ORDINANCE NO. 12693

AN ORDINANCE APPROPRIATING THE SUM OF \$25,200.00 OUT OF THE RESERVE FUND OF THE CITY OF SAN DIEGO, FOR THE PURPOSE OF COMPLETING THE OPTION AND ACQUIRING TITLE TO LOT 77 OF RANCHO EX-MISSION OF SAN DIEGO

BE IT ORDAINED, By the Common Council of The City of San Diego, as follows:

Section 1. That the sum of Twenty-five Thousand Two Hundred Dollars (\$25,200.00) be, and the same is hereby set aside and appropriated out of the Reserve Fund of The City of San Diego, to be used, only and exclusively, in making payment to the Union Title Insurance Company for the purpose of acquiring title to the following described property:

Lot 77 of Rancho Ex-Mission of San Diego, according to Partition

Map made thereof in Case No. 348 in the Superior Court of San Diego County

County, entitled Juan N. Luco et al vs. Commercial Bank of San Diego

et al, on file in the office of the County Clerk of said San Diego

County;

all according to and in pursuance of the terms of the option heretofore obtained on the above described property; and the Common Council does hereby declare that the public interest and necessity demand such expenditure from the Reserve Fund.

Section 2. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the urgency in this case are these: That heretofore options were obtained for the purpose of acquiring approximately 1000 acres of land, located on Linda Vista Mesa, for the establishment of a lighter-than-air airport; and that it is necessary for The City of San Diego to acquire the said 1000 acres. That included in the 1000-acre tract is a parcel of approximately 84 acres upon which the option to acquire expires on January 20, 1930; that the said 84 acres are necessary in order to obtain the land for the public use herein described; and that unless said 84 acres are acquired before the expiration of said option that The City of San Diego will lose forever the opportunity of acquiring this tract of 1000 acres necessary to the establishment of the heretofore mentioned airport.

That the people of The City of San Diego have heretofore voted bonds for the purpose of acquiring the land herein described, but that said bonds have not yet been sold; and funds cannot be obtained from the sale of said bonds in time to exercise the right of purchase under said option. That there are no funds in The Treasury of the City available for the purpose of taking up the option herein mentioned and making payment for the lands necessary to be acquired, and that unless said funds are obtained and taken from the Reserve Fund of The City of San Diego the site necessary for the establishment of the airport will be lost; and it is therefore necessary that payment be made on or before January 20, 1930.

Section 3. That when sufficient funds are obtained from the sale of bonds heretofore authorized for the purpose of acquiring said property herein described, that the Reserve Fund of The City of San Diego will be reimbursed in the amount of \$25,200.00.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

Dated January 20, 1930.

ORDINANCE NO. 12789

AN ORDINANCE AUTHORIZING AND DIRECTING THE SUPERINTENDENT OF THE PURCHASING DEPARTMENT TO PURCHASE IN THE OPEN MARKET, WITHOUT ADVERTISING FOR BIDS, AND THE CITY OF SAN DIEGO, TO CONTRACT FOR, THE FURNISHING OF WATER TO BE RECLAIMED FROM THE SEWER MAINS IN BALBOA PARK AND FOR THE FURNISHING OF LABOR, SERVICES, MATERIAL AND SUPPLIES, FOR THE RECLAMATION OF THE SAID WATER FROM THE SAID SEWER MAINS AND FOR THE CONSTRUCTION, MAINTENANCE AND OPERATION OF A MUNICIPAL GOLF COURSE IN BALBOA PARK, IN THE CITY OF SAN DIEGO, CALIFORNIA, FOR A TERM OF FIFTEEN (15) YEARS.

FOR THAT WHEREAS, the City of San Diego is the owner of Balboa Park, in said City, comprising some fourteen hundred (1400) acres of land, a little less than fifty per cent (50%) of which is now under cultivation and using approximately one million two hundred fifty thousand (1,250,000) gallons of water daily for irrigation of lawns, plants, trees, shrubs and flowers in said Park, at an annual cost to the said City in excess of One Hundred Twenty Thousand Dollars (\$120,000.00); and,

WHEREAS, on account of the rapid growth in population and in the use of water in the said City of San Diego in the past, and the anticipated future growth of said City, with a constantly increasing demand for water, it is of the utmost public interest and necessity that all available sources of water supply, both for irrigation and domestic purposes, be developed and conserved; and,

WHEREAS, on account of its central location and extensive area, it is of the greatest public convenience, importance and interest that the extensive and costly improvements in Balboa Park be maintained for public use and enjoyment in the highest state of efficiency possible, and that from time to time the present improvements be extended and enlarged, so that eventually the entire fourteen hundred (1400) acres shall be available for the use and enjoyment of the inhabitants of the said City. At the present time, the only municipal golf course available for use by the public of San Diego and its inhabitants, is located in Balboa Park, and the said golf course is unimproved and without either grass fairways, modern greens or a convenient club house. It is, therefore, a matter of great public interest and convenience that the present golf course in the said Park be improved, under the supervision of a competent golf architect, with modern grass fairways, modern grass greens, and that a convenient club house be provided to accommodate the inhabitants and citizens making use of the said golf course. That the additional improvements to the said Balboa Park and the construction of a modern grass golf course cannot be accomplished and maintained without the use of a great amount of water, developed by the outlay of a large sum of money and badly needed to be held in reserve for domestic uses; and,

WHEREAS, the sewage from the Northeast section of the City of San Diego is now collected and conducted through the mains below the junction of Powder Canyon and Switzer Canyon, in said Balboa Park, and thence into the Bay of San Diego, where it is discharged into said Bay as raw sewage, and the flow in the said mains is now in excess of one million five hundred thousand (1,500,000) gallons daily. At the present time there is approximately ten million (10,000,000) gallons of raw sewage being discharged into the Bay of San Diego, and it is in the interest of public health and sanitation that this condition be remedied as soon as possible, and that the water thus wasted be conserved for irrigational use. There is, therefore, sufficient water flowing daily through the said sewer mains in Balboa Park, if reclaimed, to fully irrigate the said Park, and to provide, in addition thereto, sufficient water to irrigate a modern eighteen (18) hole grass golf course; and, in addition to the benefit received from the reclamation of the said water, the raw sewage in excess of a million and a half gallons daily will be diverted from the Bay of San Diego and reduced in an efficient and sanitary manner; and,

WHEREAS, the Common Council of the City of San Diego and the Board of Park Commissioners of the said City of San Diego, for a number of months, have been investigating the desirability, feasibility and practicability of providing an additional supply of water to be used in irrigating the said Balboa Park, such water to be reclaimed from the sewer mains as hereinbefore specified, and have received and considered the advice and counsel of technical experts, sanitary engineers and horticulturists, all of whom advised this Common Council and Board of Park Commissioners that the reclamation of water from sewage is now a well recognized source of water supply for irrigation and that the water may be reclaimed from the said sewage in a sanitary manner without creating any nuisance or public offense and that such water will have no deleterious or injurious effect upon any of the plant life or vegetation upon which it would be used in said Park; and

WHEREAS, a public hearing has heretofore been had by the Common Council of the City of San Diego, at which the citizens residing in the vicinity of Balboa Park or owning property in said vicinity, together with all citizens in large in said community, were invited to appear and express any objection which they might have to the reclamation of water from sewer mains in Balboa Park to be used for irrigational purposes in the said Park, notices of which meeting were published in the daily press in the City of San Diego, and at said hearing no person appeared to offer any objection or state any reason why the City of San Diego or the Common Council of said City and Board of Park Commissioners should not forthwith proceed to reclaim water from the said sewer mains in Balboa Park; and

WHEREAS, this Common Council, after such investigation, study and consideration, is now convinced that the public health, the public safety, the public interest and the public convenience, of the City of San Diego and of the inhabitants thereof, demand and require that immediate steps be taken to reclaim the water from the sewer mains in Balboa Park that is now going to waste and polluting the waters of the Bay of San Diego, upon which the City of San Diego is situated, and that there are no funds available for use by the City of San Diego, the Common Council of said City, or the Board of Park Commissioners of said City, to employ the necessary labor and furnish the necessary machinery equipment and supplies to construct and equip a sewage treatment plant for the reclamation of the said water; and,

WHEREAS, there has been filed with the Board of Park Commissioners of the City of San Diego and with the City Clerk of the City of San Diego, a proposed form of contract for the furnishing of water for irrigational use in Balboa Park, to be obtained from a sewage treatment and water reclamation plant to be constructed in Balboa Park, and likewise for the construction, maintenance and operation of a golf course in said Balboa Park, which said proposed form of contract is filed in the office of the City Clerk of the said City of San Diego as Document No. 256122; and,

WHEREAS, it is the opinion of this Common Council, as the sole legislative body of the City of San Diego, that the immediate purchase in the open market, without advertising for bids, of all the benefits and privileges set forth and specified in the proposed form of contract contained in said Document No. 256122 is advantageous to the City of San Diego and is for the immediate preservation of the public peace, health and safety, in providing a supply of water to irrigate Balboa Park and to divert raw sewage now being discharged into the Bay of San Diego;

NOW, THEREFORE, AND TO THAT END:

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF SAN DIEGO, CALIFORNIA, AS FOLLOWS, TO-WIT:

That so soon as the Water Reclamation Plant hereinbefore mentioned shall have been completed and water reclaimed and delivered to the City of San Diego, there shall be maintained in the said Balboa Park Water Reclamation Fund, sufficient money to meet the payments for said water coming due from month to month as provided in the contract to be entered into and herein authorized.

SECTION 4.

That this ordinance shall go into effect and be in full force and effect thirty days from and after the time of its final passage and approval.

Said bonds shall each contain the promise of The City of San Diego to pay the amount for which it issued, with interest as aforesaid, at the time and in the manner above specified, and shall refer to the election authorizing the issuance of such bonds and the purpose for which such indebtedness is incurred. The amount of the principal of each bond shall be printed upon the face thereof in large figures and with ink of a different color than that of which the body of the bond is printed, and it shall be certified in such bond that all the conditions and requirements of any ordinance of said City, the Charter thereof, and the General Laws of the State of California, touching the incurring of such indebtedness by a municipal corporation, have been fully complied with.

There shall be attached to each bond one coupon for each semi-annual payment of interest accruing thereon, which coupons shall be so arranged to come due, one in each six months until and including the maturity of the principal specified in such bond. Each coupon shall have printed on it the number of the principal bond to which it is attached, and the name of the fund in the aid of which the bond is issued, and such number and name shall be printed in larger type and different colored ink than the body of the coupon, and such coupons shall in addition be numbered from one (1) consecutively up to the last."

Section 3. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval. The facts constituting the urgency in this case are these: That in order to protect the rights of The City of San Diego in obtaining the land necessary for the impounding of water by the construction of a dam at El Capitan, it is immediately necessary to have the funds available to consummate said purchase by tendering the same to the United States Government; and therefore it is necessary to dispose of and sell, and collect the money therefrom, the above mentioned bonds of the El Capitan Bond issue.

AUDITOR'S CERTIFICATE. I HEREBY CERTIFY that the appropriation made, or indebtedness incurred, by reason of the provisions of the annexed ordinance, can be made or incurred without the violation of any of the provisions of the Charter of the City of San Diego, California.

ORDINANCE NO. 13085

AN ORDINANCE AMENDING ORDINANCE NO. 11414 AND REPEALING ORDINANCE NO. 12118 OF THE ORDINANCES OF THE CITY OF SAN DIEGO.

BE IT ORDAINED, By the Common Council of The City of San Diego, as follows:

Section 1. That Section 1 of Ordinance No. 11414 of the Ordinances of The City of San Diego, entitled, "An Ordinance providing for the licensing and bonding of persons, firms and corporations engaged in the business of erecting or constructing buildings and structures within the city limits of The City of San Diego, and providing penalties for the violation thereof," approved November 19, 1927, be, and the same is hereby amended to read as follows:

"Section 1. It shall be unlawful and a violation of this ordinance for any person, firm or corporation to engage in or contract for the erection, construction, alteration or repairing of the structural or supporting parts of any building or part thereof unless such person, firm or corporation is a licensed Building Contractor in good standing as classified and required by this ordinance.

This ordinance shall not apply to any owner when building, altering or repairing his own home and contingent accessory out-buildings, when same are for his own occupancy, provided that the total cost or value of all labor and materials for such work does not exceed two thousand dollars (\$2000.00).

This ordinance shall not apply to any person performing minor construction or repairing when the total cost or value of the labor and material for such work does not exceed two hundred dollars (\$200.00), nor shall this ordinance apply to any workman working by the hour or by the day, when working directly for and under the supervision of a licensed Building Contractor.

No building Contractor's license shall be issued until the applicant for same has passed the examination herein required. If applicant be a firm or corporation, one responsible member of same will be required to pass such examination and his name must also appear on the application. The License Department shall transmit a copy of each application for a license to the Board of Examiners prior to the holding of said examination.

BOARD OF EXAMINERS.

Immediately after this ordinance becomes effective the Mayor shall appoint five persons to act as a Board of Examiners. The Board shall consist of one architect, one building contractor, one building material dealer, the Chief Building Inspector, and a San Diego resident property owner. Each member shall serve on the board without compensation for a term of two years unless sooner removed for cause by the Common Council and their successors appointed. The board shall meet and organize by the selection of a Chairman and Vice Chairman. A quorum shall consist of all members of the Board. In case of absence of any member, the Chief Building Inspector or the Mayor shall appoint a substitute to act during such absence, said substitute to have the same powers as the member absent.

The Board of Examiners shall have power to make uniform rules and establish a form of examination consistent with the provisions of this ordinance and the four Contractor Classifications described in Section 7 hereof. The Board shall hold examinations at least twelve (12) times each year and at such other times as may be necessary. The examinations shall be for the purpose of determining the qualifications of the applicant and also to determine if the applicant is entitled to a Building Contractor's license. Examinations will be held for each of four differ-

ent Building Contractor Classifications as described in Section 7 hereof, and the Building Contractors shall be limited in their work to the particular examination which they have passed.

When changes are made in the personnel of the officers of a firm or corporation, the new 'responsible' member shall immediately appear before the Board of Examiners for examination. The Board may approve at its own discretion the renewal of the license of any Building Contractor without examination, provided that the Building Contractor holds a certificate of examination in the class in which he intends to operate. The result of each and every examination must be certified in writing. One copy shall go to the License Department and one copy shall go to the person examined.

In case an applicant shall be refused a passing certificate by the Board of Examiners, the applicant may appeal to the Common Council for a hearing. The Council may then request a report from the Board of Examiners, and a copy of said report shall be served upon the applicant at least ten days before the hearing. The Common Council may in its judgment affirm or over-rule the decision of the Board of Examiners.

The Building Inspector shall be notified by the License Department of all Building Contractors' licenses as they are issued, and the License Department shall keep and furnish to the Building Department a list of Licensed Building Contractors showing the class in which they are entitled to operate."

Said application shall be written upon a form to be furnished to the applicant by the License Department, and the application shall be accompanied by the license fee herein required. When said application has been filed as herein provided, the City License Department shall transmit a copy of said application for a license to the Board of Examiners. Immediately upon passing the examinations required herein by Section 1 hereof, and upon payment of the license fee, the City License Department shall issue to the applicant a license to operate as a Building Contractor, and the license shall be non-transferable.

The license fee for the business of Building Contractor shall be ten dollars (\$10.00) per annum, payable on the second day of January of each year. Should application for a license be made at any time other than on the above-mentioned date, the amount of the license fee shall be prorated and the applicant shall pay as a fee for the balance of the year up to the above-mentioned date, that portion of the license fee which the unexpired number of months of such year bears to the entire year, including the month in which such application occurs. Nothing in this ordinance shall be deemed to conflict with the general provisions of the San Diego License Ordinance No. 7983 as amended by Ordinances numbered 8063 and 8305."

Section 3. That Section 7 of said Ordinance No. 11414 be, and the same is hereby amended to read as follows:

I HEREBY CERTIFY that the above and foregoing is a full, true and correct copy of Ordinances Nos. 13171 and 13172, of the Ordinances of the City of San Diego, California, as passed and adopted by the Common Council of said City of San Diego, on the 6th day of April, 1931 and approved by the Mayor of the said City, on the 6th day of April, 1931.

ORDINANCE NO. 13173

AN ORDINANCE PROVIDING FOR THE LEASING BY PUBLIC AUCTION OF LAND BELONGING TO THE CITY OF SAN DIEGO NOT DEDICATED OR RESERVED TO PUBLIC USE.

WHEREAS, the Common Council is of the opinion that certain lands hereinafter described, and which are not dedicated or reserved to the public use, and which are owned by The City of San Diego, should be leased in order to provide income and revenue for said municipality, NOW, THEREFORE,

BE IT ORDAINED, By the Common Council of The City of San Diego, as follows:

Section 1. That the Superintendent of the Purchasing Department of The City of San Diego be, and he is hereby authorized and directed to sell at public auction a lease for the purpose of drilling for, producing, extracting and taking oil, gas, asphaltum, mineral and other hydro-carbon substances from the following described property belonging to The City of San Diego, and which is not dedicated or reserved to the public use by said City:

The NE 1/4 of the NE 1/4 of Sec. 5; the NW 1/4 of the NW 1/4, the S 1/2 of the NE 1/4 of the NW 1/4, and the S five acres of the N 1/2 of the NE 1/4 of the NW 1/4 of Sec. 4, Township 19 S., Range 2 West, S.B.M.

Said sale of said lease shall be made at public auction after publication of notice thereof for at least three (3) weeks.

WHEREAS the above described property has already been leased for agricultural purposes, this said lease shall contain a clause reserving to the lessor all rights to the surface of the said land; and shall contain an agreement that the lessee shall only have the right to use the surface of the land for ingress and egress for the purpose of drilling for oil and for the use of the necessary equipment for said purpose, and shall be liable to the present lessee for all damages done to the interests of the said lessee under the terms of the heretofore mentioned lease for agricultural purposes.

Said lease shall be made for a term of fifteen (15) years from date thereof, unless otherwise surrendered or forfeited by the lessee, and/or terminated by the terms of said lease.

Said lease shall provide that the same is subject to the conditions that if the lessee shall fail for a period of six months after the execution of said lease to commence drilling for oil with a complete standard or rotary equipment on said premises, or shall fail to continue operation under the terms thereof, the said lease shall thereupon become null and void and at an end for all purposes and without notice of any kind.

Said property shall be further leased on the condition that the amount in cash bid by the lessee for the securing of said lease shall be deemed to be the amount due the lessor for the first six months of said lease, said amount being due and payable in advance on the day of execution of said lease; EXCEPT that said lease shall contain a clause that if within the said six months a complete standard or rotary drilling equipment is placed upon the said premises and actual drilling of a well has been commenced in good faith, that then and in that event the said amount bid and paid for said lease shall be returned by the lessor to the lessee, but the said lease shall specify that the lessor in that event will accept as rental for the first six months of said lease the work done upon said premises, to-wit: the commencement of drilling for oil and the complete erection of a standard or rotary drilling rig upon the said premises in lieu of the said amount of cash rental.

Said lease shall provide that the lessee shall begin drilling for oil with a complete standard or rotary rig within six months from the date of execution thereof and continue the drilling work and operations diligently in a good and workmanlike manner with suitable tools and appliances and with a kept log, until an oil well producing in paying quantities is completed and brought in, or until a depth of 4000 feet has been reached.

Said lease shall provide that the lessee shall pay to the lessor as rental and/or royalty for the use of said leased land, in case a producing well is brought in, one-eighth (1/8) of all oil, gas, asphaltum, mineral or other hydro-carbon products or other products produced from said leased premises.

The lessee shall keep a good, sufficient and proper record of all oil and other products produced from said leased premises and the same shall be at all reasonable times open for inspection by the lessor.

The lessor shall have the right to go upon, use and improve the said leased premises in any manner not in any way inconsistent with the purpose of said lease.

All work done and performed on said leased premises shall be done at the cost and expense of the lessee, and the lessee shall agree to save the lessor safe and harmless from all liability of every kind growing out of liens, damages and/or costs of labor, work and material; and the lessor reserves the right to go upon said premises and post notices for non-liability.

Said lease shall contain a clause that it shall not be assigned without the written consent of the Common Council of said City.

Said property shall be leased upon the further condition that the lease and a quitclaim deed to the property leased shall be placed in escrow with the Union Title Company of San Diego under instructions that the same shall be delivered to the Clerk of The City of San Diego at the expiration of six months from the date of the execution of said lease, provided, however, that if within the said six months the lessee has commenced drilling for oil upon said premises in good faith, with a complete standard or rotary rig, that then and in that event the lease shall be delivered to the lessee and the quitclaim deed shall continue to be held by the Union Title Company to be delivered to the said Clerk of The City of San Diego only in the event that the lessee later forfeits the said lease by failing to fulfill the covenants contained therein.

Said lease shall further provide that the lessee shall fence all sump holes or other openings in the premises to safeguard cattle which may be grazing on said land.

The lessor shall have the use of any water developed upon said property so long as the same is not required by the lessee in the operation of drilling for oil. Transportation of said water shall be taken at a point to be indicated by the lessee and carried to the point of use at the cost and at the sole risk of the lessor.

Said lease before being executed on behalf of said City shall be approved by the Common Council, and the execution thereof shall be first authorized by a resolution adopted by said Common Council.

Section 2. This ordinance shall take effect and be in force on the thirty-first day from and after its passage and approval.

ORDINANCE NO. 13223

AN ORDINANCE PROVIDING FOR LICENSING AND REGULATING THE CARRYING ON OF CERTAIN PROFESSIONS, BUSINESSES, TRADES, CALLINGS AND OCCUPATIONS, IN THE CITY OF SAN DIEGO, CALIFORNIA.

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. It shall be unlawful for any person, for himself, or for any other person, firm or corporation, to engage in or carry on, or to offer to engage in or carry on in The City of San Diego, any profession, trade, calling or occupation, or to maintain or conduct any business named and set forth in this ordinance, without having first secured from said City a license to do so according to each and every requirement in this ordinance, or without complying with each and every regulation pertaining to such business contained herein.

Section 2. That all businesses in this ordinance named, defined or set forth, shall for the purpose of classification and convenience in the regulation thereof, be herein segregated under two general heads, as follows:

"Business involving private use of public streets and places," and "business not involving private use of public streets and places."

That the term "business" shall include and mean the terms "profession," "trade," "calling," and "occupation."

Section 3. Every person, firm or corporation herein mentioned shall be required to secure a license, according to the requirements of this ordinance, for each and every separate office, place, location, establishment, plant, or place of business where any profession, trade, calling, occupation or business named or set forth in this ordinance is engaged in, carried on, or conducted by such person, firm or corporation.

Section 4. The Chief of Police of The City of San Diego shall detail at least two police officers to act as License Inspectors; that the police officers detailed by said Chief of Police to act as License Inspectors shall be approved by the City Treasurer of The City of San Diego; that no police officers shall be detailed as License Inspectors until the City Treasurer of said City shall first have approved of said Police Officers.

The duties of such inspectors shall be to investigate and report upon all matters of licenses applied for or issued pursuant to the terms of this ordinance; said license inspectors shall be under the supervision and control of the City Treasurer of The City of San Diego.

Section 5. All applications for licenses for which provision is made in this ordinance shall be directed to the City Treasurer of The City of San Diego and filed with said City Treasurer, accompanied by the amount of money required for the period of time to be covered by the license with reference to the fee herein named for the particular business stated in such application. All applications for licenses for which provision is made in this ordinance, shall be in writing upon a form to be furnished to the applicant by the License Inspector, which form shall be a universal form adapted to the facts, representations and data of any business comprehended in this ordinance, and the said form shall be first approved by the Common Council of said The City of San Diego.

Section 7. Upon the filing of an application, as herein provided, the City Treasurer shall designate one of the License Inspectors to investigate the application. The said License Inspector, after such investigation, shall deliver to the City Treasurer a written report of his investigation, setting forth the facts and circumstances as ascertained, but shall contain no recommendation as to granting or refusing such application. Said report shall be delivered to the Chief of Police of The City of San Diego by the City Treasurer.

Section 8. Upon the contents of the report of the License Inspector, the Chief of Police of said City may grant or deny the application, or may, in his discretion, require a further investigation by said License Inspector, or by other means. The Chief of Police shall have the power to deny any application if it be deemed by him that the applicant is not a suitable or proper person to carry on the business for which a license is required, or if the place at which the same is proposed to be located, practiced, carried on, or conducted, is not a suitable or proper place therefor. If any application is denied the amount of money deposited with the City Treasurer by the applicant shall be returned to the applicant.

The said City Treasurer of said City shall, on or before the tenth day of each month, send to the Common Council of said City two reports, one a detailed report of all licenses applied for and granted during the preceding month, and the other a detailed report of all licenses applied for and denied during the preceding month. The Common Council shall, upon the filing of a written petition with the City Clerk, appoint a time for the hearing of an application for a license herein provided for, which has been denied by the Chief of Police. At least one day's notice of such hearing shall be given by said City Clerk to the City Treasurer and to the Chief of Police. Upon the hearing of the application the Common Council may approved the order of the Chief of Police refusing a license, or order a license to be granted, or refer the application to the City Treasurer for further report.

Section 15. All licenses issued under this ordinance are to be construed and held as licensing only the licensee named in the license, and are not transferable, separable or divisible without permission of the Chief of Police or City Treasurer.

Section 16. All license fees shall be paid in advance, and all applications for licenses comprehended in this ordinance, or renewals thereof, shall be summarily rejected if not accompanied by the proper fee for the entire period of time to be covered by the license required.

AN ORDINANCE ESTABLISHING A MINIMUM WAGE FOR LABORERS

NANCE NO. 12664, PASSED AND ADOPTED DECEMBER 30TH,
1929, AND ORDINANCE NO. 13267, PASSED AND ADOPTED JULY
20TH, 1931

WHEREAS, By Ordinance No. 12664, heretofore passed and adopted on December 30th, 1929, day laborers for The City of San Diego were awarded and given the right to enjoy certain half holidays each week, and to enjoy other legal holidays, for which days under the terms of said ordinance they receive wages; and

WHEREAS, said plan provided for under said ordinance was in the nature of a bonus to employees on the daily payroll of The City of San Diego; and

WHEREAS, on the 20th day of July, 1931, Ordinance No. 13267 was passed and adopted by the Common Council, which ordinance repealed those portions of Ordinance No. 12664 heretofore passed and adopted on the 30th day of December, 1929, providing for the extra wages for Saturday afternoons and other holidays, said repealing ordinance to take effect on the thirty-first day from and after July 20th, 1931; and

WHEREAS, the financial condition of The City of San Diego makes it imperative that such a repealing ordinance take effect on the first day of August, 1931, NOW, THEREFORE,

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. That Ordinance No. 13267, of the ordinances of The City of San Diego, entitled, "An Ordinance establishing a minimum wage for laborers employed by The City of San Diego, and repealing Ordinance No. 12664, passed and adopted December 30th, 1929," passed and adopted July 20th, 1931, be, and the same is hereby repealed.

Section 2. That from and after the first day of August, 1931, the wages of each and every day laborer employed by The City of San Diego, for whom a larger sum is not provided by law, shall be the sum of five dollars (\$5.00) per day.

Section 3. That Ordinance No. 12664 of the ordinances of The City of San Diego, entitled, "An Ordinance establishing a minimum wage for laborers employed by The City of San Diego, and providing that day laborers shall be entitled to full day's pay for holidays and half holidays," passed and adopted December 30th, 1929, be, and the same is hereby repealed; such repeal to take effect and be in force on and after the first day of August, 1931.

Section 4. This is an ordinance for the immediate preservation of the public peace, health and safety, and one of urgency, and shall take effect and be in force from and after its passage and approval.

The facts constituting the urgency in this case are as follows: That on and after August first, 1931, The City of San Diego will be unable to pay the bonus giving day laborers a full day's pay for holidays and half holidays from the income and revenue for the fiscal year 1931-32, by reason of the fact that such additional payments will exceed the appropriations to be permitted based on the amount of revenue and income for such fiscal year, and that it is therefore necessary that this ordinance take effect on August 1st, 1931, in order that The City of San Diego in making up its budget for the fiscal year 1931-32 may be within the law.
