection and sale, for state and county purposes and redemption, are hereby applied to and shall be the law governing such assessments, equalization, levy, collection, sale for municipal purposes and redemption; and the respective officers of the City shall have, possess and perform the same powers and duties, in all matters concerning revenue and taxation for municipal purposes, as are or may be by law conferred or imposed upon county officers in matters concerning revenue and taxation for state and county purposes; and to that end;

First, all powers and duties so by law conferred or imposed upon the County Assessor, are hereby imposed and conferred upon the Board of Assessors.

Second, all powers and duties so by law conferred or imposed upon the Board of Supervisors, except when acting as a Board of Equalization, are hereby conferred and imposed upon the Common Council.

Third, all powers or duties so by law conferred or imposed upon the District Attorney are hereby conferred and imposed upon the City Attorney.

Fourth, all powers and duties so by law conferred or imposed upon the County Tax Collector are hereby conferred and imposed upon the City Tax Collector.

Fifth, all powers and duties so by law conferred or imposed upon the County Treasurer are hereby conferred and imposed upon the City Treasurer.

Sixth, all powers and duties so by law conferred or imposed upon the County Clerk and County Auditor, respectively, are hereby conferred and imposed upon the City Clerk and City Auditor, respectively.

Sec. 5. It shall be the duty of the Board of Assessors to prepare by the first Monday in January of each year, and present to the City Clerk by said date, with its certificate of correctness, a roll of the real and personal property within the City, taxable for State and County purposes, with a true valuation thereof, which said assessment roll shall conform as near as practicable, when not inconsistent with the provisions of this Charter, to the assessment roll required by law to be made by the County Assessor for State and County purposes; provided said Board must exact from each person a statement under oath, setting forth specifically all of the real and personal property owned by such person, or in his possession or under his control, at twelve (12) o'clock noon on the first (1st) day of October in each year; such statement shall be in writing, and shall conform as near as

practicable, to the provisions of Section three thousand six hundred and twenty-nine (3629) of the Political Code of the State of California. The Board of Assessors must be present at the sessions of the Board of Equalization of the City, and furnish to such board such information as may be required, and perform such other services in reference to the assessments of property in the City or otherwise appertaining to their office, as the Common Council by ordinance or resolution may require. During the session of the Board of Equalization the Board of Assessors shall enter upon the assessment roll any property in said City not previously assessed. In the assessment and listing of property for taxation, and in the collection of tax upon personal property not secured by lien upon real estate, the Board of Assessors shall have and may exercise the same powers as are conferred by law upon the County Assessor. During the interim between the said first (1st) Monday in January and the second (2nd) Monday in January of each year, such roll of taxable property, as herein provided, or a copy thereof, shall be available and open to investigation by the public, at some convenient city office, during the usual business hours.

Sec. 6. For taxation, assessment, and all other purposes the fiscal year shall begin on the first day of February of each year.

Sec. 7. The term "real" and "personal" property, as used in this Charter shall have the same meaning as the terms used in the revenue laws of this State; and all property subject to taxation as aforesaid, shall be assessed at its full cash value, which in the judgment of the Board of Assessors, it has at twelve (12) o'clock noon on the first day of October, and the lien of the annual city tax levy shall attach at said hour. The description of the lots, blocks, additions and subdivisions in any assessment shall be deemed to refer specifically to the official map of such lot, block, addition or subdivision on file in the public office where the same is on file, with the same effect as if such description specifically described such map.

In the assessment of property, and the advertisement and sale thereof for taxes, initial letters, abbreviations and figures may be used to designate lots, blocks, or parts thereof, additions or subdivisions; and such other abbreviations may be used when approved by the Common Council, provided that a written or printed explanation of abbreviations used appears on the page of the assessment roll, where the assessment is made in which such abbreviation is used.

Sec. 8. The Board of Aldermen, shall each year on the second (2nd) Monday in January, and before their February session, in addition to transacting such other business as may properly come before it, constitute, be and act as a Board of Equalization, and shall, after the Board of Assessors shall have completed and handed in its assessment roll to the City Clerk, and after five (5) days notice published in the official newspaper of the city, hold meetings to hear and determine all complaints respecting the valuation of property as fixed by the Board of Assessors in such roll; provided, however, that before raising any assessment, the Board of Equalization shall notify the person interested by letter deposited in the post office, post paid and addressed to such person, at least three (3) days before action taken, of the day fixed when the matter will be investigated. Any member of said board shall have power to administer oaths and affirmations in the matters before the board. Said Board shall organize and sessions of said Board shall be had from time to time, as in its notice specified, for the period of not less than ten (10) days.

Sec. 9. Within three (3) days after the Board of Equalization shall have completed its duties, the City Clerk must deliver to the Auditor the assessment roll so equalized, with all changes and corrections made by the Board of Equalization entered therein, and accompany the same with his affidavit, as provided in Section three thousand six hundred and eighty-two (3682) of the Political Code of the State of California, and said Auditor shall add the columns of valuation, and enter the total valuation of each description of property

in the roll and the total value of all property assessed and listed thereon; and when thus equalized and added, the Auditor, shall on the first day of the February session of the Common Council thereafter, deliver it to the Common Council. As soon as the Common Council has declared and levied the taxes in any year, the City Auditor shall carry out, in a separate money column in the list, the amount of the taxes assessed against each individual, firm, company, corporation or unknown owner, and add and put down the aggregate of all taxes as shown by the list; and as thus carried out, the Auditor shall certify to its correctness and on or before the first Monday in March thereafter, deliver it to the City Tax Collector, and shall charge him with the amount of taxes so footed up, and take his receipt therefor.

Sec. 10. The annual tax levy, as herein provided, shall become due and payable, in two equal installments, the first of which shall be due on the second (2) Monday in March and delinquent on the last Monday in April of each year, and the second of which shall be due on and after the said second (2) Monday in March and delinquent on the last Monday in September of each year. Whenever taxes, or any installment thereof, become delinquent, the Tax Collector must then collect, for the use of the City, in addition, a fifteen (15) percent penalty for such delinquency; provided the entire tax assessed may be paid at the time the first installment, as above provided, is due and payable.

All taxes levied by the City on personal property, secured by real property, shall become due and payable with, at the same time of, and as a part of, the first installment of City taxes hereinbefore provided for, and such tax on such personal property shall be paid, collected, become delinquent, be subject to penalty, be and become a lien upon, and be collected by sale of, the property taxed, and be dealt with in all respects as the tax upon real property due, payable and collected as and at the first installment of City taxes aforesaid.

Sec. 11. The Tax Collector on receiving the assessment roll, certified by the Auditor, shall give notice by publication in a city official newspaper, that City taxes are payable, when and where the same can be paid, when each installment is due, and set forth in said notice, the full wording of the preceding section, relative to penalties and also state when the taxes will be delinquent. Said notice shall be published within three (3) days after receiving said roll and shall be published in each issue of said paper for a period of thirty days; and said Collector shall proceed at once to collect the taxes specified in said roll and pay the same over to the City Treasurer after taking his receipt therefor.

Sec. 12. On the fourth (4th) Monday in May of each year, and the fourth (4th) Monday in October of each year, the City Tax Collector must deliver to the City Auditor, a complete delinquent list of all persons and property then owing taxes; and in the list so delivered, must set in numerical or alphabetical order all names and things contained in the assessment roll and relating to such delinquent persons and property and at the same time make a statement to said Auditor, under oath, showing:

All amounts collected by him on account of property tax; and shall file with the Auditor the Treasurer's receipt for such amounts and take the Auditor's receipt therefor.

Sec. 13. The Auditor must carefully compare the delinquent list with the assessment roll, and if satisfied that it contains the full and true statement of all taxes due and unpaid, he must foot up the total amount of taxes so remaining unpaid, credit the Tax Collector therewith, and make a final settlement with him for all taxes charged against him on the assessment roll.

Sec. 14. After settlement with the Tax Collector, as prescribed in preceding Section, the Auditor must charge the Tax Collector with the amount of taxes due on the delinquent tax list, with fifteen (15) percent addition thereto, and within three (3) days thereafter deliver the list, duly certified to the Tax Collector.

Sec. 15. On or before the second (2nd) Monday in November of each year the Tax Collector must publish the delinquent list, which must contain the names of the persons and the description of the property delinquent, and the amount of taxes, costs and penalties due, opposite each name and description, with the tax due on personal property added to tax due on real estate, when the real estate is liable therefor, or the several taxes due from the same persons. With said delinquent list must be published, that unless the taxes delinquent, together with the costs and penalties, are paid, the real property upon which the taxes are a lien will be sold at public auction, and designating therein, the time and place of the sale, which must take place in or in front of the City Tax Collector's office, not less than twenty-three (23) nor more than twenty-eight (28) days from the first publication of the notice.

Sec. 16. Said delinquent list must be published once a week for three consecutive weeks in the City official newspaper or supplement thereto, and when the said publication is completed, and before commencing the sale the Tax Collector must file, with the City Clerk, a copy of the publication with his affidavit attached thereto, that it is a true copy of the same, and that the publication was made in said newspaper or supplement thereto, stating its name and place of publication and date of each appearance; the affidavit shall be prima facie evidence of the facts therein stated.

Sec. 17. The Tax Collector must collect, in addition to the taxes due on the delinquent list, and fifteen (15) percent added thereto, fifty (50¢) cents on each lot, piece or tract of land separately assessed and on each assessment of personal property, which must go to the City.

Sec. 18. On the day and hour fixed for such sale, all the property delinquent, upon which the taxes of all kinds, penalties, and costs have not been paid, shall by operation of law and declaration of said Tax Collector, be sold to the City of San Diego, and said Tax Collector shall make an entry "Sold to the City" on the delinquent assessment list, opposite the Tax (and a duplicate certificate of sale shall be delivered to the City Auditor and filed with him in his office, and a like certificate shall be filed in the office of the City Clerk), and said Tax Collector shall be credited with the amount thereof in his settlement with the Auditor; provided that on the day of the sale the owner or person in possession of any property offered for sale with taxes due thereon, may pay the taxes, penalties and costs due.

The making of duplicate certificates of same and the contents thereof, and the redemption of said property so sold, and the manner of redemption, and the making of tax deeds, on such failure to redeem, and the contents thereof, and the presumptions as to regularity of all proceedings, and all other matters relating to the levy and collection of taxes not otherwise specified in this Charter, shall be the same as near as may be, as provided by the law of the State of California thereto appertaining, except that the duties provided under the State law shall be performed by the officers designated in this Charter, to respectively have the powers and duties conferred upon the State officers as provided in Section three (3) of this Chapter.

Sec. 19. The assessment roll or delinquent list or a copy thereof certified by the City Auditor showing unpaid taxes against any person or property is prima facie evidence of the assessment of the property assessed, the delinquency, the amount due and unpaid and that all the forms of law, in relation to the assessment and levy of the taxes, have been complied with.

Sec. 20. On or before the fifteenth (15th) day of January in each year the Tax Collector must attend the office of the Auditor and make a final statement in the same manner, as near as may be, as provided, in Sections 3797, 3798 and 3799 of the Political Code of the

State of California.

Sec. 21. Whenever it shall be provided by an act of the Legislature of the State of California, or by the Constitution of the State of California, that any of the duties now performed or hereafter to be performed by the Assessor or Tax Collector respectively, of the City of San Diego, may be performed by the Assessor or Tax Collector respectively of the County of San Diego, or the duties to be performed or hereafter to be performed by any other officer of said City, may be performed by any officer of said County, the City of San Diego, through its Common Council, may avail itself of the provisions of said act by the adoption of an ordinance ratified, by a vote of the qualified electors of said City, at a general election or a special election held for that purpose; said ordinance shall provide fully for the City offices and officers to be filled or held by the County offices or officers, such time when said ordinance shall go into effect and when said County officers shall take upon themselves the duties of the City officers, and shall provide in all respects for the details of the change. No such ordinance shall take effect until it is ratified by a majority of all votes cast on the question of ratification. In event the Common Council shall so elect to avail itself of the provisions of said general act of the Legislature, or of the Constitution, and any change shall be made in the fiscal year, the Common Council shall have power to provide by taxation for sufficient revenue to carry on the different departments of the municipal government of said City, for a period of time from the end of the fiscal year as it stood before the change was made to the beginning of the new fiscal year, or including the same in the next annual tax levy.

CHAPTER II. - OF FINANCIAL ADMINISTRATION.

Section 1. There is hereby created an Auditing Committee which shall consist of the Mayor, as chairman, the City Auditor and the City Attorney. The Auditor shall be the secretary of the Auditing Committee. The Auditing Committee shall hold stated meetings, once a month, and may adjourn from time to time. It shall be the duty of this Auditing Committee to examine, allow and order paid, or reject and disallow, all demands and bills of whatever nature which may be presented against the City, except salaries of the city officers fixed by this Charter. No bill or claim against the City shall be ordered paid unless the same shall first have been approved by the Executive Board; but the Auditing Committee shall have power to reject a bill or claim approved by the Executive Board. Two (2) members shall constitute a quorum for the transaction of the business of the Auditing Committee, but one (1) member may adjourn the meeting from time to time until a quorum may be had.

Sec. 2. All bills and claims which may arise against the city, including pay roll of all employees of the City whether under regular monthly salary or not (except salaries fixed by this Charter) shall be duly verified and filed with the Executive Board, who shall file and act upon the same in the order of their presentation and, upon approving them, as soon as practicable pass them on to the Auditing Committee, who shall receive them and number and act on them in the order of their presentation to the Executive Board. Said Auditing Committee shall allow or reject each claim in whole or in part, and if allowed, order the same paid and endorse upon the back of each bill the date of its allowance or rejection and the amount allowed for. No demand upon the treasury shall be allowed by the Auditing Committee in favor of any officer or other person, or any of their assigns, who is in any manner indebted to the City, without first deducting therefrom the amount of such indebtedness, or in favor of any officer or other person, or his assigns, having the collection, care, custody or control of public funds, unless the accounts of such officer or other person, have been passed, approved and allowed, as is or may be required by law; nor in favor of any officer or other person or his assigns, who has neglected to make any oath required by law, ordinance or other regulation of the Common Council; nor in favor of any officer or his assigns, who

has failed to the knowledge of the Auditing Committee, to do any duty imposed upon him by law, or ordinance or other regulation of the Common Council.

Sec. 3. All bills and claims against said City shall be made out and sworn to before the Auditor or some other officer authorized to administer oaths, on a form to be approved by the Executive Board.

Sec. 4. The secretary of the Auditing Committee shall attend all meetings of said Auditing Committee and keep a correct record and journal of its proceedings.

Sec. 5. The method and manner of keeping the books of all departments of the City, and the form thereof, and the forms of bills, vouchers and register, and what shall be shown by the same shall be specified by the Executive Board and approved by the Common Council.

Sec. 6. The Auditor shall issue all licenses to the Tax Collector and for that purpose shall keep license books from which to issue such licenses, said books to contain stubs to all licenses issued, which shall show the number of each license issued and the amount, and he shall charge such collector with the licenses so issued; and shall, monthly, have a settlement with the Tax Collector on account of same, giving said collector credit for all licenses unissued and returned, and for moneys paid into the treasury on account of licenses issued.

Sec. 7. The Auditor and his bondsmen shall be jointly, severally and personally responsible and liable for any damage resulting to the City on account of any illegal or fraudulent claim for which a warrant may be issued.

Sec. 8. The City Treasurer shall not less than twice a year, as shall be fixed by the Common Council, report to the Common Council all moneys received into and paid out of the various offices of the City. The City Treasurer shall on the first Monday of February, May, August, and October of each year transmit to the Auditor a full statement under oath showing the full amount of taxes, percentage, interest and costs received by him on account of redemption of property sold to the City on account of taxes and also show the amount of Auditor's fees on account of same which he has received. Upon such reports being filed with the Auditor he shall forthwith credit said amounts to the unappropriated general requirements fund, and a statement of such credit shall be filed with the Executive Board. The Treasurer shall keep such books as the Executive Board shall direct showing all warrants paid by him and on the first (1st) day of each month turn over to the Auditor all warrants paid by him during the preceding month; the Auditor and the Treasurer shall carefully compare the warrants so turned over with the books kept by the Treasurer and if satisfied that the same are correct as entered in said book the Auditor shall receipt the Treasurer for all warrants paid by writing a proper receipt in said book or books immediately following the month's entry of such warrants. Upon payment of any warrant the Treasurer shall cancel the same by stamping upon its face the word "Paid" followed by date of payment. The Treasurer shall issue receipts in duplicate to all persons paying money into the Treasury, one of which receipts must forthwith be filed with the Auditor.

Sec. 9. The Executive Board with the approval of the Common Council may from time to time establish funds or increase or diminish the number of funds needed and may provide that transfer may be made from one fund to another in accordance with the terms of this Charter, and authorized by the Common Council, but in no case shall any moneys be transferred from the Water Fund, Harbor Fund, Cemetery Fund, Park Fund, Play Ground Fund, Public Welfare Fund, Library Fund, or interest or Sinking Fund, or any fund raised by a special tax, to any other fund.

Sec. 10. All surplus moneys or proceeds derived from any public improvement, or municipal undertaking, financed, carried on or made possible by the issuance by the City of

bonds therefor, over and above the cost and expense of the maintenance and operation of such improvement or undertaking, shall be applied, in so far as necessary, to the creation of a sinking fund for the payment of interest on, and the refunding at maturity of, the bonds issued on account of such public improvement or municipal undertaking.

Sec. 11. All moneys arising from fees imposed and collected under City ordinances shall be paid into the general requirements fund.

Sec. 12. All officers of the City who collect money on account of taxes, licenses, fines and from other sources, which belong to the City, except money collected by the Treasurer on account of redemption of property sold to the City for taxes, must make monthly settlements therefor on or before the first Monday of each month, and shall make a statement to the Auditor subscribed and sworn to before him showing from what sources the same are collected and the total amount collected and forthwith pay said amount to the Treasurer and take his receipt therefor in duplicate, one (1) of which receipts must be filed with the Auditor. Upon such money being paid to the Treasurer the same must forthwith be credited to the general requirements fund and the Treasurer must file with the Executive Board a statement of such payment and credit.

Sec. 13. The Executive Board must not for any purpose contract or the Common Council authorize debts or liabilities except in pursuance of law nor shall such indebtedness or liabilities exceed, in any fiscal year, the income and revenue provided for such year, without the assent of two-thirds ($\frac{2}{3}$) of the qualified electors of said City, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provisions shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness, as it falls due and also to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty (40) years from the time of contracting the same, and the proceeding therefor shall be in accordance with the general law of the State of California in force at the time proceedings are taken for the incurring of such indebtedness, providing how bonded debts may be created. Any indebtedness or liability incurred contrary to this provision shall be void; and all contracts, authorizations, allowances, payments and liabilities made or attempted to be made in violation of this provision shall be absolutely void, and shall never be the foundation or basis of a claim against the said City; and all officers of said City are charged with notice of the condition of the City treasury and extent of the claims against the same.

Sec. 14. Whenever the Executive Board shall determine that the public interest or necessity demands acquisition, construction or completion of any municipal buildings, bridges, sewers, water works, water rights, reservoir sites, rights of way for pipes, aqueducts, flumes, or other conduits, or any other property or appliances suitable or proper for supplying said City or its inhabitants with water, or other municipal improvements, the cost of which will be too great to be paid out of the ordinary annual income and revenue of said City, the Common Council may only upon and after the recommendation and approval of the Executive Board, contract a bonded indebtedness for said purposes or any of them, and the proceedings taken for incurring such indebtedness shall be in accordance with the mode and manner prescribed by the provisions of the general laws of the State of California relative to incurring bonded indebtedness, by municipalities, in force at the time such proceedings are taken. Provided however, that each proposition for which bonded indebtedness is sought to be incurred shall be submitted to the people at an election, as required by law, in separate items for each different unit of proposed expenditure. Said Common Council may also contract bonded indebtedness for any other purpose authorized by this Charter or the general law of the State of California, provided that the proceedings taken therefor shall be in accordance with the provisions of this Charter and the general law in force at the time such

proceedings are taken; provided the Executive Board shall have made an estimate therefor in its budget for yearly expenses for bonds.

Sec. 15. The Auditing Committee or Executive Board or a special committee appointed by the Common Council for that purpose shall have the right and power separately or collectively and with the aid of an accountant selected by the Mayor or the Executive Board, to examine the books of the Treasurer at any and all times and shall have the right to inspect and count all public moneys under the Treasurer's control or on deposit elsewhere.

Sec. 2. The government of the San Diego School District shall be vested in a Board of Education, composed of five (5) persons, who shall be elected by the electors of the City of San Diego, at large, at the same time and in the same manner as other municipal officers, and each of them shall have been for two (2) years a resident of said City, and shall serve four (4) years, or until their successors are elected and qualified and shall receive as compensation for such services twenty-five (\$25.00) dollars per month.

Any vacancy in the body shall be filled by the Board until the next general City Election for municipal officers, when a member shall be elected to fill each vacancy.

Sec. 3. The duties and powers of the Board of Education shall be such as are now, or may hereafter be enjoined and conferred on Boards of Education in City and School Districts by the laws of the State of California.

of the State of California, and the officers to be elected thereunder selected at the next General Municipal Election.

Section 4. Provided, also, that the Mayor of the City of San Diego, or the President of the Common Council of the City of San Diego, and their party, shall have admittance with their automobiles to any part of said park or grounds used by automobiles, at any time during said exposition.

Section 5. Provided further, that the Mayor of the City of San Diego, or the President of the Common Council of the City of San Diego, may issue three day passes to official visitors, or persons, when said city officials deem such action for the best interests of the City of San Diego, each pass issued by either of said city officials to bear the Seal of said City of San Diego.

Section 6. A copy of this ordinance shall be posted in a conspicuous place within the gates of said park or grounds used for exposition purposes, for the information of guards and gatekeepers.

Section 7. Ordinance No. 5910 of the ordinances of said City, approved November 27, 1914, is hereby repealed.

Section 8. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the emergency in this case are that this ordinance repeals an ordinance granting the right to charge admission to said Panama Cali-

fornia Exposition, and as said exposition is now open the charging of admissions is a matter of necessity to the successful operation of said exposition.

ORDINANCE NO. 6011.

AN ORDINANCE DECLARING TRAVEL AND TRAFFIC ON B STREET BETWEEN ARCTIC
AND ATLANTIC STREETS DANGEROUS AND SUSPENDING TRAFFIC AND TRAVEL
THEREON AT SAID POINTS.

FOR THAT WHEREAS, the Atchison, Topeka and Santa Fe Railway Company has heretofore, on the 17th day of December, 1914, filed with the Railroad Commission of the State of California their Application, being numbered 1461, and entitled, "In the Matter of the Application of the Atchison, Topeka & Santa Fe Railway Company for permission to lay additional railway tracks at grade in and across a portion of B Street in the City of San Diego, San Diego County, California", and therein having applied to said Railroad Commission for permission to install nine additional tracks across said B Street between Arctic and Atlantic Streets, making a total of eighteen tracks of said Railway Company across said B Street at said point; and

WHEREAS, said Railroad Commission has entered its decision, numbered 2096 in the above entitled cause, ordering that permission be granted said Atchison, Topeka & Santa Fe Railway Company to construct nine additional tracks across said B Street between said Arctic and Atlantic Streets, subject however, to the condition that

"The City of San Diego, through its Common Council, shall suspend
traffic over B Street between Arctic and Atlantic Streets for a
period of three years",

and it appearing to the Common Council of the City of San Diego that by reason of the number

of tracks of said Railway Company across said B Street between said Arctic and Atlantic Streets, and by reason of the almost continuous movement of trains, cars and engines on said tracks across said Street, that travel and traffic on said B Street between the west line of Arctic Street and the east line of Atlantic Street is unsafe and dangerous; and

WHEREAS, the Common Council of the City of San Diego is of the opinion and the Railroad Commission of the State of California having found that the operation of trains, cars and engines on all of said tracks now installed by said Railway Company, and those sought to be established under the prayer of said Application numbered 1461, is a matter of necessity as well as of convenience in the proper and efficient handling of passengers and freight at present and in the immediate future coming into and going from said City of San Diego over said Atchison, Topeka & Santa Fe Railway, and it appearing to the Common Council of said City of San Diego that the proper protection of the public safety demands that traffic on said B Street between the west line of Arctic and the east line of Atlantic Streets be temporarily suspended, NOW THEREFORE,

BE IT ORDAINED, By the Common Council of the City of San Diego, as follows:

Section 1. That public travel and traffic upon that portion of B Street within the City of San Diego, County of San Diego, State of California, between the west line of Arctic Street and the east line of Atlantic Street is unsafe and dangerous and said Common Council of said City hereby find and declare that the movement of trains, cars and engines on the tracks of the Atchison, Topeka & Santa Fe Railway Company across said B Street between said west line of Arctic Street and said east line of Atlantic Street has rendered said street unsafe and dangerous to travel and traffic and that said street between said points is now and for some considerable time will be dangerous and unsafe to public travel and traffic, and said Common Council further find and declare that by reason of such unsafe and dangerous condition, public necessity and safety demand that travel and traffic on said B Street between said west line of Arctic Street and said east line of Atlantic Street be and the same is hereby declared temporarily suspended for a period of three years from and after this ordinance becomes effective.

Section 2. That Honorable D. K. Adams, Superintendent of the Department of Streets, be and he is hereby authorized and directed, immediately upon this ordinance becoming effective, to erect and construct across said B Street at the west line of Arctic Street and at the east line of Atlantic Street, impediments and barriers of such number, character and permanency of construction as to effectually and completely suspend and prevent traffic and travel over said B Street between said points on said Street as herein described.

Section 3. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. That the facts constituting the urgency in this case arise from the present dangerous and unsafe condition of B Street to travel and traffic between Arctic Street and Atlantic Street, due to the number of trains, cars and engines continually crossing said street between said points, and the absence of any signal, guard or arrangement, either natural or artificial, located at said points, to indicate the approach of trains, cars or engines.

ORDINANCE NO. 6034.

AN ORDINANCE AUTHORIZING THE SUPERINTENDENT OF THE DEPARTMENT OF FINANCE, WAYS AND MEANS TO CONTRACT IN THE OPEN MARKET, WITHOUT ADVERTISING FOR BIDS, FOR THE HANDLING OF CERTAIN DREDGED MATERIAL FROM THE BAY OF SAN DIEGO.

FOR THAT WHEREAS, it has become necessary in connection with the work now being performed under the tide lands act of the State of California, in connection with the Bay of

San Diego, to provide for the handling of certain dredged materials in said bay; and,

WHEREAS, immediate steps are necessary to be taken in order that the above work may be continued without interruption, NOW, THEREFORE,

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. That Honorable O. M. Schmidt, Superintendent of the Department of Finance, Ways and Means of the City of San Diego, be, and he is hereby authorized and directed to contract, in the open market without advertising for bids, for the handling of materials now being dredged from said Bay of San Diego, the disposition of which materials being made necessary by the filling of the deposit areas provided for said dredged material.

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval. The facts constituting the emergency in this case are that the San Diego tide lands act requires the completion of the harbor improvement prior to the first of May, 1915, and that the amount of work remaining demands that the work continue without interruption and delay, and that a period of thirty days elapsing between the present time and the time for renewing the work after a thirty day ordinance would go into effect would be insufficient to complete the dredging necessary to comply with the provisions of the tide lands act.

ORDINANCE NO. 6038.

AN ORDINANCE PROCLAIMING A PRIMARY ELECTION, AND SUBMITTING CERTAIN CHARTER AMENDMENTS TO THE ELECTORS OF THE CITY OF SAN DIEGO.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. In pursuance of the authority vested in the Common Council of the City of San Diego, California:

PROCLAMATION IS HEREBY MADE that on Tuesday, the 23rd day of March, 1915, a Primary Election will be held in the City of San Diego, California, for the nomination of the candidates for the following named municipal offices to be filled in said City, to-wit:

For Mayor:

Two to be nominated.

For City Treasurer:

Two to be nominated.

For Members of the Common Council:

Four to be nominated.

For Members of the Board of Education:

Four to be nominated.

Section 2. That in accordance with the provisions of Resolutions No. 19144, No. 19145 and No. 19171, passed and adopted in pursuance of the provisions of Section Eight of Article Eleven of the Constitution of the State of California, proposing certain amendments to the Charter of said City of San Diego, and also in accordance with the provisions of Resolution No. 19191, proclaiming and fixing the date of the election upon the said proposed amendments, there is hereby submitted to the qualified electors of said City, to be voted upon at the time of holding said Primary Election, and being the 23rd day of March, 1915, each of the following propositions of the Common Council, to amend the present Charter of said City, to-wit:

Proposition I.

Amend section 4 of Chapter IV of Article I, of said Charter, to read as follows:

"Section 4. The holder of any elective office of this municipality may be removed or recalled at any time by the electors; provided, he has held his office at least four months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the City Clerk, which petition shall be signed by registered voters equal, in number to at least twenty-five per cent. of the entire vote cast for Mayor at the last preceding general municipal election, and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in no wise affect the validity of

the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number, if any. One of the signers of each such paper shall make oath before an officer competent to administer an oath that the statements thereto made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the clerk shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified voters, and if necessary the city council, board of trustees or other governing body shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the city council, or board of trustees, or other governing body without delay, whereupon the council, or board of trustees or other governing body shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; provided, that if a general municipal election is to occur within sixty days, the council may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose the removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the same manner as are nominations for such office at general municipal elections. Upon the sample ballot there shall be printed in not more than two hundred words the reasons for demanding the recall of the officer set forth in the recall petition, and upon the same ballot in not more than two hundred words the officer may justify his course in office.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: 'Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?' following which question shall be the words 'Yes' and 'No' on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote 'No,' said incumbent shall continue in said office. If a majority shall vote 'yes', said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has

received the highest number of votes for the office shall be thereby declared elected, for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

No person who has been recalled or who has resigned from such office while recall proceedings were pending against him, shall be appointed to any office within one year after such resignation or recall. The successor of any officer so recalled shall hold office during the unexpired term of his predecessor, subject to removal under the provisions of this section."

This proposition is designated in the ballot hereinafter prescribed as "Proposition I. Amend Section 4 of Chapter IV of Article I of the City Charter. This amendment provides for the recall of all elective officers in the manner outlined by the General Laws of the State of California."

Proposition II.

Amend Section 9 of Chapter II of Article VI, of said Charter, to read as follows:

"Section 9. The following funds are hereby established:

1. "Fire Department Fund", upon which all warrants must be drawn for Fire Department supplies and expenses whatsoever.
2. "Salary Fund", from which all salaries of city officers and their deputies, including regular policemen, must be paid.
3. "Police Department Fund", from which must be paid all expenses of the Police Department, except salaries of regular policemen.
4. "Street Fund", from which must be paid all expenses for street repairs, street sprinkling and cleaning, highway and bridge repairs, and all other street improvements not otherwise provided for in this charter.
5. "Harbor and Wharf Fund", from which must be paid all expenses for wharf building and repairs, and for all harbor improvements.
6. "Sewer and Drainage Fund", from which all expenses for sewer and drainage construction and repairs must be paid.
7. "School Fund", from which must be paid all salaries of teachers in the city public schools, together with all expenses of repairs to school buildings, and all expenses of such buildings, school furniture, and other necessary expenditures by the Board of Education, including the erection of school buildings and purchase of sites therefor.
8. "Street Light Fund", from which must be paid all sums for lighting the city by electric light, gas, etc.
9. "Park Improvement Fund", from which must be paid all expenses for park and boulevard improvements, such as construction and building of drives, boulevards, and planting of trees, and other improvements.
10. "Public Health Fund", from which must be paid all expenses of the Health Department, including scavengers, and all expenses of disposing of garbage, etc.
11. "Library Fund", from which must be paid all expenditures made and ordered by the Board of Library Trustees and the San Diego Public Library.
12. "Public Building Fund", from which all expenditures for public buildings of the city (other than school buildings) must be paid.
13. "Office Fund", from which all expenditures for furniture, fuel, stationery, books, etc., furnished to the city officers and departments must be paid.
14. "General Fund", from which must be paid appropriations and general expenses not payable from other funds.
15. "Special Election Fund", from which shall be paid the expenses of all special

elections. Transfers of money from the General Fund to the Special Election Fund shall be made at such times and in such amounts so that there shall stand at all times to the credit of the Special Election Fund moneys sufficient to defray the expense of at least two special elections.

The Common Council may from time to time establish such other funds as they may deem necessary, and shall establish and continue in force all Interest Funds, Bond Funds, Bond Redemption Funds, and other funds now or hereafter established for the payment of all interest upon, and the payment of all bonded indebtedness of said city; and the percentage of each annual tax levy shall be named for each fund, and the whole amount of taxes and revenue of the city apportioned to said several funds accordingly; and no transfer shall be made from one fund to another except as otherwise provided in this charter, unless by vote of the Common Council, by ayes and noes, recorded in the journals of proceedings; and in no case shall any moneys be transferred from the School Fund or Library Fund to any other fund. The Common Council shall by ordinance determine and designate to what funds shall be apportioned all moneys arising from the levy of all license taxes in the city; provided, that none of such moneys shall be apportioned to either the School Fund, Library Fund, or to any of the Bond Funds, Interest Funds, or Bond Redemption Funds of the city."

This proposition is designated in the ballot hereinafter prescribed as "Proposition II. Amend Section 9, of Chapter II of Article VI of the City Charter. This amendment creates a Special Election Fund to contain at all times sufficient money to defray expenses of two special elections."

Proposition III.

Amend Section 1 of Chapter I of Article III, of said Charter, to read as follows:

49. To provide for the sale, at public auction, after advertising for five days, of all personal property unfit or unnecessary for the use of said city.

50. To provide for the purchase of property levied on under execution in favor of said city; but the amount bid on such purchase shall not exceed the amount of the judgment and costs.

51. To incur an indebtedness exceeding the revenue for any fiscal year in case of great public calamity or danger, such as earthquakes, conflagrations, pestilence, invasion, or any other great or unforeseen emergency. The ordinance for such purpose must be passed by the affirmative vote of two-thirds of the members of said Common Council, and be approved by the Mayor. Before or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within forty years from the time of contracting the same. No such indebtedness shall be incurred without the assent of two-thirds of the qualified electors of said city, voting at an election held for that purpose.

52. The Common Council shall have charge, superintendence and control of all public work of every kind, where not otherwise provided for in this charter, to be done for the City, or for any board or department thereof, and also of the furnishing of all labor, work, materials and supplies for said City. This charge, superintendence and control of public work shall be subject, however, to such ordinances as the Common Council may from time to time adopt."

"Section 1. There shall be established by ordinance a Board of five persons, three at least of whom shall be practising physicians, and graduates of some reputable school of medicine. The members of this Board shall serve without pay, and their term of office shall be four years, except that at the organization of the first Board of Health appointed after the adoption of this provision, the members thereof shall, by lot, determine that two of its members shall hold office for a term of two years."

The condition of said obligation shall be such that if the proposition set forth in said petition and submitted at such special election shall receive a majority of the votes cast at such special election, then said obligation to be void, otherwise to remain in full force and effect."

This proposition is designated in the ballot hereinafter prescribed as "Proposition XII. Add Section 6 to Chapter IV of Article I of the City Charter. ORDINANCE NO. 6090.

AN ORDINANCE APPROPRIATING THE SUM OF \$4500.00 TO DEFRAID THE EXPENSES
OF THE GENERAL MUNICIPAL ELECTION TO BE HELD ON APRIL 6th, 1915.

BE IT ORDAINED By the Common Council of the City of San Diego, as follows:

Section 1. Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect from and after its passage and approval.

The facts constituting the emergency in this case arise by reason of the period of time elapsing between the municipal Primary Election and the General Municipal Election, being a period of less than thirty days, and by reason of the further fact that in order to

afford an opportunity of placing special propositions upon the ballot at the General Municipal Election for ratification or rejection by the electors of the City of San Diego, the passage of the resolution proclaiming the election, and which must contain the propositions to be voted upon at such election, has been withheld and delayed until the latest possible time consistent with the preparation of ballots, the printing of special propositions to be voted upon and the mailing of copies thereof to the electors of the city.
