DECLARING THE RESULT OF THE SPECIAL ELECTION HOLDEN IN THE CITY OF SAN DIEGO FEBRUARY 14, 1911.

BE IT RESOLVED By the Common Council of the City of San Diego, as follows:

It is hereby declared that at the special election holden in the City of San Diego, on the 14th day of February, 1911, the following proposed amendments to the present charter of the City of San Diego, were ratified by a majority of the voters voting thereon at said election.

First. Repeal sub-division 45 of section 1 of Chapter 2, of Article II of said Charter.

Second. Repeal sub-division 46, of section 1, of chapter 2, of Article II of said Charter.

Third. Amend section 6 of Chapter 2, of Article II of said Charter, so as to read as follows:

Section 6. Every grant of a franchise, right or privilege, shall be subject to the right of the majority of the electors of said city, voting at any electing, at any time thereafter to repeal, change or modify the said grant, and every ordinance making such grant shall contain a reservation of such right to repeal, amend or modify said ordinance.

Fourth. Amend section 9, of Chapter 2, of Article II of said charter, so that the same will read as follows:

Section 9. Every franchise or privilege to construct or operate street or inter-urban railroads upon any public street, highway or public property, hereafter proposed to be granted by said Common Council, shall be granted for a period of not greater than fifty (50) years, upon the terms and conditions as follows, and not otherwise.

An applicant for any franchise or privilege above mentioned shall file an application therefor with said Common Council, and thereupon said Common Council shall in its discretion advertise the fact of said application, together with a statement that it is proposed to grant the same, as applied for or as changed by said Common Council, in the official newspaper of said city. Said advertisement must state that bids will be received for such franchise and that it will be awarded to the highest bidder, and the same must be published in such newspaper once a day for ten successive days. The full publication

must be completed not less than 20 days nor more than 30 days before any further action can be taken thereon.

The publication must state the character of the franchise or privilege proposed to be granted, the term for which it is granted, and, the route to be traversed; that sealed bids therefor will be received up to a certain hour and day named therein, and that the successful bidder and his assigns must, during the life of said franchise, pay to the said city two per cent (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, arising from its use, operation or possession. No percentage shall be paid for the first five (5) years succeeding the date of the franchise, but thereafter such percentage shall be payable annually; and in the event said payment is not made, said franchise shall be forfeited; provided, further, that if the franchise be a renewal of a right already in existence, the payment of said percentage of gross receipts shall begin at once.

In case the franchise granted shall be an extension of an existing system of street railroad, then the gross receipts shall be estimated to be one-half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Said advertisement shall also contain a statement that the said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege, a sum not less than ten per cent above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent by any other responsible bidder and said bidding may so continue until finally said franchise shall be struck off, sold, and awarded by said Common Council to the highest bidder therefor in gold coin of the United States. Each sealed bid shall be accompanied with cash or a certified check, payable to the treasurer of said city, for the full amount of said bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith and the successful bidder shall deposit, at least, ten per cent of the amount of his bid with the clerk of said city before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case, his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit, as above mentioned. Said procedure shall be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid therefor, as herein provided. Said successful bidder shall deposit with the clerk of said city, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it shall fail to do so, then the said deposit theretofore made, shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there, by said Common Council, be again offered for sale to the highest bidder therefor, in the same manner, and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the clerk of said city, the remaining ninety per cent of his bid, within twenty-four hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale, in the manner hereinbefore provided.

Work to construct railroads along or upon any public street or highway, a franchise for which shall have been granted in accordance with the terms of this section, shall be commenced in good faith within not more than four months from the granting of any such franchise, and if not so commenced within said time said franchise so granted shall be declared forfeited, and shall be completed within not more than three years thereafter, and if not so completed within said time said franchise so granted shall be forfeited; provided, that for good cause shown the Common Council may by resolution extend the time for completion thereof, not exceeding three months.

The owner of the franchise or privilege shall plank, pave or macadamize the entire length of the street, used by his or its track, between the rails, and for two feet on each side thereof, and between the tracks, if there be more than one, whenever ordered to do so by said Common Council, and shall keep the same constantly in repair, flush with the street, and with good crossings.

The said Common Council shall have power to regulate the rate of speed, and pass ordinances to protect the public from danger or inconvenience in the operation of such roads, and the rates of fare and charges for transporting passengers and goods thereon shall be subject to the regulation by said Common Council.

Two or more lines of street railway, operated under different managements, may by lease or contract, use the same street or tracks upon such terms as may have been agreed upon between the companies operating such railways; and two lines of street railway operated under different managements may be permitted to use the same street or tracks for a distance of five blocks without such lease or contract, upon payment of an equal portion for the construction of the tracks and appurtenances used by said railways jointly; but in no case shall a company owning or operating one line of street railway be permitted to condemn the right to occupy and use the same street or tracks for a distance of more than five blocks consecutively.

The successful bidder for any franchise or privilege struck off, sold, and awarded under this section shall file a bond running to said city, with, at least, two good and sufficient sureties, to be approved by said Common Council, in a penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe, fulfill, and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said Common Council within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise shall, by said Common Council be granted by ordinance to the person, firm or corporation to whom it has been struck off sold or awarded, and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited, and said franchise shall, in the discretion of said Common Council, be readvertised, and again offered for sale in the same manner, and under the same restrictions, as hereinbefore provided.

No clause or condition of any kind shall be inserted in any franchise or grant offered or sold under the terms of this section, which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale, which shall in any wise favor one person, firm or corporation, as against another, in bidding for the purpose thereof.

Fifth. Amend Article VII of the charter, by adding a new section thereto, to be

known as section 4, which shall read as follows:

Section 4. The Members of the Board of Education shall each receive as compensation the sum of six hundred dollars (\$600.00) per annum, in monthly installments.
