WHEREAS, This Common Council has heard with deep regret of the death of Captain John L. Sehon, which occurred at his home, 3520 Third street, in this city, Sunday evening, May 18th, 1913, and

WHEREAS, It is deemed fitting that this body should take some official recognition of the passing of one who has so recently been a fellow member, Now be it

RESOLVED, That this Common Council do and it does hereby adopt this minute of respect to his memory.

Captain John Leicester Sehon was born in Atlanta, Georgia, June 9th, 1862. His boyhood was spent in Louisville, Kentucky, following the death of his parents. Graduating from a military academy in Missouri, he was appointed by President Chester A. Arthur as a second lieutenant in the United States Army. He served with the Fourth Infantry from October 12th, 1883, to March 12th, 1891, when he was promoted to first lieutenant and assigned to the Eleventh Infantry, soon afterwards being transferred to the Twentieth Infantry. Because of physical disability he was retired with the rank of Captain, November 15th, 1898.

Soon thereafter he came to San Diego to take up his residence and here he has served the municipality in the capacities of Member of the Board of Delegates from 1903 to 1905, as Mayor from 1905 to 1907, and as a Member of the Common Council from 1909 to 1913. As Mayor he ably directed the local situation at the time of the disastrous explosion on the gunboat Bennington in this harbor, and as Superintendent of the Department of Police, while a Member of the Common Council, he won the commendation of all patriotic citizens by his fearless handling of affairs incident to the street speaking controversy in 1912.

As a Member of the Common Council he was ever alert to the public interests, and steadfastly stood for those things which he considered right.

Be it further RESOLVED, That this Common Council does hereby extend its sincere sympathy to the family of the deceased, and be it further

RESOLVED, That this minute be entered in full on the records of this body and a copy thereof, under seal of the city, be forwarded by the City Clerk to Mrs. Sehon, and be it further

RESOLVED, That, as a further mark of respect that this Council do now adjourn.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 19th day of May, 1913, by the following vote, to-wit:

RESOLUTION ORDERING WORK NO. 13916.

(Brighton Avenue, Ocean Beach)

RESOLVED BY the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Brighton Avenue, in Ocean Beach, in said City of San Diego, from curb line to curb line, from the northwesterly line of Froude Street to a point 600 feet northwesterly from the northwesterly line of Abbott Street, and also that portion of the roadway of said Brighton Avenue leading into all alleys, between said points, including the roadway of all intersections of said Brighton Avenue with all cross streets, between said points, (excepting such portions of the said Brighton Avenue, and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60446, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

And also, as a part of said work, the grading to the official grade thereof, of said Brighton Avenue, on both sides thereof, between the curb line of said street and the property line, from the northwesterly line of Froude Street to a point 600 feet northwesterly from

the northwesterly line of Abbott Street, including the returns in all intersections of said Brighton Avenue with all cross streets, between said points, (excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City and according to, and as shown upon, said plans, drawings and typical cross-sections, contained in said Document No. 60446.

And also, as a part of said work, the construction of cement concrete curbing on both sides of the said Brighton Avenue, from the northwesterly line of Froude Street to a point 600 feet northwesterly from the northwesterly line of Abbott Street, including the returns in all intersections of said Brighton Avenue, with all cross streets, between said points, (excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections, contained in said Document No. 60446.

And all of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60446, and said specifications contained in said Ordinances No. 4400 and No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13407, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to Resolution of Intention No. 13407.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement. ~~The EVENING TRIBUNE, a daily newspaper published and circulated~~

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

Passed and adopted by the Common Council of the said City of San Diego, California, this 19th day of May, 1913, by the following vote, to-wit:

RESOLUTION OF INTENTION NO. 13946.

Fifth Street Lighting No. 3.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following improvement to be made within said City, to-wit:

The furnishing of electric current for the lighting of Fifth Street, in the City of San Diego, California, between the south line of C Street and the north line of H Street, together with the maintenance of the posts, wires, conduits and lamps on said Fifth Street, between said points. Such furnishing of electric current, and such maintenance of appliances shall be for the period of one year and twenty-one days from August 7th, 1913, to-wit: to and including August 28th, 1914.

Said work of improvement shall be done in all respects according to, and at the places shown by, and of the materials provided for in, the plans and specifications therefor to be hereafter prepared by the City Engineer of said City, and furnished to this Common Council, as hereinafter set forth.

That the exterior boundaries of the district of lands in said City of San Diego to be benefited by said improvement, and to be assessed to pay the costs and expenses thereof, and to be known as the assessment district, are hereby specified as follows, to-wit:

Beginning at a point on the south line of C Street, distant 100 feet west from the west line of Fifth Street; thence south on a line parallel to and distant 100 feet west from the west line of Fifth Street to the north line of H Street; thence east along the north line of H Street to a point distant 100 feet east from the east line of Fifth Street; thence north on a line parallel to and distant 100 feet east from the east line of Fifth Street to the south line of D Street; thence northwesterly to a point on the north line of D Street, said point being distant 50 feet east from the east line of Fifth Street; thence north on a line parallel to and distant 50 feet east from the east line of Fifth Street a distance of 70 feet; thence east on a line parallel to and distant 70 feet north from the north line of D Street to a point 100 feet east from the east line of Fifth Street; thence north on a line parallel to and distant 100 feet east from the east line of Fifth Street to the south line of C Street; thence west along the south line of C Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

Said Common Council does hereby order that one-fifth of the costs and expenses of said improvement shall be paid out of the Treasury of said City of San Diego, from the Street Light Fund of said City.

That the proposed improvement is hereby referred to the City Engineer of said city, and said City Engineer is hereby directed to make and file, with the Clerk of said Common Council, report, in writing, presenting the following:

1. Plans and specifications for the work required in order to make said improvements;
2. An estimate of the cost of said improvement and of the incidental expenses in connection therewith;
3. A diagram showing the district above referred to, and also the boundaries and dimensions of the respective subdivisions of the land within said district, each of which subdivisions shall be given a separate number in red ink upon said diagram.
4. A proposed assessment of the total amount of the costs and expenses of the proposed improvement upon the several subdivisions of land in said district in proportion to the estimated benefits to be received by such subdivisions, respectively, from said improvement; provided, that whenever any portion or percentage of the cost and expenses of such

improvement is ordered to be paid out of the treasury of the municipality, as hereinabove provided, the amount of such portion or percentage shall first be deducted from the total estimated cost and expenses of such improvement, and the assessment upon property, proposed in said report, shall include only the remainder of said estimated costs and expenses. Said assessment shall refer to such subdivisions upon said diagram by the respective red ink numbers thereof, and shall show the names of the owners, if known, otherwise designating them as unknown. No mistake in the name of the owner of any parcel of land shall affect the validity of the assessment thereon.

This proceeding shall be designated as "Fifth Street Lighting No. 3."

RESOLUTION OF INTENTION NO. 13947.

Fifth Street Lighting No. 2.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following improvement to be made in said City, to-wit:

The furnishing of electric current for the lighting of Fifth Street in the City of San Diego, California, between the south line of A Street and the north line of B Street, together with the maintenance of the posts, wires, conduits and lamps on said Fifth Street, between said points. Such furnishing of electric current, and such maintenance of appliances shall be for the period of one year from August 28th, 1913, to-wit: to and including August 28th, 1914.

Said work of improvement shall be done in all respects according to, and at the places shown by, and of the materials provided for in, the plans and specifications therefor to be hereafter prepared by the City Engineer of said City, and furnished to this Common Council, as hereinafter set forth.

That the exterior boundaries of the district of lands in said City of San Diego to be benefited by said improvement, and to be assessed to pay the costs and expenses thereof, and to be known as the assessment district, are hereby specified as follows, to-wit:

Beginning at a point on the south line of A Street, distant 100 feet west from the west line of Fifth Street; thence south on a line parallel to and distant 100 feet west from the west line of Fifth Street to the north line of B Street; thence east along the north

line of B Street to a point 100 feet east from the east line of Fifth Street; thence north on a line parallel to and distant 100 feet east from the east line of Fifth Street to the south line of A Street; thence west along the south line of A Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

Said Common Council does hereby order that one-fifth of the costs and expenses of said improvement shall be paid out of the Treasury of said City of San Diego, from the Street Light Fund of said City.

That the proposed improvement is hereby referred to the City Engineer of said city, and said City Engineer is hereby directed to make and file, with the Clerk of said Common Council, a report, in writing, presenting the following:

1. Plans and specifications for the work required in order to make said improvements;
2. An estimate of the cost of said improvement and of the incidental expenses in connection therewith;
3. A diagram showing the district above referred to, and also the boundaries and dimensions of the respective subdivisions of the land within said district, each of which subdivisions shall be given a separate number in red ink upon said diagram.
4. A proposed assessment of the total amount of the costs and expenses of the proposed improvement upon the several subdivisions of land in said district in proportion to the estimated benefits to be received by such subdivisions, respectively, from said improvement; provided, that whenever any portion or percentage of the cost and expenses of such improvement is ordered to be paid out of the treasury of the municipality, as hereinabove provided, the amount of such portion or percentage shall first be deducted from the total estimated cost and expenses of such improvement, and the assessment upon property, proposed in said report, shall include only the remainder of said estimated costs and expenses. Said assessment shall refer to such subdivisions upon said diagram by the respective red ink numbers thereof, and shall show the names of the owners, if known, otherwise designating them as unknown. No mistake in the name of the owner of any parcel of land shall affect the validity of the assessment thereon.

This proceeding shall be designated as "Fifth Street Lighting No. 2."

RESOLUTION OF INTENTION NO. 13948.

Juniper Street.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, to the official grade thereof, of Juniper Street, in said City, for the entire width of said street, from property line to property line, from the east line of California Street to the west line of Fourth Street, including the entire width and length of the intersections of said Juniper Street with Arctic Street, Curlew Street and Third Street, (excepting such portions of the said Juniper Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersections of said Juniper Street with India Street, Columbia Street, State Street, Union Street, Brant Street, Albatross Street, Front Street, First Street and Second Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans and drawings therefor contained in Document No. 59438, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction across the said Juniper Street, at a point 78 feet west from the southwest corner of the intersection of said Juniper Street with Fourth Street, of an eight-inch corrugated pipe culvert, 158 feet in length, as shown upon, and according to, the plans, drawings and specifications therefor contained in said Document No. 59438.

All of said plans, drawings and specifications contained in said Document No. 59438, are hereby approved and adopted as the plans, drawings and specifications to be followed, in connection with the specifications contained in said Ordinance No. 3510, in said grading of and said work upon said Juniper Street, between said points; and by reference thereto, all said plans, drawings and specifications contained in said Document No. 59438, and said specifications contained in said Ordinance No. 3510, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City

included within the following exterior boundary lines, to-wit:

Beginning at a point on the easterly line of California Street distant 150 feet northerly from the northerly line of Juniper Street; thence easterly on a line parallel to and distant 150 feet northerly from the northerly line of Juniper Street to an intersection with the westerly line of Union Street; thence easterly to a point on the easterly line of Union Street distant 150 feet southerly from the southerly line of Kalmia Street; thence easterly on a line parallel to and distant 150 feet southerly from the southerly line of Kalmia Street to an intersection with the westerly line of Curlew Street; thence easterly to a point on the easterly line of Curlew Street distant 150 feet northerly from the northerly line of Juniper Street; thence easterly on a line parallel to and distant 150 feet northerly from the northerly line of Juniper Street to an intersection with the westerly line of Fourth Street; thence southerly along the westerly line of Fourth Street to a point distant 150 feet southerly from the southerly line of Juniper Street; thence westerly on a line parallel to and distant 150 feet southerly from the southerly line of Juniper Street to an intersection with the easterly line of Curlew Street; thence southwesterly to a point on the westerly line of Union Street distant 150 feet southerly from the southerly line of Juniper Street; thence westerly on a line parallel to and distant 150 feet southerly from the southerly line of Juniper Street to an intersection with the easterly line of California Street; thence northerly along the easterly line of California Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That THE EVENING TRIBUNE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 21st day of May, 1913, by the following vote, to-wit:

RESOLUTION CHANGING GRADE NO. 13949.

Arizona Street.

WHEREAS, all the acts and things required by law to confer jurisdiction upon the Common Council of the City of San Diego, California, to order the change of grade of ARIZONA STREET, in said City, from the north line of Madison Avenue to a point 420 feet north from the north line of Madison Avenue, as described in Resolution of Intention No. 13241, on file in the office of the City Clerk of said City, have been done, and no protests against such proposed change or modification of grade having been filed with the Clerk of said Council, within the time provided by law, NOW THEREFORE,

BE IT RESOLVED, that the Common Council of the City of San Diego, California, hereby orders the change and modification of the grade of said Arizona Street, between said points, to be made as proposed by and described in said Resolution of Intention as follows, to-wit:

At the intersection of Arizona Street with Madison Avenue; at the northeast corner the grade elevation to remain at 369.00 feet; at the northwest corner the grade elevation to remain at 366.00 feet.

At a point on the west line of Arizona Street 200 feet north from the north line of Madison Avenue, change the grade elevation from 369.00 feet to 367.73 feet.

At a point on the east line of Arizona Street 200 feet north from the north line of Madison Avenue, change the grade elevation from 372.00 feet to 370.73 feet.

At a point on the east line of Arizona Street 200 feet north from the last named point, change the grade elevation from 373.00 feet to 372.46 feet.

At a point on the west line of Arizona Street at right angles to the last named point, change the grade elevation from 370.00 feet to 369.46 feet.

At a point on the west line of Arizona Street 420 feet north from the north line of Madison Avenue, the grade elevation to remain at 369.64 feet.

At a point on the east line of Arizona Street, 420 feet north from the north line of Madison Avenue, the grade elevation to remain at 372.64 feet.

And the grade of said Arizona Street, between the points hereinbefore mentioned, shall have a uniform ascent and descent, and the center line of said street shall have an average elevation of the opposite curb grades.

All of said grade elevations to be above the datum line of levels, as fixed by Ordinance No. 3950 of the ordinances of said City.

That the Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be, and it is hereby designated as the newspaper in which this resolution ordering change of grade shall be published for two days, in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be, and he is hereby directed to cause this resolution ordering change of grade to be published by two insertions in said daily newspaper in the manner required by law.

RESOLUTION OF AWARD NO. 13950.

Arizona Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 12th day of May, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Arizona Street, in said City, from curb line to curb line, from the south line of El Cajon Avenue to the south line of Lincoln Avenue, including the roadway of all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in Document No. 58114, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Arizona Street, on both sides thereof, between the curb line of said street and the property line, from the south line of El Cajon Avenue to the south line of Lincoln Avenue, including the returns in all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 58114.

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Arizona Street, from the south line of El Cajon Avenue to the south line of Lincoln Avenue, including the returns in all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 58114.

All of said plans, drawings and typical cross-sections contained in said Document No. 58114, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13016, on file

in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13016.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To Jess Knight Company at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 46 cents; embankment, per cubic yard, 1 cent; paving, per square foot, 3 cents; cement sidewalk, per square foot 11 cents; cement curb, per lineal foot, 35 cents.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

RESOLUTION OF AWARD NO. 13953.

Kansas Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 12th day of May, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Kansas Street, in said City, from curb line to curb line, from the north line of El Cajon Avenue to the south line of Adams Avenue, and also that portion of the roadway leading into all alleys, between said points, including the roadway of all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 59852, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Kansas Street, on both sides thereof, between the curb line of said street and the property line, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 59852.

And also as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Kansas Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 59852.

All of said plans, drawings and typical cross-sections contained in said Document No. 59852, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of intention No. 13209, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference

is hereby made to said Resolution of Intention No. 13209.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To Jess Knight Company at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 42 cents; embankment, per cubic yard, 2 cents; paving, per square foot, 2-4/10 cents; cement sidewalk, per square foot, 11-1/4 cents cement curb, per lineal foot, 33 cents.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 21st day of May, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough, Fay and Adams.

WHEREAS, the Common Council of the City of San Diego has heretofore by Resolution changed the grades of Third Street, from the north line of cedar Street to the south line of Elm Street, and of Date Street, from the east line of Second Street to the west line of Fourth Street, in the City of San Diego, California; and,

WHEREAS, in the opinion of the Common Council the public interest and convenience require the improvement hereinafter described, NOW THEREFORE,

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, to order the following improvement to be made, to-wit:

The grading, to the official grade thereof, of the following streets in said City of San Diego, California, to-wit:

THIRD STREET, for the entire width of said street, from property line to property line, from the north line of Cedar Street to the south line of Elm Street, including the entire width and length of the intersection of said Third Street with Date Street, (excepting such portions of the said Third Street and said intersection of streets between said

points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting a strip of land fourteen feet wide on the west side of said Third Street, between the north line of Cedar Street and a point 150 feet north from the north line of Cedar Street, already graded to the official grade); and,

DATE STREET, for the entire width of said street, from property line to property line, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said grading of said streets, between the points hereinbefore mentioned, shall be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62938, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Third Street, from the north line of Cedar Street to the south line of Elm Street, including the returns at the intersection of said Third Street with Date Street, (excepting the sidewalks and curbing on the west side of said Third Street, from the north line of Cedar Street to a point 150 feet north from the north line of Cedar Street); and,

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Date Street, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said sidewalks and curbing to be constructed according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

Also, as a part of said work, the construction of a brick manhole in the center of said Third Street, at the north line of Date Street, in connection with the sewer already laid in said Third Street, according to the specifications therefor, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 62938, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said ordinances No. 3510 and No. 4860, in said grading of, and said work upon, said Third Street and said Date Street, between the points hereinbefore mentioned; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 62938, and said specifications contained in said Ordinances No. 3510 and No. 4860, are incorporated herein and made a part hereof.

That in the opinion of the Common Council damages to private property would result from such improvement;

That Monday, the 23rd day of June, 1913, at the hour of eleven o'clock A. M., at the Council Chamber of this Common Council, in the City Hall of the City of San Diego, be, and the same are hereby fixed as the time and place for the hearing of protests in relation to said improvement by this Common Council.

That the following is a description of the district of land, and of the exterior boundaries thereof hereby declared to be benefited by said improvement, and to be assessed to pay the costs and expenses thereof, and the damages caused by said improvement, and to be known as the assessment district. All that certain land situated in the City of San Diego, County of San Diego, State of California, particularly described as follows:

Beginning at a point on the north line of Cedar Street distant 100 feet west from the west line of Third Street; thence north on a line parallel to and distant 100 feet west from the west line of Third Street to a point distant 150 feet north from the north line of Cedar Street; thence west on a line parallel to and distant 150 feet north from the north line of Cedar Street to an intersection with the east line of Second Street; thence north along the east line of Second Street to a point 150 feet north from the north line of Date Street; thence east on a line parallel to and distant 150 feet north from the north line of Date Street to a point distant 100 feet west from the west line of Third Street; thence north on a line parallel to and distant 100 feet west from the west line of Third Street to an intersection with the south line of Elm Street; thence east along the south line of Elm Street to a point distant 100 feet east from the east line of Third Street; thence south on a line parallel to and distant 100 feet east from the east line of Third Street to a point distant 150 feet south from the south line of Elm Street; thence east on a line parallel to and distant 150 feet south from the south line of Elm Street to an intersection with the west line of Fourth Street; thence south along the west line of Fourth Street to a point distant 150 feet south from the south line of Date Street; thence west on a line parallel to and distant 150 feet south from the south line of Date Street to a point distant 100 feet west from the west line of Fourth Street; thence south on a line parallel to and distant 100 feet west from the west line of Fourth Street to an intersection with the north line of Cedar Street; thence west along the north line of Cedar Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That all of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to provide for the improvement of public streets, lanes, alleys, courts and places within municipalities, in cases where any damage to private property would result from such improvement, and for the assessment of the costs, damages, and expenses thereof upon the property benefited thereby," approved April 21, 1909.

That the Evening Tribune, a daily newspaper published and circulated and of general circulation, in the said City of San Diego, be, and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two (2) days, and the notice of the passage thereof shall be published for five (5) days, in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be, and he is hereby directed to post this Resolution of Intention conspicuously for two (2) days on or near the chamber door of the said Common Council, and to cause the same to be published by two (2) insertions in said daily newspaper in the manner required by law. Such posting and publication must be completed at least fifteen (15) days before the day set for the hearing of protests.

RESOLUTION OF INTENTION NO. 13985.

Illinois Street.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Illinois Street, from curb line to Curb line, from the north line of University Avenue to the south line of El Cajon Avenue, and also that portion of the roadway of said Illinois Street leading into all alleys, between said points, including the roadway of all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62406, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Illinois Street, on both sides thereof, between the curb line of said street and the property line, from the north line of University Avenue to the south line of El Cajon Avenue, including the returns in all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 62406.

And also, as a part of said work, the construction of cement concrete curbing on both sides of the said Illinois Street, from the north line of University Avenue to the south line of El Cajon Avenue, including the returns in all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 62406.

All of said plans, drawings and typical cross-sections contained in said Document No. 62406, are hereby approved and adopted as the plans, drawings and typical cross-sections to be followed, in connection with the specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, in said grading and paving of, and said work upon, said Illinois Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 62406, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum, on all sums unpaid, until

the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary line, to-wit:

Beginning at a point on the north line of University Avenue distant 150 feet west of the west line of Illinois Street; thence north along a line parallel to and distant 150 feet west from the west line of Illinois Street to an intersection with the south line of El Cajon Avenue; thence east along the south line of El Cajon Avenue to a point 150 feet east of the east line of Illinois Street; thence south along a line parallel to and distant 150 feet east from the east line of Illinois Street to an intersection with the north line of University Avenue; thence west along the north line of University Avenue to the point of beginning, (excepting therefrom all public streets, roads, alleys, avenues and highways).

That THE EVENING TRIBUNE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 26th day of May, 1913, by the following vote, to-wit:

lic interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, to the official grade thereof, of Robinson Avenue, in said City, for the entire width of said street, from property line to property line, from the east line of Tenth Street to the west line of Florida Street, including the entire width and length of the intersections of said Robinson Avenue with all cross streets, between said points, and also including the entire width and length of the terminations of Albert Street and Center Street in said Robinson Avenue, (excepting the intersections of said Robinson Avenue with Vermont Street and Park Boulevard), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, and drawings and typical cross-sections contained in Document No. 60022, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction across said Robinson Avenue, of one fourteen-inch double strength concrete pipe culvert, 155 feet in length, together with its accessories, said culvert to be located at a point on the south line of said Robinson Avenue distant 20.7 feet west from the west line of Albert Street, thence running northwesterly across said Robinson Avenue; also the construction of two cement concrete catch-basins and two twelve-inch double strength cement pipes leading from said culvert into said catch-basins; and also, as a part of said work, the construction across the said Robinson Avenue, of one eighteen-inch double-strength concrete pipe culvert, 174 feet in length, together with its accessories, said culvert to be located at a point on the north line of said Robinson Avenue distant 161 feet east from the east line of Center Street, thence running southwesterly across said Robinson Avenue; also the construction of two cement concrete catch-basins and two twelve-inch double strength pipes leading from said culvert into said last mentioned catch-basins; all according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections, contained in said Document No. 60022.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60022, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13461, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13461.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof.

And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

RESOLUTION CHANGING GRADE NO. 13991.

Woolman Avenue.

WHEREAS, all the acts and things required by law to confer jurisdiction upon the Common Council of the City of San Diego, California, to order the change of the grade of the north line of Woolman Avenue between the east line of 32nd Street and the west line of 33rd Street, and the grade on the south line of Woolman Avenue, between the east line of 33rd Street and the west line of Felton Street, as described in Resolution of Intention No. 13405, on file in the office of the City Clerk of said City, have been done, and no protests against such proposed change or modification of grade having been filed with the Clerk of said Coun-

cil, within the time provided by law, NOW THEREFORE,

BE IT RESOLVED, that the Common Council of the City of San Diego, California, hereby orders the change and modification of the grade of said Woolman Avenue, between said points, to be made as proposed by and described in said Resolution of Intention, as follows, to-wit:

At the intersection of Woolman Avenue with 32nd Street, at the northeast corner grade elevation to remain at 59.00 feet; at a point on the north line of Woolman Avenue 38 feet west of the west line of 33rd Street, change grade elevation from 36.81 feet to 34.50 feet; at the intersection of Woolman Avenue with 33rd Street at the northwest corner, grade elevation to remain at 34.00 feet.

At the intersection of Woolman Avenue with 33rd Street; at the southeast corner grade elevation to remain at 31.50 feet; at a point on the south line of Woolman Avenue, 38 feet east of the east line of 33rd Street, change grade elevation from 29.78 feet to 31.00 feet; at the intersection of Woolman Avenue with Felton Street; at the southwest corner grade elevation to remain at 14.50 feet.

And the grade of said Woolman Avenue between the points hereinbefore mentioned, shall have a uniform ascent and descent, and the center line of said street shall have an average elevation of the opposite curb grades.

All of said grade elevations to be above the datum line of levels, as fixed by Ordinance No. 3950 of the ordinance of said City.

That The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be, and it is hereby designated as the newspaper in which this resolution ordering change of grade shall be published for two days, in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be, and he is hereby directed to cause this resolution ordering change of grade to be published by two insertions in said daily newspaper in the manner required by law.

RESOLUTION OF INTENTION NO. 14020.
J Street.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The paving, with asphalt pavement, laid upon a concrete base, of the roadway of J Street, in said City, from curb line to curb line, from the east line of Eighth Street to the west line of Sixteenth Street, including the roadway of all intersections of said J Street with all cross streets, between said points, (excepting the intersections of said J Street with Ninth Street, Tenth Street, Eleventh Street, and Twelfth Street, which are already paved), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62687, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

And also, as a part of said work, the construction upon the said J Street of the following concrete curbing, to-wit: 23.7 feet of concrete curbing in each of the returns at the northwest and northeast corners of the intersection of said J Street with Fourteenth

Street; and 23.7 feet of concrete curbing in each of the returns at the northwest, northeast and southeast corners of the intersection of said J Street with Fifteenth Street; according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 62687.

And also, as a part of said work, the construction of four iron grates in the said J Street, at the intersection of said J Street with Fourteenth Street; as shown upon, and according to, the said plans, drawings and typical cross-sections contained in said Document No. 62687.

All of said plans, drawings and typical cross-sections are hereby approved and adopted as the plans, drawings and typical cross-sections to be followed, in connection with the specifications contained in said Ordinances No. 5000 and No. 4860, in said paving of, and said work upon, said J Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections contained in said Document No. 62687, and said specifications contained in said Ordinances No. 5000 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. ward, to the easterly boundary of the City of San Diego, including the roadway of all intersections of said University Avenue with all cross streets, between said points, and also the roadway of said University Avenue leading into all alleys, between said points, and also the roadway of all terminations of streets in said University Avenue, between said points, (excepting such portions of the said University Avenue and said intersections and terminations of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting those portions of the roadway of said University Avenue, between the east line of Park Boulevard and a point 366 feet east from the east line of Park Boulevard, to be occupied by the concrete curbing, concrete sidewalk and concrete retaining walls hereinafter referred to, and also excepting a strip of land 30 feet long and 15 feet wide located 24 feet south from the north line of University Avenue and 25 feet west from the east line of Georgia Street, and also excepting a strip of land 30 feet long and 15 feet wide, located 24 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street, and also excepting said University Avenue between a point 68 feet east from the east line of Florida Street and a point 209.3 feet east from the east line of Florida Street, (to be graded, as hereinafter mentioned), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60320, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

That such paving of the roadway of said University Avenue, and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most northerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; that such paving of the roadway of said University Avenue and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most southerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; and that such paving of the fifty-two foot roadway of said University Avenue, between the east line of Park Boulevard and the west line of Florida Street, including fifty-two feet of the roadway of the intersection of said University Avenue with Georgia Street, being twenty-six feet on each side of the center line of said University Avenue, shall conform to the lower roadway elevations established on said University Avenue, between Park Boulevard and Florida Street.

Also, as a part of said work, the grading, to the official grade thereof, of said University Avenue, from property line to property line, from a point 68 feet east from the east line of Florida Street to a point 209.3 feet east from the east line of Florida Street, (excepting such portions of the said University Avenue, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon); and also, the grading to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet south from the north line of University Avenue and 25 feet west from the east line of Georgia Street; and also the grading, to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street; all according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60320.

Also, as a part of said work, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet south of the north line of University Avenue between Park Boulevard and the east line of Georgia Street, and 7 feet south of the north line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street);

Also, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet north of the south line of University Avenue between Park Boulevard and the east line of Georgia Street, and 7 feet north of the south line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street);

That said walls, and all their appertaining structures, including said gravity walls, shall be constructed of the materials, and in the manner, and as shown upon, and in all respects according to the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

Also, as a part of said work, the construction on both sides of the said University Avenue, from a point 5 feet east from the east line of Park Boulevard to a point 355 feet east from the east line of Park Boulevard, of cement concrete sidewalks and cement concrete curbing, (excepting the sidewalks in the strip of land 7 feet wide and 30 feet long, on each side of the intersection of said University Avenue with Georgia Street, to be graded as hereinbefore referred to), said sidewalks and curbing to be located immediately next to the said retaining walls on said University Avenue, and to be constructed in conformity with the lower roadway elevations established on said University Avenue, between Park Boulevard and a point 355 feet east from the east line of said Park Boulevard;

Also, the construction on both sides of the said University Avenue, from a point 355 feet east from the east line of Park Boulevard to the west line of Florida Street, including the returns in the northwest and southwest corners of the intersection of said University Avenue with Florida Street, of cement concrete sidewalks 13 feet and four inches in width, (excepting the portions of said sidewalks to be occupied by the retaining walls hereinbefore referred to); the pavement of said sidewalks to be constructed as follows, to-wit: the portions of said sidewalks lying between the property line and the retaining walls hereinbefore referred to, shall be constructed in conformity to the property line elevations established on said University Avenue; and the portions of said sidewalks lying between the said retaining walls and the curb line, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between the last named points;

Also, the construction on the east side of Georgia Street, at the intersection of University Avenue with Georgia Street, of cement concrete sidewalks and cement concrete curbing;

Also, the construction of cement concrete curbing upon the said University Avenue, on both sides thereof, between the east line of Park Boulevard and the easterly boundary of the City of San Diego, including the returns in all intersections of said University Avenue with all cross streets, between said points, and including the returns in all terminations of streets in said University Avenue, between said points, (excepting such portions of the

said university Avenue and said intersections and terminations of streets, between said points, already curbed with concrete at the time of the adoption of this resolution of intention). That such curbing, on both sides of said University Avenue, between Georgia Street and Florida Street, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between said points.

That all of said sidewalks and curbing shall be constructed according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and as shown upon, and according to, the plans, drawings and typical cross-sections contained in said Document No. 60320.

Also, as a part of said work, the construction of one thirty-six inch re-inforced double-strength cement pipe culvert and its accessories, 170 feet in length, commencing in the alley in block 196 of University Heights, at a point 43 feet north from the north line of University Avenue, running thence southerly and southeasterly across said University Avenue, a distance of 170 feet; also the construction of one eighteen-inch double-strength cement pipe culvert and its accessories, commencing at said thirty-six inch culvert, and running easterly along the south gutter line of said University Avenue, a distance of 234 feet, to Catch-basin No. 1, hereinafter referred to; also the construction of one sixteen-inch double-strength cement pipe culvert and its accessories, across the roadway of said University Avenue, at a point 220 feet east from the east line of the alley in said block 196; also the construction of one twelve-inch double-strength cement pipe culvert and its accessories, commencing at Catch-basin No. 1, hereinafter referred to, at a point 220 feet east from the east line of the alley in block 257 of University Heights, and running thence easterly along the south gutter line of said University Avenue a distance of 85 feet; (excepting portions of said culverts extending across and under the ^{railway} tracks of the San Diego Electric Company); also the construction of concrete catch-basin No. 1 in the gutter on the south side of said University Avenue, at a point 25 feet west from the west line of Alabama Street; and also the construction of concrete catch-basin, No. 2, in the gutter at the northeast corner of the intersection of University Avenue and Alabama Street; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

And also, as a part of said work, the construction in the said University Avenue, of the following re-inforced concrete culverts, to-wit:

One twenty-four inch re-inforced concrete culvert and its accessories, commencing in the gutter at the southeast corner of the intersection of University Avenue with Arizona Street, running thence northeasterly across said University Avenue to the gutter at the northwest corner of the intersection of said University Avenue with Arizona Street;

One twenty-four inch re-inforced concrete culvert and its accessories across the said university Avenue, at the termination of Arnold Street in said University Avenue;

One twenty-four inch re-inforced concrete culvert and its accessories commencing in the gutter at the northeast corner of the intersection of said University Avenue with Idaho Street; running thence southeasterly and southerly across said University Avenue;

One twenty-four inch re-inforced concrete culvert and its accessories commencing in the gutter at the northwest corner of the intersection of said University Avenue with Ohio Street, running thence southwesterly and southerly across said University Avenue to the intersection of the east gutter line of Ray Street with the south line of University Avenue;

(Excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company);

All as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60320, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinances No. 5000, No. 3510 and No. 4860, in said paving of, and said work upon, said University Avenue, between the points hereinbefore mentioned; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 60320, and said specifications contained in said Ordinances No. 5000, No. 3510 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

Beginning at a point on the east line of Park Boulevard distant 300 feet north from the north line of University Avenue; thence east on a line parallel to and distant 300 feet north from the north line of University Avenue to an intersection with the west line of Georgia Street; thence southeasterly to a point on the east line of Georgia Street distant 300 feet north from the north line of University Avenue; thence east on a line parallel to and distant 300 feet north from the north line of University Avenue to an intersection with the east line of the alley in block 195 of University Heights; thence north along the east line of the alley in said block 195 to an intersection with the south line of Polk Avenue; thence east along the south line of Polk Avenue to an intersection with the eastern boundary of the City of San Diego; thence southerly along the easterly boundary line of the City of San Diego to an intersection with the west line of Franklin Avenue in Park Villas; thence south along the west line of Franklin Avenue to a point distant 300 feet north from the north line of Dwight Street; thence west on a line parallel to and distant 300 feet north from the north line of Dwight Street to an intersection with the east line of Ray Street; thence southwesterly to an intersection of the west line of Ray Street with the north line of Dwight Street; thence west along the north line of Dwight Street to an intersection with the east line of Idaho Street; thence northwesterly to a point on the west line of Idaho Street distant 300 feet south from the south line of Landis Street; thence west on a line parallel to and distant 300 feet south from the south line of Landis Street to an intersection with the

RESOLUTION OF AWARD NO. 14048.

Fay Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 26th day of May, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, to the official grade thereof, of Fay Street, in La Jolla, in the City of San Diego, California, for the entire width of said street, from property line to property line, from the south line of Prospect Street to a point 200 feet south of the south line of

Rushville Avenue, including the entire width and length of the intersections of said Fay Street with all cross streets, between said points, and also including the termination of Rushville Avenue in said Fay Street, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in Document No. 58786, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, and across the intersection of said Fay Street with Ravina Street, the construction in Ravina Street, of one eighteen-inch single strength concrete pipe culvert, 109 feet in length, together with its appertaining structures; also two concrete catch-basins, and two fourteen-inch single strength concrete pipes leading from said catch-basins into said culvert; all according to, and as shown upon, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 58786.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 58786, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13207, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13207.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To C. H. Tingey, at the prices specified in his bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 31 cents; embankment, per cubic yard, 1 cent; culverts, \$175.00.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, or each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof, And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 2nd day of June, 1913, by the following vote, to-wit:

GRANTING PERMISSION TO PROPERTY OWNERS ON THORN STREET TO GRADE BY PRIVATE CONTRACT.

BE IT RESOLVED By the Common Council of the City of San Diego, as follows:

That in pursuance of a petition therefor, as contained in Document No. 59158, on file in the office of the City Clerk of said City, T. O. Anderson and C. H. Baker, owners of lots fronting on Thorn Street, in said City, from the east line of Brant Street to a point 110 feet east of the east line of Brant Street, be, and they are hereby granted permission to grade the central sixty (60) feet of said Thorn Street, to the official grade thereof, by private contract, at their own expense, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City.

In case any electric poles or apparatus, or any public service pipes or conduits are encountered in the course of such private improvement, the person making such improvement shall serve notice upon the person, company or corporation owning or controlling such public utilities, to lower, remove or protect the same before such private improvement shall be made.

Provided, that as a part of said work, said property owners shall construct and install sufficient and proper fences, guards and barriers to safeguard said street, and shall also construct all necessary conduits, drains, pipes, catch-basins and gutters for the proper drainage of said street, between said points.

That all of said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said City, and all surplus dirt shall be deposited at the places designated by said Superintendent of Streets.

That said work shall be commenced on or before the 15th day of June, 1913, and shall be fully completed on or before the 15th day of September, 1913.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 2nd day of June, 1913, by the following vote, to-wit:

RESOLUTION ORDERING WORK NO. 14202.

Third Street and Date Street.

WHEREAS, the Common Council has heretofore by Resolution changed the grades of Third Street, from the north line of Cedar Street to the south line of Elm Street, and of Date Street, from the east line of Second Street to the west line of Fourth Street, in the City of San Diego, California; and,

WHEREAS, in the opinion of the Common Council the public interest and convenience require the improvement hereinafter described, NOW THEREFORE,

BE IT RESOLVED, that the Common Council of the City of San Diego hereby orders the following improvement to be made, to-wit:

The grading, to the official grade thereof, of the following streets in said City of San Diego, California, to-wit:

THIRD STREET, for the entire width of said street, from property line to property line, from the north line of Cedar Street to the south line of Elm Street, including the entire width and length of the intersection of said Third Street with Date Street, (excepting such portions of the said Third Street and said intersection of streets, between said streets, required by law to be kept in order or repair by any person or company having rail-

road tracks thereon; and also excepting a strip of land fourteen feet wide on the west side of said Third Street, between the north line of Cedar Street and a point 150 feet north from the north line of Cedar Street, already graded to the official grade); and,

DATE STREET, for the entire width of said street, from property line to property line, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said grading of said streets, between the points hereinbefore mentioned, shall be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62938, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Third Street, from the north line of Cedar Street to the south line of Elm Street, including the returns at the intersections of said Third Street with Date Street, (excepting the sidewalks and curbing on the west side of said Third Street, from the north line of Cedar Street to a point 150 feet north from the north line of Cedar Street); and,

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Date Street, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said sidewalks and curbing to be constructed according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

Also, as a part of said work, the construction of a brick man-hole in the center of said Third Street, at the north line of Date Street, in connection with the sewer already laid in said Third Street, according to the specifications therefor, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 62938, and said specifications contained in said Ordinances No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

That the following is a description of the district of land, and of the exterior boundaries thereof, hereby declared to be benefited by said improvement and to be assessed to pay the costs and expenses thereof, and the damages caused by said improvement, and to be known as the assessment district: All that certain land situated in the City of San Diego, County of San Diego, State of California, particularly described as follows:

Beginning at a point on the north line of Cedar Street distant 100 feet west from the west line of Third Street; thence north on a line parallel to and distant 100 feet west from the west line of Third Street to a point distant 150 feet north from the north line of Cedar Street; thence west on a line parallel to and distant 150 feet north from the north line of Cedar Street to an intersection with the east line of Second Street; thence north along the east line of Second Street to a point 150 feet north from the north line of Date Street; thence east on a line parallel to and distant 150 feet north from the north line of Date Street to a point distant 100 feet west from the west line of Third Street; thence north on a line parallel to and distant 100 feet west from the west line of Third Street to an intersection with the south line of Elm Street; thence east along the south line of Elm Street to a point distant 100 feet east from the east line of Third Street; thence south on a line parallel to and distant 100 feet east from the east line of Third Street to a point

distant 150 feet south from the south line of Elm Street; thence east on a line parallel to and distant 150 feet south from the south line of Elm Street to an intersection with the west line of Fourth Street; thence south along the west line of Fourth Street to a point distant 150 feet south from the south line of Date Street; thence west on a line parallel to and distant 150 feet south from the south line of Date Street to a point distant 100 feet west from the west line of Fourth Street; thence south on a line parallel to and distant 100 feet west from the west line of Fourth Street to an intersection with the north line of Cedar Street; thence west along the north line of Cedar Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That all of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to provide for the improvement of public streets, lanes, alleys, courts and places within municipalities, in cases where any damage to private property would result from such improvement, and for the assessment of the costs, damages and expenses thereof upon the property benefited thereby," approved April 21, 1909.

That the improvement herein described is hereby referred to the Mayor, City Engineer and Superintendent of Streets of the City of San Diego, the commission appointed by law to estimate the damages caused thereby, and to report an assessment of said damages and of all costs and expenses of the improvement on the property benefited thereby, included within the assessment district herein described.

That the Clerk of this Council is hereby directed to publish this resolution by two insertions in The Evening Tribune, a daily newspaper published and circulated in the City of San Diego, hereby designated for that purpose. He is also directed to post this resolution on or near the chamber door of this Council, and at two other public places in said City for two days. He is also directed to post conspicuously for five days on or near the chamber door of this Council a notice, with plans and specifications, inviting sealed proposals or bids for doing the work ordered, and to publish, for two days, a notice inviting sealed proposals or bids for said work and referring to the specifications and plans posted or on file, in The Evening Tribune, a daily newspaper published and circulated in said City of San Diego, hereby designated for the purpose. Both of said notices shall require a certified check or bond as prescribed by law for an amount not less than ten per cent. of the aggregate of the proposal.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 23rd day of June, 1913, by the following vote, to-wit:

RESOLUTION NO. 14203.

OVERRULING PROTESTS IN THE MATTER OF 30TH AND OTHER STREETS.

RESOLVED By the Common Council of the City of San Diego, as follows:

That the objections and protests against the paving and otherwise improving of 25th Street, from the south line of D Street to the north line of B Street; B Street, from the east line of 25th Street to the east line of 28th Street; 28th Street, from the north line of B Street to the north line of Beech Street; Beech Street, from the east line of 28th Street to the east line of 30th Street; and 30th Street, from the north line of Beech Street to the south line of University Avenue; all in the City of San Diego, California, as described in Resolution of Intention No. 13833, which protests and objections were filed with the Clerk of the Common Council of said City on the 2nd and 4th days of June, 1913, by Martha A. Muir, and others, be, and the same are hereby overruled, upon the following grounds:

1. That said protests and objections do not purport to be the protests and objections of a majority of the front footage of property fronting upon said proposed work or improvement.

2. Because, in the judgment of this Common Council said protests and objections have not been legally signed by the owners of a majority of the frontage of the property fronting on said proposed work or improvement.

3. Because, in the judgment of this Common Council, said protests and objections have not been signed at all by the owners of a majority of the frontage of the property fronting upon said proposed work or improvement.

And said protests and objections, so far as they may be against the extent of the district described in said resolution of intention, are hereby overruled.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 25th day of June, 1913, by the following vote, to-wit:

RESOLUTION ORDERING WORK NO. 14204.

25th Street, B Street, 28th Street, Beech Street and 30th Street.

RESOLVED, By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The paving, with asphalt pavement, laid upon a concrete base, of the roadway of TWENTY-FIFTH STREET, in said City, from curb line to curb line, from the south line of D Street to the north line of B Street, including the roadway of all intersections of said Twenty-fifth Street with all cross streets, between said points, and also the roadway of said Twenty-fifth Street leading into all alleys, between said points, (excepting such portions of the said Twenty-fifth Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60552-1/2, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction on the east side of said Twenty-fifth Street, across the intersection of said Twenty-fifth Street with B Street, of one twenty-four inch re-inforced concrete culvert and its accessories, (excepting a portion of said culvert extending across and under the railway tracks of the San Diego Electric Railway Company), as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60552-1/2.

Also, the paving with asphalt pavement, laid upon a concrete base, of the roadway of B STREET, in said City, from curb line to curb line, from the east line of Twenty-fifth Street to the east line of Twenty-eighth Street, including the roadway of all intersections of said B Street with all cross streets, between said points, and also the roadway of said B Street leading into all alleys, between said points, (excepting such portions of the said B Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the roadway of said B Street, between a point 334.32 feet east from the east line of Twenty-seventh Street and a point 63.5 feet west from the west line of Twenty-eighth Street, occupied by the bridge already in said B Street), according to the specifications therefor contained in said Ordinance No. 5000, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction of the following concrete curbing on the said B Street, between the east line of Twenty-fifth Street and the east line of Twenty-eighth Street, to-wit: 19.7 feet of concrete curbing in each of the returns at the northeast, southeast and southwest corners of the intersection of said B Street with Twenty-sixth Street; 50 feet of concrete curbing on the north side of said B Street, between Twenty-sixth Street and Twenty-seventh Street; 23.7 feet of concrete curbing in each of the returns at the southwest and southeast corners of the intersection of said B Street with Twenty-seventh Street; 143.8 feet of concrete curbing on the south side of said B Street, between Twenty-seventh Street and Twenty-eighth Street; 97.7 feet of concrete curbing on the north side of said B Street, between Twenty-seventh Street and Twenty-eighth Street; 29.7 feet of concrete curbing in each of the returns at the northwest, southeast and southwest corners of the intersection of said B Street with Twenty-eighth Street; according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction of three twenty-four inch re-inforced concrete culverts and their accessories, in the intersection of said B Street with Twenty-seventh Street; also the construction along the south gutter line of B Street of one eighteen-inch double-strength cement pipe culvert, 276 feet in length, leading from the twenty-four inch re-inforced concrete culvert at the southeast corner of the intersection of said B Street with Twenty-seventh Street to the twenty-four inch re-inforced concrete culvert crossing said B Street at a point 262 feet east from the east line of Twenty-seventh Street; also the construction of one eighteen-inch double-strength cement pipe culvert, 198 feet in length commencing at a point 262 feet east from the southeast corner of the intersection of said B Street with Twenty-seventh Street, and running southeasterly, following the natural drain, a distance of 198 feet; also the construction across the said B Street, at a point 262 feet east from the east line of Twenty-seventh Street, of one twenty-four inch re-inforced concrete culvert and its accessories; (excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company); all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60552-1/2.

Also, the paving with asphalt pavement, laid upon a concrete base, of the roadway of TWENTY-EIGHTH STREET, in said City, from curb line to curb line, from the north line of B Street to the north line of Beech Street, including the roadway of all intersections of said Twenty-eighth Street with all cross streets, between said points, and also the roadway of said Twenty-eighth Street leading into all alleys, between said points, (excepting such portions of the said Twenty-eighth Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon), according to the specifications therefor contained in said Ordinance No. 5000, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction of the following concrete curbing on the said Twenty-eighth Street, between said points, to-wit: 29.7 feet of concrete curbing in the return at the southeast corner of the intersection of said Twenty-eighth Street with A Street; 35.9 feet of concrete curbing in the return at the southwest corner of the intersection of said Twenty-eighth Street with A Street; 200 feet of concrete curbing on the east side of ^{said} Twenty-eighth Street, between A Street and B Street; 320 feet of concrete curbing on the west side of said Twenty-eighth Street, between A Street and B Street; according to the specifications therefor contained in said Ordinance No. 4860, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, the paving, with asphalt pavement, laid upon a concrete base, of the roadway of BEECH STREET, in said City, from curb line to curb line, from the east line of Twenty-eighth Street to the east line of Thirtieth Street, including the roadway of all intersections of said Beech Street with all cross streets, between said points, (excepting such portions of the said Beech Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon), according to the specifications therefor contained in said Ordinance No. 5000, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction of the following concrete curbing on the said Beech Street, between said points, to-wit: 100 feet of concrete curbing on the north side of said Beech Street, between Granada Avenue and Twenty-ninth Street; 31.7 feet of concrete curbing in the return at the northwest corner of the intersection of said Beech

Street with Twenty-ninth Street; 31.7 feet of concrete curbing in the return at the southeast corner of the intersection of said Beech Street with Dale Street; 200.5 feet of concrete curbing on the south side of said Beech Street, between Dale Street and Thirtieth Street; and 25.7 feet of concrete curbing in the return at the southeast corner of the intersection of said Beech Street with Thirtieth Street; according to the specifications therefor contained in said Ordinance No. 4860, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction across the intersection of said Beech Street with Twenty-ninth Street, of two twenty-four inch re-inforced concrete culverts and their accessories, said culverts to be located at the east and west sides of said Twenty-ninth Street; also the construction on the north side of Beech Street, across the intersection of said Beech Street with Thirtieth Street, of one twenty-four inch re-inforced concrete culvert and its accessories; (excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company); as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60552-1/2.

Also, the paving with asphalt pavement, laid upon a concrete base, of the roadway of THIRTIETH STREET, in said City, from curb line to curb line, from the north line of Beech Street to the south line of University Avenue, including the roadway of all intersections of said Thirtieth Street with all cross-streets, between said points, and also the roadway of all terminations of streets in said Thirtieth Street, between said points, and also the roadway of said Thirtieth Street leading into all alleys, between said points, (excepting such portions of the said Thirtieth Street and said intersections and terminations of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting that portion of said Thirtieth Street between a point 100 feet south of the south line of Olive Street and a point 169 feet north of the north line of Laurel Street, occupied by the bridge already in said Thirtieth Street), according to the specifications therefor contained in said Ordinance No. 5000, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction of concrete curbing upon the said Thirtieth Street, on both sides thereof, from the north line of Beech Street to the south line of University Avenue, including the returns in all intersections of said Thirtieth Street with all cross streets, between said points, and also including the returns at all terminations of streets in said Thirtieth Street, between said points, (excepting such portions of the said Thirtieth Street and said intersections and terminations of streets, between said points, already curbed with concrete at the time of the adoption of Resolution of Intention No. 13833, and also excepting that portion of said Thirtieth Street, between a point 100 feet south of the south line of Olive Street and a point 169 feet north of the north line of Laurel Street), according to the specifications therefor contained in said Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction in the said Thirtieth Street, between the north line of Beech Street and the South line of University Avenue, of the following re-inforced concrete culverts, to-wit:

One twenty-four inch re-inforced concrete culvert and its accessories, across the said Thirtieth Street, at the intersection of said Thirtieth Street with Cedar Street;

One twenty-four inch re-inforced concrete culvert and its accessories on the east side of said Thirtieth Street, at the intersection of said Thirtieth Street with Ivy Street;

Two twenty-four inch re-inforced concrete culverts and their accessories in the termination and intersection of Fern Street and Juniper Street in said Thirtieth Street, said culverts to be located at the east and west sides of said termination and intersection;

One twenty-four inch re-inforced concrete culvert and its accessories across said Thirtieth Street, at the termination of Upas Street in said Thirtieth Street, said culvert to be located at the north side of said termination;

(Excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company);

All as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60552-1/2.

Also, as a part of said work, the construction in the said Thirtieth Street, of the following twelve-inch cement pipes, and their accessories, to-wit:

One twelve-inch cement pipe and its accessories across the said Thirtieth Street, at a point 147 feet north of the north line of Laurel Street, to connect with the iron pipe already in;

One twelve-inch cement pipe and its accessories across the said Thirtieth Street, at a point 77 feet south of the south line of Olive Street;

One twelve-inch cement pipe and its accessories across the said Thirtieth Street, at the intersection of said Thirtieth Street with Redwood Street, to connect with the iron pipe already in;

(Excepting portions of said cement pipes extending across and under the railway tracks of the San Diego Electric Railway Company);

All as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60552-1/2.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60552-1/2, and said specifications contained in said Ordinances No. 5000 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13833, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13833.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this

Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

Passed and adopted by the Common Council of the said City of San Diego, California, this 25th day of June, 1913, by the following vote, to-wit:

RESOLUTION OF AWARD NO. 14210.

Robinson Avenue.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 9th day of June, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, to the official grade thereof, of Robinson Avenue, in said City, for the entire width of said street, from property line to property line, from the east line of Tenth Street to the west line of Florida Street, including the entire width and length of the intersections of said Robinson Avenue with all cross streets, between said points, and also including the entire width and length of the terminations of Albert Street and Center Street in said Robinson Avenue, (excepting the intersections of said Robinson Avenue with Vermont Street and Park Boulevard), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60022, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction across said Robinson Avenue, of one fourteen-inch double strength concrete pipe culvert, 155 feet in length, together with its accessories, said culvert to be located at a point on the south line of said Robinson Avenue distant 20.7 feet west from the west line of Albert Street, thence running northwesterly across said Robinson Avenue; also the construction of two cement concrete catch-basins and two twelve-inch double strength cement pipes leading from said culvert into said catch-basins; and also, as a part of said work, the construction across the said Robinson Avenue, of one eighteen-inch double-strength concrete pipe culvert, 174 feet in length, together with its accessories, said culvert to be located at a point on the north line of said Robinson Avenue distant 161 feet east from the east line of Center Street, running thence southwesterly across said Robinson Avenue; also the construction of two cement concrete catch-basins and two twelve-inch double strength pipes leading from said culvert into said last mentioned catch-

basins; all according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 60022.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60022, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13461, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13461.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To C. L. Hyde Construction Co., at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 56-3/4 cents; embankment, per cubic yard, 1 cent; all culverts and accessories, \$625.00.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 25th day of June, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough and Adams.

NOES---NONE.

ABSENT-COUNCILMAN Fay.

D. K. Adams,

President of the Common Council of the City of
San Diego, California.

The foregoing Resolution of Award was thereupon approved by the said Common Council of the said City of San Diego, California, this 25th day of June, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough and Adams.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 2nd day of June, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, to the official grade thereof, of Redwood Street, in said City, for the entire width of said street, from property line to property line, from the northeasterly line of India Street to the southwesterly line of Union Street, including the entire width and length of the intersections of said Redwood Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon the plans and drawings therefor contained in Document No. 58344, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of cement concrete curbing on both sides of the said Redwood Street, from the northeasterly line of India Street to the southwesterly line of Union Street, including the returns in all intersections of said Redwood Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the said plans and drawings contained in said Document No. 58344.

Also, as a part of said work, the construction of cement concrete gutters on both sides of the said Redwood Street, from the northeasterly line of India Street to the southwesterly line of State Street, (excepting the intersection of said Redwood Street with Columbia Street), according to the specifications therefor contained in Ordinance No. 4537 of the ordinances of said City, and according to, and as shown upon, the said plans and drawings contained in said Document No. 58344.

And also, as a part of said work, the construction of the following wooden guard-railings on the said Redwood Street, to-wit: one wooden-guard railing on the southeasterly side of said Redwood Street, at the intersection of said Redwood Street with State Street; one wooden guard-railing on the northwesterly side of said Redwood Street, at the intersection of said Redwood Street with State Street; and one wooden guard-railing on the southeasterly side of said Redwood Street, at the intersection of said Redwood Street with Columbia Street; all according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 58344.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 58344, and said specifications contained in said Document No. 58344, and said specifications contained in said Ordinances No. 3510, No. 4860 and No. 4537, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13404, on file in

the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13404.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To C. L. Hyde Construction Co., at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 37-1/2 cents; embankment, per cubic yard, 1 cent; cement curb, per lineal foot, 39 cents; cement gutters, per square foot, 22-1/2 cents; all woodenguard-railings, \$75.00.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 25th day of June, 1913, by the following vote, to-wit:

RESOLUTION OF AWARD NO. 14257.

Brighton Avenue.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 2nd day of June, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Brighton Avenue, in Ocean Beach, in said City of San Diego, from curb line to curb line, from the northwesterly line of Froude Street to a point 600 feet northwesterly from the northwesterly line of Abbott Street, and also that portion of the roadway of said Brighton Avenue leading into all alleys, between said points, including the roadway of all intersections of said Brighton Avenue with all cross streets, between said points, (excepting such portions of said Brighton Avenue, and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60446, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

And also, as a part of said work, the grading to the official grade thereof, of said Brighton Avenue, on both sides thereof, between the curb line of said street and the property line, from the northwesterly line of Froude Street to a point 600 feet northwesterly from the northwesterly line of Abbott Street, including the returns in all intersections of said Brighton Avenue with all cross streets, between said points, (excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 60446.

And also, as a part of said work, the construction of cement concrete curbing on both sides of the said Brighton Avenue, from the northwesterly line of Froude Street to a point 600 feet northwesterly from the northwesterly line of Abbott Street, including the returns in all intersections of said Brighton Avenue with all cross streets, between said points, (excepting the intersection of said Brighton Avenue with Abbott Street), according to the specifications therefor and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 60446.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60446, and said specifications contained in said Ordinances No. 4400 and No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13407, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13407.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To C. L. Hyde Construction Company at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 30 cents; embankment, per cubic yard, 1 cent; paving, per square foot, \$.0245; curb, per lineal foot, 40 cents;

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily

newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 30th day of June, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough, Fay and Adams.

NOES---NONE.

ABSENT-NONE.

D. K. Adams,

President of the Common Council of the City of

RESOLUTION OF INTENTION NO. 14286.

Florida Street.

Be it resolved, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Florida Street, in said City, from curb line to curb line, from the north line of the 1400 acre public park to the south line of Adams Avenue, and also that portion of the roadway of said Florida Street leading into all alleys, between said points, including the roadway of all intersections of said Florida Street with all cross streets, between said points, (excepting the intersection of said Florida Street with Madison Avenue, El Cajon Avenue and University Avenue), according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in Document No. 61873, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Florida Street, on both sides thereof, between the curb line of said street and the property line, from the north line of the 1400 acre public park to the south line of Adams Avenue, including the returns in all intersections of said Florida Street with all cross streets, between said points, (excepting the intersections of said Florida Street with Madison Avenue, El Cajon Avenue and University Avenue), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 61873.

Also, as a part of said work, the construction of cement concrete curbing on both sides of the said Florida Street, from the north line of the 1400 acre public park to the south line of Adams Avenue, including the returns in all intersections of said Florida Street with all cross streets, between said points, (excepting the intersections of said Florida Street with Madison Avenue, El Cajon Avenue and University Avenue, and also excepting the curbing on the west side of said Florida Street, between the south line of University Avenue and the north line of Robinson Avenue, to be occupied by the concrete retaining wall hereinafter referred to), according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 61873.

Also, as a part of said work, the construction on the west curb line of Florida Street, between the south line of University Avenue and the north line of Robinson Avenue,

of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls; and also, the construction on the west curb line of said Florida Street, between a point 303.5 feet north from the north line of Robinson Avenue and a point 339 feet north from the north line of Robinson Avenue, of a re-inforced concrete stairway and landing, said stairway leading from the lower gutter grade elevations established on said Florida Street to the property line elevations established on said street. That said wall, and its appertaining structures, including gravity walls, and said stairway and landing, shall be constructed of the materials, and in the manner, and as shown upon, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 61873.

Also, as a part of said work, the construction diagonally across the said Florida Street, at a point 278 feet southerly from the southerly line of Lincoln Avenue, of a cement pipe culvert, and its accessories, 124 feet in length, the southeasterly 50 feet of said culvert to be constructed of thirty-six inch double-strength cement pipe, the central 46 feet of said culvert to be constructed of twenty-four inch double-strength cement pipe; and the remaining 28 feet of said culvert at the northwesterly end, to be constructed of ten-inch single-strength cement pipe; also the construction in said Florida Street, on a line 12 feet east of the west line thereof, of one eighteen-inch double-strength cement pipe culvert and its accessories, including one concrete sump, said culvert commencing at the culvert first herein described, and running thence northerly a distance of 41 feet; also the construction in said Florida Street, on a line 12 feet west of the east line thereof, of one thirty-inch double-strength cement pipe culvert, and its accessories, 74 feet in length, said culvert commencing at the culvert first herein described, and running thence northerly a distance of 74 feet to the sump hereinafter described; also the construction of one sixteen-inch single-strength cement pipe culvert and its accessories, commencing at the said thirty-inch culvert last described, at a point 261 feet south from the south line of Lincoln Avenue, and running thence northeasterly a distance of 27 feet; also the construction in the said Florida Street, at a point 12 feet west of the east line thereof, and 220 feet south of the south line of Lincoln Avenue, of one concrete sump; also the construction in the said Florida Street, on a line 12 feet west of the east line thereof, of one eighteen-inch double-strength cement pipe culvert and its accessories, said culvert commencing at the said concrete sump located at a point 220 feet south of the south line of Lincoln Avenue, and running thence northerly a distance of 500 feet, and thence northeasterly on an angle of $23^{\circ} 03'$, a distance of 36.1 feet; also the construction of one eight-inch single-strength cement pipe culvert and its accessories, in the intersection of said Florida Street with Lincoln Avenue, said culvert commencing at said eighteen-inch cement pipe culvert, and running thence northwesterly a distance of 69 feet; said culvert to be located 5 feet northerly from the manhole already in.

Also the construction diagonally across the said Florida Street, at a point 177 feet southerly from the southerly line of Robinson Avenue, of one twelve-inch single-strength cement pipe culvert and its accessories, 127 feet in length;

Also the construction across the intersection of said Florida Street with Cypress Avenue, of one twelve-inch single-strength cement pipe culvert, and its accessories, 98 feet in length;

Also, the construction of one thirty-six inch single-strength cement pipe culvert, 791.36 feet in length, together with its accessories, including one cement concrete catch-basin, said culvert commencing at the gutter line at the southwest corner of the intersection of said Florida Street with Upas Street, running thence easterly across said Florida Street, and thence northerly along the east side of said Florida Street, to a point 303 feet north of the north line of Myrtle Avenue.

That all of said culverts and their accessories, and said catch-basins, shall be

constructed as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 61873.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 61873, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, in said grading and paving of, and said work upon, said Florida Street, between said points; ~~and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 61873, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, in said grading and paving of, and said work upon, said Florida Street, between said points;~~ and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 61873, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding ten years from their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

RESOLUTION OF INTENTION NO. 14287.

Johnson Avenue, Hayes Avenue and Vermont Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done in said City, to-wit:

The grading, to the official grade thereof, of the following streets, in said City of San Diego, to-wit:

JOHNSON AVENUE, for the entire width of said street, from property line to property line, from the north line of Lincoln Avenue to the west line of University Heights, including the entire width and length of the terminations and intersections of all streets in said Johnson Avenue, between said points;

HAYES AVENUE, for the entire width of said street, from property line to property line, from the southwest line of Johnson Avenue to the west end of said Hayes Avenue, (excepting the intersection of said Hayes Avenue with Vermont Street); and,

VERMONT STREET, for the entire width of said street, from property line to property line, from the north line of Lincoln Avenue to the southwest line of Johnson Avenue, including the entire width and length of the intersection of said Vermont Street with Hayes Avenue;

Said grading of said streets, between the points hereinbefore mentioned, shall be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 63977, on file in the office of the City Clerk of said

City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction in the termination and intersection of Hayes Avenue in said Johnson Avenue, of two twelve-inch single-strength cement pipe culverts and their accessories; also the construction in said termination and intersection of two cement concrete catch-basins; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 63977.

And also, as a part of said work, the construction of one fourteen-inch double-strength cement pipe culvert and its accessories, 140 feet in length, across the said Hayes Avenue, at a point 300 feet west from the west line of Vermont Street; also the construction and two twelve-inch cement pipes leading from said catch-basins of two cement concrete catch-basins, into said culvert; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications contained in said Document No. 63977.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63977, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinance No. 3510, in said grading of and said work upon, said Johnson Avenue, Hayes Avenue and Vermont Street, between the points hereinbefore mentioned; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 63977, and said specifications contained in said Ordinance No. 3510, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work or improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

WHEREAS, it appearing to the Common Council of the City of San Diego, that a mistake was made in numbering certain lots in block Number forty-eight, of University Heights, in the diagram for the grading and performance of other work upon Madison Avenue, in the City of San Diego, California, from the East line of Park Boulevard to the west line of Louisiana Street, so that the lots numbered from 33 to 44, both inclusive, in said Block 48, were made to be numbered from 34 to 45, both inclusive; and it also appearing that Lot numbered 31, in block numbered 22, on said diagram appears as one entire lot, whereas, the said Lot numbered 31, should be divided into the North 8 1/3 feet thereof, and the South 16 2/3 feet thereof; and it appearing that the Superintendent of Streets, before the issuance of the assessment roll and diagram for said work, has corrected said diagram, so that said Lots in said block 48 above mentioned, shall be numbered from 33 to 44, both inclusive; and so that said Lot Number 31, in said block Numbered 22, shall be divided into the north 8 1/3 feet, and the south 16 2/3 feet thereof; NOW, THEREFORE,

BE IT RESOLVED, that the acts of the Superintendent of Streets and City Engineer of said City in correcting said diagram so that said lots in said Block number 48, of said University Heights, according to Map No. 558, filed in the office of the County Recorder of said County of San Diego, would appear as Lots numbered from 33 to 44, both inclusive, instead of as lots 34 to 45, both inclusive; and so that said Lot numbered 31, in said Block Numbered 22, as shown on said diagram, would be divided into the North 8 1/3 feet, and the South 16 2/3 feet, instead of being one entire lot,- are hereby ratified, approved and confirmed. And said Superintendent of Streets be, and he is hereby authorized and empowered to issue the assessment roll and diagram for said work with said corrections made on said diagram.

Arnold Avenue.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Arnold Avenue, in said City, from curb line to curb line, from the south line of University Avenue to the north line of Landis Street, including the roadway of the intersection of said Arnold Avenue with Wightman Street, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 61813, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Arnold Avenue, on both sides thereof, between the curb line of said street and the property line, from the south line of University Avenue to the north line of Landis Street, including the returns in the intersection of said Arnold Avenue with Wightman Street, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 61813.

Also, as a part of said work, the grading to the official grade thereof, of said Arnold Avenue, for the entire width of said street, from property line to property line, from the north line of Landis Street to the center line of Dwight Street, including the entire width and length of the intersections of said Arnold Avenue with all cross streets, between said points, according to the specifications contained in said Ordinance No. 3510, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 61813.

And also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Arnold Avenue, from the south line of University Avenue to the center line of Dwight Street, including the returns in all intersections of said Arnold Avenue with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 61813.

All of said plans, drawings and typical cross-sections contained in said Document No. 61813, and said specifications contained in said Ordinances No. 4400, No. 3510, and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13834, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13834.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

RESOLUTION OF INTENTION NO. 14344.

Arizona Street.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Arizona Street, in said City, from curb line to curb line, from the north line of El Cajon Avenue to the south line of Adams Avenue, and also that portion of the roadway of said Arizona Street leading into all alleys, between said points, including the roadway of all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 63950, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Arizona Street, on both sides thereof, between the curb line of said street and the property line, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 63950.

Also, as a part of said work, the construction of cement concrete sidewalks on both sides of the said Arizona Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 63950.

Also, as a part of said work, the construction of cement concrete curbing on both sides of the said Arizona Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Arizona Street with all cross streets, between said points, according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections, contained in said Document No. 63950.

And also, as a part of said work, the construction upon both sides of the said Arizona Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, of cement concrete gutters, according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections, contained in said Document No. 63950.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63950, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications

contained in said Ordinances No. 4400, No. 3510 and No. 4860, in said grading and paving of, and said work upon, said Arizona Street and said intersections of streets, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 63950, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

RESOLUTION OF INTENTION NO. 14345.

Third Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The paving, with asphalt pavement, laid upon a concrete base, of the roadway of Third Street, in said City, from curb line to curb line, from the north line of B Street to the south line of Cedar Street, including the roadway of all intersections of said Third Street with all cross streets, between said points, (excepting such portions of the said Third Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 63757, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction upon the said Third Street of the following concrete curbing, to-wit: 150 feet of concrete curbing on the west side of said Third Street, between Ash Street and Beech Street; 150 feet of concrete curbing on the east side of said Third Street, between Ash Street and Beech Street; and 150 feet of concrete curbing on the east side of said Third Street, between Beech Street and Cedar Street; according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 63757.

And also, as a part of said work, the construction of one cement concrete catch-basin on each side of the roadway of said Third Street, at the north line of B Street, as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 63757.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63757, are hereby approved and adopted as the plans, drawings and typical

cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinances No. 5000 and 4860, in said paving of, and said work upon, said Third Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 63757, and said specifications contained in said Ordinances No. 5000 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

Beginning at a point on the north line of B Street distant 100 feet east from the east line of Third Street; thence north on a line parallel to and distant 100 feet east from the east line of Third Street to the south line of Cedar Street; thence west along the south line of Cedar Street to a point distant 100 feet west from the west line of Third Street; thence south on a line parallel to and distant 100 feet west from the west line of Third Street to the north line of B Street; thence east along the north line of B Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That THE EVENING TRIBUNE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 9th day of July, 1913, by the following vote, to-wit:

RESOLUTION OF INTENTION NO. 14348.

Redwood Street.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, to the official grade thereof, of Redwood Street, in said City, for the entire width of said street, from property line to property line, from the east line of Twenty-eighth Street to the east line of Herman Avenue, produced southerly including the entire width and length of the intersections of said Redwood Street with all cross streets, between said points, (excepting the intersection of said Redwood Street with 30th Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 63949, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of one thirty-inch double-strength cement pipe culvert, 191 feet in length, together with its accessories, across the said Redwood Street, said culvert being located 58.7 feet east from the east line of 30th Street on the north line of said Redwood Street, and 92.8 feet east from the east line of 30th Street on the south line of said Redwood Street; also the construction of one twelve-inch double-strength cement pipe culvert, 168 feet in length, together with its accessories, across the said Redwood Street, said culvert being located 12 feet west from the east line of 31st Street on the north line of said Redwood Street, and 19.2 feet east from the east line of 31st Street on the south line of said Redwood Street; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 63949.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63949, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinance No. 3510, in said grading of, and said work upon, said Redwood Street, between said points; and by reference thereto, all said plans, drawings and typical cross-

sections and specifications contained in said Document No. 63949, and said specifications contained in said ordinance No. 3510, are, incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. RESOLUTION ORDERING WORK NO. 14362.

Kansas Street.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Kansas Street, in said City, from curb line to curb line, from the north line of El Cajon Avenue to the south line of Adams Avenue, and also that portion of the roadway leading into all alleys, between said points, including the roadway of all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 59852, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Kansas Street, on both sides thereof, between the curb line of said street and the property line, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510, of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 59852.

And also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Kansas Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 59852.

All of said plans, drawings and typical cross-sections contained in said Document No. 59852, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13209, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13209.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses

of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

Passed and adopted by the Common Council of the said City of San Diego, California, this 14th day of July, 1913, by the following vote, to-wit:

REFERRING WORK TO THE COMMISSIONERS IN THE MATTER OF THE IMPROVEMENT OF THIRD STREET, FROM THE NORTH LINE OF CEDAR STREET TO THE SOUTH LINE OF ELM STREET, AND OF DATE STREET, FROM THE EAST LINE OF SECOND STREET TO THE WEST LINE OF FOURTH STREET, IN THE CITY OF SAN DIEGO, CALIFORNIA.

WHEREAS, By resolution Ordering Work No. 14202, the Common Council of the City of San Diego, California, did order the following improvement, to-wit:

The grading, to the official grade thereof, of the following streets in said City of San Diego, California, to-wit:

THIRD STREET, for the entire width of said street, from property line to property line, from the north line of Cedar Street to the south line of Elm Street, including the entire width and length of the intersection of said Third Street with Date Street, (except-

ing such portions of the said Third Street and said intersection of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting a strip of land fourteen feet wide on the west side of said Third Street, between the north line of Cedar Street and a point 150 feet north from the north line of Cedar Street, already graded to the official grade); and,

DATE STREET, for the entire width of said street, from property line to property line, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said grading of said street, between the points hereinbefore mentioned, shall be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62938, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Third Street, from the north line of Cedar Street to the south line of Elm Street, including the returns at the intersection of said Third Street with Date Street, (excepting the sidewalks and curbing on the west side of said Third Street, from the north line of Cedar Street to a point 150 feet north from the north line of Cedar Street); and,

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Date Street, from the east line of Second Street to the west line of Fourth Street, (excepting the intersection of said Date Street with Third Street);

Said sidewalks and curbing to be constructed according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

Also, as a part of said work, the construction of a brick man-hole in the center of said Third Street, at the north line of Date Street, in connection with the sewer already laid in said Third Street, according to the specifications therefor, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62938.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 62938, and said specifications contained in said Ordinances No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

All of said improvements, and said work to be done under and in conformity with the "Street Improvement Act of 1909;" and,

WHEREAS, in the opinion of the Common Council damages to private property will result; and,

WHEREAS, Honorable Charles F. O'Neill, Mayor of the City of San Diego, W. M. Rumsey, City Engineer of the City of San Diego, and D. K. Adams, Superintendent of Streets of the City of San Diego, are, by virtue of said Act appointed and designated as Commissioners to assess the damages, costs and expenses of such improvements under the said Act; and,

WHEREAS, the Common Council did by said Resolution Ordering Work designate and appoint the said persons as a Commission to assess the costs, expenses and damages of such improvement under and in pursuance of said Act, NOW THEREFORE,

BE IT RESOLVED By the Common Council of the City of San Diego, as follows:

That said proposed work and improvement is hereby referred to the said Commission, and said Commission is hereby instructed to make and file with the Common Council its report touching the said improvements, in which report the said Commission shall, as soon as practicable after determining what damages will be caused by said improvement, and after^{the} signing of

the contract for the work, assess the total amount of the damages so determined, the total amount of the contract price for the doing of such work, and the total amount of the incidental expenses of such improvement, which shall include the necessary expenses and disbursements of the Commission, the costs of making the assessment, and all expenses necessarily incurred by the City in connection with the proposed improvement for maps, diagrams, plans, surveys and other matters incident thereto, upon the respective lots, or parcels of land, in the assessment district described in Resolution of Intention No. 13984, in proportion to the benefits to be received by such lots or parcels of land, respectively, from the said improvement, and shall make and file with the Clerk of this Common Council a report, in writing, containing the following:

1. A schedule describing the lots or parcels of land belonging to each petitioner for damages, and which will be damaged by said proposed improvement, stating the amount of damages to each lot or parcel of land, as determined by the Commission, and the name of the owner of each such lot or parcel of land so damaged.

2. A diagram showing the assessment district, and also the boundaries and dimensions of the respective lots or parcels of land within said district, and each of such lots or parcels of land shall be given a separate number in red ink upon said diagram.

3. A proposed assessment of the total amount of damages that will be caused by said improvement, as determined by the Commission, the total amount of the contract price for the work, and the total amount of the incidental expenses thereof, as above specified, upon the respective lots or parcels of land in said district, in proportion to the benefits to be received by such lots or parcels of land, respectively, from said improvement. Said assessment shall refer to such lots or parcels of land upon said diagram by the red ink numbers thereof, and need contain no other description thereof, and shall show the names of the owners, if known, otherwise designating them as unknown; but no mistake in the name of the owner of any lot or parcel of land shall affect the validity of the assessment thereon. In case the Commissioners do not all agree, a majority of the whole number may make such report.

After organizing, the said Commission shall fix the time and place for hearing damages, and give notice inviting claims for damages, as prescribed by the said Street Improvement Act of 1909.

The Clerk of this Common Council is hereby directed to deliver to each of said Commissioners a copy of this resolution.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 14th day of July, 1913, by the following vote, to-wit:

RESOLUTION OF INTENTION NO. 14399.

Sigsbee Street and Nineteenth Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done in said City, to-wit:

The grading, to the official grade thereof, of the following streets in said City of San Diego, to-wit:

SIGSBEE STREET, for the entire width of said street, from property line to property line, from the northeasterly line of Main Street to the south line of Sherman's Addition, (excepting all of the intersections of said Sigsbee Street with all cross streets, between said points); and,
for the entire width of said street, from property line to property line,
NINETEENTH STREET/ from the south line of N Street to the south line of Sherman's Addition.

Said grading of said streets, between the points hereinbefore mentioned, shall be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections therefor contained in Document No. 63303, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of a double re-inforced concrete culvert, 8 feet wide, and 105 feet and 6 inches long, together with its accessories, running across the said Nineteenth Street and across the said Sigsbee Street, to connect with the culvert already in the intersection of said Sigsbee Street with Kearney Avenue; according to the specifications therefor, and as shown upon the plans, drawings and typical cross-sections contained in said Document No. 63303.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63303, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinance No. 3510, in said grading of, and said work upon, said Sigsbee Street and said Nineteenth Street, between the points hereinbefore mentioned; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 63303 and said specifications contained in said Ordinance No. 3510, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds" approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

Beginning at a point on the south line of N Street distant 100 feet east of the east line of 19th Street; thence south on a line parallel to and distant 100 feet east of the east line of 19th Street to an intersection with the south line of Sherman's Addition; thence easterly along the south line of Sherman's Addition to an intersection with the center line of the alley in block 186, Mannasse & Schiller's Subdivision; thence southeasterly along the center line of said alley in said block 186 to a point distant 300 feet northwesterly from the northwesterly line of Beardsley Street; thence southwesterly on a line parallel to

and distant 300 feet northwesterly from the northwesterly line of Beardsley Street to an intersection with the northeasterly line of Main Street; thence northwesterly along the northeasterly line of Main Street to a point distant 300 feet northwesterly from the northwesterly line of Sigsbee Street; thence northeasterly on a line parallel to and distant 300 feet northwesterly from the northwesterly line of Sigsbee Street to an intersection with the south line of Sherman's Addition; thence east along the south line of Sherman's Addition to an intersection with the west line of 18th Street; thence northeasterly to the intersection of the northeasterly line of Kearney Avenue with the north and south center line of block 68, Sherman's Addition; thence north along said center line of said block 68 to an intersection with the south line of N Street; thence east along the south line of N Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

Said Sherman's Addition being according to the official map thereof No. 278, on file in the office of the County Recorder of San Diego County, California.

Said Mannasee & Schiller's Subdivision being according to the official map thereof, No. 209, on file in the said County Recorder's office.

That THE EVENING TRIBUNE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper for two days, and the notice of the passage thereof shall be published in which this Resolution of Intention shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 16th day of July, 1913, by the following vote, to-wit:

THAT THE PUBLIC INTEREST OF THE CITY OF SAN DIEGO DEMANDS CERTAIN
MUNICIPAL IMPROVEMENTS.

IT IS HEREBY RESOLVED AND DETERMINED By the Common Council of the City of San Diego, that the public interest and necessity of the said City and of the inhabitants thereof, demands the acquisition, construction and completion by said City of the following improvements of the present water system of the City of San Diego, namely:

(a) The acquisition and construction of a reinforced concrete conduit between the Morena Reservoir and Dam and the Barrett Dam Site, and a diverting dam near the said Morena Reservoir. The cost of said conduit and diverting dam is estimated at \$180,000.00.

(b) The acquisition and construction of an additional pipe line from the present main pipe line which leads from the Otay Reservoir to the City of San Diego, said additional pipe line to intersect the said original main at a point near Bonita, and to extend to a point near the City limits of said City; the cost of which said additional pipe line is estimated at \$230,000.00.

(c) The acquisition and construction of a Reservoir at the west end of the last above proposed pipe line, and which reservoir shall have a capacity of about 15,000,000 gallons; and the cost of which is estimated at \$75,000.00.

(d) The acquisition and construction of a Filtration Plant, upon the above proposed additional pipe line, adjacent to the above proposed Reservoir; the cost of which is estimated at \$60,000.00.

(e) The construction of a twenty-eight inch pipe line, between the Chollas Heights Reservoir and the said Reservoir proposed in sub-proposition (c) herein; the cost of which pipe line is estimated at \$80,000.00.

(f) The completion of the tunnels along the conduit leading from the Barrett reservoir site to Dulzura, and also the completion of the tunnels along the main pipe line from the Otay Reservoir to the Chollas Reservoir; the cost of which is estimated at \$20,000.00.

(g) The condemnation and acquisition of lands and premises for rights of way and reservoir sites, mentioned in the foregoing sub-propositions; and which is estimated at \$15,000.00.

(h) The acquisition and construction of an additional water system by means of which water may be impounded and brought from the San Diego River into the City of San Diego; the cost of which is estimated at \$75,000.00.

(i) The completion of the present water distributing system of the City of San Diego, within said City; the cost of which completion is estimated at \$125,000.00.

Engineering in connection with all of said improvements is estimated at \$50,000.00.

The whole cost of which acquisition, construction and completion of all of said improvements is estimated at nine hundred and ten thousand dollars (\$910,000.00.)

IT IS FURTHER RESOLVED AND DETERMINED, that the above described municipal improvements are, and each of them is, convenient and necessary to carry out the objects, purposes and powers of said municipality, and that the cost of said improvements, and of each thereof, will be too great to be paid out of the ordinary annual income and revenue of the municipality.

RESOLUTION OF INTENTION NO. 14435.

Alabama Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, to the official grade thereof, of Alabama Street, in said City, for the entire width of said street, from property line to property line, from the south line of University Avenue to the north line of the 1400 acre public park, including the entire width and length of all terminations of streets in said Alabama Street, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 63873, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Alabama Street, from the south line of University Avenue to the north line of the 1400 acre public park, including the returns in all terminations of streets in said Alabama Street, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 63873.

Also, as a part of said work, the construction across the said Alabama Street, at the termination of Wightman Street in said Alabama Street, of one fourteen-inch single-strength cement pipe culvert, 56 feet in length, together with its accessories; also the construction in said termination of Wightman Street in said Alabama Street, of two cement concrete catch-basins;

Also, as a part of said work, the construction across the said Alabama Street, of one thirty-inch double-strength cement pipe culvert, 110 feet in length, together with its accessories, said culvert to be located 36 feet north of the north line of Landis Street on the east side of said Alabama Street, and 7 feet north from the north line of Landis Street produced west, on the west side of said Alabama Street;

Also, as a part of said work, the construction of one fourteen-inch single-strength cement pipe culvert, 56 feet in length, said culvert commencing in the gutter on the west side of said Alabama Street, at the south line of Landis Street produced west, and running thence northwesterly to connect with the thirty-inch culvert above described;

Also, as a part of said work, the construction across the said Alabama Street, at the south line of the termination of Landis Street in Alabama Street, of one fourteen-inch single-strength cement pipe culvert, 40 feet in length, together with its accessories; also the construction in said termination of Landis Street in said Alabama Street, of two cement concrete catch-basins;

Also, as a part of said work, the construction across the said Alabama Street, at the termination of Cypress Street in said Alabama Street, of one twelve-inch double-strength cement pipe culvert, 112 feet in length, together with its accessories; also the construction in said termination of Cypress Street in said Alabama Street, of two cement concrete catch-basins;

Also, as a part of said work, the construction across the said Alabama Street, at

the termination of Myrtle Street in said Alabama Street, of one twelve-inch double-strength cement pipe culvert, 140 feet in length, together with its accessories; also the construction in said termination of Myrtle Street in said Alabama Street, of two cement concrete catch-basins;

All of said culverts and catch-basins to be constructed according to the specifications therefor, and as shown upon, said plans, drawings and typical cross-sections and specifications contained in said Document No. 63873.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 63873, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinances No. 3510 and No. 4860, in said grading of, and said work upon, said Alabama Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 63873, and said specifications contained in said Ordinances No. 3510 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

RESOLUTION ORDERING WORK NO. 14436.

University Avenue.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The paving, with asphalt pavement laid upon a concrete base, of the roadway of University Avenue, in said City, from curb line to curb line, from the east line of Park Boulevard to the easterly boundary of the City of San Diego, including the roadway of all intersections of said University Avenue with all cross streets, between said points, and also the roadway of said University Avenue leading into all alleys, between said points, and also the roadway of all terminations of streets in said University Avenue, between said points, (excepting such portions of the said University Avenue and said intersections and terminations of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting those portions of the roadway of said University Avenue, between the east line of Park Boulevard and a point 366 feet east from the east line of Park Boulevard, to be occupied by the concrete curbing, concrete sidewalk and concrete retaining walls hereinafter referred to, and also excepting a strip of land 30 feet long and 15 feet wide located 24 feet south from the north line of University Avenue

and 25 feet west from the east line of Georgia Street, and also excepting a strip of land 30 feet long and 15 feet wide, located 24 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street, and also excepting said University Avenue between a point 68 feet east from the east line of Florida Street and a point 209.3 feet east from the east line of Florida Street, to be graded as hereinafter mentioned), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60320, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

That such paving of the roadway of said University Avenue, and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most northerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; that such paving of the roadway of said University Avenue and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most southerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; and that such paving of the fifty-two foot roadway of said University Avenue, between the east line of Park Boulevard and the west line of Florida Street, including fifty-two feet of the roadway of the intersection of said University Avenue with Georgia Street, being twenty-six feet on each side of the center line of said University Avenue, shall conform to the lower roadway elevations established on said University Avenue, between Park Boulevard and Florida Street.

Also, as a part of said work, the grading, to the official grade thereof, of said University Avenue, from property line to property line, from a point 68 feet east from the east line of Florida Street to a point 209.3 feet east from the east line of Florida Street, (excepting such portions of the said University Avenue, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon); and also, the grading to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet south from the north line of University Avenue and 25 feet west from the east line of Georgia Street; and also the grading, to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street; all according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60320.

Also, as a part of said work, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet south of the north line of University Avenue between Park Boulevard and the east line of Georgia Street, and 7 feet south of the north line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street).

Also, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet north of the south line of University Avenue

between Park Boulevard and the east line of Georgia Street, and 7 feet north of the south line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street);

That said walls, and all their appertaining structures, including said gravity walls, shall be constructed of the materials, and in the manner, and as shown upon, and in all respects according to the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

Also, as a part of said work, the construction on both sides of the said University Avenue, from a point 5 feet east from the east line of Park Boulevard to a point 355 feet east from the east line of Park Boulevard, of cement concrete sidewalks and cement concrete curbing, (excepting the sidewalks in the strip of land 7 feet wide and 30 feet long, on each side of the intersection of said University Avenue with Georgia Street, to be graded as hereinbefore referred to), said sidewalks and curbing to be located immediately next to the said retaining walls on said University Avenue, and to be constructed in conformity with the lower roadway elevations established on said University Avenue, between Park Boulevard and a point 355 feet east from the east line of said Park Boulevard;

Also, the construction on both sides of the said University Avenue, from a point 355 feet east from the east line of Park Boulevard to the west line of Florida Street, including the returns in the northwest and southwest corners of the intersection of said University Avenue with Florida Street, of cement concrete sidewalks 13 feet and four inches in width, (excepting the portions of said sidewalks to be occupied by the retaining walls hereinbefore referred to); the pavement of said sidewalks to be constructed as follows, to-wit: the portions of said sidewalks lying between the property line and the retaining walls hereinbefore referred to, shall be constructed in conformity to the property line elevations established on said University Avenue; and the portions of said sidewalks lying between the said retaining walls and the curb line, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between the last named points;

Also, the construction on the east side of Georgia Street, at the intersection of University Avenue with Georgia Street, of cement concrete sidewalks and cement concrete curbing;

Also, the construction of cement concrete curbing upon the said University Avenue, on both sides thereof, between the east line of Park Boulevard and the easterly boundary of the City of San Diego, including the returns in all intersections of said University Avenue with all cross streets, between said points, and including the returns in all terminations of streets in said University Avenue, between said points, (excepting such portions of the said University Avenue and said intersections and terminations of streets, between said points, already curbed with concrete at the time of the adoption of Resolution of Intention No. 14021). That such curbing, on both sides of said University Avenue, between Georgia Street and Florida Street, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between said points.

That all of said sidewalks and curbing shall be constructed according to the specifications therefor contained in ordinance No. 4860 of the ordinances of said City, and as shown upon, and according to, the plans, drawings and typical cross-sections contained in said Document No. 60320.

Also, as a part of said work, the construction of one thirty-six inch re-inforced double-strength cement pipe culvert and its accessories, 170 feet in length, commencing in the alley in block 196 of University Heights, at a point 43 feet north from the north line of University Avenue, running thence southerly and southeasterly across said University

Avenue, a distance of 170 feet; also the construction of one eighteen-inch double-strength cement pipe culvert and its accessories, commencing at said thirty-six inch culvert, and running easterly along the south gutter line of said University Avenue a distance of 234 feet, to Catch-basin No. 1, hereinafter referred to; also the construction of one sixteen-inch double-strength cement pipe culvert and its accessories, across the roadway of said University Avenue, at a point 220 feet east from the east line of the alley in said block 196; also the construction of one twelve-inch double-strength cement pipe culvert and its accessories, commencing at Catch-basin No. 1, hereinafter referred to, at a point 220 feet east from the east line of the alley in block 257 of University Heights, and running thence easterly along the south gutter line of said University Avenue a distance of 85 feet; (excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company); also the construction of concrete catch-basin No. 1 in the gutter on the south side of said University Avenue, at a point 25 feet west from the west line of Alabama Street; and also the construction of concrete catch-basin, No. 2, in the gutter at the northeast corner of the intersection of University Avenue and Alabama Street; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

And also, as a part of said work, the construction in the said University Avenue, of the following re-inforced concrete culverts, to-wit:

One twenty-four inch re-inforced concrete culvert and its accessories, commencing in the gutter at the southeast corner of the intersection of University Avenue with Arizona Street, running thence northeasterly across said University Avenue to the gutter at the northwest corner of the intersection of said University Avenue with Arizona Street;

One twenty-four inch re-inforced concrete culvert and its accessories across the said University Avenue, at the termination of Arnold Street in said University Avenue;

One twenty-four inch re-inforced concrete culvert and its accessories commencing in the gutter at the northeast corner of the intersection of said University Avenue with Idaho Street, running thence southeasterly and southerly across said University Avenue;

One twenty-four inch re-inforced concrete culvert and its accessories commencing in the gutter at the northwest corner of the intersection of said University Avenue with Ohio Street, running thence southwesterly and southerly across said University Avenue to the intersection of the east gutter line of Ray Street with the south line of University Avenue;

(excepting portions of said culverts extending across and under the railway tracks of the San Diego Electric Railway Company);

All as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 60320, and said specifications contained in said Ordinances No. 5000, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 14021, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 14021.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be

payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

Passed and adopted by the Common Council of the said City of San Diego, California, this 21st day of July, 1913, by the following vote, to-wit:

RESOLUTION ORDERING WORK NO. 14438.

Illinois Street.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Illinois Street, from curb line to curb line, from the north line of University Avenue to the south line of El Cajon Avenue, and also that portion of the roadway of said Illinois Street leading into all alleys, between said points, including the roadway of all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 62406, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Illinois Street, on both sides thereof, between the curb line of said street and the property line, from the north line of University Avenue to the south line of El Cajon Avenue, including the returns in all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the

ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 62406.

And also, as a part of said work, the construction of cement concrete curbing on both sides of the said Illinois Street, from the north line of University Avenue to the south line of El Cajon Avenue, including the returns in all intersections of said Illinois Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 62406.

All of said plans, drawings and typical cross-sections contained in said Document No. 62406, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13985, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13985.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. RESOLUTION ORDERING WORK NO. 14439.

J Street.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, to the official grade thereof, of J Street, in said City, for the entire width of said street, from property line to property line, from the east line of 30th Street to the west line of 32nd Street, (excepting the intersection of said J Street with 31st Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans and drawings contained in Document No. 62937, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction across the said J Street, at a point 200 feet east from the east line of 30th Street, of one twelve-inch cement pipe culvert and its accessories, said culvert commencing in said J Street, at a point 14 feet south of the north line of said J Street, and running thence southerly a distance of 380 feet to connect with the old cement box already constructed in K Street; also the construction of a cement concrete catch-basin on each side of the said J Street, at a point 200 feet east from the east line of 30th Street; all as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 62937.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 62937, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 14018, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 14018.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Juniper Street.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the street work hereinafter described be done, and therefore the said Common Council hereby orders the following street work to be done, to-wit:

The grading, to the official grade thereof, of Juniper Street, in said City, for the entire width of said street, from property line to property line, from the east line of California Street to the west line of Fourth Street, including the entire width and length of the intersections of said Juniper Street with Arctic Street, Curlew Street and Third Street, (excepting such portions of the said Juniper Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting the intersections of said Juniper Street with India Street, Columbia Street, State Street, Union Street, Brant Street, Albatross Street, Front Street, First Street and Second Street), according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans and drawings therefor contained in Document No. 59438, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction across the said Juniper Street, at a point 78 feet west from the southwest corner of the intersection of said Juniper Street with Fourth Street, of an eight-inch corrugated pipe culvert, 158 feet in length, as shown upon and according to, the plans, drawings and specifications therefor contained in said Document No. 59438.

All of said plans, drawings and specifications contained in said Document No. 59438, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13948, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13948.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second

day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent, per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

Passed and adopted by the Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

RESOLUTION OF INTENTION NO. 14495.

Second Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The paving, with asphalt pavement, laid upon a concrete base, of the roadway of Second Street, in said City of San Diego, from curb line to curb line, from the south line of Walnut Avenue to a point 140 feet south of the south line of Quince Street, including the roadway of all intersections of said Second Street with all cross streets, between said points, (excepting such portions of the said Second Street and said intersections of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 64804, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

All of said plans, drawings and typical cross-sections contained in said Document No. 64804, are hereby approved and adopted as the plans, drawings and typical cross-sections to be followed, in connection with the specifications contained in said Ordinance No. 5000, in said paving of, and said work upon, said Second Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections contained in said Document No. 64804, and said specifications contained in said Ordinance No. 5000, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an

even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date; until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. RESOLUTION OF INTENTION NO. 14497.

Willow Street, between Dumas and Olyphant Streets, Roseville.

BE IT RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Willow Street, in Roseville, in said City, from curb line to curb line, from the southwesterly line of Dumas Street to the southwesterly line of Olyphant Street, including the roadway of all intersections of said Willow Street with all cross streets, between said points, as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in Document No. 64768, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Willow Street, on both sides thereof, between the curb line of said street and the property line, from the southwesterly line of Dumas Street to the southwesterly line of Olyphant Street, including the returns in all intersections of said Willow Street with all cross streets, between said points, as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 64768.

Also, as a part of said work, the construction of cement concrete curbing and cement concrete gutters on both sides of the said Willow Street, from the southwesterly line of Dumas Street to the southwesterly line of Olyphant Street, including the returns in all intersections of said Willow Street with all cross streets, between said points, as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 64768.

Also, as a part of said work, the construction across the said Willow Street, at the intersection of said Willow Street with Alcott Street, of one sixteen-inch double-strength cement pipe culvert, 170 feet in length, together with its accessories; also the construction of two cement concrete catch-basins, and two ten-inch cement pipes leading from said catch-basins into said culvert;

Also, as a part of said work, the construction across the said Willow Street, at the intersection of said Willow Street with Younge Street, of one sixteen-inch double-strength cement pipe culvert, 130 feet in length, together with its accessories; also the construction of two cement concrete catch-basins, and two twelve-inch cement pipes leading from said catch-basins into said culvert;

Also, as a part of said work, the construction across the said Willow Street, of one fourteen-inch double-strength cement pipe culvert, 148 feet in length, together with its accessories, said culvert to be located 28 feet northeasterly from the northeasterly line of

Voltaire Street on the southeasterly side of said Willow Street, and 55 feet northeasterly from the northeasterly line of Voltaire Street on the northwesterly side of said Willow Street;

Also, as a part of said work, the construction across the said Willow Street, of one fourteen-inch double-strength cement pipe culvert, 175 feet in length, together with its accessories, said culvert to be located 108 feet southwesterly from the southwesterly line of Sterne Street on the southeasterly side of said Willow Street, and 80 feet southwesterly from the southwesterly line of Sterne Street on the northwesterly side of said Willow Street;

All of said culverts, and their accessories, and said catch-basins to be constructed as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 64768.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 64768, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed in said grading and paving of, and said work upon, said Willow Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 64768, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. RESOLUTION OF INTENTION NO. 14499.

Park Boulevard.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The paving with asphalt pavement, laid upon a concrete base, of the roadway of Park Boulevard, in said City, from curb line to curb line, from the north line of University Avenue to the north line of El Cajon Avenue, produced westerly, including the roadway of all intersections of said Park Boulevard with all cross streets, between said points, and also in-

cluding the roadway of all terminations of streets in said Park Boulevard, between said points, according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 64766, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of concrete curbing upon the said Park Boulevard, on both sides thereof, from the north line of University Avenue to the north line of El Cajon Avenue produced westerly, including the returns in all intersections of said Park Boulevard with all cross streets, between said points, and also including the returns in all terminations of streets in said Park Boulevard, (excepting such portions of the said Park Boulevard and said intersections and terminations of streets, between said points, already curbed with concrete at the time of the adoption of this resolution of intention), according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and as shown upon said plans, drawings and typical cross-sections contained in said Document No. 64766.

All of said plans, drawings and typical cross-sections contained in said Document No. 64766, are hereby approved and adopted as the plans, drawings and typical cross-sections to be followed in connection with the specifications contained in said Ordinance No. 5000 and No. 4860, in said paving of, and said work upon, said Park Boulevard, between said points; and by reference thereto, all said plans, drawings and typical cross-sections contained in said Document No. 64766, and said specifications contained in said Ordinances No. 5000 and No. 4860, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds", approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

RESOLUTION OF INTENTION NO. 14500.

Upas Street.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following street work to be done, to-wit:

The paving, with asphalt pavement, laid upon a concrete base, of the roadway of Upas Street, in said City, from curb line to curb line, from the east line of First Street to the west line of Fifth Street, including the roadway of the intersection of said Upas Street with Third Street, (excepting the intersections of said Upas Street, with Second Street and Fourth Street), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon the plans, drawings and typical cross-sections contained in Document No. 64851, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction on the north side of said Upas Street, at the intersection of said Upas Street with Third Street, of one twenty-four inch reinforced concrete culvert and its accessories, as shown upon, and according to, the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 64851.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 64851, are hereby approved and adopted as the plans, drawings and typical cross-sections and specifications to be followed, in connection with the specifications contained in said Ordinance No. 5000, in said paving of, and said work upon, said Upas Street, between said points; and by reference thereto, all said plans, drawings and typical cross-sections and specifications contained in said Document No. 64851, and said specifications contained in said Ordinance No. 4111, are incorporated herein and made a part hereof.

The said Common Council hereby determines that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January; every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled,

"An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council hereby determines that said serial bonds shall be issued to represent the expenses of said work or improvement.

That the contemplated work of improvement, hereinbefore mentioned, is in the opinion of said Common Council of more than local and ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Common Council does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to-wit: All that real property in the said City of San Diego, included within the following exterior boundary lines, to-wit:

Beginning at a point on the east line of First Street distant 100 feet north from the north line of Upas Street; thence east on a line parallel to and distant 100 feet north from the north line of Upas Street to an intersection with the west line of Fifth Street; thence south along the west line of Fifth Street to a point distant 150 feet south from the south line of Upas Street; thence west on a line parallel to and distant 150 feet south from the south line of Upas Street to an intersection with the east line of First Street; thence north along the east line of First Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

That THE EVENING TRIBUNE, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, be and it is hereby designated as the newspaper in which this Resolution of Intention shall be published for two days, and the notice of the passage thereof shall be published for six days in the manner and by the persons required by law.

That the Clerk of the said City of San Diego be and he is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Common Council, and to cause the same to be published by two insertions in said daily newspaper in the manner required by law.

That the Street Superintendent of the said City of San Diego shall thereupon cause to be conspicuously posted along the line of the said contemplated work, above described, notices of the passage of this resolution, in the manner and in the form required by law and shall also cause a notice similar in substance to be published for six days in said daily newspaper in the manner required by law.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

RESOLUTION OF AWARD NO. 14514.

Eagle Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 21st day of July, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, to the official grade thereof, of Eagle Street, in said City, for the entire width of said street, from property line to property line, from the north line of Sutter Street to the south line of Mission Street, including the entire width and length of the intersections of said Eagle Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon the plans and drawings contained in Document No. 62360, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

And as a part of said work, the construction of one twelve-inch double-strength concrete pipe culvert and its accessories, across said Eagle Street at a point distant 58 feet south of the south line of Market Street, said culvert commencing at a point 10 feet east of the west line of Eagle Street, and running easterly a distance of 80 feet; also the construction of two cement concrete catch-basins, and one ten-inch cement pipe leading from Catch-basin No. 2 into said culvert; all according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 62360.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 62360, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13832, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13832.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To M. D. Goodbody at the prices specified in his bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 1 cent; embankment, per cubic yard, 42 cents; culverts, \$107.00.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said

principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Benbough, Fay and Adams.

NOES---NONE.

ABSENT-COUNCILMAN Manney.

D. K. Adams,

President of the Common Council of the City of
San Diego, California.

The foregoing Resolution of Award was thereupon approved by the said Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Benbough, Fay and Adams.

NOES---NONE.

ABSENT-COUNCILMAN Manney.

being a three-fourths vote of said Common Council.

RESOLUTION OF AWARD NO. 14515.

Tenth Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 21st day of July, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, to the official grade thereof, of Tenth Street, in said City, for the entire width of said street, from property line to property line, from the south line of University Avenue to a point 20 feet north from the north line of Pennsylvania Avenue produced west, including the entire width and length of the intersections of said Tenth Street with all cross streets, between said points, and also including the entire width and length of all terminations of streets, in said Tenth Street, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 61597, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the construction of a sixteen-inch double-strength cement pipe culvert and its accessories, along the west gutter line of said Tenth Street,

commencing at a point 15 feet south from the south line of University Avenue, and running southerly a distance of 95 feet; also the construction of one fourteen-inch double-strength cement pipe culvert and its accessories along the west gutter line of said Tenth Street, commencing at the south line of University Avenue, and running thence southerly a distance of 15 feet, to connect with said sixteen-inch cement pipe culvert; also the construction of a fourteen-inch double-strength cement pipe culvert and its accessories, across the said Tenth Street, commencing at the gutter line at the southeast corner of the intersection of said Tenth Street with University Avenue; running thence southwesterly across said Tenth Street a distance of 63 feet to a point 15 feet southerly from the south line of University Avenue, to connect with said sixteen-inch cement pipe culvert; also the construction of one ten-inch corrugated iron culvert, 60 feet in length, across the said Tenth Street, at a point 112.8 feet south from the south line of University Avenue; also the construction of one sixteen-inch double-strength cement pipe culvert and its accessories, said culvert commencing at the catch-basin in the gutter at the intersection of said Tenth Street with Ninth Street, running thence southwesterly a distance of 56 feet; also the construction in said Tenth Street of four cement concrete catch-basins, said catch-basins to be located as follows: one on each side of the roadway of said Tenth Street at the south line of University Avenue; and one on each side of the roadway of said Tenth Street, at a point 112.8 feet south from the south line of University Avenue; all according to, and as shown upon, the plans, drawings and typical cross-sections and specifications contained in said Document No. 61597.

All of said plans, drawings and typical cross-sections and specifications contained in said Document No. 61597, and said specifications contained in said Ordinance No. 3510, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13831, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13831.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To C. L. Hyde Construction Company at the prices specified in its bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 45 cents; embankment, per cubic yard, 45 cents; all culverts and accessories, \$375.00.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of

Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

GRANTING PERMISSION TO PROPERTY OWNER TO GRADE
PORTION OF 28th STREET BY PRIVATE CONTRACT.

BE IT RESOLVED By the Common Council of the City of San Diego, California, as follows:

That in pursuance of a petition therefor, as contained in Document No. 64639, on file in the office of the City Clerk of the City of San Diego, H. L. Moody, be and he is hereby granted permission to grade Twenty-eighth Street, in said City, between the south line of Thorn Street and a point 270 feet south of the south line of Thorn Street, to its full width, and to its official grade, by private contract, at his own expense. Said work to be done according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City.

In case any electric poles or apparatus, or any public service pipes or conduits are encountered in the course of such private improvement, the person making such improvement shall serve notice upon the person, company or corporation owning or controlling such public utilities, to lower, remove or protect the same before such private improvement shall be made.

Provided, that as a part of said work, said property owner shall construct and install sufficient and proper fences, guards and barriers to safeguard said street, and shall also construct all necessary conduits, drains, pipes, catch-basins and gutters for the proper drainage of said street, between said points.

That all of said work shall be done under the direction and to the satisfaction of the Superintendent of Streets of said City, and all surplus dirt shall be deposited at the places designated by said Superintendent of Streets.

That said work shall be commenced on or before the 1st day of August, 1913, and shall be fully completed on or before the 1st day of November, 1913.

RESOLVED By the Common Council of the City of San Diego, as follows:

That the public interest, convenience and necessity of the City of San Diego, California, and the inhabitants thereof, require the construction and maintenance of a public sewer through Pueblo Lot 1152 of the Pueblo Lands of the City of San Diego, as shown on the map of said Pueblo Lands made by James Pascoe in 1870, and on file with the City Clerk of the City of San Diego.

That the public interest and convenience of the City of San Diego and the inhabitants thereof require the taking and acquiring for the construction of said sewer of a right of way or easement twelve and one-half (12-1/2) feet wide across the property hereinafter described, for the purpose of constructing and maintaining a sewer across, over and through said property.

That the property hereinabove referred to is described as that portion of the southwest quarter of Lot 1152 of the Pueblo Lands of the City of San Diego, according to the Pascoe Map thereof, particularly described as follows:

Commencing at the southeast corner of the southwest quarter of Pueblo Lot 1152; thence west along the south line of said Pueblo Lot 15 chains; thence north 6-2/3 chains; thence east 15 chains to the east line of the southwest quarter of said Pueblo Lot; thence south 6-2/3 chains to the point of commencement, excepting therefrom the following described parcels, to-wit:

1. Commencing at a point on the south line of Pueblo Lot 1152, 15 chains west of the southeast corner of the southwest quarter of said Pueblo Lot; thence east 230 feet; thence north 26° 30' west 100 feet; thence north 13° 45' west 143 feet; thence north 87° 50' west 100 feet; thence south 47° 30' west 71 feet; thence south 185 feet to the point of commencement.

2. Commencing at a point 440 feet north and 990 feet west of the southeast corner of the southwest quarter of said Pueblo Lot 1152, said point of commencement being the northwest quarter of that tract of land conveyed by Owen McCaughey to Juliermo Varni, by deed recorded in Book 32, page 462, of Deeds, Records of San Diego County; thence east along the north line of the land so conveyed, 167.5 feet; thence south 40° 47' east, 118.5 feet; thence south 86° 21' west 178 feet, to the west line of said Varni Tract; thence north along the said west line 129.4 feet, to the point of commencement.

That the right of way or easement desired across said property is 6.25 feet on each side of the following described center line, to-wit:

Commencing at the intersection of the center line of Felton Street with the south line of Pueblo Lot 1152, said point being 534.95 feet west of the southeast corner of the

southwest quarter of Pueblo Lot 1152; thence running northerly on an angle of 1° 34' to the right from the center line of said Felton Street a distance of 440.07 feet to a point on the north line of the Yarni property, said point being 440 feet north and 526.83 feet west from the said southeast corner of the southwest quarter of Pueblo Lot 1152.

That the City Attorney of the City of San Diego is hereby ordered to commence an action in the Superior Court of the County of San Diego, State of California, for the purpose of condemning and acquiring said right of way above mentioned and referred to.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

RESOLUTION NO. 14519.

RESOLVED By the Common Council of the City of San Diego, as follows:

That after full hearing in the matter of the appeal of Sylvester Artley, et al., filed in the office of the City Clerk of the City of San Diego, California, on the 25th day of June, 1913, from the Superintendent of Street's assessment in the matter of grading and otherwise improving Twenty-ninth Street, in said City, from the north line of Seaman & Choate's Addition to the north line of South Park Addition, as per Resolution of Intention No. 11655, adopted September 4, 1912, this Common Council now finds and decides that said assessment was and is incorrectly made and inequitably distributed over the lots and parcels of land within the assessment district, as delineated in said Resolution of Intention, in this:

That any sum in excess of one mill to the square foot assessed against the fractions inclusive, of lots 13 to 24, in block 64; 13 to 24, inclusive, in block 59; 13 to 24, inclusive, in block 54; 13 to 24, inclusive, in block 49; 13 to 24, inclusive, in block 44; 13 to 24, inclusive, in block 39; and 20 to 24, inclusive, in block 7; all in Seaman & Choate's Addition, to said City, and included in said assessment district, is incorrectly and inequitably assessed against said fractions of lots; and that any sum assessed against lot 5, in block 7, in said addition, in excess of \$16.75, and any sum assessed against lot 20, in block 8, in said Addition, in excess of \$16.75, is incorrectly and inequitably assessed against said Lots 5 and 20, and that such excess assessments against said fractions of lots and against said lots 5 and 20, should be assessed against the remaining lots and lands within the said assessment district, exclusive of the said fractions of lots, and exclusive of said lots 5 and 20.

BE IT FURTHER RESOLVED, that the aforesaid appeal be, and the same is hereby sustained, and that the Superintendent of Street's assessment for the said work and improvement issued on the 19th day of June, 1913, be, and the same is hereby set aside, and that said Superintendent of Streets of said City of San Diego be, and he is hereby instructed and directed to make and issue a new warrant, assessment and diagram in the matter of said work and improvement, to conform to the decision of this Common Council hereinbefore expressed in relation thereto.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 28th day of July, 1913, by the following vote, to-wit:

RESOLUTION OF AWARD NO. 14568.

Kansas Street.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 28th day of July, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Kansas Street, in said City, from curb line to curb line, from the north line of El Cajon Avenue to the south line of Adams Avenue, and also that portion of the roadway leading into all alleys, between said points, including the roadway of all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 59852, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Kansas Street, on both sides thereof, between the curb line of said street and the property line, from the north line of El Cajon Avenue to the south line of Adams Avenue, including

the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said city, and according to, and as shown upon, said plans, drawings and typical cross-sections contained in said Document No. 59852.

And also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Kansas Street, from the north line of El Cajon Avenue to the south line of Adams Avenue, including the returns in all intersections of said Kansas Street with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 59852.

All of said plans, drawings and typical cross-sections contained in said Document No. 59852, and said specifications contained in said ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13209, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13209.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To Homer Reed & Frank Doran, at the prices specified in their bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 33-1/3 cents; embankment, per cubic yard, 2 cents; paving, per square foot, \$.034; cement sidewalk, per square foot, 11-1/2 cents; cement curb, per lineal foot, 37-1/2 cents.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 4th day of August, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough and Adams.

NOES---NONE.

ABSENT-COUNCILMAN Fay.

D. K. Adams,

President of the Common Council of the City of

RESOLUTION OF AWARD. NO. 14570.

Arnold Avenue.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 21st day of July, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The grading, and paving with decomposed granite, to the official grade thereof, of the roadway of Arnold Avenue, in said City, from curb line to curb line, from the south line of University Avenue to the north line of Landis Street, including the roadway of the intersection of said Arnold Avenue with Wightman Street, according to the specifications therefor contained in Ordinance No. 4400 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 61813, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

Also, as a part of said work, the grading to the official grade thereof, of said Arnold Avenue, on both sides thereof, between the curb line of said street and the property line, from the south line of University Avenue to the north line of Landis Street, including the returns in the intersection of said Arnold Avenue with Wightman Street, according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 61813.

Also, as a part of said work, the grading to the official grade thereof, of said Arnold Avenue, for the entire width of said street, from property line to property line, from the north line of Landis Street to the center line of Dwight Street, including the entire width and length of the intersections of said Arnold Avenue with all cross streets, between said points, according to the specifications contained in said Ordinance No. 3510, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 61813.

And also, as a part of said work, the construction of cement concrete sidewalks and cement concrete curbing on both sides of the said Arnold Avenue, from the south line of University Avenue to the center line of Dwight Street, including the returns in all intersections of said Arnold Avenue with all cross streets, between said points, according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in said Document No. 61813.

All of said plans, drawings and typical cross-sections contained in said Document No. 61813, and said specifications contained in said Ordinances No. 4400, No. 3510 and No. 4860, are, by reference thereto, incorporated herein and made a part hereof.

The costs and expenses of said work and improvement are to be assessed upon the district which is more particularly described in Resolution of Intention No. 13834, on file in the office of the City Clerk of said City.

For further particulars, and a description of said assessment district, reference is hereby made to said Resolution of Intention No. 13834.

The said Common Council hereby rejects all of said proposals or bids, except the next herein mentioned, and hereby awards the contract for said work to the lowest, regular, responsible bidder, to-wit: To Homer Reed & Frank Doran, at the prices specified in their bid for said work, on file in the office of the Clerk of said City, to-wit: Excavation, per cubic yard, 48 cents; embankment, per cubic yard, 2 cents; paving, per square foot, \$.046; cement sidewalk, per square foot, 11 cents; cement curb, per lineal foot, 38 cents.

The Clerk of said City of San Diego is hereby directed to post a notice of this award conspicuously for five days on or near the chamber door of the said Common Council, and also to cause said notice to be published for two days in The Evening Tribune, a daily newspaper published and circulated, and of general circulation, in the said City of San Diego, and hereby designated for that purpose.

The said Common Council determined that serial bonds bearing interest at the rate of seven per cent. per annum shall be issued to represent assessments of twenty-five dollars or over for the cost of said work or improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding their date, and an even annual proportion of the principal sum thereof shall be payable by coupon, on the second day of January, every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to Provide a System of Street Improvement Bonds to Represent Certain Assessments for the Cost of Street Work and Improvement Within Municipalities, and also for the Payment of such Bonds," approved February 27th, 1893, and of all acts supplementary thereto, or amendatory thereof. And said Common Council determined that said serial bonds shall be issued to represent the expenses of said work or improvement.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 4th day of August, 1913, by the following vote, to-wit:

AYES---COUNCILMEN Schmidt, Manney, Benbough and Adams.

RESOLUTION ORDERING WORK NO. 14608.

Sewer in Fifth Street.

RESOLVED By the Common Council of the City of San Diego, California, that the public interest and convenience of said City require that the work and improvement hereinafter described be done and made, and therefore the said Common Council hereby orders the following work to be done, to-wit:

The construction of a salt glazed vitrified pipe sewer, together with the necessary manholes and accessories, in Fifth Street, in the City of San Diego, California, from the manhole in the present sewer line at the intersection of Fifth Street with K Street to the manhole in the present sewer line at the intersection of Fifth Street with Ash Street, according to the plans and specifications therefor contained in Document No. 63831, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

All of said plans and specifications contained in said Document No. 63831, are, by reference thereto, incorporated herein and made a part hereof.

All of said improvements, and said work to be done under and in conformity with that certain Act of the Legislature of the State of California, known as the "Vrooman Act."

The EVENING TRIBUNE, a daily newspaper published and circulated and of general circulation in said City of San Diego, is hereby designated as the newspaper in which this Resolution Ordering Work, and the notice of said work inviting sealed proposals for doing the same, shall be published, in the manner and form, and by the persons required by law.

The Clerk of the said City of San Diego is hereby directed to post conspicuously for five days, on or near the chamber door of the said Common Council, in the manner and form required by law, a notice with specifications inviting sealed proposals or bids for doing said work; and said Clerk is hereby directed to publish, for two days in said newspaper in the manner and form required by law, a notice of said work, inviting sealed proposals or bids for doing the said work, and referring to the specifications posted or on file. Said notice shall require either a certified check or bond, as prescribed by law, for an amount not less than ten per cent. of the aggregate of the proposal.

Said Clerk of the said city of San Diego is also directed to publish for two days in said newspaper, in the manner required by law, this resolution ordering work.

RESOLUTION OF INTENTION NO. 14668.

H Street Lighting No. 1.

RESOLVED, that it is the intention of the Common Council of the City of San Diego, California, to order the following improvement to be made within said City, to-wit:

The installation upon the sidewalks on both sides of H Street, in and along the curb line of said sidewalks, between the east line of State Street and the west line of Sixteenth Street, in said City of San Diego, of ornamental iron posts, carrying clusters of incandescent lights, for the lighting of said H Street, between said points.

Also, the installation on both sides of said H Street, between said points, of underground conduits and electric wires, for the purpose of furnishing electric current for the lighting of said street.

Also, the furnishing of electric current for the lighting of said H Street, between said points, together with the maintenance of the said posts, wires, conduits and lamps thereon. Such furnishing of electric current, and such maintenance of appliances shall be for the period of one year from and after the date of the contract for the same.

Said work of improvement shall be done in all respects according to, and at the places shown by, and of the materials provided for in, the plans and specifications therefor to be hereafter prepared by the City Engineer of said City, and furnished to this Common Council, as hereinafter set forth.

That the exterior boundaries of the district in said City of San Diego to be benefited by said improvement, and to be assessed to pay the costs and expenses thereof, and to be known as the assessment district, are hereby specified as follows, to-wit:

Beginning at a point on the east line of State Street distant 50 feet south from the south line of H Street; thence east along a line parallel to and distant 50 feet south from the south line of H Street to the east line of Horton's Addition; thence south to a point distant 50 feet south from the south line of H Street in Sherman's Addition; thence east along a line parallel to and distant 50 feet south from the south line of H Street to the west line of 16th Street; thence north along the west line of 16th Street to a point distant 50 feet north from the north line of H Street; thence west along a line parallel to and distant 50 feet north from the north line of H Street in Sherman's Addition to the east line of Horton's Addition; thence north to a point 50 feet distant from the north line of H Street in Horton's Addition; thence west along a line parallel to and distant 50 feet north from the

north line of H Street to the east line of State Street; thence south along the east line of State Street to the point or place of beginning; excepting therefrom all public streets, roads, alleys, avenues and highways.

Said Common Council does hereby order that one-fifth of the costs and expenses of said improvement of furnishing electric current and maintenance of appliances shall be paid out of the Treasury of said City, from the Street Light Fund of said City, and the entire costs and expenses of the installation of said ornamental iron posts, and four-fifths of the costs and expenses of furnishing said electric current and maintenance of appliances shall be assessed upon the said district.

That the proposed improvement is hereby referred to the City Engineer of said city, and said City Engineer is hereby directed to make and file, with the Clerk of said Common Council, a report, in writing, presenting the following:

1. Plans and specifications for the work required in order to make said improvements;
2. An estimate of the cost of said improvement and of the incidental expenses in connection therewith;
3. A diagram showing the district above referred to, and also the boundaries and dimensions of the respective subdivisions of the land within said district, each of which subdivisions shall be given a separate number in red ink upon said diagram.
4. A proposed assessment of the total amount of the costs and expenses of the proposed improvement upon the several subdivisions of land in said district in proportion to the estimated benefits to be received by such subdivisions, respectively, from said improvement; provided, that whenever any portion or percentage of the cost and expenses of such improvement is ordered to be paid out of the treasury of the municipality, as hereinabove provided, the amount of such portion or percentage shall first be deducted from the total estimated cost and expenses of such improvement, and the assessment upon property, proposed in said report, shall include only the remainder of said estimated costs and expenses. Said assessment shall refer to such subdivisions upon said diagram by the respective red ink numbers thereof, and shall show the names of the owners, if known, otherwise designating them as unknown. No mistake in the name of the owner of any parcel of land shall affect the validity of the assessment thereon.

This proceeding shall be designated as "H Street Lighting No. 1."

APPOINTING TIME AND PLACE FOR HEARING PROTESTS, AND DIRECTING

CLERK TO GIVE NOTICE OF SAID HEARING.

WHEREAS, the City Engineer of the City of San Diego, California, having made and filed on the 4th day of August, 1913, with the Clerk of the Common Council of said City of San Diego, a report, in writing, as required by Resolution of Intention No. 13765, adopted by said Common Council on the 5th day of May, 1913, and on file in the office of the City Clerk of said City, and said Clerk having presented the said report to said Common Council for consideration, and said report appearing in all particulars to be in the form and substance required by law, NOW THEREFORE,

BE IT RESOLVED, by the Common Council of the City of San Diego as follows:

That Wednesday, the 3rd day of September, 1913, at two o'clock in the afternoon of said day, and the Council Chamber on the fourth floor of the City Hall, situate on the southwest corner of Fifth and G Street, in said City of San Diego, be, and the same hereby are, appointed as the time and place for hearing protests in relation to the following proposed improvement, to-wit:

The installation upon the sidewalks on both sides of F Street, in and along the curb line of said sidewalks, between the east line of Columbia Street and the west line of Ninth Street, in said City of San Diego, (excepting upon the south side of said F Street, between Union Street and State Street), of ornamental iron posts, carrying clusters of incandescent lights, for the lighting of said F Street, between said points.

Also, the installation on both sides of said F Street, between the east line of Columbia Street and the west line of Ninth Street, (excepting on the south side of said F Street, between Union Street and State Street), of underground conduits and electric wires, for the purpose of furnishing electric current for the lighting of said Street.

Also, the furnishing of electric current for the lighting of said F Street, between the east line of Columbia Street and the west line of Ninth Street, (excepting on the south side of said F Street, between Union Street and State Street), together with the maintenance of the posts, wires, conduits and lamps thereon. Such furnishing of electric current, and such maintenance of appliances shall be for the period of one year from and after the date of the contract for the same.

All of said work shall be done strictly in accordance with the plans and specifications contained in the report of the City Engineer of said City, being Document No. 65750, on file in the office of the City Clerk of said City of San Diego.

And said Clerk of said Common Council is hereby directed to cause to be conspicuously posted along all streets and parts of streets within the assessment district described in said Resolution of Intention, notices of the passage of said Resolution of Intention, and of the filing of said report, in the manner and in the form required by law, and shall also cause a notice similar in substance to be published for a period of two days in The Evening Tribune, a daily newspaper published and circulated in said City of San Diego; said newspaper being hereby designated by said Common Council for that purpose.

And said Clerk is hereby further directed to post and publish the said notice, as above provided, at least ten days before the date set for the hearing of said protests.

RESOLUTION OF AWARD NO. 14679.

University Avenue.

RESOLVED, that the Common Council of the City of San Diego, California, having in open session on the 4th day of August, 1913, opened, examined and publicly declared all sealed proposals or bids offered for doing the following work, to-wit:

The paving, with asphalt pavement laid upon a concrete base, of the roadway of University Avenue, in said City, from curb line to curb line, from the east line of Park Boulevard to the easterly boundary of the City of San Diego, including the roadway of all intersections of said University Avenue with all cross streets, between said points, and also the roadway of said University Avenue leading into all alleys, between said points, and also the roadway of all terminations of streets, in said University Avenue, between said points, (excepting such portions of the said University Avenue and said intersections and terminations of streets, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon, and also excepting those portions of the roadway of said University Avenue, between the east line of Park Boulevard and a point 366 feet east from the east line of Park Boulevard, to be occupied by the concrete curbing, concrete sidewalk and concrete retaining walls hereinafter referred to, and also excepting a strip of land 30 feet long and 15 feet wide located 24 feet south from the north line of University Avenue and 25 feet west from the east line of Georgia Street, and also excepting a strip of land 30 feet long and 15 feet wide, located 24 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street, and also excepting said University Avenue between a point 68 feet east from the east line of Florida Street and a point 209.3 feet east from the east line of Florida Street, to be graded as hereinafter mentioned), according to the specifications therefor contained in Ordinance No. 5000 of the ordinances of said City, and according to, and as shown upon, the plans, drawings and typical cross-sections contained in Document No. 60320, on file in the office of the City Clerk of said City, and copies of which are on file in the office of the City Engineer of said City.

That such paving of the roadway of said University Avenue, and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most northerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; that such paving of the roadway of said University Avenue and the roadway of the intersection of said University Avenue with Georgia Street, between the concrete retaining wall hereinafter referred to and the most southerly curb line of said University Avenue, between the east line of Park Boulevard and the east curb line of said

Georgia Street, shall conform to the elevations of the property line grades established on said University Avenue, between the last named points; and that such paving of the fifty-two foot roadway of said University Avenue, between the east line of Park Boulevard and the west line of Florida Street, including fifty-two feet of the roadway of the intersection of said University Avenue with Georgia Street, being twenty-six feet on each side of the center line of said University Avenue, shall conform to the lower roadway elevations established on said University Avenue, between Park Boulevard and Florida Street.

Also, as a part of said work, the grading, to the official grade thereof, of said University Avenue, from property line to property line, from a point 68 feet east from the east line of Florida Street to a point 209.3 feet east from the east line of Florida Street, (excepting such portions of the said University Avenue, between said points, required by law to be kept in order or repair by any person or company having railroad tracks thereon); and also, the grading to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet south from the north line of University Avenue and 25 feet west from the east line of Georgia Street; and also the grading, to the official grade thereof, of a strip of land 30 feet long and 7 feet wide, located 33 feet north from the south line of University Avenue and 15 feet west from the east line of Georgia Street; all according to the specifications therefor contained in Ordinance No. 3510 of the ordinances of said City, and according to, and as shown upon, the said plans, drawings and typical cross-sections contained in said Document No. 60320.

Also, as a part of said work, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet south of the north line of University Avenue between Park Boulevard and the east line of Georgia Street, and 7 feet south of the north line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street);

Also, the construction in the said University Avenue, between a point 5 feet east from the east line of Park Boulevard and a point 15 feet west from the west line of Florida Street, of a re-inforced concrete retaining wall and its appertaining structures, including gravity walls, said wall to be located 32 feet north of the south line of University Avenue between Park Boulevard and the east line of Georgia Street, and 7 feet north of the south line of University Avenue between Georgia Street and Florida Street, (excepting a portion of said wall 30 feet in length in the intersection of said University Avenue with Georgia Street, being 15 feet on each side of the center line of said Georgia Street);

That said walls, and all their appertaining structures, including said gravity walls, shall be constructed of the materials, and in the manner, and as shown upon, and in all respects according to the plans, drawings and typical cross-sections and specifications therefor contained in said Document No. 60320.

Also, as a part of said work, the construction on both sides of the said University Avenue, from a point 5 feet east from the east line of Park Boulevard to a point 355 feet east from the east line of Park Boulevard, of cement concrete sidewalks and cement concrete curbing, (excepting the sidewalks in the strip of land 7 feet wide and 30 feet long, on each side of the intersection of said University Avenue with Georgia Street, to be graded as hereinbefore referred to), said sidewalks and curbing to be located immediately next to the said retaining walls on said University Avenue, and to be constructed in conformity with the lower roadway elevations established on said University Avenue, between Park Boulevard and a point 355 feet east from the east line of said Park Boulevard;

Also, the construction on both sides of the said University Avenue, from a point 355 feet east from the east line of Park Boulevard to the west line of Florida Street, including the returns in the northwest and southwest corners of the intersection of said University Avenue with Florida Street, of cement concrete sidewalks 13 feet and four inches in width, (excepting the portions of said sidewalks to be occupied by the retaining walls hereinbefore referred to); the pavement of said sidewalks to be constructed as follows, to-wit: the portions of said sidewalks lying between the property line and the retaining walls hereinbefore referred to, shall be constructed in conformity to the property line elevations established on said University Avenue; and the portions of said sidewalks lying between the said retaining walls and the curb line, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between the last named points;

Also, the construction on the east side of Georgia Street, at the intersection of University Avenue with Georgia Street, of cement concrete sidewalks and cement concrete curbing;

Also, the construction of cement concrete curbing upon the said University Avenue, on both sides thereof, between the east line of Park Boulevard and the easterly boundary of the City of San Diego, including the returns in all intersections of said University Avenue with all cross streets, between said points, and including the returns in all terminations of streets in said University Avenue, between said points, (excepting such portions of the said University Avenue and said intersections and terminations of streets, between said points, already curbed with concrete at the time of the adoption of Resolution of Intention No. 14021). That such curbing, on both sides of said University Avenue, between Georgia Street and Florida Street, shall be constructed in conformity to the lower roadway elevations established on said University Avenue, between said points.

That all of said sidewalks and curbing shall be constructed according to the specifications therefor contained in Ordinance No. 4860 of the ordinances of said City, and as shown upon, and according to, the plans, drawings and typical cross-sections contained in said Document No. 60320.
