Section 1. That the City of San Diego hereby grants to the San Diego Electric Railway Company, a corporation, its successors and assigns, the franchise and authority to construct, maintain and operate for a term of ten (10) years commencing upon the effective date of this ordinance and ending ten (10) years thereafter, an electric street railway, including sidetracks, turnouts, crossovers, switches and curves, and all necessary and incidental adjuncts and appurtenances of operation, together with single or double pole lines for the support of over head trolley wire supports and support arms or span wires and to suspend wires to conduct electricity therein to be used in the operation of said electric street railway for the purpose of carrying persons for compensation on, along, under or over the public streets, thoroughfares, highways, public property and private lands in the City of San Diego, California, along the route generally described as follows:

Commencing at the intersection of First Avenue and B Street; thence along B Street to its intersection with Kettner Boulevard; thence along Kettner Boulevard to Chalmers Street; thence along the private right of way of San Diego Electric Railway Company to Hancock Street; thence along Hancock Street to a point in or near its intersection with Witherby Street.

The City of San Diego is the owner of certain track structure, including pavement, rails, special track work, ties and track appurtenances situated in the street along certain portions of the above described route and the Grantee of this franchise shall have the right to use all of said City property for electric street railway purposes. All necessary repairs to said City track structure during the term of this franchise shall be made by the Grantee, and upon the expiration or prior termination of said term all of said property (or replacements thereof) shall be returned to the City in its present condition except for wear and usage and injuries resulting from war, acts of God and other causes of any kind beyond the control of the Grantee.

Upon the conditions and limitations set forth in said application:

1. Percentage Payable to the City:

The Grantee of said franchise, successors or assigns, shall file with the City Clerk of the City of San Diego during the first fifteen days of February of each year after the taking effect of the ordinance granting the said franchise and during the same period of each successive year thereafter during the existence of the franchise, a statement verified by the oath of the Grantee, successors or assigns, showing the total gross receipts arising from the use, operation and possession of said franchise for the preceding calendar year (or fraction thereof for the first and last years as the case may be), and shall thereupon pay to the City Treasurer for the City of San Diego the aggregate sum of two per centum of said gross annual receipts as shown by said statement; the payment of said percentage of gross receipts shall begin upon the taking effect of this ordinance. Any refusal of said Grantee, successors or assigns, to file said verified statement and to pay said percentage of said gross annual receipts within the time above provided shall constitute ground for forfeiture of said franchise and all rights granted thereby. The City Manager and the Council may after said statement is made inspect and examine the books of the Grantee of this franchise and may cause the same to be examined by an expert accountant and may examine under oath any and all of the officers or agents of the railway company for the purpose of ascertaining the gross annual receipts under this franchise.

2. Motive Power:

The railroads shall be operated by means of electricity used through the overhead trolley system or by such means as may hereafter be approved by the Council of said City.

3. Condition of Streets:

The owner of the franchise or privilege shall at all times keep that portion of the street occupied by his or its tracks and also occupied by said tracks owned by the City in good condition, constantly in repair, flush with the street and with good crossings, and in the event that the street on which said franchise or privilege is granted shall be paved either by the City or under proceedings authorized by the General Laws of the state, the said owner of said franchise or privilege shall be required to pay for only that portion of any construction in excess of that covered by the specifications for the improvement of the rest of the street and which shall be necessary to provide a safe and suitable foundation for the operation of car lines over a paved street. It is the intent and purpose of this section to relieve the owner of a franchise or privilege to operate street cars on the streets of the City of San Diego of the cost of new surface pavement between the tracks of said owner and for two feet on each side thereof on the streets to be hereafter paved, and to require the owner of said franchise or privilege to lay a suitable foundation for the operation of car lines over a paved street.

Nothing herein contained, however, shall relieve the said owner of said franchise or privilege of his or its obligation to keep those portions of the streets occupied by the said owner by its own tracks and also by said tracks owned by the City constantly in repair flush with the streets and with good crossings, and to keep that portion of the pavement now existing or which may hereafter be placed between the rails, and for two feet on each side thereof, and between the tracks if there be more than one, in good condition.

In the event that a street on which a franchise under this section shall have been granted shall be paved or improved under any of the general laws in force at the time said improvement is started, the property owners shall be required to bear the entire cost of the improvement of the street including the cost of improving that portion of the street occupied by the owner of said franchise by its own tracks and also by said tracks owned by the City, save and except that portion required to be borne by the owner of the franchise, as hereinbefore provided.

#### 4. Single or Double Tracks:

That the Grantee of this franchise or privilege, successors or assigns, shall have the right to lay and maintain either single or double tracks as the condition of business may warrant, but the laying of a single track shall be deemed a compliance with the conditions of this franchise and shall in no wise impair the right of the Grantee, successors or assigns, to subsequently construct and operate a second track under this franchise.

#### 5. City's Right to Access to Streets:

That the right to grade, sewer, pave, or otherwise improve or alter or repair the streets, or change the grade thereof, shall be reserved to the said City, such work to be done so as to obstruct the railroads as little as possible; the Grantee, successors or assigns, shall shift and re-shift the rails so as to avoid the obstruction created thereby, and shall waive any and all claims for damage against said City caused by reason of such grading, paving or improving, or altering or repairing said streets.

#### 6. Roadbed Location:

That the location of any tracks shall conform in all cases with the official grade of the streets where the same have been graded, and in other cases to be laid as near to the natural grade as practicable, and when at any time any part of routes shall be graded or the grade thereof altered or changed by said Council, the said railroads shall be made to conform therewith by said Grantee, successors or assigns. That turn-out tracks may be so constructed and maintained as to curve off the main tracks and across the curbs and sidewalks and lead into car barns, repair shops, machine shops, depots and other buildings, but a substantial gutter shall be maintained under such tracks.

#### 7. Location of Tracks:

That the tracks shall be constructed and laid so that each of them shall be when practicable of equal distance from curb lines or as nearly so as the condition or width of the street will permit.

#### 8. Engineer:

That the City Engineer shall give the established grade of the streets along the line of construction and set stakes indicating the grade; he shall see that the tracks are constructed in conformity with the terms and requirements of the franchise, and for such services he shall receive such fees as are provided therefor and the same shall be paid by the Grantee, successors or assigns.

#### 9. Time Limit for Construction:

#### 10. Cessation of Operation:

In case the Grantee of the franchise or privilege, successors or assigns, shall cease to operate said railroads for a period of ninety (90) days consecutively after the same shall have been fully constructed and completed, except in case of unavoidable accident or other matters not within the control of the Grantee, successors or assigns, the said franchise or privilege shall be subject to forfeiture; provided, however, that the Grantee shall be allowed thirty (30) days' time after written notice within which to resume operations.

#### 11. Right to Repeal:

The grant of the franchise or privilege shall be subject to the right of the City to terminate it by ordinance whenever the City shall determine to acquire the property of the Grantee by condemnation or otherwise, or for misuse or non-use, or for failure to begin construction within the time prescribed, or otherwise to comply with the terms prescribed; provided, however, that the Grantee shall be allowed thirty (30) days' time after written notice within which to comply with the provisions of the franchise before the franchise can be terminated for misuse or non-use. If the City shall terminate this franchise upon the ground that the City has determined to acquire the property of the Grantee by condemnation, the termination shall not be effective until payment of the purchase price for the property to be acquired. The method of determining the price to be paid for the property so acquired by condemnation shall be that provided by law affecting the purchase of public utility properties in effect at the time of such condemnation.

#### 12. Removal of Tracks:

Upon expiration or prior termination of the term of this franchise the Grantee shall remove its tracks and other property and put the streets in good condition. This requirement shall apply only to the tracks and personal property belonging to the Grantee and does not apply to the tracks and other property owned by the City of San Diego.

#### 13. Proceedings to Require Adequate Plant and Service:

This franchise shall also be subject to the right of the City to initiate proceedings before the proper tribunal to require proper and adequate extensions of plant and service, the maintenance of the plant and fixtures at the highest practicable standard of efficiency, the establishing of reasonable standards of service and quality of products, and the preventing of unjust discrimination in service or rates.

#### 14. Non-transferrable:

This franchise shall not be transferrable except with the approval of the Council expressed by ordinance.

#### 15. Emergency Service:

The Grantee of the franchise shall have the right in emergencies and during the continuance thereof to substitute service by automobile bus in place of service by electric street railway cars or to supplement service by electric street railway cars with additional service by automobile bus.

#### 16. Regulation:

This franchise is granted upon the express condition that whenever, pursuant to any change or changes in existing laws, said City shall become vested or reinvested with

power or powers of control or regulation over the operations of common carriers operating under franchises granted by it, then and in that event said City shall have the right to exercise the same with respect to the business and operations of said San Diego Electric Railway Company carried on under the franchise hereby granted to the same extent as though such power or powers had been specifically enumerated herein.

"Section 5. REDISTRICTING. In the event that any voting precinct which may be established at the time of this Charter takes effect or which may be thereafter established is partly within two or more such districts, said precinct shall be allocated to the District in which a majority of the voters within such precinct resides, and said district boundaries shall be changed accordingly by an ordinance of the Council. Any territory hereafter annexed to or consolidated with the City of San Diego shall at the time of such annexation or consolidation be added to an adjacent District or Districts by an ordinance of the Council, provided, that if any territory annexed or consolidated at any one time shall contain qualified voters sufficient to upset the approximate equality of the established districts, the Council shall at least sixty days before an election after such annexation or consolidation redistrict the City regardless of the time limitation of four years heretofore mentioned.

In any redistricting, the districts shall be comprised of contiguous territory and made as equal in registered voters as shown by the registration records, and as geographically compact as possible, and the districts so formed shall, as far as possible, be bounded by natural boundaries, by street lines and/or by City boundary lines."

- "14. To permit the extension of an existing or proposed building or use which is in the proper zone district into a more restricted zone district immediately adjacent thereto, under such conditions as will protect and safeguard the more restricted zone district.
- "15. To permit in any 'C' commercial or 'M' manufacturing zone district any use permitted in the next less restrictive zone provided such use, due to the limited nature of its operations or by adhering to proper requirements as to scale and methods of operation, installation of modern nuisance eliminating devices and equipment, design of building and other safeguards, which will be so conducted as to be no more objectionable than uses permitted in the zone in which the property involved is located.

"Section 15. Application for any permissible variance of regulation or for any special permit as provided herein shall be made to the zoning committee in the form of a written application for a permit. Said application shall be filed with the City Planning Department and shall be made upon forms provided by said Department, and shall be accompanied by complete plans and descriptions of the property involved, and the proposed use, together with plans and elevations of all proposed buildings.

"Any variance, suspension or special permit granted by the Zoning Committee or the City Council, as herein provided for, shall be conditional upon the privileges granted being utilized within six months after the effective date of the variance. In the event some construction work is involved, it must actually commence within the stated period and must be diligently prosecuted to completion; otherwise the variance is automatically voided. A lapse of work for a period of three months will be sufficient to cause the invalidity of the zone variance.

"The Zoning Committee may determine by rules and regulations the method of notification of the public hearing, if any, to be held on the application. From the time of filing said application until the time of such hearing, the application, together with plans and other data submitted, shall be available for public inspection in the office of the City Planning Department.

"At the public hearing or meeting set to consider the application for variance the applicant shall present a statement and adequate evidence for the purpose of showing:

"1. That there are special circumstances or conditions applicable to the property involved, or to the intended use of the property, which do not apply generally to other property in that district.

"2. That the strict application of the regulations would work unnecessary hardship and that the granting of the application is necessary for the preservation and enjoyment of substantial property rights of the petitioner, possessed by other property owners in the same zone and vicinity.

"3. That the granting of such application will not materially affect the health or safety of persons residing or working in the neighborhood and will not be materially detrimental to the public welfare or injurious to the property or improvements in the neighborhood.

"4. That the granting of the variance will not adversely affect the Master Plan of the City.

"If the facts presented at the public hearing or by an investigation show that the requested variance comes within the purview of the Zoning Committee, it may grant the request in whole or in part upon such conditions and safeguards as it deems necessary.

"A copy of the resolution granting or denying the application shall be mailed to the applicant, a copy sent to the City Clerk, a copy to the Building Inspector and a copy filed in the office of the City Planning Department.

"The resolution of approval or disapproval of the Zoning Committee shall become final on the sixth day following its filing in the office of the City Clerk, unless during the previous five (5) days a written appeal from the decision is filed with the City Clerk asking the City Council to hold a public hearing on the matter and reverse the decision of the Zoning Committee.

"If an appeal is filed within the time specified, it automatically stays proceedings in the matter until a determination is made by the Council.

"Notice that an appeal has been filed shall be sent by the City Clerk to the Building Inspector and the Zoning Committee of the City Planning Commission.

"After an appeal is filed the City Clerk shall place the matter on the docket of the City Council. Notice of the Council hearing shall be given to affected property owners by the City Planning Department. Sufficient time shall elapse between the filing of the appeal and the City Council hearing to permit such notices to be mailed to property owners.

"After conducting the public hearing and reviewing the report of the Zoning Committee, the City Council may grant or deny the appeal, upon such terms and conditions as the City Council deems appropriate.

"In the event the appeal is filed protesting a zone variance granted by the Zoning Committee, or if the appeal is caused by the denial of a variance application, it shall require five (5) votes of the City Council to override the Zoning Committee.

"The decision of the City Council shall be final and conclusive in such appeal."

Section 12. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

D. In determining whether the public convenience and necessity require the operation of a taxicab or taxicabs for which application is made, the Council or the City Manager, if directed by the Council, shall hold such public hearings as may be necessary to determine that fact. In the event such hearings are conducted by the City Manager he shall report his findings in writing to the Council and recommend the granting or denial of such application or applications.

No certificate shall be issued to any person who shall not have fully complied with all of the requirements of this ordinance necessary to be complied with before the commencement of the operation of the proposed service.

F. The provisions of this section shall not affect the number of taxicabs operating with valid permits on the effective date hereof, except as such vehicles are abandoned or the right to operate has been lost through inability of operators to meet requirements of the ordinances of The City of San Diego; or in the event licenses are not renewed within 15 days after expiration thereof, or through revocation of said permits for cause by the Council.

G. Every owner operating a licensed taxicab or taxicabs prior to the effective date of this ordinance shall be presumed in the absence of any contrary evidence and finding of the Council to have established a prima facie evidence of public convenience and necessity for the licensing of the taxicab or taxicabs actually in operation, and the Council upon written application received by the Council not later than 15 days after the effective date of this ordinance shall grant a certificate or certificates to said owner for each such taxicab or taxicabs.

- (5) For any other reason which the Council may deem warrants suspension or revocation.

L. Surrender of Certificate. Certificates which shall have been suspended or revoked by the Council shall, forthwith, be surrendered to the Clerk of the City Council, and the operation of any taxicab or taxicabs covered by such certificates shall cease. ### SECTION 3. RATES OF FARE.

A. Taxicabs. It shall be unlawful for any owner or driver to operate any taxicab in the City of San Diego unless such vehicle is equipped with a taximeter of such type, style and design as may be approved by the City Manager of said City, and it shall be the duty of every owner operating a taxicab to keep such taximeter in perfect condition so that said taximeter will, at all times, correctly and accurately indicate the correct charge for the distance traveled and waiting time, and such taximeter shall be at all times subject to inspection by any inspector of the City Manager, or any peace officer; and such inspector, or any peace officer is hereby authorized at his instance or upon complaint of any person

to investigate or cause to be investigated such taximeter, and upon the discovery of any inaccuracy in said meter, to remove or cause to be removed such vehicle equipped with such taximeter from the streets of the City of San Diego until such time as said taximeter shall have been correctly adjusted.

B. Every such taximeter shall be equipped with a flag or other mechanical device with the words "For Hire" printed or stamped thereon, and said flag shall be so attached and connected to the mechanism of said taximeter as to cause said mechanism to operate when said flag is in an upright position and indicate that the taxicab is for hire, and which said flag shall, when moved forward or downward, start the operation of said taximeter so that the same will operate in the manner defined in this ordinance.

C. It shall be unlawful for any driver of a taxicab while carrying passengers to display the flag or device attached to such taximeter in such a position as to denote that such vehicle is for hire, or is not employed, or to have such flag or other attached device in such a position as to prevent said taximeter from operating, and it will be unlawful for any driver to throw such flag or other device of a taximeter into a position which causes said taximeter to record when such vehicle is not actually employed or to fail to throw said flag or other device on such taximeter into a non-recording position at the termination of each and every service.

D. All charges for transportation of passengers in taxicabs operated in the City of San Diego must be based on the charges indicated on said taximeters, and it shall be unlawful for any owner, driver or operator of any taxicab to charge any passenger or passengers any sum in excess of the sum indicated on said taximeter; provided, however, that the owner, driver or operator may charge a sum less than that indicated on said taximeter if the lesser charge is in accordance with the rates filed with and approved by the Council of The City of San Diego and filed with the City Clerk.

E. The taximeter shall be so placed in said taxicab that the reading dial showing the amount to be charged shall be well lighted and readily discernible by the passenger riding in such taxicab, unless and except such taximeter is equipped and operated as a receipt-printing taximeter.

F. Posting of Fares Schedules. Within ten (10) days after this ordinance becomes effective, every owner of any taxicab operating in the City of San Diego shall file or cause to be filed with the City Clerk of said City a true and correct statement of the rates to be charged for the transportation of passengers in any and all taxicabs operated by said owner, and such owner shall not change or modify said rates in any manner without the written permit of said City Council and without filing said modified or changed rates with said City Clerk.

G. There shall be displayed in the passenger compartment of each taxicab in full view of the passenger a card not less than two inches by four inches in size, which shall have plainly printed thereon the name of the owner, or the fictitious name under which said owner operates, the business address and telephone number of said owner, and a correct schedule of the rates to be charged for conveyance in said vehicle.

H. Rates. It shall be unlawful for the owner or driver of any taxicab, as defined in Section 1 of this ordinance, to fix a rate in excess of fifty cents (50¢) for the first mile, and twenty cents (20¢) for each additional mile or fraction thereafter.

Section 106. SEPARATION FROM FAMILY. If a man has a family fixed in one place, and he does business in another, the former is his place of residence; but any man having a family, and who has taken up his abode with the intention of remaining, and whose family does not so reside with him, is a resident where he has so taken up his abode.

Section 107. HUSBAND AND WIFE. The residence of the husband is the residence of the wife except in the case mentioned in the previous section.

Section 108. INTENTION NOT SUFFICIENT. The mere intention to acquire a new residence, without the fact of removal, avails nothing, neither does the fact of removal, without the intention.

#### CHAPTER XI.

##### CASTING OF BALLOTS

Section 109. WRITING NAME IN ROSTER. Any person desiring to vote shall write his name and address on a roster of voters provided for that purpose and announce his name and address to one of the members of the precinct board, who shall then in an audible tone of voice announce them. If another member of the precinct board finds the name on the register, he shall in a like manner repeat the name and address, whereupon a challenge may be interposed as provided in this code.

Section 110. CHANGE OF NAME. In case the surname of any woman offering to vote has been changed by reason of marriage or divorce since she has registered, she shall sign her name as it was before marriage or divorce and also her name as it is at the time she votes, indicating on the roster by brackets or other means, that the two names are the name of one person.

Section 111. SIGNATURE COMPARED: Challenge. A member of the precinct board, in the presence and view of the bystanders, shall compare the signature of the voter on the roster of voters with the signature of that person on the register and a ballot shall not be given to him until the comparison of signatures has been made.

Until the comparison has been made the right of a voter to vote may be challenged. If the challenge is overruled, the voter shall be given a ballot and the voter shall be allowed to enter a voting booth.

Section 112. ONE BALLOT TO EACH VOTER. Each voter shall be given only one ballot, unless there shall be more than one election being conducted on the same day, then each voter shall be given one ballot for each election.

Section 113. VOTE AT PROPER PRECINCT. Unless otherwise provided, no person shall apply for or receive any ballot at any election precinct other than that in which he is entitled to vote.

Section 114. RECEIVE BALLOT FROM PROPER OFFICER. Unless otherwise provided a voter shall not receive a ballot from any other person than one of the members of the precinct board. Persons other than members of precinct boards shall not deliver a ballot to any voter.

Section 115. DIRECTION TO USE STAMP. In order to prevent voters from marking their ballots with a pencil, or otherwise contrary to this code, whenever a member of a precinct board delivers a ballot to any voter he shall then orally distinctly state to him, so that he may be heard by the bystanders, that he shall mark the ballot with the stamp provided or the ballot will not be counted.

Section 116. ONE PERSON IN BOOTH. Booths shall not be occupied by more than one person at a time. Voters shall not remain in or occupy a booth longer than is necessary to prepare their ballots, which shall not exceed ten minutes.

Section 117. RETIRE TO BOOTH. On receiving his ballot the voter shall forthwith retire alone to one of the booths provided to prepare his ballot.

Section 118. MARKING BALLOT. In voting the voter shall stamp a cross in the voting square after the name of every candidate for whom he intends to vote, and this shall be counted as a vote for each person after whose name the voter has stamped the cross.

Section 119. TWO OR MORE ELECTED. Where two or more candidates for the same office are to be elected, and the voter desires to vote for candidates for that office, he shall

stamp a cross after the names of all the candidates for that office for whom he desires to vote, not exceeding, however, the number of candidates who are to be elected.

Section 120. MEASURES. If a measure is submitted to the voters, the voter shall mark his ballot by stamping in the appropriate voting square a cross opposite the answer he desires to give as to that measure.

Section 121. USE STAMP ONLY. Except in the case of ballots marked by voters absent from their precincts on the day of election, all crosses shall be made only with a stamp which, with necessary pads and ink, shall be provided by the City Clerk for each booth furnished for the marking and preparation of ballots.

Section 122. NO IDENTIFYING MARKS. A voter shall not place any mark upon his ballot by which it may be afterwards identified as the one voted by him.

Section 123. FOLDING. Before leaving the voting booth the voter shall fold his ballot so that the number on the ballot appears on the outside, without displaying the marks on its face, and he shall keep it folded until he has voted.

Section 124. NO EXHIBITION OF BALLOT. After his ballot is marked a voter shall not show it to any person in such a way as to reveal its contents.

Section 125. DELIVERY TO INSPECTOR. Having folded his ballot, the voter shall deliver it folded to the inspector, who shall announce in an audible tone of voice the name of the voter. The ballot clerk having charge of the copy of the index to the register or affidavits of registration shall, in like manner, repeat the name and shall write in the ruled space opposite the name in figures, the line number designating the position of the name on the roster for each voter who votes. The inspector shall then separate the slip containing the number from the ballot, and deposit the ballot in the ballot bag.

Section 126. NO SUBSTITUTION. A voter shall not deliver to the precinct board or to any of its members, any ballot other than the one he has received from his precinct board.

Section 127. DELIVER TO MEMBER OF PRECINCT BOARD ONLY. Only a member of the precinct board may receive from any voter a ballot prepared by him. No person may examine or solicit the voter to show his ballot.

Section 128. VOTERS ASSISTED: Selects own assistants. When it appears from the register that a voter has declared under oath, when he registered:

(a) that he can not read, or

(b) that by reason of physical disability he is unable to mark his ballot, or when a voter declares under oath, administered by any member of the precinct board at the time he appears at the polling place to vote, that he is then unable to mark his ballot because of physical disability, he shall receive the assistance of not more than two persons of his own selection.

If he so requests he shall receive the assistance of two of the members of the precinct board designated by the inspector.

Section 129. APPOINTMENT OF ASSISTANTS: Oath. The inspector making appointments to aid a voter in marking his ballot shall make them in writing, and sign them. Upon the same paper the persons so appointed shall subscribe and take the following oath before assisting the voter:

State of California, County of San Diego, City of San Diego \_\_\_\_\_

Section 130. AFFIDAVITS SWORN TO: Returned to City Clerk. The affidavits provided for, for assisted voters, may be sworn to before any member of the precinct board, and, with the indorsements thereon, shall be returned to the City Clerk with the other election materials and records.

Section 131. RECORD OF VOTERS ASSISTED. The members of the precinct board keeping the Roster of voters shall keep a list of the voters who have been assisted in marking their ballots. The list shall be returned and preserved, in the same way as the rosters are returned and preserved.

Section 132. SPOILED BALLOTS. Any voter who spoils a ballot may return it to the ballot clerk and receive another in its place, one at a time, not to exceed three in all.

Section 133. CANCELLATION OF SPOILED BALLOTS. The precinct board shall immediately cancel all the spoiled ballots returned by drawing a cross upon the face in indelible pencil, the cross to be more than three inches square, and, with those not distributed to the voters, they shall return them with the register, lists, and ballots.

Section 134. CANCELLATION WHERE VOTER DOES NOT VOTE. Every voter who does not vote the ballot delivered to him shall, before leaving the polling place, return it to the ballot clerk having charge of the ballots, who shall immediately cancel and return it in the same manner as spoiled ballots.

Section 135. ACCOUNTING FOR BALLOTS. The precinct board shall account for the ballots delivered to it by returning a sufficient number of unused ballots to make up, when added to the number of official ballots cast and the number of spoiled ballots returned, the number of ballots given to it. The City Clerk shall compel such an accounting.

Section 136. TAMPERING BY PRECINCT BOARD. Members of a precinct board shall not:

(a) Previously to putting the ballot of a voter in the ballot bag:

(1) Attempt to find out any name on the ballot.

(3) Make or place any mark or device on any folded ballot with a view to ascertaining the name of any person for whom the voter has voted.

(b) Without the consent of the voter, disclose the name of any person which such precinct board member has illegally discovered to have been voted for by the voter.

Section 138. SECRECY REQUIRED. Precinct board members shall not disclose the name of any candidate for whom any voter has voted.

Section 139. NO QUESTIONS. No person shall ask another at a polling place for whom he intends to vote.

Section 140. BALLOTS STAY AT POLLS UNTIL CLOSING TIME. Unless otherwise provided no person shall remove any ballot from any polling place before the closing of the polls.

Section 141. CLOSING OF POLLS. When the polls are closed, the precinct board shall proclaim that fact aloud at the place of election. After the proclamation, no ballot

shall be received. However, if at the hour of closing there are any other voters in the polling place, or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote.

Section 142. TARDY VOTERS. Any one who arrives at the polling place after the time provided for closing the polls shall not be entitled to vote, even though the polls are open when he arrives.

Section 143. UNUSED BALLOTS DEFACED: Disposal. Immediately upon the closing of the polls, and before any ballot is taken from any of the ballot bags, the ballot clerks shall, in the presence of all persons in the polling place who may desire to observe them, proceed to deface every unused ballot, by drawing across its face, in indelible pencil, two lines which shall cross each other, the cross to be more than three inches square. The ballot clerks shall thereupon, immediately and before any ballots are taken from any ballot bag, place all defaced ballots within an envelope and seal the envelope. All members of the precinct board shall immediately write their names across the sealed portions of the envelope.

Section 164. EXCESS BALLOTS. Section 183. WHEN NOT WHOLLY INVALID. If a voter indicates either:

(a) By stamps in the voting squares after the names of any candidates, or

(b) By stamping a choice of more names than there are candidates to be elected or nominated for any office, or if for any reason it is impossible to determine his choice for any office, his ballot shall not be counted for that office, but the rest of his ballot, if properly marked, shall be counted.

Section 184. MARKS IMMATERIAL. No mark upon a ballot which is unauthorized by this code invalidates a ballot, unless it appears that the mark was placed there by the voter for the purpose of identifying the ballot.

Section 196. CONTINUOUS COUNT: SIX HOURS. The canvass of the absent voter ballots shall be continued daily, Sundays and holidays excepted, and for not less than six hours of each day until completed.

Section 197. SIGNATURES COMPARED. In beginning the canvass, the canvassing clerks shall take up the identification envelopes containing the ballots separately in the presence of the City Clerk or person designated by him, and the public who may be present, and compare the signature of the voter on each of these envelopes with that on the application of the voter.

Section 198. ANNOUNCING NAME: CHALLENGE. If the canvassing clerks are satisfied that the signature on the voter's identification envelope is the voter's signature, they shall announce audibly the voter's name, whereupon a challenge may be interposed against the counting or deposit of the absent voter ballot for counting, upon either or all of the grounds available against a person attempting to vote at a polling place.

Section 199. CHALLENGE OVERRULED: BALLOT OPENED. If a challenge is overruled, the canvassing clerks shall then open the identification envelope without defacing the affidavit printed thereon or mutilating the enclosed ballot, and without unfolding the ballot, remove the number therefrom, destroy the number slip and deposit the ballot in the ballot bag provided for the purpose.

No ballot shall be rejected for such cause after the envelope containing it has been opened.

Section 203. TABULATION. The canvassing clerks shall tabulate the result of the count for each candidate voted for, and for and against each measure voted upon under the heading "Absentee Vote," regardless of the precincts within which the absentee voters are registered.

Section 204. ADDED TO PRECINCT TOTALS. The canvassing clerks shall add the total of the votes cast in each precinct for each of the candidates, and for and against each measure voted upon to the total for each candidate, and for and against each measure, tabulated under the heading "absentee vote."

##### ELECTION RESULTS.

Section 207. TIE VOTES. Whenever it shall appear upon the canvass of the returns of any primary election that two or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons are entitled to be nominated as candidates for such office, the City Clerk shall forthwith, upon the declaration by the Council of the result of such election, notify in writing all persons so receiving an equal number of votes to appear before the Council in the Council Chamber at a time specified by the Council, and then and there to draw lots to determine which of said persons shall be the candidate or candidates for such office. At the time and place specified in such notice, such persons shall appear before the Council and shall then and there, in open session thereof, draw lots to determine which of said persons shall be such candidate or candidates. Such lots shall be drawn in such manner as the Council shall prescribe and the person or persons upon whom the choice made by such drawing of lots shall fall, shall be declared to be and shall be the candidate or candidates. If any such person does not appear, as above prescribed, the City Clerk shall act for such person in such drawing of lots; provided, however, that if any demand for a recount of the ballots cast at such primary election be made as hereinafter provided, by or on behalf of any such person, such drawing of lots shall not be had until and unless such recount shall also result in a tie vote having the effect hereinbefore stated.

Section 208. CANDIDATES NOMINATED AT A PRIMARY ELECTION. In the event of the death, resignation, or other disqualification of any candidate nominated at a primary election for any office, and proof thereof having been duly presented to the City Clerk before the time of the printing of the ballots for the general municipal election, the next person who shall have received the highest vote of those who were candidates, but who was not nominated, for such office, shall be deemed a candidate, and his name shall be printed upon the ballot as a candidate to be used at the general municipal election.

ORDINANCE NO. 2462 (New Series)

AN ORDINANCE REGULATING THE OPERATION, MAINTENANCE AND SANITATION OF TRAILER CAMP GROUNDS AND AUTOMOBILE CAMP GROUNDS, AND THE USE OF TRAILER CARS, TRAILER HOUSES, OR AUTOMOBILE TRAILERS USED FOR LIVING PURPOSES, IN THE CITY OF SAN DIEGO, PROVIDING A PENALTY FOR THE VIOLATION HEREOF; AND REPEALING ORDINANCES NOS. 820 (NEW SERIES), ADOPTED JANUARY 28, 1936; 958 (NEW SERIES) ADOPTED AUGUST 13, 1936; and 1565 (NEW SERIES), ADOPTED APRIL 11, 1939, INSOFAR AS THE SAME CONFLICT HEREWITH.

BE IT ORDAINED By the Council of the City of San Diego, as follows:

Section 1. DEFINITIONS:

Whenever used in this ordinance, unless a different meaning appears from the context:

(a) AUTOMOBILE TRAILER. An "Automobile trailer," "Trailer Coach," or "Trailer" means any vehicle or structure so designed and constructed in such manner as will permit occupancy thereof as living or sleeping quarters for one or more persons, or the conduct of any business or profession, occupation or trade (or used as a selling or advertising device), and so designed that it is or may be mounted on wheels and may be used as a conveyance on highways or city streets, propelled or drawn by its own or other motive power, excepting a device used exclusively upon stationary rails or tracks under the jurisdiction and control of the Railroad Commission of the State of California.

(b) TRAILER CAMP. A "Trailer Camp" means any park, trailer park, trailer court, court, camp, site, lot, parcel, or tract of land designed, maintained or intended for the purpose of supplying a location or accommodations for any automobile trailer and upon which any automobile trailer or automobile trailers are parked and shall include all buildings used or intended for use as part of the equipment thereof whether a charge is made for the use of the trailer camp and its facilities or not. "Trailer Camp" shall not include automobile or trailer sales lots on which unoccupied automobile trailers are parked for purposes of inspection and sale.

(c) UNIT. A "Unit" means an area of ground in a trailer camp of not less than 600 square feet of unoccupied space in such trailer camp designated as the location for only one automobile and one trailer.

A unit shall be construed as housing three persons, for the purpose of computing the various facilities required by this ordinance.

(d) PERSON. The word "person" shall be construed to include persons, partnership, firm, company, corporation, tenant, owner, lessee or licensee, their agents, heirs or assigns.

(e) DIRECTOR OF PUBLIC HEALTH. For the purposes of this ordinance, the term "Director of Public Health", when applied, is to include the Director of Public Health, Health Officer, Sanitary Officer, or any regularly appointed inspector or employee of the Department of Public Health, or Public Health Commission, of The City of San Diego.

Section 2. RESOLUTION OF PROPERTY USE AND PERMIT. It shall be unlawful for any person, firm or corporation to establish, maintain, operate, own, control, lease, or conduct within the limits of the City of San Diego, any trailer camp on any location or plot of ground for the use of transients or guests by the day, week, month or season, whether charge is or is not made, without first applying for and receiving from the Zoning Committee or the City Council a resolution of property use to use the premises for such purpose and a permit from the Department of Public Health to operate such premises.

Provided, however, that it shall not be necessary for a person to apply for a Resolution of Property Use during the period he has been granted by Resolution of the Council the right to operate a trailer camp and who is complying with the provisions of such Resolution. It is not the intention of this provision to relieve a person from complying with the hereinafter prescribed regulations of the Department of Public Health.

Section 3. RESOLUTION OF PROPERTY USE FROM ZONING COMMITTEE. In order to obtain a Resolution of Property Use from the Zoning Committee, the applicant shall file a verified written petition with the City Planning Department, in which he shall state the number of automobile trailer spaces to be provided for and such other facts relied upon, including a plan of proposed development. Prior to filing said application with the Planning Department, the petitioner shall pay to the City Treasurer of The City of San Diego the sum of Ten Dollars (\$10.00) as an investigation fee. The Zoning Committee may grant by a majority vote of its members the granting of a Resolution of Property Use upon such terms and conditions as it deems proper.

An appeal from the decision of the Zoning Committee may be taken to the City Council according to the procedure prescribed in the Zoning Ordinance of said City.

A copy of the resolution of the final action of the Zoning Committee or City Council upon the petition shall be forwarded with the report to the Director of Public Health.

REGULATIONS OF DEPARTMENT OF PUBLIC HEALTH

Section 4. APPLICATION. Every applicant applying for a Permit shall, after having first obtained a Resolution of Property Use, file with the Department of Public Health a written application upon the official form, approved by the Public Health Commission.

Said application shall state the name, address, description of the property, the character of the establishment proposed to be conducted, a plot plan and plans and speci-

cations for the buildings thereon, and any other information that the Public Health Commission by regulation shall require.

Section 5. FEE. Every applicant for a permit shall, at the time of making the application, deposit with the City Treasurer or clerk authorized to receive such fees, the annual inspection fee of Five Dollars (\$5.00).

Section 6. INSPECTION. Upon receipt of the application, together with the inspection fee established in this ordinance, it shall be the duty of the Director of Public Health to inspect and investigate the establishment for which a permit has been applied for, and to furnish a copy of the application and plans to the Building Inspection Department and the Fire Department.

Section 7. PERMIT. If it shall appear to the satisfaction of the Director of Public Health that the facts as stated in the application are true and correct and that the establishment has complied with the provisions of this ordinance and all other ordinances, rules and regulations of The City of San Diego which are enforced by the Fire Department, the Building Inspection Department, the Department of Public Health, and the Health and Safety Code of the State of California, especially including Division XIII, part I, the State Housing Act, then a license shall be granted, providing that written approval has been obtained from the Fire Department and the Building Inspection Department.

A permit shall be granted only on the express condition that it shall be subject to suspension or revocation by the Public Health Commission upon a showing, satisfactory to said Commission, of the violation by the holder of the permit, his employee, servant, or agent, or any other person acting with his consent or under his authority, of any provision of this ordinance.

A permit as applied for may be issued at any time during the calendar year, but all licenses shall expire on December thirty-first of the year in which the same are granted. Said permit shall not be transferable from person to person or from one location to another.

Section 8. APPLICATION FOR RENEWAL. Application for renewal of permit shall be filed with the Department of Public Health on or before February first, and the annual inspection fee shall be paid to the City Treasurer. Said fee shall become delinquent February first and penalty of Five Dollars (\$5.00) shall be due and payable in addition to the regular fee.

Section 9. SERVICE AND INSPECTION CHARGES. There is hereby imposed a service and inspection charge of ten cents (10¢) per day per trailer in each trailer camp licensed hereunder. The permittee of the trailer camp shall pay this charge to the City Treasurer on or before the tenth day of each and every month following the month in which such charge is due.

Section 10. UNIT REQUIREMENTS. Each unit or site reserved for the accommodation of any automobile trailer shall be not less than 600 square feet in area, with a minimum frontage of twenty (20) feet on the roadway, and shall be clearly defined by proper markers at each corner. The site shall be reasonably level, free from rocks and weeds, and well drained. Each unit shall abut or face on a driveway or clear unoccupied space of not less than twenty-five (25) feet in width. There shall be space of at least six (6) feet between automobile trailers or between an automobile trailer and any building or other structure, and they shall not be placed less than six (6) feet from the property line of the adjoining property.

Section 11. CARETAKER AND SUPERVISOR. All trailer camps shall be provided at all times with a resident caretaker, whose duty shall be to enforce all sanitary rules and regulations and see that no part of the ordinance is violated. The management of every trailer camp shall assume responsibility for maintaining in good repair and operation all sanitary appliances on the premises.

Supervision and equipment sufficient to prevent littering of the ground with rubbish, garbage and other refuse shall be provided and maintained. Fly-tight metal depositories with tight fitting covers for such materials shall be provided and conspicuously located. Each and every unit shall be within a distance of not over one hundred (100) feet from such depository. Said depositories shall not be permitted to become foul-smelling, unsightly, or breeding places for flies.

Section 12. RULES AND REGULATIONS. It shall be the duty of the owner, his agent, or manager to keep a register of all persons accommodated on the trailer camp, said register to include the names of all persons, their home addresses, dates of arrival and departure, place of last location and length of stay, the license numbers, (including name of state issuing same, and year of issuance) of all trailers and towing or other automobiles, and their make model and year classification; and to prescribe rules and regulations for the management of the trailer camp or park, and to have such records available for inspection by the City Planning Department, Department of Public Health, or the Police or Sheriff's Department. Further, it shall be the duty of the owner, his agent, or manager to:

A. Provide for the collection and disposal of garbage and other waste material.

It shall be unlawful to burn, or to bury, or to use an incinerator, or to dispose of any garbage or refuse in any manner not provided for in any of the ordinances of The City of San Diego regulating the collection and disposal of garbage and other waste material. All open fires are prohibited. If it should appear to the Director of Public Health that there is a violation of this section, a written notice shall be served to discontinue such practice in five (5) days. Failure to comply with this order shall be deemed sufficient grounds for suspension of the permit and an order shall be issued to all guests to vacate immediately.

B. Shall cause each dog, cat, or other pet animal to be kept under control at all times, either by being tied up or confined in a proper enclosure.

C. Provide for the regular cleaning, painting, repairing and disinfecting of all buildings.

Such buildings shall be well lighted at all times, day or night, well ventilated with screened openings, and constructed of such moisture-proof material as shall permit rapid and satisfactory cleaning, scouring and washing.

The floors of such buildings shall be constructed of concrete, tile or similar material, elevated not less than four inches (4") above grade and each room provided with a floor drain connected to the sewerage system.

E. All floors in showers and toilet rooms shall be disinfected daily by a material approved by the Director of Public Health. Wooden or cloth mats, grids, boards, are prohibited.

F. A sufficient number of approved case iron enameled slop sinks shall be provided, and each shall be connected with the sewerage system; these sinks to be used for the disposal of domestic waste waters only.

G. A sewer connection shall be available at each unit to the waste outlet of the trailer. The type of connection used shall conform to the plumbing ordinance. No water closet, bath tub or shower shall be permitted to be used in any trailer.

H. No enclosed porch, entry-way or other addition of any nature shall be permitted to be added to or built on to any automobile trailer.

I. No wood, paper, can, box, or equipment shall be permitted to be placed or stored under any trailer. Such space to be open and unobstructed at all times.

Section 13. WATER SUPPLY. A water supply shall be provided in ample quantity to meet all requirements. Water to be furnished and available through an approved pipe distribution system leading directly from the City water mains. Water supply faucets shall be located not more than one hundred (100) feet from any unit.

Section 19. The conviction and punishment of any person for engaging in any business without first obtaining a license to conduct such business shall not relieve such person from paying the license fee due and unpaid at the time of such conviction, nor shall the payment of any license fee prevent a criminal prosecution for the violation of any of the provisions of this ordinance. All remedies prescribed hereunder shall be cumulative and the use of one or more remedies by the City shall not bar the use of any other remedy for the purpose of enforcing the provisions of this ordinance.

Section 20. WRITTEN STATEMENTS REQUIRED AT TIME OF APPLICATION. In all cases where the license fee is based upon the number of tickets sold, the applicant at the time of applying for a license, and monthly thereafter, shall file with the City Treasurer a written statement showing the number of tickets sold during the preceding month. Where the license fee is based upon the number of persons employed the applicant at the time of applying for a license shall file a written statement showing the average number of persons employed during the preceding six (6) months. Such written statements shall be made on forms provided by the City Treasurer, and be sworn to before an officer authorized by law to administer oaths.

Except in cases specifically provided for in this ordinance the license period for licenses issued hereunder shall be the fiscal year of the City beginning July 1st and ending June 30th.

Subject to other provisions of this ordinance, the license fees required to be paid hereunder shall be due and payable on the first day of July of each year, and shall be delinquent thirty (30) days after the same become due. In cases where a portion of the license period has lapsed prior to application for a license the amount of the fee payable shall be apportioned on a quarterly basis, and the applicant shall pay three-quarters, two-quarters or one-quarter, as the case may be, of the total annual license fee.

Where the license fee is based upon the number of persons employed, and the applicant has not previously been engaged in business required to be licensed hereunder in San Diego, or has been engaged therein for a period of less than six (6) months immediately preceding his application, he shall file a written statement setting forth the estimated total number of persons he intends or expects to employ for the ensuing six (6) months. Such written statement shall be made on forms provided by the City Treasurer, and shall be sworn to before an officer authorized by law to administer oaths. Such persons shall pay a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the estimated number of employees. At the end of said six (6) months' period such licensee shall file with the City Treasurer a statement sworn to before an officer authorized by law to administer oaths, showing the average number of persons employed by him for the preceding six (6) months. If the average number of persons employed exceeds the number estimated at the time the license was issued, the licensee shall be required to pay an additional sum equal to one dollar (\$1.00) for each employee in excess of the number estimated. If the average number of persons employed is less than the number estimated at the time the license was issued, the licensee shall be entitled to receive

from the City the refund of a sum of money equal to one dollar (\$1.00) for each estimated employee in excess of the average number employed.

Any person who fails to file any required statement, or fails to pay the amount required hereunder within the time fixed hereby, shall be assessed a penalty of ten per cent (10%) on the amount unpaid at such time, which sum shall become a part of the license fee required to be paid hereunder.

No such statement shall be conclusive as to the matters set forth therein, nor shall the filing of the same preclude The City of San Diego from collecting by appropriate action such sum as is actually due and payable hereunder. Such statement and each of the several items therein contained shall be subject to audit and verification by the City Treasurer, who is hereby authorized to examine, audit and inspect such books and records of any licensee or applicant for license as may be necessary in his judgment to ascertain the correct amount of license due.

All licensees, applicants for licenses and persons engaged in business, are hereby required to permit an examination of such books and records for the purposes aforesaid.

The information or data obtained from such examination or audit or from any statement required hereunder shall be used for the purpose of enforcing the provisions of this ordinance and for no other purpose.

Section 21. FAILURE TO FILE STATEMENT OR CORRECTED STATEMENT. If any person fails to file any statement required hereby within the time prescribed hereby, or if after demand therefor made by the City Treasurer fails to file a corrected statement, the City Treasurer may determine the amount of license fee due from such person from such information as he may be able to obtain and if necessary may estimate the fee required to be paid hereunder upon the basis of external indices such as stock on hand, capital invested, dividends paid, sales or other taxes paid, number of people employed, or by considering other facts. In case such a determination is made the City Treasurer shall give notice of the amount so assessed by serving the same personally or by depositing same in the United States Post Office at San Diego, California, postage prepaid, thereon, addressed to the person so assessed at his last known address. Such person may, within ten (10) days after the mailing or serving of such notice, make application in writing to the City Treasurer for a hearing on the amount of the tax. If such application is not so made within the time prescribed the assessment shall become final. If such an application is filed the City Treasurer must cause the matter to be set for hearing within fifteen (15) days before a Board consisting of the City Treasurer, the City Auditor and Comptroller and the City Attorney, or the duly appointed deputy of each. Such board shall consider all evidence produced and shall make written findings thereon, a copy of such findings to be served upon the applicant, in the manner prescribed above for the service of notice of assessment. Such findings shall become final at the expiration of five (5) days from the date of service within which time exceptions may be filed by the applicant. If filed, the Board so appointed shall consider same and make such modification as may be deemed necessary; thereupon the final assessment shall be made.

Section 22. ADDITIONAL POWERS OF CITY TREASURER. The City Treasurer shall have, in addition to all other powers conferred upon him, for good cause shown, the power to extend the time for filing any such statement for a period of not to exceed thirty (30) days, and in such case waive any penalty that would have otherwise accrued; and with the written approval of the City Attorney and subject to the provisions of the City Charter, to compromise any claim for license fee amounting to less than one hundred dollars (\$100.00); and with the approval of the City Attorney and the City Council to compromise any claim for license fee amounting to one hundred dollars (\$100.00) or more.

Section 23. Whenever any person is engaged in two or more wholesale businesses at the same location licensed under the provisions of Section 27, such person shall not be required to obtain licenses for the conducting of each of such businesses, but shall be issued a joint license, and the sum of the average number of employees of all of such businesses so conducted shall be used as the basis for computing the amount of license fees to be paid for the conduct of all such businesses so affected.

Section 24. Whenever any person is engaged in two or more retail businesses at the same location, such person shall not be required to obtain licenses for the conducting of each of such businesses, but shall be issued a joint license, and the average number of employees of all of such businesses so conducted shall be used as a basis for computing the amount of license fee to be paid for the conduct of all such businesses.

Section 26. Every person whose principal business, function or operation consists in the manufacturing, processing or fabricating of any product, commodity, aeroplane, ship, machine, instrumentality, tool or other thing, shall pay a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 27. Every person selling goods, wares or merchandise at wholesale shall pay a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 28. Every person selling goods, wares or merchandise at retail, including restaurants, cafes, lunch counters, malted milk shops, doughnut shops, ice cream parlors, and similar types of business, shall pay a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 29. When manufacturing, processing or fabricating is done in connection with the business of selling at wholesale or at retail or both, and is done incidental thereto, such business shall be licensed under Section 27 or Section 28, whichever the case may be.

Section 30. Nothing in this ordinance shall be construed as requiring a license or the paying of a license fee for the doing of an act which would constitute an unlawful burden upon or an unlawful interference with interstate or foreign commerce, or which would be in violation of the Constitution or the laws of the United States, or the Constitution of the State of California.

Section 31. Any person required to pay a license fee under this ordinance shall be relieved from the payment of any license or permit fee required for the privilege of doing

business that may now be required under any other ordinance of The City of San Diego; but shall remain subject to the regulatory provisions of such ordinances.

Section 2. PROVISIONS APPLICABLE TO ORDINANCE.

Neither the adoption of this ordinance nor the repeal hereby of any ordinance of this City shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date hereof, nor be construed as a waiver of any license or penalty or the penal provisions applicable to any violation thereof, nor to affect the validity of any bond or cash deposit, in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunto appertaining shall continue in full force and effect.

(b) VALIDITY OF ORDINANCE. If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The Council of this City hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase or portion thereof, irrespective of the fact that any one or more sections, subsections, clauses, phrases or portions be declared invalid or unconstitutional.

Said City Treasurer, in the exercise of the duties imposed upon him, and acting through his deputies or duly authorized employees, shall examine all places of business in the City to ascertain whether or not the provisions of this ordinance have been complied with.

Said City Treasurer and his deputies and duly authorized employees shall have the power to examine all necessary books and records of any person doing business in the City required to be licensed by the terms of this ordinance, for the purpose of ascertaining the amount of license fee required to be paid by the provisions hereof. The City Treasurer and each and all of his deputies and duly authorized employees shall have the power and authority to enter, free of charge, at any reasonable time any place of business required to be licensed by the provisions of this ordinance, and to demand an exhibition of such license. Any person having any such license theretofore issued in his possession or under his control who fails to exhibit the same on demand shall be guilty of a misdemeanor and subject to the penalty provided for by the provisions of this ordinance.

It shall be the duty of the City Treasurer and each of his deputies to cause a complaint to be filed against any and all persons found to be a violator of any of the provisions of this ordinance.

Section 14. All license fees shall be paid in advance to the City Treasurer in lawful money of the United States.

Section 15. Separate licenses must be obtained for each branch establishment or location of the business engaged in and each license shall authorize the licensee to engage only in the business licensed thereby at the location or in the manner designated in such license; provided, that warehouses and distributing plants used in connection with and incidental to a business licensed under the provisions of this ordinance shall not be deemed to be separate places of business or branch establishments.

Section 16. Except as herein otherwise provided licenses required hereunder shall be due and payable at the following times:

- (a) Annual licenses on the first day of July of each year;
- (b) Semi-annual licenses on the first day of January and the first day of July of each year;

Section 18. The City Treasurer of The City of San Diego is hereby authorized to make such rules and regulations as may be necessary to aid or assist in enforcement of the provisions of this ordinance.

Section 19. The conviction and punishing of any person for engaging in any business without first obtaining a license to conduct such business shall not relieve such person from paying the license fee due and unpaid at the time of such conviction, nor shall the payment of any license fee prevent a criminal prosecution for the violation of any of the provisions of this ordinance. All remedies prescribed hereunder shall be cumulative and the use of one or more remedies by the City shall not bar the use of any other remedy for the purpose of enforcing the provisions of this ordinance.

Section 20. WRITTEN STATEMENTS REQUIRED AT TIME OF APPLICATION. In all cases where the license fee is based upon the number of tickets sold, the applicant at the time of applying for a license, and monthly thereafter, shall file with the City Treasurer a written statement showing the number of tickets sold during the preceding month. Where the license fee is based upon the number of persons employed the applicant at the time of applying for a license shall file a written statement showing the average number of persons employed during the preceding six (6) months. Such written statements shall be made on forms provided by the City Treasurer, and be sworn to before an officer authorized by law to administer oaths.

Except in cases specifically provided for in this ordinance the license period for licenses issued hereunder shall be the fiscal year of the City beginning July 1st and ending June 30th.

Subject to other provisions of this ordinance, the license fees required to be paid hereunder shall be due and payable on the first day of July of each year, and shall be delinquent thirty (30) days after the same become due. In cases where a portion of the license period has lapsed prior to application for a license the amount of the fee payable shall be apportioned on a quarterly basis, and the applicant shall pay three-quarters, two-quarters or one-quarter, as the case may be, of the total annual license fee.

Where the license fee is based upon the number of persons employed, and the applicant has not previously been engaged in business required to be licensed hereunder in San Diego, or has been engaged therein for a period of less than six (6) months immediately preceding his application, he shall file a written statement setting forth the estimated total number of persons he intends or expects to employ for the ensuing six (6) months. Such written statement shall be made on forms provided by the City Treasurer, and shall be sworn to before an officer authorized by law to administer oaths. Such persons shall pay annually a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the estimated number of employees. At the end of said six (6) months' period such licensee shall file with the City Treasurer a statement sworn to before an officer authorized by law to administer oaths, showing the average number of persons employed by him for the preceding six (6) months. If the average number of persons employed exceeds the number estimated at the time the license was issued, the licensee shall be required to pay an additional sum equal to one dollar (\$1.00) for each employee in excess of the number estimated. If the average number of persons employed is less than the number estimated at the time the license was issued, the licensee shall be entitled to receive from the City the refund of a sum of money equal to one dollar (\$1.00) for each estimated employee in excess of the average number employed.

Any person who fails to file any required statement, or fails to pay the amount required hereunder within the time fixed hereby, shall be assessed a penalty of ten per cent (10%) on the amount unpaid at such time, which sum shall become a part of the license fee required to be paid hereunder.

No such statement shall be conclusive as to the matters set forth therein, nor shall the filing of the same preclude The City of San Diego from collecting by appropriate action such sum as is actually due and payable hereunder. Such statement and each of the several items therein contained shall be subject to audit and verification by the City Treasurer, who is hereby authorized to examine, audit and inspect such books and records of any licensee or applicant for license as may be necessary in his judgment to ascertain the correct amount of license due.

All licensees, applicants for licenses and persons engaged in business, are hereby required to permit an examination of such books and records for the purposes aforesaid.

The information or data obtained from such examination or audit or from any statement required hereunder shall be used for the purpose of enforcing the provisions of this

ordinance and for no other purpose.

Section 21. FAILURE TO FILE STATEMENT OR CORRECTED STATEMENT. If any person fails to file any statement required hereby within the time prescribed hereby, or if after demand therefor made by the City Treasurer fails to file a corrected statement, the City Treasurer may determine the amount of license fee due from such person from such information as he may be able to obtain and if necessary may estimate the fee required to be paid hereunder upon the basis of external indices such as stock on hand, capital invested, dividends paid, sales or other taxes paid, number of people employed, or by considering other facts. In case such a determination is made the City Treasurer shall give notice of the amount so assessed by serving the same personally or by depositing same in the United States Post Office at San Diego, California, postage prepaid thereon, addressed to the person so assessed at his last known address. Such person may, within ten (10) days after the mailing or serving of such notice, make application in writing to the City Treasurer for a hearing on the amount of the tax. If such application is not so made within the time prescribed the assessment shall become final. If such an application is filed the City Treasurer must cause the matter to be set for hearing within fifteen (15) days before a Board consisting of the City Treasurer, the City Auditor and Comptroller and the City Attorney, or the duly appointed deputy of each. Such board shall consider all evidence produced and shall make written findings thereon, a copy of such findings to be served upon the applicant, in the manner prescribed above for the service of notice of assessment. Such finding shall become final at the expiration of five (5) days from the date of service within which time exceptions may be filed by the applicant. If filed, the Board so appointed shall consider same and make such modification as may be deemed necessary; thereupon the final assessment shall be made.

Section 22. ADDITIONAL POWERS OF CITY TREASURER. The City Treasurer shall have, in addition to all other powers conferred upon him, for good cause shown, the power to extend the time for filing any such statement for a period of not to exceed thirty (30) days, and in such case waive any penalty that would have otherwise accrued; and with the written approval of the City Attorney and subject to the provisions of the City Charter, to compromise any claim for license fee amounting to less than one hundred dollars (\$100.00); and with the approval of the City Attorney and the City Council to compromise any claim for license fee amounting to one hundred dollars (\$100.00) or more.

Section 23. Whenever any person is engaged in two or more wholesale businesses at the same location licensed under the provisions of Section 27, such person shall not be required to obtain licenses for the conducting of each of such businesses, but shall be issued a joint license, and the sum of the average number of employees of all such businesses so conducted shall be used as the basis for computing the amount of license fees to be paid for the conduct of all such businesses so affected.

Section 24. Whenever any person is engaged in two or more retail businesses at the same location, such person shall not be required to obtain licenses for the conducting of each of such businesses, but shall be issued a joint license, and the average number of employees of all of such businesses so conducted shall be used as a basis for computing the amount of license fee to be paid for the conduct of all such businesses.

Section 25. Every person conducting, managing or carrying on a moving picture theatre, where moving or motion pictures are exhibited and a fee is charged, collected or received, shall pay a license tax of a sum of money equal to one cent (1¢) for every ticket sold, payable monthly on or before the tenth day of the succeeding month.

Section 26. Every person whose principal business, function or operation consists in the manufacturing, processing or fabricating of any product, commodity, aeroplane, ship, machine, instrumentality, tool or other thing, shall pay annually a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 27. Every person selling goods, wares or merchandise at wholesale shall pay annually a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 28. Every person selling goods, wares or merchandise at retail, including restaurants, cafes, lunch counters, malted milk shops, doughnut shops, ice cream parlors, and similar types of business, shall pay annually a license tax of ten dollars (\$10.00), plus a sum of money equal to one dollar (\$1.00) per year per employee for the average number employed during the preceding six (6) months. In determining the average number of employees employed during the preceding six (6) months, the number of employees at the beginning of such period shall be added to the number of employees at the end of such period and the sum thereof divided by two.

Section 29. When manufacturing, processing or fabricating is done in connection with the business of selling at wholesale or at retail or both, and is done incidental thereto, such business shall be licensed under Section 27 or Section 28, whichever the case may be.

Section 30. Nothing in this ordinance shall be construed as requiring a license or the paying of a license fee for the doing of an act which would constitute an unlawful burden upon or an unlawful interference with interstate or foreign commerce, or which would be in violation of the Constitution or the laws of the United States, or the Constitution of the State of California.

Section 31. Any person required to pay a license fee under this ordinance shall be relieved from the payment of any license or permit fee required for the privilege of doing business that may now be required under any other ordinance of The City of San Diego; but shall remain subject to the regulatory provisions of such ordinances.

Section 32. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Section 20. The conviction and punishment of any person for engaging in any business without first obtaining a license to conduct such business shall not relieve such person from paying the license fee due and unpaid at the time of such conviction, nor shall the payment of any license fee prevent a criminal prosecution for the violation of any of the provisions of this ordinance. All remedies prescribed hereunder shall be cumulative and the use of one or more remedies by the City shall not bar the use of any other remedy for the purpose of enforcing the provisions of this ordinance.

Section 21. WRITTEN STATEMENTS REQUIRED AT TIME OF APPLICATION. In all cases where the license fee is based upon the number of tickets sold, the applicant at the time of applying for a license, and monthly thereafter, shall file with the City Treasurer a written statement showing the number of tickets sold during the preceding month. Where the license fee is based upon the number of persons employed the applicant at the time of applying for a license shall file a written statement showing the average number of persons employed during the preceding six (6) months. Such written statements shall be made on forms provided by the City Treasurer, and be sworn to before an officer authorized by law to administer oaths.

Except in cases specifically provided for in this ordinance the license period for licenses issued hereunder shall be the fiscal year of the City beginning July 1st and ending June 30th.

Subject to other provisions of this ordinance, the license fees required to be paid hereunder shall be due and payable on the first day of July of each year, and shall be delinquent thirty (30) days after the same become due. In cases where a portion of the license period has lapsed prior to application for a license the amount of the fee payable shall be apportioned on a quarterly basis, and the applicant shall pay three-quarters, two-quarters or one-quarter, as the case may be, of the total annual license fee.

Where the license fee is based upon the number of persons employed, and the applicant has not previously been engaged in business required to be licensed hereunder in San Diego, or has been engaged therein for a period of less than six (6) months immediately preceding his application, he shall file a written statement setting forth the estimated total number of persons he intends or expects to employ for the ensuing six (6) months. Such persons shall pay annually a license tax of Ten Dollars (\$10.00), plus a sum of money equal to One Dollar (\$1.00) per year per employee for the estimated number of employees. At the end of said six (6) months' period such licensee shall file with the City Treasurer a statement sworn to before an officer authorized by law to administer oaths, showing the average number of persons employed by him for the preceding six (6) months. If the average number of persons employed exceeds the number estimated at the time the license was issued, the licensee shall be required to pay an additional sum equal to One Dollar (\$1.00) for each employee in excess of the number estimated. If the average number of persons employed is less than the number estimated at the time the license was issued, the licensee shall be entitled to receive from the City the refund of a sum of money equal to One Dollar (\$1.00) for each estimated employee in excess of the average number employed.

Any person who fails to file any required statement, or fails to pay the amount required hereunder within the time fixed hereby, shall be assessed a penalty of ten per cent (10%) on the amount unpaid at such time, which sum shall become a part of the license fee required to be paid hereunder.

No such statement shall be conclusive as to the matters set forth therein, nor shall the filing of the same preclude The City of San Diego from collecting by appropriate action such sum as is actually due and payable hereunder. Such statement and each of the several items therein contained shall be subject to audit and verification by the City Treasurer, who is hereby authorized to examine, audit and inspect such books and records of any licensee or applicant for license as may be necessary in his judgment to ascertain the correct amount of license due.

All licensees, applicants for licenses and persons engaged in business, are hereby required to permit an examination of such books and records for the purposes aforesaid.

The information or data obtained from such examination or audit or from any statement required hereunder shall be used for the purpose of enforcing the provisions of this ordinance and for no other purpose.

Section 22. FAILURE TO FILE STATEMENT OR CORRECTED STATEMENT. If any person fails to file any statement required hereby within the time prescribed hereby, or if after demand therefor made by the City Treasurer fails to file a corrected statement, the City

Treasurer may determine the amount of license fee due from such person from such information as he may be able to obtain and if necessary may estimate the fee required to be paid hereunder upon the basis of external indices such as stock on hand, capital invested, dividends paid, sales or other taxes paid, number of people employed, or by considering other facts. In case such a determination is made the City Treasurer shall give notice of the amount so assessed by serving the same personally or by depositing same in the United States Post Office at San Diego, California, postage prepaid thereon, addressed to the person so assessed at his last known address. Such person may, within ten (10) days after the mailing or serving of such notice, make application in writing to the City Treasurer for a hearing on the amount of the tax. If such application is not so made within the time prescribed the assessment shall become final. If such an application is filed the City Treasurer must cause the matter to be set for hearing within fifteen (15) days before a Board consisting of the City Treasurer, the City Auditor and Comptroller and the City Attorney, or the duly appointed deputy of each. Such board shall consider all evidence produced and shall make written findings thereon, a copy of such findings to be served upon the applicant, in the manner prescribed above for the service of notice of assessment. Such findings shall become final at the expiration of five (5) days from the date of service within which time exceptions may be filed by the applicant. If filed, the Board so appointed shall consider same and make such modification as may be deemed necessary; thereupon the final assessment shall be made.

Section 23. ADDITIONAL POWERS OF CITY TREASURER. The City Treasurer shall have, in addition to all other powers conferred upon him, for good cause shown, the power to extend the time for filing any such statement for a period of not to exceed thirty (30) days, and in such case waive any penalty that would have otherwise accrued; and with the written approval of the City Attorney and subject to the provisions of the City Charter, to compromise any claim for license fee amounting to less than One Hundred Dollars (\$100.00); and with the approval of the City Attorney and the City Council to compromise any claim for license fee amounting to One Hundred Dollars (\$100.00) or more.

ORDINANCE NO. 2556 (New Series)  
AN ORDINANCE IMPOSING A SERVICE CHARGE OR TAX UPON THE OCCUPANTS OF TRAILERS WITHIN TRAILER CAMPS IN THE CITY OF SAN DIEGO; PROVIDING FOR THE COLLECTION THEREOF; AND IMPOSING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE.

WHEREAS, there are large numbers of persons in the City of San Diego who are living in trailers and who enjoy all of the municipal facilities enjoyed by permanent residents and taxpayers without contributing to the cost thereof; and

WHEREAS, the cost of supplying such municipal facilities is substantially increased by the presence within the City of said trailer occupants (from whom because of their manner of living the City derives little or no revenue to meet such increased cost); and

WHEREAS, the City Council deems it just and equitable that occupants of trailers within the City should contribute toward the cost of supplying municipal facilities which they enjoy; NOW, THEREFORE,

BE IT ORDAINED, By the Council of The City of San Diego, as follows:

Section 1. DEFINITIONS: Whenever used in this ordinance, unless a different meaning appears from the context:

(a) AUTOMOBILE TRAILER. An "Automobile Trailer," "Trailer Coach," or "Trailer" means any vehicle or structure so designed and constructed in such manner as will permit occupancy thereof as living or sleeping quarters for one or more persons, or the conduct of any business or profession, occupation or trade (or used as a selling or advertising device), and so designed that it is or may be mounted on wheels and may be used as a conveyance on highways or city streets, propelled or drawn by its own or other motive power, excepting a device used exclusively upon stationary rails or tracks under the jurisdiction and control of the Railroad Commission of the State of California.

(b) TRAILER CAMP. A "Trailer Camp" means any park, trailer park, trailer court, court, camp site, lot, parcel, or tract of land designed, maintained or intended for the purpose of supplying a location or accommodations for any automobile trailer and upon which any automobile trailer or automobile trailers are parked and shall include all buildings used or intended for use as part of the equipment thereof whether a charge is made for the use of the trailer camp, and its facilities or not. "Trailer Camp" shall not include automobile or trailer sales lots on which unoccupied automobile trailers are parked for purposes of inspection and sale.

(c) PERSON. The word "person" shall be construed to include persons, partnership, firm, company, corporation, tenant, owner, lessee or licensee, their agents, heirs or assigns.

(d) UNIT. A "Unit" means an area of ground in a trailer camp of not less than 600 square feet of unoccupied space in such trailer camp designated as the location for only one automobile and one trailer.

Section 2. There is hereby imposed a service charge or tax of ten cents (10¢) per day per unit, on the occupant or occupants of each trailer occupying a unit of space in any trailer camp within the City of San Diego, Said charge shall be payable by such occupant or occupants to the operator of the trailer camp in which such trailer is located, at the same time and for the same period that the rental or charge for the unit of trailer space in such trailer camp is paid.

Section 3. The licensee or operator of each trailer camp shall collect the service charge or tax imposed by Section 2 of this ordinance, for The City of San Diego, at the time and for the period that he collects his rental or charge for the unit of space occupied, and shall pay said service charge or tax over to the City Treasurer, in accordance with such reasonable regulations as the Treasurer may promulgate governing such payments. If any such licensee or operator shall neglect or refuse to make such collection, and to pay the same to the City Treasurer, as required in this section, he shall be personally liable to the City for the full amount of the service charge or tax which should have been collected by him; and such neglect or refusal shall also be cause for the suspension of his license to operate such trailer camp. In event any occupant or occupants of a unit of space in his trailer camp shall upon demand refuse to pay said service charge or tax, the licensee or operator of the camp shall immediately in writing report such fact to the City Treasurer.

Section 4. Any occupant or occupants of a trailer located within a trailer camp in The City of San Diego, who, after demand by the operator of the trailer camp for the payment to him for the City of the service charge or tax required to be paid by this ordinance, shall continue to occupy such trailer located therein without the payment of said charge or tax, shall be guilty of a misdemeanor, and shall be punishable by a fine of not less than Ten Dollars (\$10.00), nor more than One Hundred Dollars (\$100.00), or by imprisonment in the City Jail for not less than ten (10) days nor more than thirty (30) days, or by both such fine and imprisonment.

Section 5. The payment of the service charge or tax imposed by this ordinance shall not be construed as relieving the occupant or occupants of any trailer from amenability to or compliance with the provisions of any ordinance of The City of San Diego, or the State Housing laws regulating or applicable to the occupancy of trailers within the City.

Section 6. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

WHEREAS, The United States is at war, and The City of San Diego by the provisions of Public Proclamation No. 10, as amended by Public Proclamation No. 12, is located in a military zone of restricted lighting established as a matter of military necessity in order to minimize the danger of enemy attack and to provide maximum protection for war utilities, war materials and war premises; and

WHEREAS, by reason of the immediate threat of enemy attack compliance with the provisions of Public Proclamation No. 10 as amended by Public Proclamation No. 12 is essential for the protection of the lives and property of the people of The City of San Diego, and this ordinance is hereby declared to be an emergency measure; NOW, THEREFORE,

BE IT ORDAINED By the Council of The City of San Diego as follows:

Section 1. J. L. Dewitt, Lieutenant General, U. S. Army, Commanding Western Defense Command and Fourth Army, by virtue of the authority vested in him by the President of the United States and Executive Order No. 9066, dated February 19, 1942, and pursuant to Public Law 503 - 77th Congress, approved March 21, 1942, and by virtue of his powers and prerogatives as Commanding General of the Western Defense Command, has issued Public Proclamation No. 10, dated August 5, 1942, and effective August 20, 1942, which as amended by Public Proclamation No. 12, dated October 10, 1942, and issued by virtue of the same authority, reads as follows (omitting Exhibits incorporated therein):

"HEADQUARTERS WESTERN DEFENSE COMMAND

AND FOURTH ARMY

Presidio of San Francisco, California

PUBLIC PROCLAMATION NO. 10

August 5, 1942

TO: The people within the States of Washington, Oregon and California, and to the Public Generally:

WHEREAS, by Public Proclamation No. 1, dated March 2, 1942, this Headquarters, there were designated and established Military Areas Nos. 1 and 2; and

WHEREAS, the armed forces of the enemy have made attacks upon vessels of the United States traveling along the Pacific Coastal waters and upon land installations within said Military Areas, and it is expected that such attacks will continue; and

WHEREAS, it is necessary to provide maximum protection for war utilities, war materials and war premises located within the States of Washington, Oregon and California against enemy attacks by sea and by air;

NOW, THEREFORE, I, J. L. Dewitt, Lieutenant General, U. S. Army, by virtue of the authority vested in me by the President of the United States and by the Secretary of War and my powers and prerogatives as Commanding General of the Western Defense Command, do hereby declare that:

1. The present situation requires as a matter of military necessity that a Zone of Restricted Lighting be established within Military Areas Nos. 1 and 2, and that illumination within said Zone of Restricted Lighting be extinguished or controlled in such manner and to such extent as may be necessary to prevent such illumination from aiding the operations of the enemy.

2. Pursuant to the determination and statement of military necessity in Paragraph 1 hereof, a Zone of Restricted Lighting, as particularly described in Exhibit A hereof, and as generally shown on the map made a part hereof and marked Exhibit B, is hereby designated and established. Illumination within the entire area of said Zone of Restricted Lighting shall be extinguished or controlled at all times at night from sunset to sunrise, as follows:

(a) Signs, Floodlighting, Display and Interior Lighting. Illuminated signs and ornamental lighting of every description which are located out-of-doors, and floodlighting which illuminates buildings or signs (including but not limited to all exterior advertising

signs, billboards, display lighting, theatre marquee signs, illuminated poster panels, and building outline lighting), and all interior light sources (as hereinafter defined) which emit direct rays above the horizontal out-of-doors, shall be extinguished. The words, "light sources," as used herein are intended and shall be construed to mean and include any light generating elements and the bright portion of any reflector, lens, luminaire, transparency, or other equipment associated herewith for the control or diffusion of light. This Section 2(a) shall not apply to illumination for industrial or protective purposes except to the extent provided for in Section 2(b) hereof.

(b) Illumination of Outdoor Areas; Street and Highway Lights. Illumination of outdoor areas and industrial and protective illumination, shall be controlled as follows:

(1) Except as provided in Section 2(b) (2) hereof, illumination on all outdoor areas (including but not limited to automobile service station yards, outdoor parking areas, recreation areas and outdoor structures and roofs) shall not exceed one foot candle at any point when measured on a horizontal plane at any level of such outdoor areas, and all outdoor light sources shall be shielded so that no direct rays from the light source are emitted above the horizontal. All interior lighting of every description shall be reduced or controlled so that it does not contribute more than one foot candle of illumination upon any outdoor area. All street and highway lights shall also be shielded so that each light source emits no more than ten per cent of its total lamp lumens at angles above the horizontal. Provided the foregoing requirements are met, any further reduction or extinguishment of street or highway illumination which would unnecessarily aggravate traffic hazards is not required.

(2) Variations from the foregoing requirements shall be permitted in the case of illumination for industrial and protective purposes, and from industrial processes, whether interior or exterior, but not including street or highway lights, only when and to the extent that it is necessary to vary from such requirements in order to achieve and maintain maximum efficiency; but only with the written approval of the Ninth Regional Civilian Defense Board, obtained in advance.

(c) Traffic Signs and Signals. Illuminated signs and signals which are authorized or maintained by governmental authority for the purpose of controlling or directing street or highway traffic shall be shielded so that no direct rays from the light source are emitted above the horizontal in respect to lights mounted ten feet or more above the ground, or above an angle of more than six degrees above the horizontal in respect to lights mounted less than ten but more than three feet above the ground, or above an angle of more than twelve degrees above the horizontal in respect to lights mounted less than three feet above the ground. Relative variations in the upward limit of light are permissible to compensate for grades.

(d) Navigation and Railroad Lights. Authorized lights necessary to facilitate air or water navigation, authorized railroad signal lights, and headlights of railroad locomotives when in motion, are hereby excepted from the provisions of this Proclamation.

3. In addition to the restrictions hereinbefore imposed, illumination within that part of the Zone of Restricted Lighting which is visible from the sea, as hereinafter defined, shall be further diminished or obscured at all times at night from sunset to sunrise, as follows:

(a) Street, Highway and Traffic Lights. Street and highway lights, and illuminated signs (but not signals) which are authorized or maintained by governmental authority for the purpose of controlling or directing street or highway traffic and which are visible from the sea, shall be so shielded that they are not visible from the sea at night and so that no direct rays from the light source are emitted above the horizontal.

(b) Residential, Commercial and Industrial Windows. No lighting shall be permitted behind windows or glazed doors visible from the sea unless they are covered by drapes or shades.

(c) Street and Highway Traffic. O R D I N A N C E NO. 2584 (New Series)

AN ORDINANCE REGULATING THE OPERATION, MAINTENANCE AND SANITATION OF TRAILER PARK GROUNDS AND THE USE OF TRAILER CARS, TRAILER HOUSES OR AUTOMOBILE TRAILERS USED FOR LIVING PURPOSES IN THE CITY OF SAN DIEGO, PROVIDING A PENALTY FOR THE VIOLATION HEREOF; AND REPEALING ORDINANCES NUMBERS 2462, NEW SERIES, ADOPTED MAY 29, 1942 and 2555, NEW SERIES, ADOPTED OCTOBER 13, 1942.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. DEFINITIONS:

Whenever used in this ordinance, unless a different meaning appears from the context:

(a) AUTOMOBILE TRAILER. An "Automobile Trailer," "Trailer Coach," or "Trailer" means any vehicle or structure so designed and constructed in such manner as will permit occupancy thereof as living or sleeping quarters for one or more persons, or the conduct of any business or profession, occupation or trade, or used as a selling or advertising device, and so designed that it is or may be mounted on wheels and may be used as a conveyance on highways or city streets, propelled or drawn by its own or other motive power, excepting a device used exclusively upon stationary rails or tracks under the jurisdiction and control of the Railroad Commission of the State of California.

(b) TRAILER PARK. A "Trailer Park" means any park, trailer park, trailer court, court, camp, site, lot, parcel, or tract of land designed, maintained or intended for the purpose of supplying a location or accommodations for any automobile trailer and upon which any automobile trailer or automobile trailers are parked and shall include all buildings used or intended for use as part of the equipment thereof whether a charge is made for the use of the trailer park and its facilities or not. "Trailer Park" shall not include automobile or trailer sales lots on which unoccupied automobile trailers are parked for purposes of inspection and sale.

(c) UNIT. A unit means an area of ground in a trailer park of not less than 360 square feet of unoccupied space in such trailer park designated as the location for only one automobile and one trailer. Provided, however, in the case of all trailer units which shall come into existence subsequent to the adoption of this ordinance, a "unit" shall mean 600 square feet; and further provided that at the end of the present national emergency a "unit" shall mean an area of ground of not less than 600 square feet for all trailer units, and provided further that all units be required to comply with the sanitary requirements of this ordinance.

Each unit shall be construed as housing three persons, for the purpose of computing the various facilities required by this ordinance.

(d) PERSON. The word "person" shall be construed to include persons, partnership, firm, company, corporation, tenant, owner, lessee or licensee, their agents, heirs or assigns.

(e) DIRECTOR OF PUBLIC HEALTH. For the purposes of this ordinance, the term "Director of Public Health," when applied, is to include the Director of Public Health, Health Officer, Sanitary Officer, or any regularly appointed inspector or employee of the Department of Public Health, or Public Health Commission of The City of San Diego.

Section 2. RESOLUTION OF PROPERTY USE AND PERMIT. It shall be unlawful for any person, firm or corporation to establish, maintain, operate, own, control, lease or conduct within the limits of The City of San Diego any trailer park on any location or plot of ground for the use of transients or guests by the day, week, month or season, whether charge is or is not made, without first applying for and receiving from the Zoning Committee of the Planning Commission or from the City Council a resolution of property use to use the premises for such purpose, a certificate of approval from the Department of Public Health, and a license from the City Treasurer to operate such premises; PROVIDED, HOWEVER, that it shall not be necessary for a person to apply for a resolution of property use during the period for which he has been granted by resolution of the Council permission to operate a trailer park, and during which he is complying with the provisions of such resolution. It is not, however, the intention of this provision to relieve such a person from complying with the hereinafter prescribed regulations of the Department of Public Health or from the necessity of procuring a license from the City Treasurer to operate such trailer park.

Section 3. RESOLUTION OF PROPERTY USE FROM ZONING COMMITTEE. In order to obtain a Resolution of Property Use from the Zoning Committee, the applicant shall file a verified, written petition with the City Planning Department, in which he shall state the number of automobile trailer spaces to be provided for and such other facts relied upon, including a plan of proposed development. Prior to filing said application with the Planning Department, the petitioner shall pay to the City Treasurer of The City of San Diego the sum of Ten Dollars (\$10.00) as an investigation fee. The Zoning Committee may grant by a majority vote of its members the granting of a Resolution of Property Use upon such terms and conditions as it deems proper.

An appeal from the decision of the Zoning Committee may be taken to the City Council according to the procedure prescribed in the Zoning Ordinance of said City.

A copy of the resolution of the final action of the Zoning Committee or City Council upon the petition shall be forwarded with the report to the Director of Public Health.

Section 4. REGULATIONS OF DEPARTMENT OF PUBLIC HEALTH. Every applicant for a license to conduct a trailer park shall, after having first obtained a resolution of property use, or a resolution of the City Council, as provided in Section 2 of this ordinance, file with the Department of Public Health a written application, in triplicate upon an official form approved by the Public Health Commission, for a certificate of approval.

Said application shall include the name, address, description of the property, the character of the establishment conducted or proposed to be conducted, a plot plan and plans and specifications for the buildings thereon, or to be constructed thereon, and any other information that the Public Health Commission by regulation shall require.

Said plot plan must be an accurate instrument drawn map of the proposed park, drawn to a set scale and including a metes and bounds description of the trailer park.

Section 5. INSPECTION AND INVESTIGATION. Upon receipt of the plot plan and plans and specifications and information required under Section 4 of this ordinance, it shall be the duty of the Director of Public Health to examine such plot plan and plans and specifi-

cations and to inspect and investigate the establishment or proposed establishment for which a certificate of approval has been applied for, and to furnish copies of the same to the Building Inspection Department and the Fire Department.

Section 6. EXAMINATION BY BUILDING INSPECTION DEPARTMENT AND FIRE DEPARTMENT. It shall be the duty of the Building Inspection Department and the Fire Department to check the plans and specifications referred to it by the Director of Public Health, endorse thereon their approval or disapproval, and return the same to the Director of Public Health.

Section 7. CERTIFICATE OF APPROVAL. If it shall appear to the satisfaction of the Director of Public Health that the facts as stated in the application are true and correct; that the plot plan and plans and specifications for the trailer park established or to be established comply with the provisions of this ordinance, all other applicable ordinances, rules and regulations of The City of San Diego, enforceable by the Fire Department, the Building Department, the Department of Public Health; also with the Health and Safety Code of the State of California, especially including Division XIII, Part I, of the State Housing Act; and that the same have received the written approval of said Building Inspection Department and Fire Department, the Director of Public Health shall issue to the applicant a certificate of approval.

Section 8. The applicant for a license to operate a trailer camp shall, after receiving the certificate of approval required by Section 7 of this ordinance, present the same to the City Treasurer, together with the license fee, which fee shall be a sum equal to two dollars (\$2.00) per year for each unit of space in his trailer park or proposed trailer park; provided, however, that the minimum fee shall be fifteen dollars (\$15.00) and the maximum fee, one hundred dollars (\$100.00). Thereupon the Treasurer shall issue a license to operate such trailer park.

Provided that operators of established trailer parks operating under an existing unlimited permit or license from the City, and in conformity to the requirements of this ordinance, which conformity shall be evidenced by the written approval or statement of the Director of Public Health, shall be entitled to a license hereunder upon tendering to the City Treasurer the license fees required by this ordinance; provided, further, that operators of established trailer parks operating under an existing conditional permit or a permit limited as to time, shall be entitled to a license hereunder upon presenting to the City Treasurer a written certificate from the Director of Public Health that the terms and conditions of such permit are being fully complied with, and that the trailer park is being operated in conformity with the requirements of this ordinance, upon tendering to the City Treasurer the required license fee. If such permit is for a limited period no license, however, shall be issued or be valid for any period beyond the time limited by such permit.

Section 9. Licenses required hereunder may be applied for and issued at any time during the fiscal year, but all licenses shall expire on June 30th of the fiscal year in which the same are granted. No license shall be transferable from person to person, or from one location to another.

License fees are payable annually in advance on the first day of July, and the same shall be delinquent thirty (30) days thereafter, and thereupon a penalty of ten per cent (10%) shall be added to the license fee; provided, however, that if a license is issued for less than the full fiscal year the amount of the fee required to be paid by the applicant shall be as follows: If issued within the first quarter of the fiscal year, the full amount of the annual license fee; if issued within the second quarter of the fiscal year three-fourths of the full amount of the annual license fee; if issued within the third quarter of the fiscal year one-half of the annual license fee; if issued within the last quarter of the fiscal year one-fourth of the annual license fee.

All licenses issued under this ordinance shall be subject to suspension or revocation by order of the Public Health Commission made upon a showing satisfactory to said Commission of the violation by the holder of the license, his employee, servant or agent, or any other person acting with his consent or under his authority, of any provision of this ordinance, or of any rule or regulation made under the authority of this ordinance; or the violation of any other ordinance of The City of San Diego imposing any duty or obligation upon the operators of trailer parks. Upon the making of any such order of suspension or revocation, the Director of Public Health shall in writing notify the City Treasurer and the Police Department thereof.

Section 10. UNIT REQUIREMENTS. All open fires are prohibited. If it should appear to the Director of Public Health that there is a violation of this section, a written notice shall be served to discontinue such practice in five (5) days. Failure to comply with this order shall be deemed sufficient grounds for suspension of the permit and an order shall be issued to all guests to vacate immediately.

B. Shall cause each dog, cat, or other pet animal to be kept under control at all times, either by being tied up or confined in a proper enclosure.

C. Provide for the regular cleaning, painting, repairing and disinfecting of all buildings.

Section 16. QUARANTINE. Whenever it shall appear to the Director of Public Health that there are reasonable grounds to believe that any case of cholera, plague, yellow fever, malaria, leprosy, diphtheria, scarlet fever, smallpox, typhus fever, typhoid fever, para-typhoid fever, anthrax, glanders, epidemic cerebrospinal meningitis, tuberculosis, pneumonia, dysentery, erysipelas, uncinariasis or hookworm, trachoma, dengue, tetanus, measles, German measles, chickpox, whooping cough, mumps, pellagra, beri-beri, Rocky Mountain spotted (or tick) fever, syphilis, gonococcus infection, rabies, poliomyelitis, or any other infectious disease exists, or has recently existed within the premises of the trailer park grounds for which a permit has been issued, he shall take such measures as may be necessary to prevent the spread of the disease; and if it shall appear that an epidemic exists, said Director of Public Health shall immediately suspend the permit until such cases have been removed to an area designated as an area of quarantine and no person shall be permitted to enter or leave said park ground without the written consent of the Director of Public Health. Said premises shall not be released from quarantine until approved methods of sterilization and disinfection have been carried out under the supervision of the Director of Public Health.

Whenever inspection by the Director of Public Health of any park ground indicates that insanitary conditions exist therein, the Director of Public Health shall notify the person in charge of said park ground in writing of such fact and shall set forth in said notice a description of the condition which makes insanitary the operation of said qualified trailer park ground and shall further direct that said condition be remedied by commencing to correct the same within five (5) days of receipt of notice and to continue thereafter diligently and continuously until said insanitary condition has been abated.

If after said notice said condition is not remedied or if it appears that any other violation of law exists, it shall be the duty of the Director of Public Health; and the Director of Public Health may, in addition to other penalties, provided by this ordinance, suspend said permit until such remedies or corrections have been completed.

#### Section 17. LIMITATION ON LENGTH OF STAY.

A. It shall be unlawful for any person to remain or live in any automobile trailer in the City of San Diego for more than six (6) months in any twelve (12) month period, except that upon a showing and proof that one or more occupants of an automobile trailer are engaged in vital defense work and that there exists in the community a shortage of adequate housing facilities, additional stays of three (3) months may be granted by the Director of Public Health, such additional stays being renewable at the end of each three (3) month period upon a further and similar showing.

B. It shall be unlawful for any person, including the caretaker, operating, maintaining, or in control of a trailer park to permit any person to remain therein for more than six (6) months in any twelve (12) month period; except that upon a showing and proof that one or more occupants of an automobile trailer are engaged in vital defense work and that there exists in the community a shortage of adequate housing facilities, additional stays of three (3) months may be granted by the Director of Public Health, such additional stays being renewable at the end of each three (3) month period upon a further and similar showing.

C. Provided, however, that the provision of subsections A and B of this section shall be suspended for the duration of the war emergency.

Section 19. PURPOSE. It shall be unlawful for any person to camp, place, stand, park, or locate any occupied automobile trailer in the City of San Diego, except within a licensed trailer park; provided, however, that the same may be parked outside of a licensed trailer park for a period not to exceed twenty-four (24) hours and provided further that any person desiring to camp, place, stand, park, or locate any occupied automobile trailer in the City of San Diego outside of a licensed trailer park for more than twenty-four (24) hours shall first apply for and obtain from the Director of Public Health of The City of San Diego, a permit so to do. No permit shall be issued by the Director of Public Health unless it shall appear to the satisfaction of the Director of Public Health that adequate water supply and all other sanitary facilities are available and accessible, as in this ordinance established.

Whenever it shall appear that said application does not provide for parking or locating such automobile trailer in a licensed trailer park, a temporary permit may be issued to the applicant for a period not to exceed fifteen (15) days, and the failure of the holder of the temporary permit to remove said trailer at the expiration of said permit shall be deemed a violation of the provisions of this ordinance.

#### Section 20. VIOLATIONS AND PENALTIES.

Any owner, builder, mechanic or any other persons who shall violate any of the provisions of this ordinance, or fail to comply with any order or regulation made thereunder, or who shall operate or maintain a trailer park, or build, construct or make alterations in violation of any part of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not less than Ten Dollars (\$10.00) nor more than Five Hundred Dollars (\$500.00) or by imprisonment in jail for not less than five (5) days nor more than six (6) months, or by both such fine and imprisonment.

#### ORDINANCE NO. 2599 (New Series)

AN ORDINANCE AUTHORIZING THE ESTABLISHMENT IN CERTAIN DIVISIONS OF THE DEPARTMENT OF PUBLIC WORKS AND WATER DEPARTMENT OF A SIX-DAY WORK WEEK, AND PROVIDING FOR ADDITIONAL COMPENSATION THEREFOR.

WHEREAS, the war conditions prevailing in The City of San Diego have created an increasingly acute labor shortage, and the City is faced with a situation which makes it practically impossible to secure and maintain adequate personnel to render to the inhabitants of the City vitally necessary services, such as collection and disposal of rubbish and garbage, and water and sewer facilities; and

WHEREAS, in order to protect the public health it is necessary immediately to secure more man hours in certain departments of the City in order partially to relieve the personnel shortage now existing in such departments, and this ordinance is hereby declared to be an emergency measure; NOW, THEREFORE,

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That during the continuance of the conditions described in the preamble of this ordinance the City Manager be, and he is authorized to put into effect in certain divisions of the Department of Public Works and the Water Department a six-day work week instead of the five and one-half day week now prevailing.

Section 2. That all persons of the City service who are required by the City Manager or a department head to work a six-day week shall receive compensation for an additional half day of service, computed at the monthly rate established for such position by Ordinance No. 2456 (New Series) of the ordinances of The City of San Diego.

Section 3. In those departments of the City where by reason of lack of man power and volume of work or emergency conditions, any employees working therein, after completing the regular number of hours of a work day, or of a work week, are called back and required to perform additional work or services, shall be entitled to receive compensation for such overtime extra work or services if the total overtime amounts to four (4) hours or more in any one pay period. The amount of compensation payable for such overtime shall be arrived at in the following manner:

The regular monthly salary of the employee shall be computed on an annual basis. This annual salary shall be divided by 52, to determine the weekly salary rate, and an hourly rate determined by dividing the weekly compensation by the normal number of hours constituting a regular work week, for such employee. The hourly rate so determined shall be the compensation per hour payable for overtime work or service provided for in this section.

Payment for such overtime work or service shall be made by a separate check, and the amount thereof shall not be included in the employee's regular salary check.

Section 4. This is an ordinance for the immediate preservation of the public peace, property, health or safety of the inhabitants of The City of San Diego, for the

reasons set forth in the preamble hereof, and shall take effect and be in force from and after its passage.

Such proposition may be submitted at any election. It shall require a two-thirds vote of all the voters voting upon such proposition to authorize the expenditure of the moneys in said fund, or any portion thereof, for such other purpose.

The term 'capital outlays' as used in this section shall be construed to mean and be confined to permanent public improvements, including the reconstruction and replacement of existing public improvements, but shall not include, or take the place of, or be in lieu of:

(a) Harbor improvements or developments provided for by Section 54 of Article V of this Charter;

"Section 158. CONTRIBUTIONS TO FUND BY COUNCIL. The Council shall, for the purposes of said Police Relief and Pension Fund herein provided for, except as hereinafter provided, direct the payment annually, from the General Fund of The City of San Diego, into the Police Relief and Pension Fund, of the following moneys:

(a) One-third (1/3) of all rewards given or paid to members of the Police Department because of or in recognition of the performance of official duty.

(d) For the payment of a sum equal to all revenue paid into the Police Relief and Pension Fund by members or employees of the Police Department as provided for in Section 157 of this Article, said sum to be equal to the amount retained by the Auditor and Comptroller of The City of San Diego during the next preceding year; and all such further sum or sums as shall be required for maintenance of said Police Relief and Pension Fund."

Said propositions shall be presented and printed upon the ballot, and submitted to the voters, in the manner and form set out in Section 2 of this ordinance.

Section 2. The ballot provided at said General Municipal Election to be held on April 20, 1943, shall be so printed as to state each of the propositions hereinabove set out in Section One of this ordinance in the manner and form following:

<p>PROPOSITION NO. 4. Amend the Charter of The City of San Diego, by adding thereto a new section, to be numbered Section 71a.</p> <p>This amendment provides that at the beginning of each fiscal year the several amounts appropriated in the Annual Appropriation Ordinance for the preceding fiscal year, for salaries and wages and maintenance and support expenses, shall be deemed to be</p>	YES	

automatically reappropriated for the same purpose, until the Council shall adopt the Annual Appropriation Ordinance for the new fiscal year; and authorizes the Auditor and Comptroller during such interim to approve the payments necessary for the support of the various city offices, departments, services and institutions on the basis of the appropriations of the preceding fiscal year. PROPOSITION NO. 5. Amend Section 77 of the Charter of The City of San Diego. This amendment authorizes the creation and accumulation of a fund for capital outlays; empowers the City Council by a vote of not less than five of its members to raise by taxation in any fiscal year money for such fund, the amount raised being limited by the maximum tax rate of \$1.34 on each one hundred dollars of assessed valuation of the real and personal property within the City, established by Section 76 of the Charter; provides that no disbursements from said fund shall be made for any other purpose than capital outlays, unless another purpose is authorized by a vote of two-thirds of the electors of the City; defines the term "capital outlays" to mean and be confined to permanent public improvements, including the reconstruction and replacement of existing public improvements. PROPOSITION NO. 6. Amend Sections 157 and 158 of the Charter of The City of San Diego. The amendment to Section 157 simply increases the contributions made to the fund from the present rate of a sum equal to 4% of the pay of each regular member or employee of the Police Department to a sum equal to 6% of such pay. The amendment to Section 158 consists solely of the elimination of the second paragraph of Subdivision (d) of the section, which, as it now stands, provides that whenever the Police Relief and Pension Fund contains a sum of money amounting to one thousand dollars for each member of the Police Department, then all payments into the fund provided for in the section shall cease and shall be resumed only in the event that said fund shall be decreased below the amount specified. Electors voting at said election shall indicate their choice on the measures by stamping a cross in the voting square at the right of the word "Yes," or in the voting square at the right of the word "No." If an elector shall stamp a cross in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the measure; if he shall stamp a cross after the printed word "No," his vote shall be counted against the adoption of the same.

Section 3. The City Clerk of said City is hereby directed to cause this ordinance to be published once in the City official newspaper, to-wit: The San Diego Union, and to cause copies of such proposed amendments to be printed in convenient pamphlet form and in type of not less than ten point, and shall cause copies thereof to be mailed to each of the qualified electors of said City, and shall, until the day fixed for the election upon such amendments, advertise in said The San Diego Union, being the official newspaper of said City, and a newspaper of general circulation published in said City, a notice that copies of said amendments may be had upon application therefor to the City Clerk of said City.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That during the continuance of the conditions described in the preamble of this ordinance the City Manager and the heads of those departments not under the Manager's direction, be, and they are hereby authorized to put into effect in any city department, or in any particular operations of city departments, a six-day, forty-eight hour, work week, when such work week will result in reducing the number of persons required to perform the necessary operations, or will secure more man hours of work, where such increase in man hours or work will relieve personnel shortages now existing in such departments or operations of departments.

Section 2. That all persons in the City service who are required by the City Manager or the heads of those departments not under the Manager's direction, to work a six-day week in operations where under normal circumstances a five and one-half day week has been in effect, shall receive compensation for the additional half day of service, computed and based on the monthly salary rate established for such position.

Section 3. In those departments of the City where by reason of lack of manpower or volume of work under emergency conditions any employee working therein, after completing the regular number of hours of a work day or of a work week, is required to perform additional work or services, he shall be entitled to receive compensation for such overtime extra work or services, which compensation shall be arrived at in the following manner:

The regular monthly salary of the employee shall be computed on an annual basis. This annual salary shall be divided by 52 to determine the weekly salary rate, and an hourly rate determined by dividing the weekly compensation by the normal number of hours constituting a regular work week for such employee. The hourly rate so determined shall be the compensation per hour payable for overtime work or services provided for in this section.

Section 4. Members of the Fire Department who desire to work extra shifts or additional hours beyond those required by Section 58 of the City Charter, in any rank, class or grade of service, may at the discretion of the Chief of the Fire Department be permitted so to do. Such extra shifts or additional hours worked shall be compensated for upon the same basis and to the same extent as in the case of employees in other departments of the City service, as provided in Sections 2 and 3 of this ordinance; provided, however, that when such extra shifts or additional hours are worked, in a rank, class or grade of service other than the one in which the member is regularly employed, the monthly salary rate established for such other rank, grade or class of service shall be the basis for computing and determining the amount of compensation payable for extra time or overtime permitted by this section.

Section 5. That Ordinance No. 2599 (New Series) of the ordinances of The City of San Diego, entitled, "An Ordinance authorizing the establishment in certain divisions of the Department of Public Works and Water Department of a six-day work week, and providing for additional compensation therefor," adopted January 5, 1943, be, and the same is hereby repealed.

"Section 859. ASH TRAYS. Where smoking is permitted there shall be provided on each table and at other convenient places suitable noncombustible ash trays or match receivers.

"Section 860. FIRE APPLIANCES. (a) The City Fire Department shall survey each place of assembly and shall designate suitable fire and fire fighting appliances in and near boiler rooms, kitchens, storage rooms and other occupied areas where such appliances are deemed necessary.

(b) All fire appliances shall be kept in working condition; all extinguishers, hose and similar appliances shall be visible and handy at all times. It shall be the duty of the occupant and/or management of each building or part of a building occupied as a place of assembly to properly train sufficient regular employees in the use of fire appliances that such appliances can be quickly put in operation.

"Section 861. ENFORCEMENT. (a) When any enforcing official of the Fire Department or any other enforcing official finds any exit or exit way obstructed, blocked, locked, bolted or fastened in any manner not permitted in this Code, he may forthwith cause the arrest of the manager, person in charge or person directly guilty of said offense and when deemed necessary in extreme danger or extreme negligence on the part of the management or persons in charge, said enforcing official may close the place of assembly without further warning."

AN ORDINANCE AMENDING SECTIONS 12, 20 and 31 OF ORDINANCE NO. 2472, (NEW SERIES) (GENERAL LICENSE ORDINANCE), ADOPTED JUNE 5, 1942.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That Section 12 of Ordinance No. 2472 (New Series) of the Ordinances of The City of San Diego, entitled, "An Ordinance licensing the carrying on of certain businesses, trades, callings and occupations in the City of San Diego, California, for the purpose of raising municipal revenue, and providing penalties for the violation of the provisions hereof," adopted June 5, 1942, be, and the same is, hereby amended to read as follows:

"Section 12. POSTING AND KEEPING LICENSES. Except as otherwise specifically provided by the provisions of this ordinance, all licenses must be kept and posted in the following manner:

(a) Subject to other provisions of this ordinance, any licensee engaged in business at a fixed place of business shall keep the license issued posted in a conspicuous place upon the premises where such business is conducted;

(b) Any person engaged in business in The City of San Diego, but not operating from a fixed place of business, shall keep the license issued to him upon his person at all times while engaging in such business.

(c) Each licensee shall at all times when requested, exhibit said license to any police officer or other official of The City of San Diego."

Section 2. That Section 20 of said Ordinance No. 2472 (New Series) be, and the same is, hereby amended to read as follows:

"Section 20. WRITTEN STATEMENTS REQUIRED AT TIME OF APPLICATION. In all cases where the license fee is based upon the number of tickets sold, the applicant at the time of applying for a license, and monthly thereafter, shall file with the City Treasurer a written statement showing the number of tickets sold during the preceding month. Where the license fee is based upon the number of persons employed the applicant at the time of applying for a license shall file a written statement showing the average number of persons employed during the preceding six (6) months. Such written statements shall be made on forms provided by the City Treasurer.

Except in cases specifically provided for in this ordinance the license period for licenses issued hereunder shall be the fiscal year of the City beginning July 1st and ending June 30th.

Subject to other provisions of this ordinance, the license fees required to be paid hereunder shall be due and payable on the first day of July of each year, and shall be delinquent thirty (30) days after the same become due. In cases where a portion of the license period has lapsed prior to application for a license the amount of the fee payable shall be apportioned on a monthly basis; provided that payment shall be required for the entire month in which said license is issued.

Where the license fee is based upon the number of persons employed, and the applicant has not previously been engaged in business required to be licensed hereunder in San Diego, or has been engaged therein for a period of less than six (6) months immediately preceding his application, he shall file a written statement setting forth the estimated total number of persons he intends or expects to employ for the ensuing six (6) months. Such written statement shall be made on forms provided by the City Treasurer. Such persons shall pay annually a license tax of Ten Dollars (\$10.00), plus a sum of money equal to One Dollar (\$1.00) per year per employee for the estimated number of employees. At the end of said six (6) months' period such licensee shall file with the City Treasurer a statement showing the average number of persons employed by him for the preceding six (6) months. If the average number of persons employed exceeds the number estimated at the time the license was issued, the licensee shall be required to pay an additional sum equal to One Dollar (\$1.00) for each employee in excess of the number estimated. If the average number of persons employed is less than the number estimated at the time the license was issued, the licensee shall be entitled to receive from the City the refund of a sum of money equal to One Dollar (\$1.00) for each estimated employee in excess of the average number employed.

Any person who fails to file any required statement, or fails to pay the amount required hereunder within the time fixed hereby, shall be assessed a penalty of ten per cent (10%) on the amount unpaid at such time, which sum shall become a part of the license fee required to be paid hereunder.

No such statement shall be conclusive as to the matters set forth therein, nor shall the filing of the same preclude The City of San Diego from collecting by appropriate action such sum as is actually due and payable hereunder. Such statement and each of the several items therein contained shall be subject to audit and verification by the City Treasurer, who is hereby authorized to examine, audit and inspect such books and records of any licensee or applicant for license as may be necessary in his judgment to ascertain the correct amount of license due.

All licensees, applicants for licenses and persons engaged in business, are hereby required to permit an examination of such books and records for the purposes aforesaid.

The information or data obtained from such examination or audit or from any statement required hereunder shall be used for the purpose of enforcing the provisions of this ordinance and for no other purpose.

It shall be unlawful for any person wilfully to make and subscribe to any statement which is false or untrue as to any material matter contained therein."

(3) Disability Retirement Benefit. Upon the application of a member in service, or of his supervisory official, any member who has had ten (10) or more years of creditable service may be retired by the Board of Administration, not less than thirty (30) and not more than ninety (90) days following the date of filing of his application, upon a disability retirement allowance, provided that the Medical Board, after a medical examination of such member, shall certify that the member is mentally or physically incapacitated for the further performance of duty, and that such incapacity is likely to be permanent and that such member should be retired; provided, however, that no disability benefit shall be granted to any member when it is established to the satisfaction of the Board of Administration that such disability resulted from venereal disease, vicious or licentious habits, or violation of law.

(4) Allowance on Disability Retirement. Upon retirement for disability a member shall receive a service retirement allowance if he has attained age sixty-two (62); otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement, and

(b) A pension which, together with his annuity, shall provide a total retirement allowance equal to ninety per centum (90%) of one-seventieth of his average

final compensation, multiplied by the number of years of his creditable service, if such retirement allowance exceeds twenty per centum (20%) of his average final compensation; otherwise a pension which, together with his annuity, shall provide a total retirement allowance equal to twenty per centum (20%) of his average final compensation, provided, however, that no such allowance shall exceed ninety per centum (90%) of one-seventieth of his average final compensation, multiplied by the number of years which would be creditable to him were his service to continue until the attainment of age sixty-two (62).

(5) Re-examination of Beneficiaries Retired on Account of Disability. At least once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Administration may, and upon his application shall, require any disability beneficiary who has not yet attained age sixty-two (62) to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Administration. Should any disability beneficiary who has not yet attained the age of sixty-two (62) refuse to submit to such medical examination by a physician or physicians designated by the Board of Administration as the Board may require, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the Board of Administration.

(a) Should the medical board report and certify to the Board of Administration that such disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation, and should the Board of Administration concur in such report, then the amount of his pension shall be reduced to an amount, which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified; provided that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system.

(b) Should a disability beneficiary under age sixty-two (62) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become a member of the retirement system and shall contribute thereafter at the same rate he paid prior to disability. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition upon his subsequent retirement he shall be credited with all his service as a member, except that upon subsequent retirement within five (5) years from the date of restoration his creditable service rendered prior to his previous retirement shall be reduced by one-tenth the amount thereof.

(6) Death Benefit. Upon the receipt of proper proofs of death of a member in service there shall be paid to his estate or to such person having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the Board of Administration, the amount of his accumulated contributions.

(7) Return of Accumulated Contributions.

(a) The Board of Administration annually, beginning with the fiscal year 1944-1945 may ascertain and determine the approximate average interest return on the assets of the system during the preceding fiscal year, which hereinafter in this section shall be referred to as 'average interest rate.'

If the investigation shows that the said average interest rate is less than the regular established interest rate, then and in that event the Board of Administration may, in its discretion, by resolution entered in the minutes of said Board, establish said average interest rate. In the event the Board of Administration determines it will not be necessary to establish such an amount for any given year, it shall cause to be entered upon its minutes a finding to that effect.

(b) Every member who becomes separated from the service of the City except by death or retirement under the provisions of this ordinance shall, upon written demand made to the Board of Administration, receive and be paid the amount of his accumulated contributions, less a deduction of an amount approximately equal to the difference between the regular interest rate and the average interest rate which has been determined, each year respectively, by the Board of Administration.

(c) The Board of Administration may, in its discretion, before ordering a warrant for the payment of contributions demanded by a member upon separation from the City service, require a written notice to be served on said Board at least sixty (60) days prior to said payment.

(8) Optional Allowances. Until the first payment on account of his retirement allowance becomes normally due, any member may elect to convert the retirement allowance otherwise payable to him into a modified retirement allowance of equivalent actuarial value, in accordance with one of the optional forms named below; provided, however, that should he die prior to the expiration of thirty (30) days after the date of filing such election, or prior to thirty (30) days after retirement, his optional election shall not be effective, and he shall be considered to be a member in service at the time of his death. A member who has elected an optional benefit may change such election by due notice to the Board of Administration, but no change may be made after the first payment of his allowance becomes normally due.

Option 1. If he dies before he has received in payments the present value of his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representative, or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Administration.

Option 2. Such other form of benefit as shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance, provided that the Board of Administration shall determine that the granting of such optional allowance is consistent with the purpose of the retirement system and shall be necessary or desirable from the point of view of the member.

(9) Pensions Offset by Compensation Benefits.

Any amounts which may be paid or payable by The City of San Diego under the provisions of any Workmen's Compensation or similar law to a member, or to the dependents of a member, on account of any disability giving rise to a disability benefit payable hereunder shall be offset against and payable in lieu of any such benefit payable out of funds provided by The City of San Diego under the provisions of this ordinance.

(3) Annuity Savings Account.

(a) The Annuity Savings Account shall be the account in which shall be accumulated contributions from the compensation of members to provide for their annuities. Upon the basis of such tables as the Board of Administration shall adopt and the regular interest, the actuary of the retirement system shall calculate for each age of entrance into membership the constant proportion of compensation which, when deducted from each payment of the prospective earnable compensation of a member entering at any such age prior to his attainment of age sixty-two (62), and accumulated at regular interest until his attainment of age sixty-two (62), shall provide at that time an annuity equal in amount to 1/140 of his average final compensation multiplied by the number of his years of service as a member. Such proportion of compensation shall be limited to a maximum of five per cent (5%) for all employees under fifty (50) years of age at the establishment of the system, and to a maximum of five per cent (5%) for all employees entering the service after January 1, 1927. Such proportion of compensation so limited shall be known as the normal rate of member's contribution. The proportion so computed for a member age sixty-one (61) shall be applied to a member who attains a greater age before he becomes a member of the retirement system.

(b) The Board of Administration shall furnish the City Auditor with the amount of contribution for each member, and the City Auditor shall cause to be deducted from the compensation of each and every member on the second half month's payroll the amounts so certified for each member, provided, however, that compensation at a rate in excess of \$3600.00 per annum shall be considered as \$3600.00 for the purpose of computing the amounts to be deducted.

In determining the amount earnable by a member in a payroll period, the Board of Administration may consider the rate of annual compensation payable to such

member on the first day of the payroll period as continuing through such payroll period; and it may omit deductions from compensation for any period less than a full payroll period if an employee was not a member on the first day of the payroll period; and to facilitate the making of deductions it may modify the deduction required of any member by such an amount as shall not exceed one-tenth of one per centum of the annual compensation upon the basis of which said deduction is to be made. Compensation payable for overtime work or compensation in lieu of vacation shall not be considered in determining the amount earnable by a member in a payroll period.

(c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation; and payment of salary or compensation less said deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment except as to the benefits provided under this ordinance. The City Auditor shall furnish to the Board of Administration a copy of each and every payroll on which there appears a deduction for the City Employees' Retirement System; and each of said amounts shall be deducted and when deducted shall be paid into said Annuity Savings Account and shall be credited, together with regular interest, to an individual account of the member from whose compensation said deduction was made.

(d) The accumulated contributions of a member withdrawn by him, or paid to his estate or to his designated beneficiary in the event of his death as provided in this ordinance, shall be paid from the Annuity Savings Account. Upon the retirement of a member his accumulated contributions shall be transferred from the Annuity Savings Account to the Annuity Reserve Account.

(4) Annuity Reserve Account. The Annuity Reserve Account shall be the account from which shall be paid all annuities and all benefits in lieu of annuities payable as provided in this ordinance.

(5) Pension Accumulation Account.

(a) The Pension Accumulation Account shall be the account in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by The City of San Diego and from which shall be paid all pensions and other benefits on account of members with prior service credit.

(b) On account of each member who is an employee of The City of San Diego the said City shall pay annually into the Pension Accumulation Account for the preceding fiscal year an amount equal to a certain percentage of the earnable compensation of each member, to be known as the 'normal contribution,' and an additional percentage of his earnable compensation to be known as the 'accrued liability contribution.' The rates per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuation. Until the first valuation the normal contribution shall be one and sixteen-hundredths per centum, and the accrued liability contribution shall be one and seventy-three-hundredths per centum of the earnable annual compensation of all employees.

(c) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Administration, the actuary engaged by the Board to make each valuation required by this ordinance during the period over which the deficiency contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant, which, if contributed on the basis of the earnable compensation of such new entrant throughout his entire period of active service would be sufficient to provide for the payment of any pension or other benefit provided by the City that may be payable on his account. The rate per centum so determined shall be known as the 'normal contribution' rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable compensation of all members obtained by deducting from the total liabilities of the Pension Accumulation Fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Administration and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(d) Immediately succeeding the first valuation, the actuary engaged by the Board of Administration shall compute the rate per centum of the total annual compensation of all members which is equivalent to the sinking fund payment that would liquidate at regular interest within a period of thirty (30) years the liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the 'accrued liability contribution' rate.

(e) The total amount payable in each year to the Pension Accumulation Fund shall be not less than the sum of the rates per centum known as the normal contribution rate and the accrued liability contribution rate of the total compensation earnable by all members during the preceding year; provided, however, that the aggregate payment by The City of San Diego shall be sufficient, when combined with the amount in the fund to provide the pensions and any other benefits payable out of the fund during the year then current.

(f) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the Pension Accumulation Fund shall equal the present value, as actuarially computed and approved by the Board of Administration of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of persons who are at that time members.

(g) All pensions and benefits in lieu thereof, with the exception of those payable on account of members who receive no prior service allowance, shall be paid from the Pension Accumulation Account.

(h) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the Pension Accumulation Account to the Pension Reserve Account.

(6) The Pension Reserve Account. The Pension Reserve Account shall be the account from which shall be paid the pensions to members not entitled to credit for prior service and benefits in lieu thereof. Should such a beneficiary retired on account of disability be restored to active service with compensation not less than his average final compensation at the time of his last retirement, the pension reserve thereon shall be transferred from the Pension Reserve Account to the Pension Accumulation Account. Should the pension of such a beneficiary be reduced as a

as a result of an increase in his earning capacity, the amount of the annual reduction in his pension shall be paid annually into the Pension Accumulation Account during the period of such deduction.

(7) Expense Fund. The Expense Fund shall be the fund to which shall be credited all money provided by The City of San Diego to pay the administration expenses of the retirement system, and from which shall be paid the expenses necessary in connection with the administration and operation of the system. Annually the Board of Administration shall estimate the amount of money necessary to be paid into the Expense Fund for the ensuing year to provide for the expense of operation of the retirement system, and such estimate shall be submitted to the City Manager in accordance with Section 69 of Article VII of the City Charter.

(8) Estimate of Appropriations Required.

(a) On or before the 15th day of April of each year the Board of Administration shall certify to the City Manager the amount of the appropriation necessary to pay to the various funds and accounts of the retirement system, the amounts payable by The City of San Diego as enumerated in this ordinance for the year beginning on the succeeding first day of July, and items of appropriation providing such amounts shall be included in the Annual Appropriation Ordinance. The amount so appropriated shall be credited to the various funds and accounts of the retirement system.

(b) To cover the requirements of the system for the period prior to the first day of January, 1928, the amount of \$11,000.00 shall be paid into the Pension Accumulation Account of the City Employees' Retirement Fund and the amount of \$4,500.00 shall be paid into the Expense Fund.

(9) Unclaimed Benefits. All unclaimed amounts payable under the provisions of the retirement system sections shall remain part of the funds of the retirement system, and shall be credited to the Pension Accumulation Account."

Section 7. That Section 9 of said Ordinance No. 10792 be, and the same is hereby amended to read as follows:

"Section 9. Guaranty. The creation and maintenance of reserves in the Pension Accumulation Account, the maintenance of annuity reserves and pension reserves as provided for, and regular interest creditable to the various accounts as provided in Section 7, Subsection (2) of this ordinance, and the payment of all pensions, annuities, retirement allowances, refunds and other benefits granted under the provisions of this ordinance, and all expenses in connection with the administration and operation of this retirement system, are hereby made obligations of The City of San Diego to the extent that the Charter of said City authorizes such obligations; provided, however, that nothing in this ordinance contained shall be construed as imposing any liability in addition to that imposed upon said City by the terms and provisions of Section 143, Article IX, of the Charter of said City. All income, interest and dividends derived from deposits and investments authorized by this ordinance shall be used for the payment of the said obligations of the said City. Any amounts derived therefrom which, when combined with the regular amount otherwise contributed by The City of San Diego, as provided under the provisions of this ordinance, exceed the amount required to provide such obligations, shall be used to reduce the regular appropriations otherwise required."

Section 8. That Ordinance No. 11344 of the ordinances of The City of San Diego, entitled, "An Ordinance amending Sections 3, 4, 5, 6 and 8 of Ordinance No. 10792 of the ordinances of The City of San Diego, entitled, 'An Ordinance establishing a City Employees' Retirement System for employees of The City of San Diego,' approved December 1st, 1926," approved October 17, 1927, be, and the same is hereby repealed.

Section 9. Nothing herein shall be construed to be retroactive.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

AN ORDINANCE AMENDING SECTIONS 24 and 25 OF ORDINANCE NO. 817

NEW SERIES, (WATER DEPARTMENT REGULATION) ADOPTED JANUARY 28, 1936.

BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. That Section 24 of Ordinance No. 817, New Series, of the Ordinances of The City of San Diego, entitled "An Ordinance Adopting and Establishing Rules and Regulations for the Regulation, Use and Government of The Water System of The City of San Diego; and Repealing Sections 2, 3, 4, 5, 6, 7 and 8 of Ordinance No. 8210 of the Ordinances of The City of San Diego entitled: 'An Ordinance Relating to Water Service and Water Rates for Service and Water Furnished by The City of San Diego,' approved December 22, 1920, as Amended," adopted January 28, 1936, be, and the same is hereby amended to read as follows:

"Section 24. RULE XXII. METER READING PERIOD. Under Ordinary conditions, conditions, continuous service meters shall be read monthly on approximately the same day of the month, provided however, that the Water Department may, in its discretion, read the meter of any consumer on a bi-monthly schedule, and a bill issued showing the period covered by the meter reading, the amount of water used, and the total charge for the service rendered. If a large or unusual meter registration occurs, a memorandum shall be given to the meter reader, and the reading be checked before the bill is mailed. The Department's services shall be available without charge in locating probable cost of high registration. The left-hand figure above the name on the address side of the water bill will indicate the district in which the meter is located. Unless the applicant for water service, in writing, shall direct, otherwise, all bills will be mailed to the premises where water service is furnished. If the applicant shall, in writing, so direct, the Department will mail the bills to the business or home address of the applicant or his agent. When the meter is covered with building materials etc., so that it cannot be read, an average bill, or a series of average bills will be rendered, and the accumulated over-read or mis-reads (if any) will be adjusted at the next actual reading. If the meter fails to register, the charge for water will be based upon the average of the three preceding months during which the meter is known to have registered correctly, taking into consideration the volume of business, seasonal demand, and any other factors that may assist in determining an equitable adjustment."

Section 2. That Section 25 of said Ordinance No. 817, New Series, be, and the same is hereby amended to read as follows:

"Section 25. RULE XXIII. PAYMENT OF WATER BILLS. For convenience in the reading of meters and the preparation of water bills, the Department is hereby expressly authorized and it shall be its duty to divide the city into districts, designating such districts by number, running consecutively from No. 1.

The City Manager of The City of San Diego may from time to time revise or change the existing districts, and add new districts whenever in his judgment such revision, changes or additions shall be necessary or desirable, in order to equalize the work of reading meters. The meters in each individual district so established shall be read on approximately the same day of the month except when Sundays and holidays interfere. Water bills based on such meter reading shall be prepared and mailed to the consumers in each individual district on the same day of each month, except when Sundays and holidays interfere. Fifteen (15) days shall be allowed from the date of mailing said bills for the payment thereof. The final date of payment shall be plainly printed on each water bill.

"PENALTIES. If a water bill is not paid before the close of the final day of payment, a penalty of ten per cent (10%) of the amount of said bill shall be added thereto; provided, however, that when the final day for payment shall fall on Sunday or a legal holiday, payment may be made without penalty on the next regular business day.

"NON-PAYMENT OF WATER BILLS. In the event that any consumer shall be delinquent in the payment of his water bill, and such delinquency shall continue for a period of five (5) days after the final date of payment of such bill or bills, the Department shall have the right forthwith and without notice to discontinue water service to such delinquent consumer; and water shall not again be supplied to him until all delinquent water bills, plus the penalties thereon, as herein provided, have been paid.
