(c) An 'apprentice electrician' shall be deemed to mean any legally qualified person other than a master electrician or journeyman electrician who works directly under the supervision of a legally qualified 'master electrician' or 'journeyman electrician.'

(d) All persons desiring to qualify as journeyman electrician shall appear before the Board of Electrical Examiners for examinations, and upon successfully passing said examination they shall be granted a 'Certificate of Competency', which certificate shall be deemed a permit to work as a journeyman electrician. No person shall receive a journeyman electrician's certificate of competency, nor be given said examination, who has not attained the age of twenty-one years.

(e) Within thirty (30) days after the effective date of this ordinance all journeyman electricians twenty-one (21) or more years of age now or recently employed may make application for a 'Certificate of Competency' to the Board of Electrical Examiners and upon satisfying said Board that they have been employed at the electrical industry for a sufficient length of time to qualify for a 'Certificate of Competency' may be granted said Certificate forthwith.

(f) All persons desiring to qualify as apprentice electricians shall make application and register with the Board of Electrical Examiners or City Electrician, after which they will be granted an 'Apprentice Electrician's Working Permit'.

(g) Each journeyman electrician and apprentice electrician, after properly qualifying in due form, shall be issued an identification card or certificate, which shall be shown upon request to the proper authorities.

(h) Every journeyman electrician lawfully holding a 'Certificate of Competency' and every apprentice electrician lawfully holding an 'Apprentice Electrical Working Permit', may, during the month of June each year, make application to the Board of Electrical Examiners for renewal, and such renewals shall be granted upon receipt of the proper fee, provided that the Board of Electrical Examiners are satisfied that the holder of said certificate or permit is competent to do the class of work required as specified by said 'certificate' and/or 'apprentice working permit.'

(i) The examination fee for a journeyman electrician shall be Two Dollars (\$2.00), payable in advance. Failure to report for examination shall mean the forfeiture of said fee. The yearly 'Certificate of Competency' renewal fee for each journeyman electrician shall be One Dollar (\$1.00), payable in advance.

The fee for the apprentice electrical working permit shall be Fifty Cents (\$0.50), payable in advance. The yearly renewal fee will be Fifty Cents (\$0.50), payable in advance.

(j) All 'Certificates of Competency', 'permits' and all 'Apprentice Electrical Working Permits' shall expire on the last day of June each year unless sooner revoked, and no journeyman electrician or apprentice electrician shall continue work under said permit after July 1st, unless having been granted his 'Certificate of Competency' renewal or 'Apprentice Electrical Working Permit' renewal in due form as the case may be.

(k) No 'Certificate of Competency' or 'Apprentice Electrical Working Permit' shall be assignable or transferable.

Any License, Certificate of Competency, or Apprentice Electrical Working Permit may be suspended or revoked by the Board of Electrical Examiners for incompetency or for other just and legal cause; provided, however, that the holder of said 'license', 'certificate', or 'permit' shall be entitled to a hearing."

"Section 16-1/2. (a) For conduit wiring installed anywhere underground, or installed in locations where subject to the condensation of moisture, or when installed in permanent damp locations, all conductors other than the service neutral conductor shall be of the lead covered type, or of other type specially approved and designed for the same purpose.

The provisions of this section shall also apply to conduit wiring in concrete or masonry in direct contact with earth wherever the conduit therein is located within eight (8) inches of the earth.

(b) Open low voltage wires shall clear all portions of all buildings or structures over which they pass by not less than eight (8) feet vertically.

(c) All electrical wiring shall be installed in and/or on buildings and structures in metal in a manner which will permit all electrical conductors to be easily withdrawn and replaced, excepting where it is impossible to use conduits, or in existing buildings where the conductors must of necessity be fished into place."

Section 3. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

 AN ORDINANCE AMENDING SECTION 6-1/2 OF ORDINANCE NO. 11541
 OF THE ORDINANCES OF THE CITY OF SAN DIEGO, ENTITLED, "AN
 ORDINANCE CREATING A DEPARTMENT TO BE KNOWN AS THE 'DEPART-
 MENT OF ELECTRICITY,' REGULATING THE INSTALLATION, REPAIR,

 OF THE CITY OF SAN DIEGO, APPROVED FEBRUARY 20TH, 1920," AP-
 PROVED JANUARY 9, 1928.

BE IT ORDAINED By the Council of the City of San Diego, as follows:

Section 1. That Section 6-1/2 of Ordinance No. 11541 of the ordinances of the City of San Diego, entitled, "An Ordinance creating a department to be known as the 'Department of Electricity,' regulating the installation, repair, operation and maintenance of all electrical conductors, dynamos, motors and other electrical apparatus or material of any nature whatsoever, whether inside or outside of any building or on any street or public highway within The City of San Diego, State of California, and for the appointment of a City Electrician and assistants, and providing a penalty for its violation; and repealing Ordinance No. 7932 of the ordinances of the City of San Diego, approved February 20th, 1920," Approved January 9, 1928, be, and the same is hereby amended so as to read as follows:

"Section 6-1/2. (a) It shall be unlawful for any person to do any electrical work, or install any electrical wiring or similar or other work incident thereto which comes within the regulatory provisions of Ordinance No. 11541, and all amendments thereto, unless such person shall first have passed a satisfactory examination before the Board of Electrical Examiners and shall have been granted a 'license,' 'Certificate of Competency,' or 'Electrical Working Permit,' as required in said ordinance and amendments thereto; PROVIDED, however, that the provisions of this ordinance shall not be applicable to any regularly employed electricians of any motion picture producing studio, or motion picture exhibitor, temporarily engaged in the production or exhibition of motion pictures within The City of San Diego.

(b) The purpose of this section is to regulate Journeymen Electricians and Apprentice Electricians. The term 'journeyman electrician' shall be deemed to mean any person twenty-one (21) or more years of age, other than a master electrician or apprentice, who does electrical work or installs electrical wiring or similar and other work incident thereto which comes within the regulating provisions of Ordinance No. 11541, and all amendments thereto, whether receiving wages or not.

(c) An 'apprentice electrician' shall be deemed to mean any legally qualified person other than a master electrician or journeyman electrician who works directly under the supervision of a legally qualified 'master electrician' or 'journeyman electrician.'

(d) All persons desiring to qualify as journeymen electricians shall appear before the Board of Electrical Examiners for examinations, and upon successfully passing said examination they shall be granted a 'Certificate of Competency,' which certificate shall be deemed a permit to work as a journeyman electrician. No person shall receive a journeyman electrician's certificate of competency, nor be given said examination, who has not attained the age of twenty-one (21) years.

(e) Within thirty (30) days after the effective date of this ordinance all journeymen electricians twenty-one (21) or more years of age now or recently employed may make application for a 'Certificate of Competency' to the Board of Electrical Examiners, and upon satisfying said Board that they have been employed at the electrical industry for a sufficient length of time to qualify for a 'Certificate of Competency' may be granted said Certificate forthwith.

(f) All persons desiring to qualify as apprentice electricians shall make application and register with the Board of Electrical Examiners or City Electrician, after which they will be granted an 'Apprentice Electrician's Working Permit.'

(g) Each journeyman electrician and apprentice electrician, after properly qualifying in due form, shall be issued an identification card or certificate, which shall be shown upon request to the proper authorities.

(h) Every journeyman electrician lawfully holding a 'Certificate of Competency,' and every apprentice electrician lawfully holding an 'Apprentice Electrical Working Permit,' may, during the month of June of each year, make application to the Board of Electrical Examiners for renewal, and such renewals shall be granted upon receipt of the proper fee, provided that the Board of Electrical Examiners are satisfied that the holder of said certificate or permit is competent to do the class of work required as specified by said 'certificate,' and/or 'apprentice working permit.'

(i) The examination fee for a journeyman electrician shall be Two Dollars (\$2.00), payable in advance. Failure to report for examination shall mean the forfeiture of said fee. The yearly 'Certificate of Competency' renewal fee for each journeyman electrician shall be One Dollar (\$1.00) payable in advance.

The fee for the apprentice electrical working permit shall be Fifty Cents (\$0.50), payable in advance. The yearly renewal fee will be Fifty Cents (\$0.50), payable in advance.

(j) All 'Certificates of Competency,' 'permits' and all 'Apprentice Electrical Working Permits' shall expire on the last day of June each year, unless sooner revoked, and no journeyman electrician or apprentice electrician shall continue work under said permit after July 1st, unless having been granted his 'Certificate of Competency' renewal or 'Apprentice Electrical Working Permit' renewal in due form as the case may be.

(k) No 'Certificate of Competency' or 'Apprentice Electrical Working permit' shall be assignable or transferable.

Any License, Certificate of Competency, or Apprentice Electrical Working Permit may be suspended or revoked by the Board of Electrical Examiners for incompetency, or for other just and legal cause; provided, however, that the holder of said 'license,' 'certificate,' or 'permit' shall be entitled to a hearing."

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. The words "transient merchant" for the purpose of this ordinance shall mean and include all persons, both principals and agents, who engage in, or conduct, at one or more locations, or in no specified location within the city of San Diego, a temporary store, or temporary or transient business of selling goods, wares or merchandise with the intention of continuing in said business in said City for a period of less than six (6) months. A merchant shall be deemed to be a temporary merchant until he has been in business in the city of San Diego for a period of six (6) months. A merchant who operates a main or branch temporary store shall be a transient merchant as to said temporary store notwithstanding the fact that said merchant may operate other stores which are not temporary.

Section 2. As used in this ordinance, the words "Temporary store" shall mean a store, store room, office, room, doorway space, vacant lot, or other place, opened and/or maintained for the exhibition and present or future sale to the public, of goods, wares or merchandise, where the seller or owner of such goods, wares or merchandise intends to operate such store, store room, office, room or other place for a period of less than six (6) months.

Section 3. The provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, for resale, nor to any sales or goods, wares or merchandise at and during the continuance of any annual fair, nor to any sales by societies acting for charitable, religious or public purposes, nor to any sales made in recognized amusement zones, nor to the resale of goods, wares and merchandise by any person, firm or corporation which has acquired a stock of such goods, wares and merchandise in bulk, and offers the same to the public in premises which have been occupied for a period of not less than six (6) months by the person, firm or corporation from which the said stock was so acquired, nor to holders of licenses as itinerant fireworks vendors as provided in Section 64 of Ordinance No. 13223 of the ordinances of the City of San Diego.

Section 4. The word "person" as used in this ordinance shall be construed to mean any individual, association, partnership or corporation, or the operator for or the agent of any such person, who sells to the public at retail as a transient merchant any goods, wares or merchandise, as herein provided.

Section 5. Every transient merchant desiring to do business in the city of San Diego shall make an application in writing to the City Manager for a permit to operate as a transient merchant, which application shall be filed with said City Manager at least ten (10) days before such application shall be authorized to begin such business. The application shall contain a statement under oath, setting forth such information as the City Manager shall require pertaining to the operation of such business.

Section 6. Upon the granting of said permit the License Inspector shall deliver said permit to the applicant upon his filing of the bond hereinafter referred to in Section 7, and payment of the following fees; One Hundred Dollars (\$100.00) per month, or fraction thereof for the first month, and Eighty Dollars (\$80.00) per month, or fraction thereof, for every month thereafter, plus, in all cases, One Dollar (\$1.00) monthly for each One Hundred Dollars (\$100.00) of retail inventory value of goods, wares or merchandise to be sold or exhibited for sale. Said values shall be stated in a sworn inventory filed with said License Inspector at the time of the payment of said fee. The full amount of said fee shall be paid for each temporary store, whether a main store or a branch store. If for any reason the value of goods, wares or merchandise actually sold or exhibited for sale by said transient merchant shall exceed the value on which a fee has been based, said transient merchant shall pay without further demand a proportionate additional fee.

Section 7. The bond referred to in Section 6 hereof shall be executed by the applicant, as principal, and two sufficient sureties to be approved by the City Manager, in the sum of Five Hundred Dollars (\$500.00). It shall be conditioned that the principal will pay to the City of San Diego all amounts which may become due under the terms of this ordinance, shall fully comply with the provisions of this ordinance and all other applicable ordinances of said city, and the rules and regulations of any department thereof, and with all statutes of the State of California, relative to the conduct of the business in which said principal may be engaged, and that he shall pay all judgments recovered or rendered against him for any violation of said ordinances, statutes, rules or regulations, and further conditioned that said principal shall pay any and all judgments which may be recovered by any person, firm, association, or corporation for injuries to person, loss or damage to property resulting from the negligent operation of said business by said principal, as well as all damages sustained by any person, firm, association or corporation by reason of any misrepresentation or deception practiced by said principal or his agents or employees of any such person, firm, association or corporation transacting business with such transient merchant. A cash deposit may be made in lieu of said bond.

Section 8. Any person desiring to continue said business of transient merchant for a period longer than that stated in said application and permit, or desiring to renew said permit issued pursuant to the provisions of this ordinance, shall make application to the City Manager of said City of San Diego for the renewal thereof. In the event of the renewal of said permit, said transient merchant shall pay the license fee herein provided in the same manner as he paid the license fee under his original license, and the liability insurance policy or bond herein referred to shall remain in full force and effect.

Section 9. Permits issued under the provisions of this ordinance may be revoked or suspended as provided in Section 14 of said Ordinance No. 13223.

Section 10. Should the City Manager be doubtful as to whether a given applicant is a transient merchant, he may, in his discretion, as a condition of transacting business as a vendor of merchandise without the payment of any such fee, require such transient merchant to deposit with the City Clerk a bond exactly similar in amount and provision as described in Section 7 of this ordinance, as security for the payment of the fees required in the event that he proves to be a transient merchant, provided, that if such person remains in business in said city of San Diego for a period of six (6) months he shall be considered and deemed not to be a transient merchant, and his bond of Five Hundred Dollars (\$500.00) shall be returned.

Section 11. Any person, firm or corporation who advertises in any manner a sale of goods to be held in a temporary store, storeroom, office, room, doorway space, vacant lot or other place open and/or maintained for the sale of goods, wares, or merchandise to the public, without first having complied with the provisions of this ordinance, shall be deemed guilty of a misdemeanor and shall be punishable by a fine of not to exceed Five Hundred Dollars (\$500.00), or by imprisonment for a period not to exceed six (6) months, or both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a permit shall be considered as separate and distinct offense.

Section 12. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decisions shall not affect the validity of the remaining portions of this ordinance. The Council hereby declares that it would have passed this ordinance, and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

O R D I N A N C E NO. 619 NEW SERIES
AN ORDINANCE IN RELATION TO, AND REGULATING, THE BUSINESS
OF DEALING IN USED MOTOR VEHICLES, PROVIDING PENALTIES FOR
THE VIOLATION HEREOF, AND REPEALING SECTIONS 116 AND 117
OF ORDINANCE NO. 13223 OF THE ORDINANCES OF THE CITY OF
SAN DIEGO, APPROVED MAY 25, 1931.

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. DEFINITION. For the purpose of this ordinance a used automobile dealer is defined to be any person, firm or corporation engaged in, conducting, managing, or carrying on the business of buying, selling, or offering for sale, consigning to be sold, or otherwise dealing in used motor vehicles (Except bicycles), as the term "motor vehicle" is defined in Statutes of State of California of 1923, Chap. 266, as amended.

Section 2. It shall be unlawful for any person to engage in the business of a used automobile dealer, as the same is defined in this ordinance, without first having received a license in writing so to do from the License Bureau of the City of San Diego.

Before receiving or acting upon an application for the granting of a license to a used automobile dealer, the License Bureau shall, as herein defined, require:

First: The payment of the sum of Two Hundred Dollars (\$200.00) as a fee therefor.

Second: That there shall be filed in behalf of said applicant with the City Clerk of the City of San Diego at the time of filing said application, a bond executed to the City of San Diego by a surety corporation duly authorized so to do, to be approved by the Chief of Police, and no license or permit shall be granted to any person until a bond has been given in form as provided for in this section. Said bond must be joint and several and the penalty thereof must be One Thousand Dollars (\$1,000.00), and must be conditioned to be paid to the said City of San Diego, and any person, firm or corporation, insuring them against any loss, or damage that may result to any person, firm or corporation from any transaction involving a used motor vehicle by the dealer through failure to deliver a clear title to any person, firm or corporation legally entitled thereto within thirty (30) days after final payment has been made. Said bond shall not be void upon the first recovery but may be sued and recovered upon from time to time by any person aggrieved, until the whole penalty is exhausted. Before any such bond may be accepted for filing it must bear the approval of the City Manager and City Attorney.

Any person having a license at the present time as a used automobile dealer or as a second-hand automobile dealer, issued under the provisions of Ordinance No. 13223, need not apply for a license under this section, but on and after the effective date of this ordinance said person must comply with all the provisions of this ordinance, and upon the expiration of his yearly license must secure a renewal thereof in conformity with the provisions of this ordinance. Providing, however, that any such person holding a license under the provisions of the aforementioned ordinance will have only thirty (30) days after the effective date of this ordinance to secure and file the bond in the sum of One Thousand Dollars (\$1,000.00) provided for in this section, and if any such bond is not secured within thirty (30) days after the effective date of this ordinance, the Chief of Police shall revoke or suspend any license issued under the provisions of Ordinance No. 13223, provided such revocation or suspension is made under the provisions outlined in this ordinance.

Third: Each application for a license must be accompanied by an affidavit signed by the applicant showing that said applicant is to conduct his business at a fixed place, where used motor vehicles are, and will be, displayed for sale. Said application for a license must be signed by the applicant, and, if applicant is a corporation or partnership, the same must be signed by a duly authorized officer on behalf of the corporation, or by all members of the partnership, and the same must contain the address of all officers of the corporation, or of all the partners.

Section 3. Upon the receipt of said application, as provided in the preceding section, the Chief of Police shall designate a License Inspector to investigate the application and report in writing his findings to the Chief of Police. Such report shall set forth all facts ascertained in connection with the application, but shall not contain any recommendation pertaining to said application. Upon the contents of the report of the License Inspector, the Chief of Police of said city may grant or deny the application, or may, in his discretion, require a further investigation by said License Inspector or by other means. Upon demand each applicant must furnish his fingerprints and photograph to the Chief of Police. The Chief of Police shall have the power to deny any application if it be deemed by him that the applicant is not a suitable or proper person to carry on the business for which a license is required, or if the place at which the same is proposed to be located, practiced, carried on, or conducted, is not a suitable or proper place therefor. If any application is denied, the amount of money deposited with the City Treasurer by the applicant shall be returned to the applicant, provided, however, that whenever an application has been denied, the applicant may, within five (5) days thereafter, appeal to the Council for a hearing. The Council shall set a date and hold such hearing thereon as it may determine. Its decision shall be final.

Section 4. The License Bureau shall require an application fee of Two Hundred Dollars (\$200.00) for each application filed under the provisions of this ordinance. A fee of Twenty Dollars (\$20.00) shall be charged for any application for a yearly renewal of any license issued under the provisions of this ordinance, and a fee of Five Dollars (\$5.00) shall be charged for any application for a change of location of the place of business for which a license has been granted under the provisions of this ordinance. Such license issued by said License Bureau shall not be transferable; provided, however, that a fee of Five Dollars (\$5.00) only shall be charged for change of ownership in cases where the new owner is already operating under license issued under the provisions of this ordinance. Any used automobile dealer having at least one place of business, may secure a license for any additional locations by filing an application in the form heretofore mentioned, without furnishing a new bond, upon the payment of the sum of Five Dollars (\$5.00) for each application for additional locations sought under the provisions of this ordinance. Only one person, firm or corporation may conduct a used automobile dealer's business at any particular established place of business, unless any other person or persons desiring to conduct a business at the same location has also received a license from the License Bureau.

No person, firm or corporation, to whom a license has been issued under the provisions of this ordinance, who fails for more than thirty (30) days after the expiration of the time specified in said license to apply for a renewal thereof, shall be entitled to such renewal, but the license theretofore issued shall be deemed to be forfeited, and the application must be made to the License Bureau as in the case of an original application. Whoever shall fail for more than fifteen (15) days after the expiration of any license issued under the provisions of this ordinance to apply for a renewal thereof, shall be required to pay a penalty of ten per cent (10%) of the amount of the license fee. Such penalty shall be collected by the License Bureau at the time of renewal of said license.

Section 5. Anyone who now holds or may hereafter hold a license as a used automobile dealer, and who discontinues business for a period exceeding ninety (90) days, will automatically relinquish all right or interest in said license, and the same shall ipso facto be revoked without any further action on the part of the License Bureau.

Section 6. Every used automobile dealer shall keep a record of the purchase, consignments, sales or exchanges of each and every motor vehicle, purchased, sold, consigned to be sold or exchanged by him or them, which record shall contain the name and address of the person, firm or corporation from whom purchased or received, the make, State license number, motor number, serial number and style of any used motor vehicle so purchased or received.

Section 7. That every dealer in used cars must display a sign in letters of not less than six (6) inches in height, said sign to be placed in a conspicuous place on the premises, and the same must be legible for fifty (50) feet, and said sign must give the name of the person, firm or corporation authorized by the State law and the city ordinance to conduct the business of a used automobile dealer. The aforesaid sign must have painted on it in figures and letters, not less than two (2) inches in height, the license number of the license issued by the License Bureau to engage in the used automobile business.

Section 8. Every person, firm or corporation operating under the provisions of this ordinance shall be held strictly responsible for the conduct of his or their employees in so far as the sales or purchases of used automobiles or motor vehicles are concerned; it shall be his or their duty to see that no used automobiles or motor vehicles are sold or purchased by his or their agent or agents or any other person or persons in or upon his or their premises or location or locations other than his or their own used automobiles or motor vehicles unless such person or persons has a license, as provided for in this ordinance.

Any violation or violations of this section shall be deemed sufficient grounds to suspend or revoke the license of any person, firm or corporation so operating or allowing or permitting any one to sell used cars off their premises, unless the person so selling was either the agent or employee of the person holding a license, or unless such person so selling has a license of his or their own; and it shall be mandatory for any licensee under this ordinance to determine whether or not a person or persons he allows or permits to sell cars other than cars belonging to the licensee from any used automobile lot or premises operated by the licensee has an unrevoked license from the License Bureau to engage in the used automobile business.

Section 9. It shall be unlawful for any person, firm or corporation to engage in, conduct, manage or carry on the business of used automobile dealer with the City of San Diego, who, or which, does not first receive therefor a license as herein provided, from the License Bureau, and who, or which, does not have a fixed and determined place of business for the conduct of such business of used automobile dealer, at which place of business he, or it, displays the vehicles offered for sale.

It shall be unlawful for any used automobile dealer to sell an automobile from any place other than a fixed and established place of business, for which a license has been granted to conduct the business of selling used automobiles.

Section 10. In the event that any person, firm or corporation holding a license as a used automobile dealer, as herein defined, shall violate, or cause, or permit to be violated, any of the provisions of this ordinance, or any provisions of any other ordinance, or of any law relating to or regulating such used automobile business, or shall conduct or carry on such business in an unlawful manner, or shall cause or permit such business so to be conducted or carried on, it shall be the duty of the License Bureau to, and the said License Bureau may, in addition to the other penalties provided by this ordinance, suspend or revoke the license issued for conducting or carrying on such business. In the event any person, firm or corporation is issued a license under the provisions of this ordinance and the same shall be revoked by said License Bureau, no license shall be granted to such person, firm or corporation to conduct or carry on such business within six (6) months after such revocation. No license shall be revoked until a hearing shall have been had by the License Bureau relating to such revocation, notice of which hearing shall be given in writing to the licensee and served at least five (5) days prior to the date of the hearing thereon, such service to be upon the holder of such license, or his manager or agent, which notice shall state the ground of complaint against the holder of such license, or against the business carried on by him, or it, and also shall state the time when, and the place where such hearing will be had. Said notice shall be served upon the holder of such license by delivering same to such person, his manager or agent, or to any person in charge of, or employed in the place of business of such holder, or, if such person has no place of business, then at his place of residence, or by leaving such notice at the place of business, or residence of such person, with some person of suitable age and discretion. In the event the holder of such license cannot be found, and the service of such notice cannot be made upon him, in the manner herein provided, then a copy of such notice shall be mailed, postage fully prepaid, addressed to such holder, or such licensee, at his place of business, or residence, at least five (5) days prior to the date of such hearing.

Within five (5) days after the decision of the License Bureau, any such licensee affected may appeal to the Council for a hearing. The Council shall set a date and hold such hearing thereon as it may determine, and its decision shall be final.

Section 11. It shall be unlawful for any used automobile dealer to advertise in any newspaper, or through any other medium, that he has for sale any automobile, which automobile is not actually for sale at the premises at the time the advertisement is inserted in the newspaper or medium, and it shall be unlawful for any person not to discontinue the advertisement of any automobile within three (3) days after the selling of the same. The records and books of all used automobile dealers shall be open to the authorized representatives of the License Bureau of the City of San Diego to determine whether or not any used automobile dealer has unlawfully advertised for sale cars which are not actually for sale at his premises at the time the advertisement of such vehicle is inserted in the newspaper or medium. Within seventy-two (72) hours after any automobile that has been advertised for sale has been sold it shall be mandatory for the used automobile dealer to withdraw any advertisement relative to such automobile from any newspaper or any other medium in which he might have been advertising the sale of such automobile prior to actual sale.

Section 12. It shall be unlawful for any used automobile dealer to sell any used automobile or motor vehicle from any place other than a fixed and established place of business, for which a license has been granted to him, or them, by the License Bureau, to conduct the business of selling used automobiles or motor vehicles, except that nothing in this section shall prevent a used car dealer, or his authorized agent or representative, from offering for sale at wholesale used automobiles to other used automobile dealers at their respective places of business.

Every used automobile dealer, person, firm or corporation, who, or which, engages in, conducts, manages, or carries on the business of used automobile dealer within the City of San Diego, who or which, does not first receive therefor a license, as herein provided, from the License Bureau, and who, or which, does not have a fixed and determined place of business for the conduct of such business of used automobile dealer, at which place of business he, or it, displays the vehicles offered for sale, or who violates any other provisions of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not less than Fifty Dollars (\$50.00), nor more than Five Hundred Dollars (\$500.00), or by imprisonment in the city jail for a period of not less than ten (10) days nor more than six (6) months, or by both such fine and imprisonment.

Every person, firm or corporation shall be deemed guilty of a separate offense for each day during any portion of which any violation of any provision of this ordinance is committed, continued or permitted by such person, firm or corporation, and shall be punishable therefor as provided by this ordinance.

Section 13. That Sections 116 and 117 of Ordinance No. 13223 as amended, entitled "An ordinance providing for licensing and regulating the carrying on of certain professions, businesses, trades, callings, and occupations, in the City of San Diego, California," approved May 25, 1931, be, and each of them is hereby repealed.

Section 14. Nothing in this ordinance contained shall be deemed to relate to or regulate any person firm or corporation conducting a business pursuant to the provisions of Ordinance No. 346 (New Series) of the ordinances of the City of San Diego, and which is entitled, "An Ordinance regulating the business of wrecking and salvaging of motor vehicles, prescribing the penalty for the violation thereof and repealing Section 91 of Ordinance No. 13223 of the ordinances of the City of San Diego, approved May 25, 1931".

Section 15. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the ordinance. The Council of the City of San Diego hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

THE BUSINESS OF LAUNDRY ESTABLISHMENTS, FIXING A PENALTY
FOR THE VIOLATION HEREOF, AND REPEALING ALL ORDINANCES IN
CONFLICT HEREWITH.

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. DEFINITION. For the purpose of this ordinance, certain words and phrases shall be defined and certain provisions shall be construed as herein set out unless it shall be apparent from their context that they have a different meaning.

Section 2. "PERSON" shall include individuals, associations, firms, co-partnerships or corporations.

Section 3. "LAUNDRY ESTABLISHMENT" shall include any place where any article of clothing, napery, blankets, bedclothing or fabrics of any kind whatsoever are washed and/or ironed for hire, or where there is conducted the business of supplying to the public the use of any of said articles and of replacing the same with similar articles when those supplied are soiled or used, including any hand laundry.

Section 4. "LAUNDRY", "LAUNDER".

"LAUNDRY" is any article of clothing, napery, blankets, bedclothing or fabrics of any kind whatsoever that have been, or are about to be, or are being washed and/or ironed for hire.

"LAUNDER" means a process whereby laundry is washed and/or ironed for hire.

Section 5. "OUTSIDE LAUNDRY" is any laundry establishment located without the boundaries of the City of San Diego.

Section 6. PERMIT REQUIRED.

(a) No person, firm or corporation shall, within The City of San Diego, either as principal, agent, solicitor, representative or employee, take orders for laundering or washing of any article or articles of clothing, napery, blankets, bedclothing or fabrics of any kind whatsoever to be laundered or washed for hire, or conduct or carry on a laundry establishment as principal, agent, solicitor, representative or employee thereof, unless a permit shall have first been granted therefor by the License Department of the City of San Diego in conformity with the provisions hereinafter set out.

(b) No such license or permit shall be issued by said License Department until and/or unless the plant or place of laundering or other establishment in which said laundering or washing is to be done, and such of the employees as are engaged in the washing or laundering of clothes therein, shall have been inspected by the Director of Public Health of the City of San Diego or his duly authorized representative, and approved by the Bureau of Safety of the City of San Diego, and the sanitary character of such plant or establishment and absence of contagious or infectious disease among its agents or employees shall be certified to by said Director of Public Health or his duly authorized representative.

(c) Provided, however, that if such laundry establishment is situated outside The City of San Diego, the Director of Public Health, in lieu of such inspection and approval, may accept a certificate from the Board of Health, Health Officer, or other duly organized health authority situated in the city or town where such plant or establishment is located, certifying to such health conditions.

(d) Such inspections called for by this section, when within The City of San Diego, shall be made by the Director of Public Health of said City without charge.

Section 7. HEALTH CONDITIONS OF OUTSIDE LAUNDRY. If the health conditions existing in laundry establishments situated outside The City of San Diego, for which a certificate from its Board of Health or Health Officer has been given as provided in Section 6(c) of this ordinance, do not comply with the rules and regulations and health conditions required by the Director of Public Health of the City of San Diego for laundry establishments located within The City of San Diego, then the permit for said laundry located without the boundaries of said City as aforesaid shall not be approved until it is satisfactorily shown that the minimum health conditions required of laundry establishments within The City of San Diego are maintained in said outside laundry.

Section 8. RESTRICTIONS AS TO BUILDING. It shall be unlawful for any person, firm or corporation, or association of persons to establish, maintain, operate or carry on the business of a laundry establishment within the corporate limits of the City of San Diego in any building or any portions thereof, or any annex or outhouse thereto, that shall be occupied or used either directly or indirectly as a public hall or store, or that is frequented by persons likely to spread infectious or contagious diseases, or that is occupied or used or frequented, directly or indirectly, for any immoral or unlawful purposes; provided, however, that a family connected with the operation of said business may occupy a portion of said building not used for laundry purposes.

Section 9. DRYING IN SEPARATE ROOM. It shall be unlawful for any person, firm or corporation or association of persons conducting, maintaining or operating a laundry establishment within the corporate limits of the City of San Diego to dry any article of clothing, washed in such laundry, in any room other than the one used exclusively for drying purposes, which room must be entirely cut off from any other room, excepting that it may be connected with another room by means of a door opening thereto, in which event such door shall always be kept closed when not being used by a person entering or leaving such drying room; and said drying room, unless provided with a steam drying process, must be ventilated by the means of at least two windows, opening to the outer air, one of which windows shall be on the side opposite to another one thereof.

Section 10. CEMENT FLOOR IN WASHROOM. It shall be unlawful for any person, firm or corporation, or association of persons conducting, maintaining or operating a laundry establishment within the corporate limits of the City of San Diego to wash or permit to be washed any article of clothing in any room the floor of which is not constructed of cement and drained into a public sewer, in accordance with the plumbing regulations of said city, and so set as to prevent sewer gas from entering into such room.

Section 11. SPRAYING CLOTHING. It shall be unlawful for any person or persons, owning or employed in any laundry establishment in the City of San Diego, to spray the clothing of any person or persons with water or other fluid emitted from the mouth, or forced from any container by the mouth of said owner or employees.

Section 12. LAUNDRY ESTABLISHMENTS TO BE KEPT CLEAN. Laundry establishments conducted and operated within the meaning of this ordinance shall at all times be kept in a clean and sanitary condition.

Section 13. INSPECTION FEES. Whenever any laundry establishment seeking a permit to do business within the City of San Diego is located without the city limits of said City and is unable from any cause to produce a satisfactory certificate from the health authority or authorities in the town or city in which it is located, certifying to the health conditions at such establishment, such plant may, before a permit is granted, be required to submit to an inspection by the Director of Public Health of the City of San Diego. For making such inspection, the Director of Public Health of the City of San Diego is hereby authorized and directed to charge mileage at the rate of fifteen cents (\$0.15) per mile for each mile actually traveled by him from his office in the City of San Diego to the place where an inspection is made,

and return therefrom. In addition, the Director of Public Health is directed and required to charge a fee for such inspection at the rate of Two Dollars and Fifty Cents (\$2.50) per hour, for each hour actually spent in making such inspection, from the time of departure from his office in the City of San Diego until the time of his return thereto: provided, however, that where two or more laundry establishments are inspected on the same trip, the time occupied in traveling to and from such establishments may be pro-rated and charged proportionately to such establishments.

Section 14. LICENSE RENEWALS. Permits and/or licenses required for laundry establishments by virtue of the provisions of Section 69 of Ordinance No. 13223 or the provisions of any licensing ordinances or amendments thereto, shall be renewed annually, and it shall be unlawful for any laundry establishment as herein defined to do business within The City of San Diego without first having secured such permit and/or license.

Section 15. DRIVERS, SOLICITATION. It shall be unlawful for any person to operate, or permit or direct the operation of, any vehicle within the limits of the City of San Diego for the purpose of soliciting, picking up or delivering laundry for hire, unless such laundry is laundered at a laundry establishment maintained and conducted in conformity with the requirements of this ordinance and other ordinances of the City of San Diego appertaining thereto, and the name and address of such laundry establishment must appear in letters at least two (2) inches in height on both sides of such vehicle.

Section 16. SIGNS AND LISTS.

(a) It shall be unlawful for any person to maintain any office, building or other premises with any sign displayed thereon which represents such place to be a laundry establishment if all the processes of laundering are not done on such premises, unless there is displayed in equal magnitude with the aforesaid sign, the name or names, and each of them, of the laundry establishments where any or all of the laundering processes are in fact done.

(b) It shall be unlawful for any person, firm or corporation to solicit or take orders for laundering or washing of any article, or articles of clothing, towels, napery, blankets or bedclothing or fabrics of any kind whatsoever, to be laundered or washed for hire, unless the laundry list used in selling or soliciting said laundry service, shall bear the name of the laundry establishment or laundry establishments actually processing the work.

(c) It shall be unlawful for any person, firm or corporation to solicit, take orders for, pick up or deliver, laundering or washing of any article, or articles of clothing, towels, napery, blankets or bedclothing or fabrics of any kind whatsoever, to be laundered or washed for hire, unless the vehicle used in picking up or delivering said articles shall display in letters of not less than two (2) inches in height, the name of the laundry actually processing the work.

Section 17. LAUNDRY ESTABLISHMENT, APPLICATION, EXCEPTIONS. The provisions of this ordinance relative to laundry establishments shall not apply to any owner of a laundry establishment where all the work therein is done by such owner and/or where not more than one employee is engaged in the work thereof in addition to said owner.

Section 18. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than Fifty Dollars (\$50.00) nor more than Five Hundred Dollars (\$500.00), or by imprisonment in the City Jail for a period of not more than six (6) months, or by both such fine and imprisonment. Every person continuing, committing or permitting any violation of any provision of this ordinance shall be deemed guilty of a separate offense for each and every day of said violation of this ordinance.

Section 19. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council of the City of San Diego declares that it would have passed this ordinance and each section, subsection, sentence, clause or phrase thereof, regardless of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 20. All ordinances and parts of ordinances of the City of San Diego in conflict herewith are hereby repealed.

Section 21. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

From and after the effective date of this ordinance and the filing with the City Clerk of a certified copy of a resolution adopted by the Board of Education of the City of San Diego, accepting without qualification the provisions and terms of this ordinance, and agreeing to be bound thereby, said Board of Education shall be responsible for the maintenance and supervision and, except as hereinafter provided, shall control the use and occupancy, including advance booking of events, of the municipal stadium located in Balboa Park, in The City of San Diego; together with the right to use said stadium, with all ticket offices, club rooms, showers, lockers, store rooms and other conveniences, utensils and equipment therein, with the exception of one storeroom to be selected by and reserved for the use of the Park Department in the storing of equipment of said department, used in maintaining the area surrounding said stadium.

Section 2. Said Board of Education, in lieu of any specific rental or other consideration for the use and control of said stadium, and in lieu of paying to the City any portion of such revenues as may be derived by said Board from the rental of said stadium, for paid admission events, shall, at its own expense, maintain said stadium and the grounds thereto belonging, at all times in a first class condition, including the making of repairs, all in a manner satisfactory to the Director of Parks of the City; provided, however, that the City through its Park Department shall furnish without cost to said Board of Education sufficient water to supply the buildings and grounds; provided, further, that no improvement shall be undertaken by said Board, nor shall any change be made in the construction of any portion of the field, cinder track, grounds, shrubbery, buildings or appurtenances, without first obtaining the written approval of the Director of Parks of the City.

Section 3. That the City, acting through its City Manager, shall have the right to the full, free and complete use of said stadium, including the buildings and grounds thereof, for any legitimate civic purpose, function or event, provided that the Board of Education shall be notified a reasonable time in advance of any such requirement.

Section 4. Officials of the City shall have access to said stadium and grounds at all times, together with such employees of the City as the City Manager may designate, and upon his request said Board shall issue passes to such employees.

said stadium, property and grounds as in this ordinance provided; and said Board of Education shall likewise assume all liability for industrial accidents and/or accidents to persons that may occur in, about or in connection with said stadium, property and grounds during all times when said Board shall, under the provisions of this ordinance, have the responsibility for the maintenance, operation and use thereof, and will save The City of San Diego harmless from any and all liability arising therefrom, and will, at its own cost and expense, defend all suits and actions that may be brought against itself and/or The City of San Diego because of the occurrence of any loss, injury, expense, damage, accident or accidents in this section mentioned, and will pay and discharge all final judgments that may be rendered in such suit or action. Provided, however, that the assumption of liability by said Board as in this section set forth shall not be construed to apply during such times as The City of San Diego shall be exercising jurisdiction and control over said stadium, buildings and grounds under the provisions of Section 3 of this ordinance.

Section 7. The rights given to said Board of Education by this ordinance shall be subject to modification or termination at any time by ordinance of the Council of the City of San Diego, and in that event said Board of Education shall have no claim of any nature whatsoever against the City of San Diego by reason or on account of such modification or termination, nor shall said Board by reason thereof be relieved of the discharge of any duty, obligation or liability imposed upon it under the provisions of this ordinance, the performance or discharge of which duty, obligation or liability shall be due or exist at the date the rights given to said Board hereunder may be terminated.

Section 4. That said Exposition Company be, and it is hereby authorized and empowered to charge an entrance or admission fee to said exposition, and to exclude persons not paying such fee from the enclosed area, and/or areas adjacent thereto used for parking purposes; provided, however, that no entrance fee shall be charged the following persons, nor shall they be excluded from said area; Members of the Police and Fire Departments of the City of San Diego while on duty; and all other city officials and employees whose duties may require their presence within the said enclosed area and who exhibit proper authority from the City Manager to perform their duties relating to city affairs within said areas. That within the area of Balboa Park particularly described as Parcel No. 1 and Parcel No. 2 in Section 2 of this ordinance said Company, except as hereinafter provided, shall have the power and authority to sell, give, grant or license to any person, association or corporation such rights and privileges and concessions as are usually granted by expositions, including the right to construct and maintain exhibits and displays, control and regulate transportation, and to conduct any and all kinds of lawful business, maintain places of amusement and entertainment, and to charge and collect compensation therefor, and generally to do such things and exercise such powers as are incidental and necessary in preparing for and holding such exposition; provided, however, that in the event any department of the City of San Diego desires and is authorized by the proper officials of the City to maintain any exhibit or display within the area described, no fee or compensation for such space occupied or for such rights and privileges shall be charged or collected from The City of San Diego, or from any department thereof. detailed and authorized to perform the duties of a peace officer, while on active duty, shall have free access to all places of business, amusement, entertainment, display, exhibit, and the like, and shall have jurisdiction at all times to exercise police supervision and control over all said places of business, and shall have authority to enforce the provisions of all the laws of the State of California and of the ordinances of the City of San Diego. That in the event any concession granted, exhibit, display, place of business, amusement, entertainment, or any other business permitted to be operated within the confines of said area shall be found by the Chief of Police or the City Manager to be operated or conducted in such manner as to constitute a public nuisance, or in an indecent, offensive manner, or in violation of any law of the State of California or any ordinance of The City of San Diego, or in any other way detrimental to the public welfare or health, the City Manager and/or the Chief of Police of the City of San Diego shall have the right and authority immediately to order and enforce the closing of such concession, exhibit, display, amusement, entertainment, or other business, and to require the person responsible to remove immediately such of their buildings, exhibits, displays, amusements and entertainments that have contributed to such nuisance or violation of law. The enumeration of rights and powers reserved to the City, as herein contained, shall not be construed as all-inclusive. The members of the Police Department of the City of San Diego, while on active duty, shall have and exercise such other and additional powers, duties and authority as are usually exercised by peace officers of the City of San Diego.

Section 5. That said Exposition Company shall reimburse the City for the additional actual cost to said City of providing such additional fire and police protection in Balboa Park as may be determined by the City Manager to be necessary during the continuance of said exposition, not exceeding, however, the sum of five thousand dollars (\$5,000.00) per month. On the first of each month during such time as said additional expense is incurred The City of San Diego will present to said Company duly executed claims for the amounts so expended during the preceding thirty-day period; and not later than the fifth of each month the Company shall pay said claims to The City of San Diego, which said payments shall be allocated by the Auditor and credited to the Police or Fire Department, as the case may be. The obligation of said Company to pay said claims shall be a general obligation; provided, however, that the City shall have a first and prior lien upon all revenues derived by the Exposition Company from parking in the areas permitted for such purpose hereinabove recited, which said parking shall be conducted, operated and maintained directly by the said Exposition Company; and all revenues derived by it from such source shall be by it placed in a special trust fund for the purpose primarily of paying the claims of the City on account of additional fire and police protection; provided, further, however, that if at any time there shall be accumulated in such special trust fund moneys in excess of that reasonably necessary to discharge in full the City's claim for the current month, such excess may be used by the Exposition Company for other purposes.

Section 6. That said Exposition Company shall immediately cause to be put into effect, pay for and maintain at all times during its occupancy of the grounds and buildings described in referred to in this ordinance, fire insurance in an amount and of a character which shall be reasonably adequate to protect both The City of San Diego and said Company in event of loss, and which shall be approved by an advisory board or committee composed of the City Manager and a member of the executive committee of said Exposition, together with one insurance expert who shall be jointly named by them.

Section 7. That immediately upon the taking effect of this ordinance said Exposition Company shall create and establish a trust fund and place therein the sum of seventy-five thousand dollars (\$75,000.00), which said trust fund shall be in the names of and administered by three (3) individual trustees, whose appointment shall be subject to the approval of the City Council.

The trust fund so established, or so much thereof as may be necessary, shall be devoted to and used exclusively: First, for the payment at the close of said exposition of any moneys due and unpaid to the City by said Exposition Company under the provisions of this ordinance; Second, for the reconditioning and restoration of the buildings, structures, grounds and plantations of the park in so far as the use and occupancy thereof by said Exposition Company hereunder shall make such reconditioning and restoration necessary; and, Third, for the removal from said exposition grounds of temporary or undesirable structures after the close of said exposition. The work and extent of such reconditioning, restoration and removal shall be under the direction and subject to the approval of the City Manager and City Council, and shall be carried on promptly and continuously to completion within a period of six (6) months after the close of the exposition. Upon the completion of such work to the satisfaction of the City Manager and City Council, and the payment of any moneys that may be due to the City from said Company hereunder, the Council shall authorize and permit the release of any remaining and unnecessary portion of said seventy-five thousand dollars (\$75,000.00). Provided, however, that neither the establishment of said trust fund and the placing therein of seventy-five thousand dollars (\$75,000.00), as hereinabove required, nor the expenditure of the same for said purposes, shall operate to relieve or discharge said Exposition Company from the performance of any of the duties and obligations imposed upon it by Sections 5 and 13 of this ordinance in event said seventy-five thousand dollar (\$75,000.00) trust fund shall prove insufficient for the purposes, and said Exposition Company shall nevertheless be held liable for full and complete performance of said duties and obligations.

Section 8. That the Exposition Company shall establish and maintain, or cause to be established and maintained, adequate public rest rooms and toilets located at convenient places within said enclosed areas, the number, adequacy and location of which shall be determined and controlled by the City Manager, and said Company shall not make or permit any charge to be made for at least fifty per cent (50%) of such rest room and toilet facilities.

Section 9. That said Exposition Company, before it shall make or undertake any major changes in the permanent buildings, or in the landscaping, trees, shrubbery or gardens of said park, shall make written application to the City Manager so to do, and receive his written consent thereto.

Section 10. That said Exposition Company shall arrange for and permit convenient and adequate entrances at all times to persons desiring to visit the City's Zoological Exhibit maintained in said park, the Indian Village, and the area known as the Pepper Grove, located in said park, and as a condition thereof shall not exact or charge any admission fee therefor.

Section 11. During the period of reconstruction and re-establishing of said exposition, and until fifteen (15) days prior to the formal reopening thereof, the public shall be permitted free entrance through the east gate and the west or Laurel Street gate as now established, to said enclosed area; provided, however, that no automobiles shall be permitted to enter during said period except those engaged in exposition business or official city business; and provided, further, that said Exposition Company may within said enclosed area close, fence or rope off sections where the convenience of building operations or the protection of the public safety reasonably requires the exclusion of the public.

Section 12. Said Exposition Company shall covenant and agree, and does by the acceptance of any of the rights and privileges granted to it under this ordinance covenant and agree, to save The City of San Diego and its officials harmless from all liability for any loss, injury, expenses or damages from any cause whatsoever to any person or property, including any of the property of the City permitted by this ordinance to be used or occupied by it, that may happen, arise or occur as a result of the possession, occupancy, operation or maintenance herein provided for; and shall save the City and its officials harmless from all liability for industrial accidents and/or accidents to persons that may occur in, about or in connection with the hereinbefore described area of said park during the term for which said Company shall have the right and privilege under this ordinance of occupying the same for the purposes herein set forth; and will, at its own cost and expense, defend all suits and actions that may be brought against itself, or against The City of San Diego, or any official of said City, because of the occurrence of any loss, injury or expense, damage, accident or accidents in this Section mentioned, and will pay and discharge all final judgments that may be rendered in any such suit or action; and to the end that the City shall be protected in the foregoing respects, said Exposition Company shall immediately secure and maintain in force during its occupancy of said Park hereunder full coverage indemnity or liability insurance sufficient to protect the City and said Company against all liability assumed by said Company under the provisions of this Section; and shall promptly file, or cause to be filed, with the City Clerk of said City a certificate or certificates of the insurance carrier or carriers with whom said Exposition Company is carrying policies of insurance, as required and contemplated hereunder.

Section 13. That the rights and privileges given and granted to said Exposition Company are upon the additional express conditions that at the close of the exposition said Company and all exhibitors and concessionaires shall promptly vacate said park and shall remove therefrom without cost to The City of San Diego such buildings, structures, fixtures or other installations erected or installed by them as the City Manager may designate for removal and order removed; that the time and manner of such removal shall be under the control and subject in all respects to the direction of the City Manager and the City Council; that said Exposition Company shall have no right to remove any buildings, structures, fixtures, lights, wiring or other facilities or improvements erected or installed by or under the control of said Exposition Company, and which are now owned or may subsequently be acquired by it without first receiving the written consent of the City Manager; and that said Company, without expense to the City, shall recondition, restore and rehabilitate the buildings, structures, grounds and plantations of the park in a manner satisfactory to the City Manager and City Council, and will leave said grounds and the original existing buildings and structures, together with such new buildings, structures, fixtures, lights, wiring, and other facilities and improvements as may be required by the City Manager to be left in said area, in a condition satisfactory to the City Manager and the City Council for use as a part of such park. Provided, however, that the right here reserved to require the Exposition Company to leave in said park fixtures, lights, wiring or other facilities or improvements shall be limited to such thereof as are reasonably adapted to, and usable and useful for park purposes. Provided, further, that all persons, associations and corporations maintaining exhibits or displays or conducting any business in said exposition area shall have the right and privilege of removing therefrom goods, wares, equipment or other personal property placed in said exposition by them; and, also, such buildings, structures and fixtures erected or installed by them, the right or privilege of removing which has been reserved by contract with said Exposition Company.

Section 14. That the California-Pacific International Exposition Company, by the acceptance of any of the benefits conferred under the terms of this ordinance, agrees that this ordinance is in the nature of and constitutes a contract by and between The City of San Diego and the California-Pacific International Exposition Company; and that the rights, privileges and benefits conferred upon said Company are conditioned and contingent upon the prompt, full and complete performance by and compliance with each and every obligation, requirement, term or condition in this ordinance imposed upon said Company, and that upon any breach or default thereof or therein by said Company there shall be available to The City of San Diego all remedies provided by the law of contracts.

Section 15. That all ordinances and parts of ordinances inconsistent or in conflict with the provisions of this ordinance, be, and the same are hereby repealed.

Section 8. RULE VI. PRESSURE CONDITIONS.

All applicants for service connections or water service shall be required to accept such conditions of pressure and service as are provided by the distributing system at the location of the proposed service connection, and to hold the Department harmless from all damage arising from low pressure or high pressure conditions or interruptions of service.

Section 10. RULE VIII. DOMESTIC, COMMERCIAL, INDUSTRIAL SERVICE CONNECTION.

(a) Each house or building under separate ownership must be provided with a separate service connection and meter. Two or more houses under one ownership and on the same lot or parcel of land must be supplied by individual or separate service connections and meters; except in the case of a court or in case a house be located on the rear of an inside lot, one service and meter may be installed by the owner to cover more than one house or building.

(b) The Department, however, reserves the right to limit the number of houses or the area of land under one ownership to be supplied by one service connection.

(c) Not more than one service connection for domestic or commercial supply shall be installed for one building, except under special conditions.

(d) A service connection shall not be used to supply adjoining property of a different owner, or to supply property of the same owner across a street or alley.

(e) When property provided with a service connection is subdivided, such service connection shall be considered as belonging to the lot or parcel of land which it directly enters.

Section 11. RULE IX. COMBINED DOMESTIC AND IRRIGATION SERVICE.

This service shall be for water delivered through a standard meter and shall include all water supplied for irrigating agricultural, horticultural, floricultural and viticultural crops produced primarily for the market and for domestic use through the same meter under existing pressure and at the will of the consumer, upon tracts or single parcels of land under single occupancy aggregating not less than one-half acre. Combined irrigation and domestic service shall be furnished only to those who agree in writing on form provided by the Department, to take such service at the special rate provided for such service, and for a period of at least one year and to renew such agreement annually.

The Department will reserve the right to cancel such service agreement on authority of the City Manager, when there is sufficient evidence of a shortage of water supply in the city's impounding reservoirs.

Section 12. RULE X. FIRE SERVICE CONNECTIONS.

(a) When a fire service connection is installed the valve governing same will be closed and sealed and remain so until a written order is received from the owner of the premises to have water turned on. After water is turned on the Department shall not be held liable for damages of any kind whatsoever that may occur to the premises serviced by reason of the installation, maintenance, use, fluctuation of pressure, or interruption of supply.

(b) In no case shall any connection be made with any sprinkler or fire service without written consent of the Department, and should it be found that any such unauthorized connection has been made, or that water has been used from a sprinkler or fire service for any other purpose than extinguishing a fire, the water service shall be shut off and not turned on again until a sum equivalent to the monthly minimum provided for in Section 1 of the Water Rates Ordinance, effective at that time, for a similar sized regular installation, is paid, covering the entire period during which the service has been installed. A standard meter of the equivalent size of the service pipe shall be installed by the Department at the owner's expense at rates provided in Rule III of these Rules and Regulations.

(c) The Department reserves the right to install on each fire service connection a by-pass meter, such installation to be made at the expense of the owner of the property.

Section 13. RULE XI. WATER TO PASS THROUGH METER.

All services not otherwise provided for in these rules and regulations shall be metered, and all city water used on any premises shall pass through a meter.

No by-pass or connection between the meter and the main shall be made, maintained or permitted except as may be installed by the Department for sprinkler or fire service. Water served to any premises, where there is or has been any infringement of Rule X, will be shut off at once, and will not be turned on again until full satisfactory settlement has been made with the Department for such infringement.

Section 14. RULE XII. WATER SUPPLY FROM A FIRE HYDRANT.

(a) Persons wishing to take a supply of water from a fire hydrant must make application to the Department for such service. The Department will make the necessary connections and install a meter of required size.

(b) When water is required for construction purposes of any type, upon making proper application a service connection will be made with a main or at a hydrant at the most accessible point to the construction work. Where the connection is not sufficiently accessible and water must be taken to the work in a tank wagon or barrel, such supply shall be taken through the meter as installed. In no case will water be furnished for any purpose except through a meter.

Section 15. RULE XIII. TURNING ON WATER.

Turning on water at the curb or inlet side of the meter by other than authorized employees of the Department in any instance or for any purpose whatsoever is unlawful.

Section 16. RULE XIV. SHUTTING OFF WATER.

Upon application of the owner or occupant of a building or premises served by water service connection to have water shut off at the supply or inlet side of the meter, the Department will shut the water off, and at the same time will record the reading of the meter.

The Department reserves the right to shut off the water supply from any premises at any time without notice, for the purpose of making repairs, extensions or other necessary purposes, and also for non-payment of bills.

Section 17. RULE XV. PLUMBERS.

Whenever plumbers or other persons connecting service pipes to the property or outlet side of the meter may use the water for testing pipes and fixtures at an unoccupied building, they shall see that water is properly shut off before leaving same.

Section 18. RULE XVI. BOILER CONNECTIONS.

(a) It is unlawful for any person or persons to draw water from any city water supply pipe direct into any stationery steam boiler within the corporate limits of the City of San Diego.

(b) All persons having boilers or other heaters supplied with city water are cautioned against danger of explosion or collapse. The City will not be liable for any damage that may occur on account of water being cut off as a consequence of such explosion, collapse, or other occurrence, or on account of the breakage of any pipe or fixture by pressure of water from the city mains.

(c) Where water is supplied to a steam engine boiler, its owner must provide a tank of sufficient capacity to serve a continuous supply to the boiler or boilers for at least twelve hours. Water service pipe will be discharged into such tank.

(d) It shall be unlawful for any person, firm or corporation to cause, or permit to be installed, or to allow to exist, any inlet discharging water supplied by the Department in or to any tank, cistern, reservoir, or any other receptacle for the storage or use of water below the maximum possible high water level of such tank, cistern, reservoir, or other receptacle for the storage or use of water.

Section 19. RULE XVII. IN CASE OF FIRE.

Consumers are required to use discretion by shutting off lawn sprinklers or any steady flow of water, where same does not interfere with business, in case of a fire in their section of the city.

Section 20. RULE XVIII. TEMPORARY SERVICE CONNECTIONS.

(a) A temporary service connection may be installed at the same charge as provided for a regular service connection (Rule III).

(b) A temporary service connection shall be discontinued within six months after installation, unless an extension of time has been granted by the Department.

(c) A temporary service connection conforming with standard requirements may be made permanent at the end of six months after installation, provided all charges for service installation, together with all bills for water furnished through such service, have been paid in full.

(d) For temporary service over a short period, special arrangements may be made to secure water supply as follows:

1. From an installed service connection not in use.
2. From an outlet at the inlet side of a meter on a service connection that is in use, provided the applicant shall first secure the owner's permission to make such connection, and shall agree to pay the cost of making the connection.
3. From house faucets, provided the applicant shall first have arranged with the consumer who pays for water used through the service.

Section 21. RULE XIX. EMERGENCY SHUT-OFFS.

Consumers are instructed that in laying service pipe from the building to the meter, it is compulsory that a wheel valve be placed in the line, inside the meter box, for use in shutting off the water in case of emergency.

Section 22. RULE XX. METER TESTING.

When the accuracy of a water meter is questioned the Department shall, upon request on form provided, cause an official test to be made upon deposit by the consumer of the following amounts:

For testing a 5/8-	inch meter,	\$1.00
For testing a 3/4-	inch meter,	1.25
For testing a 1-	inch meter,	1.50
For testing a 1-1/2-	inch meter,	1.75
For testing a 2-	inch meter,	2.00
For testing a 3-	inch meter,	3.00
For testing a 4-	inch meter,	4.00
For testing a 6-inch or larger meter,		5.00

If, upon examination of the meter to ascertain the accuracy of its operation, it shall be found to register over 3% more water than actually passes through it, another meter will be substituted therefor, and the fee charged for such test will be refunded to the person making the application. An adjustment for a period of three months prior to the test will be made on the basis of the percentage the meter is in error.

Section 23. RULE XXI. CONSUMER'S GUARANTEE.

The water charge begins when a service connection is installed and the meter is set, unless the water is ordered to be left shut off when the service connection is ordered to be installed. In such case the Department will install and seal the meter.

Before water is turned on by the Department for any purpose whatsoever the consumer (whether owner, owner's agent, or tenant), must sign a form in which he guarantees payment of future water bills for the service required.

If the consumer is a tenant, he will be required to deposit a cash guarantee equal to the estimated amount of two months' water bills. Such deposit cannot be less than three dollars (\$3.00).

The person signing the guarantee form will be held liable for payment for water used until the Department is notified, in writing, to discontinue service, or to make a change in service responsibility.

Before service is rendered to another applicant a new guarantee form must be signed, and if the consumer is a tenant, a new deposit will be required.

No deposit is required if the owner of the property, by his own signature, or the signature of his agent, to the guarantee, assumes responsibility for the payment of the water bill, provided all bills are paid promptly.

In case the owner of a property served by the Department shall become delinquent in the payment of water bills for two consecutive months, and it becomes necessary to shut the service off, unless satisfactory evidence of inability to pay is given, such owner of property so served may be required to sign a new guarantee and to make a regular cash deposit with the Department.

Section 24. RULE XXII. METER READING PERIODS.

Under ordinary conditions, continuous service meters shall be read ~~be read~~ monthly on approximately the same day of each month, and a bill issued showing the period covered by the meter reading, the amount of water used, and the total charge for the service rendered. If a large or unusual meter registration occurs a memorandum shall be given to the meter reader, and the reading be checked before the bill is mailed. The Department's services shall be available without charge in locating probable cost of high registration. The left-hand figure above the name on the address side of the water bill will indicate the district in which the meter is located. Unless the applicant for water service in writing shall direct otherwise all bills will be mailed to the premises where water service is furnished. If the applicant shall in writing so direct the Department will mail the bills to the business or home address of the applicant, or his agent. When the meter is covered with building materials, etc., so that it cannot be read, an average bill, or a series of average bills will be rendered, and the accumulated over-reads or mis-reads (if any) will be adjusted at the next actual reading. If the meter fails to register, the charge for water will be based upon the average of the three preceding months during which the meter is known to have registered correctly, taking into consideration the volume of business, seasonal demand, and any other factors that may

assist in determining an equitable adjustment.

Section 25. RULE XXIII. PAYMENT OF WATER BILLS.

For convenience in the reading of meters and the preparation of water bills, the Department is hereby expressly authorized and it shall be its duty to divide the city into districts, designating such districts by number running consecutively from No. 1. The Superintendent of the Division of Distribution of the Water Department may from time to time revise or change the existing districts, and add new districts whenever in his judgment such revision, changes or additions shall be necessary or desirable, in order to equalize the work of reading meters. The meters in each individual district so established shall be read on the same day of each month, except when Sundays or holidays interfere. Water bills based on such meter readings shall be prepared and mailed to the consumers in each individual district on the same day of each month, except when Sundays and holidays interfere. Fifteen (15) days shall be allowed from the date of mailing said bills for the payment thereof. The final date of payment shall be plainly printed on each water bill.

PENALTIES. If a water bill is not paid before the close of the final day of payment a penalty of ten per cent (10%) of the amount of said bill shall be added thereto; provided, however, that when the final day for payment shall fall on Sunday or a legal holiday, payment may be made without penalty on the next regular business day.

NON-PAYMENT OF WATER BILLS. In the event that any consumer shall be delinquent in the payment of his water bill, and such delinquency shall continue for a period of five (5) days after the final date of payment of such bill or bills, the Department shall have the right forthwith and without notice to discontinue water service to such delinquent consumer; and water shall not again be supplied to him until all delinquent water bills, plus the penalties thereon, as herein provided, have been paid.

Section 26. RULE XXIV. REMOVING NON-REGISTERING METERS.

When a non-registering meter is removed for failure to operate, a notice shall be left on the premises informing the consumer that the old meter supplying such premises has been removed for failure to operate, and that a new meter has been set in its place. This notice shall also inform the consumer that in the event the removed meter shall be found upon examination to have been injured and rendered ineffective because of the backing up of hot water or steam from the consumer's water heater or boiler, the expense of the damage caused thereby will be charged to such consumer.

Section 27. RULE XXV. ADMISSION OF DEPARTMENT EMPLOYEES TO CONSUMER'S PREMISES.

Employees of the Department shall be admitted during all reasonable hours to the consumer's premises for the purpose of inspecting, testing, checking, changing, or reading water meters installed thereon, and shall upon request and proper identification be admitted for said purposes to any building or structure located upon said premises. All employees of the Department engaged in such work shall be furnished with identification badges or letters of authority from an official of the Department. Employees of the Department are prohibited from making any sort of repairs to consumer's fixtures on the property side of the meter. No money shall be paid to any Department employee for any service unless he shall be an authorized collector for the city.

Section 28. RULE XXVI. TURNING ON WATER SUPPLY.

Whenever, in response to a turn-on order, a Department employee shall find the house or property vacant, he shall endeavor to ascertain if water be running on the inside of the building. If this is found to be the case the water will be left shut off at the meter and a notice shall be left at the house stating why the water was not turned on. All property owners shall be required, for their own convenience and safety, to have or provide a wheel valve in the line inside the meter box on the property side of the meter.

Section 29. RULE XXVII. RETURN OF GUARANTEE DEPOSIT.

Guarantee deposits apply only upon a closing account. The balance of any deposit remaining after the closing bill for service has been settled will be returned promptly, provided nothing is owing to the Department by the depositor for water delivered to any former address.

Section 30. RULE XXVIII. WATER USED WITHOUT REGULAR APPLICATION BEING MADE.

A person, firm or corporation taking possession of premises and using water through an active service connection without having made application to the Department for water service shall be held liable for the water delivered from the date of the last recorded meter reading, and if the meter was found inoperative the quantity of water consumed will be estimated.

If proper application for water service is not made promptly upon notification to do so by the Department, and/or if accumulated bills for service are not paid immediately, the service may be discontinued by the Department without further notice.

Section 31. RULE XXIX. FORMER CONSUMERS OWING BILLS MUST PAY BEFORE NEW APPLICATION WILL BE RECOGNIZED.

When an application for water service is made by a former consumer who has failed to pay all bills for service previously rendered, the Department may refuse to furnish water to such applicant until the outstanding bills are paid. The Department may also require a guarantee deposit for the payment of future bills, even though the applicant is the owner of the property.

Section 32. RULE XXX. TURNING ON AND OFF WATER SUPPLY.

No charge will be made by the Department for turning on or shutting off the water supply, when requested by the consumer, incident to the closing of an old account, or the opening of a new one.

When service has been discontinued on account of non-payment of water bills, or on account of failure to make required cash guarantee deposit, or for any other infraction of the rules, a charge of One dollar (\$1.00) will be made by the Department for turning on the water supply. This amount, plus the consumer's unpaid outstanding bills, must be paid by the consumer before service will be renewed.

It shall be unlawful for the occupants of the premises to turn on the water, or cause it to be turned on, after it has been shut off at the curb or meter for any of the above reasons, and in addition to any other penalties prescribed by law, the water will be shut off again, the curb cock will be sealed, the meter taken out, and a charge of five dollars (\$5.00) will be made for the expense incurred.

Section 33. RULE XXXI. DAMAGES THROUGH LEAKING PIPES AND FIXTURES.

The Department's jurisdiction and responsibility ends at the meter, and the Department will in no case be liable for damages occasioned by water running from open or faulty fixtures, or from broken or damaged pipes beyond the Department's meter.

Section 34. RULE XXXII. MISCELLANEOUS SERVICES NOT MENTIONED HEREIN.

The Department is always willing to render any reasonable service in connection with the supply of water service to consumers upon application at the main office of the Department, providing, however, that reasonable charges may be made for any expense involved in rendering the service.

Section 35. RULE XXXIII. WATER MAIN EXTENSIONS.

No set rules are provided covering the extension of the Department's water mains.

Section 36. RULE XXXIV. MAINS IN NEW TRACTS AND SUBDIVISIONS.

Whenever any tract or subdivision of land within the corporate limits of the City of San Diego shall be laid out in lots for the purpose of sale, the owner or owners thereof, in addition to complying with all the requirements of General Laws of the State of California, and other ordinances of the City relating thereto, shall comply with the following additional requirements, to-wit:

The owners or agents of the land, of which the map or plat has been submitted, shall, before the said map or plat is adopted, install water mains of sufficient size to insure adequate service to the number of lots specified in such proposed addition, subdivision or tract. The adequacy of said mains shall be subject to the approval of the Department.

Also, to install the regulation fire hydrants, sufficient in number to secure proper fire protection in such proposed addition, subdivision or tract. Provided, however, that the Department, subject to the rule of the City Manager, may accept in lieu of such finished work, a cash deposit in such sum as is deemed sufficient as a guaranty that such water mains and fire hydrants will be installed and completed within such time as the City Manager may designate. Upon the approval of such deposit of such cash, the City Manager may accept and approve such map or plat before the actual installation of such water mains and fire hydrants. All work of installing such water mains and fire hydrants shall be done to the full satisfaction of the Department's inspection, subject to the approval of the City Manager. Where no map is filed on subdivided property, and where no streets and/or alleys are dedicated in said subdivisions, the Department will not be obligated to install any services within said subdivision, but will install service and meter at main serving such subdivision on dedicated street or alley adjacent to such subdivision.

Section 37. RULE XXXV. WATER MAINS PROPERTY OF THE DEPARTMENT.

-All water pipes which have been approved by the Department, laid in streets, alleys, or other public thoroughfares within the corporate limits of the City of San Diego shall become the property of the Department.

Section 38. RULE XXXVI. STREET WORK.

All contractors, persons, corporations, etc., who open, grade, regrade, fill, excavate, or otherwise work a street, shall give at least three (3) days' written notice to the Department for the removal, raising, lowering, or otherwise displacement of any water mains, pipes, fittings, meters, or other watersystem property that may interfere with such street work.

Contractors, or other persons performing such work, shall be liable for damage to city water properties.

Section 39. RULE XXXVII. FIRE HYDRANTS.

(a) Fire hydrants are provided for the sole purpose of extinguishing fires, and are to be opened and used only by the Fire Department and Water Department, or such other persons as are specially authorized by the Department, upon such person or persons making application at the main office of the Department.

(b) To insure safety of fire hydrants for fire protection, any person or persons authorized by the Department to open fire hydrants will be required to use only an approved Spanner wrench, and to replace the caps on the outlets when the same are not in use. Failure to meet this requirement will be sufficient cause to prohibit further use of the hydrants, and the refusal of subsequent authorization for the use of fire hydrants.

(c) It is unlawful for any person or persons to carry away any water from any fire hydrant without a written permit, furnished upon regular application, by the Department.

(d) It is unlawful for any person to place upon or about any fire hydrant, gate valve, manhole, stopcock, meter, or meter box connected with water pipes of the system of water works, any material, debris or structure of any kind so as to prevent free access to the same at all times.

Section 40; That any person who commits any act which by the terms of this ordinance is declared unlawful, or who shall omit to perform any act, the omission to perform is declared to be unlawful, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine in a sum not exceeding one hundred dollars (\$100.00), or by imprisonment in the city jail for a period of not exceeding thirty (30) days, or by both such fine and imprisonment.

Section 41. That Sections 2, 3, 4, 5, 6, 7 and 8 of Ordinance No. 8210 of the ordinances of the City of San Diego, entitled, "An Ordinance relating to water service and water rates for service and water furnished by the City of San Diego," approved December 22, 1920, as amended, be, and the same are hereby repealed.

(a) The maximum width of any driveway shall be not more than forty-five (45) feet, as measured at the curbing.

(b) The minimum distance between driveways serving the same lot or parcel of land shall be not less than eighteen (18) feet, as measured at the curbing.

(c) Not to exceed sixty (60) per cent of the frontage upon any street of the lot or lots or parcel of land to be served thereby shall be devoted to driveways.

(d) No driveway shall be located in the intersection of two streets so as to interfere with sidewalks thereon.

(e) No permit shall be issued to remove any curbing unless a concrete driveway between curbing and sidewalk is to be installed.

(f) Before any permit is issued to remove any curbing or install any driveway, the person, firm or corporation owning the property to be served thereby shall sign an agreement with the City to replace any curbing removed if and when requested to do so by the City Council. (It is the intention of this sub-section to require replacement of curbings when driveways are no longer needed in connection with the property served thereby.)

(g) All concrete work shall be done in accordance with City specifications in effect at the time of such work.
