## R E S O L U T I O N   N O .   1 8 7 5 5 .

BE IT RESOLVED, By the Common Council of the City of San Diego, as follows:

That the Superintendent of the Department of Water be and he is hereby authorized and directed to immediately have the proper connection made connecting the pipe line of the Cuyamaca Water System with the pipe line of the system of the City of San Diego, at a point near the intersection of Highland Avenue and Anna Street in the City of East San Diego, to install a meter at said point of connection and to incur the expense necessary and incidental to the installation of said connection and meter, the expense of which shall be borne by the Water Fund of the City of San Diego.

This connection and meter is installed for the purpose of enabling the City of San Diego to have delivered to it through the carrying facilities of the Cuyamaca System a portion of the flood waters of the San Diego River. The City of San Diego hereby agrees to pay the Cuyamaca Water Company ten cents per thousand gallons as a rental or carrying charge for the use of the carrying facilities of said Cuyamaca Water Company, for carrying and conveying said flood waters from a point in the bed of the San Diego River where the diverting dam of the Cuyamaca System is located through its flumes and pipe line to the point where the same is delivered to and discharged into the pipe line of the said City of San Diego. Provided always, however, that said price of ten cents per thousand gallons is subject to change at the order of the Railroad Commission of the State of California, and provided further that said rental price of ten cents per thousand gallons shall be reduced to seven cents per thousand gallons in the event that the City of San Diego shall install proposed Cuyamaca-Chollas Avenue pipe line and connect the same with the Cuyamaca System.

This resolution shall operate as a contract between the owners of the Cuyamaca System and the City of San Diego, the acceptance of which shall be presumed on the part of the owners of the Cuyamaca System by their participation in or allowing the connection and meter hereinbefore referred to to be installed and the delivery of water through the same to said City.

It is further agreed and understood that this resolution and the acceptance thereof shall in no manner impair or prejudice the rights which the City of San Diego or the owners of the Cuyamaca Water System may now have to the whole or any portion of the waters of the San Diego River, and that the passage of the same by the Common Council or the acceptance of the same by the owners of the Cuyamaca Water System shall not be construed as a waiver of any claim or right which either party may have to the waters of the San Diego River; that any and all flood waters of the San Diego River delivered through the Cuyamaca Water System to the City of San Diego at the point of connection of the Cuyamaca System with the City system at El Cajon Avenue and Boundary Street, in the City of San Diego, shall be subject to the same terms and conditions as herein mentioned for the delivery of flood waters at Highland Avenue and Anna Street.

Bissell, for the furnishing of material and the construction of Section One of the Cottonwood Valley conduit, a copy of which contract of agreement is on file in the office of the City Clerk of said City marked Document No.

79974, and endorsed "Contract between City of San Diego, Cal. and D. L. Bissell for Cottonwood Conduit, etc."; and

WHEREAS, under the terms of said contract said D. L. Bissell has promised and agreed to complete the work therein undertaken within a period of four months after said 12th day of August, 1914; and

WHEREAS, a period of four months having elapsed and the work provided in said contract is not completed; and

WHEREAS, this Common Council has heretofore, on November 30th, 1914, refused to grant an extension of time to said Contractor to complete said work; and

WHEREAS, said contract provides that, "If, at any time after the date fixed for beginning work upon this contract, it shall be found that operations are not being carried on at the prescribed rate, or at a rate sufficient, in the opinion of the Common Council of said City, to secure completion within the contract time, the City shall have the power, after ten days' notice in writing to the Contractor, to put on such additional labor or equipment, or to purchase such material and equipment as may be necessary to put the work in a proper state of advancement, and any actual final excess cost thereof to the City of San Diego, over what the work would have cost at the contract rate, after crediting the Contractor with the value to the said City (as determined by said Common Council) of the remaining unused material so purchased, shall be deducted from any sums due or to become due to the Contractor. The right is reserved to the said City to assume the capacity of the plant and force actually on the work at any time as a measure of probable progress thereafter. The provisions of this paragraph, however, shall not be construed to affect the right of the said City to annul the contract, nor shall the failure of said City to take action under this paragraph, or to annul the contract in case the Contractor fails to make the specified rate of progress during any month or series of successive months, be construed as a waiver of the right of the said City to take further action under this paragraph, or to later annul the contract;" and

Bissell for Cottonwood Conduit, etc.", as may be necessary to put said work in a proper state of advancement and to complete the same within the time allowed and provided for in said contract of August 12th, 1914; and that unless said D. L. Bissell shall put on such additional labor and equipment in the prosecution and completion of said work so as to fully comply with the terms of said contract and the terms of this notice, the City of San Diego shall purchase such material and equipment as may be necessary to put such work in a proper state of advancement and shall proceed with the completion of said work specified in said contract and shall finish and complete certain portions of said work now remaining unfinished, and that in the completion of a portion of said work now remaining unfinished and unperformed, said City shall in no manner interfere with the prosecution of the work by said Contractor, D. L. Bissell, and shall not in any manner prevent said Contractor from completing as much of said work according to plans and specifications as the said Contractor is able to finish, but shall at all times work upon

those uncompleted portions of the work specified in said contract as shall in the least interfere with the work conducted by said Contractor.

That the Hon. Herbert R. Fay, Superintendent of the Department of Water, be and he is hereby authorized and directed to serve certified copies of this resolution, one upon said Contractor, D. L. ## R E S O L U T I O N N O. 1 9 1 4 4.

RESOLUTION PROPOSING CERTAIN AMENDMENTS TO THE PRESENT CHARTER OF THE  
CITY OF SAN DIEGO, CALIFORNIA.

BE IT RESOLVED By the Common Council of the City of San Diego, as follows:

Pursuant to the provisions of section 8 of Article XI of the Constitution of the State of California, the Common Council of the City of San Diego, being the legislative body of said City, hereby propose to the qualified electors thereof, the following amendments to the present charter of said City:

## Proposition I.

Amend section 4 of Chapter IV of Article I, of said Charter, to read as follows:

"Section 4. The holder of any elective office of this municipality may be removed or recalled at any time by the electors; provided, he has held his office at least four months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with

the City Clerk, which petition shall be signed by registered voters equal, in number to at least twenty-five per cent. of the entire vote cast for Mayor at the last preceding general municipal election, and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number, if any. One of the signers of each such paper shall make oath before an officer competent to administer an oath that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the clerk shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified voters, and if necessary the city council, board of trustees or other governing body shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the city council, or board of trustees, or other governing body without delay, whereupon the council, or board of trustees or other governing body shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; provided, that if a general municipal election is to occur within sixty days, the council may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose the removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the same manner as are nominations for such office at general municipal elections. Upon the sample ballot there shall be printed in not more than two hundred words the reasons for demanding the recall of the officer set forth in the recall petition, and upon the same ballot in not more than two hundred words the officer may justify his course in office.

There shall be printed, on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: 'Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?' following which question shall be the words 'Yes' and 'No' on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent

from office shall vote 'No,' said incumbent shall continue in said office. If a majority shall vote 'yes', said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected, for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

No person who has been recalled or who has resigned from such office while recall proceedings were pending against him, shall be appointed to any office within one year after such resignation or recall. The successor of any officer so recalled shall hold office during the unexpired term of his predecessor, subject to removal under the provisions of this section."

#### Proposition II.

Amend Section 9 of Chapter II of Article VI, of said Charter, to read as follows:

"Section 9. The following funds are hereby established:

1. "Fire Department Fund", upon which all warrants must be drawn for Fire Department supplies and expenses whatsoever.

2. "Salary Fund", from which all salaries of city officers and their deputies, including regular policemen, must be paid.

3. "Police Department Fund", from which must be paid all expenses of the Police Department, except salaries of regular policemen.

4. "Street Fund", from which must be paid all expenses for street repairs, street sprinkling and cleaning, highway and bridge repairs, and all other street improvements not otherwise provided for in this charter.

5. "Harbor and Wharf Fund", from which must be paid all expenses for wharf building and repairs, and for all harbor improvements.

6. "Sewer and Drainage Fund", from which all expenses for sewer and drainage construction and repairs must be paid.

7. "School Fund", from which must be paid all salaries of teachers in the city public schools, and all expenses of such schools, together with all expenses of repairs to school buildings, school furniture, and other necessary expenditures by the Board of Education, including the erection of school buildings and purchase of sites therefor.

8. "Street Light Fund", from which must be paid all sums for lighting the city by electric light, gas, etc.

9. "Park Improvement Fund", from which must be paid all expenses for park and boulevard improvements, such as construction and building of drives, boulevards, and planting of trees, and other improvements.

10. "Public Health Fund", from which must be paid all expenses of the Health Department, including scavengers, and all expenses of disposing of garbage, etc.

11. "Library Fund," from which must be paid all expenditures made and ordered by the Board of Library Trustees and the San Diego Public Library.

12. "Public Building Fund," from which all expenditures for public buildings of the city (other than school buildings) must be paid.

13. "Office Fund," from which all expenditures for furniture, fuel, stationery, books, etc., furnished to the city officers and departments must be paid.

14. "General Fund", from which must be paid appropriations and general expenses not payable from other funds.

15. "Special Election Fund", from which shall be paid the expenses of all special elections. Transfers of money from the General Fund to the Special Election Fund shall be made at such times and in such amounts so that there shall stand at all times to the credit of the Special Election Fund moneys sufficient to defray the expense of at least two special elections.

The Common Council may from time to time establish such other funds as they may deem necessary, and shall establish and continue in force all Interest Funds, Bond Funds, Bond Redemption Funds, and other funds now or hereafter established for the payment of all interest upon, and the payment of all bonded indebtedness of said city; and the percentage of each annual tax levy shall be named for each fund, and the whole amount of taxes and revenue of the city apportioned to said several funds accordingly; and no transfer shall be made from one fund to another except as otherwise provided in this charter, unless by vote of the Common Council, by ayes and noes, recorded in the journals of proceedings; and in no case shall any moneys be transferred from the School Fund or Library Fund to any other fund. The Common Council shall by ordinance determine and designate to what funds shall be apportioned all moneys arising from the levy of all license taxes in the city; provided, that none of such moneys shall be apportioned to either the School Fund, Library Fund, or to any of the Bond Funds, Interest Funds, or Bond Redemption Funds of the city.

#### Proposition III.

Amend Section 1 of Chapter I of Article III, of said Charter, to read as follows:

"Section 1. The Mayor shall be the chief executive office of the city. He shall be elected by the qualified voters of the city at each general election and his term of office shall be two years. The Mayor shall also be ex officio President of the Common Council and as such President shall have a voice but not a vote in its proceedings. The powers and duties of the Mayor as President of the Common Council shall not be construed in any manner to conflict with or limit his powers in the capacity of Mayor."

#### Proposition IV.

Add Section 11 to Chapter I of Article III of said Charter, as follows:

"Section 11. The Mayor shall appoint the Chief of Police, which appointment shall become effective only upon the confirmation of the Common Council. The removal of the Chief of Police shall be by the Mayor, if confirmed by a majority of the Common Council, or by the Common Council alone by a two-thirds vote."

#### Proposition V.

Amend Section 5 of Chapter I of Article II, of said Charter, to read as follows:

"Section 5. Said Common Council shall

1. Choose a Vice President annually from its own members, who may be removed by affirmative vote of not less than two-thirds of the members of said Common Council. Proposition VI.

Amend Section 19 of Chapter I of Article II, of said Charter, to read as follows:

"Section 19. The Auditing Committee shall consist of the Mayor, Vice President of the Common Council, City Attorney and Auditor."

Proposition VII.

Amend Section 20 of Chapter I of Article II of said Charter, to read as follows:

"Section 20. When and so long as the Mayor is temporarily unable to perform his official duties, the Vice President of the Common Council shall act as Mayor pro tempore."

Proposition VIII.

Amend Section 9 of Chapter I of Article III, of said Charter, to read as follows:

"Section 9. When and so long as the Mayor is temporarily unable to perform his official duties, the Vice President of the Common Council shall act as Mayor pro tempore.

The first commission hereunder shall be appointed and take office on the third day of May, 1915. Thereafter members of the Civil Service Commission shall be appointed to serve for six years and until their successors have been appointed and have qualified. The commission shall elect one of its members president. Any vacancy shall be filled by the Mayor with the approval of the Common Council for the unexpired term. No member of the Commission shall hold any other municipal office. The Mayor, with the approval of four-fifths of the Common Council, or the Common Council by unanimous vote, may remove a member of the Commission during his term of office, but only by stating in writing the reasons for such removal, and allowing him an opportunity to be publicly

heard in his own defense. Members of the Commission shall be subject to recall in like manner as provided herein for the recall of elective officers.

Section 2. The Commission shall appoint and fix the compensation of a chief examiner, who shall also act as secretary. The Commission may appoint and fix the compensation of such other subordinates as may be necessary.

For the support of the work of the Commission the Common Council shall appropriate annually not less than Forty-five hundred dollars, which fund shall be placed in the City Treasury and be available for no other purpose. Any part of said fund not expended during any fiscal year, or required to defray expenses incurred during such year, shall be placed in the General Fund of the city.

Section 4. Civil Service of the City is hereby divided into the unclassified and the classified service.

The unclassified service shall comprise.

All officers elected by the people.

All officers, members of appointive boards and commissions, and other persons serving the city without compensation.

The Secretary of the Civil Service Commission.

The Chief of Police.

The City Attorney and deputies.

The City Clerk.

The City Engineer and Chief Assistant.

The Hydraulic Engineer.

The City Librarian.

The Chief Deputy of the City Treasurer.

The City Auditor and City Assessor.

The Chief Deputy of the City Auditor and the Chief Deputy of the City Assessor.

The Classified service shall include all other positions now existing or hereafter created.

Section 5. The Commission shall prescribe, amend and enforce rules for the classified service, which shall have the force and effect of law; shall keep minutes of its proceedings and records of its examinations, and shall, as a Board or through a single commissioner, make investigations concerning the enforcement and effect of this Article and of the rules and efficiency of the service. It shall make an annual report to the Mayor in January for transmission to the Common Council. The Mayor may require a special report from said Commission at any time.

The rules shall provide:

For the classification of all positions in the classified service.

For open, competitive examinations to test the relative fitness of applicants for such positions.

For public advertisement of all examinations.

For the creation of eligible lists upon which shall be entered the names of successful candidates in the order of their standing in examination. Such lists shall remain in force not longer than two years.

For temporary employment of persons on the eligible list until the list of the class covering the temporary employment is exhausted; and in cases of emergency, for temporary employment without examination, with the consent of the Commission, after the eligible list has been exhausted. But no such temporary employment shall continue longer than sixty days, nor shall successive temporary appointments be allowed. Nor shall the acceptance or refusal to accept such temporary appointment on the part of a person on the eligible list be a bar to appointment to a permanent position from said eligible list.

For promotion based on competitive examination and records of efficiency, character, conduct and seniority. Section 6. The Commission shall ascertain and record comparative efficiency of employees of the classified service, and shall have power after hearing to dismiss from the service those who fall below the standard of efficiency established.

Section 7. When a civil service employee, other than a member of the Police Department, who has served three years in his position, has become incapable through age, accident or other disability, of satisfactorily performing the duties of the positions covered by the class in which he has qualified, the Civil Service Commission may, in its discretion, authorize his transfer to another class, upon the request of the appointing power therein, whose duties are within his capacity, and may, by a unanimous vote order that he be preferred for appointment to a designated position; but such position shall be one having a smaller compensation than the position from which he may be transferred, and the compensation shall not be increased subsequent to his appointment thereto.

Section 8. In case of a vacancy in a position requiring peculiar and exceptional qualifications of a scientific, professional or expert character, upon satisfactory evidence that competition is impracticable, and that the position can best be filled by the selection of some designated person of recognized attainments, the Commission may, after public hearing and by the affirmative vote of all three members of the Commission, suspend competition, but no such suspension shall be general in its application to such positions, and all such cases of suspension shall be reported, together with the reason therefor, in the annual reports of the Commission.

Section 9. Any of the following persons may be exempted from the provisions of this

article, upon the request of the head of the department in which they are employed, by order of the Board of Civil Service Commissioners after public hearing, approved by the Council by resolution passed by the vote of two-thirds of its members, to-wit:

Examinations shall be in charge of the chief examiner except when members of the commission act as examiners. The Commission may call on other persons to draw up, conduct or mark examinations, and when such persons are connected with the city service it shall be deemed to be a part of their official duties to act as examiners, without extra compensation.

No person shall, orally, or by letter, solicit, or be in any manner concerned in soliciting, any assessment, subscription or contribution for any political party or purpose whatever from any person holding a position in the classified service.

Section 15. No person holding a position in the classified service shall take any part in political management or affairs or in political campaigns further than to cast his vote and to express privately his opinions.

Section 16. Any person wilfully violating any of the provisions of this Article or of the rules established thereunder, shall be guilty of a misdemeanor.

Section 17. The Commission shall have the right to discharge from the employment of the city, after public hearing, any person found guilty of a wilful violation of any of the

foregoing provisions, or of the rules established thereunder. Such decision and action by the Commission shall be final.

Any Board, Commission, or officer having the power of appointment or removal of officers, members and employees in any department of the government of the city, shall have the power to remove, discharge or suspend any officer, member or employee of such department, as provided elsewhere in this charter, irrespective of the fact that such officer, member or employee may be included in the classified civil service list.

Section 19. The provisions of the foregoing Article shall not apply to the Fire Department of the City of San Diego, or any of its employees.
