The signers of said Notice of Intention shall file with the Department with such Notice of Intention a statement of any and all agreements or understandings made or had with any agent, solicitor, promoter, manager or conductor of such solicitation, together with at least one copy each of any such agreement or understanding which may be in writing. Within twenty-four hours of any change in any such agreement or understanding, or the making or having of any new, further or different agreement or understanding with any agent, solicitor, promoter, manager or conductor, the signers of said Notice of Intention shall file with the Department a true copy of such change or new, further or different agreement or understanding if such change or new, further or different agreement or understanding be in writing, or written details thereof if not in writing. Whenever, in the opinion of the Board, the Notice of Intention filed with the Department does not disclose sufficient information for the public concerning the facts hereinabove required to be stated in such Notice of Intention, or concerning the person or association making such solicitation or on whose behalf such solicitation is made, then, upon the request of said Department therefor, there shall be filed, in writing, by such person or association with said Department, within forty-eight hours after such request made upon such person or association, such additional information as may specifically be required by said Board upon the foregoing subjects. Provided, however, that the Board, for good cause, may extend the time for so filing such additional information. The Notice of Intention and such additional information herein provided for shall be signed by such person intending to make such solicitation, or if such solicitation is to be made by or on behalf of any association, by at least two officers of such association and shall be open to the inspection of the public.

Section 7. In connection with any solicitation within the City of San Diego for any contribution for any charitable purposes with respect to which the Notice of Intention hereinabove in Section 6 provided for shall have been filed with the Department, said Department and its agents shall have power to investigate the allegations of such Notice of Intention or any statements or reports, filed with said Department, pertaining to any such solicitation, and to have access to and to inspect and make copies of all the books, records and papers of such person or association; by or on whose behalf any such solicitation is made, pertaining to such solicitation or the use or expenditure of any contribution so solicited. Said Department shall also have power to investigate at any time the methods of making or conducting any such solicitation. The Board shall also have power to publish any

of the results of any investigation herein provided for or authorized, and to give such publicity to any such results by such means as the Board may deem best calculated to reach the general public and the persons interested.

Section 8. It shall be unlawful for any person to solicit within the City of San Diego any contribution for any charitable purpose, or in the name of, or on behalf of, any charitable association unless such person exhibits to every person solicited an Information Card to be issued by the Department, which Information Card shall bear a statement that the Department issued it only for the information of the public and not as an endorsement of the solicitation, and shall set forth so much of the pertinent facts stated in the Notice of Intention hereinabove in Section 6 provided for, filed with said Department, and/or disclosed by any additional information obtained by said Department as shall in the opinion of the Board be of assistance to any person solicited for any such contribution to enable such person to determine the nature and worthiness of the purpose for which such solicitation is made. When making any such solicitation the solicitor shall read said Information Card to the person solicited or present it to said person for his perusal, allowing him sufficient opportunity to read the same, before accepting any contribution so solicited. Provided, that when any solicitation referred to in this Section is conducted by printed matter or published article, or over the radio, telephone or telegraph, such publicity shall contain the data and information required to be set forth on the Information Card, and that when any such solicitation is made by telephone the solicitor shall present to each person who consents to, or indicates a willingness to contribute, prior to accepting a contribution from said person, such Information Card or a true written copy thereof. Provided, further, that when a campaign or drive for raising funds for any charitable purpose is given general publicity through the press or otherwise and when more than twenty-five persons serve as solicitors without compensation for their services, the Board shall, upon application by the association or person filing the Notice of Intention hereinbefore in Section 6 provided for, waive the requirements of this ordinance with respect to Information Cards and the filing of copies of written authorizations (hereinabove provided for in Section 3) of said solicitors serving without compensation, if it shall be proven to the satisfaction of said Board and said Board finds that the publicity concerning the solicitation fully informs the general public and the persons to be solicited as to the facts required herein to be set forth on the Information Card. Provided further, that upon receipt of additional information which, in the opinion of the Board, shall render incorrect any statement set forth in any such Information Card, the Board shall recall every such Information Card and amend or correct the same and/or issue in lieu thereof a new Information Card amended or corrected in accordance with such additional information, and that upon receipt of notification to return any Information Card for amendment or correction and/or new issue, as above provided, the association or person who filed the Notice of Intention for the solicitation for which any such card was issued must present such recalled Information Card to the Department within forty-eight (48) hours from the time of receipt of said notification. Provided further, that upon request therefor by the Board all Information Cards issued under the provisions of this ordinance shall be returned to the Department upon completion of the solicitation for which they are issued or at the expiration of the period for which they are valid. Provided further, that the Department may charge a fee for supplying Information Cards, at the rate of four cents per card; provided that when more than twenty-five cards are issued at one time for the same solicitation the fee for all such cards in excess of the first twenty-five cards shall be one cent per card. It shall be unlawful for any association or solicitor not to comply with each and every provision of this section.

Section 9. Every association and person soliciting any contribution within the City of San Diego for any charitable purpose must file with the Department within thirty (30) days after the close of any such solicitation or within thirty (30) days after a demand therefor by the Department a report to the Department, stating the contributions secured from or as a result of any such solicitation, and in detail all expenses of or connected with such solicitation, and showing exactly for what uses and in what manner all such contributions were or are to be disbursed or distributed. Every such report shall be made on forms to be furnished by the Department, and signed by the persons or association filing or obligated to file the Notice of Intention for such solicitation hereinbefore provided for in Section 6, and such report, if made by any such association, shall be signed by at least two officers thereof. Provided that when any such solicitation is made by any such association such report need be filed only by such association and not by an individual solicitor engaged in any such solicitation. It shall be unlawful for any association or solicitor not to comply with each and every provision of this section.

Section 10. It shall be unlawful for any person or association to solicit, or for any officer or member of any association to authorize any person to solicit within the City of San Diego, any contribution, for any purpose whatever, by means of any box or receptacle, upon or in any public park, street or alley within the City of San Diego, or upon or in any publicly owned or controlled place or premises within the City of San Diego, except by written permission of the Board.

Section 11. It shall be unlawful for any person to solicit within the City of San Diego any contribution for charitable purpose for or on behalf of any association, unless such association is maintaining a system of accounting whereby all donations to it and all disbursements made by it are entered upon the books or records of its treasurer or other financial officer.

Section 12. The provisions of Sections 3 to 11, both inclusive, shall not be applicable to any solicitation made upon premises owned or occupied by the association upon whose behalf such solicitation is made, nor to any solicitation for the relief of any individual specified by name at the time of the solicitation where the solicitor represents in each case that the entire amount collected, without any deduction whatever, shall be turned over to the named beneficiary, nor shall they be applicable to any association soliciting contributions solely from persons who are members thereof at the time of such solicitation, nor shall they be applicable to solicitations made solely for evangelical, missionary or religious purposes. Provided, however, that in any case where it shall come to the attention of the Board that any solicitation has been or is being or intended to be made within the City of San Diego for evangelical, missionary or religious purposes but in such manner as in the opinion of the Board is calculated to give or may give the impression to the person or persons solicited in any such solicitation or to the public that the purpose of such solicitation is either in whole or in part charitable (as defined in this ordinance) then the Board, if in its opinion the public interest will be subserved thereby, shall investigate the matter of such solicitation and give publicity to its findings thereon in such manner as it may deem best to advise the public of the facts of the case.

Section 13. The Board of the City Council is hereby empowered to waive the whole or any part of the provisions of Sections 3 to 8, both inclusive, as and if the Board or the City Council shall deem such waiver necessary, when and only in the case of any charitable association applying for such waiver for the purpose of meeting any extraordinary emergency or calamity when time is of the essence of needed succor or relief.

Section 14. It shall be unlawful for any person or association in making any solicitation for any charitable purpose or association within the City of San Diego, or in connection with any such solicitation, to use or give to any person or association whomsoever, either a fictitious name or an alias or any other than his or its own, full, true and correct name, or to make any such solicitation without at the time giving to the person or association solicited for such contribution the full, true and correct name of the person or association soliciting, or to impersonate any other person or association in making any such solicitation.

Section 15. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Council hereby declares that it would have passed this ordinance, and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

Section 16. Any person or association violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00), or by imprisonment in the City Jail for a period of not more than one hundred and eighty days, or by both such fine and imprisonment, and the sentence of any person convicted of a violation of this ordinance shall, at the discretion of the court, include an order prohibiting such person or association from soliciting within the City of San Diego during the period of one year from and after the date of such conviction, any contribution for any charitable purpose.

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. That, in the event that R.F.C. shall bid for or purchase any of the bonds under the authority of the R.F.C. resolutions:

(1) Every bid made by R.F.C. for any of the bonds shall be recognized by the borrower to be, and shall be deemed to be, subject to all the applicable terms and conditions in the R.F.C. resolutions contained, whether or not such bid shall expressly or state and whether or not such bid shall be, on its face, conditional or unconditional.

Such rights and privileges shall not lapse by reason of the resale by such purchaser of all or any of such bonds. Such rights and privileges shall not, however, be again assignable by such purchaser.

(6) All expenses paid or incurred by R.F.C. in connection with any inspections made by its duly authorized representative or representatives, as hereinabove or as in the R.F.C. resolutions provided, shall be reimbursed to it or paid by the borrower, as the case may be, promptly upon the request of R.F.C.

(c) The borrower will at all times efficiently maintain and carry on the operations and business of the water system and will keep the same, and every part thereof, in good condition, repair and working order. Nothing herein contained shall be held to prevent the borrower from discontinuing the use and operation of any property or equipment forming a part of the water system, if, in the judgment of its proper governing body, it is no longer advisable to use and operate the same, or if the borrower intends to sell or dispose of such property or equipment within a reasonable time and shall endeavor to effectuate such sale.

The borrower, not later than three months after the close of any fiscal year, will prepare a balance sheet and an income and profit and loss account, showing, respectively, in reasonable detail, the financial condition of the water system at the close of such preceding fiscal year and the results of operations thereof during such year. Said balance sheets and income and profit and loss accounts shall at all reasonable times during usual business hours be open to examination and inspection by any holder of any of the bonds.

In the event that delivery of the bonds is to be made elsewhere than in the City of Washington, D. C., an unsigned copy of such opinion (accompanied by preliminary copies or drafts of such continuation of the transcripts of proceedings or other appropriate supporting papers, containing blanks where necessary) shall be delivered to this Corporation at its office in the City of Washington, D. C., for approval as to form, at least seven days before the time for delivery of the bonds.

(b) The form and text of the bonds shall be satisfactory to the Treasurer and to counsel for this Corporation.

(c) The bonds shall be delivered to this Corporation, or upon its order, at its office in the City of Washington, D. C., or at such other place as may be designated by or acceptable to the Treasurer, before the expiration of the period during which this Corporation is authorized by law to make loans.

8. Anything elsewhere in this resolution contained to the contrary notwithstanding, this Corporation shall not be under any duty or obligation at any time to bid for or purchase any of the bonds if:

(a) at any time this Corporation shall advise the applicant in writing that it is not satisfied as to the validity of the bonds or the security therefor or as to compliance by the applicant with any of the terms or conditions hereof or of Schedule A hereto, and the applicant shall not correct such matter or matters to the satisfaction of this Corporation within such time as this Corporation may prescribe, or

(b) any of the representations or statements made by the applicant in its application, or in any supplement thereto or amendment thereof, or in any other document or paper presented or submitted by the applicant to this Corporation, shall be found at any time by this Corporation to be incorrect or incomplete in any material respect;

and, in any event, this Corporation shall not be under any duty or obligation to bid for or purchase more of the bonds than shall be necessary, in its judgment, to complete the project; and, in case the applicant shall sell any of the bonds to purchasers other than

this Corporation, then the aggregate principal amount of the bonds which this Corporation would otherwise be under a duty to bid for and/or purchase hereunder shall be correspondingly reduced.

9. Promptly upon the receipt by the applicant of a certified copy of this resolution, the applicant shall notify this Corporation in writing that it approves and accepts all the terms and conditions hereof and of Schedule A hereto.

FURTHER RESOLVED, that the Treasurer is hereby authorized and directed to do, or to cause to be done, all things necessary or appropriate in connection with any bid made under the authority of the foregoing resolution and in connection with the acceptance of and payment for any bonds of the applicant which may be awarded to this Corporation pursuant to any such bid. Among other things, the Treasurer may, if he shall deem it necessary or desirable, cause a "good faith" check in an amount not exceeding 2% of the total amount of the bid to be issued and delivered to the applicant, or upon its order, with any such bid.

FURTHER RESOLVED, that, in view of the unusual circumstances existing in this case, this Board hereby finds and determines that it is impracticable to limit the hours of employment of the individuals to be directly employed on said project to thirty (30) hours in any one week and hereby waives such requirement.

FURTHER RESOLVED, that the applicant shall have an exclusive option to purchase from this Corporation at any time on or before January 1, 1935, all (but not less than all) of the bonds theretofore acquired by this Corporation pursuant to the foregoing resolutions and then held by it, provided, however, that this Corporation shall have the right to terminate such option at any time upon 60 days' notice to the applicant given in writing. The option shall be 100% of the principal amount of such bonds plus (a) interest accrued to the date of payment therefor to this Corporation and (b) any outstanding reimbursable expenses paid or incurred by this Corporation in accordance with the foregoing resolutions or Schedule A thereto. Delivery of the optioned bonds by this Corporation upon the exercise of such option shall be made at such place as may be designated by the Treasurer of this Corporation. The applicant shall not exercise such option sooner than 10 days after the receipt by this Corporation of a written notice from the applicant of its intention so to do, nor later than 30 days after the receipt by this Corporation of such notice. This Corporation shall not, during the life of such option, sell or dispose of any of the optioned bonds otherwise than in accordance therewith. Such option shall not be assignable without the consent of this Corporation given in writing.

FURTHER RESOLVED, that the Secretary of this Corporation, is hereby authorized and directed to certify a copy of the foregoing resolutions and to deliver such certified copy of the applicant.

"Should the roofing contractor be dissatisfied with the building inspector's decision, he shall so notify the inspector in writing, enclosing the sum of Ten Dollars (\$10.00) to defray the expense of testing. No protest shall be valid unless accompanied by said fee. The building inspector shall then select five additional tiles at random from the lot and have same tested by the San Diego City Testing Laboratory. In the event that the laboratory test shows that the tiles do not come up to the requirements above mentioned and referred to, the said Ten Dollar (\$10.00) deposit shall be turned over to the testing laboratory and retained by the City to cover the cost for said test. Should the laboratory test show that the tiles fully comply with the ordinance requirements, the building inspector shall approve the tile and the Ten Dollar (\$10.00) deposit shall be returned to the roofing contractor.

Such cash reserve shall be subject to execution and satisfaction of any judgment obtained against any member of said association or against any driver or operator of such vehicle by reason of injury or damage to persons and property arising out of the negligent operation of any vehicle by any such owner, member or driver.

"Every such association shall, at any time, on request of the Mayor, or such official as he may designate, exhibit a statement of its financial condition showing the accumulation, maintenance and continued existence of the reserve provided by this ordinance, and such other statistical information as shall be required.

"When any owner or operator of a taxicab or automobile for hire shall cease to be a member of said organization, his license to operate said vehicle shall be revoked by the proper authorities of The City of San Diego and he shall no longer be permitted to use the streets for the purpose of operating taxicabs or automobiles for hire, unless he is qualified under other provisions of this ordinance; and he shall have no claim of any kind or nature upon the sums upon deposit with the City Treasurer of The City of San Diego as a cash reserve of said association. In the event that said cash reserve here in this ordinance mentioned and described shall become less than the amounts herein designated and determined, the privilege conferred under subdivision (c) of Section 3 of this ordinance shall cease, and thereafter all members of said association shall have their permits revoked by the proper officers of The City of San Diego and shall no longer be permitted to use the streets for the purpose of operating taxicabs or automobiles for hire, unless and until such members may be properly qualified under and pursuant to the other provisions and terms of this ordinance; provided, however, that in the event said cash reserve falls below the amounts herein designated and in the event the permits to operate taxicabs and vehicles for hire of members of such association have been revoked, the sum of money on deposit in its cash reserve, after first having paid all due and proper charges, liens, claims or judgments against the same, may then be withdrawn by said association and shall no longer be held as a trust fund for the purposes herein indicated.

"It is not the intent of this ordinance to in any manner waive or abolish any or the liability of a taxicab owner or operator to persons and property for injury or damage arising out of the negligent operation by such owner or operator, or that it shall have any retroactive effect; or

"(d) A cash deposit or bond conditioned as in sub-section (a) of this section, or a sworn certificate of membership in an association of owners of taxicabs and vehicles for hire as defined in subsection (c) of this section, except that said deposit, bond or certificate of membership shall be in the sum of, or show a reserve of, and be maintained at, at least two thousand dollars (\$2,000.00) for payment of any claims up to and including two hundred dollars (\$200.00) for public liability and settlement of property damage in full. In addition to said cash deposit, bond or certificate of membership as herein described, it shall be necessary to have an insurance policy as prescribed and conditioned in subsection (a) of this section, excepting that said policy may contain a two hundred dollar (\$200.00) deduction clause for public liability, allowing a deduction of any claim up to and including two hundred dollars (\$200.00) for public liability."

"No 'billboard' or part thereof shall be located on or above any public property, nor shall any 'sign' be located over public property except as particularly specified in detail in Section 5007."

Section 3. That Section 5005 of said Ordinance No. 13375, be, and the same is hereby amended to read as follows:

"Section 5005. ROOF SIGNS AND BILLBOARDS: Except as otherwise particularly stated in detail, all signs and billboards, their supports and fastenings when placed on or above any roof or similar location, shall be constructed entirely from non-combustible materials and no structural steel members shall be less than 3/16 of an inch in thickness. 2 x 4 horizontal wooden nailing strips may be bolted to the horizontal steel members. No roof sign or billboard shall have a solid advertising surface exceeding 15 feet in height. Signs and billboards shall be of open metal work skeleton lettered construction, with a structural steel frame when the advertising surface exceeds 15 feet in height."

"Signs and billboards which do not exceed 5 feet in total height measuring from the roof surface to top of said sign or billboard, may be located anywhere on the roof of a one story building. The advertising surface of such signs shall be of non-combustible material. Section 5. That Section 5006 of said Ordinance No. 13375, be, and the same is hereby amended to read as follows:

"Section 5006. SIGN AND BILLBOARD PERMITS: Except as otherwise stated in this section, no sign or billboard shall be started, placed, rebuilt, or appreciably increased in size without first obtaining a permit to do so. In making application for a permit, sufficient drawings and/or sufficient specifications shall be submitted to the Building Inspector for checking and approval. All electric signs, as defined in this Code, require two permits, one to be issued by the Electrical Inspector and one to be issued by the Building Inspector. Both permits shall be obtained before sign is erected.

"The following types shall be deemed the only types of signs and billboards which may be erected without obtaining a permit:

- "(a) Isolated signs and billboards supported from the ground on private property, provided that such signs and billboards do not exceed a total of 50 square feet in area.
- "(b) Signs and billboards, other than roof, penthouse and electric, when placed flat against the main walls of a building, provided that no part of said signs and billboards projects more than 6 inches over public property and provided further that such signs and billboards do not exceed a total of 50 square feet in area.
- "(c) Temporary cloth signs when placed flat against the walls of a building, also auction signs, banners, etc., as particularly described in paragraph (k) Section 5007.
- "(d) All other signs, (other than electric signs) which do not exceed 30 square feet in total area.

Section 6. That Section 5007 of said Ordinance No. 13375, be, and the same is hereby amended to read as follows:

"Section 5007. SPECIAL REQUIREMENTS FOR SIGNS:

"(a) No sign or banner shall be fastened to, or supported on or from any standpipe, down spout, conduit, balcony or fire escape, and no sign or banner of any kind shall be placed across or directly in front of any necessary or required window.

"(b) All signs, banners and temporary signs which require a permit for erection must have the maker's name or recognized trade mark permanently attached or painted on the exterior, same to be legible to the naked eye at least 30 feet away from the sign.

"(c) Wooden plugs, wedges and similar wooden fastenings are prohibited. Always use approved long expansion bolts, through bolts or equivalent permanent fastenings. All of said metal and other similar fastenings when not galvanized shall be figured with a safety factor of ten. One-half inch diameter shall be the minimum allowable for lag screws, bolts and similar fastenings at the walls. Loose brick, stone or masonry around fastenings must be permanently cemented back in place.

"(d) When signs project from or are supported by the face or walls of a building, the minimum diameter of any supporting wires, guy wires, or cables shall be not less than three-sixteenths of an inch. All wires, cables, turnbuckles, clevises, sleeve nuts, etc. shall be galvanized. Painting in lieu of galvanizing will not be approved for such members. All supporting cables, and guy wires shall be provided with approved galvanized turnbuckles.

"(e) SIGNS AT RIGHT ANGLES TO BUILDINGS: Except as otherwise stated in this paragraph, all signs other than electric, when projecting more than six inches over public property, and all electric signs which project more than 12 inches over public property must be hung at right angles to the face of the building and/or property line, excepting that at the corners of intersecting streets the sign shall be hung so as to make the same angle with both streets. "V" shaped signs projecting more than 30 inches over public property are prohibited. Signs may be placed flat against parapet walls, provided such sign does not project above top of parapet.

"(f) NON-COMBUSTIBLE SIGNS: All roof signs and all signs which project more than 6 inches over public property shall be constructed from non-combustible material. When a sign exceeds 50 square feet in area and is placed flat against the wall of a building located inside of Fire Zones No. 1, same shall be constructed from non-combustible materials. Non-combustible signs other than electric signs may have small wooden mold or small frame around the outer edges.

"(g) HEIGHTS, PROJECTIONS, CLEARANCES, & HINGED SIGNS: All signs which project more than 4 feet over public property shall be provided with a hinged connection located within 14 inches of the property line, so that the sign can easily swing back against building or other approved supports.

"No sign shall be placed on top or suspended from the bottom of another horizontal sign unless the total height of all signs measured together does not exceed 54 inches. (See paragraph (h)). Nor shall any sign which projects more than 4 feet beyond the property line have a greater height than 54 inches measuring at any point. For only permissible exception, see third paragraph below.

"No sign projecting more than 30 inches over public property shall be located within six feet of any other sign which projects more than 30 inches over public property. Said 6 foot clearance shall be in the clear, measuring in any and all directions. Signs projecting more than 6 inches but not more than 3 feet beyond the property line shall be located 9 or more feet in the clear above the walk, and signs projecting more than 3 feet over public property shall be located 11 or more feet in the clear above the walk. No sign shall exceed 12 inches in total thickness.

"Signs not exceeding 54 inches in total height shall not extend over public property a greater distance than one foot less than the normal width of the sidewalk. When said horizontal signs are placed diagonally at the corner of two intersecting streets, they shall be placed so as to make the same angle with both streets, and shall not project over public property a greater distance than the normal width of the narrower sidewalk, measuring at right angles to the face of the building.

"Signs which do not project more than four feet over public property need not be hinged and may extend vertically the full height of building and higher under favorable approved conditions. When this vertical type of sign is placed diagonally at the corner of two intersecting streets, same shall make the same angle with both streets, and this corner vertical type may extend not to exceed 5 feet over public property, and need not be hinged.

"(h) ELECTRIC SIGNS: All signs which project more than 30 inches beyond the property line (over public property) shall be illuminated approved electric signs. Both sides or faces of such signs shall be illuminated. The exterior illumination shall be arranged to form an integral part of the characters, symbols and/or decorative features. The illumination shall be not less than the equivalent of 10 Watts per square foot of exposed surface on each side when using incandescent lamps. When gaseous tubes are used, not less than 10 linear inches of tubing for each square foot of exposed sign surface on each side will be required.

"Hollow signs shall not exceed 12 inches in thickness. Signs when provided with approved and sufficient non-leak weather tight transparencies on both sides, and uniformly distributed internal illumination, will be accepted as electric signs, provided that the total required illumination mentioned in the preceding paragraph be also provided for this type of sign, and said required illumination shall be properly placed and distributed as approved.

"Illuminating any sign by reflected light will not qualify such sign as an electric sign, nor shall any lights, lamps, reflectors, etc. be held away from the sign with arms, brackets, conduits, rods or otherwise. All hollow signs shall have drainage holes in bottom. The electric sign requirements and stipulations in this Code shall be deemed to supplement (but not mitigate) the requirements and specifications for electric signs as specified in the State of California Electrical Safety Orders and the National Electrical Code adopted by the National Board of Fire Underwriters. Said authoritative specifications and National Electrical Code for electric signs shall be deemed a part of this Code, and the stipulations therein shall be enforced by the City Electrical Department.

"All electric signs shall be constructed entirely from non-combustible materials. Said signs shall be reinforced with rigid angle iron or equivalent structural frame and bracing. Plain or plate glass panels or characters exceeding 200 square inches in area are prohibited unless covered over with a screen, or approved wire glass may be used.

"All electric signs which project more than 30 inches beyond the property line must be burned at full capacity at least two hours each and every night, excepting that Sunday nights may be optional. All signs not so burned shall be entirely removed or swung back against building and properly fastened. The City Electrical Inspector shall enforce this paragraph.

"For the purpose of this ordinance all electric signs will be considered as electric fixtures and must bear the approval of the Underwriters Laboratory or other similar institution of recognized standing. All electric signs shall be erected and connected under the jurisdiction of a licensed electrical contractor and all permits for such signs shall be issued to licensed electrical contractors only. (See Sec. 5006).

"(i) CLOCKS: Clocks of approved design will be permitted next to curb at outer edge of walk, provided such clocks are approved running clocks which keep the time of day. The bottom or pedestal part shall not exceed two feet in any outside dimension. That part of the clock carrying the dials shall be at least 8 feet in the clear above the walk. All supports, pedestal, etc., shall be of rigid, substantial, non-combustible material, securely anchored in place. The entire 'upper part' containing the dial shall not exceed 12 inches in thickness, and each face shall not exceed 30 square feet in area; except where provision is made for 4 dial faces, the area of each face shall not exceed 20 square feet in area. The space occupied by the net area of the clock dials shall form at least one-half of such 'upper part' of each face on every clock erected."

"(j) BANNERS AND CLOTH SIGNS: Canvas and similar banners stretched across streets and other public property are prohibited, unless recommended by the City Manager, after which the written approval of the Council must be obtained. After said written approval has been granted, same shall be presented to the Building Inspector and the latter will then issue an erection permit, for which a fee of one dollar shall be collected. Said banner shall not be allowed to remain over public property for a longer period than 30 days. A substantial rope at least one inch in diameter shall be used as the main support for such banner, and two one-half inch full strength ropes shall be used for securing each lower corner. Provide sufficient wind holes when necessary. Wire cables and other flexible metallic rope and wire cables and wires are prohibited.

"Temporary cloth signs tightly stretched on a wood frame may, when kept in good repair, be placed flat against the face of buildings, for a limited time of 90 days only, and no such cloth sign shall exceed 400 square feet in area. No cloth or other sign shall be placed over or across any necessary or required window, nor shall such signs or advertising be placed on, over or suspended from any electric sign. No cloth or combustible sign, banner, or similar display, shall be placed upon, against, or suspended from any balcony, marquee, or other structure which projects over the public walk unless approved by the City Manager and the written approval of the Council has been obtained.

"(k) Auction banners (advertising flags) and similar temporary cloth signs, when in good repair and when not exceeding a total of 30 square feet in area, may be placed temporarily over the public walk, provided that said banners are safely suspended from temporary portable poles extending from the building. The entire banner, including the pole, shall be at least 7 feet in the clear above the walk, and no part of such banner shall extend or be located more than 8 feet from the building. For the purpose of this paragraph, the term 'temporary' shall be deemed to mean 'not to exceed 72 hours in any one week'.

"(l) No sign or billboard of any kind shall be supported on or placed upon any public street, walk, parking or other public property, and it shall be the duty of the Police Department to order and compel such signs to be entirely removed from public property."

Section 4.01. It shall be the duty of the Personnel Director to carry out and enforce all rules and regulations adopted by the Civil Service Commission pursuant to Section 118 of the Charter of The City of San Diego.

Section 4.02. It shall be the duty of the Personnel Director, under the direction of the Civil Service Commission, by appropriate examinations or tests and rating of candidates, to prepare and maintain suitable eligible lists of persons for appointment to positions and employments in the administrative service of the City; to establish and supervise the operation of a system rating the services of persons in the administrative service; and to perform such other duties as may be requisite to the effective administration of the merit system of the Civil Service of the City.

Section 4.03. When an examination for any position or employment in the City service, required to be conducted by the Civil Service Commission, is of such a nature as to require it, the Civil Service Commission shall have power to appoint such number of qualified persons as may be needful, who shall constitute a special examining board and shall prepare or conduct such examination or examinations as may be required of them. No person in the employ of the City other than the Personnel Director and his assistants shall participate in the preparation or conduct of any examination except pursuant to such appointment, nor in any examination in which any member of his household, or any relative within the second degree of kinship, is an aspirant; nor in any examination of candidates for any position or employment unless there are at least two positions or offices of the same class or grade, subject to be filled from the same eligible list in other branches of the City service than that over which such person has supervision or control. No member of the Council, nor any member of his household, nor any partner of a council member, shall be appointed to serve upon such examining board.

CHAPTER 5. PURCHASING AGENT.

Section 5.01. The Purchasing Agent may, with the approval of the City Manager, establish and maintain one or more storerooms or warehouses for the keeping of the City's supplies. He shall cause to be kept (in addition to the "perpetual inventory" required by Section 35 of the Charter), adequate stock records, which shall at all times show the number or amount and the value of all items carried in such store rooms and warehouses; the receipt of all items by the storerooms and warehouses established by him as aforesaid, and the cost of all such items; the issuance of all items from the storerooms and warehouses as aforesaid to City departments and offices upon requisition therefor, and the charges made thereupon. At the end of each fiscal year, the Auditor shall cause an inventory to be taken of all items in the storerooms and warehouses of the City which are then under the supervision of the Purchasing Agent and shall compare such inventory with the stock record to be kept as aforesaid by the Purchasing Agent, and shall furnish copies of such inventory to the Council.

Section 5.02. Whenever articles, commodities, supplies, materials or equipment are purchased and delivered to the storerooms or warehouses under the control of the Purchasing Agent, in anticipation of requisitions from the several departments, divisions and offices, and it is impracticable at the time of such delivery to apportion the cost thereof, or any part of such cost, to the several commissions, departments, boards, divisions and offices, payment shall be made from the revolving fund of the Purchasing Agent, to be repaid by the several departments, commissions, boards, divisions and offices as they receive such supplies on requisition.

Section 5.03. At the time of the preparation of the Annual budget estimate, and at such other times as contracts for supplies are to be let, the head of each commission, board, department, office or bureau of The City of San Diego shall, upon request, submit to the Purchasing Agent an estimate, upon forms to be furnished by the Purchasing Agent, of all articles, commodities, supplies, equipment and materials anticipated to be needed by such commission, board, department, office or bureau, for its regular operation during the ensuing fiscal year. All such estimates shall be transmitted to the Purchasing Agent, who shall prepare a summary statement which shall show the total quantity estimated to be required by all departments and offices, of each item of such article, commodity, supply, equipment and material. The estimate and summary shall also show the quantity of all such articles, commodities, supplies, or equipment and materials estimated to be on hand or in stock in such

department or office or bureau, or in the City storerooms or warehouses, and the net quantities which it will be necessary or advisable to purchase during the ensuing year. The estimates and the summary shall also show the quantity, character and estimated value of all articles, commodities, supplies, equipment and materials or other property on hand in the several commissions, boards, departments, offices or bureaus, or in the storerooms and warehouses of the City, which is no longer usable or needed and which may be properly sold by the City. Such summary shall forthwith be filed with the City Manager.

Section 5.04. The purchasing Agent shall have the power, at any time, to purchase, on behalf of the City, without advertising, notice, or competitive bidding, any necessary or proper articles, commodities, supplies, equipment, or materials when the expenditure therefor is the sum of Three Hundred Dollars (\$300.00) or less.

Provided, however, that the foregoing authority shall not be deemed to permit the Purchasing Agent, simultaneously or consecutively, within any period of six (6) months, to make two or more purchases of articles, commodities, supplies, equipment or material of the same character or for the same purpose, when the expenditure for the total of such purchases exceeds the sum of Three Hundred Dollars (\$300.00), and when the total amount of such purchases is required at any one time, or when the Purchasing Agent has knowledge that the total amount of such purchases will be required within a period of six (6) months, without following the procedure required in making a single purchase involving the same total expenditure. It is the intent of this provision to prohibit the Purchasing Agent from subdividing any purchase which should logically be made as a single transaction requiring the expenditure of more than Three Hundred Dollars (\$300.00), into two or more purchases, each involving an expenditure of less than Three Hundred Dollars (\$300.00), for the purpose of avoiding compliance with the procedure elsewhere in this Code and in the City Charter provided for the making of purchases where the expenditure involved exceeds the sum of Three Hundred Dollars (\$300.00).

Section 5.05. The Purchasing Agent shall have the power, with the written consent of the City Manager, at any time to purchase, on behalf of the City, without advertising, notice, or competitive bidding, any necessary or proper article, commodity, supplies, equipment or materials, when the expenditure therefor exceeds Three Hundred Dollars (\$300.00) and does not exceed Six Hundred Dollars (\$600.00).

Provided, however, that the foregoing authority shall not be deemed to permit the Purchasing Agent and/or the City Manager, simultaneously or consecutively, within any period of six (6) months, to make two or more purchases of articles, commodities, supplies, equipment or material of the same character or for the same purpose, when the expenditure for the total of such purchases exceeds the sum of Six Hundred Dollars (\$600.00) and when the total amount of such purchases is required at any one time, or when the Purchasing Agent and/or the City Manager has knowledge that the total amount of such purchases will be required within a period of six (6) months, without following the procedure required in making a single purchase involving the same total expenditure. It is the intent of this provision to prohibit the Purchasing Agent and/or the City Manager from subdividing any purchase which should logically be made as a single transaction requiring the expenditure of more than Six Hundred Dollars (\$600.00), into two or more purchases, each involving an expenditure of less than Six Hundred Dollars (\$600.00), for the purpose of avoiding compliance with the procedure elsewhere in this Code and in the City Charter provided for the making of purchases where the expenditure involved exceeds the sum of Six Hundred Dollars (\$600.00).

Section 5.06. Requisitions for articles, commodities, supplies, materials or equipment by any commission, board, department, office or bureau shall be addressed to the Purchasing Agent, approved by the head of such commission, board, department, office or bureau, and shall bear the certificate of the Auditor and Comptroller to the effect that the expenditure contemplated by such requisition does not constitute a violation of any of the provisions of Section 80 or 81 of the Charter.

If the commission, board, department, office or bureau making the requisition has available a sufficient appropriation balance, the Purchasing Agent shall either furnish the items requisitioned from the storerooms or warehouses under his control or shall procure them by purchase. Whenever any commission, board, department, office or bureau of the City requires supplies or equipment which another commission, board, department, office or bureau of the City is able to furnish, suitable requisition may be made and such supplies or equipment may be furnished. In such cases, appropriate charges and credits shall be made to the accounts affected by such transaction.

Section 5.07. Whenever the City Manager of the City of San Diego, or the head of any commission, board, department or office not under the control of the City Manager, shall give notice, in writing, to the Purchasing Agent of The City of San Diego that certain personal property of The City of San Diego is so used, obsolete or depreciated as to be unfit or undesirable for use or retention by The City of San Diego, the Purchasing Agent shall, if the personal property described in said notice has an actual value less than Six Hundred Dollars (\$600.00), have power, without advertising for bids, to sell or exchange the same for other property, or otherwise dispose of the same to the best advantage of the City; provided, that the word "exchange" as used in this ordinance shall be deemed to include transactions wherein used or depreciated property of The City of San Diego is transferred as a partial consideration for the transfer to The City of San Diego of other property, and provided, further, that when any such personal property has been disposed of, the amount received therefor, either in cash or as a credit, shall be credited to the department or office of the City which requested its disposal; and the Auditor and Comptroller is directed to place a credit therefor to the proper item set up for said department or office in the Annual Appropriation Ordinance.

Whenever the personal property described in the notice referred to in the preceding paragraph shall have an actual value of one thousand dollars (\$1,000.00) or more, the Purchasing Agent shall apply to the Council of The City of San Diego for authority to dispose of the same, and the Purchasing Agent shall be authorized to sell or otherwise dispose of such property, as provided in the preceding paragraph, only when the Council of The City of San Diego shall, by resolution or ordinance, so direct.

The Purchasing Agent shall, within five (5) days after selling or otherwise disposing of personal property pursuant to the terms of this ordinance, report in writing to the City Manager, or the head of any commission, board, department or office not under the control of the City Manager, and to the Council, the result of such sale, exchange or other disposal describing the property disposed of and stating the consideration received by the City for such property.

CHAPTER 6. POLICE DEPARTMENT.

Section 6.01. The Police Department shall be charged with the preservation of the peace and order of the City, the protection of all persons and property, and the enforcement of all penal ordinances and laws. The Chief of Police shall, at the request of the City Attorney, serve any process issued in any civil action to which the City of San Diego is a party. Adequate patrol of all parts of the City, so far as the size of the force permits, shall be maintained. Modern methods of criminal identification, including finger-printing and the filing of criminal records of all criminals, shall be employed. Efforts shall be made to cooperate with other cities, counties, states and federal criminal agencies in all matters pertaining to the apprehension and identification of criminals.

CHAPTER 7. CITY AUDITOR AND COMPTROLLER

Section 7.01. The City Auditor and Comptroller, or his duly authorized deputy, shall, at any time, have power to examine, check and audit the accounts and records of any commission, board, department, division, office, or employee of the City; to require an accounting for all cash revenues of the City; to make and certify to an actual count of cash and securities, and to prescribe, govern and control the movement, or transfer of all cash revenues, or securities, to the custody of the City Treasurer.

CHAPTER 8. BUDGET ESTIMATES.

Section 8.01. The City Manager shall, on or before the 1st day of March of each year, deliver to the head of every commission, board, department or office not under his jurisdiction or control, an adequate number of forms upon which the annual budget estimates of such commission, board, department or office shall, pursuant to Section 69 of the Charter, be submitted to the Manager.

CHAPTER 9. CONTRACTS -- LEASES -- SALES

Section 9.01. Contracts. In and about the construction, reconstruction, or repair of public buildings, streets, utilities and other public works, and in furnishing any supplies, materials, equipment, labor or services for the same, or for other use by the City, when the expenditure therefor shall be the sum of One Thousand Dollars (\$1,000.00) or less, the City Manager shall have the power, at any time, on behalf of the City, without advertising, notice, or competitive bidding, to contract for the furnishing of such supplies, materials, equipment, labor or services.

Provided, however, that the foregoing authority shall not be deemed to permit the City Manager, simultaneously or consecutively, within any period of six (6) months, to make two or more contracts for the furnishing to the City of supplies, materials, equipment, labor or services, of the same character or for the same purpose, when the expenditure for the total of such contracts exceeds the sum of One Thousand Dollars (\$1,000.00) and when the total amount of supplies, materials, equipment, labor or services furnished pursuant to such contracts is required at any one time or when the City Manager has knowledge that the total amount of such supplies, materials, equipment, labor or services will be required within a period of six (6) months. It is the intent of this provision to prohibit the City Manager from subdividing any contract which should logically be made as a single transaction requiring the expenditure of more than One Thousand Dollars (\$1,000.00), into two or more contracts each involving an expenditure of One Thousand Dollars (\$1,000.00) or less, for the purpose of avoiding compliance with the procedure in the City Charter provided for the making of such contracts where the expenditure involved exceeds the sum of One Thousand Dollars (\$1,000.00).

Section 9.02. Leases of Real Property

Except as otherwise provided in the Charter, or by ordinance, the Council shall have the power to lease the real property of the City as follows:

No real property belonging to the City shall be leased except in pursuance of a resolution passed by a majority vote of all members of the Council, which shall contain the following:

(d) A copy of the lease to be given by the City.

No lease shall be made for a longer term than two (2) years, except by resolution passed by the affirmative vote of five members of the Council.

Nothing in this section contained shall be deemed to apply to any lease for a term of six (6) months or less, and the City Manager at all times shall have power, without advertising, notice, or competitive bidding, and upon such terms as he may deem proper, to lease any of the real property of the City of San Diego for a term of six (6) months or less; provided, however, that no such lease, so made, shall be renewed without the approval of the Council.

The Council shall have the right to reject any and all bids at the public auction herein provided for.

But when such designation is made by reason of a vacancy in the Classified Service, it shall be subject to the same time limitation as applies to temporary appointments.

Section 10.04. Performance by Deputies

Whenever in this code it is made the duty of any officer of the City to do any certain thing, the doing of such thing under his direction or supervision or with his authority by a deputy or other subordinate shall be deemed to be the doing of such thing by him, except in such matters as by law or by the nature of the duty must be done by such officer in person; provided that this section shall not be construed to bind the City in any transaction involving the payment or receipt of moneys or of physical properties, unless the transaction in relation thereto by any subordinate was within the express authorization given to such subordinate.

Section 10.05. Divided Services

AN ORDINANCE ESTABLISHING A SCHEDULE OF COMPENSATION
FOR OFFICERS AND EMPLOYEES IN THE CLASSIFIED SERVICE
OF THE CITY OF SAN DIEGO, PROVIDING UNIFORM COMPENSA-
TION FOR LIKE SERVICE, AND REPEALING ORDINANCE NO.
13597, PASSED AND ADOPTED AUGUST
23, 1932.

WHEREAS, by Section 130 of the Charter of The City of San Diego it is made mandatory upon the Council of the City at the beginning of each fiscal year by ordinance to establish a schedule of compensation for officers and employees in the classified service which shall provide uniform compensation for like service; and

WHEREAS, pursuant to the provisions of said Section the Civil Service Commission has prepared and furnished to the Council such a schedule of compensation; NOW, THEREFORE, BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. DEFINITIONS.

(1) That the term "POSITION" means a specific civilian office or employment, whether occupied or vacant, calling for the performance of certain duties and the carrying of certain responsibilities by one individual, either on a full-time or a part-time basis.

(2) The term "CLASS" means a group of positions under this act sufficiently similar in respect to their duties and responsibilities that the same requirements as to education, experience, knowledge, and ability should be demanded of incumbents, that the same tests of fitness may be used to choose qualified appointees; and that the same schedule of compensation is made to apply with equity under the same or substantially the same employment conditions.

(3) The term "GRADE" means a subdivision of a service, including one or more classes or positions for which comparable basic qualifications and compensation are prescribed, the difference between grades being based upon differences in the importance, difficulty, responsibility, and value of the work.

(b) The term "CONTINUOUS SERVICE" means the interval in which the employee is actually engaged in the performance of the duties of his position or is on leave with pay.

(4) The term "SERVICE" means the broadest division of related classes of positions

(6) All rates shall be deemed to imply full-time employment, except as herein otherwise specifically designated.

Section 2. That a "PAY SCALE" for each position, class and grade in the Classified Service of The City of San Diego shall be hereinafter expressed in terms of a "STANDARD RATE NUMBER". That for each position, class and grade in the Classified Service there is hereby adopted the Standard Rate Numbers, together with a minimum and maximum scale of compensation for like service, hereinafter set forth in Section 7. That the Standard Rate Numbers and minimum and maximum scale of compensation for like service applicable to each position, class and grade of service in the Classified Service of The City of San Diego shall be as hereinafter set forth in Sections 6 and 7.

Section 3. ADVANCEMENT IN SALARY. Except as otherwise provided in the Charter of The City of San Diego, increase in salary, if sufficient funds are available may be made in all positions included within any of the "Standard Rates" numbered one to 30 inclusive, as follows: For each year of continuous service in a position, the increase in salary for such position may, unless otherwise provided (See Standard Rates one to 5 inclusive), be five per cent (5%) of the basic entrance salary rate per month prescribed for the position, class or grade in which such employee is classified; provided, however, that not more than five (5) such seniority increases may be allowed in the same position; provided, however, that increases in compensation within the limits provided for by any grade may be granted at any time by the City Manager or other appointing authority upon the basis of efficiency and seniority record after having first received the approval of the Civil Service Commission therefor.

Section 4. That prior to the beginning of each fiscal year the Civil Service Commission shall present to the Council for approval and adoption statistics showing the estimated "Cost-of-Living Basis" for the ensuing fiscal year. The basic entrance rate of salary per month, as hereinafter designated in Section 6 shall be revised and adjusted prior to the beginning of each fiscal year by the Civil Service Commission, and presented to the Council for approval in accordance with any change in the Cost-of-Living Index as shown by the report of the Civil Service Commission. The Federal Bureau survey for the month of June of each year, as prepared by the U. S. Bureau of Labor Statistics, shall be used to ascertain the adjustment percentages of the basic entrance salary rate on a cost-of-living basis. If the Bureau statistics are not available for the City of San Diego for the period mentioned, then the Bureau statistics as given for any city in the State of California of the class nearest to the City of San Diego shall be used to determine the aforesaid adjusting percentages.

Section 5. That, except where otherwise provided by charter or ordinance of The City of San Diego, the rate for any position, class or grade may be on a monthly, daily or hourly basis, but the method of payment shall be appropriate under the conditions of employment and shall be subject to all the provisions now or hereafter enacted by the Council by ordinance, pursuant to the authority therefor contained in the Charter of The City of San Diego. That in those positions where compensation is made on a daily or hourly basis, the basic entrance rate of salary per day and per hour shall be as hereinafter set forth in Section 6, and the basic entrance rate of salary per day and per hour shall be subject to all the terms and conditions of Section 4.

Section 6. That the following tables marked "A", "B", "C" and "D", showing respectively summary of adjustable compensation schedule; basic entrance rate of salary per month, per day and per hour; monthly scale based upon given length of service at the next lower rate; daily scale based upon given length of service at the next lower rate, and hourly scale based upon given length of service at the next lower rate, be, and they are hereby adopted as representing the basic entrance rate per month, per day and per hour for each position, class and grade in the Classified Service of the City.

The rates in columns 4 and 5 are the equivalent rates as compared with the respective monthly rates specified in column 2. The daily rate in column 4 is determined by dividing the corresponding rate in column 2 by 24, plus 10%. The hourly rate in column 5 is determined by dividing the corresponding rate in column 2 by 192, plus 10%. Employees paid by the day or hour are not entitled to any vacation or sick leave with pay, as is the case with the monthly employee, and the 10% is therefore added to offset those additional benefits received by the employee who is paid on a monthly basis.

"(b) A deposit of securities, legal for savings banks in this State, in the sum of five thousand dollars (\$5,000.00), or a deposit with the City Treasurer of The City of San Diego of property and assets in the sum of five thousand dollars (\$5,000.00), the value of said assets to be appraised and fixed by the Council of The City of San Diego and which must show a value of at least five thousand dollars (\$5,000.00) over and above all the debts and liabilities of the person, firm or corporation depositing the same and which assets must be free and clear of all liens and encumbrances, conditioned that the owner, or lessee, or operator of any vehicle or vehicles for which a permit has been granted, will pay all loss or damage that may result to any person or property from the negligent operation of, or defective construction of any of said vehicles, or which may arise or result from any violation of any of the provisions of this ordinance, or the laws of The City of San Diego, or of the State of California; or in lieu thereof, a bond executed by a surety company authorized to do business in the State of California in the sum of five thousand dollars (\$5,000.00), conditioned that the owner, lessee, or operator of any vehicle or vehicles for which a permit has been granted will pay all loss or damage that may result to any person or property from the negligent operation or or defective construction of said vehicles. Such cash reserve shall be subject to execution and satisfaction of any judgment obtained against any member of said association or against any driver or operator of such vehicle by reason of injury or damage to persons and property arising out of the negligent operation of any vehicle by any such owner, member or driver. No member of the association shall withdraw any sum of money whatsoever from the reserve fund herein established, without authorization by resolution of the Council of The City of San Diego.

"Said association, in order to be bound by the terms of this ordinance and to exercise the privilege conferred by this ordinance, shall deposit with the City Treasurer of The City of San Diego, or with a bank in the City of San Diego, as a special trust fund, its cash reserve; together with an agreement properly and lawfully executed by said association and its members authorizing the City Treasurer of The City of San Diego or the proper officers of said bank to disburse said fund and to pay from said fund, upon proper evidence, such claims and judgments as may be properly liquidated from such fund according to the terms of this ordinance; and no such certificate shall be accepted by the City under the terms of this ordinance until and unless such deposit has first been made with the proper and necessary instructions and agreements authorizing and providing for the security for the liquidation and satisfaction of claims and judgments, as herein provided for.

"Every such sworn certificate of membership, issued by such association and filed with the Traffic Commission, shall show the name of the member to whom issued and particularly describe by name of maker, year or manufacture or first license, type of body, engine and serial numbers and California registration number, each taxicab and automobile for hire, owned and operated by such member. Such certificates cannot be cancelled by the association except by written notice filed with the Traffic Commission.

"Every such association shall, at any time, on request of the Mayor, or such official as he may designate, exhibit a statement of its financial condition showing the accumulation, maintenance and continued existence of the reserve provided by this ordinance, and such other statistical information as shall be required.

"When any owner or operator of a taxicab or automobile for hire shall cease to be a member of said organization, his license to operate said vehicle shall be revoked by the proper authorities of The City of San Diego and he shall no longer be permitted to use the streets for the purpose of operating taxicabs or automobiles for hire, unless he is qualified under other provisions of this ordinance; and he shall have no claim of any kind or nature upon the sum ^{upon} deposit with the City Treasurer of The City of San Diego as a cash reserve of said association. In the event that said cash reserve here in this ordinance mentioned and described shall become less than the amounts herein designated and determined, the privilege conferred under subdivision (c) of Section 3 of this ordinance shall cease, and thereafter all members of said association shall have their permits revoked by the proper officers of The City of San Diego and shall no longer be permitted to use the streets for the purpose of operating taxicabs or automobiles for hire, unless and until such members may be properly qualified under and pursuant to the other provisions and terms of this ordinance; provided, however, that the event said cash reserve falls below the amount herein designated and in the event the permits to operate taxicabs and vehicles for hire of members of such association have been revoked, the sum of money on deposit in its cash reserve, after first having paid all due and proper charges, liens, claims or judgments against the same, may then be withdrawn by said association and shall no longer be held as a trust fund for the purposes herein indicated.

"It is not the intent of this ordinance to in any manner waive or abolish any of the liability of a taxicab owner or operator to persons and property for injury or damage arising out of the negligent operation by such owner or operator, or that it shall have any retroactive effect; or

"(d) A cash deposit or bond conditioned as is subsection (a) of this section, or a sworn certificate of membership in an association of owners or taxicabs and vehicles for hire as defined in subsection (c) of this section, except that said deposit, bond or certificate of membership shall be in the sum of, or show a reserve of, and be maintained at, at least two thousand dollars (\$2,000.00), for payment of any claims up to and including two hundred dollars (\$200.00) for public liability and settlement of property damage in full. In addition to said cash deposit, bond or certificate of membership as herein described, it shall be necessary to have an insurance policy as prescribed and conditioned in subsection (a) of this section, excepting that said policy may contain a two hundred dollar (\$200.00) deduction clause for public liability, allowing a deduction of a claim up to and including two hundred dollars (\$200.00) for public liability."

Section 2. That Ordinance No. 223 (New Series) of the ordinances of The City of San Diego, adopted April 24, 1933, be, and the same is hereby repealed.

WHEREAS, experience has shown that most of the crimes herein enumerated and which are fraught with the greatest danger to this community, have been and are being committed by habitual and dangerous criminals traveling from place to place throughout this nation and state; and

WHEREAS, the Council of The City of San Diego has information of the intention of greatly increased numbers of such criminals to remove to said city for the purpose of pursuing therein their criminal operations; and

WHEREAS, many of such criminals are known and reputed to be "gansters", and it is their intention to engage in unlawful ganster operations within said city; and

WHEREAS, most of such gangsters have criminals records within or without the State of California; and

AN ORDINANCE REGULATING THE BUSINESS OF WRECKING AND
SALVAGING OF MOTOR VEHICLES, PRESCRIBING THE PENALTIES
FOR THE VIOLATION THEREOF, AND REPEALING SECTION 91
OF ORDINANCE NO. 13223 OF THE ORDINANCES OF THE CITY
OF SAN DIEGO, APPROVED MAY 25, 1931

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. Definition. For the purpose of this ordinance an automobile wrecker is any person, firm, corporation, partnership, or fictitious firm name engaged in the purchasing of motor vehicles for the purpose of wrecking and salvaging of parts, metals, tires, and accessories, for re-sale; and any person, firm or corporation who has dismantled three (3) or more motor vehicles for the above purpose, during any one calendar year, shall be classed as an automobile wrecker.

Section 2. It shall be unlawful for any person to engage in business as an automobile wrecker, as the same is defined in this ordinance, without first having received a license so to do from the Chief of Police of The City of San Diego.

Before receiving or acting upon an application for the granting of a license to an automobile wrecker, the Chief of Police shall, as herein defined, require:

First: The payment of the sum of one hundred dollars (\$100.00) as a fee therefor;

Any person having a license at the present time as an automobile wrecker issued under the provision of Ordinance No. 13223, need not apply for a license under this section, but on and after the effective date of this ordinance said person must comply with all the provisions of this ordinance, and upon expiration of his yearly license must secure a renewal thereof in conformity with the provisions of this ordinance.

Second: Each application for a license must be accompanied by an affidavit signed by the applicant showing that said applicant is to conduct his business at a fixed place, where auto parts and accessories will be displayed for sale. Said application for a license must be signed by the applicant, and if applicant is a corporation or partnership, the same must be signed by a duly authorized officer on behalf of the corporation, or by all members of the partnership, and the same must contain the address of each officer of the corporation, or of each of the partners.

Section 3. Upon the receipt of said application as provided in the preceding section, the Chief of Police shall cause to be investigated the character and business of the applicant, the location at which said applicant proposes to engage in business as specified in said application, and thereafter may issue a license to said applicant, which shall be effective for the remaining portion of the current fiscal year; provided, however, that persons heretofore having been issued a permit to secure a new application, but only secure an annual renewal, commencing the next ensuing July 1.

Section 4. The Chief of Police shall require an application fee of one hundred dollars (\$100.00) for each application filed under the provisions of this ordinance, as provided in Section 2, subparagraph First. A fee of twenty dollars (\$20.00) shall be charged for any application for a yearly renewal of any license issued under the provisions of this ordinance. Such license issued by said Chief of Police shall be transferable; provided, however, that a fee of twenty dollars (\$20.00) only shall be charged for change of ownership in cases where the new owner or owners are investigated by the Chief of Police, and shall pass the same requirements as would be required for an application for a new permit, except the one hundred dollar (\$100.00) application fee. The new owner or owners shall be governed by all the terms and conditions of this ordinance or under any other ordinance in the City of San Diego. A license so transferred shall cancel the original license and any other licenses to wreck motor vehicles granted thereunder. It being understood that if the seller re-enters the business of wrecking motor vehicles it becomes mandatory upon the Chief of Police to require a new application, as defined under the provisions of this ordinance, Section 2, subsections First and Second. Any automobile wrecker having at least one place of business, may secure a permit for any additional locations by filing an application in the form heretofore mentioned, upon the payment of the sum of twenty dollars (\$20.00) for each application for additional location sought under the provisions of this ordinance. Only one person, firm, or corporation may conduct an automobile wrecker's business at any particular established place of business unless any other person or persons desiring to conduct a business at the same location has also received a license from the Chief of Police.

No person, firm, or corporation, to whom a license has been issued under the provisions of this ordinance, who fails for more than sixty (60) days after the expiration of the time specified in said license to apply for a renewal thereof, shall be entitled to such renewal; but the license theretofore issued shall be deemed to be forfeited, and application must be made to the Chief of Police as in the case of an original application. Whoever shall fail for more than fifteen (15) days after the expiration of any license issued under the provisions of this ordinance to apply for renewal thereof, shall be required to pay a penalty of ten per cent (10%) of the amount of the license fee. Such penalty shall be collected by the Chief of Police at the time of the renewal of said license.

Section 5. Every automobile wrecker shall keep a record of the purchase, consignments, sales or exchange of each and every motor vehicle purchased, sold, dismantled, or exchanged by him or them, which record shall contain the name and address of the person, firm, or corporation from whom purchased or received, the make, state licensed number, motor number, serial number, and style of any used motor vehicle purchased, or received; and said record shall at all times be open to the inspection of the Chief of Police or any peace officer.

Section 6. That every automobile wrecker must display a sign in letters of not less than six inches (6") in height said sign to be placed in a conspicuous place, and the same must be legible for fifty (50) feet, and said sign must give the name of the person, firm, or corporation authorized by the state law and the city ordinance to conduct the business of an automobile wrecker.

Section 7. It shall be unlawful for any person, firm, or corporation to engage in, conduct, manage, or carry on the business of an automobile wrecker within the City of San Diego who, or which, does not first receive therefor a license as herein provided, from the Chief of Police, and who, or which, does not have a fixed and determined place of business for the conduct of such business of automobile wrecker, at which place of business he, or it, displays the vehicles and merchandise offered for sale.

It shall be unlawful for any automobile wrecker to sell auto parts or supplies from any place other than a fixed and established place of business for which a license has been granted to conduct the business of selling such merchandise.

Section 8. In the event that any person, firm or corporation holding a license as an automobile wrecker as herein defined, shall violate, or cause, or permit to be violated, any of the provisions of the ordinance or any provisions of any other ordinances, or of any law relating to or regulating such wrecking business, or shall conduct or carry on such business in an unlawful manner, or shall cause or permit such business so to be conducted or carried on, it shall be the duty of the Chief of Police to, and the said Chief of Police may, in addition to the other penalties provided by this ordinance, suspend or revoke the license issued for conducting or carrying on such business. In the event any person, firm or corporation is issued a license under the provisions of this ordinance and the same shall be suspended by said Chief of Police, no license shall be granted to such person, firm or corporation to conduct or carry on such business within six (6) months after such revocation. No license shall be revoked until a hearing shall have been had by the Chief of Police relating to such revocation, notice of which hearing shall be given in writing to the licensee and served at least five (5) days prior to the date of the hearing thereon, such service to be upon the holder of such license, or his manager or agent, which notice shall state the ground of complaint against the holder of such license, or against the business carried on by him, or it, and also shall state the time when, and the place where such hearing will be had. Said notice shall be served upon the holder of such license by delivering same to such person, his manager, or agent, or to any person in charge of, or employed in the place of business of such holder; or if such person has no place of business, then at his place of residence, or by leaving such notice at the place of business or residence of such person, with some person of suitable age and discretion. In the event the holder of such license cannot be found, and the service of such notice cannot be made upon him, in the manner herein provided, then a copy of such notice shall be mailed, postage fully paid, addressed to such holder, or such licensee, at his place of business, or residence, at least five (5) days prior to the date of such hearing.

Section 9. It shall be unlawful for any person, firm, partnership or corporation, other than licensed automobile wrecker, to dismantle or wreck any motor vehicle for salvage purposes without first obtaining from the Chief of Police a permit; said permit to show a clear title, free from all encumbrances and containing the legal owners' names and address, the make, model, and number, and serial number, and shall specify the number and size of tires and extra equipment such as spot-lights and bumpers. The Chief of Police shall require a fee of one dollar (\$1.00) for each permit, and the permit so issued shall apply only for the vehicle for which it is issued, and on the issuance of three (3) permits to any person, firm, partnership, or corporation, within any one calendar year, it shall become mandatory upon the Chief of Police to require an automobile wreckers' license; provided, however, that used motor vehicles dealers properly licensed as such by the State of California or the City of San Diego may secure additional permits to dismantle and wreck motor vehicles for their own use and convenience, such salvaged merchandise not to be sold or offered for sale as used parts. Provided further, that public garages may secure additional permits to dismantle or wreck motor vehicles, titles to which have been secured through a "mechanic's lien". (State law, section No. 3051-2 of Calif. Code of Civil Procedure.) Provided, further, that properly enfranchised new car dealers, licensed as such by the State of California, may secure additional permits to dismantle or wreck motor vehicles for their own use or convenience.

Section 10. Every automobile wrecker, person, firm, or corporation, who, or which, engages in, conducts, manages, or carries on the business of an automobile wrecker within the City of San Diego, who, or which, does not first receive a license therefor, as herein provided, from the Chief of Police, and who, or which, does not have a fixed and determined place of business for the conduct of such business of an automobile wrecker, at which place of business he, or it, displays the vehicles or parts offered for sale, or who violates any other provisions of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not less than fifty dollars (\$50.00), nor more than five hundred dollars (\$500.00) or by imprisonment in the City Jail for a period of not less than ten (10) days nor more than six (6) months, or by both such fine and imprisonment.

Every person, firm, or corporation shall be deemed guilty of a separate offense for each day during any portion of which any violation of any provision of this ordinance is committed, continued or permitted by such person, firm, or corporation, and shall be punishable therefor as provided by this ordinance.

Section 11. That Section 91 of Ordinance No. 13223 of the ordinances of The City of San Diego, entitled, "An ordinance providing for licensing and regulating the carrying on of certain professions, businesses, trades, callings and occupations, in the City of San Diego, California," approved May 25, 1931, be, and the same is hereby repealed.

Section 12. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The Council of The City of San Diego hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

Section 13. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

LEASE

THIS AGREEMENT, made and entered into this ___ day of ___, 193___, by and between THE CITY OF SAN DIEGO, a municipal corporation of the County of San Diego, State of California, hereinafter designated as the "City", acting by and through the City Manager of said City under and by virtue of the authority conferred by Ordinance NO. ___ (New Series) of the ordinances of said City, authorizing the execution of this lease, and L. JAY WATERBURY, hereinafter designated as the "Lessee", WITNESSETH:

That for and in consideration of the covenants and agreements hereinafter contained, and the sums of money hereinafter designated to be paid to said City by said Lessee, in manner and form as hereinafter provided, the City hereby lets and leases unto the said Lessee, those portions of the City's Pueblo Lands lying north of the San Diego River, particularly described as follows, to-wit:

Pueblo Lots 1240, 1269, 1272, 1273, 1293 and 1294; subject to all existing leases upon said lands, or any portion thereof.

Said property is hereby leased to the Lessee for the purpose of drilling for, producing, extracting and taking oil, gas, asphaltum, mineral and other hydrocarbon substances from, and storing the same upon said land during the term of this lease, hereinafter specified, with the right to enter upon said land at all times for said purposes, and from time to time to construct, use, maintain, erect, repair, replace and remove thereon and therefrom all buildings, tanks, machinery, telephone and telegraph wires and other structures, including all pipe lines which the Lessee may desire in carrying on its business and mining operations on said premises, with the rights of way for passage over, upon and across, and ingress and egress to and from said premises.

The term of this lease shall be for fifteen (15) years from the date hereof, unless otherwise surrendered or forfeited by the Lessee; provided, however, that the expiration of said term if any well or wells on said property are still producing in paying quantities, said Lessee shall have the right at its option to continue in possession of such producing wells only; together with so much land surrounding and adjacent to the same as shall be necessary to operate thereon, not to exceed five (5) acres for each well.

The Lessee hereby covenants and agrees that he will within one (1) year from the date hereof commence the drilling of a well on said demised premises with a complete rotary or standard rig, and thereafter prosecute the drilling thereof with reasonable diligence and in good faith until oil, gas or other hydrocarbon substances are found in paying quantities by the Lessee or until said well has been drilled to a depth of four thousand five hundred (4,500) feet, unless formation is encountered at a lesser depth that would indicate to the geologist of the Lessee that further drilling would be unsuccessful; provided, however, anything to the contrary notwithstanding, the Lessee further covenants and agrees that in the event the well now being drilled by said Lessee upon Pueblo Lot 1250 shall produce oil in paying quantities as the same is defined in this lease, he will within one hundred twenty (120) days from the completion of such well begin the drilling of a well upon the demised premises in the manner hereinabove provided.

(2) After the discovery of oil, the Lessee may at any time quitclaim any part of said land to the City, its successors and assigns. On the expiration of the fifteen (15) year period, Lessee shall have the right to operate, deepen, redrill and properly maintain

all producing wells upon said property at that time, and to use so much of the surface of the land as may be necessary or convenient for such operations, not to exceed five (5) acres for each well. Except as herein provided, full right to said land shall revert to the City free and clear of all claims of the Lessee, except that the City, its successors or assigns, shall not drill any wells upon said land within three hundred (300) feet of any producing well; provided, however, that the last limitation on the right of the City to drill shall not apply to the drilling by said City of a well to oil bearing sands at a lower depth than the then existing, producing wells of the Lessee; and provided, further, that the City when going through the oil sand at the depth of the Lessee's producing wells shall properly safeguard the Lessee's rights by proven methods of shutting out water and all other dangers usual to such drilling.

(3) In the event of the cancellation of this lease, either in whole or in part, or the termination hereof under the terms hereof, either by expiration, surrender or forfeiture, the Lessee will well, truly and peaceably surrender up the possession of all of those portions of said leased premises as to which said lease may be cancelled, surrendered or terminated, and execute and deliver to the City a good and sufficient quitclaim deed acknowledging and evidencing such termination and cancellation according to the fact. Should it become necessary to institute a suit to quiet title and clear the record title of said land occasioned by the recording of this lease, the Lessee will pay all costs of suit, including attorney's fees not to exceed One Hundred Fifty Dollars (\$150.00). Upon any such cancellation or termination, the Lessee may, within six months thereafter, remove from said lands any and all tubing, casing, pipe, rigs, machinery and any other equipment that he may have installed or placed thereon, and shall comply with all State requirements relative to the abandonment of oil wells; and if not so removed within the said time, such property becomes the property of the City.

(4) When the Lessee commences the drilling of a well on the premises herein leased, as hereinabove provided, he shall thereafter continue the drilling thereof with at least one (1) string of tools, with not more than ninety (90) days intervening between the completion of one well and the starting of the next, until the Lessee shall have drilled not less than an average of one (1) well to every ten (10) acres in area on the premises hereby leased.

(5) In the event of the discovery of oil in any well on adjacent property, within two hundred (200) feet of the boundary line of demised premises, and the production of oil therefrom in paying quantities for a period of thirty (30) consecutive days, then within ninety (90) days thereafter a well shall be commenced by the Lessee on the demised property to offset said producing well, at any point within two hundred (200) feet from a line running at right angles to boundary line through said well; said well not to be drilled, however, more than two hundred (200) feet from the boundary line of the demised property; provided, however, that nothing in this paragraph contained shall be construed as obligating the Lessee to drill upon the premises herein authorized to be leased more than an average of one well to every ten (10) acres.

(6) Drilling and pumping operations shall be suspended on said property only in the event that they are prevented by the elements, accidents, strikes, lockouts, riots, delays in transportation, interference of State or Federal action, or other causes beyond the reasonable control of the Lessee, or as long as oil of the quality produced on said property shall be less than Seventy-five (75) Cents per barrel of forty-two (42) gallons at the well. First well to be completed, however, regardless of conditions stated in this paragraph.

(7) The Lessee shall have the free use of so much of the oil, water or gas produced upon said property as may be required in the operation of the property.

(8) Other than the oil specified in paragraph seven (7) hereof, the Lessee shall pay as a rental or royalty for the use of said land, one-eighth ($1/8$) of all oil, gas, asphaltum, mineral, or other hydrocarbon substance produced and saved therefrom from each well, said payment to be made in money; and the Lessee shall pay to the City on the 15th day of each and every month the one-eighth ($1/8$) part in value of all gas, oil or other products herein mentioned at the market price at the well the day the oil is run into pipe line or storage tanks.

(9) Lessee shall keep a log of each well drilled and permit the City to make copies thereof at its own expense. The Lessee shall maintain on the demised land such gauges and devices as may be necessary for measuring all oil produced and all gas saved, and shall forthwith make and keep a record of the measurement of oil secured in tanks and all oil and gas removed from the property and sold or otherwise disposed of. The City shall have the right at all reasonable times, but only in the presence of a representative of the Lessee, to test the correctness of such gauges and devices and may examine such accounts during business hours. The Lessee shall furthermore furnish to the City written monthly statements of the production sold from said premises for the preceding calendar month prior to the 10th day of each calendar month.

(10) Lessee shall pay as royalty one-eighth ($1/8$) of the net proceeds derived from the sale of gas from each well while same is being sold or used off the premises, and in the event settlement shall be made on the twentieth day of each month for gas sold during the preceding month; but nothing in this lease contained shall require Lessee to save or market gas from said lands unless there shall be a surplus above full requirements and a market at the well for same.

(11) If casing-head gasoline is manufactured on the premises, or elsewhere, by the Lessee from the gas produced from said wells, then the Lessee shall pay to the City one-eighth ($1/8$) of the proceeds of the sale of said gasoline, less the cost of producing and selling same.

(12) The Lessee shall agree in the event it becomes necessary to treat any of the oil produced on said premises to make it marketable, and in the event the Lessee erects a plant for that purpose, upon request, to treat the royalty oil of the City together with his own, charging therefor only the net cost of such treatment.

(13) The Lessee shall pay all taxes on its improvements and seven-eighths ($7/8$) of the increase of the taxes resulting from the discovery of oil or gas on the said property and of all oil stored on said land on the first Monday in March.

(14) All payments to the City shall be made by paying the same to the City Treasurer, at his office in the City of San Diego, or at any change of address of which Lessee has notice in writing from the City.

(15) A well in paying quantities is hereby defined as a well producing forty (40) barrels of oil per day for thirty (30) consecutive days. This definition shall not apply to wells to be operated on the expiration of the fifteen (15) year period, or on the abandonment of a portion of the premises, and in such cases the Lessee may operate such wells as Lessee in his discretion shall deem sufficiently productive to operate.

(16) Lessee shall carry on all operations in a careful workmanlike manner, and in accordance with the laws of the State of California. The Lessee shall keep full record of the operations and production and sales of products from said property, and such records and operations on the property shall be at all reasonable times open to the inspection of the City. Whenever requested by the City, the Lessee shall furnish to the City a copy of the log of all wells drilled on said property.

(17) The City shall have the right to the use of the surface of said land for agricultural and grazing purposes to such an extent as will not interfere with the proper operation of the Lessee for oil. The Lessee agrees to conduct his operations so as to interfere as little as is consistent with the economic operations of oil with the use of the land for agricultural and grazing purposes, and agrees to pay for such damage as may be done to trees or growing crops, being governed by the value thereof. If any of the fences existing on said land are cut by the Lessee for its purpose, the Lessee shall establish a good and substantial gate at such points. Whenever requested by the City in writing, the Lessee shall fence all sump-holes and other openings to safeguard cattle which may be grazing on said land.

(18) No well shall be drilled within two hundred (200) feet of any building on said property at the date of this lease, without written consent of the City.

(19) The City may have the use of any water developed on said property so long as the same is not required by the Lessee. The transportation of such water shall be taken at a point to be indicated by the Lessee, and carried to the point of use at the cost and at the sole risk of the City.

(20) Lessee shall bury all pipe lines constructed or maintained by him at least twelve (12) inches below the surface of the ground when so requested by the City in writing at the time of laying said pipe, and shall restore said ground to its original condition, or as near as possible.

(21) The Lessee shall have, at any time, the right to remove any houses, tanks, pipe lines, structures, casing or other equipment, appurtenances or appliances of any kind brought by him upon said land, whether affixed to the soil or not; provided, that in the case of an abandonment of any well, if the City shall desire to retain the same as a water well, it may notify the Lessee to that effect, and thereupon the Lessee shall leave such casing in the well as the City shall require, and the City shall pay to the Lessee fifty percent (50%) of the first cost of such casing.

(22) In the event of any dispute as to any of the terms of this lease, or the performance of any of the conditions herein by the Lessee, the same shall be submitted to arbitration. One arbitrator shall be appointed by each of the parties to said lease, and a third arbitrator by the two so appointed. Any decision by a majority of such arbitrators shall be binding upon both parties.

(23) The interest of the Lessee under this lease shall be subject to forfeiture only upon the conditions and in the manner following, to-wit:

In case the Lessee shall be in default in the performance of any covenants or agreements by him to be done or performed hereunder, and such default shall be of a kind curable with reasonable diligence within thirty (30) days, and shall continue uncured for a period of exceeding thirty (30) days after he has had written notice of said default and the character thereof, or if the Lessee shall not have begun in good faith to remedy any such default, within said period of thirty (30) days after such notice, then and in such case, this lease shall become void at the option of the City, and the Lessee shall thereupon vacate said premises, surrendering the same to the City, and shall execute and deliver to the City a proper quitclaim deed releasing all his rights, title and interest in said demised land, saving only the right to remove his property therefrom as hereinabove provided. But in the event of any such forfeiture, the Lessee shall have the right, subject to the terms of this lease, as to royalty and other matters, to retain any well or wells theretofore completed, or on which work is being done in good faith at the time of such forfeiture, so long as any such well or wells shall continue to produce oil or gas in quantities sufficient to pay to pump or otherwise produce or save, together with a sufficient parcel of land around each well, not to exceed five (5) acres, with rights of access to and from for maintenance and operation of the same.

(24) Any notice from the City to the Lessee may be given by sending the same by registered mail addressed to the Lessee, or his successors or assigns, at _____. The Lessee may at any time by a written notice to the City change the place of giving notice, and after such written notice to the City by registered mail, the City shall send all notices intended for the Lessee, or his successors or assigns, to the address which may be so indicated.

(25) Any notice from the Lessee to the City may be given by sending the same by registered mail addressed to The City of San Diego, at the City Hall, San Diego, California.

(26) All work done on the land by the Lessee shall be at the Lessee's sole cost and expense, and the Lessee agrees to protect the land of the City from all claims of contractors, laborers or materialmen, and the City may post and keep posted on said land such notices as it may desire in order to protect said land from liens.

(27) On the expiration of this lease, or the sooner termination thereof, Lessee shall quietly and peaceably surrender possession of the premises to the City, and so far as possible cover all sump-holes and excavations made by him and restore the land as nearly as practicable to the condition in which it was received.

(28) The definition of the phrases "commence the drilling of a test well," or "commence the drilling of a well," as used in this lease, shall be understood and agreed to be as follows: To purchase materials and equipment, to begin the erection of a derrick, to order other materials and equipment, to thereafter prosecute with diligence the erection of a drilling rig to completion, or to move a complete drilling rig on the property and thereafter prosecute the drilling of a well, with diligence, until completed under the terms of this lease.

(29) This lease shall run to and be binding upon the successors and assigns of the parties hereto, and in the event of an assignment thereof by the Lessee, all obligations on his part shall cease and determine, and be assumed by his assignee or assignees; provided, however, that this lease shall not be assigned without the consent in writing of the Council of The City of San Diego.

(30) It is mutually agreed between the parties hereto that the Lessee will, prior to the delivery of this lease to the said Lessee, execute and place in escrow with the Director of the Department of Public Works of The City of San Diego a quitclaim deed to the lands herein described, and containing a release and surrender of all its rights under this lease, said quitclaim deed to be delivered to the City for recordation if the Lessee fails to commence drilling operations upon the lands herein described within twelve (12) months after the execution of this lease, as provided in the fourth paragraph of this lease, or whenever it is determined that said Lessee has failed to discover gas, oil, or other hydrocarbon substances as provided for herein, or in the event of a breach or failure on Lessee's part to perform any of the terms or conditions herein contained.

IN WITNESS WHEREOF, the City Manager of The City of San Diego has hereunto subscribed his name, as and for the act of said City, and the said Lessee has hereunto subscribed his name, this ___ day of ___, 193__.

LEASE

THIS AGREEMENT, made and entered into this ___ day of ___, 193__, by and between THE CITY OF SAN DIEGO, a municipal corporation of the County of San Diego, State of California, hereinafter designated as the "City," acting by and through the City Manager of said City under and by virtue of the authority conferred by Ordinance No. ___ (New Series) of the ordinances of said City, authorizing the execution of this lease, and EVERTS DRILLING COMPANY, a corporation, hereinafter designated as the "Lessee", WITNESSETH:

That for and in consideration of the covenants and agreements hereinafter contained, and the sums of money hereinafter designated to be paid to said City by said Lessee, in manner and form as hereinafter provided, the City hereby lets and leases unto the said Lessee, those portions of the City's Pueblo Lands lying north of the San Diego River, particularly described as follows, to-wit:

Pueblo Lots 1304, 1305, 1306, 1318 and 1319; subject to all existing leases upon said lands, or any portion thereof.

Said property is hereby leased to the Lessee for the purpose of drilling for, producing, extracting and taking oil, gas, asphaltum, mineral and other hydrocarbon substances from, and storing the same upon said land during the term of this lease, hereinafter specified, with the right to enter upon said land at all times for said purposes, and from time to time to construct, use, maintain, erect, repair, replace and remove thereon and therefrom all buildings, tanks, machinery, telephone and telegraph wires and other structures, including all pipe lines which the Lessee may desire in carrying on its business and mining operations on said premises, with the rights of way for passage over, upon and across, and ingress and egress to and from said premises.

The term of this lease shall be for fifteen (15) years from the date hereof, unless otherwise surrendered or forfeited by the Lessee; provided, however, that at the expiration of said term if any well or wells on said property are still producing in paying quantities, said Lessee shall have the right at its option to continue in possession of such producing wells only; together with so much land surrounding and adjacent to the same as shall be necessary to operate thereon, not to exceed five (5) acres for each well.

Lessee hereby covenants and agrees that it will within ninety (90) days from the granting to it of a State permit to drill for oil, said permit to be applied for within 30 days after signing the Lease, begin drilling operations upon lands adjoining the lands hereby leased, and that if it should bring in a well producing oil in commercial quantities upon said adjoining lands, it will within ninety (90) days from the date of bringing in such well begin drilling upon the lands hereby leased; provided, that in any event the Lessee covenants and agrees that it will within one year from the date hereof commence the drilling of a well upon said demised premises with a complete rotary or standard rig and thereafter prosecute the drilling thereof with reasonable diligence and in good faith until

oil, gas or other hydrocarbon substances are found in paying quantities by the Lessee, or until said well has been drilled to a depth of four thousand five hundred (4,500) feet, unless formation is encountered at a lesser depth that would indicate to the geologist of the Lessee that further drilling would be unsuccessful.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) Lessee may at any time after the commencement of drilling, and before the discovery of oil on the demised premises, quitclaim the said property to the City, its successors and assigns, and thereupon all rights and obligations of the parties hereto, one to the other, shall cease and determine.

(2) After the discovery of oil, the Lessee may at any time quitclaim any part of said land to the City, its successors and assigns. On the expiration of the fifteen (15) year period, Lessee shall have the right to operate, deepen, redrill and properly maintain all producing wells upon said property at that time, and to use so much of the surface of the land as may be necessary or convenient for such operations, not to exceed five (5) acres for each well. Except as herein provided, full right to said land shall revert to the City free and clear of all claims of the Lessee, except that the City, its successors or assigns, shall not drill any wells upon said land within three hundred (300) feet of any producing well; provided, however, that the last limitation on the right of the City to drill shall not apply to the drilling by said City of a well to oil bearing sands at a lower depth than the then existing, producing wells of the Lessee; and provided, further, that the City when going through the oil sand at the depth of the Lessee's producing wells shall properly safeguard the Lessee's rights by proven methods of shutting out water and all other dangers usual to such drilling.

(3) In the event of the cancellation of this lease, either in whole or in part, or the termination hereof under the terms hereof, either by expiration, surrender or forfeiture, the Lessee will well, truly and peaceably surrender up the possession of all of those portions of said leased premises as to which said lease may be cancelled, surrendered or terminated, and execute and deliver to the City a good and sufficient quitclaim deed acknowledging and evidencing such termination and cancellation according to the fact. Should it become necessary to institute a suit to quiet title and clear the record title of said land occasioned by the recording of this lease, the Lessee will pay all costs of suit, including attorney's fees not to exceed One Hundred Fifty Dollars (\$150.00). Upon any such cancellation or termination, the Lessee may, within six months thereafter, remove from said lands any and all tubing, casing, pipe, rigs, machinery and any other equipment that it may have installed or placed thereon, and shall comply with all State requirements relative to the abandonment of oil wells; and if not so removed within the said time, such property becomes the property of the City.

(4) When the Lessee commences the drilling of a well on the premises herein leased, as hereinabove provided, it shall thereafter continue the drilling thereof with at least one (1) string of tools, with not more than ninety (90) days intervening between the completion of one well and the starting of the next, until the Lessee shall have drilled not less than an average of one (1) well to every ten (10) acres in area on the premises hereby leased.

(5) In the event of the discovery of oil in any well on adjacent property, within two hundred (200) feet of the boundary line of demised premises, and the production of oil therefrom in paying quantities for a period of thirty (30) consecutive days, then within ninety (90) days thereafter a well shall be commenced by the Lessee on the demised property to offset said producing well, at any point within two hundred (200) feet from a line running at right angles to boundary line through said well; said well not to be drilled, however, more than two hundred (200) feet from the boundary line of the demised property; provided, however, that nothing in this paragraph contained shall be construed as obligating the Lessee to drill upon the premises herein authorized to be leased more than an average of one well to every ten (10) acres.

(6) Drilling and pumping operations shall be suspended on said property only in the event that they are prevented by the elements, accidents, strikes, lockouts, riots, delays in transportation, interference of State or Federal action, or other causes beyond the reasonable control of the Lessee, or as long as oil of the quality produced on said property shall be less than Seventy-five (75) Cents per barrel of forty-two (42) gallons at the well. First well to be completed, however, regardless of conditions stated in this paragraph.

(7) The Lessee shall have the free use of so much of the oil, water or gas produced upon said property as may be required in the operation of the property.

(8) Other than the oil specified in paragraph seven (7) hereof, the Lessee shall pay as a rental or royalty for the use of said land, one-eighth (1/8) of all oil, gas, asphaltum, mineral, or other hydrocarbon substance produced and saved therefrom from each well, said payment to be made in money; and the Lessee shall pay to the City on the 15th day of each and every month the one-eighth (1/8) part in value of all gas, oil or other products herein mentioned at the market price at the well the day the oil is run into pipe line or storage tanks.

(9) Lessee shall keep a log of each well drilled and permit the City to make copies thereof at its own expense. The Lessee shall maintain on the demised land such gauges and devices as may be necessary for measuring all oil produced and all gas saved, and shall forthwith make and keep a record of the measurement of oil secured in tanks and all oil and gas removed from the property and sold or otherwise disposed of. The City shall have the right at all reasonable times, but only in the presence of a representative of the Lessee, to test the correctness of such gauges and devices and may examine such accounts during business hours. The Lessee shall furthermore furnish to the City written monthly statements of the production sold from said premises for the preceding calendar month prior to the 10th day of each calendar month.

(10) Lessee shall pay as royalty one-eighth (1/8) of the net proceeds derived from the sale of gas from each well while same is being sold or used off the premises, and in the event settlement shall be made on the twentieth day of each month for gas sold during the preceding month; but nothing in this lease contained shall require Lessee to save or market gas from said lands unless there shall be a surplus above full requirements and a market at the well for same.

(11) If casing-head gasoline is manufactured on the premises, or elsewhere, by the Lessee from the gas produced from said wells, then the Lessee shall pay to the City one-eighth (1/8) of the proceeds of the sale of said gasoline, less the cost of producing and selling same.

(12) The Lessee shall agree in the event it becomes necessary to treat any of the oil produced on said premises to make it marketable, and in the event the Lessee erects a plant for that purpose, upon request, to treat the royalty oil of the City together with his own, charging therefor only the net cost of such treatment.

(13) The Lessee shall pay all taxes on its improvements and seven-eighths (7/8) of the increase of the taxes resulting from the discovery of oil or gas on the said property and of all oil stored on said land on the first Monday in March.

(14) All payments to the City shall be made by paying the same to the City Treasurer, at his office in the City of San Diego, or at any change of address of which Lessee has notice in writing from the City.

(15) A well in paying quantities is hereby defined as a well producing forty (40) barrels of oil per day for thirty (30) consecutive days. This definition shall not apply to wells to be operated on the expiration of the fifteen (15) year period, or on the abandonment of a portion of the premises, and in such cases the Lessee may operate such wells as Lessee in his discretion shall deem sufficiently productive to operate.

(16) Lessee shall carry on all operations in a careful workmanlike manner, and in accordance with the laws of the State of California. The Lessee shall keep full record of the operations and production and sales of products from said property, and such records and operations on the property shall be at all reasonable times open to the inspection of the City. Whenever requested by the City, the Lessee shall furnish to the City a copy of the log of all wells drilled on said property.

(17) The City shall have the right to the use of the surface of said land for agricultural and grazing purposes to such an extent as will not interfere with the proper operation of the Lessee for oil. The Lessee agrees to conduct its operations so as to interfere as little as is consistent with the economic operations of oil with the use of the land for agricultural and grazing purposes, and agrees to pay for such damage as may be done to trees or growing crops, being governed by the value thereof. If any of the fences existing on said land are cut by the Lessee for its purpose, the Lessee shall establish a good and substantial gate at such points. Whenever requested by the City in writing, the Lessee shall fence all sump-holes and other openings to safeguard cattle which may be grazing on said land.

(18) No well shall be drilled within two hundred (200) feet of any building on said property at the date of this lease, without written consent of the City.

(19) The City may have the use of any water developed on said property so long as the same is not required by the Lessee. The transportation of such water shall be taken at a point to be indicated by the Lessee, and carried to the point of use at the cost and at the sole risk of the City.

(20) Lessee shall bury all pipe lines constructed or maintained by it at least twelve (12) inches below the surface of the ground when so requested by the City in writing at the time of laying said pipe, and shall restore said ground to its original condition, or as near as possible.

(21) The Lessee shall have, at any time, the right to remove any houses, tanks, pipe lines, structures, casing or other equipment, appurtenances or appliances of any kind brought by it upon said land, whether affixed to the soil or not; provided, that in the case of an abandonment of any well, if the City shall desire to retain the same as a water well, it may notify the Lessee to that effect, and thereupon the Lessee shall leave such casing in the well as the City shall require, and the City shall pay to the Lessee fifty per cent (50%) of the first cost of such casing.

(22) In the event of any dispute as to any of the terms of this lease, or the performance of any of the conditions herein by the Lessee, the same shall be submitted to arbitration. One arbitrator shall be appointed by each of the parties to said lease, and a third arbitrator by the two so appointed. Any decision by a majority of such arbitrators shall be binding upon both parties.

(23) The interest of the Lessee under this lease shall be subject to forfeiture only upon the conditions and in the manner following, to-wit:

In case the Lessee shall be in default in the performance of any covenants or agreement by it to be done or performed hereunder, and such default shall be of a kind curable with reasonable diligence within thirty (30) days, and shall continue uncured for a period of exceeding thirty (30) days after it has had written notice of said default and the character thereof, or if the Lessee shall not have begun in good faith to remedy any such default, within said period of thirty (30) days after such notice, then and in such case, this lease shall become void at the option of the City, and the Lessee shall thereupon vacate said premises, surrendering the same to the City, and shall execute and deliver to the City a proper quitclaim deed releasing all its rights, title and interest in said demised land, saving only the right to remove its property therefrom as hereinabove provided. But in the event of any such forfeiture, the Lessee shall have the right, subject to the terms of this lease, as to royalty and other matters, to retain any well or wells theretofore completed, or on which work is being done in good faith at the time of such forfeiture, so long as any such well or wells shall continue to produce oil or gas in quantities sufficient to pay to pump or otherwise produce or save, together with a sufficient parcel of land around each well, not to exceed five (5) acres, with rights of access to and from for maintenance and operation of the same.

(24) Any notice from the City to the Lessee may be given by sending the same by registered mail addressed to the Lessee, or its successors or assigns, at _____. The Lessee may at any time by a written notice to the City change the place of giving notice, and after such written notice to the City by registered mail, the City shall send all notices intended for the Lessee, or its successors or assigns, to the address which may be so indicated.

(25) Any notice from the Lessee to the City may be given by sending the same by registered mail addressed to The City of San Diego, at the City Hall, San Diego, California.

(26) All work done on the land by the Lessee shall be at the Lessee's sole cost and expense, and the Lessee agrees to protect the land of the City from all claims of contractors, laborers or materialmen, and the City may post and keep posted on said land such notices as it may desire in order to protect said land from liens.

(27) On the expiration of this lease, or the sooner termination thereof, Lessee shall quietly and peaceably surrender possession of the premises to the City, and so far as possible cover all sump-holes and excavations made by it and restore the land as nearly as practicable to the condition in which it was received.

(28) The definition of the phrases "commence the drilling of a test well," or "commence the drilling of a well," as used in this lease, shall be understood and agreed to be as follows: To purchase materials and equipment, to begin the erection of a derrick, to order other materials and equipment, to thereafter prosecute with diligence the erection of a drilling rig to completion, or to move a complete drilling rig on the property and thereafter prosecute the drilling of a well, with diligence, until completed under the terms of this lease.

LEASE

THIS AGREEMENT, made and entered into this ___ day of ___, 193___, by and between THE CITY OF SAN DIEGO, a municipal corporation of the County of San Diego, State of California, hereinafter designated as the "City," acting by and through the City Manager of said City under and by virtue of the authority conferred by Ordinance No. ___ (New Series) of the ordinances of said City, authorizing the execution of this lease, and EVERTS DRILLING COMPANY, a corporation, hereinafter designated as the "Lessee", WITNESSETH:

That for and in consideration of the covenants and agreements hereinafter contained, and the sums of money hereinafter designated to be paid to said City by said Lessee, in manner and form as hereinafter provided, the City hereby lets and leases unto the said Lessee, those portions of the City's Pueblo Lands lying north of the San Diego River, particularly described as follows:

Pueblo Lots 1232, 1245, 1304, 1305, 1318 and 1319;
 subject to all existing leases upon said lands, or any portion thereof.

Said property is hereby leased to the Lessee for the purpose of drilling for, producing, extracting and taking oil, gas, asphaltum, mineral and other hydrocarbon substances from, and storing the same upon said land during the term of this lease, hereinafter specified, with the right to enter upon said land at all times for said purposes, and from time to time to construct, use, maintain, erect, repair, replace and remove thereon and therefrom all buildings, tanks, machinery, telephone and telegraph wires and other structures, including all pipe lines which the Lessee may desire in carrying on its business and mining operations on said premises, with the rights of way for passage over, upon and across, and ingress and egress to and from said premises.

The term of this lease shall be for a fifteen (15) years from the date hereof, unless otherwise surrendered or forfeited by the Lessee; provided, however, that at the expiration of said term if any well or wells on said property are still producing in paying quantities, said Lessee shall have the right at its option to continue in possession of such producing wells only; together with so much land surrounding and adjacent to the same as shall be necessary to operate thereon; not to exceed five (5) acres for each well.

Lessee hereby covenants and agrees that it will within ninety (90) days from the granting to it of a State permit to drill for oil, said permit to be applied for within 30 days after signing the Lease, begin drilling operations upon lands adjoining the lands hereby leased, and that if it should bring in a well producing oil in commercial quantities upon said adjoining lands, it will within ninety (90) days from the date of bringing in such well begin drilling upon the lands hereby leased; provided, that in any event the Lessee covenants and agrees that it will within one year from the date hereof commence the drilling of a well upon said demised premises with a complete rotary or standard rig and thereafter prosecute the drilling thereof with reasonable diligence and in good faith until oil, gas or other hydrocarbon substances are found in paying quantities by the Lessee, or until said well has been drilled to a depth of four thousand five hundred (4,500) feet, unless formation is encountered at a lesser depth that would indicate to the geologist of the Lessee that further drilling would be unsuccessful.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided; to-wit:

(1) Lessee may at any time after the commencement of drilling, and before the discovery of oil on the demised premises, quitclaim the said property to the City, its successors and assigns, and thereupon all rights and obligations of the parties hereto, one to the other, shall cease and determine.

(2) After the discovery of oil, the Lessee may at any time quitclaim any part of said land to the City, its successors and assigns. On the expiration of the fifteen (15) year period, Lessee shall have the right to operate, deepen, redrill and properly maintain all producing wells upon said property at that time, and to use so much of the surface of the land as may be necessary or convenient for such operations, not to exceed five (5) acres for each well. Except as herein provided, full right to said land shall revert to the City free and clear of all claims of the Lessee, except that the City, its successors or assigns, shall not drill any wells upon said land within three hundred (300) feet of any producing well; provided, however, that the last limitation on the right of the City to drill shall not apply to the drilling by said City of a well to oil bearing sands at a lower depth than the then existing, producing wells of the Lessee; and provided, further, that the City when going through the oil sand at the depth of the Lessee's producing wells shall properly safeguard the Lessee's rights by proven methods of shutting out water and all other dangers usual to such drilling.

(3) In the event of the cancellation of this lease, either in whole or in part, or the termination hereof under the terms hereof, either by expiration, surrender or forfeiture, the Lessee will well, truly and peaceably surrender up the possession of all of those portions of said leased premises as to which said lease may be cancelled, surrendered or terminated, and execute and deliver to the City a good and sufficient quitclaim deed acknowledging and evidencing such termination and cancellation according to the fact. Should it become necessary to institute a suit to quiet title and clear the record title of said land occasioned by the recording of this lease, the Lessee will pay all costs of suit, including attorney's fees not to exceed One Hundred Fifty Dollars (\$150.00). Upon any such cancellation or termination, the Lessee may, within six months thereafter, remove from said lands any and all tubing, casing, pipe, rigs, machinery and any other equipment that it may have installed or placed thereon, and shall comply with all State requirements relative to the abandonment of oil wells; and if not so removed within the said time, such property becomes the property of the City.

(4) When the Lessee commences the drilling of a well on the premises herein leased, as hereinabove provided, it shall thereafter continue the drilling thereof with at least one (1) string of tools, with not more than ninety (90) days intervening between the completion of one well and the starting of the next, until the Lessee shall have drilled not less than an average of one (1) well to every ten (10) acres in area on the premises hereby leased.

(5) In the event of the discovery of oil in any well on adjacent property, within two Hundred (200) feet of the boundary line of demised premises, and the production of oil therefrom in paying quantities for a period of thirty (30) consecutive days, then within ninety (90) days thereafter a well shall be commenced by the Lessee on the demised property to offset said producing well, at any point within two hundred (200) feet from a line running at right angles to boundary line through said well; said well not to be drilled, however, more than two hundred (200) feet from the boundary line of the demised property; provided, however, that nothing in this paragraph contained shall be construed as obligating the Lessee to drill upon the premises herein authorized to be leased more than an average of one well to every ten (10) acres.

(6) Drilling and pumping operations shall be suspended on said property only in the event that they are prevented by the elements, accidents, strikes, lockouts, riots, delays in transportation, interference of State or Federal action, or other causes beyond the reasonable control of the Lessee, or as long as oil of the quality produced on said property shall be less than Seventy-five (75) Cents per barrel of forty-two (42) gallons at the well. First well to be completed, however, regardless of conditions stated in this paragraph.

(7) The Lessee shall have the free use of so much of the oil, water or gas produced upon said property as may be required in the operation of the property.

(8) Other than the oil specified in paragraph seven (7) hereof, the Lessee shall pay as a rental or royalty for the use of said land, one-eighth (1/8) of all oil, gas, asphaltum, mineral, or other hydrocarbon substance produced and saved therefrom from each well, said payment to be made in money; and the Lessee shall pay to the City on the 15th day of each and every month the one-eighth (1/8) part in value of all gas, oil or other products herein mentioned at the market price at the well the day the oil is run into pipe line or storage tanks.

(9) Lessee shall keep a log of each well drilled and permit the City to make copies thereof at its own expense. The Lessee shall maintain on the demised land such gauges and devices as may be necessary for measuring all oil produced and all gas saved, and shall forthwith make and keep a record of the measurement of oil secured in tanks and all oil and gas removed from the property and sold or otherwise disposed of. The City shall have the right at all reasonable times, but only in the presence of a representative of the Lessee, to test the correctness of such gauges and devices and may examine such accounts during business hours. The Lessee shall furthermore furnish to the City written monthly statements of the production sold from said premises for the preceding calendar month prior to the 10th day of each calendar month.

(10) Lessee shall pay as royalty one-eighth (1/8) of the net proceeds derived from the sale of gas from each well while same is being sold or used off the premises, and in the event settlement shall be made on the twentieth day of each month for gas sold during the preceding month; but nothing in this lease contained shall require Lessee to save or market gas from said lands unless there shall be a surplus above full requirements and a market at the well for same.

(11) If casing-head gasoline is manufactured on the premises, or elsewhere, by the Lessee from the gas produced from said wells, then the Lessee shall pay to the City one eighth (1/8) of the proceeds of the sale of said gasoline, less the cost of producing and selling same.

(12) The Lessee shall agree in the event it becomes necessary to treat any of the oil produced on said premises to make it marketable, and in the event the Lessee erects a plant for that purpose, upon request, to treat the royalty oil of the City together with his own, charging therefor only the net cost of such treatment.

(13) The Lessee shall pay all taxes on its improvements and seven-eighths (7/8) of the increase of the taxes resulting from the discovery of oil or gas on the said property and of all oil stored on said land on the first Monday in March.

(14) All payments to the City shall be made by paying the same to the City Treasurer, at his office in the City of San Diego, or at any change of address of which Lessee has notice in writing from the City.

(15) A well in paying quantities is hereby defined as a well producing forty (40) barrels of oil per day for thirty (30) consecutive days. This definition shall not apply to wells to be operated on the expiration of the fifteen (15) year period or on the abandonment of a portion of the premises, and in such cases the Lessee may operate such wells as Lessee in his discretion shall deem sufficiently productive to operate.

(16) Lessee shall carry on all operations in a careful workmanlike manner, and in accordance with the laws of the State of California. The Lessee shall keep full record of the operations and production and sales of products from said property, and such records and operations on the property shall be at all reasonable times open to the inspection of City. Whenever requested by the City, the Lessee shall furnish to the City a copy of the log of all wells drilled on said property.

(17) The City shall have the right to the use of the surface of said land for agricultural and grazing purposes to such an extent as will not interfere with the proper operation of the Lessee for oil. The Lessee agrees to conduct its operations so as to interfere as little as is consistent with the economic operations of oil with the use of the land for agricultural and grazing purposes, and agrees to pay for such damage as may be

done to trees or growing crops, being governed by the value thereof. If any of the fences existing on said land are cut by the Lessee for its purpose, the Lessee shall establish a good and substantial gate at such points. Whenever requested by the City in writing, the Lessee shall fence all sump-holes and other openings to safeguard cattle which may be grazing on said land.

(18) No well shall be drilled within two hundred (200) feet of any building on said property at the date of this lease, without written consent of the City.

(19) The City may have the use of any water developed on said property so long as the same is not required by the Lessee. The transportation of such water shall be taken at a point to be indicated by the Lessee, and carried to the point of use at the cost and at the sole risk of the City.

(20) Lessee shall bury all pipe lines constructed or maintained by it at least twelve (12) inches below the surface of the ground when so requested by the City in writing at the time of laying said pipe, and shall restore said ground to its original condition, or as near as possible.

(21) The Lessee shall have, at any time, the right to remove any houses, tanks, pipe lines, structures, casing or other equipment, appurtenances or appliances of any kind brought by it upon said land, whether affixed to the soil or not; provided, that in the case of an abandonment of any well, if the City shall desire to retain the same as a water well, it may notify the Lessee to that effect, and thereupon the Lessee shall leave such casing in the well as the City shall require, and the City shall pay to the Lessee fifty per cent (50%) of the first cost of such casing.

(22) In the event of any dispute as to any of the terms of this lease, or the performance of any of the conditions herein by the Lessee, the same shall be submitted to arbitration. One arbitrator shall be appointed by each of the parties to said lease, and a third arbitrator by the two so appointed. Any decision by a majority of such arbitrators shall be binding upon both parties.

(23) The interest of the Lessee under this lease shall be subject to forfeiture only upon the conditions and in the manner following, to-wit:

In case the Lessee shall be in default in the performance of any covenants or agreement by it to be done or performed hereunder, and such default shall be of a kind curable with reasonable diligence within thirty (30) days, and shall continue uncured for a period of exceeding thirty (30) days after it has had written notice of said default and the character thereof, or if the Lessee shall not have begun in good faith to remedy any such default, within said period of thirty (30) days after such notice, then and in such case, this lease shall become void at the option of the City, and the Lessee shall thereupon vacate said premises, surrendering the same to the City, and shall execute and deliver to the City a proper quitclaim deed releasing all its rights, title and interest in said demised land, saving only the right to remove its property therefrom as hereinabove provided. But in the event of any such forfeiture, the Lessee shall have the right, subject to the terms of this lease, as to royalty and other matters, to retain any well or wells theretofore completed, or on which work is being done in good faith at the time of such forfeiture, so long as any such well or wells shall continue to produce oil or gas in quantities sufficient to pay to pump or otherwise produce or save, together with a sufficient parcel of land around each well, not to exceed five (5) acres, with rights of access to and from for maintenance and operation of the same.

(24) Any notice from the City to the Lessee may be given by sending the same by registered mail addressed to the Lessee, or its successors or assigns, at _____. The Lessee may at any time by a written notice to the City change the place of giving notice, and after such written notice to the City by registered mail, the City shall send all notices intended for the Lessee, or its successors or assigns, to the address which may be so indicated.

(25) Any notice from the Lessee to the City may be given by sending the same by registered mail addressed to The City of San Diego, at the City Hall, San Diego, California.

(26) All work done on the land by the Lessee shall be at the Lessee's sole cost and expense, and the Lessee agrees to protect the land of the City from all claims of contractors, laborers or materialmen, and the City may post and keep posted on said land such notices as it may desire in order to protect said land from liens.

(27) On the expiration of this lease, or the sooner termination thereof, Lessee shall quietly and peaceably surrender possession of the premises to the City, and so far as possible cover all sump-holes and excavations made by it and restore the land as nearly as practicable to the condition in which it was received.

(28) The definition of the phrases "commence the drilling of a test well," or "commence the drilling of a well," as used in this lease, shall be understood and agreed to be as follows: To purchase materials and equipment, to begin the erection of a derrick, to order other materials and equipment, to thereafter prosecute with diligence the erection of a drilling rig to completion, or to move a complete drilling rig on the property and thereafter prosecute the drilling of a well, with diligence, until completed under the terms of this lease.

(29) This lease shall run to and be binding upon the successors and assigns of the parties hereto, and in the event of an assignment thereof by the Lessee, all obligations on its part shall cease and determine, and be assumed by its assignee or assignees; provided, however, that this lease shall not be assigned without the consent in writing of the Council of The City of San Diego.

(30) It is mutually agreed between the parties hereto that the Lessee will, prior to the delivery of this lease to the said Lessee, execute and place in escrow with the Director of the Department of Public Works of The City of San Diego a quitclaim deed to the lands herein described, and containing a release and surrender of all its rights under this lease, said quitclaim deed to be delivered to the City for recordation if the Lessee fails to commence drilling operations upon the lands herein described within twelve (12) months after the execution of this lease, as provided in the fourth paragraph of this lease, or whenever it is determined that said Lessee has failed to discover gas, oil, or other hydrocarbon substances as provided for herein, or in the event of a breach or failure on Lessee's part to perform any of the terms or conditions herein contained.

The said Lessee will, on the execution of this lease, deposit with The City of San Diego a surety bond in the sum of One Thousand Dollars (\$1000.00), to be approved by the City Attorney and the Council of The City of San Diego, as a guarantee for the payment of rental for the first twelve (12) months of this lease, which rental is hereby fixed at One Thousand Dollars (\$1000.00); provided, however, that on the performance of the conditions

stipulations and terms of this lease, or on the discovery of oil, gas, petroleum, or other hydrocarbon substances or mineral in paying quantities, no rental shall be charged, and said surety bond shall be forthwith terminated; provided, however, that should Lessee default in any of the terms of this lease, the City shall retain said amount due as rental, as above provided.

IN WITNESS WHEREOF, the City Manager of The City of San Diego has hereunto subscribed his name, as and for the act of said City, and the said Lessee has caused this instrument to be executed, and its corporate name and seal to be hereunto affixed, by its proper officers, thereunto duly authorized, this ___ day of ___ 193__.

All nails used shall be not less than 3d-13 gauge-1-1/4 inch.

All shingles are to be dampened immediately before being applied. This need not apply to shingles which are fully dipped in oil or dip-stained for a distance of at least 2/3 of their length. A continuous V strip of prepared roofing at least 7-1/2 inches wide shall be placed beneath all shingles and/or saddle boarded hips and ridges. When laying shingles, the maximum allowable exposure to the weather shall be as per the following schedule:

Shingles 16" long, not to exceed 5" exposure

Shingles 18" long, not to exceed 5-1/2" exposure

Shingles 24" long, not to exceed 7-1/2" exposure

Shingles may be laid with random exposure, provided that the 'average' exposure does not exceed the exposures relative to length of shingles as listed in the above schedule and that no exposure or partial exposure exceeds 7 inches. "(e) SIGNS AT RIGHT ANGLES TO BUILDINGS: Except as otherwise stated in this paragraph, all signs other than electric, when projecting more than six inches over public property, and all electric signs which project more than 12 inches over public property must be hung at right angles to the face of the building and/or property line, excepting that at the corners of intersecting streets the sign shall be hung so as to make the same angle with both streets.

"V" shaped signs projecting more than 30 inches over public property are prohibited. Signs may be placed flat against parapet walls, provided such sign does not project above top of parapet.

"(f) NON-COMBUSTIBLE SIGNS: All roof signs and all signs which project more than 6 inches over public property shall be constructed from non-combustible material; excepting that signs which do not extend more than 30 inches over public property and do not extend more than 30 inches over public property and do not exceed a total of 30 square feet in area may be constructed from approved combustible material when located outside of Fire Zone No. 1. When a sign exceeds 50 square feet in area and is placed flat against the wall of a building located inside of Fire Zone No. 1, same shall be constructed from non-combustible materials. Non-combustible signs other than electric signs may have small wooden mold or small frame around the outer edges.

"(g) HEIGHTS, PROJECTIONS, CLEARANCES & HINGED SIGNS: All signs which project more than 4 feet over public property shall be provided with a hinged connection located within 14 inches of the property line, so that the sign can easily swing back against building or other approved supports.

"No sign shall be placed on top or suspended from the bottom of another horizontal sign unless the total height of all signs measured together does not exceed 54 inches. (See paragraph (h).) Nor shall any sign which projects more than 4 feet beyond the property line have a greater height than 54 inches measuring at any point. For only permissible exception see third paragraph below.

"No sign projecting more than 30 inches over public property shall be located within six feet of any other sign which projects more than 30 inches over public property. Said 6 foot clearance shall be in the clear measuring in any and all directions. Signs projecting more than 6 inches but not more than 3 feet beyond the property line shall be located 9 or more feet in the clear above the walk, and signs projecting more than 3 feet over public property shall be located 11 or more feet in the clear above the walk. No signs shall exceed 12 inches in total thickness.

"Signs not exceeding 54 inches in total height shall not extend over public property a greater distance than one foot less than the normal width of the sidewalk. When said horizontal signs are placed diagonally at the corner of two intersecting streets, they shall be placed so as to make the same angle with both streets, and shall not project over public property a greater distance than the normal width of the narrower sidewalk, measuring at right angles to the face of the building.

"Signs which do not project more than four feet over public property need not be hinged and may extend vertically the full height of building and higher under favorable approved conditions. When this vertical type of sign is placed diagonally at the corner of two intersecting streets, same shall make the same angle with both streets, and this corner vertical type may extend not to exceed 5 feet over public property, and need not be hinged.

"(h) ELECTRIC SIGNS: All signs which project more than 30 inches beyond the property line (over public property) shall be illuminated approved electric signs. Both sides or faces of such signs shall be illuminated. The exterior illumination shall be arranged to form an integral part of the characters, symbols and/or decorative features. The illumination shall be not less than the equivalent of 10 watts per square foot of exposed surface on each side when using incandescent lamps. When gaseous tubes are used, not less than 10 linear inches of tubing for each square foot of exposed sign surface on each side will be required.

"Hollow signs shall not exceed 12 inches in thickness. Signs when provided with approved and sufficient non-leak weather tight transparencies on both sides, and uniformly distributed internal illumination, will be accepted as electric signs, provided that the total required illumination mentioned in the preceding paragraph be also provided for this type of sign, and said required illumination shall be properly placed and distributed as approved.

"Illuminating any sign by reflected light will not qualify such sign as an electric sign, nor shall any lights, lamps, reflectors, etc. be held away from the sign with arms, brackets, conduits, rods or otherwise. All hollow signs shall have drainage holes in bottom. The electric sign requirements and stipulations in this code shall be deemed to supplement (but not mitigate) the requirements and specifications for electric signs as specified in the State of California Electrical Safety Orders and the National Electrical Code adopted by the National Board of Fire Underwriters. Said authoritative specifications and National Electrical Code for electric signs shall be deemed a part of this Code, and the stipulations therein shall be enforced by the City Electrical Department.

"All electric signs shall be constructed entirely from non-combustible materials. Said signs shall be reinforced with rigid angle iron or equivalent structural frame and bracing. Plain or plate glass panels or characters exceeding 200 square inches in area are prohibited unless covered over with a screen, or approved wire glass may be used.

"All electric signs which project more than 20 inches beyond the property line must be burned at full capacity at least two hours each and every night, excepting that Sunday nights may be optional. All signs not so burned shall be entirely removed or swung back against building and properly fastened. The City Electrical Inspector shall enforce this paragraph.

"For the purpose of this ordinance all electric signs will be considered as electric fixtures and must bear the approval of the Underwriters Laboratory or other similar institution of recognized standing. All electric signs shall be erected and connected under the jurisdiction of a licensed electrical contractor and all permits for such signs shall be issued to licensed electrical contractors only. (See Section 5006).

"(i) CLOCKS: Clocks of approved design will be permitted next to curb at outer edge of walk, provided such clocks are approved running clocks which keep the time of day. The bottom or pedestal part shall not exceed two feet in any outside dimension. That part of the clock carrying the dials shall be at least 8 feet in the clear above the walk. All supports, pedestal, etc., shall be of rigid, substantial, non-combustible material, securely anchored in place. The entire 'upper part' containing the dial shall not exceed 12 inches in thickness, and each face shall not exceed 30 square feet in area; except where provision is made for 4 dial faces, the area of each face shall not exceed 20 square feet in area. The space occupied by the net area of the clock dials shall form at least one-half of such 'upper part' of each face on every clock erected.

"(j) BANNERS AND CLOTH SIGNS: Canvas and similar banners stretched across streets and other public property are prohibited, unless recommended by the City Manager, after which the written approval of the Council must be obtained. After said written approval has been granted, same shall be presented to the Building Inspector and the latter will then issue an erection permit, for which a fee of One dollar shall be collected. Said banner shall not be allowed to remain over public property for a longer period than 30 days. A substantial rope at least one inch in diameter shall be used as the main support for such banner, and two one-half inch full strength ropes shall be used for securing each lower corner. Provide sufficient wind holes when necessary. Wire cables and other flexible metallic rope and wire cables and wires are prohibited.

"Temporary cloth signs tightly stretched on a wood frame may, when kept in good repair, be placed flat against the face of buildings, for a limited time of 90 days only, and no such cloth sign shall exceed 400 square feet in area. No cloth or other sign shall be placed over or across any necessary or required window, nor shall such signs or advertising be placed on, over or suspended from any electric sign. No cloth or combustible sign, banner, or similar display, shall be placed upon, against, or suspended from any balcony, marquee, or other structure which projects over the public walk unless approved by the City Manager and the written approval of the Council has been obtained.

"(k) AUCTION BANNERS (advertising flags) and similar temporary cloth signs, when in good repair and when not exceeding a total of 30 square feet in area, may be placed temporarily over the public walk, provided that said banners are safely suspended from temporary portable poles extending from the building. The entire banner, including the pole, shall be at least 7 feet in the clear above the walk, and no part of such banner shall extend or be located more than 8 feet from the building. For the purpose of this paragraph, the term 'temporary' shall be deemed to mean 'not to exceed 72 hours in any one week'.

"(l) No sign or billboard of any kind shall be supported on or placed upon any public street, walk, parking or other public property, and it shall be the duty of the Police Department to order and compel such signs to be entirely removed from public property."

Section 2. That Section 5008 of said Ordinance No. 13375 be, and the same is hereby amended to read as follows:

"Section 5008. SPECIAL BILLBOARD REQUIREMENTS

"(a) It shall be unlawful and a violation of this ordinance for any person, firm or corporation to place, erect, construct or maintain any billboard or advertising sign board, or carry on the business or occupation of billposting or outdoor advertising in violation of any of the provisions of this chapter.

"(b) The Building Inspector of The City of San Diego is hereby named as the proper official to enforce the provisions herein, excepting electrical work, conduits, wiring, etc., which shall come under the jurisdiction of the City Electrician, and such other sections as should properly be enforced by the Police Department.

"No person, firm or corporation shall engage in or carry on the business or occupation of outdoor advertising, bill-posting, or erecting or maintaining bill-boards, without first obtaining a license to do so. Each application for license must be signed in full by the persons seeking the license, or by a duly authorized agent of such person or persons. After the said application has been approved, the City License Department will issue the license as provided by law.

"No person, firm or corporation shall work under or carry on the business of bill-posting, outdoor advertising, or erecting or maintaining billboards under a license other than the one issued to the said person, firm or corporation. This paragraph does not apply to a bona fide employee of a licensed person, firm or corporation.

"(c) Billboards with an advertising surface exceeding a total of 15

feet in height, whether one or more sections in height or not, are prohibited. Non-combustible ornamental columns or pedestals only may be placed at the ends of billboards. Each section may have a small skeleton wood frame in back of the non-combustible advertising surface. The surface of all billboards shall be of non-combustible material, provided however, that the surface of billboards, located outside Fire Zone No. 1, on which the advertising matter is painted may be of wood at least three-quarters of an inch in thickness. It shall be unlawful for any person, firm or corporation, except a public officer in the performance of a public duty, or a private person in giving legal notice, to paste, post, print, tack, or otherwise fasten any cloth, paper, cardboard, banner, handbill, poster, or notice of any kind upon any building, except where a metal surface has been provided. Any 'advertising' or outdoor advertising placed upon any peg, stick, pole, post, curb, bench, fence or any other surface located on property, in violation of any part of this Code, may be torn down and destroyed by anybody.

"(d) BILLBOARD FRAMING: Unless otherwise stated in this Code, all billboards exceeding 80 square feet in area shall be constructed equal to or better than the following specifications:

"The surface of all billboards not exceeding 15' in height above ground, shall be securely fastened to a framework, the posts or uprights of which shall be of wood not less than 4 x 6 inches, placed not more than 8 feet apart and extending full height to top of billboard. The bottom ends of posts shall be set at least 3 feet into the ground, with the earth tamped securely around them. The surface material of the billboards shall be securely attached to wooden stringers which run continuously the entire length of the billboard.

"There shall be at least one 2 x 6 inch horizontal stringer for each 4 feet or fraction thereof that the surface of such billboard is in height.

"Each horizontal stringer shall be attached to each post with three 30d nails. Said vertical posts shall be braced by wooden braces not less than 2 x 6 inches, one brace to each post, each brace to be securely attached to post within 2 feet of the top, using at least three 30d nails. The lower end of each brace shall be attached to an anchor post, using three 30d nails. The anchor posts shall be not less than 3 x 6 inches by 5 feet and shall be securely set at least three feet in the ground. A cross piece 2 x 6 x 14 inches shall be securely nailed to the front of each anchor post 6 inches below the surface of the ground, using three 30d nails in each case. Concrete or steel anchors may be used or other systems of anchorage may be used when approved.

"Should the vertical posts rest upon a foundation wall, retaining wall or bulkhead, the posts shall be securely anchored to same at bottom, using approved steel dowel pins set securely in wall at least 4 inches and doweled at least 6 inches into the bottom of each post. When the billboard is built in an excavation so that the height of posts required exceeds 16 feet, the posts and braces shall be increased in number or size, or otherwise reinforced as approved. All lumber must be sound, straight grained and suitable for the purpose. The posts, stringers, and braces shall not be spliced. Old, second-hand or inferior lumber will not be approved.

"(e) LOOSE PAPER, DEBRIS, WEEDS. No paper, cloth or advertising matter shall be allowed or permitted to hang loose from any billboard. No person, firm or corporation engaged in outdoor advertising, or who erects, constructs, owns, or controls any billboard shall fail, refuse or neglect to remove or cause to be removed at all times, weeds, rubbish or any inflammable waste or material from the base of any billboard.

"It shall be unlawful for any person, firm or corporation to scatter, daub, or leave any paint, paste or other substance used for painting, pasting, or affixing advertising matter upon any public street or sidewalk, or scatter or throw or permit to be scattered or thrown, any bills, waste matter, paper, cloth, or materials of whatever kind removed from the billboards, on any public street, or on private property.

"(f) BILLBOARD IDENTITY: There shall be placed and maintained on the top of each billboard the 'name' plainly painted, of the person, firm or corporation owning, or who is in possession, charge or control of such billboard, and said name shall be legible to the naked eye at a distance of 100 feet from the billboard.

"(g) No permit shall be issued for the erection or placing of any billboard requiring a permit, unless the applicant be a licensed person, licensed to practice out-door advertising, billposting, etc., as provided in the San Diego General License Ordinance No. 13223; excepting that this paragraph shall not be deemed to prohibit the Building Inspector from issuing such permit to any person, firm or corporation for the purpose of advertising their own business by means of outdoor signs or billboards on property which they own, lease or have control of; subject, however, to the provisions of Section 5003."

All applications for a license hereunder shall be referred by the City Manager to the Chief of Police for a full investigation of the truth of the matters set forth in such application, the character of the applicant, the character of the premises proposed to be licensed and any other matters upon which the City Manager may desire to be informed. The Council shall have the power to deny any application if it shall determine that the applicant, or the person who is to have the direct management of the premises, is not a suitable or proper person to carry on the business for which a license is sought, or if the premises proposed to be used in the conduct of the business to be licensed shall be deemed not to be a suitable or proper place therefor. Upon the denial of any application, the amount so deposited with the City Treasurer shall be returned to the applicant.

Section 8. No person, firm or corporation to whom a license has been issued under the provisions of this ordinance, who fails for more than fifteen days after the expiration of the time specified in said license to apply for a renewal thereof, shall be entitled to such renewal, but the license theretofore issued shall be deemed to be forfeited, and application must be made to the City Treasurer as in the case of an original application. Whoever shall fail for more than fifteen days after the expiration of any license issued under the provisions of this ordinance to apply for a renewal thereof, shall be required to pay a penalty of ten per cent. It is also declared to be unlawful for any employee provided for in this ordinance to leave the cabaret where he or she may be employed, or to in any way associate with any guest, patron or customer of said cabaret during the hours of employment; nothing herein contained shall be construed, however, to prevent any employee of a place licensed under the provisions of this ordinance from selling or serving food or drink to a customer, patron or guest of said place.

It is hereby declared to be unlawful for any place licensed under the provisions of this ordinance, to be open, or remain open for the use of the public, unless said notices are kept posted as herein provided. It shall be considered a violation of this ordinance for a proprietor, owner or manager, or person having the charge of said business, to refuse to immediately replace any notice herein provided for, upon demand of the inspector or any peace officer of The City of San Diego or the State of California.

Section 15. INSPECTOR'S DUTY.
