Ordinance No. 441.

An ordinance to provide for the inspection of milk and dairies and dairy cows, and to regulate the sale of milk in the City of San Diego, California, and to prohibit and punish the disposition of unwholesome, impure, or adulterated milk.

Be it ordained by the Common Council of the City of San Diego, as follows.

Section 1. The Board of Health of the City of San Diego, California, is hereby authorized, empowered and directed to regulate and control the traffic of milk in said City of San Diego and the inspection of dairies and dairy cows producing milk for sale or consumption within the said city.

Sec. 2. No milk producer or vender shall, after this ordinance becomes operative, either himself or through his agents, servants, or employees, offer or expose for sale, or sell or deliver for sale, use or consumption within the City of San Diego, any milk without first having obtained from the Board of Health of the said City of San Diego, a permit to do so, as hereinafter provided.

Sec. 3. To procure such a permit, the applicant shall present to said Board of Health, a written application, and shall state therein the name, and business and residence address of the applicant or applicants; the source or sources from which said applicant or applicants obtain or will obtain supplies of milk; the number of cows in the possession of such applicant, the average quantity of milk produced, and the average quantity disposed of by said applicant, and the manner and character of such disposition; such application to be made to the said Board of Health upon printed blanks to be provided by the Board of Health for such purpose. Such application shall further state the brand or business name, if any, under which said milk is to be sold, exchanged or distributed.

Sec. 4. If the Board of Health, upon such application, shall determine that the statements therein made are true, and that the applicant does not propose selling or offering or exposing for sale or delivering or distributing any unwholesome milk as food for any human being, it shall be the duty of the said Board of Health to issue without cost to said applicant, a permit to bring into, sell, or expose or offer for sale, exchange, deliver or distribute milk within the said City of San Diego, and all such written statements required as aforesaid shall be registered in a register to be provided by the said Board of Health and kept for that purpose.

Sec. 5. One such permit shall be required for each place of general sale or storage of milk; such permits shall be issued only in the name of the owner of the supply of milk thus on a wagon or for sale, and shall for the purpose of this ordinance be conclusive evidence of such ownership. No such permits shall be sold or assigned or transferred. Such permits shall be subject at all times to revocation by said Board of Health in its discretion upon sufficient cause therefore shown, provided, however, that no such permit shall be revoked until after a hearing given by the said Board of Health in the matter of the revocation of such permit, after five (5) days' notice in writing has been served on the owner of such permit, in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California, which notice shall state the ground of complaint against such owner, and the time and place where the hearing shall take place, and provided further, that no permit shall be revoked by said Board of Health for the first offense, without the unanimous consent of all the members of said Board.

At least once in each year every person or persons, firm or corporation holding such a permit shall register with the said Board of Health his or their name and permit number, and shall make a written statement to the said Board of Health, containing all the information required to be given by applicants for permits as hereinbefore provided, and all applicants for permits, and all such written statements required as aforesaid shall be registered in a register to be provided by the said Board of Health and kept for that purpose.

Section 7. It shall be unlawful for any person or persons, firm or corporation by themselves or by their agents, servants or employees in the City of San Diego, State of California, to render or manufacture, sell, offer for sale, exchange, deliver, distribute or have in his or its possession, with intent to sell, expose or offer for sale or exchange, or distribute for human consumption, any impure, adulterated, unhealthy or unwholesome milk.

Said railway tracks shall be laid and constructed upon the following route:

Beginning at a point at the intersection of the center line of Twenty-second street with the westerly line of Newton avenue in Manasse & Schiller's addition to said city; thence following said Twenty-second street in a westerly direction to the westerly line of Pierce avenue in said addition; a single track only shall be laid along said route to a point at or about one hundred and forty five (145) feet easterly of the easterly line of Pierce avenue in said addition; and from said last-named point two tracks may be laid and constructed, curving in either direction to the westerly line of said Pierce avenue.
