BE IT ORDAINED By the Council of The City of San Diego, as follows:

Section 1. There is hereby ordered, called and proclaimed a Municipal Special Election of the qualified voters of The City of San Diego, to be held in said City on Tuesday, March 11th, 1947; and pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Council of The City of San Diego, being the legislative body thereof, hereby proposes and submits to the qualified voters thereof at said municipal special election, the following propositions to amend the present Charter of said City:

PROPOSITION NO. 1.

Amend Section 53 of the Charter of The City of San Diego, so as to read as follows:

"Section 53. WATER DEPARTMENT. There shall be included in the administrative organization of the City a separate department to be known as the Water Department. The Manager shall appoint a Director of the Water Department who shall have supervision of the operations of the Water Department. The Department shall consist of three such divisions or bureaus, viz., the Division of Development and Conservation, the Division of Distribution, and the Division of Accounts, as may be created by ordinance. The financial information and records on which the accounts are to be kept shall be established and maintained by the Water Department Accountant, in accordance with methods set forth in Section 109 of the City Charter.

(a) -- The Manager shall appoint a competent hydraulic engineer, who shall have charge of the Division of Development and Conservation and of such subordinate officers and employees in said Division as shall be authorized by ordinance. -- This Division shall have charge of all matters and things connected with, incidental or necessary to the development and conservation of water, and also of the conveyance and delivery of water to the distributing system of the City and to such consumers as are authorized to receive water from the City along the line of its supply.

(b) -- The Manager shall appoint a Superintendent of Distribution in the Water Department and such subordinate officers and employees as may be authorized by ordinance. This Division shall have charge of the distributing system of the City both within and without the territorial boundaries of the City, and of the actual distribution of water to the consumer, including the construction and maintenance of water mains, services and meters used in the distribution of water to the consumer. -- The Council shall from time to time establish a schedule of charges for water delivered by the City to the consumer, classified according to the purpose for which and the quantity of water used. Each such schedule shall be general in its application, and shall apply to all consumers. All Departments of the City using water from the distributing system shall pay for the same at the same rates as other consumers.

(c) -- The Manager shall appoint a qualified accountant who shall have charge of the Division of Accounts and of such subordinate officers and employees in said Division as shall be authorized by ordinance. -- This Division shall have charge of all accounts and records required to be kept and maintained by Section 109 of this Charter with respect to said Water Department.

(d) -- The Council must provide an adequate sum in the annual appropriation ordinance for the proper maintenance of the Department. All revenues of the Water Department shall be deposited in a Water Department Fund. The Manager shall include in the annual budget the estimated expenditure and reserve requirements of the Water Department Fund. The City Council using such estimates as a basis shall include in the annual appropriation ordinance for the Water Department Fund provision for operating and maintenance costs; replacements, betterments, and expansion of facilities; payments necessary for obtaining water from the Colorado River; any other contractual obligations; reserves for future expansion of water utility plant; reserves for future water purchases. In addition thereto, the Council shall levy annually a tax sufficient to provide for the redemption of municipal bonds heretofore or hereafter issued for water purposes, together with a sum sufficient to pay the interest thereon. The amount of money necessary to be raised each year for the redemption of water bonds and the payment of interest thereon and for the retirement of any other funded or contractual indebtedness incurred by purchase or otherwise for the development, conservation or distribution of water shall be charged annually against the Water Department on the accounts of the City. All revenues, except such as have been heretofore appropriated by contract to some specific purpose, in excess of the amount necessary for the maintenance and operation of such Water Department shall be transferred monthly to the General Fund of the City and shall be available thereafter for use for any legal City purposes, and all such surplus funds so transferred shall be credited on the accounts of the City as a reimbursement credit for the monies paid by the City each year for the redemption of water bonds and the payment of interest thereon. -- Such accounts shall be kept by the City Auditor and Comptroller until such water bonds have been actually redeemed. Only after providing the requirements for Water Department purposes as set forth above may the City Council in the annual appropriation ordinance provide for the transfer to the General Fund of the City any excess revenues accruing to the Water Department Fund. Such revenue transferred to the General Fund shall be available thereafter for use for any legal City purpose. Members of the Police Department and members of the Fire Department shall each conduct their own election for members of said Board of Trustees under rules and regulations prescribed by the Board of Trustees. At the election for members of the Board of Trustees selected by the members of the Fire Department, all regular members of such department who were members of the Firemen's Relief and Pension Fund on June 30, 1946, and who are in good standing at the date of the election shall have the right to vote; and at the election held by the members of the Police Department for such trustees as are selected by the Police Department, all policemen who were members of the Police Relief and Pension Fund on June 30, 1946, shall have the right to vote. Trustees elected by members of the Police and Fire Departments shall hold office for two years and until their successors are elected and qualified.

The trustees selected by vote of the policemen and firemen, however, shall be subject to recall as hereinafter provided. Upon receiving a petition signed by twenty-five per cent of the regular members of the Police Department eligible to vote for trustees as herein provided, asking the recall of any or all representatives of such Police Department on said Board of Trustees, the Board of Trustees shall, within ten days after determining the sufficiency of

such petition, call an election within such Police Department for the recall of any or all of such trustees representing the Police Department. If a majority of the members of the Police Department voting upon the question of recall of such representative of the Police Department upon such Board of Trustees vote in favor of a recall, then such members or member, as the case may be, shall be removed from their or his office. The same procedure as herein specified for the recall of members representing the Police Department shall be followed in the event of the recall of the members of the Board of Trustees representing the Fire Department. In the event of death, retirement, resignation, failure or inability of any member of the Board of Trustees to act, if his position be elective, his successor shall be chosen at a special election which shall be called by the Board of Trustees within thirty days of the time the vacancy is declared and shall be conducted in the same manner as the regular election.

Section 151. OFFICERS OF TRUSTEES. The Board of Trustees, upon selection and qualification as herein provided, shall organize themselves by selecting a Chairman, a Vice-Chairman and a Secretary. The Chairman shall be selected from either the representatives of the Police Department or the representatives of the Fire Department, in which case the Vice-Chairman shall be selected from representatives of the Department not securing the chairmanship. The Chairman and Vice-Chairman so selected shall hold office as Chairman and Vice-Chairman for one year, on the expiration of which the Board of Trustees shall select a new Chairman and Vice-Chairman from members of the Trustees representing the Police and Fire Departments.

Section 152. POLICE AND FIRE RETIREMENT SYSTEM FUND. There is hereby created in the City Treasury a fund to be known as the Police and Fire Retirement System Fund, into which shall be placed all moneys designated by this Charter to be paid into said fund, including the moneys now in the Police Relief and Pension Fund and Firemen's Relief and Pension Fund, subject, however, to the provisions of Section 172 hereinafter contained. This fund shall constitute a trust fund for the benefit of the members of the San Diego Police and Fire Departments and shall be used exclusively for the payment of pensions under the terms and provisions of this Article, including pensions heretofore granted under the provisions of the Charter prior to this amendment. No expenditures shall be made from said fund except on order of the Board of Trustees.

Members of the Police and Fire Departments entitled to the benefits of this Article shall consist of the Chief of each Department and all officers and members of each Department who were appointed prior to July 1, 1946, and who were prior to said date entitled to the pension benefits of their respective Departments under the then existing Charter.

Section 153. INVESTMENT OF FUNDS. The Board of Trustees is hereby authorized to invest any moneys in the Police and Fire Retirement System Fund in approved United States Government, State of California, municipal or county bonds, which qualify and are eligible for the investment of public trust funds, recommended by the Funds Commission of The City of San Diego; provided, however, that sufficient money shall always be kept in such fund to meet the pension payments provided for in this Article.

Section 154. MEETINGS OF BOARD. The Board of Trustees shall hold quarterly meetings on the third Monday of January, April, July and October of each year and upon the call of its Chairman. The time and place of such meetings shall be posted on bulletin boards at the Fire Department headquarters and at the Police Department headquarters and at the San Diego City and County Administration Building at least seven (7) days before each meeting. A majority of the members of the Board shall constitute a quorum and shall have power to conduct business.

No moneys shall be paid from the Police and Fire Retirement System Fund except upon order of the Board of Trustees, which order shall be signed by the Chairman and Secretary of said Board of Trustees and directed to the Auditor and Comptroller of said City, who shall issue warrants therefor. The time and method for approving and paying pension claims and the maintaining and keeping of complete pension records shall be fixed by rules and regulations of said Board of Trustees. The Board of Trustees shall keep a record of all proceedings of such Board, which shall be a public record.

Section 155. TREASURER OF FUND. The Treasurer of The City of San Diego shall act as Treasurer and Custodian of said Fund, and the Treasurer's official bond shall also cover his duties as Treasurer of said fund.

Section 156. POWERS OF BOARD. The Board of Trustees herein provided for shall, in addition to other powers granted hereby, have power; first: to compel witnesses to attend and testify before it on all matters connected with the operation of this system in the same manner as is or may be provided for by law for taking of testimony before notaries public; second: to make all needful regulations and rules for its guidance in conformity with the provisions of this Charter.

Section 157. CONTRIBUTIONS TO FUND BY MEMBERS. Commencing on the first day of the month next succeeding the effective date of this amendment, the Auditor and Comptroller of The City of San Diego shall retain from the pay of each person who is eligible to the benefits of the Police and Fire Retirement System a sum equal to eight per cent (8%) of the amount paid said person, which sum shall be paid into the said Police and Fire Retirement System Fund; and no other or further retention or reduction shall be made from such pay for any retirement or pension purposes. Provided, however, that all contributions to be made by any member of the Police or Fire Departments of The City of San Diego to the Police and Fire Retirement System Fund shall cease when said member has become eligible to retire or has retired.

Section 158. CONTRIBUTIONS TO FUND BY COUNCIL.

(1) The Council shall appropriate in the annual appropriation ordinance to the credit of the Police and Fire Retirement System Fund, for the purposes of this Article, the following moneys:

(a) A sum equal to the amount to be paid into the Police and Fire Retirement System Fund by the members thereof each year, as required under Section 157 of this Charter.

(b) Such additional sum of money as shall be sufficient to meet all current and future liabilities of the fund within thirty (30) years from the effective date of this provision and to maintain said fund in an actuarially solvent condition thereafter. Said Board of Trustees, in computing said sum, shall avail themselves of the services of the actuary to be employed by the City Manager as provided in Section 151.

(2) The Council shall also appropriate in the annual appropriation ordinance, to the credit of a fund to be known as the Police and Fire Retirement System Expense Fund, sufficient money from which shall be paid the expenses necessary in connection with the administration and operation of this system. Annually the Board of Trustees shall estimate the amount of money necessary to be paid into said expense fund for the ensuing year, and such estimate shall be submitted to the City Manager in accordance with Section 59 of Article VII of this Charter.

Section 159. PENSIONS TO REMAIN FIXED. No pension granted or authorized hereunder shall be increased or decreased after the amount has been fixed lawfully by order of the Board of Trustees, except as provided in Section 153 hereof.

Section 150. RETIREMENT FOR SERVICE. Each member of the Police or Fire Departments of the City who is entitled to the benefits of this system shall be entitled to retire from

active service of said City and receive retirement pay thereafter from said City pursuant to and in accordance with the provisions and subject to the qualifications of this section, as follows:

(a) Whenever any policeman shall have served for twenty years or more in the aggregate as a member or employee in any rank or capacity in the Police Department of The City of San Diego; provided, however, that members of said Police Department who entered the service of the Department subsequent to the 8th day of May, 1941, shall not be retired before they reach the age of fifty years and before twenty-five years of service in the aggregate.

(b) Whenever any fireman shall have served for twenty years or more in the aggregate as a member in any rank or capacity of the regularly constituted force of the San Diego Fire Department, or in any department of said force; provided, however, that members of the San Diego Fire Department who entered the service of the said Fire Department subsequent to January 1, 1936, shall not be retired before they reach the age of fifty years and before twenty-five years of service in the aggregate.

(c) The Board of Trustees shall, upon the request of such or any member, or without such request and with the approval and consent of the City Manager, if it deem it for the good of the service, retire such member from further service in the Police or Fire Department; and from the date of such order of retirement the service of such person shall cease.

(d) At the time of retirement the person so retired shall have the option to elect one of the following types or kinds of pension payment plans:

Plan No. 1. A yearly pension (for the life of such member) equal to one-half of the amount of the average yearly salary of said person for the five years immediately preceding the date of his retirement, payable to him in monthly installments; provided that the amount of salary paid such retiring person during said five years in excess of four hundred dollars (\$400.00) per month shall not be used in such computation, and provided further that when one who is eligible to the benefits of this system has elected the type of pension he shall receive, the amount of such pension shall not increase or decrease. The amount of pension to which a retiring member is entitled under this plan shall never exceed two hundred dollars (\$200.00) per month, and no deduction or retention authorized by Section 157 of this Charter shall be made or taken from that portion of salary paid to any member of either department in excess of four hundred dollars (\$400.00) per month.

Plan No. 2. Such other form of benefit as shall be certified by the actuary to be of equivalent actuarial value to a straight pension for life hereinbefore provided for in Plan No. 1; provided that the Board of Trustees shall determine that the granting of such optional allowance is consistent with the purpose of the Police and Fire Retirement System and shall be necessary or desirable from the point of view of the member. The power of the Board of Trustees to determine the amounts to be paid the beneficiaries under Plan No. 2 above named shall be limited as follows:

In the event the plan selected provides for the payment of a pension to minor children of the retiring person, then the Board shall have no power to provide for pension payments to such minor children after they have attained the age of eighteen years.

(e) If a member in the service of either the Police or Fire Department dies or is adjudged to be incompetent without having exercised his option as above provided, and at the time of his death or the date of adjudication of such incompetency was eligible to receive a pension from this system, and leaves surviving him a spouse or minor children, the Board of Trustees shall pay to the surviving widow, if any, and to surviving minor children, if any, a pension under Plan No. 2.

(f) In computing the time of service required for retirement, the amount of time served by a member of either the Police or Fire Department, in the United States Army, Navy, Marine Corps, or any division thereof, in time of War, while on leave of absence from said City employment, shall be counted as a part of the aggregate service required for a retirement pension, and this time shall be counted even though the right to retire shall have occurred during the time such person is on such leave of absence in the service of the United States in time of War.

Section 151. EMPLOYMENT AND DUTIES OF ACTUARY. The City Manager shall employ an actuary, who shall be the technical adviser of the Board of Trustees on matters relating to the operation of the Police and Fire Retirement System and who shall perform such other duties as may be required of him by said Board of Trustees in connection therewith.

The Board of Trustees, upon the recommendation of the actuary, shall adopt such mortality and other tables and rates as may be necessary.

An actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the Police and Fire Retirement System and an actuarial valuation of the assets and liabilities and the funds of the System shall be made at intervals of not to exceed five (5) years.

Taking into account the result of such investigation and values, the Board of Trustees may:

(a) Adopt for the said System such mortality, service and other tables as shall be deemed necessary.

(b) Recommend the rate or amount of contribution payable by The City of San Diego under the provisions of this Charter.

Section 152. PAYMENTS FOR DEATH IN SERVICE. Whenever any member who is entitled to the benefits of this system, but is not yet eligible to retire, shall lose his life in the performance of duty, or shall die from heart trouble or pneumonia or any other sickness incurred in the course of duty as a policeman or fireman, or shall die as a direct result of any injury received during the performance of his duty, or shall die from sickness contracted by reason of the performance of his duty, then upon satisfactory proof of such fact or facts, said Board of Trustees shall order paid an amount equal to one third of his annual salary at the time of his death to his widow until she remarries, but in no case shall such pension exceed the sum of seventy-five dollars (\$75.00) per month. If there be no widow, said Board of Trustees shall order paid to each child under the age of eighteen years, if unmarried, the sum of twenty dollars (\$20.00) per month, but in no case shall such payments exceed the sum of seventy-five dollars (\$75.00) per month for one family. If there be no widow or children, said Board of Trustees shall order paid one-third of his annual salary, not to exceed fifty dollars (\$50.00) per month, to his surviving mother or father, if any, if either of them was dependent upon him at the time of his death, and if there be no surviving mother or father, then in equal shares to any sisters or brothers under the age of eighteen years and unmarried who were dependent upon him at the time of his death, so long as said sisters or brothers are under the age of eighteen years and unmarried.

Section 153. PAYMENTS FOR DISABILITY. Whenever any member entitled to the benefits of this system shall become physically or mentally disabled by reason of bodily injuries received in or by reason of sickness caused by the discharge of duty or as a result thereof to such an extent as to render necessary his retirement from active service, said Board of Trustees, upon determining such necessity for retirement, shall retire such member or employee and cause to be paid to him a pension equal to one-half of the salary attached to

the rank held by him for one year or more previous to the time the disability was incurred; and said pension shall increase and decrease in proportion to the salary attached to said rank; provided that such pension shall at no time exceed the sum of two hundred dollars (\$200.00). If such disability shall cease he shall, upon the recommendation of the Chief of the Department, be restored to such active duty as he is able to perform, with the rank or rating and salary he held at the time of his retirement, and such pension shall terminate. In the event of the death of such pensioner, the pension shall be paid to his dependents in accordance with the provisions of Section 162. Any pension or relief payment provided for herein shall cease immediately upon the death of the person receiving the same. Any payment made hereunder to dependents of a member shall cease upon the death or marriage of such dependents or upon the attainment of the age of eighteen years by such dependent other than the widow or father or mother.

Section 164. FIFTEEN YEARS SERVICE. No member of this System eligible to receive benefits hereunder shall be removed from City service so as to deny him the benefits of this System provided that he has served the City in either department for fifteen (15) years in the aggregate; provided, however, that such member may be removed from either department for habitual drunkenness, conviction of a felony or gross insubordination.

Section 165. PENSIONERS SUBJECT TO RE-EXAMINATION. Any person retired for disability under this Article may be summoned before the Board of Trustees herein provided for at any time and shall submit himself to examination as to fitness for duty and abide by the decision of and the order of said Board with reference thereto; and all members of the Police and Fire Departments who shall be retired under the provisions of this Article, or, in case of their death, their beneficiaries, shall report to the Board of Trustees, either in person or in writing, on the third Monday in January, April, July and October of each year, and in case of great public emergency the retired members who have been retired for disability may be assigned to and perform such duty as the Chief of such department shall direct, save and except that no pensioner of the Police Department and no pensioner of the Fire Department shall be compelled to work in any other department than the department from which he was retired.

Section 166. CERTIFICATES OF DISABILITY. No person shall be retired for disability under the provisions of this Article, or receive any benefit therefrom, unless there shall be filed with the Board of Trustees certificates of disability which shall be verified by physicians regularly employed by the Department from which such person was retired and two other regularly licensed physicians of the City of San Diego, and the person whose retirement is contemplated shall have the right to select one of such physicians if he chooses to do so. Said Board may require other evidence of disability before ordering such retirement, but, upon satisfactory evidence of such disability, the Board must retire such person.

Section 167. POWER OF BOARD TO DETERMINE PENSIONS. Whenever any person who shall be retired under this Article for disability shall wilfully fail to report himself as required in this Article after having received written notice of such failure to report, or who, after reporting, shall wilfully disobey any order of the Board of Trustees under this Article, said Board of Trustees shall have the power to order that the pension allowance of such person shall immediately cease and, from and after the date of such order, such person shall receive no further benefit, allowance or pension under this Article, unless and until the Board of Trustees shall reinstate him.

Section 168. FORMER PENSIONERS ENTITLED TO BENEFITS OF THIS SYSTEM. All persons who are entitled to receive pensions under the provisions of the Charter of The City of San Diego who at the date of the taking effect of this System were receiving pensions pursuant to Article X and Article XI from The City of San Diego, as said Articles existed prior to the adoption of this System, shall be paid from the Police and Fire Retirement System Fund.

Section 169. RETURN OF CONTRIBUTIONS. In the event of the death of any person eligible to the benefits of this System for causes not covered by Section 162 prior to the date that such member would have been entitled to retire and receive a pension under this System, or in the event of a separation of such member from either Department for any reason whatsoever, such member, or his estate, as the case may be, shall be entitled to receive the full amount deducted from the pay of such member and paid into the Police and Fire Retirement System Fund, without interest; provided that this provision shall not be construed to be retroactive, but shall be construed to apply only to persons who are in the actual service of either the Police or Fire Department at the time this amendment becomes effective. In the event no records exist from which it may be determined what amount was contributed by a member, the Board of Trustees shall determine what contributions were made by said member and said determination by said Board of Trustees shall be final.

Section 170. TERMINATION OF SYSTEM. When there are fewer than twenty (20) men in either the Police or the Fire Department who are eligible to receive the benefits of this System, the administration and control of the Police and Fire Retirement System shall be transferred to the City Employees' Retirement Board of Administration, and upon the happening of said event, said Board of Administration shall be and become vested with all of the powers and duties reposed by this Article in the Board of Trustees of the Police and Fire Retirement System; and the Police and Fire Retirement System shall cease and determine when the last obligation of the said System has been met or paid, and at said time any moneys remaining in said Police and Fire Retirement System Fund shall be transferred to the General Fund of The City of San Diego to be used for general municipal purposes.

Section 171. POLICEMEN AND FIREMEN TO BECOME MEMBERS OF CITY EMPLOYEES' RETIREMENT SYSTEM. All members of the Police Department and Fire Department who were employed after June 30, 1945, and are, therefore, ineligible to receive benefits under this System, shall be entitled to all of the benefits of the City Employees' Retirement System heretofore established and now existing under Article IX of this Charter, and each such person shall, from the date of his employment, be a member of such City Employees' Retirement System.

Section 172. TRANSFER OF FUNDS TO CITY EMPLOYEES' RETIREMENT SYSTEM. The Board of Trustees of the Police and Fire Retirement System shall, upon the effective date of this System, pay to the City Employees' Retirement Fund all contributions made by members of either Department who are not eligible to the benefits of this System since June 30, 1945, together with all contributions made by the City Council for the purpose of matching said members' contributions to said funds or either of them.

Section 173. POLICEMEN AND FIREMEN ENTERING SERVICE SUBSEQUENT TO EFFECTIVE DATE OF THIS ARTICLE. All persons who enter the service of the Police or Fire Departments of The City of San Diego subsequent to the effective date of this Article, shall be and become members of the City Employees' Retirement System, subject to all of the provisions of Article IX of this Charter, and said employees shall be subject to all of the rules and regulations of the City Employees' Retirement System."

Section 3. All classifications and rates designated in this ordinance by the number "(1)" carry a standard work week of forty-four (44) hours; those carrying the number "(2)" carry a standard work week of seventy-two (72) hours; and all others carry a standard work week of forty (40) hours. All classifications and rates designated in this ordinance by an asterisk (*) are based upon and include holiday work.

Section 4. (a) When a foreman is regularly in charge of the work of employees, some of whom are being paid at a salary which is only one rate lower than that of their foreman, the salary of such foreman may be increased to the next standard rate above that determined for his classification.

(b) A foreman classification in which the work is performed daily, and generally in which his duties must be performed under substantially less supervision and requiring performance of work at the journeyman level, such foreman may have his classification reviewed by the Civil Service Commission and the rate established on the basis of supervision of such journeyman.

Section 5. Notwithstanding the fact that the schedule of compensation for a given classification may carry a lower rate of pay than that which any employee is now receiving, no incumbent's salary shall be reduced, and said employee or employees shall continue to receive the present salary in the new classification, which rate of compensation shall be designated "Y" rate.

Section 6. Except as otherwise provided in the Charter of The City of San Diego, and upon the recommendation of the head of the department, or appointing authority, and the approval of the Civil Service Commission, increase in salary, if sufficient funds are available, may be made in all positions included within any of the "Standard Rates" numbered 1 to 38, inclusive, as follows: For each six months of continuous service in a position, the increase in salary for such position, unless otherwise provided, may be approximately five per cent (5%) of the basic entrance salary rate per month prescribed for the position, class or grade in which such employee is classified; provided, however, that not more than five (5) such seniority increases may be allowed in the same position, except where more than five (5) such seniority increases are required to reach the maximum compensation established for such position. Notwithstanding any other provision in this section, increases in compensation within the limits provided for by any grade may be granted at any time by the City Manager, or other appointing authority, upon the basis of efficiency and seniority record after having first received the approval of the Civil Service Commission therefor.

Section 7. By reason of the fact that certain positions connected with the municipal service require special technical or part-time service, or can be filled efficiently only by certain persons who may also be employed partially outside the city service, and for which it is therefore impossible or impracticable to establish in advance a definite rate of compensation, the following positions are hereby declared to be of a contractual character, and compensation for the performance of the duties thereof shall from time to time be fixed by contract between the City and the person or persons performing service:

Archaeologist Docent
 Bacteriologist
 Chief Curator
 Curator (San Diego Museum, Serra Museum, or Natural History Museum)
 Director, San Diego Museum
 District Water Bills Collector

Organ Tuner

Section 8. Whenever the duties of a position are of such a character as to require the employee holding the same to work regularly a number of hours per week in excess of the hours customarily worked by other city employees, upon the recommendation of the department head, or appointing authority, such employee may be paid at the next Standard Rate above the rate for the class in which such position is found, as herein provided.

Section 9. That Ordinance No. 3197 (New Series) of the ordinances of The City of San Diego, adopted May 29, 1946, and Ordinance No. 3271 (New Series) of the ordinances of said City, adopted October 8, 1946, be, and the same are hereby repealed.

Section 10. This ordinance shall take effect and be in force on the thirty-first day from and after its passage.

Section 4. PUBLIC RECORD. Upon such filing said application shall become and remain a public record open to the inspection of all persons.

Section 5. INVESTIGATION BY DIRECTOR OF SOCIAL WELFARE. Upon receipt of the application as provided for in Section 3 of this Ordinance, said Director of Social Welfare shall make an investigation, and he and his agents shall have power to investigate the allegations of said application or any statement or reports filed with the said Department pertaining to any such solicitation, and to have access to and to inspect all the books, records or papers of such person or association by or on whose behalf any such solicitation is made, pertaining to such solicitation, for the use or expenditure of any contributions so solicited. Said Director of Social Welfare shall have power to investigate at any time the methods of making or conducting any such solicitation.

Section 6. STANDARDS FOR GRANTING OR DENYING PERMITS. The Director of Social Welfare shall issue the permit provided for in Section 2 hereof whenever he shall find the following facts to exist:

- (1) That all of the statements made in the application are true;
- (2) That the applicant has a good character and reputation for honesty and integrity, or if the applicant is not an individual person, that every member, managing officer or agent of the applicant has a good character or reputation for honesty and integrity;
- (3) That the control and supervision of the solicitation and the distribution or disbursement of the proceeds will be under responsible reliable persons;
- (4) That the applicant has not engaged in any fraudulent transaction or enterprise;
- (5) That the solicitation will not be a fraud on the public;
- (6) That the solicitation is prompted solely by a desire to finance the charitable cause described in the application, and will not be conducted primarily for private profit;
- (7) That the cost of raising the funds will be reasonable. Any such cost in excess of 25% of the amount collected shall be considered to be unreasonable unless special facts are presented showing that peculiar reasons make a cost higher than 25% reasonable in the particular case.

Said Director of Social Welfare shall issue or refuse to issue said permit within fifteen (15) days of the filing of such application and shall file in his office for public inspection and shall serve upon the applicant by registered mail a written statement of his finding of facts and his decision upon each application.

Section 7. FEE PAID TO CITY TREASURER. Upon the granting of said permit, said Director of Social Welfare shall forward said permit to the City Treasurer, who shall deliver said permit upon payment by the applicant of a fee of three dollars (\$3.00).

Section 8. PERMIT DURATION AND RENEWAL. Permits issued under this Ordinance shall bear the name and address of the person by whom the solicitation is to be made, the number of the permit, the date issued, the dates within which the permit holder may solicit, and a statement that the permit does not constitute an endorsement by The City of San Diego or by any of its departments, officers or employees, of the purpose or of the person conducting the solicitation. All permits must be signed by the Director of Social Welfare. No permit may grant the right to solicit longer than ninety (90) days from its date, but the Director of Social Welfare may extend any permit for not more than ninety (90) additional days upon a showing that unnecessary hardship would be created by a failure to extend the original ninety (90) day period for such additional days. Any permit issued under this Ordinance shall be returned to the Department of Social Welfare within two (2) days after its expiration, together with all facsimile copies thereof.

Section 9. HEARING AFTER DENIAL. Within five (5) days after receiving notification by registered mail that his application for a permit to solicit under this Ordinance has

been denied, any applicant may file a written request for a public hearing on the application before the Director of Social Welfare together with written exceptions to the findings of fact, upon which the Director of Social Welfare based his denial of the application. Upon the filing of such a request, the Director of Social Welfare shall fix a time and place for the hearing and shall notify the applicant thereof. The hearing shall be held within five (5) days after the request is filed. At the hearing the applicant may present evidence in support of his application and exceptions. Any interested person may, in the discretion of the Director of Social Welfare, be allowed to participate in the hearing and present evidence in opposition to the application and exceptions. Within ten (10) days after the conclusion of the hearing, the Director of Social Welfare shall render a written report either granting or denying the application for a permit. In this report the Director of Social Welfare shall state the facts upon which his decision is based, and his ruling upon any exceptions filed to his original findings of fact upon the application. This report shall be filed in the office of the Director of Social Welfare for public inspection and a copy shall be served by registered mail upon the applicant and all parties to the hearing.

Any applicant for a permit hereunder, upon the denial of his application for such permit, may within five (5) days of such denial, appeal from the action of the Director of Social Welfare to the City Manager of The City of San Diego.

Section 10. REVOCATION OF PERMITS - HEARING. Whenever it shall be shown, or whenever the Director of Social Welfare has knowledge, that any person to whom a permit has been issued under this Ordinance has violated any of the provisions of this Ordinance, or that any promoter, agent or solicitor of a permit holder has misrepresented the purpose of the solicitation, the Director of Social Welfare shall immediately suspend the permit and give the permit holder written notice by registered, special delivery, mail of a hearing to be held within two (2) days of such suspension to determine whether or not the permit should be revoked. This notice must contain a statement of the facts upon which the Director of Social Welfare has acted in suspending the permit. At the hearing, the permit holder, and any other interested person, shall have the right to present evidence as to the facts upon which the Director of Social Welfare based the suspension of the permit, and any other facts which may aid the Director of Social Welfare in determining whether this Ordinance has been violated and whether the purpose of the solicitation has been misrepresented. If, after such hearing, the Director of Social Welfare finds that the Ordinance has been violated, or the purpose of the solicitation has been misrepresented, he shall within two (2) days after the hearing file in his office for public inspection and serve upon the permit holder, and all interested persons participating in the hearing, a written statement of the facts upon which he bases such finding and shall immediately revoke the permit. If, after such hearing the Director of Social Welfare finds that the Ordinance has not been violated and the purpose of the solicitation has not been misrepresented, he shall, within two (2) days after the hearing give to the permit holder a written statement cancelling the suspension of the permit and stating that no violation or misrepresentation was found to have been committed.

Any person granted a permit hereunder, upon the revocation of his permit, may within five (5) days of such revocation, appeal from the action of the Director of Social Welfare to the City Manager of The City of San Diego.

Section 11. PERMIT NON-TRANSFERABLE. Any permit approved and issued under this Ordinance shall be non-transferable; provided, however, that this shall not prevent any permittee from using any number of solicitors and representatives as shall be reported to or registered with the Department of Social Welfare, except as provided for in section 2 of this Ordinance.

Section 12. REQUIRING REPORTS. It shall be the duty of every association and person issued permits under this Ordinance to file with the Department within thirty (30) days after the close of any such solicitation a detailed report and financial statement, duly sworn to, showing the amount raised by the solicitation, the amount expended in collecting such funds, including a detailed report of the wages, fees, commissions, and expenses paid to any person in connection with such solicitation, and the disposition of the balance of the funds collected by the solicitation. Provided, however, that the Director may extend the time for the filing of the report required by this Section for an additional period of thirty (30) days upon proof that the filing of the report within the time specified will work unnecessary hardship on the permit holder.

The permit holder shall make available to the Director of Social Welfare, or to any person designated in writing by the Director of Social Welfare as his representative for such purpose, all books, records and papers whereby the accuracy of the report required by this Section may be checked. It shall be unlawful for any person, association or solicitor not to comply with each and every provision of this Section. Failure to provide any report required in this section shall automatically bar the association or person from receiving a permit for any additional solicitations.

Section 13. PUBLIC RECORD. Upon such filing said report shall become and remain a public record open to the inspection of all persons.

Section 14. AUTHORIZED SOLICITATIONS. It shall be unlawful for any person to solicit within The City of San Diego any contribution in the name of, or on behalf of, any charitable association or any other association unless such person is authorized in writing by such association to make such solicitation, such authorization to be signed by at least two (2) officers of the association, and unless a copy of such authorization has been previously filed with the Department, which said authorization and the copy thereof so filed with the Department shall each bear a specimen signature of the solicitor, and unless the solicitor shall have such written authorization with him when making any such solicitation and exhibit such authorization on request of the person solicited or any police officer or agent of the Department. Such authorization shall expressly state on its face that it is valid for a period of not longer than three (3) months from the date of the issuance thereof, which date shall be stated therein.

PROVIDED, HOWEVER, that when a campaign or drive for raising funds for any charitable purpose is given extensive publicity through the press or otherwise, and has so many volunteer workers as to make it impracticable to report or register them all with the Director of Social Welfare, said volunteer workers may solicit with any means of identification provided by such person.

Section 15. PERMISSION TO USE NAME. It shall be unlawful for any person to use within The City of San Diego the name of any association in charge or control of any charity, philanthropy, benevolence, social service, welfare, educational, civic, fraternal, religious, or patriotic activity, or any other association, in any solicitation without having written permission from two (2) of the officers of such association to so use its name, or the name of or reference to such charity, philanthropy, benevolence, social service, welfare, educational, civic, fraternal, religious, or patriotic activity, or any other association, which written permission must be for a specific event or a specified period of time, and a copy of which permission must be filed with the Department prior to any such use.

Section 16. WRITTEN RECEIPT. It shall be unlawful for any person to solicit in public within The City of San Diego any contribution for any charitable purpose or other purposes,

or in the name of, or on behalf of, any charitable association, or any other association, unless such person shall tender to each person making such contribution a written receipt signed by the solicitor. Provided, however, that no receipt need be given or tendered if donation of money is made by placing the same in a receptacle previously approved by the Department. Provided, further, that no receipt need be given for any donation of money in an amount less than one dollar (\$1.00).

Section 17. BOX OR RECEPTACLE. It shall be unlawful for any person or association to solicit, or for any officer or member of any association to authorize any person to solicit, within The City of San Diego, any contribution for any purpose whatever, by means of any box or receptacle in any place immediately abutting upon any public park, street, sidewalk or way or in any place of business open to the public, or in any room, hallway, corridor, lobby or entranceway or other place open to or accessible to the public or in any place of public resort within The City of San Diego, unless said person, officer or member shall have first obtained a permit therefor from the Director of Social Welfare of said City and every person so soliciting must in all other respects comply with the provisions of this ordinance.

Section 18. ACCOUNTING SYSTEM. It shall be unlawful for any person to solicit in public within The City of San Diego any contribution for any charitable purpose, or for any purpose whatever, for or on behalf of any association, unless such association is maintaining a system of accounting whereby all donations to it and all disbursements made by it are entered upon the books or records of its treasurer, or other financial officer.

Section 19. RESTRICTED SOLICITATIONS. The provisions of Sections 2 to 18, both inclusive, shall not be applicable to any solicitation made upon premises owned or occupied by the association upon whose behalf such solicitation is made, nor shall they be applicable to any association soliciting contributions solely from persons who are members thereof at the time of such solicitation or if the solicitations are in the form of collections or contributions at the regular assemblies or services of any such association.

Section 20. RELIGIOUS SOLICITATIONS - REGISTRATION AND CERTIFICATE REQUIRED. No person shall solicit contributions for any religious purpose within The City of San Diego without a certificate from the Director of Social Welfare. Application for a certificate shall be made to the Director of Social Welfare upon forms provided by The City of San Diego. Such application shall be sworn to, or affirmed, and shall contain the following information, or in lieu thereof, a statement of the reason or reasons why such information cannot be furnished:

- (11) A financial statement for the last preceding fiscal year of any funds collected for religious purposes by the applicant, said statement giving the amount of money so raised, together with the cost of raising it, and final distribution thereof;
- (12) A full statement of the character and extent of the religious work being done by the applicant within The City of San Diego;
- (13) A statement to the effect that if a permit is granted it will not be used or represented in any way as an endorsement by The City of San Diego, or by any department or officer thereof;
- (14) Such other information as may be submitted to the Director of Social Welfare in order for him to determine the kind and character of the proposed solicitation.

If, while any application is pending, or during the term of any certificate granted thereon, there is any change in fact, policy, or method that would alter the information given in the application, the applicant shall notify the Director of Social Welfare in writing thereof within twenty-four hours after such change.

Upon receipt of such application, the Director of Social Welfare shall forthwith issue the applicant a certificate of registration. The certificate shall remain in force and effect for a period of six (6) months after the issuance thereof, and shall be renewed upon the expiration of this period upon the filing of a new application as provided for in this Section. Certificate of registration shall bear the name and address of the person by whom the solicitation is to be made, the number of the certificate, the date issued, and a statement that the certificate does not constitute an endorsement by The City of San Diego or by any of its departments or officers, of the purpose or of the person conducting the solicitation. All persons to whom certificates of registration have been issued shall furnish credentials to their agents and solicitors, and a copy of such credentials shall be filed with the Director of Social Welfare at the time of the filing of the application for a certificate. No person shall solicit for any religious cause without having such credentials in his possession, together with a copy of the certificate of registration under which the solicitation is being conducted, and such person shall, upon demand present these credentials and this copy of the certificate to any person solicited or to any police officer of The City of San Diego. Provided, however, that the provisions of this Section shall not apply to any established person organized and operated exclusively for religious purposes and not operated for the pecuniary profit of any person if the solicitations by such established person are conducted among the members thereof by other members or officers thereof, voluntarily and without remuneration for making such solicitations, or if the solicitations are in the form of collections or contributions at the regular assemblies or services of any such established person.

Section 21. INVESTIGATION OF PERSONS SOLICITING FOR RELIGIOUS PURPOSES. Upon written complaint being filed with the Director of Social Welfare and after verification by him,

the said Director of Social Welfare is authorized to investigate the affairs of any person soliciting for religious purposes under a certificate issued under Section 20 and make public his written findings in order that the public may be fully informed as to the affairs of any of said persons. Said persons shall make available to the Director of Social Welfare, or to any representative designated by the Director of Social Welfare in writing for such specific purpose, all books, records, or other information reasonably necessary to enable the Director of Social Welfare to fully and fairly inform the public of all facts necessary to a full understanding by the public of the work and methods of operation of such persons. PROVIDED, that five (5) days before the public release of any findings under this Section, the Director of Social Welfare must first serve a copy of said findings upon the person investigated and at the time of the release of his findings, he must release a copy of any written statement said person may file with the Director of Social Welfare in explanation, denial, or confirmation of said findings.

Section 22. PROMOTERS. It shall be unlawful for any promoter, in any manner whatsoever, to solicit in public within The City of San Diego any contribution for any actual or purported charitable purpose, or for other purposes, association, or institution, unless said promoter shall have first obtained a license from the Director of Social Welfare so to do.

Section 23. APPLICATION. To obtain such license such promoter shall make and file, at least fifteen (15) days before the proposed commencement of such solicitation in public, an application in writing and under oath with the said Director of Social Welfare. In such application the applicant shall set forth, in addition to such other information as may be required by the Director of Social Welfare:

(1) The name and address of the applicant, and if such applicant be a corporation, the name and address of each of its managing officers and agents, and, if it be an unincorporated association, firm or partnership, the name and address of each member of such unincorporated association, firm or partnership;

(2) A succinct statement of facts showing that the applicant, if not a corporation or an unincorporated firm, association or partnership, is of good character and reputation, or if the applicant be a corporation that each of its managing officers and agents is of good character and reputation, or if the applicant be an unincorporated association, firm or partnership that each of its members is of good character and reputation;

(3) The general plan, character and method in or by which applicant proposes to conduct its or his business as a promoter, a statement of any and all agreements or understandings made or had with any person or association in whose behalf such solicitation is being conducted, together with at least one copy each of any such agreement or understanding which may be in writing, and specifically the amount of pecuniary compensation or consideration or percentage of any fund solicited or raised he or it is to receive for said promotion or solicitation.

Section 24. BOND. (1) At the time of so filing with the Director of Social Welfare an application for such license the applicant shall file and thereafter maintain with the Department if the said license is granted, a good and sufficient bond in the aggregate sum of five thousand dollars (\$5,000.00), running to The City of San Diego for the use and benefit of interested persons and parties, to be approved by the City Attorney, executed by the applicant and by two or more responsible sureties, or a surety company authorized to do business in the State of California. The total aggregate liability on said bond shall be limited to the payment of five thousand dollars (\$5,000.00). Said bond shall be conditioned upon the strict compliance by the Principal with the provisions of this ordinance and the payment of any direct pecuniary loss sustained, through any act of grand or petty theft on the part of the Principal, by any donor, or by any person on whose behalf the funds or personal property were solicited or received by the Principal.

(2) Said bond shall remain in force and effect until said bond and undertakings in the solicitation of contributions by the promoter are cancelled by the sureties. The sureties may cancel said bond and be relieved of further liability thereunder by delivery of thirty days' written notice to the Department. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of said thirty-day period.

(3) Any person who sustains any injury covered by said bond may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damage sustained by him.

(4) Upon such action being commenced, such bond shall not be void upon first recovery thereon, but may be sued upon from time to time until the whole of such penalty shall be exhausted. The Director of Social Welfare may require the filing of a new bond, and immediately upon the recovery in any action on such bond such promoter shall file a new bond, and upon failure to file the same within ten (10) days in either case the Director of Social Welfare shall forthwith suspend such promoter's license to solicit.

(5) The time within which any action may be brought against a surety upon any bond filed hereunder may, by express provision of the bond to that effect, be limited to a period of two (2) years from and after the discovery by the person aggrieved of the act or default complained of.

Section 25. INVESTIGATION. The Director of Social Welfare shall examine such application, and shall make such further investigation of the applicant and its or his affairs as he shall deem necessary. If from such investigation the Director of Social Welfare shall be satisfied:

(1) That the applicant is of good character and reputation, or that every managing officer or agent of the applicant, if the applicant is a corporation, is of good character and reputation, or if the applicant is an unincorporated association, firm or partnership, each member thereof is of good character and reputation;

(2) That applicant has sufficient financial responsibility to carry out the obligations incident to any solicitation such applicant may make within The City of San Diego as such promoter, and that all of the statements made in such application are, and each of them is, true and that neither the applicant, nor any officer, agent or member of the applicant has engaged in any fraudulent transaction or enterprise, and that the applicant intends to conduct its business fairly and honestly and agrees in writing to uphold the provisions of this Ordinance, the Director of Social Welfare shall issue to the applicant a license to solicit as a promoter within The City of San Diego. Otherwise, the Director of Social Welfare shall deny the application and refuse to issue a license, and shall notify the applicant of his decision by registered mail, giving him a written statement of his findings of fact, and notifying him of his right to a hearing and appeal on the denial. Said Director of Social Welfare shall issue or refuse to issue said license within fifteen (15) days of the filing of such application.

(3) Provided, however, that if the only ground for such refusal or denial is such that it does not substantially affect applicant's honesty and integrity, and if

the inability of the applicant to meet any requirement will not in any way interfere with a proper performance by the applicant of his duties as such promoter, the Director of Social Welfare may waive such ground and grant the application.

This proviso relates only to paragraphs (1) and (2) of this section.

Section 26. FEE PAID TO CITY TREASURER. Upon the granting of such license said Director of Social Welfare shall forward said license to the City Treasurer, who shall deliver said license upon payment by the applicant of a fee of twenty-five dollars (\$25.00).

Section 27. REVOCATION. Upon complaint being filed with and verified by the said Director of Social Welfare or upon his own investigation, if it be found after a hearing upon written notice containing charges, that any person to whom a license has been issued under Section 25 of this Ordinance, has violated any of the requirements of this Ordinance or of any other law or that the said license holder, his agent or solicitor has made untrue statements or misrepresented the purpose of the solicitation, the Director of Social Welfare shall within two days after the hearing, file in his office for public inspection and serve upon the license holder a written statement of the facts upon which he bases such findings and may suspend or revoke the said license.

If the said Director of Social Welfare shall refuse to approve an application for license as provided for in Sections 22 to 26, both inclusive, of this Ordinance, or if license already issued shall be revoked, the person, organization, society, association, corporation, firm or partnership, or any agent or representative thereof, affected thereby, may appeal to the City Manager of The City of San Diego within five (5) days after receiving notice of such revocation or refusal.

Section 28. TERMINATION. Every such license shall terminate or expire at the end of the year terminating on the 30th day of June in which such license is issued.

Section 29. FUNDS. No promoter shall commingle any contribution with the promoter's own funds or property, or fail at any time to maintain and keep all contributions separate and apart from the promoter's own funds or property.

Section 30. SOLICITORS.

(1) It shall be unlawful for any promoter to cause or permit any person for pecuniary compensation or consideration received or to be received by such person to solicit or receive on his behalf or at his instigation, under his direction or control, or in his employment, any contribution unless such person shall have a Certificate of Registration from the Director of Social Welfare;

(2) Except as provided in Sections 22 to 29, both inclusive, it shall be unlawful for any person for pecuniary compensation or consideration to solicit contributions in public for or on behalf of any other person, association, or institution unless such person first obtain a Certificate of Registration from the Director of Social Welfare.

Section 31. APPLICATION - INVESTIGATION - BOND. To obtain a Certificate of Registration, such solicitor shall make and file at least five (5) days before the proposed commencement of such solicitation in public an application in writing and under oath with the Director of Social Welfare. In such application the applicant shall set forth, in addition to such other information as may be required by the Director of Social Welfare:

(1) The name and address of the applicant and a showing that the applicant is a person of good moral character and that his reputation for honesty is good;

(2) The Director of Social Welfare shall examine such application and shall make such further investigation of the applicant as shall be necessary. Said Director of Social Welfare shall approve or deny the application for a Certificate of Registration within ten (10) days of the filing of such application, and shall notify the applicant of his decision by registered mail, giving him a written statement of his findings of fact and notifying him of his right to a hearing and appeal on the denial;

(3) At the time of filing said application for a Certificate of Registration, the applicant shall file with the Department and thereafter maintain, if he is granted a Certificate of Registration, a bond approved by the City Attorney in the sum of Five hundred dollars (\$500.00), conditioned for the payment of any direct pecuniary loss which may be sustained by any donee, or by any person or association on whose behalf any contribution was solicited or received through any act of grand or petty theft committed by such person;

(4) The provisions of paragraphs (2), (3), (4) and (5) of Section 24 above shall apply to bonds filed pursuant to this Section;

(5) If the application for a Certificate of Registration is approved by the Director of Social Welfare, said applicant shall be granted a Certificate of Registration signed by the Director of Social Welfare stating that said applicant is a Registered Solicitor. Upon the granting of said certificate said Director of Social Welfare shall forward said Certificate to the City Treasurer who shall deliver said Certificate upon payment by the applicant of a fee of three dollars (\$3.00);

(6) The holder of the Certificate of Registration must notify the Department in writing of any change of address, and if employed by more than one person, association, corporation or institution, he must inform the Department in writing of such fact and of any subsequent termination or change of employment;

(7) Each Certificate of Registration required by this Section shall terminate at midnight, June 30th of each year. Thereafter such holder of Certificate of Registration shall be re-registered by the Department upon the payment of a fee of three dollars (\$3.00) and the posting of a bond in the sum of five hundred dollars (\$500.00). Such bond shall comply with the requirements of Sections 30 and 31 of this Ordinance.

Section 32. REVOCATION - APPEALS. Upon complaint being filed with and verified by the said Director of Social Welfare, or upon his own investigation, if it be found that any person soliciting under a Certificate of Registration, issued under the provisions of Sections 30 and 31 of this Ordinance, is misrepresenting or making untrue statements, or that he has violated any of the requirements of this Ordinance or of any other law, the said Director of Social Welfare after a hearing upon written notice containing charges, may suspend or revoke such Certificate. If the said Director of Social Welfare shall refuse to approve an application for a Certificate of Registration, as provided for in Sections 30 and 31 of this Ordinance, or if such Certificate already issued shall be revoked, the said solicitor affected thereby may appeal to the City Manager of The City of San Diego within five (5) days after receiving notice of such revocation or refusal.

Section 33. FRAUDULENT MISREPRESENTATION. No person shall directly or indirectly solicit contributions for any purpose by misrepresentation of his name, occupation, financial condition, social condition or residence, and no person shall make or perpetrate any other misstatement, deception, or fraud in connection with any solicitation of any contri-

bution for any purpose in The City of San Diego, or in any application or report filed under this Ordinance.

Section 34. SEVERABILITY. If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance. The Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 35. PENALTY. Any person or association violating any of the provisions of this Ordinance, or filing, or causing to be filed, an application for a permit, certificate or license under this Ordinance, containing false or fraudulent misstatements, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than five hundred dollars (\$500.00), or by imprisonment in the City Jail for a period of not more than one hundred eighty (180) days, or by both such fine and imprisonment, and the sentence of any person convicted of a violation of this Ordinance shall, at the discretion of the court, include an order prohibiting such person or association from soliciting within The City of San Diego, during the period of one year from and after the date of such conviction, any contribution for any charitable purpose, or any purpose whatever.

K. Suspension and Revocation of Certificate. Certificates may be suspended or revoked by the Council at any time in case:

- (1) The Council finds the owner's past record to be unsatisfactory;
- (2) The owner fails to operate the taxicab or taxicabs in accordance with the provisions of this ordinance;

C. It shall be unlawful for any driver of a taxicab while carrying passengers to display the flag or device attached to such taximeter in such a position as to denote that such vehicle is for hire, or is not employed, or to have such flag or other attached device in such a position as to prevent said taximeter from operating, and it will be unlawful for any driver to throw such flag or other device of a taximeter into a position which causes said taximeter to record when such vehicle is not actually employed or to fail to throw said flag or other device on such taximeter into a non-recording position at the termination of each and every service.

D. All charges for transportation of passengers in taxicabs operated in The City of San Diego must be based on the charges indicated on said taximeters, and it shall be unlawful for any owner, driver, or operator of any taxicab to charge any passenger or passengers any sum in excess of the sum indicated on said taximeter; provided, however, that the owner, driver or operator may charge a sum less than that indicated on said taximeter if the lesser charge is in accordance with the rates filed with and approved by the Council of The City of San Diego and filed with the City Clerk.

SECTION 19. VIOLATIONS AND PENALTIES: Any person that violates, omits, neglects, or refuses to comply with, or that resists or opposes the execution of any of the provisions of this Code shall be guilty of a misdemeanor. Any architect, designer, or registered inspector having charge of any building or part thereof, who shall permit or condone such building or part thereof, to be constructed in violation of this Code, shall be deemed to have violated this Code. Failing to comply with the Building Inspector's instructions relative to the enforcement of the provisions of this Code shall also be deemed a violation thereof.

Any person violating any of the provisions of this Code shall be deemed guilty of a separate offense for each and every day during which such violation is committed, maintained, or continued, and upon the conviction thereof, shall be punishable by a fine of not more than five hundred dollars (\$500.00), by imprisonment in the City Jail for not more than six months, or by both such fine and imprisonment.

SECTION 20. APPLICATION FOR PERMITS: (a) No person shall erect, construct, enlarge, move, alter, convert, repair, plaster, roof, move, or demolish any building or part thereof or cause the same to be done without first obtaining a written permit therefor from the

Building Inspector. Starting any such work without first obtaining the necessary permits shall be deemed a violation of this Code.

(b) Any person desiring a permit shall file with the Building Inspector an application therefor in writing on a blank furnished for that purpose. The application shall identify the land upon which the work is to be done, and shall show the use of the building and such other reasonable information as may be required.

SECTION 21. PLANS AND SPECIFICATIONS: (a) Two complete, substantial sets of plans, plainly drawn to scale, and specifications, together with a lot or plot plan showing the location of the proposed building and all existing buildings, if any, thereon, shall be presented with the application for a permit to the Building Inspector, all of which must be approved before a permit can be issued. Incorrect, incomplete, indefinite, faint, or faded drawings shall be rejected by the Building Inspector.

(b) Among other essentials the required drawings shall depict in detail the important structural and supporting parts, also the important welds, bolts, and rivets, if any, shall be shown or specified. The size and number of nails must be specified for all important structural nailed together connections.

(c) Drawings for reinforced concrete work must specify the size, shape, spacing, and correct location of the reinforcing.

(d) All assumptions, horizontal force calculations, stress diagrams, computations, and other essential information shall accompany the plans and specifications. Rational safe designing methods, capable of mathematical analysis must be followed.

(e) To state that, "The truss design will be furnished later," or, "Work shall be done to the satisfaction of the Building Inspector," and similar expressions, shall be deemed unacceptable. Every reference to this Code shall be to the PARTICULAR section or paragraph which actually applies.

(f) Plans for dwellings, accessory buildings incident thereto, and other work valued at not more than one thousand dollars and containing an area not exceeding 500 square feet may be presented in the form of one complete set of plans and specifications.

(g) The specifications for buildings described in paragraph (f) of this Section may be lettered in detail directly on the drawings. The Building Inspector may authorize the issuance of a permit without plans and structural calculations for comparatively small unimportant work.

(h) The name and address and title of the person or persons preparing the plans and specifications shall appear on each sheet of the plans. This provision need not apply to the drawings described in paragraph (f) of this Section.

SECTION 22. UNLAWFULLY PREPARED PLANS: The Building Inspector shall not accept for checking or approve any drawings, plans, or engineering calculations for buildings and structures which have been prepared in violation of any of the California State laws governing or regulating the preparation of such drawings, plans, or engineering calculations. The Building Inspector may employ reasonable means of investigation in order to ascertain whether or not such drawings, plans, and engineering calculations have been prepared in an illegal manner.

SECTION 23. CHECKING AND STAMP OF APPROVAL: (a) Except as otherwise provided in paragraph (b) of this Section, when the plans and specifications filed by an applicant for a permit have been checked by the Building Inspector and found to be complete and in conformity with the requirements of this Code, the Building Inspector shall issue a permit therefor, excepting that in the case of new buildings, the water and sewer connections must first be paid for before such permit can be issued. When the permit is issued, a permit card will be furnished, which card shall be posted in a conspicuous place on the premises covered by the permit. The Building Inspector may stop the work if there be no such PERMIT CARD posted.

When plans cannot be approved due to errors, omissions, illegibility, etc. a correction sheet shall be furnished, one copy to go the applicant, one copy to the author of the plans, and one copy may be sent to the owner.

(b) The Building Inspector, before issuing a permit shall first ascertain that the following special provisions have been complied with:

1. That plans providing for the storage and handling of inflammable liquids, explosives, and nitrocellulose films have been stamped and approved by the City Fire Department.
2. That plans for clothes cleaning, spotting, and sponging establishments over which the State assumes control, have been stamped and approved by the State Fire Marshal.
3. That plans for buildings, additions, etc., have been stamped and approved by the City Planning Engineer; and by the City Plumbing Inspection Department.

(c) When the plans and specifications have been approved by the Building Inspector he shall stamp them as follows:

"Plans provisionally approved for construction, subject to the requirements of the San Diego Building Code. This stamp is no assurance that the plans or specifications are correct in every respect. Errors in design or construction must be corrected.

Checked by _____ Date _____
One such stamped set of plans and specifications shall be returned to the applicant and one set shall be retained by the Building Inspector for a period of six months after the completion of the work; they may then be disposed of or destroyed.

(d) The stamped set of plans and specifications shall be kept on the building site authorized by the permit, otherwise the work shall be stopped by the Building Inspector, and such plans and specifications shall not be materially altered without the Building Inspector's approval.

SECTION 24. PERMIT SANCTIONS NO VIOLATIONS: The issuance of a permit sanctions no errors or Code violations and no permit shall prevent the Building Inspector from requiring the correction of such errors or Code violations. The Building Inspector may revoke, for due cause, any permit.

SECTION 25. PERMIT EXPIRES WHEN: Every permit shall become null and void when work authorized thereby is not commenced within 70 days from date of permit or when the work authorized by such permit is suspended for a period of 70 days.

SECTION 26. PERMIT FEES: (a) Except as otherwise specified in detail in this Code, any person desiring a permit shall, after making application therefor in due form, shall pay to the City Treasurer a fee as required in this Section, and such permit fees shall be as follows:

This particular paragraph need not apply to awnings which do not project more than 50 inches over the sidewalk or public property.

(c) The frame and rigid parts of all awnings must always clear the sidewalk at least 7 feet and 6 inches, and the cloth hanging borders or valance along the lower edges must always clear the sidewalk at least 6 feet and 7 inches. No hanging border, valance or similar drop on any awning shall exceed 20 inches in vertical height and no part of any awning shall extend over public property a greater distance than 18 inches less than the normal width of the sidewalk, nor shall the deck or top of any type or kind of awning have a greater pitch than 12" rise to 12" run.

All ornamental cloth canopies and valances shall be supported entirely clear of the sidewalk when extending over the sidewalk, and no post, rod or other support for same shall be located on public property. Ornamental cloth canopies and valances shall be reinforced with a skeleton steel frame of sufficient strength and rigidity, and the total over all height of the canopy proper including the valance shall not exceed 5 feet. The frame and rigid parts shall clear the sidewalk at least 7' 6" and the bottom edge of the valance or hanging borders shall clear the sidewalk at least 6' 7". The space or area under any cloth canopy shall not be used as a room, storage

space or place of business.

SECTION 2713. PERMITS AND SPECIAL ENFORCEMENT: Before erecting, placing, hanging or rehanging any new or used awning, ornamental canopy, or similar structure, a permit must first be obtained, the fees and valuations shall be as per Sections 26 and 27 of this Code. No permit will be required for a cloth or canvas recover only, over an existing framework.

Any existing awning, canopy, valance or similar structure which violates the above minimum permissible height clearance above the sidewalk or public property shall be raised to proper height.

SECTION 2714. This Chapter need not apply to typical approved awnings located on or above private property in the outer Fire Zones No. 2 provided the space under such awnings is not generally occupied or used as a building, room or storage.

Upon approval of such plans and specifications the permit applicant or owner of the building to be moved shall file a faithful performance bond of an amount equal to the Building Inspector's estimated cost for such alterations, additions, and repairs.

Said bond may be either of a bonding company or of an individual provided, however, that in the event of any individual completion bond, it shall have two good and sufficient sureties who shall execute an affidavit that each is in fact the owner of the property over and above exemptions allowable by law in an amount of the principal of the said bond.

Said bond shall bear the approval of the City Manager and the City Attorney.

No such bond shall be void upon the first recovery thereof but suit may afterwards be brought from time to time and judgments may be recovered thereon by the said City of San Diego or any person to whom a right of action has accrued against the principal and sureties of this bond until the whole penalty of such bond is exhausted.

(c) That the time for completion of the alterations, additions and repairs as set forth in the previous paragraph shall be that of ninety days from and after the placing of said building on its new location, provided, however, that such time may be extended for good cause appearing.

(d) That the conditions above set forth for the issuance of a moving permit shall not apply to the moving of buildings to storage lots for resale, except that such moving shall be subject to agreements and instructions relative thereto as may be imposed; provided, however, that all of the conditions shall be applicable upon the sale of any building from a storage lot and removal thereof to a location for installation and use of a permanent nature.

(e) When it is evident that the cost of such alterations, additions and repairs required by the Inspection Department and the City Planning Engineer will not exceed three hundred dollars (\$300.00) the filing of a faithful performance bond may be waived by the Chief Inspector.

SECTION 2805. DEMOLISHING OLD BUILDINGS: Any building, structure, or shelter, temporary or permanent, which is used or occupied by man, fowl, or animal, shall be maintained safe, sanitary, in good repair, and in a tenable condition; otherwise such structures shall be demolished forthwith. Any unoccupied building, structure, or shelter which constitutes a fire hazard, or which may be detrimental to the health and safety of the community, or which may be the breeding place of rodents, shall be demolished unless the owner thereof, or his agent, shall elect to properly remedy the same forthwith.

SECTION 2806. WRECKING OF STRUCTURES: No person except a licensed house mover or licensed house wrecker shall wreck or demolish any building except as hereinafter provided: Any owner may wreck or demolish his own building, provided he owns or leases the land or lot upon which his own building stands.
