A RESOLUTION DECLARING THAT THE INSURANCE OF AN ADEQUATE SUPPLY
OF WATER FOR USE AT CAMP KEARNY DEMANDS THE PROMPT AND PUNCTUAL
MOVEMENT OF BUILDING MATERIALS AND SUPPLIES TO BE USED IN THE CON-
STRUCTION OF THE LOWER OTAY DAM.

FOR THAT WHEREAS, H. N. Savage, Hydraulic Engineer of The City of San Diego, in charge of the construction of the Lower Otay Dam, has on Monday, the 12th day of November,

1917, filed with the Common Council a certain communication document numbered setting forth the necessity of a prompt and punctual delivery of construction materials and supplies for the Lower Otay Dam in order to insure an adequate supply of water for use at Camp Kearny, said communication reading as follows:

"November 9, 1917.

From Hydraulic Engineer,
To - The Common Council of the City of San Diego.

Subject - Lower Otay Dam. Transportation of materials of construction and construction equipment.

1. The United States has already assembled and is maintaining upwards of 20,000 soldiers at Camp Kearny. The number is being augmented rapidly.
2. The City of San Diego is furnishing the entire water supply for Camp Kearny.
3. In order to insure a sufficient water supply for Camp Kearny the City is putting forth its best efforts to restore the Lower Otay Masonry Dam and provide for impounding the necessary water. The completion of the dam at the very earliest practicable date is obviously essential.
4. The City has purchased 85,000 barrels of Portland cement for its use in constructing the Lower Otay Dam. The cement is now being manufactured at Colton, California, and is being transported by cars as rapidly as practicable and diverted at Third Street Chula Vista as requested by James Kennedy, Contractor for the Dam.
5. A cement stockhouse to have a capacity of 15,000 barrels has been erected at the damsite. To avoid any delay in unloading cars of cement on their arrival and to facilitate the most rapid possible movement of cars, the Contractor has also erected a cement stockhouse of abundant capacity at Third Street Chula Vista railway siding.
6. In order to insure the availability of sufficient cars to move the cement at the rate requested by James Kennedy, Contractor, the California Portland Cement Company has requested that the above facts be brought by the officials of the City of San Diego through the proper U. S. Army official at Camp Kearny to the attention of the Federal Government's agent, Mr. Robert S. Lovett of New York who recently issued Priority order No. 2, restricting the use of certain railway equipment throughout the United States, to the end that the requirements of the City, which are obviously of essential importance to the operation and maintenance of Camp Kearny, may be prominently in mind and the necessary cars be made available as required by the cement company for the movement of the cement.
7. Contractor James Kennedy has brought to attention his requirement for the transportation of materials of construction and equipment with which to construct the Lower Otay Dam. The equipment will move from Lindsay, Los Angeles and Riverside, California, and from Engle, New Mexico. It is therefor obviously advisable that attention should be called to his requirements as well as those of the cement company.
8. Recommendation. It is recommended that your Honorable Body immediately take the action deemed by you to be necessary and proper to bring the requirement for cars for moving cement and other materials of construction and equipment for the Lower Otay Dam work to the proper U. S. Government officials.

H. N. Savage."

and

WHEREAS, it is the desire of this Common Council to lend official sanction and to assist in bringing about the prompt and punctual transportation of construction materials for the purposes above mentioned; NOW THEREFORE, to the end that an adequate and wholesome supply of water for all purposes be at all times available for use at Camp Kearny,

BE IT RESOLVED, By the Common Council of The City of San Diego as follows:

That Brigadier General George H. Cameron be and he is hereby solicited to lend such assistance in the matter of securing prompt and punctual delivery of construction material to be used in the erection of the Lower Otay Dam as in his judgment may seem advisable, to the end that the necessities as above set forth may be placed before the Honorable Robert S. Lovett of New York City, Government expert in charge of allotment of Railway equipment throughout the United States, and through said Honorable Roberts. Lovett the desires of said Common Council in the premises effected.

That the City Clerk be and he is hereby directed to immediately furnish Brigadier General George H. Cameron a certified copy of this resolution.

Said proposed ordinance so submitted by initiative petition is in the words and figures following:

"ORDINANCE NO. _____

AN ORDINANCE PROHIBITING TRAFFIC IN ALCOHOLIC LIQUOR.

BE IT ORDAINED By the Common Council of The City of San Diego, as follows:

Section 1. It shall be unlawful for any person, firm, corporation, club or other association, either as principal, agent or otherwise, to manufacture, sell, barter, offer for sale, give away, have, keep, solicit orders for, take orders for, furnish, deliver, serve, distribute, ship into, bring into or receive within The City of San Diego, California, any alcoholic liquor; or to establish, maintain, conduct, operate or receive the profits from any place where any alcoholic liquor of any kind is manufactured, received, kept, sold, served, offered for sale, furnished or distributed except as herein provided.

Section 2. The term 'alcoholic liquor' as used in this ordinance includes all spirituous, vinous, malt, brewed or fermented liquors, and any and every substance or compound containing more than one-half of one per cent. by volume of alcohol, which is not so mixed with other drugs as to prevent its use as a beverage.

Section 3. Nothing in this ordinance shall prevent the keeping, sale and use of alcoholic liquor for medicinal, sacramental, scientific or mechanical purposes, but only under such regulations as are herein provided.

Section 4. The Common Council may grant to the owner of any pharmacy, having in its employ a regularly licensed pharmacist, a license, which will authorize the receiving, keeping and sale of such liquor only at the place designated in said license, for such purposes only as are designated in section 3 of this ordinance.

The application for such license shall be in writing and verified by the applicant. It shall designate the location and describe the premises for which such license is sought. It shall give the names and addresses of the owners of said pharmacy; and if a corporation be interested in said pharmacy, the application shall give the names and addresses of the President, Secretary and Directors thereof.

Upon the filing of such application, the Common Council shall cause an investigation to be made, and, if fully satisfied that the statements contained in said application are true, that the owner is conducting a bona fide pharmacy, that said owner is in all respects a proper person to conduct such pharmacy, and that neither he nor any of his employees have within one year violated any of the provisions of this ordinance, the Common Council may grant said application and direct the City Clerk to issue said license.

Such license when so issued shall remain in force for one year, provided the same owner conducts said pharmacy at the same place, and provided that there is no violation of this or any other liquor law by said owner or any of his employees.

The Common Council may at any time and for any cause which it may deem sufficient, revoke such license; and when once revoked, no license shall be issued to the same owner or pharmacist or at the same location for one year.

Section 5. The holder of such a license may, only at the place designated in

said license, receive, keep and sell alcoholic liquor and alcohol only as follows:

First: Alcoholic liquor for bona fide medicinal purposes only, upon a prescription issued, signed and dated by a duly licensed and practising physician; provided that the name and address of the person applying for the prescription, and for whose use only such prescription may be made, shall be inserted in such prescription by the physician issuing the same, at the time the prescription is made or given, and that not more than one sale or furnishing is made upon any one prescription, and then only upon the date of the issuance thereof; and that all such prescriptions are kept on file at the place of business of the holder of such license for at least one year, open to public inspection during regular business hours; provided further that such liquor so dispensed shall not be drunk on the premises where dispensed.

Second: Pure alcohol only for scientific or mechanical purposes, upon a permit secured from the City Clerk, which permit shall be good for one sale only, and shall be kept on file for at least one year, open to public inspection during regular business hours. Such permit shall state the date, quantity of alcohol, purpose for which the same is desired, and the name and address of the person applying for the same.

Third: Wine for sacramental purposes; provided that such wine is sold only to a regularly ordained minister or priest of some religious denomination, or upon the written order of the governing body of a religious organization; provided further that the holder of such license shall keep a record of such sales, in which shall be entered the date of sale, the quantity sold, and the signature of the person purchasing the same; such record shall be open to public inspection during regular business hours.

Section 6. On or before the tenth day of each and every month the owner of every pharmacy shall file with the City Clerk a sworn statement of the kind and quantity of alcoholic liquor which he has received during the previous month, showing the date or dates on which it was received, and from whom it was purchased and received; and also showing all alcoholic liquor which he has sold or dispensed during said month, showing the kind and quantity of liquor in each sale, the date, the name of the purchaser and, in case it was dispensed on a prescription, the name of the physician who issued the prescription. Said statements shall be kept on file by the City Clerk for at least one year, open to public inspection.

Section 7. No physician shall give to, or write for, any person not in actual need of such liquor as a medicine, any prescription for alcoholic liquor either separately or compounded with other ingredients; nor shall any physician in any manner help or assist any person to sell or procure alcoholic liquor in violation of this ordinance. When any physician is convicted of a violation of this ordinance, no alcoholic liquor shall, during a period of one year thereafter, be supplied, furnished, sold or delivered to any person by any registered pharmacist upon the prescription of such physician.

Section 8. All alcoholic liquor and the vessels containing the same, which are kept, sold or furnished in violation of this ordinance, and all places where alcoholic liquor is sold or distributed or is kept for sale or distribution, in violation of any of the provisions of this ordinance, are hereby declared to be common nuisances, and shall be abated as such; and it shall be the duty of the City Attorney to take action to abate such nuisances.

All liquor taken from places operating or conducted in violation of the provisions of this ordinance shall, upon conviction of such person or persons from whom such liquor has been taken, be destroyed upon order of the Court in which such conviction has been had.

Section 10. It shall be unlawful for any person, either as owner, agent or otherwise, to lease, rent or permit any place owned or controlled by him to be used for the manufacture, sale, giving away or any traffic in alcoholic liquor, except as herein provided.

Section 11. The payment of the Internal Revenue special tax, required of liquor dealers by the United States, by any person or persons, other than the owners of pharmacies who hold valid and unrevoked licenses as provided in Section 4 of this ordinance, shall be prima facie evidence that such person or persons are keeping and selling alcoholic liquor in violation of this ordinance; and in any prosecution under this ordinance, a certificate from the Collector of Internal Revenue, or from any of his deputies or agents, showing that such tax has been paid by the defendant, either alone or in association with others, shall be sufficient evidence of the payment of such tax.

Section 12. If any particular section or part of this ordinance shall for any reason be judicially determined to be invalid, such invalidity shall not affect any other part or portion hereof.

Section 13. The word 'person' as herein used shall include corporation, and the singular shall include the plural and the plural the singular number.

Los Angeles and San Diego Beach Railway Company, a corporation, hereby applies to your Honorable Body for a franchise, privilege and authority to construct, maintain and operate a double-track street railway, including cross-overs and curves, and to erect and maintain either a single or double pole line for the support of overhead trolley support arms or span wires, and to suspend electric wires therefrom, to be used in the operation of said railway along and upon the following streets and places in La Jolla Park, in the city of San Diego, county of San Diego, state of California:

Within sixty (60) days after the expiration of each year for which the two per centum (2%) is payable, the grantee of the franchise, its successors or assigns, shall file with the clerk of the city of San Diego, a statement verified by the oath of the grantee, its successors or assigns, showing the total gross receipts from the use, operation or possession of the franchise, and shall thereupon pay to the city clerk of the city of San Diego the aggregate sum of two per centum (2%) of such gross annual receipts, as shown by such statement.

Any refusal by the grantee, its successors or assigns, to file such verified statement, and to pay such per centum of such gross annual receipts, within the time above provided, shall constitute ground for forfeiture of the franchise, and all rights granted thereby.

The Mayor and Common Council may, after such statement is made, inspect and examine the books of the grantee of the franchise, its successors or assigns, and may cause the same to be examined by an expert accountant, and may examine under oath any and all of its officers or agents, for the purpose of ascertaining the gross annual receipts under the franchise.

2. MOTIVE POWER: That the cars upon said railway shall be propelled by electricity conducted or carried or transmitted by wires or conductors erected or constructed either over or underground, or by internal combustion engines, and the installation or operation of said cars or trains or both, propelled by internal combustion engines, shall be deemed a compliance with this paragraph; provided that horse or mule power shall not be used except in case of accident or unavoidable delay in procuring equipment; and provided further that whenever at any time after the installation of said cars or trains or both, propelled by internal combustion engines, the Railroad Commission of the state of California shall, by its order, direct Los Angeles and San Diego Beach Railway Company, its successors or assigns, to substitute electricity as a motive power, for the cars and trains operated on its railway, either in whole or in part, the grantee of the franchise, his or its successors or assigns, shall and must install such electricity and operate upon said tracks cars so propelled, in all respects as ordered by said Railroad Commission.

5. SINGLE OR DOUBLE TRACKS: That the grantee, or its successors or assigns,

shall have the right to lay and maintain either single or double tracks as the condition of business may warrant, but the laying of a single track shall be deemed a compliance with the conditions of this franchise, and shall in nowise impair the right of the grantee, or its successors or assigns, to subsequently lay a second track paralleling the first track. Provided, that the grantee hereunder, or its successors or assigns, shall not have the right to lay more than one track on any street or portion of street where another track or tracks than those of grantee have been already laid and exist on said street or portion of street.

6. RAIL SPECIFICATIONS: That good, substantial steel rails shall be used in the construction of said track, and Trilby or shoulder rails shall when ordered by the Council, be substituted for those now in place.

Provided that the Common Council shall have the right to order and compel the grantee hereof to remove poles from streets and attach said trolley wires by wires to buildings adjoining streets upon which said tracks are laid. The grantee or assigns shall obtain the consent of the owners of said buildings so to do, and if grantee or assigns shall fail to obtain such consent said Council shall have the right to do so.

9. LOCATION OF TRACKS ON STREETS: That the tracks shall be so constructed and laid that each of them shall be, when practicable or equal distance from the curb line to said streets, or as nearly so as the condition or width of the streets will permit. f

10. LOCATION OF SWITCHES: That no switch shall be constructed or maintained within fifty feet of any cross street and the location of such switches and all turnouts shall be changed at the expense of the grantee or its assigns whenever so ordered by said Common Council.

11. CITY ENGINEER'S SERVICES: That the City Engineer shall, under the direction of said Common Council, give the established grade of the streets along the line of construction of said street railway and set stakes indicating the said grades. He shall see that the said railway is constructed in conformity with the terms and requirements of the franchise, and for his services as herein required, he shall receive such fees as are provided therefor, and the same shall be paid by the grantee or its assigns.

12. TIME LIMIT FOR CONSTRUCTION AND COMPLETION: Work to construct the railroad shall be commenced in good faith within not more than four months from the granting of the franchise, and if not so commenced within said time, said franchise shall be declared forfeited; and the said railroad shall be completed within not more than three years thereafter, and if not so completed within said time, said franchise so granted shall be forfeited; provided, that for good cause shown, the Common Council may by resolution extend the time for completion thereof not exceeding three months. Provided that in case grantee hereunder, or its successors or assigns, shall have already constructed or acquired a street railroad and overhead trolley system, or either, along and upon the streets and places herein described, or any part thereof, such construction shall in such event, be deemed a compliance with this paragraph, to the extent that the same are in accordance with the conditions and limitations herein contained.

13. CESSATION OF OPERATION: In case the grantee of the franchise, or its successors or assigns, shall cease to operate said railway for a period of ninety days consecutively after said railway shall have been fully constructed and completed, except in cases of unavoidable accident, or other matters not within the control of the grantee, or its successors or assigns, the franchise shall be and is hereby declared to be forfeited and the said grantee, its successors or assigns, shall thereafter remove the tracks of said railway and put the streets in good condition.

Physical reconstruction may be defined as the completest form of medical and surgical treatment carried to the point where maximum functional restoration, mental and physical, has been secured. To secure this result the use of work, mental and manual will be required during the convalescent period. This therapeutic measure, in addition to aiding greatly in shortening the convalescent period, retains or arouses mental activities, preventing 'hospitalization', and enables the patient to be returned to service or civil life with the full realization that he can work in his handicapped state, and with habits of industry much encouraged, if not firmly formed."

RESOLUTION DECLARING THE INTENTIONS OF THE CITY OF SAN DIEGO IN THE
MATTER OF THE DEVELOPMENT OF THE UNAPPROPRIATED WATERS OF THE SAN

DIEGO RIVER, AS PROVIDED FOR IN PROPOSED CONGRESSIONAL ACT, COMMONLY KNOWN AS THE EL CAPITAN RESERVOIR PROJECT.

FOR THAT WHEREAS, present demands upon the water system of The City of San Diego have demonstrated the inadequacy of said system as a means of water supply for this and surrounding communities and have indicated the necessity of acquiring additional water development facilities; and

WHEREAS, the most available source of supply for said City, and with the exception of portions of the Volcan system, the only adequate supply of gravity water is from the San Diego River watershed; and

WHEREAS, during the past twenty years eighty-four per cent. of the water of said San Diego River has gone to waste into the Pacific Ocean, often times causing in addition to its loss great damage to property located in the San Diego River Valley; and

WHEREAS, to the end that property damage may be prevented, river bottom lands reclaimed, and particularly that the annual loss of the waters of the San Diego River may to a large extent be avoided and such waters impounded and applied to municipal and other beneficial uses and demands, The City of San Diego has through Congress and the Interior Department of the United States sought to acquire reservoir rights upon government lands riparian to the San Diego River upon which to construct a dam and reservoir; and

WHEREAS, this project, commonly referred to as the El Capitan project, having received the recommendation of the Land Office at Los Angeles, California, and the bill introduced in and now pending before the Sixty-fourth Congress having received the support of the Indian Office, favorable recommendation from the Secretary of the Interior, and after presentation to and consideration by the Land Committees of the Senate and House of Representatives, has been favorably reported to Congress for adoption; and

WHEREAS, the El Capitan project has from its inception been opposed and protested by a privately owned water company claiming title to the undeveloped waters of the San Diego River; and

WHEREAS, the City of La Mesa, a community of approximately thirteen hundred inhabitants, furnished with water by said private water company, has filed with the Land Committees of Congress and with the Common Council a resolution of protest against said El Capitan project; and

WHEREAS, said resolution petitions The City of San Diego to abandon the development of the San Diego River and to look elsewhere for a water supply, and further recommends that future water development for The City of San Diego be left to private capital; and

WHEREAS, said resolution of said City of La Mesa intimates that the Common Council of The City of San Diego is opposed to any development of the San Diego River by private capital for prospective use of water at La Mesa or adjoining communities, and that said Common Council is not in harmony with the policy of water development suggested by the City Attorney of said The City of San Diego to the Land Committees of the Senate and House of Representatives; and

WHEREAS, this Common Council is desirous that its intentions and plans be manifest to the end that members of Congress voting upon said El Capitan Bill (Bill S. 3646 and Bill H. R. 10587) be fully informed in the premises, and that the citizens of this and adjacent communities be aware of the plans of this municipality in the matter of the development of the waters of the San Diego River, NOW, THEREFORE,

BE IT RESOLVED, By the Common Council of The City of San Diego, as follows:

First: That existing conditions demand the acquirement by The City of San Diego of an additional water supply.

Second: That the most available and advisable source of supply is the San Diego River.

Third: That the undeveloped waters of the San Diego River would if impounded prove entirely adequate to meet all present and reasonably probable future demands of The City of San Diego and of neighboring communities adjacent to the San Diego River watershed.

Fourth: That the catchment of the entire flow of the San Diego River and the development of the San Diego River watershed is a matter of paramount importance to The City of San Diego and to adjacent communities.

Fifth: That it is the desire of this Common Council to secure the passage of the El Capitan Bills (Bill S. 3646 and Bill H. R. 10587) to the end that the voters of this municipality may be afforded an opportunity of manifesting their desires at an election held for that purpose in the matter of the place and extent of future water developments.

Sixth: That this Common Council intends to pursue its desires in this connection despite the protest of any private water company or suburban community receiving water from such private company.

Seventh: That it is the desire of this Common Council to see all of the water of the San Diego River put to beneficial use and the needs of the City of La Mesa, as well as the many other suburban communities adjacent to The City of San Diego, amply provided for.

Eighth: That this Common Council will in no manner impede any bona fide water development work upon the San Diego River, but on the contrary will be greatly pleased to see actual construction work of large dams upon the San Diego River or its tributaries.

Ninth: That this Common Council has not and never has had any intention of interfering with appropriations of water from the San Diego River heretofore made.

Tenth: That this Common Council has no intention of interfering with further bona fide water appropriations by the City of La Mesa, or by any other person, firm or corporation, private or public.

Eleventh: That it is the belief of this Common Council that the question of the development of the unappropriated waters of the San Diego River should be determined once and for all, that this is the proper time to determine such question, that the electors of this municipality should determine this question, and that an election upon the question of impounding the flood waters of the San Diego River, as provided for in the El Capitan Bill, is the proper manner of presenting the problem to the citizens of this community.
