Sixth: That said The City of San Diego shall have the right to use said spur tracks at any time, without cost to said The City of San Diego;

Seventh: That the permission granted by this Ordinance shall be revocable at the will of the Common Council of The City of San Diego.

Section 2. It is expressly provided that nothing herein contained shall be construed to extend the permit or time of any franchise heretofore granted either to petitioner or to any other steam railway company.

Section 3. The above permission is granted upon the further express condition that said San Diego & Arizona Railway Company shall pay to The City of San Diego the sum of Fifty Dollars (\$50.00) per year, payable in advance, as rental for each year that said spur tracks are in place. This rental shall be subject to change at the pleasure of the said Common Council.

ORDINANCE NO. 9578.  
AN ORDINANCE APPROPRIATING THE SUM OF \$4000.00 FROM THE  
RESERVE FUND FOR THE PURCHASE OF CERTAIN LANDS FROM C. M.  
EICHENLAUB, F. C. JEAGER AND MARGARET JEAGER.  
FOR THAT WHEREAS, there is now pending in the Superior Court of the State of California, in and for the County of San Diego, an action against The City of San Diego, wherein C. M. Eichenlaub, F. C. Jeager and Margaret Jeager are seeking to recover from The City of San Diego damages for the alleged destruction by said City of a road through Barrett Reservoir, and for the flooding of certain lands belonging to the said C. M. Eichenlaub, F. C. Jeager and Margaret Jeager, which lands are within the Barrett Reservoir; and  
WHEREAS, the Common Council of The City of San Diego is of the opinion that the best interests of the City will be subserved by having the City purchase the said lands so flooded by the waters of the Barrett Reservoir, NOW THEREFORE,  
BE IT ORDAINED By the Common Council of The City of San Diego, as follows:  
Section 1. That the sum of four thousand dollars (\$4000.00) be, and the same is hereby set aside and appropriated out of the Reserve Fund of The City of San Diego, for the purpose only and exclusively of purchasing from C. M. Eichenlaub, F. C. Jeager and Margaret Jeager, the following described lands situated in the County of San Diego, State of California, to-wit:  
The west half of lot 8, Section 3; the east half of lot 7, Section 4; the north half of the southeast quarter of Section 4; all in Township 17 South, Range 3 East, S.B.M., containing 160 acres.  
Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.  
The facts constituting the urgency in this case are these: That the claims and litigation arising out of the destruction of the road hereinabove mentioned and the flooding of the above described lands are such that if successful the City would be compelled to abandon portions of Barrett Reservoir, which at the present time is part of the impounding system of The City of San Diego, and contains water essential for municipal use; therefore this payment is made in order to protect the immediate needs of the public from the municipal water supply, and is for the preservation of the public health and safety.

Section 3. Said bonds shall be made payable to bearer, in lawful money of the United States, and shall bear interest in like lawful money from the date of said bonds until paid, at the rate of five per centum (5%) per annum, and shall be paid on presentation and demand at the office of the Treasurer of The City of San Diego, or at the East River

Nstional Bank of New York City, or any branch of the Bank of Italy in California, at the option of the holder thereof.

The said bonds shall be dated on the first day of January, A. D. 1925, and shall become due in the order of their numbering, and to the amount hereinabove provided, on the first day of January of each year, until all of said bonds shall have been paid. Interest on said bonds shall become due and payable semi-annually on the first day of July and the first day of January, of each year. Said bonds shall each contain the promise of The City of San Diego to pay the amount for which it is issued, with interest as aforesaid, at the time and in the manner above specified, and shall refer to the election authorizing the issuance of such bonds and the purpose for which such indebtedness is incurred. The amount of the principal of each bond shall be printed upon the face thereof in large figures and with ink of a different color than that of which the body of the bond is printed, and it shall be certified in such bond that all the conditions and requirements of any ordinance of said City, the Charter thereof, and the General Laws of the State of California, touching the incurring of such indebtedness by a municipal corporation, have been fully complied with.

There shall be attached to each bond one coupon for each semi-annual payment of interest accruing thereon, which coupons shall be so arranged to come due, one in each six months until and including the maturity of the principal specified in such bond. Each coupon shall have printed on it the number of the principal bond to which it is attached, and the name of the fund in the aid of which the bond is issued, and such number and name shall be printed in larger type and different colored ink than the body of the coupon, and such coupons shall in addition be numbered from one (1) consecutively up to the last.

Section 4. The Mayor of said City, the City Treasurer and the City Clerk of said City are each hereby authorized and directed for and on behalf of, and as the act and deed of the City, to sign, in his official capacity, each and every of said bonds substantially in the form hereinbefore provided; and the Clerk is in addition directed to affix the corporate seal of said City to each of said bonds, and such signing and sealing shall constitute and is hereby declared to be a sufficient and binding execution of each and every of said bonds by the City. The City Treasurer is also authorized and directed to sign his name as Treasurer of said City to each and every of the coupons attached to each respective bond; provided, that it shall be a sufficient signature of all of such coupons if the signature of the Treasurer is printed upon such coupons, and the signing of the said coupons by the City Treasurer in the manner and form aforesaid shall constitute and be a sufficient and binding execution of each and every of said coupons by said City.

Section 5. For the purpose of paying the principal on said bonds as they shall come due, and the interest thereon as such interest shall accrue, the legislative branch of said City shall, at the time of fixing the general tax levy and in the manner provided by law, levy and collect each year, until such bonds are paid, or until there shall be a sum in the Treasury of said City, set apart for that purpose, sufficient to meet all sums coming due for principal and interest on any of said bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time of fixing the next general tax levy. Said taxes shall be levied and paid in addition to any other tax levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected, and shall be used for no other purpose than the payment of said bonds and accruing interest.

Section 6. There is hereby established a sinking fund, to be kept by the Treasurer of The City of San Diego, for each of the funds provided in Sections 1 and 2 of this ordinance, and the proceeds of the taxes levied as aforesaid shall be paid into such sinking fund as soon as the same shall be collected, and shall remain in such sinking fund until required for the payment of the principal and interest to be made upon said bonds and coupons. When the respective payments of principal and interest of said bonds, and coupons shall fall due, the Treasurer of said City is authorized and directed to pay out of the moneys in said fund the respective sums of principal and interest as they shall fall due on each several bond and coupon, as demand shall be made therefor and upon surrender of such bond and coupon.

Section 7. Said bonds shall be sold, and in the following manner, to-wit: The City Clerk shall, when so directed by the Common Council, cause notice to be published in the official paper of said City for ten (10) days previous to the date of sale hereinafter mentioned, to the effect that sealed bids for the purchase of the whole or any part of such bonds as may be determined by the Common Council, will be received at his office until eleven o'clock A. M. of the day of the meeting of the Common Council next following the completion of such notice, and that said bonds will be sold to the highest bidder or bidders therefor by the Common Council of The City of San Diego, and that the same shall not be sold for less than par. Each bid shall be accompanied by a check certified by a responsible bank equal to one per centum (1%) of the amount of the bid, payable to the City Treasurer of said City, as a guaranty and assurance that the bidder will take so much of said bonds as he shall bid for, and will pay the price bid therefor, should the bonds be awarded to him.

The Common Council shall at its first regular meeting after the time fixed for the placing of bids, consider such bids as may have been offered, and shall sell bonds to the highest bidder; provided the right shall be reserved to reject any and all bids.

The successful bidder or bidders shall be required to take so much of said bonds as he shall bid for, and shall be awarded to him by the Common Council, at the rate fixed and upon ten days' notice from the City Clerk that said bonds are executed and ready for delivery. In the event of the failure of any such purchaser to take the amount and number of bonds awarded to him upon his bid by the Common Council for ten days after giving the notice last aforesaid, his check accompanying his bid and the sum for which it is drawn, shall be forfeited to the City, and the money shall be paid into the City Treasury.

In the event of the failure of the Common Council to sell said bonds at the time for which bids have been requested as hereinabove provided, the same may be sold without any further advertisement to any bidder for the best price that can be obtained, but for not less than par, which shall be construed to mean the face of the bond plus accrued interest to date of delivery.

#### ORDINANCE NO. 9676.

AN ORDINANCE APPROPRIATING THE SUM OF \$250.00 FROM THE RESERVE FUND FOR THE RELIEF OF G. F. KORTE.

WHEREAS, The City of San Diego has recently entered into a contract of compromise with G. F. Korte and Helena Korte for the purpose of settling certain claims for damages held by said G. F. Korte and Helena Korte against The City of San Diego for the alleged destruction of a road crossing Barrett Reservoir, now occupied and flooded by The City of San Diego; and

WHEREAS, under the terms of said agreement there is now due and owing to the said G. F. Korte and Helena Korte from said The City of San Diego the sum of two hundred fifty dollars (\$250.00); NOW, THEREFORE,

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. There is hereby appropriated out of the Reserve Fund of The City of San Diego the sum of two hundred fifty dollars (\$250.00) for the relief and benefit of G. F. Korte and Helena Korte.

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the urgency in this case are these: That the claims and litigation arising out of the destruction of the road herein-above mentioned are such that if successful the City would be compelled to abandon portions of Barrett Reservoir, which at the present is part of the impounding system of The City of San Diego, and contains water essential for municipal use; therefore this payment is made in order to protect the immediate needs of the public from the municipal water supply, and is for the preservation of the public health and safety.

The Common Council shall consider such bids as may have been offered, and shall sell bonds to the highest bidder; provided the right shall be reserved to reject any and all bids.

San Diego, California,  
December 19, 1924.  
(See printed copy annexed)

SECTION 26. Each department of the City of San Diego shall limit its expenditures to the amount and for the purposes herein set forth under the respective departmental titles and designations by serial number.

SECTION 27. No transfer from one fund to another shall be made unless by special direction of the Common Council manifested by Ordinance. Every requisition issued in conformity with Ordinance No. 5051, in addition to all other matters, shall contain the maximum amount of the charge to be made against the item drawn upon, and no expenditure shall be made which exceeds the maximum figure contained in the requisition therefor, and any claim based upon an amount exceeding the maximum amount contained in said requisition shall be invalid as against the City of San Diego. Each requisition shall be presented to the City Auditor for his approval as to funds before any indebtedness thereon shall be incurred and before any claim based upon said requisition shall become a legal charge against any item contained in this ordinance. It shall be unlawful for any department to expend during any one month of the ensuing fiscal year more than one-twelfth of the amount allotted to said department for said fiscal year, except as may be by Ordinance of the Common Council otherwise provided, and that except all items contained in this Ordinance prefixed by a star (\*) shall be exempt from said one-twelfth allotment.

SECTION 28. All moneys deposited to the credit of the General Fund for the installation of new services and extensions in the Water Department, shall, by Auditor's transfer, be credited to Item P-34 of the Operating Department.

All moneys deposited to the credit of the General Fund for upkeep and repair of paved streets, shall, by Auditor's transfer, be credited to Item P-55 of the Operating Department.

SECTION 29. There is hereby appropriated out of the General Fund of the City of San Diego to the departments named in the foregoing sections of this ordinance the various sums of money specified therein, for the purpose of conducting the business of said departments of the city government during the fiscal year beginning January 1st 1925.

SECTION 30. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The facts constituting the urgency in this case are that by reasons of the provisions of the charter requiring the Common Council and Auditor to estimate the probable expenditures of the various departments of the City for the ensuing fiscal year, and the additional fact that the tax rate for said fiscal year shall be based upon said estimated expenditures, it is necessary that an ordinance limiting the amounts to be expended by the various departments should be in effect as of January 1st, 1925.

AUDITOR'S CERTIFICATE. I Hereby Certify that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

Third: That said company shall allow any other person doing business along the line of said spur to use the same upon such compensation as the Common Council shall determine to be reasonable for such privilege, and further, that cars shall not be permitted to stand on the tracks in the intersections of said Winder Street with other streets or alleys in said City.

AN ORDINANCE AUTHORIZING CONTRACT IN THE OPEN MARKET

WITHOUT ADVERTISING FOR BIDS, FOR THE CONSTRUCTION OF

THE SKYE VALLEY BRIDGE.

Section 1. That the Superintendent of the Purchasing Department of The City of San Diego be, and he is hereby authorized and directed to contract in the open market, without advertising for bids, for the construction of the Skye Valley Bridge;

This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the urgency in this case are these: That the claims and litigation arising out of the destruction of the Skye Valley road are such that if successful the City would be compelled to abandon portions of Barrett Reservoir, which at the present is part of the impounding system of The City of San Diego, and contains water essential for municipal use; therefore, it is necessary that the Skye Valley Bridge be constructed immediately in order to complete the new Skye Valley Road.

SEVENTH: That the permission granted by this ordinance shall be revocable at the will of the Common Council of The City of San Diego.

ORDINANCE NO. 10035.  
 AN ORDINANCE DEFINING AND REGULATING AIRCRAFT AND TRAFFIC  
 IN THE AIR; CREATING A BOARD OF AIR CONTROL FOR THE CITY  
 OF SAN DIEGO AND FIXING ITS DUTIES AND POWERS; DEFINING AND  
 PROHIBITING "STUNT FLYING" AND PRESCRIBING RULES FOR THE  
 OPERATION AND USE OF AIRCRAFT WITHIN AND OVER THE CITY OF  
 SAN DIEGO, CALIFORNIA.

BE IT ORDAINED BY THE COMMON COUNCIL of the City of San Diego, California, as follows:

Section 1. All aircraft operating within, from or over the geographical limits of the City of San Diego shall be operated in accordance with the terms of this ordinance as passed or as subsequently amended.

Section 2. Terms defined. For the purposes of this ordinance and as used herein, the term "aircraft" shall mean and include any airplane, hydro-airplane, seaplane, dirigible or balloon or any other apparatus or device designed to carry one or more persons into the air, and the term "balloon" shall mean a balloon either fixed or free. The term "stunt flying" shall mean exhibition flying or any flying not necessary in air travel. The term "emergency landing field" shall mean any area of vacant level or comparatively level ground unoccupied by human beings and of sufficient size to permit aircraft to land without danger to their passengers or themselves and without danger to property or persons on the ground.

Section 3. There is hereby created a Board of Air control, consisting of three members to be appointed by the Common Council immediately upon the passage of this ordinance. The members of said Board of Air Control shall serve for a period of three years from and after their appointment or until their successors are duly appointed, excepting however that the members of the Board first appointed hereunder shall be designated to serve for terms as follows; one member shall serve until the first day of January 1926, one member until the first day of January, 1927 and the third member until the first day of January 1928. Beginning with the first day of January 1926 one member of the Board shall be appointed annually on the first day of January of each year. All members of the said Board of Air Control shall serve without compensation.

Section 4. No person, except regularly qualified members of the military and naval forces of the United States authorized by the United States Government to operate aircraft, shall hereafter operate, drive or pilot aircraft within and over the City of San Diego without first obtaining a license as herein provided.

Section 5. Persons desiring a license to operate aircraft within and over the City of San Diego shall first obtain a license from the Common Council in the following manner. An application therefor shall be filed with the Board of Air Control on blanks to be provided therefor giving such information touching the qualifications of the applicant and the nature and condition of the aircraft proposed to be operated as may be required. Upon the filing of such application the Board of Air Control is authorized and directed to make an investigation as to the ability and qualifications of the applicant and as to the condition and safety of the aircraft for which a license is desired. All applications for license to operate aircraft within and over the City of San Diego shall be referred by the Board of Air Control to the Common Council and no licenses shall be granted without the approval of said Board.

Section 6. Persons desiring to operate aircraft for the purpose of carrying people for hire shall be required to file a special application for that purpose and if the Common Council determines to issue such a license a written certificate, under the seal of the City and attested by the Clerk shall be issued to the applicant which shall be available at any time for examination by prospective passengers in the aircraft used for the purpose of carrying passengers for hire.

Section 7. The Board of Air Control is authorized to grant temporary permits to persons applying for licenses hereunder to operate aircraft while awaiting the final action of the Common Council on their application.

Section 8. License Fees: The license fee for an operator or pilot shall be five dollars annually and the license fee for each aircraft operated within and over the City of San Diego, California shall be five dollars annually.

Section 9. Each aircraft licensed hereunder shall be assigned a number of distinguishing mark and such number or distinguishing mark shall be affixed and carried by such aircraft in such a manner as to be plainly visible when such aircraft is 1000 feet above the level of the ground.

Section 10. The Board of Air Control shall make at least one inspection monthly of all aircraft licensed hereunder and is authorized to revoke or suspend the licenses of machines found to be defective or in an unsafe condition. The Board of Control is also authorized and empowered to suspend or revoke the license of any pilot or operator convicted of a violation of the terms of this ordinance.

Section 11. Foreign aircraft regularly licensed in other cities and transient in San Diego shall not be required to obtain a license for the operation of aircraft in this

City for a period of ten days, provided however that any such aircraft shall be subject to inspection by the Board of Air Control and refused permission to operate if found defective or unsafe. If found in safe and satisfactory condition such foreign aircraft may be granted a temporary license to operate in the City of San Diego for a period of not to exceed thirty days. Provided further that no temporary license to carry passengers for hire shall be issued to any foreign aircraft.

Section 12. The Board of Air Control shall make and enforce such regulations as it may deem expedient with reference to students of aircraft flying and the manner and places within and over the City of San Diego that may be used for the purpose of teaching and educating pilots to fly. All orders of such Board shall have the same force and effect as though contained in this ordinance and a violation thereof shall be construed to be a violation of the provisions of this ordinance and punishable as such by an appropriate action in the City Justice Court.

Section 13. Starting. All airplanes must whenever possible on beginning a flight continue to fly within dead motor volplaning distance from the landing field where the flight was begun or from other landing fields or emergency landing fields, until the airplane has attained an altitude of at least 1500 feet above the ground.

Section 14. Altitude for flying. No aircraft shall be operated over the City of San Diego at a distance of less than 2000 feet from the ground over any populated district or gathering of people, except when leaving or alighting upon the ground, and excepting further in cases of necessity for flying at a lower altitude by reason of low-hanging fog or clouds: PROVIDED, however, that a special permit for single flights at a lower altitude for a specific purpose may be issued by the Board of Air Control in the exercise of their sound discretion, upon a proper application therefor.

Section 15. Stunt Flying. Stunt flying over and above the City of San Diego is hereby expressly prohibited.

Section 16. Parachute Drops. No person shall, except in case of emergency, leave any aircraft with a parachute, or release a parachute from said aircraft for any other purpose, over and above the City of San Diego.

Section 17. Dropping objects or material from aircraft. No person shall cause or permit to be thrown or dropped from any aircraft over and above the City of San Diego any material or object whatsoever except ballast as used in lighter than air aircraft, and in that event such ballast shall be material incapable of injuring persons or property upon which it may fall; PROVIDED, however, that the Board of Air Control may in its discretion permit the distribution of advertising matter by dropping same from aircraft, when satisfied of the safety of such an enterprise.

Section 18. Security of passengers. Operators or pilots of aircraft shall see that passengers in aircraft operated by them are properly secured in said craft, by straps or otherwise, before leaving the ground.

Section 19. Public landing fields. There shall not be established any public landing fields in the City of San Diego other than those in existence at the time this ordinance is adopted, except with the consent and approval of the Common Council of the said City of San Diego.

Section 20. Traffic Rules of the Air. All persons or corporations operating or causing to be operated any aircraft shall strictly observe the following rules of the air:

A) Flying machines shall always give way to balloons, fixed or free, and to dirigibles and airships. Airships and dirigibles shall always give way to balloons, fixed or free. Single aircraft of any description shall always give way to aircraft of the same type flying in formation.

B) An airship not under control shall be classed as a free balloon.

C) Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing and angle of elevation of an approaching aircraft. If neither the bearing nor the angle of elevation appreciably change, such risk shall be deemed to exist.

D) The term "risk of collision" shall include risk of injury due to undue proximity of other aircraft. Every aircraft that is required by these rules to give way to another to avoid collision shall keep a safe distance, having regard to the circumstances of the case.

E) While observing the rules regarding risk of collision contained in paragraph "D" hereof, a motor driven aircraft must always maneuver according to the rules contained in the following paragraphs, as soon as it is apparent that if it pursued its course, it would pass at a distance of less than six hundred (600) feet from any part of another aircraft.

F) When two motor driven aircraft are meeting end on or nearly so, each shall alter its course to the right.

G) When two motor driven aircraft are on courses which cross, the aircraft which has the other on its own right side shall keep out of the way of the other.

H) Aircraft landing or about to land shall have the right of way over all other aircraft in the air and all other aircraft and land vehicles on the ground, regardless of whether or not the spot at which the landing is about to be made is a regular landing place for aircraft; PROVIDED, however, that no aircraft shall land in Balboa Park or any other park, public street or highway in the City of San Diego.

I) All aircraft immediately upon landing shall clear away from the landing place as soon as possible, to parking space or into the air again.

J) An airplane taxiing on a landing field shall in no case cut in front of another airplane also taxiing on said field.

K) No airplane shall be taxied at a speed greater than five (5) miles per hour within one hundred (100) feet of parked aircraft, nor shall it be taxied at any time within twenty (20) feet of parked aircraft or land vehicles parked in places provided therefor, unless it be travelling against the wind or unless a person on the ground is assisting by holding a wing.

L) No land vehicle shall be parked or driven upon any aircraft landing field at any time whatsoever except in parking places provided.

M) When, by any of these rules, one of two aircraft is required to keep clear, the other shall maintain its course and speed. When in consequence of thick weather or other cause the aircraft having the right of way finds itself so close that collision cannot be avoided by the other craft alone, the pilot thereof shall promptly take such action as will best serve to avoid collision without reference to any rule.

Section 21. Any provisions of this ordinance in conflict or inconsistent with national or State Laws hereafter enacted shall immediately become void and of no effect, but all parts not in conflict or inconsistent shall remain in full force and effect.

Section 22. Penalty for violation. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction of such violation shall be punished by a fine of not to exceed two hundred dollars (\$200.00) or by imprisonment for a period of not more than sixty (60) days, or by both such fine and imprisonment.

Section 23. This ordinance shall take effect and be in force on the thirty-first day from and after its passage and approval.
