CONFIRMING THE COMMISSIONETS REPORT AND ASSESSMENT
IN THE MATTER OF OPENING AND EXTENDING 28th STREET FROM
ITS PRESENT TERMINUS AT THE SOUTH LINE OF N.W.HENSLEY'S
ADDITION TO THE SOUTH LINE OF "K" STREET, IN THE CITY
OF SAN DIEGO, STATE OF CALIFORNIA.

WHEREAS, colonel jesse Gillmore, M.Hall and J.F.Brooks, commissioners heretofore appointed by this Common Council to assess the benefits and damages and have general supervision of the work and improvement of opening and extending 28th Street, from its present terminus at the South line of N.W.Hensley's Addition, to the south line of "K" Street, in the City of San Diego, County of San Diego, State of California, under and by virtue of resolutions with respect to the said work and improvement heretofore duly adopted by this Common Council, and each of said commissioners having duly qualified as such, and given bond as required by law, and having made their assessment of benefits and damages in the matter of opening and extending 28th Street, as aforesaid, and having made a written report thereof to this Common Council, and accompanying their report with a plat of the assessment district, showing the land taken or to be taken for the aforesaid work or improvement and the lands assessed, showing the relative location of each district, block, lot or portion of lot, and its dimensions, so far as said commissioners could reasonably ascertain the same. Each block and lot or portion of lot taken or assessed being designated and described in said plat by an appropriate number.

And Whereas, said commissioners did on the 3rd day of February, 1908, file said report, accompanied by said plat, in the office of the Clerk of the Common Council of the City of San Diego, aforesaid.

And Whereas, said Clerk did give notice of such filing by publication of such notice for ten days, commencing with the 6th day of February, 1908, and continuing each day thereafter to and including the 15th day of February, 1908, in the "San Diego Union and Daily Bee", a newspaper published daily, and circulated daily, in the said City of San Diego; and being the newspaper in said City heretofore designated by this Common Council as the newspaper in which all official advertising of the City of San Diego shall be done.

And Whereas, such notice did require all persons interested to show cause, if any, before this Common Council on or before the 14th day of March, 1908, why such report should not be confirmed.

And Whereas, no objection or objections has or have been made herein, or filed with the said Clerk in this matter, or to said report, plat, or assessment, or any or either of them.

And Whereas, this is the first meeting of said Common Council after the day fixed in said notice, or order to show cause, published by said Clerk as aforesaid, as the day on or before which such objections should be filed,

And Whereas, this Common Council has, and does now, examine and duly consider aforesaid report, assessment and plat; and does now proceed to pass upon the same:

NOW THEREFORE, be it resolved, by the said Common Council of the City of San Diego, a municipal corporation, in the County of San Diego, State of California, as follows, to-wit:

That said report, assessment and plat be, and the whole thereof, is hereby

confirmed in all respects as done and made by said commissioners, and filed herein with said Clerk, and is hereby adopted by this Common Council as the report of said commissioners, and as the assessment and plat in the matter of the opening and extending of said 28th Street, between the points thereon hereinbefore mentioned.

I Hereby Certify that the above and foregoing is a full, true and correct copy of Resolution No.4035, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said City on the 16th day of March, 1908.

RESOLUTION OF INTENTION NO. 4040.

To grade Polk avenue in the City of San Diego, California, from the east line of Park Boulevard to the west line of Georgia street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said City, to-wit:

That Polk avenue in the City of San Diego, California, including the sidewalks thereof, from the east line of Park Boulevard to the west line of Georgia street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Polk avenue and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon.) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city and the materials used shall be to the satisfaction of the said superintendent of streets.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

ORDERING THE WORK OF GRADING TWENTY-SIXTH
STREET IN THE CITY OF SAN DIEGO, CALIFORNIA,
FROM THE SOUTH LINE OF THE 1400 ACRE PUBLIC
PARK TO THE NORTH LINE OF "K" STREET.

RESOLVED by the Common Council of the City of San Diego, a municipal corporation, in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said common council hereby orders the following street work to be done in said city, to wit:

That Twenty-sixth street in the City of San Diego, California, including the sidewalks thereof, from the south line of the 1400 Acre Public Park to the north line of "K" street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Twenty-sixth street and the said intersections of streets, between said points,, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersections of Twenty-sixth street with "A" street, "B" street and "D" street, which intersections have been already graded to their official grade and cross-section, respectively,) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No.2061 of the ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

Also, that as a part of said work there be constructed upon said Twenty-sixth street, between the points thereon hereinbefore mentioned, a six-inch terra cotta pipe culvert across said Twenty-sixth street between "D" and "C" streets, together with its appertaining structures as shown by the plans, drawings and specifications hereinafter referred to.

A more particular description of said culvert is contained in the plans, drawings, and specifications therefor hereinafter particularly identified. Said culvert, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to , the plans,

drawings and specifications therefor contained in that certain document on file in the office of the clerk of said City of San Diego, and endorsed as follows, to wit: "Document No. 21211 Filed Jan 13 1908 J.T. Butler City Clerk. By Percy L. That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the streets to be graded all surplus dirt and material which may result from the doing of said work.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

The SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 23rd day of March 1908, by the following vote, to-wit:

GRANTING PERMISSION TO GRADE FORT STOCKTON
DRIVE AND A PORTION OF SUNSET BOULEVARD.

BE IT RESOLVED, By the Common Council of the City of San Diego as follows:

That the petition of the owners of property fronting on Fort Stockton Drive and Sunset Boulevard in the City of San Diego, California, hereinafter more particularly described is hereby granted and the persons hereinafter named are authorized to grade at their own expense, Fort Stockton Drive from the west line of Stephens Street to the east line of Witherby Street and Sunset Boulevard from the west line of Fort Stockton Drive to the east line of Howard Street in the City of San Diego, California, to the center line thereof or to the full width thereof and including the sidewalks in front of their respective properties fronting upon said streets hereinafter more particularly set forth, said grading to be to the official grade of said streets and according to the specifications prescribed by Ordinance No.2061 of the Ordinances of said City, entitled, "An Ordinance Prescribing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

The aforesaid persons are named as follows, and the property fronting upon said

Fort Stockton Drive and Sunset Boulevard owned by each of them is set after their respective names, as follows, to-wit:-

Mission Hills Company, Villa Lots 60, 61, 62, 63, 64, 65, 66 and 67. Lots 1 to 12, Block 15, Lots 5 to 20, Block 11, Lots 1 to 7, Block 14.

Kelly Investment Company, Lots 1 to 4, Block 12, Lots 15 to 12 Block 12, Lots 1, 21 to 26 Block 11, Villa lot 14.

Thomas Hamilton, Lots 1 and 21 Block 10.

George W. Marston, Lots 1 to 13 Block 6, Lots 7 to 10 Block 1, Lots 10 to 13 and 15 to 16. All of said Lots and Blocks being in Mission Hills Addition in the City of San Diego, California according to the map No. 1115 on file in the office of the County Recorder of San Diego County, January 20, 1908.

All of said work to be done under the direction and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within three months from the date of the passage of this resolution, and thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said streets.

That all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets of said City as the Street Superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said streets, the aforesaid persons shall execute and file with the Clerk of said City, a bond (or shall require the contractor or contractors to whom they may award a contract for doing said work to file with the clerk of said City such bond), the same to be in an amount to be fixed by the Mayor of said City and payable to the City or its assigns, and signed by two good and sufficient sureties to be approved by said mayor, and conditioned that the work to be done upon said streets, including the removal of the surplus dirt and the deposit of the same as herein provided shall be completed within three months from the date of the passage of this resolution and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon the violation of the conditions of said bond or of any of them, the Board of Public Works of said City shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof, the said City, its successors or assigns shall recover all damage, costs, and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same not exceeding the amount fixed in said bond as the penalty thereof.

I Hereby Certify that the above and foregoing is a full, true and correct copy of Resolution No. 4076, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said City on the 30th day of March, 1908.

GRANTING PERMISSION TO GRADE EVANS PLACE AT PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the petition of the owners of property fronting on Evans Place between Fifth and Sixth streets in the City of San Diego, California, hereinafter described, for permission to do the grading hereinafter more particularly described, is hereby granted, and the persons hereinafter named are authorized to grade, at their own expense, Evans Place between Fifth and Sixth streets, in the City of San Diego, to the center line thereof or to the full width thereof and including the sidewalks in front of their respective properties fronting upon said street hereinafter more particularly set forth, said grading to be to the official grade of said street and according to the specifications prescribed by Ordinance No. 2061 of the ordinances of said city entitled, "An Ordinance Prescribing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

The aforesaid persons are named as follows, and the property fronting upon said Evans Place owned by each of them is set after their respective names, as follows, to wit:

M. German, lots 1 and 12, Block 5;

M. M. Setser, Lot 3, Block 4;

Geo. Butler, lot 4, Block 4;

all of said lots and blocks being in Brookes' Addition in the City of San Diego, California, according to the map thereof on file in the office of the County Recorder of San Diego County.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within six months from the date of the passage of this resolution, and thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said street.

That all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets of said city as the street superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid persons, or so many of them as desire to avail themselves of the permission granted hereby, shall execute and file with the clerk of said city a bond (or shall require the contractor or contractors^{to} whom they may award a contract for doing said work to file with the clerk of said city such bond, the same to be in an amount to be fixed by the mayor of said city and payable to the said city^{or} its assigns, and signed by two good and sufficient sureties, to be approved by said mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within six months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof, the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

I Hereby Certify that the above and foregoing is a full, true and correct copy

of Resolution No.4091, of the resolutions of the city of San Diego, California, as adopted by the Common Council of said city on the 1st day of April, 1908.

RESOLUTION NO. 4102.

ORDERING THE WORK OF CONSTRUCTING TWO RE-ENFORCED CONCRETE RETAINING WALLS ON PROSPECT STREET IN LA JOLLA PARK, IN THE CITY OF SAN DIEGO, CALIFORNIA.

RESOLVED by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said common council hereby orders the following street work to be done in said city, to wit:

The construction of a re-enforced concrete retaining wall, with its appurtenances, in Prospect street from Girard street to Herschel street, in La Jolla Park, in the City of San Diego, California, as shown by the plans, drawings and specifications therefor hereinafter more particularly identified. Said Retaining wall, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to, the plans, drawings and

specifications therefor contained in that certain document on file in the office of the Clerk of said City of San Diego endorsed as follows, to wit: "Document No.20320 Filed Dec 9 - 1907 J.T.Butler City Clerk. By Percy L.Day, Deputy, Plans, specifications and estimate of cost, for re-inforced concrete retaining wall, at corner of Girard and Herschel streets in La Jolla."

Also, the construction of a re-enforced concrete retaining wall, with its appurtenances, in Prospect street in La Jolla Park in the City of San Diego, California, at the intersection of Prospect street with Cave street, as shown by the plans, drawings and specifications therefor hereinafter particularly identified. Said retaining wall, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to, the plans, drawings and specifications therefor contained in that certain document on file in the office of the Clerk of said City of San Diego endorsed as follows, to wit: "Document No. 20319 Filed Dec 9-1907 J.T.Butler City Clerk, By Percy L. Day, Deputy, Plans, Specifications and estimate of cost, for a re-inforced concrete retaining wall, at the intersection of Prospect and Cave streets in La Jolla."; and copies of which said Documents numbered 20320 and 20319, containing said plans, drawings and specifications for said retaining walls, respectively, are, and each of them is, on file in the office of the city engineer of said city, and the said plans, drawings and specifications are, and each of them is, hereby approved and adopted as the plans, drawings and specifications for the construction of said reenforced concrete retaining walls, respectively, and all appertaining structures as shown thereby, and, by reference thereto, said plans, drawings and specifications contained in said Documents Nos.20320 and 20319 hereinbefore particularly described are, and each of them is, by reference thereto, incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said Prospect street and all streets intersecting therewith all surplus dirt and material which may result from the doing of said work, including any materials brought upon said streets by said contractor or contractors in the construction of said work or improvement.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city and the materials used shall be to the satisfaction of said superintendent of streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary public benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said common council does hereby declare said district to be the district benefitted by said work or improvement and to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property lying and being in the said City of San Diego and included within the exterior boundary lines described as follows, to wit:

Whereas, it is claimed that the price proposed by a commission appointed by this Common Council to be paid for the property proposed to be taken in the opening of 28th street, from the south line of Hensley's Addition to the south line of K street, is far in excess of the actual value of such property, and

Whereas, no portion of such cost is being charged to the property most benefitted by such opening of said street, be it

Resolved, That Councilmen Woods, Dodson and Woolman be and they are hereby appointed a committee to ascertain and to report to this Council as to the following matters, viz:

What is the real and actual value of each of the lots proposed to be ^{so} taken in whole or in part as they now are?

What is the present value of that portion of each of said lots proposed to be taken for street purposes in this proceeding?

What will be the effect, as to value, upon the remainder of each of said lots, after said street is opened as proposed?

What portion of the expense of so opening and extending such street should be charged to the remaining parts of said lots not taken.

Be it further Resolved, That pending such investigation the Superintendent of Streets is directed to hold all money collected for such purpose and take no further steps in relation to such matter.

GRANTING PERMISSION TO GRADE THE WEST HALF OF SEVENTEENTH STREET BETWEEN THE SOUTH LINE OF "F" STREET AND THE NORTH LINE OF "G" STREET, IN FRONT OF BLOCK 13, CULVERWELL'S ADDITION, AT PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego as follows:

That the petition of the owners of property fronting on the west side of Seventeenth street between "F" and "G" streets, in the City of San Diego, California, hereinafter more particularly described, for permission to do the grading hereinafter more particularly described, is hereby granted, and the persons hereinafter named are authorized to grade, at their own expense, the west half of Seventeenth street, in the City of San Diego, California, between the south line of "F" street and the north line of "G" street, including the sidewalk thereof, said grading to be to the official grade of said street and according to the specifications prescribed by Ordinance No.2061 of the ordinances of said city, entitled, "An Ordinance Prescribing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

The aforesaid persons are named as follows, and the property fronting upon said Seventeenth street owned by each of them is set after their respective names, as follows; to wit:

Frank Mertzmann and J.H.Snyder, owning all the property fronting on Seventeenth street in Block 13, Culverwell's Addition; said Culverwell's Addition being an addition in the City of San Diego, California, according to the map thereof on file in the office of the County Recorder of San Diego County.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within six months from the date of the passage of this resolution, and thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said street.

That all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets of said city as the street superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid persons, or so many of them as desire to avail themselves of the permission granted hereby, shall execute and file with the clerk of said city a bond (or shall require the contractor or contractors to whom they may award a contract for doing said work to file with the clerk of said city such bond), the same to be in an amount to be fixed by the mayor of said city and payable to the said city, or its assigns, and signed by two good and sufficient sureties, to be approved by said mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within six months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof, the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

ORDERING THE WORK OF PAVING THE INTERSECTIONS OF "C" STREET WITH EIGHTH AND NINTH STREETS IN THE CITY OF SAN DIEGO, AND CONSTRUCTING CULVERTS THEREON.

RESOLVED by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said common council hereby orders the following street work to be done in said city, to wit:

That the roadway of "C" street, in the City of San Diego, California, at its intersection with Eighth street and Ninth street, including the entire width of said intersections, and each of them, from curb line to curb line, (excepting such portions of said intersections required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt pavement on an asphalt concrete base according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 1129, of the ordinances of said City, entitled, "An Ordinance Prescribing Specifications for Asphalt Pavement on Asphalt Concrete Base in the City of San Diego, California," approved June 3rd, 1902, and in Ordinance No. 2187, of the ordinances of said City, approved October 23rd, 1905, entitled, "An Ordinance Amending Section 2 and Section 7 of Ordinance No. 1129, of the Ordinances of the City of San Diego, Approved on the 3rd day of June, 1902, and Repealing Ordinance No. 1147, Approved on the 17th day of June, 1902."

Provided, however, that as to those parts of said intersections of "C" street with Eighth street and Ninth street to be occupied by the Culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts, as shown by the drawings for said culverts, which drawings are hereby more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb line of said intersections to the extent shown by, and in the manner, and all in accordance with, the said drawings for said culverts.

Also, that there be constructed on the said intersections of "C" street with Eighth and Ninth streets eight (8) re-enforced concrete culverts, with their appurtenances as shown by the drawings for culverts hereinafter more particularly identified.

That each of said culverts, with its appurtenances, shall be located on said intersections at the place where it is shown by said drawings to be located, and shall be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications

and explanatory notes

and explanatory notes for said culverts and their appurtenances accompanying said drawings, and in accordance with the ordinances referred to in the general specifications accompanying said drawings, to wit, Ordinances Nos. 1129 and 2187, hereinbefore more particularly identified, as said ordinances are modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances located in that portion of said intersections of streets, or either of them, required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said City of San Diego and endorsed as follows, to wit: "Document No. 21680 Filed Feb 4-1908 J.T. Butler, City Clerk. By Percy L. Day, Deputy, Plans, specifications cross-sections for the paving of 'C' street at the intersection of said 'C' street with 8th and 9th streets.", and copies of the same are on file in the office of the engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No. 21680, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the constructions of said culverts and their appurtenances as shown thereby and in the paving of the said intersections of "C" street with Eighth and Ninth streets, and, by reference thereto, all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same contained in said Document No. 21680 and in said Ordinances Nos. 1129 and 2187 are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinances Nos. 1129 and 2187 and shown by the contents of said Document No. 21680 to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said intersections of said "C" street with Eighth and Ninth streets, and each of them, all surplus dirt and material which may result from the doing of said work, including everything brought upon said intersections, or either of them, by said contractor or contractors and not incorporated into the work done upon said intersections.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the

manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 27th day of April, 1908, by the following vote, to-wit:

OF INTENTION TO CLOSE A PORTION OF HUNTER STREET IN
THE CITY OF SAN DIEGO.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work and improvement to be done, to wit:

To close all that portion of Hunter street in the City of San Diego, California, lying between the west line of Calhoun street and the west line of North Florence Heights Addition, excepting that portion of said Hunter street between the points thereon hereinabove mentioned described as follows, to wit:

Beginning at a point on the south line of Hunter street, distant 100.00 feet west from the southwest corner of the intersection of Hunter street with Calhoun street thence north across said Hunter street to the north line of said Hunter street; thence west along the said north line of Hunter street 25.00 feet; thence south across said Hunter street to the south line of said Hunter street; thence east along the said south line of said Hunter street 25.00 feet to the point or place of beginning.

And that it is not deemed necessary that any land be taken therefor.

That the district of lands to be affected and benefited by said work and improvement and to be assessed to pay the damages, costs and expenses thereof is included within the following exterior boundaries in said City of San Diego, to wit:

Commencing at the northwest corner of lot 2, North Florence Heights Addition, running thence east along the north line of said Lot 2 to the division line between Lots one and 2, said North Florence Heights Addition, thence south along said division line between said lots 1 and 2 to the southeast corner of said Lot 2, thence west along the south line of said Lot 2 to a point where the south line of said Lot 2 would be intersected by the west line of Calhoun street if said west line of Calhoun street were produced in a northerly direction, thence south along the west line of Calhoun street to an intersection with the south line of Block 2, North Florence Heights Addition, thence west along the south line of said Block 2, North Florence Heights Addition, to a point on the west line of North Florence Heights Addition where said west line of North Florence Heights Addition would be intersected by the south line of Block 2, North Florence Heights Addition, produced in a westerly direction, thence north along the west line of said North Florence Heights Addition to the point or place of beginning, excepting therefrom all public streets, roads, alleys avenues and highways.

Said North Florence Heights Addition being an Addition in the City of San Diego, California, according to the official map thereof filed in the office of the County Recorder June 8th, 1890.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which the Street Superintendent of said City shall cause to be published, in the manner and form required by law, notice of the passage of this Resolution of Intention, and the said Street Superintendent is hereby directed to cause notices of the passage of this resolution to be posted in the manner and form required by law, and to cause a notice similar in substance to be published in said

newspaper for a period of ten days in the manner required by law.

RESOLUTION NO. 4138.

OF INTENTION TO PAVE "D" STREET IN THE CITY OF SAN
DIEGO, CALIFORNIA, FROM THE WEST LINE OF TWELFTH
STREET TO THE WEST LINE OF FIFTEENTH STREET, AND TO
CONSTRUCTS CULVERTS THEREON, ALL BETWEEN THE POINTS
HEREINBEFORE MENTIONED.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "D" street from the west line of Twelfth street to the west line of Fifteenth street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "D" street between the west line of Twelfth street and the west line of Fifteenth street from curb line to curb line of said intersecting roadway

and along the said intersecting roadways from the north line to the south line of said "D" street (excepting such portions of said "D" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on an asphalt macadam base, according to the drawings and cross sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections and according to the specifications contained in Ordinance No. 3240 of the ordinances of said city, entitled, "An Ordinance Providing Specifications for an Asphalt Macadam Pavement, Class A", approved on the 13th day of April, 1908.

Provided, however, that as to those parts of said street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the asphalt macadam base of said pavement shall terminate where it joins said culverts, as shown by the drawings of said culverts, which drawings are hereinafter more particularly identified, and the asphalt macadam wearing surface of said pavement shall be continued over said culverts and beyond the curb lines of said "D" street and of the said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings of said culverts.

Also, that as a part of said work there to be constructed on said "D" street, between the west line of Twelfth street and the said west line of Fifteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified, to be located on said "D" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith.

That each of said culverts, with its appurtenances, be located at the place where it is by said drawings shown to be located and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said "D" street or of said intersections of streets therewith required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same for said culverts and their appurtenances, are contained in that certain document on file in the office of the clerk of said city, endorsed as follows, to wit: "Document No. 22855 Filed April 22, 1908 J. T. Butler, City Clerk. By Allen H. Wright Deputy. Communication from City Engineer Plans & Specifications, Culverts, Paving of D St., 12th to 15th Streets", and copies of the same are on file in the office of the engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No. 22855, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to

in the construction of said culverts and their appertaining structures as shown thereby and in the paving of said "D" street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22855, and said Ordinance No. 3240, are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts, and all other things required by said Ordinance No. 3240 and shown by the contents of said Document No. 22855 to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement, in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "D" street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "D" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "D" street or said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published for two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 27th day of April 1908, by the following vote, to-wit:

OF INTENTION TO CHANGE THE GRADE OF BROADWAY STREET, IN PACIFIC BEECH IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE SOUTH LINE OF DIAMOND STREET TO THE NORTH LINE OF EMERALD STREET, AND OF STREETS INTERSECTING SAID BROADWAY STREET BETWEEN THE POINTS THEREON HEREINBEFORE MENTIONED.

WHEREAS, the owners of a majority of the property affected by the hereinafter proposed changes of grades of the streets hereinafter mentioned in the City of San Diego California, have petitioned the Common Council of the City of San Diego to change the grades thereof at the points hereinafter mentioned; and

WHEREAS, the said common council hereby finds that said petition contains the names of the owners of a majority of the property to be affected by the said proposed changes of grades, and that it is for the public benefit to make said proposed changes of grades and to establish the grades of said streets as hereinafter set forth; NOW, THEREFORE,

BE IT RESOLVED, That it is the intention of the Common Council of the City of San Diego, California, to change and establish the grades of said streets as follows, to wit:

At the southwest corner of the intersection of Broadway street and Diamond street, change the grade elevation from 83.00 feet to 82.00 feet.

At the southeast corner of the intersection of Broadway street and Diamond street, the grade elevation to remain at 83.00 feet.

At the northwest corner of the intersection of Broadway street and Emerald street, the grade elevation to remain at 76.00 feet.

At the northeast corner of the intersection of Broadway street and Emerald street, the grade elevation to remain at 77.00 feet.

And the grade of said Broadway street between the points thereon hereinbefore mentioned shall have a uniform ascent and descent, and the center line of said Broadway street shall have an average elevation of the opposite curb grades.

As to each street intersecting said Broadway street between the south line of Diamond street and the north line of Emerald street, the grade thereof, between each point common to both said Broadway street and such intersecting street and the next grade point now established upon such intersecting street and not common both to such intersecting street and said Broadway street, shall have a uniform ascent and descent, and the center line of such intersecting street, between the said grade points thereof, shall have an average elevation of the opposite curb grades.

All of said grade elevations to be above the datum line of levels as fixed by Ordinance No.3 of the ordinances of said City of San Diego entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance, "approved on the 30th day of June, 1886.

And the district to be benefited by said changes of grades and assessed for the damages, costs and expenses thereof is hereby described and declared to be all that real property situate in the City of San Diego, County of San Diego, State of California, included within the exterior boundary lines described as follows, to wit:

ORDERING THE WORK OF GRADING POLK AVENUE IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE EAST LINE OF PARK BOULEVARD TO THE WEST LINE OF GEORGIA STREET.

RESOLVED, By the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That Polk Avenue, in the City of San Diego, California, including the sidewalks thereof from the east line of Park Boulevard to the west line of Georgia street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Polk Avenue and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061, of the Ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

That the Contractor or Contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of the said superintendent of streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego, is hereby directed to post conspicuously for five days, on or near the Chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish

in the office of the County Recorder of San Diego County.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within six months from the date of the passage of this resolution, and thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said street.

That all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets of said city as the Street Superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid persons, or so many of them as desire to avail themselves of the permission granted hereby, shall execute and file with the Clerk of said city a bond (or shall require the contractor or contractors to whom they may award a contract for doing said work to file with the Clerk of said city such bond), the same to be in an amount to be fixed by the Mayor of said city and payable to the said city or its assigns, and signed by two good and sufficient sureties, to be approved by said Mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within six months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof, the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No. 4174, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said city on the 18th day of May, 1908.

OF INTENTION TO PAVE "H" STREET FROM THE WEST LINE OF FOURTH STREET TO THE WEST LINE OF ATLANTIC STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, AND TO CONSTRUCTS CULVERTS THEREON, ALL BETWEEN THE POINTS HEREINBEFORE MENTIONED

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "H" street from the west line of Fourth street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line, and including the roadways of streets intersecting said "H" street between the west line of Fourth street and the west line of Atlantic street, from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the south line of "H" street to the north line of said "H" street (excepting such portions of said "H" street and the said intersections of said streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on a concrete base according to the drawings and cross-sections therefor hereinafter more particularly identified, and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for the Paving of Streets in the city of San Diego with Concrete Base and Asphalt Macadam Wearing Surface," approved April 13th, 1908, provided, however, that as to those parts of said "H" street and the said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts, as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "H" street and of said intersections of streets therewith to the extent as shown by, and in the manner, and all in accordance with, the said drawings for said culverts.

Also that there be constructed on said "H" street between said west line of Fourth street and the said west line of Atlantic street, and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "H" street between the points thereon hereinbefore mentioned and on the said intersections of streets therewith. That each of said culverts, with its appurtenances, be located at the place where it is by said drawings shown to be located, and, together with its appurtenances, be constructed of the materials and of the size and shape and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "H" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and ex-

planatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city endorsed as follows, to-wit: "Document No.22854, Filed Apr.22, 1908. J.T.Butler, City Clerk. By Allen H.Wright, Deputy. Communication from City Engineer Plans, Specifications etc., for culverts, paving "H" st., 4th to Atlantic" and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes for the same and contained in said Document No.22854, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appurtenant structures as shown thereby and in the paving of said "H" street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No.22854, and said Ordinance No.3241, are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No.3241, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "H" street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "H" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "H" street or said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city, and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary public benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said common council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said city of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street distant 150 feet north from the north line of "H" street; thence west on a line parallel to and distant 150 feet north from the said north line of "H" street to the west line of Atlantic street; thence south along the west line of Atlantic street to its intersection with the line of mean high tide of the Bay of San Diego; thence easterly and southerly along said line of mean high tide of the Bay of San Diego to its intersection with a point which is 150 feet south from the south line of "H" street; thence east along a line parallel to and distant 150 feet south from the said south line of "H" street to its intersection with the west line of Fourth street; thence north along said west line of Fourth street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That the SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 18th day of May, 1908, by the following vote, to-wit::

Mission Hills Company, Lots 12, to 17, 21 and 24 Block 15; Lots 1, 18 and 17, Block 16; Villa Lots 67 to 70; 72 to 76, 81 and 84.

Home Investment Company, Lots 22 and 23, Block 15; Lots 2, 3, 12 to 16, Block 16.

F. L. Heatt, Lots 4 to 11, Block 16 and 77 to 80.

C. R. Conklin, Lots 18, 19 and 20, Block 15; Villa Lots 82, 83 and 71. All of said Lots and Blocks being in said Mission Hills Addition, in the City of San Diego, California, according to the Map No. 1115, on file in the office of the County Recorder of San Diego County, January 20, 1908.

All of said work to be done under supervision and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within four months from the date of the passage of this resolution, and thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said streets.

That all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets in said city as

the Street Superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said streets, the aforesaid persons shall execute and file with the Clerk of said city, a bond (or shall require the contractor or contractors to whom they may award a contract for doing said work to file with the Clerk of said city such bond), the same to be in an amount to be fixed by the Mayor of said city and payable to the city or its assigns, and signed by two good and sufficient sureties to be approved by said Mayor, and conditioned that the work to be done upon said streets including the removal of the surplus dirt and the deposit of the same as herein provided shall be completed within four months from the date of the passage of this resolution and that the same shall be done according to the manner in all respects as hereinbefore provided; and that upon the violation of the conditions of said bond or of any of them, The Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof the said city, its successors or assigns shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same not exceeding the amount fixed in said bond as the penalty thereof.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No. 4199, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said city on the 25th day of May, 1908.

OF INTENTION TO PAVE "D" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE WEST LINE OF TWELFTH STREET TO THE EAST LINE OF FIFTEENTH STREET, AND TO CONSTRUCT CULVERTS THEREON, ALL BETWEEN THE POINTS HEREBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "D" street from the west line of Twelfth street to the east line of Fifteenth street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "D" street between the west line of Twelfth street and the east line of Fifteenth street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line to the south line of said "D" street (excepting such portions of said "D" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on an asphalt macadam base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections and according to the specifications contained in Ordinance No. 3240, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for an Asphalt Macadam Pavement, Class A", approved on the 13th day of April, 1908.

Provided, however, that as to those parts of said street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the asphalt macadam base of said pavement shall terminate where it joins said culverts, as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt macadam wearing surface of said pavement shall be continued over said culverts and beyond the curb lines of said "D" street and of the said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings of said culverts.

Also, that as a part of said work there be constructed on said "D" street, between the west line of Twelfth street and the said east line of Fifteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified, to be located on said "D" street between the points thereon herebefore mentioned and on said intersections of streets therewith.

That each of said culverts, with its appurtenances, be located at the place where it is by said drawings shown to be located and, together with its appurtenances be constructed of the materials and of the size and shape, and in all respects accord-

ing to, and in the manner required by said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (except that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said "D" street or of said intersections of streets therewith required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No.22855, Filed Apr.22 1908 J.T.Butler.City Clerk. By Allen H.Wright Deputy. Communication from City Engineer Plans & Specifications, Culverts, Paving of D St., 12th to 15th streets" and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No.22855, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby and in the paving of said "D" street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said document No.22855, and said Ordinance No.3240, are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts, and all other things required by said Ordinance No.3240, and shown by the contents of said Document No.22855, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement, in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "D" street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "D" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "D" street or said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city, and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated, and of general circulation, in the said city of San Diego, be, and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said city of San Diego be, and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two inser-

tions in said daily newspaper in the manner required by law.

OF INTENTION TO GRADE SECOND STREET IN THE CITY OF SAN DIEGO, CALIFORNIA,
FROM THE NORTH LINE OF GRAPE STREET TO THE SOUTH LINE OF HAWTHORN STREET
AND CONSTRUCT PIPE CULVERTS THEREON

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That Second street in the City of San Diego, California, including the sidewalks thereof, from the north line of Grape street to the south line of Hawthorn street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Second street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon.) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061, of the Ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905."

Also, that as a part of said work there be constructed upon said Second street, between the points thereon hereinbefore mentioned, two cement pipe culverts, to-wit, one eighteen -inch cement pipe culvert with its appurtenances and one twelve-inch cement pipe culvert with its appurtenances, consisting of two catch-basins, one eight-inch vitrified pipe culvert and end walls, all as shown by the plans, drawings and specifications therefor hereinafter referred to.

Each of said culverts, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to, the plans, specifications and drawings therefor contained in that certain document on file in the office of the Clerk of said City of San Diego, and endorsed as follows, 'to-wit: "Document No. 22494 Filed Mar 28 1908 J.T. Butler, City Clerk By Percy L. Day, Deputy, Plans & specifications for pipe culverts to be constructed in connection with the grading of 2nd street, from Grape to Hawthorn streets.", and copies of which plans, drawings and specifications are on file in the office of the City Engineer of said city, and the said plans, drawings and specifications are hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts and all their appertaining structures as shown thereby; and, by reference thereto, said plans, drawings and specifications are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city, and the materials used shall be to

the satisfaction of said Superintendent of streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof.

RESOLUTION NO. 4227.

OF INTENTION TO PAVE "G" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE WEST LINE OF FOURTH STREET TO THE WEST LINE OF ATLANTIC && STREET, AND TO CONSTRUCT CULVERTS THEREON, AND TO CONSTRUCT CONCRETE SIDEWALKS AND CURBS THEREON, ALL BETWEEN THE POINTS HEREBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "G" street from the west line of Fourth street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "G" street between the west line of Fourth street and the west line of Atlantic street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of "G" street to the south line of "G" street (excepting such portions of the said "G" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereof) be paved with asphalt macadam wearing surface on a concrete base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for Paving Streets in the City of San Diego, California, with Concrete Base and Asphalt Macadam Wearing Surface," approved April 13th, 1908.

Provided, however, that as to those parts of said "G" street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "G" street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts.

Also, that there be constructed on said "G" street, between said west line of Fourth street and said west line of Atlantic street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown

by the drawings for culverts hereinafter more particularly identified to be located on said "G" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the place where it is by said drawings shown to be located and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings, and in accordance with the ordinance referred to in the general specifications accompanying said drawings, to-wit: Ordinance No. 3241, hereinbefore more particularly identified, as said ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "G" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said City, endorsed as follows, to-wit: "Document No. 22856 Filed Apr 22 1908 J.T. Butler City Clerk, By Allen H. Wright, Deputy. Communication from City Engineer Plans & specifications culverts paving 'G' st., 4th to Atlantic," and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said document No. 22856, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said "G" street and said intersections of streets therewith, and by reference thereto; all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22856, and said Ordinance No. 3241, are incorporated herein and made a part hereof, and said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said ordinance No. 3241, and shown by the contents of said document No. 22856, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

Also, that said "G" street, on both sides thereof, from the said west line of Fourth street to said west line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already curbed with concrete or natural stone, and also excepting such portions of said street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be curbed with concrete according to the specifications therefor contained in Ordinance No. 1140, of the ordinances of said city of San Diego, entitled, "An Ordinance Prescribing Specifications for Sidewalking and Curbing in the City of San Diego, California,"

approved on the 17th day of June, 1902.

Also, that said "G" street, on both sides thereof, from the said west line of Fourth street to the said west line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already sidewalked with concrete, and also excepting such portions of said "G" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be sidewalked with concrete according to the specifications therefor contained in said Ordinance No. 1140, of the ordinances of said City of San Diego hereinabove particularly identified.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said "G" street and the said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "G" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "G" street and said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said Common Council, of more than local and ordinary public benefit, and the expense of said work is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said City of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street, 150 feet north from the north line of "G" street; thence west on a line parallel to and distant 150 feet north from the north line of "G" street to the west line of Atlantic street; thence south along the west line of Atlantic street to a point 150 feet south from the south line of "G" street; thence east on a line parallel to and distant 150 feet south from the south line of "G" street, to the west line of Fourth street; thence north along the west line of Fourth street to the point or place of beginning, excepting therefrom all public streets, roads, alleys, avenues and highways.

That the SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be, and the same is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be, and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published

for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 28th day of May, 1908, by the following vote, to-wit:

RESOLUTION NO. 4228.

ORDERING THE WORK OF GRADING TWENTY-NINTH STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE SOUTH LINE OF THE KOUNTZ TRACT TO THE NORTH LINE OF BAY AVENUE

RESOLVED, By the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That Twenty-ninth street in the City of San Diego, California, including the sidewalks thereof, from the south line of the Kountz Tract to the north line of Bay avenue, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Twenty-ninth street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersections of said Twenty-ninth street with Logan avenue, National avenue, Grand avenue and Main street, said intersections having already been graded) be graded to the official grade thereof according to the specifications there

for, contained in Ordinance No.2061, of the ordinances of the said city of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city, and the materials used shall be to the satisfaction of said Superintendent of streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego, is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said city of San Diego, California, this 28th day of May, 1908, by the following vote, to-wit:

RESOLUTION NO. 4230.

OF INTENTION TO PAVE "D" STREET, IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE EAST LINE OF CALIFORNIA STREET TO THE WEST LINE OF ATLANTIC STREET, AND TO CONSTRUCT CULVERTS THEREON, AND TO CONSTRUCT CONCRETE SIDEWALKS AND CURBS THEREON: ALL BETWEEN THE POINTS HEREINBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "D" street from the east line of California street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line, and including the roadways of all streets intersecting said "D" street between the east line of California street and the west line of Atlantic street, from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of "D" street to the south line of "D" street (excepting such portions of said "D" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon, and excepting also the intersection of said "D" street with Atlantic street) be paved with asphalt macadam wearing surface on a concrete base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for Paving Streets in the City

of San Diego, California, with Concrete Base and Asphalt Macadam Wearing Surface," approved April 13th, 1908.

Provided, however, that as to those parts of said "D" street and said intersections therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "D" street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts, and provided further that the pavement herein provided for shall terminate at the east line of Atlantic street.

Also, that there be constructed on said "D" street, between said east line of California street and said west line of Atlantic street, and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "D" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the place where it is by said drawings shown to be located and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings, and in accordance with the ordinance referred to in the general specifications accompanying said drawings, to-wit: Ordinance No. 3241, hereinbefore more particularly identified as said ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "D" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder.)

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No. 22853 filed Apr 22 1908 J.T. Butler City Clerk. By Allen H. Wright, Deputy. Communication from City Engineer Plans and Specifications, Culverts, Paving D street, California to Atlantic," and copies of the same are on file in the office of the Engineer of said City, and all the drawings, cross-sections and typical drawings, with the specifications and the explanatory notes accompanying the same and contained in said Document No. 22853, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said "D" street and said intersections of streets therewith, and by reference thereto, all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22853, and said Ordinance No. 3241, are incorporated herein and made a part hereof, and said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said

Ordinance 3241, and shown by the contents of said Document No. 22853, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

Also, that said "D" street, on both sides thereof, from the west line of California street to the east line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already curbed with concrete or natural stone, and also excepting such portions of said street and said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be curbed with concrete according to the specifications therefor contained in Ordinance No. 1140, of the ordinances of said City of San Diego, entitled, "An Ordinance Prescribing Specifications for Sidewalking and Curbing in the City of San Diego, California," approved on the 17th day of June, 1902.

Also, that said "D" street, on both sides thereof, from the west line of California street to the east line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already sidewalked with concrete, and also excepting such portions of said "D" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be sidewalked with concrete according to the specifications therefor contained in said Ordinance No. 1140, of the ordinances of said City of San Diego hereinabove particularly identified.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said "D" street and the said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "D" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "D" street and said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said Common Council, of more than local and ordinary public benefit, and the expense of said work is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said City of San Diego and included within the exterior boundary lines described as follows, to-wit: Beginning at a point on the east line of California street, distant 150 feet north from the north line of "D" street; thence west on a line parallel to and distant 150 feet north from the north line of "D" street to the west line of Atlantic street; thence south along the west line of Atlantic street to a point 150 feet south from the south line of "D" street; thence east on a line parallel to and distant 150 feet from the south line of "D" street to the east line of California street; thence north along the east line of California street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That the SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 1st day of June, 1908, by the following vote, to-wit:

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "k" street from the east line of Sixth street to the west line of Sixteenth street, in the city of San Diego, California, including the entire width of said roadway from curb line to curb line including the roadways of all streets

intersecting said "K" street between the east line of Sixth street and the west line of Sixteenth street, from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of "K" street to the south line of "K" street (excepting such portions of the said "K" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon, and excepting the intersection of Seventh street with "K" street, which said intersection is already ordered paved) be paved with asphalt macadam wearing surface on a concrete base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for Paving Streets in the City of San Diego, California, with Concrete Base and Asphalt Macadam Wearing Surface," approved April 13th , 1908.

Provided, however, that as to those parts of said "K" street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "K" street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts.

Also, that there be constructed on said "K" street, between said east line of said Sixth street and said west line of Sixteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "K" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the place where it is by said drawings shown to be located and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings, and in accordance with the ordinance referred to in the general specifications accompanying said drawings to-wit: Ordinance No. 3241, hereinbefore more particularly identified, as said ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "K" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No. 23384, filed May 28 1908 J.T. Bulter, City Clerk. By Allen H. Wright. Deputy, Communication from City Engineer Plans, Specifications, etc., in re Paving K st., 6th to 16th.",

and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said document No.23384, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said "K" street and said intersections of streets therewith, and by reference thereto, all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No.23384, and said Ordinance No.3241, are incorporated herein and made apart hereof, and said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No.3241, and shown by the contents of said Document No.23384, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said "K" street and the said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "K" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "K" street and said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated, and of general circulation in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego, be, and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 1st day of June, 1908, by the following vote, to-wit:

GRANTING PERMISSION TO HELEN T. LEATHAM TO SIDEWALK AND CURB SECOND STREET, IN THE CITY OF SAN DIEGO, CALIFORNIA, IN FRONT OF LOTS D, E, AND F. IN BLOCK 383 OF HORTON'S ADDITION, AND RELEASING J.F. JONES FROM THE CONTRACT THEREFOR.

WHEREAS, Helen T. Leatham has filed in the office of the City Clerk of the City of San Diego, California, her petition in writing asking for permission to sidewalk and curb Second street, in the City of San Diego, California, in front of lots D, E, and F, in Block No. 383 of Horton's Addition to said city at private contract, and,

WHEREAS, the City of San Diego has awarded the contract for the sidewalking and curbing in front of said lots to J.F. Jones, under the provisions of the Vrooman Act, and, WHEREAS, the said J.F. Jones has requested this Common Council, in open session assembled, to grant said petition and release him, the said J.F. Jones, from his contract to do said work under said Vrooman Act, and,

WHEREAS, The said Helen T. Leatham in her said petition has offered to reimburse

the City of San Diego for all expenses incident to said work of sidewalking and curbing up to and including the publication of the notice of award of contract therefor, and, WHEREAS, the sidewalking and curbing in front of said lots D, E and F, is all the work to be done under said contract, NOW, THEREFORE,

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That J.F. Jones be, and he is hereby, released from any and all obligation to enter into a contract with the Superintendent of Streets of the City of San Diego, California, to do the sidewalking and curbing on Second street in front of lots D, E and F, in Block 383, of Horton's Addition to said city.

And BE IT FURTHER RESOLVED, that Helen T. Leatham be, and she is hereby granted permission to sidewalk and curb Second street in said city of San Diego in front of said lots D, E and F at private contract.

Provided, however, that as a condition precedent to the releasing of the said J.F. Jones from his said contract and the permission herein granted to the said Helen T. RESOLUTION OF INTENTION N. O. 4254.

To Change the grade at the southwest corner of the intersection of Sixteenth street and "N" street, in the City of San Diego, California.

WHEREAS, all the owners of the property affected by the hereinafter proposed change of grade of the streets hereinafter mentioned, in the City of San Diego, California, have petitioned the Common Council of said city to change the grade thereof at the point thereon hereinafter mentioned; and,

WHEREAS, the said Common Council hereby finds that said petition contains the names of all the owners of the property to be affected by said proposed change of grade, and that it is for the public and common benefit to make said proposed change of grade, and to establish the grades of said streets as hereinafter set forth; NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grades of said streets as follows, to-wit:

At the southwest corner of the intersection of Sixteenth street with "N" street, change the grade elevation from 9.00 feet to 10.5 feet.

And the grades of said Sixteenth street and said "N" street between the point mentioned and the next grade elevation now established shall have an uniform ascent and descent, and the center line of said Sixteenth street and said "N" street shall have

an average elevation of the opposite curb grades.

The said herein changed grade elevation to be above the datum line of levels as fixed by Ordinance No. 3 of the ordinances of the City of San Diego, entitled, "An Ordinance establishing a datum line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance," approved on the 30th day of June, 1886.

The district to be benefited by said change of grade and to be assessed for the damages, costs and expenses thereof is hereby described and declared to be all that real property situate in the City of San Diego, County of San Diego, State of California, included within the exterior boundaries described as follows:

Beginning at a point where the westerly line of Sixteenth street intersects the southerly line of "N" street, thence running westerly to the point of intersection of said southerly line of "N" street with the easterly line of Fifteenth street, thence running southerly to the point of intersection of said easterly line of Fifteenth street with the southerly line of Sherman's Addition, in said city, thence easterly to the point of intersection of said southerly line of said Sherman's Addition with said westerly line of Sixteenth street, thence northerly to the point of beginning; comprising lots one, two, three, ten, eleven and twelve, in Block seventy-one, of Sherman's Addition in the City of San Diego, California.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said City are usually printed and published, to-wit: THE SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated and of general circulation in said city, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of Streets of said city is hereby ordered and directed, within five days after the first publication of this resolution, to cause to be conspicuously posted, in the manner and form required by law, within the district hereinabove designated as the district to be benefited by the proposed change of grade, notice of the passage of this Resolution.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 8th day of June, 1908, by the following vote, to-wit:

AYES-Councilmen Woolman, Palmer, McNeill,
Winter, Woods and Goldkamp,

NOES-None

ABSENT-Councilmen Dodson and Creelman.

HENRY WOOLMAN,

GRANTING PERMISSION TO GRADE ELECTRIC AVENUE, BEULAH AVENUE, HOTEL AVENUE, COLIMA STREET, MIDWAY STREET AND FORWARD STREET IN BIRD ROCK ADDITION, IN THE CITY OF SAN DIEGO, AT PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the petition of M. Hall, the owner of all the lots in Bird Rock Addition in the City of San Diego, County of San Diego, State of California, to do the grading hereinafter more particularly described, is granted, and the said M. Hall, is hereby authorized to grade the streets hereinafter named between the points thereon hereinafter specified, at his own expense, in front of the aforesaid lots abutting thereon, in the City of San Diego, California, for their entire width and including the sidewalks thereof between the points hereinafter mentioned, to the official grade thereof according to the specifications prescribed by Ordinance No. 2061, of the ordinances of the said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

Said streets, upon which permission is hereby granted to do the grading, are all situated in said Bird Rock Addition and now described as follows:

Electric avenue from the southerly boundary of said Bird Rock Addition to the northerly boundary thereof;

Beulah avenue from the southerly boundary of said Bird Rock Addition to the northerly boundary thereof;

Hotel avenue from the northerly line of Colima street to the southerly line of Forward street;

Colima street from the easterly line of Beulah avenue to the westerly line of Electric avenue;

Midway street from its western terminus to the easterly line of Electric avenue;

Forward street from its western terminus to the easterly line of Electric avenue.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of said City of San Diego and to be completed within nine (9) months from the date of the passage of this resolution, and that thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon any of said streets.

That the surplus dirt and material which may result from the doing of said grading shall be removed and deposited at such places on the streets of said city as the street superintendent thereof shall hereafter designate.

Provided, further, that as a condition precedent to the taking effect of the

permission hereby granted and before doing any grading upon said streets, or any of them, the aforesaid M. Hall, shall execute and file with the Clerk of said City a bond (or shall require the contractor or contractors to whom he may award a contract for doing said work to file with the Clerk of said city such bond), the same to be in an amount to be fixed by the Mayor of said city and payable to the said city or its assigns and signed by two good and sufficient surties, to be approved by said Mayor, and conditioned that the work to be done on said streets, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within nine (9) months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided, and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said City shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and the awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No. 4284, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said city on the 15th day of June, 1908.

RESOLUTION NO. 4303.

GRANTING PERMISSION TO GRADE A PORTION OF TWENTY-SECOND STREET AT PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the petition of the owners of property fronting on Twenty-second street between M street and N street in the City of San Diego, California, hereinafter more particularly described, for permission to do the grading hereinafter more particularly described, is hereby granted, and the persons hereinafter named are authorized to grade, at their own expense, Twenty second street between M street and N street in the City of San Diego, California, to the center line thereof or to the full width thereof and including the sidewalks in front of their respective properties fronting upon said street hereinafter more particularly set forth, said grading to be to the official grade of said street and according to the specifications prescribed by Ordinance No. 2061, of the ordinances of said city, entitled, "An Ordinance Prescribing Specifications for the grading of streets in the city of San Diego, California," approved on the 6th day of June, 1905.

The aforesaid persons are named as follows, and the property fronting upon said Twenty-second street owned by each of them is set after their respective names as follows, to-wit:

George Barnsdale, south 90 feet of lots 30, 31 and 32, Block 63;

George J. Furlong, lots 7 to 12, inclusive, Block 62;

J. F. Smith, lot 1, Block 63;

All of said lots and blocks being in Sherman's Addition in the City of San Diego California, according to the official map thereof on file in the office of the County Recorder of San Diego County.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of the City of San Diego and to be completed within six months from the date of the passage of this Resolution, and thereafter, no one shall, under or by virtue of this resolution, have authority to do any grading upon said street.

That, all surplus dirt and material which may be obtained in doing said work shall be removed and deposited at such place or places on the streets of said city as the Street Superintendent thereof shall hereafter direct.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid persons, or so many of them as desire to avail themselves of the permission granted hereby, shall execute and file with the Clerk of said city a bond (or shall require the contractor or contractors to whom they may award a contract for doing said work to file with the Clerk of said city such bond), the same to be in an amount to be fixed by the Mayor of said city and payable to the said city, or its assigns, and signed by two good and sufficient sureties, to be approved by said Mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within six months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof, the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No. 4303, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said city on the 22nd day of June, 1908.

RESOLUTION NO. 4318.

OF INTENTION TO CHANGE THE GRADE OF NEWTON AVENUE, IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE SOUTHEAST LINE OF SIXTEENTH STREET TO THE NORTHWEST LINE OF DEWEY STREET, AND OF STREETS INTERSECTING THEREWITH BETWEEN SAID POINTS.

WHEREAS, the owners of a majority of the property affected by the hereinafter proposed changes of grades of the streets hereinafter mentioned in the City of San Diego, California, have petitioned the Common Council of the said city of San Diego, to change the grades thereof at the points thereon hereinafter mentioned, and,

WHEREAS, the said Common Council hereby finds that said petition contains the names of the owners of a majority of the property to be affected by the said proposed changes of grades, and that it is for the public benefit to make said proposed changes of grades, and to establish the grades of said streets as hereinafter set forth; NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grades of said streets as follows, to-wit:

At the south corner of the intersection of Newton avenue with Sixteenth street, the grade elevation to remain at 1.50 feet; at the east corner thereof, the grade elevation to remain at 2.00 feet.

At the west corner of the intersection of Newton avenue with Sigsbee street, change the grade elevation from 18.00 feet to 15.00 feet; at the north corner thereof, change the grade elevation from 18.00 feet to 16.00 feet; at the south corner thereof, change the grade elevation from 19.00 feet to 16.00 feet; at the east corner thereof, change the grade elevation from 19.00 feet to 17.00 feet.

At a point on the southwest line of Newton avenue 300 feet southeasterly from the south corner of Sigsbee street, change the grade elevation from 26.50 feet to 21.50 feet. At a point on the northeast line of Newton avenue 300 feet southeasterly from the east corner of Sigsbee street, change the grade elevation from 27.50 feet to 22.50 feet. At the west corner of the intersection of Newton avenue with Beardsley streets, change the grade elevation from 28.50 feet to 27.00 feet; at the north corner thereof, change the grade elevation from 29.50 feet to 28.00 feet; at the south corner thereof, change the grade elevation from 28.50 feet to 27.00 feet; at the east corner thereof, change the grade elevation from 29.50 feet to 28.00 feet.

At the west corner of the intersection of Newton avenue with Crosby street, change the grade elevation from 32.00 feet to 29.00 feet; at the north corner thereof, change the grade elevation from 33.00 feet to 30.00 feet; at the south corner thereof, change the grade elevation from 32.00 feet to 29.00 feet; at the east corner thereof, change the grade elevation from 33.00 feet to 30.00 feet.

At the west corner of the intersection of Newton avenue with Dewey street, the grade elevation to remain at 31.00 feet; at the north corner thereof, the grade elevation to remain at 32.00 feet.

And the grade of said Newton avenue, between the points hereinbefore mentioned, shall have a uniform ascent and descent and the center line of Newton avenue shall have an average elevation of the opposite curb grades.

As to each street intersecting said Newton avenue between the southeast line of Sixteenth street and the northwest line of Dewey street, the grade thereof, between each point common to both said Newton avenue and such intersecting street and the next grade point now established upon such intersecting street and not common to both said intersecting street and said Newton avenue, shall have a uniform ascent and descent, and the center line of such intersecting street, between the said grade points thereof, shall have an average elevation of the opposite curb grades.

All of said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3, of the ordinances of the City of San Diego, entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance," approved on the 30th day of June, 1886.

And the district to be benefited by said changes of grades and assessed for the damages, costs and expenses thereof, is hereby described and declared to be all that real property situate in the City of San Diego, County of San Diego, State of California, included within the exterior boundary lines described as follows, to-wit:

Commencing at a point where the southeast line of Sixteenth street is intersected by the northeast line of the alley in Block 92, of Mannasse & Schiller's Addition, and running thence southeasterly along the north east line of the alleys running through Blocks 92 and 93, 94 and 95, of Mannasse & Schiller's Addition to an intersection with the northwest line of Dewey street, thence northeasterly along the northwest line of Dewey street to an intersection with the southwest line of the alley in Block 129, of Mannasse & Schiller's Addition, thence northwesterly along the southwest line of the

alleys running through Blocks 129, 130, 131 and 132, of Mannasse & Schiller's Addition to the southeast line of Sixteenth street, thence southwesterly along the south east line of Sixteenth street to the point of beginning, excepting therefrom all public streets, roads, alleys, avenues and highways.

Said Mannasse & Schiller's Addition being an addition in the City of San Diego, California, according to the official map thereof on file in the office of the County Recorder of San Diego County, California.

The City Clerk of said city is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said city are usually printed and published, to-wit: THE SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated and of general circulation in said City, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of Streets of said city is hereby ordered and directed, within five days after the first publication of this Resolution, to cause to be conspicuously posted in the manner and form required by law, within the district hereinabove designated as the district to be benefited by the proposed change of grade, notice of the passage of this resolution,

WHEREAS, the owners of a majority of the property affected by the herein proposed change of grade of Centre street from the north line of University avenue to the south line of Lincoln avenue, and streets intersecting therewith between said points, as hereinafter more particularly specified, all in the City of San Diego, California, have petitioned the Common Council of the City of San Diego, California, to change the grade thereof, and,

WHEREAS, the said Common Council of said city hereby finds that the said petition contains the names of the owners of a majority of the property to be affected by the said proposed changes of grades of said streets and that it is for the public benefit to make the said changes of grades, and to establish the grade of said Centre street and said intersecting streets as hereinafter set forth, NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grade of said Centre street and said intersecting streets as follows, to-wit:

At the southwest corner of the intersection of Lincoln avenue with Centre street, the grade elevation to remain at 324.0 feet.

At the southeast corner of the intersection of Lincoln avenue with Centre street, the grade elevation to remain at 326.0 feet.

At a point on the west line of Centre street 200 feet south of the southwest corner of the intersection of Centre street with Lincoln avenue, the grade elevation to remain at 315.0 feet.

At a point on the west line of Centre street 100 feet south of the last named point, change the grade elevation from 311.0 feet to 310.75 Ft.

At a point on the west line of Centre street 100 feet south of the last named point, change the grade elevation from 307.5 feet to 306.5 Ft.

At a point on the west line of Centre street 100 feet south from the last named point, change the grade elevation from 305.5 feet to 304.75 Ft.

At a point on the east line of Centre street 200 feet south of the southeast corner of the intersection of Lincoln avenue with Centre street, change the grade elevation from 316.0 feet to 314.0 feet.

At a point on the east line of Centre street 100 feet south of the last named point, change the grade elevation from 311.0 feet to 309.75 Ft.

At a point on the east line of Centre street 100 feet south of the last named point, change the grade elevation from 307.5 feet to 305.5 feet.

At a point on the east line of Centre street, 100 feet south of the last named point, change the grade elevation from 305.5 feet to 303.75 Ft.

At the northwest corner of Centre street and Blaine avenue, change the grade elevation from 304.0 feet to 303.0 feet.

At the southwest corner of the intersection of Blaine avenue with Centre street, change the grade elevation from 303.5 feet to 302.5 feet.

At a point on the east line of Centre street where the north line of Blaine avenue would intersect said east line of Centre street if said north line of Blaine avenue were

produced in an easterly direction, change the grade elevation from 304.0 feet to 302.0 feet.

At a point on the east line of Centre street, 80 feet south of the last named point, change the grade elevation from 303.5 feet to 301.5 feet.

At the northwest corner of the intersection of University avenue and Centre street, the grade elevation to remain at 304.00 feet; at the northeast corner thereof, the grade elevation to remain at 305.00 feet.

And the grade of said Centre streets between the points hereinbefore mentioned shall have a uniform ascent and descent and the center line of said Centre street shall have an average elevation of the opposite curb grades.

As to each street intersecting said Centre street between the north line of University avenue and the south line of Lincoln avenue, the grade thereof, between each point common to both Centre street and such intersecting street and the next grade point now established upon such intersecting street and not common to both said intersecting streets and Centre street, shall have a uniform ascent and descent and the center line of such intersecting street between the said grade points, shall have an average elevation of the opposite curb grades.

All of the said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3, of the ordinances of the City of San Diego, entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance", approved on the 30th day of June, 1886.

And the exterior boundaries of the district to be benefited by said change of grade and to be assessed for the damages, costs and expenses thereof, are hereby described and declared to be as follows, to-wit:

Commencing at a point on the north line of University avenue intersected by the easterly line of the alley lying between Centre street and University Boulevard, thence northeasterly along the easterly line of said alley to a point on said easterly line of said alley to the south line of Lincoln avenue; thence easterly along the south line of Lincoln avenue to an intersection with the west line of the alley lying between Centre street and Park Boulevard; thence southwesterly along the west line of said last named alley to the north line of University avenue; thence westerly along the north line of University avenue to the point of commencement, excepting therefrom all public streets, alleys, roads and highways, and all of said district, streets and alleys being within the City of San Diego, County of San Diego, State of California.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said city are usually printed and published, to-wit: THE SAN DIEGO UNION AND DAILY BEE, a daily newspaper published and circulated and of general circulation in said city in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of Streets of said city is hereby ordered and directed, within five days after the first publication of this Resolution, to cause to be conspicuously posted, in the manner and form required by law, within the district herein above designated as the district to be benefited by the proposed change of grade, notice of the passage of this resolution.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 22nd day of June, 1908, by the following vote, to-wit:

RESOLUTION NO. 4322.

ORDERING THE WORK OF PAVING "I" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE EAST LINE OF SIXTH STREET TO THE WEST LINE OF SEVENTH STREET.

RESOLVED, by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done and therefore the said Common Council hereby orders the following street work to be done in said City to-wit:

That the roadway of "I" street from the east line of Sixth street to the west line of Seventh street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line (excepting such portions of said "I" street between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt pavement on an asphalt concrete base according to the drawings and cross-sections therefor, hereinafter more particularly identified and according to the specifications contained in Ordinance No. 1129, of the ordinances of said city, entitled, "An Ordinance Prescribing Specifications for Asphalt Pavement on Asphalt Concrete Base, in the City of San Diego, California," approved on the 3rd day of June, 1902, and in Ordinance No. 2187, of the ordinances of said city, approved on the 23rd day of October, 1905, entitled, "An Ordinance Amending Section 2 and Section 7, of Ordinance No. 1129, of the ordinances of the City of San Diego, approved on the 3rd day of June, 1902, and repealing Ordinance No. 1147, approved on the 17th day of June, 1902."

The aforesaid drawings and cross-sections for said paving are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No. 22651 Filed Apr 6-1908 J.T. Butler, City Clerk. By Percy L. Day, Deputy. Plans and Cross-sections for paving 'I' street from 6th to 7th streets.", and copies of the same are on file in the office of the Engineer of said city, and all said drawings and cross-sections contained in said Document No. 22651, are hereby approved and adopted as the drawings and cross-sections to be followed in connection with the other specifications herein referred to in the paving of said "I" street between the points thereon hereinabove specified, and, by reference thereto, said drawings and cross-sections contained in said Document No. 22651 and said ordinances Nos. 1129 and 2187, are incorporated herein and made a part hereof,

And said work shall include grading, preparing the road bed and all other things required by said ordinances Nos. 1129 and 2187, and shown by the contents of said Document No. 22651, to be necessary for the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "I" street all surplus dirt and material which may result from the doing of said work, including everything brought upon said "I" street by said contractor or contractors and not incorporated into the work done upon said "I" street.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require wither a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said city of San Diego, California, this 22nd day of June, 1908, by the following vote, to-wit:

AYES-Councilmen Dodson, Woolman, Palmer, Malmberg, McNeill,

GRANTING PERMISSION TO GRADE A PORTION OF BORDEN STREET AT PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the petition of Etta N. Mahler, the owner of lot A, fronting on Borden street between the north line of Marine avenue and the south line of Block 2 in F.T. Scripps' Addition to La Jolla Park, in the City of San Diego, California, for permission to do the grading hereinafter more particularly described, is granted, and said Etta N. Mahler is hereby authorized to grade Borden street in front of lot A, F.T. Scripps' Addition to La Jolla Park in the City of San Diego, California, at her own expense, to the center line of said Borden street, that is to say, the west half thereof ^{ac copy} between the points hereinbefore mentioned, to the official grade thereof, according to the specifications prescribed by Ordinance No. 2061, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of said city of San Diego and to be completed within three months from the date of the passage of this resolution, and that thereafter no one shall under or by virtue of this resolution have authority to do any grading upon said street.

That the surplus dirt and material which may result from the doing of said grading shall be removed and deposited at such places on the streets of said city as the Street Superintendent thereof shall hereafter designate.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid Etta N. Mahler shall execute and file with the Clerk of said city a bond (or shall require the contractor or contractors to whom she may award a contract for doing said work to file with the Clerk of said city such bond), the same to be in an amount to be fixed by the Mayor of said city and payable to the said city or its assigns, and signed by two good and sufficient sureties, to be approved by said Mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same as herein provided, shall be completed within three months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said city shall be authorized to let a contract for the completion of the unfinished portion of said

work and upon the completion thereof, the said city, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same, not exceeding the amount fixed in said bond as the penalty thereof.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No.4370, of the resolutions of the City of San Diego, California, as adopted by the Common Council of said city on the 20th day of July, 1908.

OF INTENTION TO PAVE "H" STREET FROM THE WEST LINE OF FOURTH STREET TO THE WEST LINE OF ATLANTIC STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, AND TO CONSTRUCT CULVERTS THEREON, ALL BETWEEN THE POINTS HEREINBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "H" street from the west line of Fourth street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line, and including the roadways of streets intersecting said "H" street between the west line of Fourth street and the west line of Atlantic street, from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the south line of "H" street to the north line of said "H" street (excepting such portions of said "H" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on a concrete base according to the drawings and cross-sections therefor hereinafter more particularly identified, and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections and according to the specifications contained in Ordinance No.3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for the Paving of Streets in the City of San Diego with Concrete Base and Asphalt Macadam Wearing Surface", approved April 13th, 1908; provided, however, that as to those parts of said "H" street and the said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts, as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "H" street and of said intersections of streets

therewith to the extent as shown by, and in the manner, and all in accordance with the said drawings for said culverts.

Also that there be constructed on said "H" street between said west line of Fourth street and the said west line of Atlantic street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "H" street between the points thereon hereinbefore mentioned and on the said intersections of streets therewith. That each of said culverts with its appurtenances be located at the place where it is by said drawings shown to be located, and, together with its appurtenances, be constructed of the materials and of the size and shape and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said "H" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder.)

The aforesaid drawings and cross-sections with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city endorsed as follows, to-wit: "Document No. 22854 Filed Apr 22 1908 A.T. Butler City Clerk By Allen H. Wright, Deputy. Communication from City Engineer, Plans, Specifications, etc., for culverts, paving H st., 4th to Atlantic", and copies of the same are on file in the office of the engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes for the same and contained in said Document No. 22854, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby and in the paving of said "H" street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings, and specifications and explanatory notes accompanying the same contained in said Document No. 22854 and said Ordinance No. 3241, are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No. 3241, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "H" street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "H" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "H" street or said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satis-

fraction of said Superintendent of streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city Council, of more than local and ordinary public benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said city of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street distant 150 feet north from the north line of "H" street; thence west on a line parallel to and distant 150 feet north from the said north line of "H" street to the west line of Atlantic street; thence south along the west line of Atlantic street to its intersection with the line of mean high tide of the Bay of San Diego; thence easterly and southerly along said line of mean high tide of the Bay of San Diego to its intersection with a point which is 150 feet south from the south line of "H" street; thence east along a line parallel to and distant 150 feet south from the said south line of "H" street to its intersection with the west line of Fourth street; thence north along said west line of Fourth street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego, be, and he is hereby, directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 20th day of July, 1908, by the following vote, to-wit:

OF INTENTION TO PAVE "D" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA,
FROM THE WEST LINE OF TWELFTH STREET TO THE EAST LINE OF FIFTEENTH
STREET, AND TO CONSTRUCT CULVERTS THEREON, ALL BETWEEN THE POINTS HERE
INBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "D" street from the west line of Twelfth street to the east line of Fifteenth street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "D" street between the west line of Twelfth street and the east line of Fifteenth street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line to the south line of said "D" street (excepting such portions of said "D" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on an asphalt macadam base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections and according to the specifications contained in Ordinance No. 3240, of the ordinances of said city entitled, "An Ordinance Providing Specifications for an Asphalt Macadam Pavement, Class A", approved on the 13th day of April, 1908.

Provided, however, that as those parts of said street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the asphalt macadam base of said pavement shall terminate where it joins said culverts, as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt macadam wearing surface of said pavement shall be continued over said culverts and beyond the curb lines of said "D" street and of the said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance

with the said drawings of said culverts.

Also, that as a part of said work there be constructed on said "D" street, between the west line of Twelfth street and the said east line of Fifteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified, to be located on said "D" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith.

That each of said culverts with its appurtenances, be located at the place where it is by said drawings shown to be located, and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said "D" street or of said intersections of streets therewith required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No. 22855 Filed Apr 22 1908 J.T. Butler. City Clerk By Allen H. Wright, Deputy. Communication from City Engineer Plans & Specifications, Culverts, Paving of D street., 12th to 15th streets" and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No. 22855, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and there appertaining structures as shown thereby and in the paving of said "D" street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22855, and said Ordinance No. 3240, are incorporated herein and made a part hereof.

And said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No. 3240, and shown by the contents of said Document No. 22855, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said "D" street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "D" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "D" street or said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the San Diego Union and Daily Bee, a daily newspaper, published and circulated and of general circulation in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego, be, and he is hereby directed to post this Resolution of Intention conspicuously ^{for two days} on or near the chamber door of the said Common Council and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

IN
ORDERING THE WORK OF SIDEWALKING AND CURBING GRAND AVENUE, ^{IN} PACIFIC BEACH
IN THE CITY OF SAN DIEGO, CALIFORNIA, BETWEEN LAMONT STREET AND BROADWAY
STREET.

RESOLVED, By the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That Grand avenue, in Pacific Beach, in the City of San Diego, California, from the west line of Lamont street to the east line of Broadway street, including both sides of all intersections of streets between said points (excepting where already sidewalked with concrete at the time of the adoption of Resolution of Intention No. 4225, and also excepting such portions of said Grand avenue and the said intersections of streets between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be sidewalked with concrete, the base or foundation of which shall be three inches in thickness and composed of one part, by volume, of Portland Cement, two parts of sand and four parts of gravel, according to specifications therefor contained in Ordinance No. 1140, of the ordinances of said city of San Diego, entitled, "An Ordinance Prescribing Specifications for Sidewalking and Curbing in the City of San Diego, California," approved on the 17th day of June, 1902, now on file in the office of the Clerk of the said City of San Diego.

Also, that the said Grand avenue, on both sides thereof, from the west line of Lamont street to the east line of Broadway street, including both sides of all intersections of streets between said points (excepting where already curbed with concrete or natural stone at the time of the adoption of this Resolution of Intention No. 4225, and also excepting such portions of the said Grand avenue and the said intersections of streets between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be curbed with concrete according to the specifications therefor contained in said Ordinance No. 1140.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego, is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file in the said newspaper designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount of not less than ten per cent of the aggregate of the proposal.

Said Clerk of the Said City of San Diego is also hereby directed to publish this

resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said city of San Diego, California, this 20th day of July, 1908, by the following vote, to-wit:

RESOLUTION NO. 4387.

ORDERING THE WORK OF GRADING SECOND STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE NORTH LINE OF GRAPE STREET TO THE SOUTH SIDE OF HAWTHORN STREET, AND CONSTRUCTING CULVERTS THEREON.

RESOLVED, By the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That Second street in the City of San Diego, California, including the sidewalks thereof, from the north line of Grape street to the south line of Hawthorn street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Second street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061, of the ordinances of the said City of San Diego, entitled, "An Ordinance providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

Also that as a part of said work there be constructed upon said Second street, between the points thereon hereinbefore mentioned, two cement pipe culverts, to-wit:

one eighteen-inch cement pipe culvert with its appurtenances and one twelve-inch

cement pipe culvert with its appurtenances, consisting of two catch-basins, one eight-inch vitrified pipe culvert and end walls, all as shown by the plans, drawings and specifications therefor hereinafter referred to.

Each of said culverts with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to the plans, specifications and drawings therefor, contained in that certain document on file in the office of the Clerk of said City of San Diego, and endorsed as follows, to-wit: "Document No. 22494 Filed Mar 28 1908 J.T. Butler City Clerk By Percy L. Day, Deputy, Plans & Specifications for Pipe Culverts to be constructed in connection with the grading of 2nd street, from Grape to Hawthorn streets." and copies of which plans, drawings and specifications are on file in the office of the City Engineer of said city, and the said plans, drawings and specifications are hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts and all their appertaining structures as shown thereby; and, by reference thereto, said plans, drawings and specifications are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city, and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary public benefit and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: all that real property lying and being in said City of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the south line of Nutmeg street, distant 100 feet west from the west line of Second street; thence south on a line parallel to and distant 100 feet west from the west line of Second street to the north line of "H" street; thence east along the north line of "H" street to a point 100 feet east from the east line of Second street; thence north on a line parallel to and distant 100 feet from the east line of Second street to the south line of Nutmeg street; thence west along the south line of Nutmeg street to the point on place of beginning, excepting therefrom all public streets, roads, alleys, avenues and highways.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or

bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego, is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 27th day of July, 1908, by the following vote, to-wit:

WHEREAS, it appears from said report that the owners of certain property fronting upon said "A" street between said points thereon hereinabove stated, affected by the change of grade therein contemplated, filed with said Common Council their petition, in writing, in all respects as required by law and within the time allowed by law, claiming damages to their said property by reason of said proposed change of grade; and,

WHEREAS, it further appears from said report that said Commissioners, having duly qualified as such Commissioners as required by law, did proceed to view the separate lots, pieces and parcels of land for which damages were claimed by the owners thereof; and

WHEREAS, it further appears from said report that after making a personal examination of each of said pieces of property, in the opinion of ^{the} said Commissioners there was no damage to said properties, or either or any of them in excess of the benefits by reason of the said proposed change of grade; and,

WHEREAS, this Common Council did, on the 8th day of June, 1908, duly adopt Resolution No. 4232, wherein and whereby said Common Council did fix Monday, the 6th day of July, 1908, as the date on or before which all persons interested should show cause, if any they have, why said report of said Commissioners should not be confirmed by said Common Council; and,

WHEREAS, the City Clerk of the said City of San Diego, he being ex-officio Clerk of the Common Council of said city, did, on the 15th day of June, 1908, pursuant to law and said resolution No. 4232, duly publish according to law, a notice that the Commissioners appointed by law to assess the benefits and damages occasioned by the proposed change of grade of "A" street in the City of San Diego, California, between the points thereon hereibefore stated, had duly filed their report in writing on the 2nd day of June, 1908 in the office of said City Clerk, and requiring all persons interested therein to show cause, if any they had, on or before said 6th day of July, 1908, why said report should not be confirmed and approved by said Common Council; and,

WHEREAS, on the 3rd day of July, 1908, one J.E. Boydston, filed with the Clerk of said city his written objection to the approval of the report of said Commissioners as filed; and,

WHEREAS, the hearing of said petition was by said Common Council set for Monday, the 20th day of July, 1908, at the hour of 8:30 P.M.; and,

WHEREAS, upon the hearing had on said petition the same was denied and disallowed by said Common Council; and,

WHEREAS, the said assessment in all things conforms to law, and,

WHEREAS, said Commissioners have in all things pertaining to their duties as such Commissioners complied with the law; and,

WHEREAS, This Common Council finds that said assessment is just and equitable and was made as required by law, NOW, THEREFORE,

FROM THE NORTHWEST LINE OF MISSION VIEW BOULEVARD TO THE SOUTH LINE OF
PACIFIC AVENUE.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That Shasta street in the City of San Diego, California, including the sidewalks thereof, from the northwest line of Mission View Boulevard to the south line of Pacific Avenue, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of said Shasta street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No.2061, of the ordinances of the said City of San Diego, entitled, "An Ordinance providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905".

Also that as a part of said work there be constructed upon said Shasta street, between the points thereon hereinabove mentioned the following corrugated galvanized iron culverts, to-wit:

(a) 4 corrugated galvanized iron culverts at the intersection of Roosevelt avenue and Shasta street.

(b) 2 corrugated galvanized iron culverts at the intersection of Sunset avenue and Shasta street.

(c) 1 corrugated galvanized iron culvert at the intersection of Chico street and Shasta street; together with their appertaining structures as shown by the plans,

drawings and specifications thereof hereinafter referred to.

Each of said culverts with its appurtenances is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to the plans, specifications and drawings therefor contained in that certain document on file in the office of the Clerk of said city of San Diego, and endorsed as follows, to-wit: "Document No. 24286 Filed Jul 27 1908 J.T. Butler City Clerk By H.C. Hensley Deputy. Communication from City Engineer. Plans and Specifications for Corrugated, galvanized - iron Culverts in connection with grading of Shasta street," and copies of which plans, drawings and specifications are on file in the office of the City Engineer of said city, and the said plans, drawings and specifications are hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts and all their appertaining structures as shown thereby; and, by reference thereto, said plans, drawings and specifications are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the streets to be graded all surplus dirt and material which may result from the doing of said work.

That all of said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of Streets.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in the said City of San Diego, be, and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 3rd day of August, 1908, by the following vote, to-wit:

OF INTENTION TO CHANGE THE GRADE AT THE INTERSECTION OF "B" AND FIRST STREETS IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, the owners of a majority of the property affected by the hereinafter proposed changes of grades of the streets hereinafter mentioned in the city of San Diego, California, have petitioned the Common Council of the said city of San Diego to change the grades thereof at the points thereon hereinafter mentioned; and,

WHEREAS, the said Common Council hereby finds that said petition contains the names of the owners of a majority of the property to be affected by the said proposed changes of grades and that it is for the public benefit to make said proposed changes of grades and to establish the grades of said streets as hereinafter set forth; NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grades of said streets as follows, to-wit: At the northwest corner of the intersection of "B" and First streets, change the grade elevation from 37.00 feet to 37.60 feet; at the northeast corner thereof, change the grade elevation from 38.00 feet to 38.60 feet.

At a point on the north line of "B" street 100 feet west of the northwest corner of the intersection of "B" and First streets, the grade elevation to remain at 36.75 feet.

At a point on the north line of "B" street, 100 feet east of the northeast corner of the intersection of "B" and First streets, the grade elevation to remain at 39.50 feet. At a point on the west line of First street, 30 feet north of the northwest corner of the intersection of First and "B" streets, the grade elevation to remain at 38.10 feet. At a point on the east line of First street 30 feet north of the northeast corner of the intersection of First and "B" streets, the grade elevation to remain at 39.00 feet. At the southwest corner of the intersection of "B" and First streets, the grade elevation to remain at 37.00 feet.

At the southeast corner of the intersection of "B" and First streets, the grade elevation to remain at 37.50 feet.

And the grade of said streets shall have a uniform ascent and descent, and the center line of said streets shall have an average elevation of the opposite curb grades.

All said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3, of the ordinances of the City of San Diego, entitled, "An Ordinance Establishing a Datum line for the Grading of Streets in the City of San Diego, State of Cali-

fornia, and Providing for the Manner of Establishing Grades by Ordinance," approved on the 30th day of June, 1886.

And the district to be benefited by said changes of grades and assessed for the damages, costs and expenses thereof is hereby described and declared to be all that real property situate in the City of San Diego, County of San Diego, State of California, included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the north line of "B" street, 100 feet west of the west line of First street, running thence north at right angles 50 feet; thence east on a line parallel to and distant 50 feet north of the north line of "B" street to a point 100 feet east of the east line of First street; thence at right angles south to a point 50 feet south of the south line of "B" street; thence at right angles west on a line parallel to and distant 50 feet south of the south line of "B" street to a point 100 feet west of the west line of First street; thence at right angles north to the north line of "B" street or point of beginning. Excepting therefrom all public streets, roads, alleys, avenues and highways.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said City are usually printed and published, to-wit: The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said city, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of Streets of said City is hereby ordered and directed, with in five days after the first publication of this resolution, to cause to be conspicuously posted, in the manner and form required by law, within the district hereinabove designated as the district to be benefited by the proposed change of grade, notice of the passage of this resolution.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 3rd day of August, 1908, by the following vote, to-wit:

OF INTENTION TO PAVE "G" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE WEST LINE OF FOURTH STREET TO THE WEST LINE OF ATLANTIC STREET AND TO CONSTRUCT CULVERTS THEREON, AND TO CONSTRUCT CONCRETE SIDEWALKS AND CURBS THEREON, ALL BETWEEN THE POINTS HEREINBEFORE MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego a municipal corporation, in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "G" street from the west line of Fourth street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "G" street between the west line of Fourth street and the west line of Atlantic street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of "G" street to the south line of "G" street (excepting such portions of said "G" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on a concrete base according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross sections and according to the specifications contained in ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance providing Specifications for Paving Streets in the City of San Diego, California, with Concrete base and Asphalt Macadam Wearing Surface," approved April 13th, 1908.

Provided, however, that as those parts of said "G" street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "G" street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with the said drawings for said culverts.

Also that there be constructed on said "G" street, between said west line of Fourth street and said west line of Atlantic street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "G" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the

place where it is by said drawings shown to be located, and, together with its appurtenances, be constructed of the materials, and of the size and shape and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings, and in accordance with the ordinance referred to in the general specifications accompanying said drawings, to-wit: Ordinance No. 3241, hereinbefore more particularly identified as said ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "G" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No. 22856 Filed Apr 22 1908 J.T. Butler City Clerk. By Allen H. Wright Deputy. Communication from City Engineer Plans & Specifications Culverts Paving 'G' st., 4th to Atlantic," and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No. 22856, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said "G" street and said intersections of streets therewith, and by reference thereto, all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document 22856 and said Ordinance No. 3241, are incorporated herein and made a part hereof, and said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No. 3241 and shown by the contents of said Document No. 22856, to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

Also that said "G" street, on both sides thereof, from the said west line of Fourth street to the said west line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already curbed with concrete or natural stone, and also excepting such portions of said street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be curbed with concrete according to the specifications therefor contained in Ordinance No. 1140, of the ordinances of said City of San Diego, entitled, "An Ordinance Prescribing Specifications for Sidewalking and Curbing in the City of San Diego, California," approved on the 17th day of June, 1902.

Also, that said "G" street on both sides thereof from the said west line of Fourth street to the said west line of Atlantic street including both sides of all intersections of streets between said points (excepting where already sidewalked with concrete and also excepting such portions of said "G" street and the said intersections

of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be sidewalked with concrete according to the specifications therefor contained in said Ordinance No. 1140, of the ordinances of said City of San Diego, hereinabove particularly identified.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said "G" street and the intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "G" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "G" street and said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said City and the Materials used shall be to the satisfaction of said Superintendent of Streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said Common Council, of more than local and ordinary public benefit and the expense of said work is made chargeable upon the district hereinafter described and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said City of San Diego, and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street, 150 feet north from the north line of "G" street; thence west on a line parallel to and distant 150 feet north from the north line of "G" street to the west line of Atlantic street; thence south along the west line of Atlantic street to a point 150 feet south from the south line of "G" street; thence east on a line parallel to and distant 150 feet south from the south line of "G" street to the west line of Fourth street; thence north along the west line of Fourth street to the point or place of beginning, excepting therefrom all public streets, roads, alleys, avenues and highways.

That the San Diego Union and Daily Bee a daily newspaper published and circulated, and of general circulation in the said city of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego, be, and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego, shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said city of San Diego, California, this 27th day of July, 1908, by the following vote, to-wit:

RESOLUTION NO. 4412.

OF INTENTION TO PAVE "K" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA,
FROM THE EAST LINE OF SIXTH STREET TO THE WEST LINE OF SIXTEENTH STREET
AND TO CONSTRUCT CULVERTS THEREON, ALL BETWEEN THE POINTS HEREINBEFORE
MENTIONED.

RESOLVED, That it is the intention of the Common Council of the City of San Diego, a municipal corporation, in the County of San Diego, State of California, to order the following street work to be done in said city, to-wit:

That the roadway of "K" street from the east line of Sixth street to the west line of Sixteenth street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said "K" street between the east line of Sixth street and the west line of Sixteenth street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of "K" street to the south line of "K" street (excepting such portions of the said "K" street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon, and excepting the intersection of Seventh street with "K" street, which said intersection is already ordered paved) be paved with asphalt macadam wearing surface on a concrete base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the Ordinances of said city, entitled, "An Ordinance Providing Specifications for Paving Streets in the City of San Diego, California, with Concrete Base and Asphalt Macadam

Wearing Surface", approved April 13th 1908.

Provided, however, that as to those parts of said "K" street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said "K" street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts.

Also, that there be constructed on said "K" street, between said east line of Sixth street and said west line of Sixteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said "K" street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the place where it is by said drawings shown to be located and, together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by said drawings, including the typical drawings for culverts hereinafter more particularly identified and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings and in accordance with ^{the} ordinance referred to in the general specifications accompanying said drawings, to-wit: Ordinance 3241, hereinbefore more particularly identified, as said ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said "K" street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain Document on file in the office of the Clerk of said city, endorsed as follows, to-wit: "Document No.23384 Filed May 28 1908 J.T.Butler City Clerk By Allen H.Wright Deputy Communication from City Engineer Plans, Specifications, etc., in re Paving "K" st., 6th to 16th", and copies of the same are on file in the office of the Engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No.23384, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said "K" street and said intersections of streets therewith, and by reference thereto, all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No.23384 and said Ordinance No.3241, are incorporated herein and made a part hereof, and said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No.3241, and shown by the contents of said Document No.23384, to be necessary

for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said "K" street and the said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said "K" street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said "K" street and said intersections of streets therewith.

That all said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said city and the materials used shall be to the satisfaction of said Superintendent of streets.

That the San Diego Union and Daily Bee a daily newspaper published and circulated and of general circulation in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

OF INTENTION TO CHANGE THE GRADE OF FORT STOCKTON DRIVE, IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE SOUTHEAST LINE OF PINE STREET TO A POINT 361 FEET SOUTHEASTERLY FROM THE SOUTHERLY CORNER OF THE INTERSECTION OF FORT STOCKTON DRIVE AND HOWARD STREET.

WHEREAS, the owners of a majority of the property affected by the hereinafter proposed changes of grades of the streets hereinafter mentioned in the City of San Diego, California, have petitioned the Common Council of the said City of San Diego to change the grades thereof at the points thereon hereinafter mentioned; and,

WHEREAS, the said Common Council hereby finds that said petition contains the names of the owners of a majority of the property affected by the said proposed changes of grades, and that it is for the public benefit to make said proposed changes of grades and to establish the grades of said streets as hereinafter set forth, NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change the grades of said streets as follows, to-wit:

At the east corner of the intersection of Fort Stockton Drive with Pine street, the grade elevation to remain at 262.50 feet;

At the northerly corner of the intersection of Fort Stockton Drive with Canyon Road, change the grade elevation from 258.00 feet to 259.00 feet;

At the northerly corner of the intersection of Fort Stockton Drive with Sierra Vista Street, change the grade elevation from 265.00 feet to 265.8 feet.

At the easterly corner of the intersection of Fort Stockton Drive with Sierra Vista street, change the grade elevation from 266.20 feet to 266.83 feet.

At a point on the northerly line of Fort Stockton Drive 258 feet southeasterly from the easterly corner of the intersection of Fort Stockton Drive with Sierra Vista street, the grade elevation to remain at 273.10 feet.

At the southerly corner of the intersection of Fort Stockton Drive with Hickory street, the grade elevation to remain at 260.00 feet.

At the westerly corner of the intersection of Fort Stockton Drive with Howard street, change the grade elevation from 266.00 feet to 264.42 feet.

At the southerly corner of the intersection of Fort Stockton Drive with Howard street, change the grade elevation from 267.00 feet to 265.62 feet.

At a point on the southerly line of Fort Stockton Drive 361.00 feet southerly from the southerly corner of the intersection of Fort Stockton Drive with Howard street, the grade elevation to remain at 274.40 feet.

And the grade of said Fort Stockton Drive between the points thereon hereinbefore mentioned shall have a uniform ascent and descent, and the center line of said Fort Stockton Drive shall have an average elevation of the opposite curb grades.

All of said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3, of the ordinances of the said City of San Diego, entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance", approved on the 30th day of June, 1886.

And the district to be benefited by said changes of grades and assessed for the damages, costs and expenses thereof is hereby described and declared to be all that real property situate in the City of San Diego, County of San Diego, State of California, included within the exterior boundary lines described as follows, to-wit:

Beginning at a point where the ^{WEST} southerly line of Fort Stockton Drive is intersected by the Northerly line of the alley in Block 11, Mission Hills running thence westerly along the northerly line of the alley between Blocks 11 and 10 of said Mission Hills to the intersection with the easterly line of the alley running north and south in said Block 10; thence westerly to a point where the westerly line of the alley running north and south in said block, is intersected by the division line between lots 8 & 9 in said Block 10; thence westerly along the division line between said lots 8 and 9 to the intersection with the easterly line of Arden Way; thence north along the easterly line of Arden Way to the south line of Hickory street; thence in a northwesterly direction to the southwest corner of lot 13 in Block 6 of said Mission Hills; thence northwest along the northeast line to the alley in said Block 6 to a point where said northeast line is intersected by the division line between lots 4 and 5 of said Block 6; thence northeast along the division line between lots 4 and 5 in said Block 6 to the intersection with the southwesterly line of Fort Stockton Drive; thence northeasterly to a point on the northeast line of Fort Stockton Drive where said northeast line is intersected by the division line between lots 8 and 5, 6 and 7 of Block 1, Mission Hills; thence northeasterly along the division line between lots 8 and 5 and 6 and 7, of said Block 1, to the intersection with the southwesterly line of Pine street; thence northeasterly to a point on the northeast line of Pine street, where said northeast line is intersected by the division line between Villa Lots 3 and 4 of said Mission Hills; thence northeasterly along the division line between said Villa lots 3 and 4 to the intersection with the westerly line of Canyon road; thence east to a point on the easterly line of said Canyon road where said easterly line is intersected by the division line between Villa lots 29 and 30 of said Mission Hills; thence easterly along said division line between said Villa lots 29 and 30 to the west line of Sierre Valle Vista; thence south along the west line of said Sierre Valle Vista to the point where said west line would

be intersected by the south line of Broadway street produced in a westerly direction; thence westerly along the south line of Broadway street to the west line of Hermosa Way; thence south along the west line of Hermosa Way to the intersection with the northeast line of Fort Stockton Drive; thence southwest to the point or place of beginning, excepting therefrom all public streets, roads, alleys and highways.

Said Mission Hills being an addition in the City of San Diego, California, and the lots and blocks referred to are according to the official map of said Mission Hills on file in the office of the County Recorder of the County of San Diego, State of California.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said City are usually printed and published, to-wit: San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said city, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.

The Superintendent of said City is hereby ordered and directed, within five days after the first publication of this Resolution, to cause to be conspicuously posted, in the manner and form required by law, within the district hereinabove designated as the district to be benefited by the proposed change of grade, notice of the passage of this Resolution.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 10th day of August, 1908, by the following vote, to-wit:

RESOLUTION ORDERING THE WORK.

OF PAVING "H" STREET IN THE CITY OF SAN DIEGO, CALIFORNIA, FROM THE WEST LINE OF FOURTH STREET TO THE WEST LINE OF ATLANTIC STREET AND CONSTRUCTING CULVERTS THEREON.

RESOLVED by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said City, to-wit:

That the roadway of H street from the west line of Fourth street to the west line of Atlantic street in the City of San Diego, California, including the entire width of said roadway from curb line to curb line, and including the roadways of streets intersecting said H street between the west line of Fourth street and the west line of Atlantic street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the south line of H street to the north line of said H street (excepting such portions of said H street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on a concrete base according to the drawings and cross-sections therefor hereinafter more particularly identified, and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241, of the ordinances of said city, entitled, "An Ordinance Providing Specifications for the Paving of Streets in the City of San Diego with Concrete Base and Asphalt Macadam Wearing Surface", approved April 13th, 1908; provided, however, that as to those parts of said H street and the said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said as shown by the drawings for said culverts, culverts which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said H street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts.

Also that there be constructed on said H street between said west line of Fourth street and the said west line of Atlantic street, and upon the intersections of streets therewith, between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said H street between the points thereon hereinbefore mentioned and on the said intersections of streets therewith. That each of said culverts, with its appurtenances, be located at the place where it is by said drawings shown to be located, and, together with its appurtenances be constructed of the materials and of the size and shape and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said H street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon, shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said City endorsed as follows, to-wit: "Document No. 22854-Filed Apr 22 1908.

J. T. Butler, City Clerk, By Allen H. Wright, Deputy. Communication from City Engineer, Plans specifications etc., for culverts, paving H st., 4th to Atlantic", and copies of the same are on file in the office of the engineer of said city, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes for the same and contained in said Document No. 22854, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby and in the paving of said H street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22854 and said Ordinance No. 3241, are incorporated herein and made a part hereof..

And said work shall include grading and preparing the roadbed, trenching for culverts and all other things required by said Ordinance No. 3241 to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

That the Contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from said H street and said intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said H street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said H street or said intersections of streets therewith.

That all of said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary public benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described and said common council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said City of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street distant 150 feet north from the north line of H street; thence west on a line parallel to and distant 150 feet north from the said north line of H street to the west line of Atlantic street; thence south along the west line of Atlantic street to its intersection with the line of mean high tide of the Bay of San Diego; thence easterly and southerly along said line of mean high tide of the Bay of San Diego to its intersection with a point which is distant 150 feet south from the south line of H street; thence east along a line parallel to and distant 150 feet south from the said south line of H street to its intersection with the west line of Fourth street; thence north along said west line of Fourth street to the point or place of beginning excepting therefrom all public streets, roads, alleys, avenues and highways.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 8th day of September, 1908 by the following vote, to-wit:

RESOLUTION ORDERING THE WORK
OF PAVING "D" STREET IN THE CITY OF SAN DIEGO,
CALIFORNIA, FROM THE WEST LINE OF TWELFTH
STREET TO THE EAST LINE OF FIFTEENTH STREET AND
CONSTRUCTIONG CULVERTS THEREON.

RESOLVED, by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That the roadway of D street from the west line of Twelfth street to the east line of Fifteenth street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said D street between the west line of Twelfth street and the east line of Fifteenth street from curb line to curbline of said intersecting roadways and along the said intersecting roadways from the north line to the south line of said D street (excepting such portions of said D street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on an asphalt macadam base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections and according to the specifications contained in Ordinance No. 3240 of the ordinances of said City, entitled, "An Ordinance Providing Specifications for an Asphalt Macadam Pavement, Class A", approved on the 13th day of April, 1908.

Provided, however, that as to those parts of said street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the asphalt macadam base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt macadam wearing surface of said pavement shall be continued over said culverts and beyond the curb lines of said D street and of the said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings of said culverts.

Also, that as a part of said work there be constructed on said D street, between the west line of Twelfth street and the said east line of Fifteenth street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified, to be located on said D street between the points thereon hereinbefore mentioned and on said intersections of streets therewith.

That each of said culverts, with its appurtenances, be located at the place where it is by said drawings shown to be located, and together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings (excepting that such portions of said culverts, or any of them, or of their appurtenances, located in that portion of said D street or of said intersections of streets therewith re-

quired by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same for said culverts and their appurtenances, are contained in that certain document on file in the office of the clerk of said city, endorsed as follows, to-wit: "Document No. 22855 Filed Apr. 22 1908 J. OF INTENTION TO GRADE CENTRE STREET IN THE
CITY OF SAN DIEGO, CALIFORNIA, FROM THE NORTH
LINE OF ROBINSON AVENUE TO THE WEST LINE OF
PARK BOULEVARD.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, to order the following street work to be done in said City, to-wit:

That Centre Street in the City of San Diego, California, including the sidewalks thereof from the north line of Robinson Avenue to the west line of Park Boulevard, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of the said Centre street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or Company having railroad tracks thereon) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of said City of San Diego, entitled, "An Ordinance Providing Specifications for the grading of Streets in the City of San Diego, California", approved on the 6th day of June, 1905.

Also that as a part of said work there be constructed upon said Centre street, between the points thereon hereinbefore mentioned the following corrugated, galvanized iron culverts and catch-basins, to-wit:

Two corrugated galvanized iron culverts and catch-basins to be constructed across said Centre Street at its intersection with Blaine Avenue, together with their appertaining structures as shown by the plans, drawings and specifications therefor hereinafter referred to, each of said culverts and catch-basins with their respective appurtenances are to be located at the place on said street shown by and constructed of the materials provided by and in the manner and in all respects according to the plans, drawings and specifications therefor contained in that certain document on file in the office of the Clerk of said City of San Diego and endorsed as follows, to-wit: "Document No. 24734 Filed Sep 5, 1908, J. T. Butler, City Clerk, By Allen H. Wright Deputy Communication from City Engineer Plans and Specifications for Culverts in the Grading of Centre Street", and copies of which plans, drawings and specifications are on file in the office of the City Engineer

of said City, and the said plans, drawings and specifications are hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts and catch-basins and all appertaining structures as shown thereby; and, by reference thereto, said plans, drawings and specifications are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall supply the deficiency of earth and material necessary for the performance thereof.

That all of said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

That the work of improvement hereinbefore mentioned is, in the opinion of said city council, of more than local and ordinary public benefit, and the expense of said work or improvement is made chargeable upon the district hereinafter described, and said common council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows; to-wit: All that real property lying and being in the City of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the north line of University Avenue where said ^{north} line of University Avenue is intersected by the southeasterly line of the alley in Block No. 190, University Heights; thence in a northeasterly direction along said southeasterly line of said Alley in said Block 190, University Heights and along the southeasterly line of the alley in Blocks Nos. 191 and 179 to its intersection with the southwesterly line of Campus Avenue; thence in a southeasterly direction along said southwesterly line of Campus Avenue to its intersection with the northwesterly line of Centre Street; thence in a southerly direction to a point where the southeasterly line of Centre Street is intersected by the west line of Park Boulevard, this point is also the northerly corner of Block No. 178, University Heights; thence southerly along the west line of said Park Boulevard to its intersection with the northeasterly line of Lincoln Avenue; thence southwesterly to a point where the southwesterly line of Lincoln Avenue is intersected by the westerly line of the alley in Block 193 University Heights; thence southwesterly along said northwesterly line of said alley in Block No. 193, University Heights to a point which is 140 feet distant at right angles from the southeasterly line of Centre Street; thence southwesterly on a line which is parallel to and distant from said southeasterly line of Centre Street 140 feet to its intersection with the north line of University Avenue; thence in a southwesterly direction to a point where the south line of University Avenue is intersected by the east line of Good's Villa Tract; thence southerly along said east line of said Good's Villa Tract to the north line of Robinson Avenue; thence westerly along said north line of Robinson Avenue to the west line of said Good's Villa Tract; thence northerly along said west line of said Good's Villa Tract to the south line of University Avenue; thence in a northwesterly direction to the point or place of beginning. Excepting therefrom all public streets, roads, alleys, avenue and highways.

Said University Heights, being according to the official amended map thereof, filed in the office of the County Recorder, February 18th, 1904.

Said Good's Villa Tract, being according to the official map thereof, filed in the office of the County Recorder, April 30th, 1907.

That the San Diego Union and Daily Bee, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two

days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 8th day of September, 1908, by the following vote, to-wit:

ORDERING THE WORK OF GRADING "A" STREET IN
THE CITY OF SAN DIEGO, CALIFORNIA FROM THE
EAST LINE OF FIFTEENTH STREET TO THE WEST
LINE OF NINETEENTH STREET, AND CONSTRUCT
CULVERTS THEREON.

RESOLVED by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said city require that the street work hereinafter described be done, and

therefore the said Common Council hereby orders the following street work to be done in said city, to-wit:

That A street in the City of San Diego, California, including the sidewalks thereof, from the east line of Fifteenth street to the west line of Nineteenth street, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of said A street and the said intersections of streets between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersections of Sixteenth street and Eighteenth street with said A street, said intersections having been already graded) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061 of the ordinances of the said City of San Diego, entitled "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California," approved on the 6th day of June, 1905.

Also, that as a part of said work, there will be constructed upon said A street between the points thereon hereinabove mentioned the following culverts, together with their appertaining structures, to-wit:

(a) One twenty-four inch cement pipe culvert with two catch-basins and their appertaining structures across A street near its intersection with Fifteenth street;

(b) Also one thirty inch cement pipe culvert across said A street between Eighteenth street and Nineteenth street; all as shown by the plans, drawings and specifications therefor hereinafter referred to.

Each of said culverts hereinabove designated as "a" and "b", respectively, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to the plans, drawings and specifications therefor contained in that certain document on file in the office of the Clerk of said City of San Diego, endorsed as follows, to-wit: "Document No. 23821 $\frac{1}{2}$ Filed Jun 22 1908 J. T. Butler City Clerk, By Allen H. Wright Deputy, Communication from City Engineer Plans, etc., for culverts near 15th st. in grading of A St. 15th to 19th".

Also, that as a part of said work, there be constructed upon said A street, between the points thereon, hereinabove mentioned two standard corrugated iron culverts and their appertaining structures across Seventeenth street at the intersection of A street, as shown by the plans, drawings and specifications therefor hereinafter referred to.

East of said culverts, with its appurtenances, is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to, the plans, specifications and drawings therefor contained in that certain document on file in the office of the Clerk of said City of San Diego and endorsed as follows, to-wit: "Document No. 23822 Filed Jun 22 1908, J. T. Butler, City Clerk, By Allen H. Wright, Deputy, Communication from City Engineer Plans, etc., for culverts at 17th st. in grading A st. 15th to 19th streets", and copies of which plans, drawings and specifications contained in said Documents Nos. 23821 $\frac{1}{2}$ and 23822, respectively, are on file in the office of the city Engineer of said City, and said plans, drawings and specifications contained in said Documents Nos. 23821 $\frac{1}{2}$ and 23822 are, and each of them is, hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts, respectively, and all their appertaining structures, as shown thereby, and by reference thereto said plans, drawings and specifications contained in said Documents Nos. 23821 $\frac{1}{2}$ and 23822 are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the streets to be graded all surplus dirt and material which may result from the doing of said work.

That all said work shall be done under the direction and to the satisfaction of the superintendent of streets of said city, and the materials used shall be to the satisfaction of said superintendent of streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 8th day of September, 1908 by the following vote, to-wit:

GRANTING PERMISSION TO GRADE FELDSPAR STREET IN THE CITY OF SAN DIEGO,
CALIFORNIA, FROM THE EAST LINE OF BROADWAY STREET
TO THE WEST LINE OF JEWELL STREET AT
PRIVATE CONTRACT.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the petition of Folsom Bros. Company, the owner of Lots 1 to 20, in Block 202 and Lots 21 to 40, in Block 183, Pacific Beach, to do the grading hereinafter more particularly described is granted, and said Folsom Bros. Company, is hereby authorized to grade Feldspar street between the east line of Broadway street and the west line of Jewell street, at its own expense, to the full width thereof, and including the sidewalks thereof between the points hereinbefore mentioned, to the official grade thereof, according to the specifications prescribed by Ordinance No. 2061, of the ordinances of said City, entitled "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California", approved on the 6th day of June, 1905.

All of said work to be done under the supervision and to the satisfaction of the Superintendent of Streets of said City of San Diego and to be completed within three months from the date of the passage of this resolution, and that thereafter no one shall, under or by virtue of this resolution, have authority to do any grading upon said street.

That the surplus dirt and material which may result from the doing of said grading shall be removed and deposited at such places on the streets of said City as the Street Superintendent thereof shall hereafter designate.

Provided, further, that as a condition precedent to the taking effect of the permission hereby granted, and before doing any grading upon said street, the aforesaid Folsom Bros. Company shall execute and file with the Clerk of said City a bond (or shall require the contractor or contractors to whom it may award a contract for doing said work to file with the clerk of said City such bond) the same to be in an amount to be fixed by the Mayor of said City and payable to the said City or its assigns, and signed by two good and sufficient sureties, to be approved by said Mayor, and conditioned that the work to be done upon said street, including the removal of the surplus dirt and deposit of the same

as herein provided, shall be completed within three months from the date of the passage of this resolution, and that the same shall be done according to the manner and in all respects as hereinbefore provided; and that upon violation of the conditions of said bond, or of any of them, the Board of Public Works of said City shall be authorized to let a contract for the completion of the unfinished portion of said work, and upon the completion thereof the said City, its successors or assigns, shall recover all damages, costs and expenses incurred by the completion thereof and the advertising and awarding of the contract to complete the same not exceeding the amount fixed in said bond as the penalty thereof.

OF INTENTION, TO ORDER THE ERECTION AND MAINTENANCE OF ORNAMENTAL
IRON POSTS CARRYING CLUSTERS OF INCANDESCENT
LIGHTS ON SIXTH STREET, IN THE CITY OF
SAN DIEGO, CALIFORNIA, FROM THE SOUTH
LINE OF "F" STREET TO THE NORTH
LINE OF "I" STREET.

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That it is the intention of the Common Council of the City of San Diego, a municipal corporation, in the County of San Diego and State of California to order the following street work and improvement to be done, to-wit:

To erect upon the sidewalk of Sixth street, on both sides thereof, along the curb lines of said sidewalk, from the south line of F street to the north line of I street, in said City of San Diego, California, ornamental iron posts carrying clusters of incandescent lights for the lighting of said Sixth street between the points thereon hereinabove mentioned and to provide for the cost and maintenance thereof and the furnishing of electric current for lighting the same for the period of two years from the completion of said work and the acceptance thereof by the Board of Public Works of said City.

There shall be eight ornamental posts to each block, four on each side of the street and similar in design to those recently installed on said Sixth street between C street and F street, said posts to be lighted from dusk to midnight 365 nights in the year.

Said work or improvement shall be done in all respects according to, and at the places shown by, and of the materials provided by, the plans, drawings and specifications therefor to be hereafter prepared and furnished to this Common Council, as hereinafter provided for.

That the district of lands to be affected and benefited by said work and improvement and to be assessed to pay the costs and expenses thereof is included within the following exterior boundaries, to-wit:

Beginning at a point on the south line of F street, 100 feet west of the southwest corner of the intersection of F street and Sixth street, running thence south along the line parallel to and distant 100 feet west of the west line of Sixth street to the north line of I street; thence east along the north line of I street to a point 100 feet east of the northeast corner of the intersection of Sixth street and I street; thence north on a line parallel to and distant 100 feet east of the east line of Sixth street to the south line of F street; thence west along the south line of F street to the point of beginning excepting therefrom all public streets, roads, alleys, avenues and highways.

AND BE IT FURTHER RESOLVED, that the proposed work or improvement herein contemplated is hereby referred to the Board of Public Works of the City of San Diego, California, and said Board is hereby directed to make and file with the Clerk of the City Council of said City of San Diego; its report, in writing, presenting the following.

1. Plans and specifications for the work required in order to make said improvement.

2. An estimate of the cost of said improvement and of the incidental expenses in connection therewith.

3. A diagram showing the exterior boundaries of the district hereinabove described as the district to be affected and benefited by said work or improvement and to be assessed to pay the costs and expenses thereof and also the boundaries and dimensions of the

respective subdivisions of land within said district, each of which shall be given a separate number in red ink upon said diagram.

4. A proposed assessment of the total amount of the costs and expenses of the proposed improvement upon the several subdivisions of land in said district in proportion to the estimated benefits to be received by such subdivisions, respectively from said improvement. Said assessment shall refer to such subdivisions upon said diagram by the respective red ink numbers thereof and shall show the names of the owners if known or otherwise designating them as unknown.

All of said work to be done in accordance with the plans and specifications hereinbefore provided for and under the supervisions and to the satisfaction of the said Board of Public Works of said City.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 21st day of September, 1908, by the following vote, to-wit:

ORDERING THE WORK OF GRADING SHASTA STREET IN THE CITY OF SAN DIEGO,
 CALIFORNIA, FROM THE NORTHWEST LINE OF MISSION VIEW
 BOULEVARD TO THE SOUTH LINE OF
 PACIFIC AVENUE.

RESOLVED, by the Common Council of the City of San Diego, a municipal corporation in the County of San Diego, State of California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done in said City, to-wit:

That Shasta street in the City of San Diego, California, including the sidewalks thereof, from the northwest line of Mission View Boulevard to the south line of Pacific Avenue, including all intersections of streets between said points and the sidewalks of such intersections (excepting such portions of said Shasta street and the said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded to the official grade thereof according to the specifications therefor contained in Ordinance No. 2061, of the ordinances of said City of San Diego, entitled, "An Ordinance Providing Specifications for the Grading of Streets in the City of San Diego, California", approved on the 6th day of June, 1905.

Also, that as a part of said work there be constructed upon said Shasta street, between the points thereon hereinbefore mentioned the following corrugated galvanized iron culverts, to-wit:

(a) 4 corrugated galvanized iron culverts at the intersection of Roosevelt Avenue and Shasta Street.

(b) 2 corrugated galvanized iron culverts at the intersection of Sunset Avenue and Shasta Street.

(c) 1 corrugated galvanized iron culvert at the intersection of Chico Street and Shasta street, together with their appertaining structures as shown by the plans, drawings and specifications therefor hereinafter referred to.

Each of said culverts with its appurtenances is to be located at the place on said street shown by, and constructed of the materials provided by, and in the manner and in all respects according to, the plans, specifications and drawings therefor contained in that certain document on file in the office of the Clerk of said City of San Diego, and endorsed as follows, to-wit; "Document No. 24286 Filed Jul 27, 1908 J. T. Butler, City Clerk by H. C. Hensley, Deputy. Communication from City Engineer, Plans and Specifications for Corrugated Galvanized iron culverts in connection with Grading of Shasta street" and copies of which plans, drawings and specifications are on file in the office of the City Engineer of said City, and the said plans, drawings and specifications are hereby approved and adopted as the plans, drawings and specifications for the construction of said culverts and all their appertaining structures as shown thereby; and, by reference thereto, said plans, drawings and specifications are incorporated herein and made a part hereof.

That the contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the streets to be graded all surplus dirt and material which may result from the doing of said work.

That all of said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said City, and the materials used shall be to the satisfaction of said superintendent of streets.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids, for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file, in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent, of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days, in the manner required by law, in said newspaper hereinbefore designated for that purpose.

Passed and adopted by the Common Council of the said City of San Diego, California, this 28th day of September, 1908, by the following vote, to-wit:

RESOLUTION NO. 4509.

ORDERING THE WORK OF PAVING "G" STREET IN THE CITY OF SAN DIEGO,
CALIFORNIA, FROM THE WEST LINE OF FOURTH STREET,
TO THE WEST LINE OF ATLANTIC STREET.

RESOLVED, by the Common Council of the City of San Diego, a municipal corporation, in the County of San Diego, State of California, that the public interest and convenience of said City require that the street work hereinafter described be done and therefore the said Common Council hereby orders the following street work to be done in said city. to-wit:

That the roadway of G street from the west line of Fourth street to the west line of Atlantic street, in the City of San Diego, California, including the entire width of said roadway from curb line to curb line and including the roadways of all streets intersecting said G street between the west line of Fourth street and the west line of Atlantic street from curb line to curb line of said intersecting roadways and along the said intersecting roadways from the north line of G street to the south line of G street (excepting such portions of said G street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be paved with asphalt macadam wearing surface on a concrete base, according to the drawings and cross-sections therefor hereinafter more particularly identified and according to the specifications and explanatory notes therefor accompanying said drawings and cross-sections, and according to the specifications contained in Ordinance No. 3241 of the ordinances of said City, entitled, "An Ordinance Providing Specifications for Paving Streets in the City of San Diego, California, with Concrete Base and Asphalt Macadam Wearing Surface", approved April 13th, 1908.

Provided, however, that as to those parts of said G street and said intersections of streets therewith to be occupied by the culverts hereinafter provided for, the concrete base of said pavement shall terminate where it joins said culverts as shown by the drawings for said culverts, which drawings are hereinafter more particularly identified, and the asphalt surface of said pavement shall be continued over said culverts and beyond the curb lines of said G street and of said intersections of streets therewith to the extent as shown by, and in the manner and all in accordance with, the said drawings for said culverts.

Also, that there be constructed on said G street, between said west line of Fourth street and said west line of Atlantic street and upon the intersections of streets therewith between said points, all the culverts with their appurtenances shown by the drawings for culverts hereinafter more particularly identified to be located on said G street between the points thereon hereinbefore mentioned and on said intersections of streets therewith, each of said culverts with its appurtenances to be located at the place where it is by said drawings shown to be located, and together with its appurtenances, be constructed of the materials, and of the size and shape, and in all respects according to, and in the manner required by, said drawings, including the typical drawings for culverts hereinafter more particularly identified, and in accordance with the general specifications and explanatory notes for culverts and their appurtenances accompanying said drawings, and in accordance with the ordinance referred to in the general specifications accompanying said drawings, to-wit: Ordinance No. 3241, hereinbefore more particularly identified, as said Ordinance is modified by said specifications accompanying said drawings (excepting that such portions of said culverts, or of any of them, or of their appurtenances, located in that portion of said G street or said intersections of streets required by law to be kept in order or repair by any person or company having railroad tracks thereon shall not be constructed by authority of this resolution or included as a part of the work to be done hereunder).

The aforesaid drawings and cross-sections, with the specifications and explanatory notes accompanying the same, for said paving, and aforesaid drawings and typical drawings, with the general specifications and explanatory notes accompanying the same, for said culverts and their appurtenances, are contained in that certain document on file in the office of the Clerk of said City, endorsed as follows, to-wit: "Document No. 22856-Filed Apr. 22, 1908 J. T. Butler, City Clerk, By Allen H. Wright, Deputy. Communications from City Engineer, Plans & Specifications, culverts paving 'G' St., 4th to Atlantic" and copies of the same are on file in the office of the engineer of said City, and all the drawings, cross-sections and typical drawings, with the specifications and explanatory notes accompanying the same and contained in said Document No. 22856, are hereby approved and adopted as the drawings, cross-sections and specifications to be followed in connection with the other specifications herein referred to in the construction of said culverts and their appertaining structures as shown thereby in the paving of said G street and said intersections of streets therewith, and by reference thereto all said drawings, cross-sections, typical drawings and specifications and explanatory notes accompanying the same, contained in said Document No. 22856 and said Ordinance No. 3241, are incorporated herein and made a part hereof, and said work shall include grading and preparing the road bed, trenching for culverts and all other things required by said Ordinance No. 3241 and shown by the contents of said Document No. 22856 to be necessary for the construction of said culverts and their appurtenances and the laying of said pavement in accordance therewith.

Also, that said G street, on both sides thereof, from the said west line of Fourth street to said west line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already curbed with concrete or natural stone, and also excepting such portions of said street and said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be curbed with concrete according to the specifications therefor contained in Ordinance No. 1140 of the ordinances of said City of San Diego, entitled, "An Ordinance Prescribing Specifications for Sidewalking and Curbing in the City of San Diego, California", approved on the 17th day of June, 1902.

Also, that said G street, on both sides thereof, from the said west line of Fourth street to the said west line of Atlantic street, including both sides of all intersections of streets between said points (excepting where already sidewalked with concrete, and also excepting such portions of said G street and the said intersections of streets therewith between said points required by law to be kept in order or repair by any person or company having railroad tracks thereon) be sidewalked with concrete according to the specifications therefor contained in said Ordinance No. 1140 of the ordinances of said City of San Diego hereinabove particularly identified.

That the Contractor or contractors to whom a contract shall be awarded for doing said work shall take and remove from the said G street and the intersections of streets therewith all surplus dirt and material which may result from the doing of said work, including everything brought upon said G street and said intersections of streets by said contractor or contractors and not incorporated into the work done upon said G street and said intersections of streets therewith.

That all of said work shall be done under the direction and to the satisfaction of the superintendent of streets of said City and the materials used shall be to the satisfaction of said superintendent of streets.

That the work of improvement hereinbefore mentioned, is, in the opinion of said Common Council of more than local and ordinary public benefit and the expense of said work

is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property lying and being in the said City of San Diego and included within the exterior boundary lines described as follows, to-wit:

Beginning at a point on the west line of Fourth street, 150 feet north from the north line of G street; thence west on a line parallel to and distant 150 feet north from the north line of G street to the west line of Atlantic Street; thence south along the west line of Atlantic street to a point 150 feet south from the south line of G street; thence east on a line parallel to and distant 150 feet south from the south line of G street, to the west line of Fourth street; thence north along the west line of Fourth street to the point or place of beginning, excepting therefrom all public streets, roads, alleys, avenues and highways.

The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days, in the manner and form required by law, a notice of said work inviting sealed proposals or bids, for doing the said work, and referring to the specifications posted or on file in the said newspaper, designated as aforesaid for that purpose. Said notice shall require either a certified check or bond, as prescribed, by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said City of San Diego is also hereby directed to publish this resolution ordering work, for two days in the manner required by law, in said newspaper hereinbefore designated for that purpose.

OF SAN DIEGO, CALIFORNIA.

WHEREAS, the owners of a majority of the property affected by the hereinafter proposed changes of grades of the streets hereinafter mentioned in the City of San Diego, California, have petitioned the Common Council of the said City of San Diego, to change the grades thereof at the points thereon hereinafter mentioned; and,

WHEREAS, the said Common Council hereby finds that said petition contains the names of the owners of a majority of the property to be affected by the said proposed changes of grades and that it is for the public benefit to make said proposed changes of grades and to establish the grades of said streets as hereinafter set forth; NOW, THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to change and establish the grades of said streets as follows, to-wit:

At the northwest corner of the intersection of Juniper street with Twenty-ninth street, the grade elevation to remain at 267.00 feet; at the southwest corner thereof, the grade elevation to remain at 265.00 feet;

At the northeast corner of the intersection of Juniper street with Bean street, change the grade elevation from 240.00 feet to 245.00 feet; at the southeast corner thereof, change the grade elevation from 238.00 feet to 243.00 feet; at the northwest corner thereof, change the grade elevation from 237.00 feet to 242.00 feet; at the southwest corner thereof, change the grade elevation from 235.00 feet to 240.00 feet;

At a point on the north line of Juniper street 100 feet west of the west line of Bean street, change the grade elevation from 217.00 feet to 226.00 feet.

At a point on the south line of Juniper street 100 feet west of the west line of Bean street, change the grade elevation from 215.00 feet to 224.00 feet; at the northeast corner of Juniper street and 28th street the grade elevation to remain at 197.00 feet; at the southeast corner thereof the grade elevation to remain at 195.00 feet;

And the grade of said Juniper street between said points thereon, hereinbefore mentioned shall have a uniform ascent and descent, and the center line of said Juniper street shall have an average elevation of the opposite curb grades.

As to each street intersecting said Juniper street between the west line of Twenty-ninth street and a point 100 feet west of the west line of Bean street, the grade thereof between each point common to both said Juniper street and such intersecting street and the next grade point now established, upon such intersecting street and not common both to such intersecting street and said Juniper street, shall have a uniform ascent and descent and the center line of such intersecting street between the said grade points thereof shall have an average elevation of the opposite curb grades.

All said grade elevations to be above the datum line of levels as fixed by Ordinance No. 3 of the ordinances of the said City of San Diego, entitled, "An Ordinance Establishing a Datum Line for the Grading of Streets in the City of San Diego, State of California, and Providing for the Manner of Establishing Grades by Ordinance", approved on the 30th day of June, 1886.

The City Clerk of said City is hereby directed to cause this Resolution of Intention to be published for ten days in the newspaper in which the official notices of the Common Council of said City are usually printed and published, to-wit: The San Diego Union and Daily Bee, a daily newspaper published and circulated and of general circulation in said City, in every regular issue of said newspaper for said period of ten days, which newspaper is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the person required by law.
