Commencing at the Depot of the California Southern Railroad Company known as the "D" Street Depot, at the foot of Spring Avenue; thence running in an easterly direction up said Spring Avenue and D street to the centre line of Fifth street; thence in a southerly direction down said Fifth street to the centre line of K street; thence in an easterly direction up said K street to the centre line of Sixteenth street; thence in a southerly direction down said Sixteenth street to the centre line of Twentieth street in Mannasse & Schiller's Addition; thence in a southwesterly direction down said Twentieth street to the centre line of M street; thence in a southeasterly direction down said M street to the centre line of Twenty-second street; thence in a southwesterly direction down said Twenty-second street to the Twenty-second Street Railroad Depot grounds of the California Southern Railroad Company. Also, commencing at the point where the centre line of Fifth street intersects with the centre line of D street in Horton's Addition, and running thence in an easterly direction up said D street to the

centre line of Twelfth street; thence in a southerly direction down said Twelfth street to the centre line of K street.

Sec. 2. Said railroad track shall be constructed as near as possible on the centre line of the streets and highways aforesaid. Said track shall be planked, paved or macadamized between the rails and two feet each side, except in the streets east of Fifth street, until otherwise ordered by the proper city authorities, all to be kept in good repair, constantly flush with the streets, and with good crossings of the full width of the cross-streets. The track not to be more than five feet wide between the rails. No switches or turnouts to be placed within fifty feet of any cross street. Turn-tables to be permitted only at the end of the track near D Street Depot and Twenty-second Street Depot.

Sec. 3. The construction of said Street Railroad must be commenced at D Street Depot within six months from the passage of this Ordinance, and work on the same must continue without interruption or cessation, so that the same be completed, finished and in operation in one continuous line, and at the several times hereinafter specified, as follows:

Commencing at said D Street Depot, thence up said Spring Avenue and D street to Fifth street, and down said Fifth street to K street as set forth and described in Section 1 of this Ordinance, within twelve months from and after the passage of this Ordinance. Then commencing at the intersection of centre line of Fifth street with the centre line of D street, and running thence in an easterly direction up said D street to the centre line of Twelfth street; thence in a southerly direction down Twelfth street to the centre line of K street, as described in Section 1, within eighteen months from and after the passage of this Ordinance. Sec. 4. The sum of twenty dollars per annum, payable to the

City of San Diego in December of each year, is hereby fixed as a license fee upon each car used or operated on said road. Not more than ten cents for one fare shall be collected for any distance on said road. If at any time any railroad track shall intersect this road, it shall not occupy, or use the track of this road for any distance greater than two blocks; but the City expressly reserves the right to extend this privilege to more than two blocks to any other railroad so intersecting.

Sec. 5. It is provided, and this franchise and right is granted, upon the express condition that the laying of said track shall conform in all cases to the grade of the street, highway and cross-streets over and through which it passes where such streets, highways or crossings have been graded in accordance with the established grade, and in all other cases it shall conform to the natural grade or surface of the streets and highways over and through which it may run; and when at any time any part of such streets and highways be graded, or the grade thereof be changed or altered, the bed of the road and the tracks thereof shall be made to conform thereto.

Sec. 6. It is further understood that the City, in making this grant of franchise and right, expressly reserves the right to grade, sewer, pave, macadamize, improve, alter and repair all or any part of said streets and highways, and to lay down pipes for water, gas, or other purposes therein, or to make or order to be made any other improvements whatsoever; and when such improvements are being made, the owners of said road shall shift and re-shift their road-bed and rails so as to avoid obstruction.

It is here further understood and provided, that this franchise and right, is expressly granted upon each and every of the aforementioned provisions, conditions, stipulations and requirements, and where this Ordinance does not otherwise specify and provide, or is silent, the laws of the State of California now in force, or hereafter to be enacted, applicable to and concerning street railroads, shall govern. And if said grantees or their successors in ownership of this franchise and right, shall fail to comply fully with said provisions, terms and conditions, or with the provisions of said State laws relating to the construction, equipment and operation of street railroads, or shall fail to keep in continual operation the constructed and completed portion of said road; then in that case, all rights and privileges, ownership and control over, in and to the incomplete and unfinished portion or portions of said road shall cease, and be thenceforth forfeited and become a nullity. But to that part of the route from D Street Depot to Fifth street, and down Fifth street to K street, the foregoing provision as to the forfeiture shall apply to the finished as well as the unfinished part of said railroad on, along and between said two last mentioned points.

Sec. 9. It is further understood that this franchise and right shall never be construed as giving or granting any exclusive right of franchise.

Sec. 10. All Ordinances and parts of Ordinances in conflict with this Ordinance, or any part thereof, are hereby repealed.

CHARTER ORDINANCE NO. 92

To Provide for the Collection of City Taxes.

[Approved September 29th, 1883]

The City of San Diego, by and through its Board of Trustees, ordains as follows:

Section 1. As soon each year as the Board of Equalization shall have completed its work, as provided in Section 10, Subdivision 15, of the City Charter, the assessment books shall be delivered to the City Clerk, who must compute and enter in a separate money column in said books, the respective sums in dollars and cents, rejecting the fractions of a cent, to be paid on the property herein enumerated, and must foot up the columns showing the total assessed value of the property in said city as corrected and equalized by the Board of Equalization, and the total amount of the taxes assessed thereon. On the first Monday in February of each year, at 6 o'clock p.m., all unpaid taxes are delinquent, and thereafter the Tax Collector must collect for the use of the city an addition of five per cent on all delinquent taxes.

Section 2. On or before the second Monday in November he must deliver said assessment book, so footed up and computed, to the Tax Collector of the city, with his affidavit thereto attached in effect as follows:

"COUNTY OF SAN DIEGO,        }  
  "State of California.       } ss.

"I, \_\_\_\_\_, Clerk of the City of San Diego, do swear that I received the annexed assessment book of said city for the fiscal year ending December 31st, A.D. (giving the year); that I have reckoned the respective sums due as taxes on the property listed herein for said year, according to the levy heretofore made by the Board of Trustees of said

city, and have footed up the respective columns of valuations and taxes as required by law, and that the annexed is a full and true computation of the same." Which affidavit must be signed by said Clerk, and sworn to before some officer authorized by law of this State to administer oaths.

Sec. 3. On delivery of said assessment book to said Tax Collector, the Clerk shall charge said Tax Collector with the full amount of the taxes due on said assessment book and must report said amount to the Board of Trustees at their next regular meeting.

Sec. 4. On the Tuesday following the second Monday of November after the receipt of said assessment book, said Tax Collector must publish a notice specifying:

1. That the city taxes of the City of San Diego for the fiscal year A.D. (naming the year), are now due and payable.
2. The time and place when and where such taxes may be paid.
3. That all such taxes ~~remaining~~ unpaid at 6 o'clock p.m. of the said first Monday of February, shall become delinquent, and thereupon a penalty of five per centum on all such delinquent taxes shall be added and collected with such delinquent taxes.

Sec. 5. On receipt of any taxes on said assessment book, the Tax Collector shall at once mark the word "paid" on said book opposite the item of property paid on, and also the date of said payment, and must give to the person so paying a receipt, specifying the amount of the assessment, and the tax paid and a description of the property paid on, which receipt shall bear date of the payment so made.

Sec. 6. On the first Monday of each month, while engaged in the collection of taxes, the Tax Collector must file with the City Treasurer his verified report, showing the amount of taxes and penalty collected by him since his last report, and also the whole amount so collected since the receipt of the assessment book, and at said time must pay said taxes and penalty, so collected since his last report, to the said City Treasurer, retaining his per centum for collecting the same, not exceeding two and one-half per centum on the first \$15,000 collected, and two per centum on all sums over \$15,000 collected, taking the Treasurer's receipt for the sums so paid in; which receipt he must at once file with the City Clerk, who shall then give the Tax Collector credit for the amount of said receipt, and also his per centum for collection, and shall at once charge the Treasurer with the amount named in his said receipt.

Sec. 7. On the second Monday in February of each year the Tax Collector must deliver to the City Clerk a complete delinquent list of all the persons and property then owing taxes on said assessment book, and the Clerk must compare said delinquent list with the assessment book, and when satisfied that it contains all taxes due and unpaid, he must foot up the total amount of taxes on said delinquent list and credit the Tax Collector therewith, and make a final settlement with him for the taxes charged against him for that year, and if not all accounted for, require of him an immediate account of the deficiency still due from him.

Sec. 8. On the third Monday in February after such settlement the Clerk must re-deliver said delinquent list duly verified in substance as provided for verifying the assessment book to the Tax Collector and charge

him with the amount of taxes and penalty due thereon as shown by the footings, which footings shall be made by the Clerk, as provided for the assessment book.

Sec. 9. On or before the first Monday of March thereafter the Tax Collector must publish the delinquent list, giving the names of the persons and the description of the property delinquent, and the amount of taxes and penalty due therefrom opposite each name and description, with the amount due on personal property added to the amount due on real estate from the same person, to which he must append a notice that if the amount due is not paid, the real property on which such sums are due will be sold at public auction.

Sec. 10. Said publication must be made once a week for three successive weeks in some newspaper published in the city of San Diego, or by posting in three public places in said city at least three weeks before the day of sale. Such notice shall contain the time and place of such sale, which time shall not be less than twenty-one nor more than twenty-eight days from the first publication, and the place must be in front of the building in which the Board of Trustees then hold their regular meetings, and in which they keep the city records, naming specifically the building.

Sec. 11. After such publication is completed and before commencing the sale, the Tax Collector must file a copy thereof with the City Clerk, verified by his affidavit, that it is a full, true and complete copy of such publication giving, when published in a newspaper, the true date of each appearance thereof, and the name of the paper in which such publication was made, or in case such publication was made by posting, as provided in Section 10, the affidavit must state that such publication

was made by posting in three public places in the city, naming them, and the date of such posting.

Sec. 12. After six o'clock p.m. on the first Monday in February, the Collector must collect, in addition to the taxes due, five per centum added thereto as penalty; and after he receives the delinquent list for collection on it, he must collect in addition to said taxes and five per cent, penalty, fifty cents on each lot, piece or tract of land separately assessed, and on each assessment of personal property, one-half of which shall go to the city and one-half to the Tax Collector in full for preparing the delinquent list.

Sec. 13. On the day fixed for the sale, or some subsequent day to which he may have postponed it, of which he must give notice, the Tax Collector, between the hours of ten o'clock a.m. and four o'clock p.m., must sell the property as advertised. He may postpone the day of sale from day to day; but such sale must be completed within three weeks from the time fixed in said original notice.

Sec. 14. Such sale shall be for the taxes, penalty and costs, as above provided, with fifty cents additional for each duplicate certificate of sale, and shall be made to the person who will take the least part of said property advertised and pay the amount due thereon. On receiving from the purchaser the amount of taxes, penalty and costs, as above provided, the Tax Collector shall make in duplicate a certificate, dated on the day of sale, stating, when known, the name of the person assessed, a description of the land sold, the amount paid therefor; that it was sold for taxes, giving the amount and year of the assessment, and specifying when the purchaser will be entitled to a deed. Such

certificate shall be signed by the Tax Collector, one copy delivered to the purchaser and the other filed in the office of the Recorder of San Diego County.

Sec. 15. In case there is no purchaser in good faith for any such property on the first day such property is offered for sale, it shall be offered again on some subsequent day of the sale, and if there is then no purchaser in good faith, the said property and the whole amount thereof assessed, shall then be struck off to the city as the purchaser, and a copy of the certificate delivered the City Treasurer, and filed by him in his office. Provided, than when the property is struck off to the city no charge shall be made for the duplicate certificate of sale.

If not redeemed within the year it shall be the duty of said Treasurer to demand from said Tax Collector a deed for said property to said city, who shall make and execute such deeds, without fee, the city furnishing blank deeds and paying for acknowledgment. When property is thus sold to the city, such fact must be endorsed on delinquent list opposite the tax.

Sec. 16. A redemption of the property sold may be made by the owner, or any party in interest, within twelve months from the date of the sale by paying to the purchaser or City Treasurer for the use of the purchaser the purchase money and fifty per cent thereon. It shall be the duty of the Clerk on presentation to him of the receipt of the purchaser or City Treasurer for the amount of redemption, to mark the assessment book for the year for which the property was sold, opposite the description of said property, the word "redeemed" in red ink.

Sec. 17. If the property is not so redeemed within twelve months from the day of sale, the Tax Collector must, on request made of him by the purchaser or the holder of his certificate, duly assinged in writing, and on the payment to him by the holder of the certificate of a fee of two dollars and fifty cents, make to such holder a deed to the land described in said certificate, said deed reciting substantially the matters contained in said certificate; that the time for redemption of such property has expired, and no person has redeemed the same.

Sec. 18. The City Tax Collector, on or before the first Monday in April, must attend at the office of the City Clerk, with the delinquent list, and the Clerk must then compare the list with the assessment of persons and property not marked paid on the assessment book, and when taxes have been paid must note the fact in the appropriate column of the assessment book, distinguishing payments by sale by adding to the word "paid" on said assessment book the words "by sale." There must then be administered to the Tax Collector an oath, which shall be written and subscribed on the delinquent list, that all assessments in said list which have been paid, have been so marked thereon, and when such payment has been by sale that that fact appears so endorsed on said list, and when paid without sale, that the date of such payment is so endorsed on said list. The Clerk must then foot up the taxes remaining unpaid, and such as are sold to the city on said delinquent list, and credit the Tax Collector with the amounts, and then and there have a final settlement with him, and require of him the receipts of the Treasurer for the amount of taxes and penalty collected by him, and also a separate receipt from the Treasurer for one-half the costs collected by him, which amount shall be computed by footing up the number of lots, pieces or tracts of land separately assessed, and of each assessment of personal

property shown to be collected on, on the delinquent list, and multiplying such footings by twenty-five, which shall give the amount in dollars and cents for which the Tax Collector shall be chargeable as costs collected, and for which he shall produce the Treasurer's receipt. The Treasurer shall be charged with the amount of said receipts.

Sec. 19. When the Tax Collector makes to the Treasurer his monthly reports of collections made on the delinquent list, he shall report, under oath, the amount of costs collected by him on said lists, computed as in preceeding section, and shall pay said sum to the Treasurer, who shall give him a separate receipt for the same, and at once turn such costs into the general fund.

Sec. 20. For a failure on the part of any of the officers named herein to perform any of the duties required of them, such officer so failing shall be liable to said city on his official bond for all damages, loss and detriment, together with a penalty of one hundred dollars, which amount may be recovered in the proper court at once on such default.

Sec. 21. All prior ordinances or parts of ordinances in regard to collection to taxes, are hereby repealed, and this ordinance shall be in force from and after its passage and publication.

I hereby certify that the above and foregoing is a full, true  
and correct copy of Ordinance No. 92 of the City of San Diego,  
California, adopted September 29, 1883.

Sec. 14. Such sale shall be for the taxes, penalty and costs, as above provided, with fifty cents additional for each duplicate certificate of sale, and shall be made to the person who will take the least part of said property advertised and pay the amount due thereon. On receiving from the purchaser the amount of taxes, penalty and costs, as above provided, the Tax Collector shall make in duplicate a certificate, dated on the day of sale, stating, when known, the name of the person assessed, a description of the land sold, the amount paid therefor; that it was sold for taxes, giving the amount and year of the assessment, and specifying when the purchaser will be entitled to a deed. Such certificate shall be signed by the Tax Collector, one copy delivered to the purchaser and the other filed in the office of the Recorder of San Diego County.

A redemption of the property sold may be made by the owner, or any party in interest, within twelve months from the date of the sale by paying to the purchaser or City Treasurer for the use of the purchaser the purchase money and fifty per cent thereon. It shall be the duty of the Clerk on presentation to him of the receipt of the purchaser or City Treasurer for the amount of redemption, to mark the assessment book for the year for which the property was sold, opposite the description of said property, the word "redeemed" in red ink.

Sec. 17. If the property is not so redeemed within twelve months from the day of sale, the Tax Collector must, on request made of him by the purchaser or the holder of his certificate, duly assigned in writing, and on the payment to him by the holder of the certificate of a fee of two dollars and fifty cents, make to such holder a deed to the land described in said certificate, said deed reciting substantially the matters contained in said certificate; that the time for redemption of such property has expired, and no person has redeemed the same.

Sec. 18. The City Tax Collector, on or before the first Monday in April, must attend at the office of the City Clerk with the delinquent list, and the Clerk must then compare the list with the assessment of persons and property not marked paid on the assessment book, and when taxes have been paid must note the fact in the appropriate column of the assessment book, distinguishing payments by sale by adding to the word "paid" on said assessment book the words "by sale." There must then be administered to the Tax Collector an oath, which shall be written and subscribed on the delinquent list, that all assessments in said list which have been paid, have been so marked thereon, and when such payment has been by sale that that fact appears so endorsed on said list, and when paid without sale, that the date of such payment is so endorsed on said list. The Clerk must then foot up the taxes remaining unpaid, and such as are sold to the city on said delinquent list, and credit the Tax Collector with the amounts, and then and there have a final settlement with him, and require of him the receipts of the Treasurer for the amount of taxes and penalty collected by him, and also a separate receipt from the Treasurer for one-half the costs collected by him, which amount shall be computed by footing up the number of lots, pieces or tracts of land separately assessed, and of each assessment of personal property shown to be collected on, on the delinquent list, and multiplying such footings by twenty-five, which shall give the amount in dollars and cents for which the Tax Collector shall be chargeable as costs collected, and for which he shall produce the Treasurer's receipt. The Treasurer shall be charged with the amount of said receipts.
