taken up his abode;

10. The mere intention to acquire a new residence, without
the fact of removal, avails nothing neither does the fact of re-
moval, without the intention.

Section 27. The term of residence must be computed by in-
cluding the day on which the person's residence commenced, and by
excluding the day of the election.

Section 28. Before administering an oath to a person
touching his place of residence, the inspector must, if re-
quested by any person, read to the person challenged the rules
prescribed by sections 25 and 26.

Section 29. If the challenge is determined against the per-
son offering to vote, the ballot offered must, without examination,
be returned to him; if determined in his favor, the ballot must
be deposited in the ballot-box.

Section 30. The Board must cause one of the clerks to keep
a list showing-

1. The names of all persons challenged;
2. The grounds for such challenges;
3. The determination of the Board upon the challenge.

Section 31. As soon as the polls are finally closed the
judges must immediately proceed to canvass the votes given at such
election. The canvass must be public, in the presence of the by-
standers, and must be continued without adjournment until com-
pleted and the result thereof declared. The canvass must be
commenced by taking out of the box the ballots unopened (except
so far as to ascertain whether each ballot is single), and count-
ing the same to ascertain whether the number of ballots corresponds with the number of names on the list of voters kept by the clerks.

Section 32. If two or more separate ballots are found so folded together as to present the appearance of a single ballot, they must be laid aside until the count of the ballot is completed; then if upon a comparison of the count with the number of names of electors on the lists which have been kept by the clerks, it appears that the two ballots thus folded together were case by one elector, they must be rejected.

Section 33. The ballots must be immediately replaced in the box, and if the ballots in the box exceed in number the names on the lists, one of the judges must publicly, ad without looking in the box, draw out therefrom singly, and destroy unopened, a number of ballots equal to such excess; and the Board of Election must make a record, upon the poll list, of the number of ballots so drawn and destroyed.

Section 34. The number of ballots agreeing or being thus made to agree with the number of names on the lists, the lists must be signed by the members of the Board and attested by the clerks, and the number of names thereon must be set down in words and figures at the foot of each list, and over the signatures of the judges and the attestation of the clerks.

Section 35. After the lists are thus signed, the Board must proceed to count and ascertain the number of votes cast for each person voted for. The ballots must be taken out and opened by one of the members of the Board, and the ticket must be distinctly read.

Section 36. Each clerk must write down each officer to be filled and the name of each person voted for to fill such office, and keep the number of votes by tallies as they are read aloud.

Section 37. The tickets as soon as read, or rejected for illegality, must be strung upon a string by one of the judges, and must not thereafter be examined by any person, but must, as soon as all are counted, be carefully, sealed in a strong envelope,
and each member of the Board writing his name across the seal.

Section 38. As soon as all the votes are counted and the tickets sealed up, lists must be attached to the tally-lists containing the names of the persons voted for and for what office, and the number of votes given for each candidate, the number being written in full length, and such lists must be signed by the members of the Board and attested by the clerks.

Section 39. The Election Board must, before it adjourns, inclose in a cover and seal up and direct to the City Clerk of said city, the copy of the register upon which one of the judges marked the word "voted" as the ballots were received, all certificates of registration received by it, one of the lists of persons challenged, one copy of the list of voters, and one of the tally-lists and list attached thereto. The inspector must retain open to the inspection of all electors, for at least six months, the other list of voters, tally-list and list attached thereto. The sealed packages containing the registers, lists, papers and ballots must, before the Board adjourns, be delivered to one of its number, to be determined by lot, unless otherwise agreed upon. The member to which the packages are delivered must, without delay, deliver such packages, without their having been opened, to the said City Clerk, who shall indorse on such packages the name of the party delivering them, and date of such deliverance.

Section 40: Upon the receipt of the packages the Clerk must file the one containing ballots, and must keep it unopened and unaltered for twelve months, after which time if there is not a contest commenced in some tribunal having jurisdiction about such election, he must burn the package, without opening or examining its contents.

Section 41. If within twelve months there is such a contest commenced, he must keep the package unopened and unaltered until it is finally determined, when he must, as provided in the preced-
ing section, destroy it, unless such package is, by virtue of an order of the tribunal in which the contest is pending, brought and opened before it, to the end that evidence may be had of its contents, in which event the package and contents are in custody of such tribunal.

Section 42. The other package the Clerk must produce before the Board of Trustees of said city, when it is in session for the purpose of canvassing returns.

Section 43. As soon as the returns are canvassed, the Clerk must take the copy of the register returned and file it in his office.

Section 44. The Board of Trustees of said city must, at their first meeting, whether special, adjourned or regular, after each election, canvass the returns. The canvass must be made in public, and by opening the returns and estimating the vote of such city for each person voted for, and for and against each proposition voted upon at such election, and declare the result thereof.

Section 45. The Clerk of the Board must, as soon as the result is declared, enter on the records of such Board a statement of such result, which statement must show:

1. The whole number of votes cast in the city;
2. The names of the persons voted for, and the propositions voted upon;
3. The office to fill which each person who voted for;
4. The number of votes given at each precinct to each of such persons, and for and against each of such propositions;
5. The number of votes given in the city to each of such persons, and for and against each of such propositions.

Section 46. The Board must declare elected the person having the highest number of votes given for each office to be filled.

Section 47. This ordinance shall take effect and be in force from and after its passage and publication, as required by law.
