WHEREAS, On the 11th day of August, 1919, in this city, the earthly career of Honorable Beecher Sterne came to a close, after a period of ten weeks of serious illness, and

WHEREAS, It is the desire of his fellow members in the Common Council to make permanent the expression of their appreciation of him and of their sorrow in his demise, Now be it

RESOLVED, That the following be entered upon the minutes of this Common Council, to-wit:

Beecher Sterne was born in Maryland 54 years ago. At the age of 24 years he first came to San Diego, and here aided in the formation of the West Coast Gas Engine Company. He then returned to the east, and for some twenty years was connected with the pension and revenue service of the government.

In 1908, upon returning to this city, he became secretary and treasurer of the company he had helped to form, and held that position until 1917, when he became industrial secretary of the Chamber of Commerce, resigning early this year to enter the race for member of the Common Council, and at the General Election on April 8th last he was successful by a very large vote.

During the brief time between his entry upon his official duties and the commencement of his illness he had manifested a deep interest in the financial and administrative affairs of the municipality, and gave every promise of becoming a power, as a member of its legislative body, in the growth and betterment of San Diego.

In his death the city has lost an upright man, a good citizen, a conscientious official and a friend to humanity, and to the members of this Common Council, his associates, his passing comes as a distinct and personal loss, and to the wife, brothers and sisters our deepest sympathy is expressed.

Be it further Resolved, That the city clerk be directed to transmit a copy of this resolution to Mrs. Sterne, and furnish copies to the press of the city.

Passed and adopted by the said Common Council of the said City of San Diego, California, this 13th day of August 1919, by the following vote, to-wit:

A RESOLUTION CONDEMNING THE RAISING OF RENTS AND PLACING EXORBITANT RENTALS ON LODGING IN THE CITY OF SAN DIEGO.

WHEREAS, frequent complaints and protests have been brought to the attention of members of the Common Council, that certain owners of hotels, apartment houses and cottages in The City of San Diego are taking advantage of the unprecedented influx of prospective citizens, tourists and visitors to our City, and are raising rents of houses, cottages and lodgings to an exorbitant, unreasonable and unwarranted extent; and

WHEREAS, this action on the part of said certain owners of houses, cottages and lodgings, has a tendency, and is to a great extent, nullifying the efforts of our citizens who by their energetic devotion to the City and its upbuilding, are largely responsible for this most desirable increase of prospective citizens, tourists and visitors; and

WHEREAS, the complained of action on the part of said owners of houses, cottages and lodgings will surely result in the dissatisfaction and early departure of large numbers of prospective citizens, tourists and visitors, to the great and lasting injury to the best interests of the City, and to the detriment of the highly creditable reputation of our City for hospitality and fair dealing now prevalent throughout the entire country;

NOW, THEREFORE, BE IT RESOLVED By the Common Council of The City of San Diego, as follows:

That any increase at this time in rental charges for houses, cottages or lodgings in The City of San Diego, beyond a normal, fair and reasonable amount, is wholly unwarranted and reprehensible and contrary to the best interests of The City of San Diego.

APPROVING THE PROPOSED ESTABLISHMENT OF A FEDERAL SHIP AND RAIL TERMINAL
ON SAN DIEGO BAY, AT SUCH POINT, AND UNDER SUCH POLICY, AS CONGRESS MAY
PRESCRIBE, AS A MEANS OF FURTHERING OVER-SEAS COMMERCE.

WHEREAS, The City of National City, located on San Diego Bay, has by resolution of the City Trustees, the legislative body of said City, of the date of December 18, 1917, tendered to the Federal Government, without cost, tidelands bordering upon the channel waters of San Diego Bay for the establishment of a Federal Ship and Rail Terminal, in the interests of commerce and navigation, and

WHEREAS, The City of San Francisco, the "Premier Port" of the Pacific, has by resolution of the Board of Supervisors, the legislative body of said City, of the date of December 30, 1917 ceded to the Federal Government, all tide-lands standing in the name of the City, together with all streets and street-ends, without cost of any kind, for the purpose of establishing a Federal Ship and Rail Terminal, as a means of promoting the interests of Commerce and navigation, in accordance with the existing and contemplated policy of furthering over-seas trade, and

WHEREAS, at a public hearing before the United States Senate Committee on Commerce, held in Washington on February 4, 1920, General William M. Black, former Chief of Engineers of the United States Army, now serving as Engineer Advisor for the National Shipping Board, controlling and operating government merchant ships of the value of TWO MILLION DOLLARS, recommended the construction and operation of a modern Federal Ship and Rail Terminal at Bayonne, New Jersey, in order to relieve the congestion and escape the extortionate rates charged for berth space in the Port of New York, an increase from the pre-war price of from \$60 to \$80 per day, as stated by General William Black, to \$250 and \$666, thereby imposing undue burdens upon the sea commerce of the nation, at a time when over-seas trade is in the balance, demanding the highest efficiency in ship and seaboard rail movement, and

WHEREAS, The City of San Diego, State of California, was the first municipality in the United States to anticipate Naval needs of the nation by the cession of 500 acres of tide-lands, without cost, for the establishment of a Naval Base, upon which the Secretary of the Navy has recommended the expenditure of Thirty Millions of Dollars in the form of Seawalls, Channel Dredging, Ship Repair Yards, Marine Ways, and other aids to navigation in keeping with the National Policy of Naval Expansion, and

WHEREAS, the physical conditions of San Diego Bay are such that provision for the channel and general port needs of the navy in the form of increased channel area will furnish the basic needs of the nationally owned merchant ships, by a single outlay, with the exception of modern docks and rail terminals, NOW THEREFORE,

BE IT RESOLVED by the Common Council, the legislative body of the City of San Diego, State of California, as Trustee of all the tide-lands bordering upon San Diego Bay within its corporate limits, that it views with favor the establishment and operation of Federal Ship and Rail Terminals as advocated by General William M. Black, Engineer Advisor of the National Shipping Board, and hereby pledges its support and assistance in every way possible to the accomplishment of that object, as an aid to over-seas commerce and national trade expansion, and

BE IT FURTHER RESOLVED, that a copy of this resolution be transmitted to the National Shipping Board, the United States Railroad Administration and to the Federal Representatives of the State of California at Washington.

RESOLUTION NO. 25328.

WHEREAS, the observance of the Daylight Saving Law, while in force, appeared to meet with the unqualified approval of the citizens of San Diego; and

WHEREAS, the said Daylight Saving Law did most appreciably lessen the cost of maintenance of the domestic and business establishments of our citizens, materially curtailing the lighting and heating expenses thereof, and incidently aiding in the conserving of both fuel and water, a circumstance of vast importance; and

WHEREAS, the general opinion seems to have been and is that said Daylight Saving Law, without the slightest degree of interference with the business interests of The City of San Diego, did multiply the opportunities for recreation and social enjoyment, and added greatly to the possibilities of renewed health and vigor for those to whom out-of-door life is an advantage or real necessity; and

"TO THE HONORABLE, THE COMMON COUNCIL
OF THE CITY OF SAN DIEGO:

Gentlemen:-

The application of the San Diego Consolidated Gas & Electric Company respectfully shows to your Honorable Body:

1. That your applicant is a corporation organized and existing under and by virtue of the laws of the state of California and having its principal place of business in the city of San Diego, county of San Diego, state of California. That your applicant is a public service corporation engaged in the business of manufacturing, distributing and selling gas and electricity and electrical energy for light, heat, power and other purposes. That your applicant is now supplying and distributing gas for lighting purposes and electricity for lighting purposes in the city of San Diego, and is so operating and maintaining its pipes, pipe lines, poles, wires and other appliances under and by virtue of the constitutional franchise given and granted in and by section 19 of Article XI of the Constitution of the state of California, as it stood prior to the amendment thereof approved October 10, 1911.

2. That your applicant is also distributing, within the said city of San Diego, gas for heat and power purposes, and electricity for power purposes. That in order to accommodate the growing population within said city and of supplying to new comers within said city gas for heating and power purposes and electricity for power purposes, it will be necessary not only for your petitioner to maintain and operate its existing lines, but also from time to time to extend such lines into new territory as the same is opened up, developed and settled.

3. That your applicant has been operating and maintaining its said existing lines and making needed extensions from time to time, believing that it had the right to do so under the provisions of said section 19 Article XI of the constitution of the state of California, as the same stood prior to the amendment approved October 10, 1911. That heretofore, however, and on or about the 6th day of May, 1920, an ordinance Numbered Ordinance 7973 theretofore passed and adopted by your Honorable Body, became effective. That said ordinance No. 7973 provided for the granting of franchise by the city of San Diego to erect, lay, operate and maintain gas pipes and conduits on the public streets of the city of San Diego for the purpose of carrying gas for heat and power and to erect and maintain poles, wires and conduits for transmitting electricity for heat and power under or upon any public street or highway in the said city of San Diego. That prior to the passage of said Ordinance No. 7973 there was, as your petitioner is advised and believes, no ordinance in effect in the said city of San Diego providing for the granting of said franchises.

4. That pursuant to the requirements of said ordinance No. 7973, your applicant hereby applies to your Honorable Body and requests that your Honorable Body advertise for sale, in the manner and the time prescribed by said ordinance No. 7973, a franchise to erect, lay, operate and maintain gas pipes and conduits on all of the public streets and highways of the city of San Diego for the purpose of carrying gas for heat and power, and to erect and maintain poles, wires, conduits and pipes for wires for transmitting electricity for heat and power purposes along and upon all the public streets and highways in the city of San Diego, and to exercise the privilege of furnishing gas for heat and power, and transmitting electricity for heat and power along, under and upon any and all of the public streets, alleys, highways and public places within the corporate limits of the said city of San Diego.

5. That your applicant further requests that the said franchise so to be advertised shall be for the term of fifty years, and shall provide that the successful bidder and his assigns must, during the life of said franchise pay to the city of San Diego, two per cent. of the gross annual receipts of the person, partnership or corporation to whom said franchise is awarded, arising from its use, operation and possession, and that such percentage shall be payable annually, and in the event said payment is not made, that said franchise shall be forfeited, and that said franchise so to be awarded shall contain such other terms and conditions conformable to law, as may be provided for in said ordinance No. 7973. Your applicant further requests that said publication be made in conformity with the provisions of said ordinance No. 7973.

6. In making this application, your petitioner hereby makes the same with the distinct understanding and reservation that the said franchise so to be advertised shall contain no reference whatsoever to the transmitting of gas or electricity for lighting purposes, or to the use of the streets, alleys, highways and public places within the corporate limits of the said city of San Diego, for the purpose of erecting, constructing, laying and maintaining along or under or upon said streets, pipes, conduits and other appliances for transmitting and distributing gas for lighting purposes, or poles, wires, conduits or pipes for wires under, upon and along said streets, alleys, highways and other public places for the purpose of transmitting and distributing electricity for lighting purposes, and, or that the same shall be limited solely to the use of said streets for transmitting gas and electricity, or gas or electricity for heat and power purposes only.

7. Your applicant further requests that the said franchise, when so granted, shall contain, among other provisions, a provision to the effect that should it finally be adjudicated by the Supreme Court of the state of California that your Honorable Body has no power or authority to pass or adopt an ordinance of the character and description of said ordinance No. 7973, or to require your petitioner or any other person, firm or corporation operating under the said franchise provided for and given by said section 19 Article XI of the constitution of the state of California as it stood prior to the amendment approved October 10, 1911 to apply for or take out a franchise for maintaining pipes, conduits and pipes for wires or other means of distributing gas for heat or power purposes, or poles, wires, conduits or pipes for wires for distributing electricity for power purposes, that then and in that event the said franchise shall become null and void, and the grantee thereof be relieved of all the obligations imposed by said franchise, and particularly of the obligation to pay to said city two per cent. of the gross receipts arising from the use, operation or possession of said franchise.

WHEREFORE, your applicant prays that your Honorable Body advertise the fact of this application having been made, together with a statement that it is proposed to grant the same (as applied for) or (as changed by said Common Council) in the official newspaper of said city, and that said advertisement shall state that bids will be received for said franchise and that it will be awarded to the highest bidder, and also that said advertisement shall state the character of the franchise or privilege proposed to be granted, the term for which it is granted, and the route to be traversed, to-wit, all of the streets, alleys,

lanes, highways and public places within the corporate limits of the said city of San Diego, and also that sealed bids therefor will be received up to a certain hour or day named in said advertisement, and that the said franchise will be awarded to the highest bidder, and that said successful bidder shall be required to file a bond running to said city of San Diego with two good and sufficient sureties to be approved by your Honorable Body in the penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that said buyer shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond, and that such advertisement be published in the manner and for the time prescribed by said franchise, and that upon the completion of such advertisement, said franchise be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, and your petitioner will ever pray.

Respectfully submitted,
SAN DIEGO CONSOLIDATED GAS & ELECTRIC COMPANY,
By H. H. Jones,
President."

Notice is also hereby given that sealed bids in writing will be received for said franchise and authority up to the hour of 10:30 o'clock A. M., of Monday, the 23rd day of August, 1920, when the Common Council will in open session open and publicly declare said bids.

That the successful bidder and assigns must during the life of said franchise pay to said City two per centum (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, as a rental for that portion or those portions of the streets, highways, alleys or roads exclusively occupied by the grantee of such franchise arising from its use, operation or possession. Such percentage shall be payable annually; and in the event said payment is not made said franchise shall be forfeited. That the payment of said percentage of gross receipts shall begin at once, and that said franchise and authority will be struck off, sold and awarded to the person, firm or corporation who will make the highest cash bid therefor; provided only that at the time of opening said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege at sum not less than ten per cent. (10%) above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent. (10%) by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Common Council to the highest bidder therefor in lawful money of the United States. Each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of said City, for the full amount of said bid, and no sealed bid shall be considered unless such cash or check is enclosed therewith, and the successful bidder shall deposit at least ten per cent. (10%) of the amount of his bid with the Clerk of said City before the franchise shall be struck off to him. If he shall fail to make such deposit immediately, then and in that case his bid shall not be received, but shall be considered as void, and the said franchise shall then and there again be offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent. (10%) of the amount of his bid therefor, as herein provided. Said successful bidder shall deposit with the Clerk of said City within twenty-four (24) hours after the acceptance of his bid the remaining ninety per cent. (90%) of the amount thereof, and in case he or it shall fail to do so, then the said deposit theretofore made shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there by said Common Council again be offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as heretofore provided; and in case said bidder shall fail to deposit with the Clerk of said City the remaining ninety per cent. (90%) of his bid within twenty-four (24) hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale, in the manner hereinbefore provided.

Notice is also hereby given that the successful bidder for said franchise and authority must file a bond running to The City of San Diego, with at least two good and sufficient sureties, to be approved by said Common Council, in a penal sum of Ten Thousand Dollars (\$10,000.00), conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Common Council with five (5) days after such franchise is awarded, and upon the filing and approval of such bond such franchise shall by said Common Council be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded; and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited and said franchise shall, in the discretion of said Common Council, be readvertised and again offered for sale, in the same manner and under the same restrictions as hereinbefore provided.

The right shall be reserved in said ordinance granting said franchise, and in the franchise, to The City of San Diego to run its own wires upon the poles belonging to the grantee of said franchise, for the purpose of transmitting for municipal purposes, electrical energy for power, lighting, or any other purpose.

"TO THE HONORABLE, THE COMMON COUNCIL

OF THE CITY OF SAN DIEGO:

Gentlemen:-

The application of the San Diego Consolidated Gas & Electric Company respectfully shows to your Honorable Body:

1. That your applicant is a corporation organized and existing under and by virtue of the laws of the state of California and having its principal place of business in the city

of San Diego, county of San Diego, state of California. That your applicant is a public service corporation engaged in the business of manufacturing, distributing and selling gas and electricity and electrical energy for light, heat, power and other purposes. That your applicant is now supplying and distributing gas for lighting purposes and electricity for lighting purposes in the city of San Diego, and is so operating and maintaining its pipes, pipe lines, poles, wires and other appliances under and by virtue of the constitutional franchise given and granted in and by section 19 of Article XI of the Constitution of the state of California, as it stood prior to the amendment thereof approved October 10, 1911.

2. That your applicant is also distributing, within the said city of San Diego, gas for heat and power purposes, and electricity for power purposes. That in order to accommodate the growing population within said city and of supplying to new comers within said city gas for heating and power purposes and electricity for power purposes, it will be necessary not only for your petitioner to maintain and operate its existing lines, but also from time to time to extend such lines into new territory as the same is opened up, developed and settled.

3. That your applicant has been operating and maintaining its said existing lines and making needed extensions from time to time, believing that it had the right to do so under the provisions of said section 19 Article XI of the constitution of the state of California, as the same stood prior to the amendment approved October 10, 1911. That heretofore, however, and on or about the 6th day of May, 1920, an ordinance Numbered Ordinance 7973 theretofore passed and adopted by your Honorable Body, became effective. That said ordinance No. 7973 provided for the granting of franchise by the city of San Diego to erect, lay, operate and maintain gas pipes and conduits on the public streets of the city of San Diego for the purpose of carrying gas for heat and power and to erect and maintain poles, wires and conduits for transmitting electricity for heat and power under or upon any public street or highway in the said city of San Diego. That prior to the passage of said Ordinance No. 7973 there was, as your petitioner is advised and believes, no ordinance in effect in the said city of San Diego providing for the granting of said franchises.

4. That pursuant to the requirements of said ordinance No. 7973, your applicant hereby applies to your Honorable Body and requests that your Honorable Body advertise for sale, in the manner and for the time prescribed by said ordinance No. 7973, a franchise to erect, lay, operate and maintain gas pipes and conduits on all of the public streets and highways of the city of San Diego for the purpose of carrying gas for heat and power, and to erect and maintain poles, wires, conduits and pipes for wires for transmitting electricity for heat and power purposes along and upon all the public streets and highways in the city of San Diego, and to exercise the privilege of furnishing gas for heat and power, and transmitting electricity for heat and power along, under and upon any and all of the public streets, alleys, highways and public places within the corporate limits of the said city of San Diego.

5. That your applicant further requests that the said franchise so to be advertised shall be for the term of fifty years, and shall provide that the successful bidder and his assigns must, during the life of said franchise pay to the city of San Diego, two per cent. of the gross annual receipts of the person, partnership or corporation to whom said franchise is awarded, arising from its use, operation and possession, and that such percentage shall be payable annually, and in the event said payment is not made, that said franchise shall be forfeited, and that said franchise so to be awarded shall contain such other terms and conditions conformable to law, as may be provided for in said ordinance No. 7973. Your applicant further requests that said publication be made in conformity with the provisions of said ordinance No. 7973.

6. In making this application, your petitioner hereby makes the same with the distinct understanding and reservation that the said franchise so to be advertised shall contain no reference whatsoever to the transmitting of gas or electricity for lighting purposes, or to the use of the streets, alleys, highways and public places within the corporate limits of the said city of San Diego, for the purpose of erecting, constructing, laying and maintaining along or under or upon said streets, pipes, conduits and other appliances for transmitting and distributing gas for lighting purposes, or poles, wires, conduits or pipes for wires under, upon and along said streets, alleys, highways and other public places for the purpose of transmitting and distributing electricity for lighting purposes, and, or that the same shall be limited solely to the use of said streets for transmitting gas and electricity, or gas or electricity for heat and power purposes only.

7. Your applicant further requests that the said franchise, when so granted, shall contain, among other provisions, a provision to the effect that should it finally be adjudicated by the Supreme Court of the state of California, that your Honorable Body has no power or authority to pass or adopt an ordinance of the character and description of said ordinance No. 7973, or to require your petitioner or any other person, firm or corporation operating under the said franchise provided for and given by said section 19 Article XI of the constitution of the state of California as it stood prior to the amendment approved October 10, 1911 to apply for or take out a franchise for maintaining pipes, conduits and pipes for wires or other means of distributing gas for heat or power purposes, or poles, wires, conduits or pipes for wires for distributing electricity for power purposes, that then and in that event the said franchise shall become null and void, and the grantee thereof be relieved of all the obligations imposed by said franchise, and particularly of the obligation to pay to said city two per cent. of the gross receipts arising from the use, operation or possession of said franchise.

WHEREFORE, your applicant prays that your Honorable Body advertise the fact of this application having been made, together with a statement that it is proposed to grant the same (as applied for) or (as changed by said Common Council) in the official newspaper of said city, and that said advertisement shall state that bids will be received for said franchise and that it will be awarded to the highest bidder, and also that said advertisement shall state the character of the franchise or privilege proposed to be granted, the term for which it is granted, and the route to be traversed, to-wit, all of the streets, alleys, lanes, highways and public places within the corporate limits of the said city of San Diego, and also that sealed bids therefor will be received up to a certain hour or day named in said advertisement, and that the said franchise will be awarded to the highest bidder, and that said successful bidder shall be required to file a bond running to said city of San Diego with two good and sufficient sureties to be approved by your Honorable Body in the penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that said buyer shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond, and that such advertisement be published in the manner and for the time prescribed by said franchise, and that upon the completion of such advertisement, said franchise be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, and your petitioner will ever pray.

Respectfully submitted,
SAN DIEGO CONSOLIDATED GAS & ELECTRIC COMPANY,
By H. H. Jones,
President."

Notice is also hereby given that sealed bids in writing will be received for said franchise and authority up to the hour of 10:30 o'clock A. M. of Monday, the 27th day of September, 1920, when the Common Council will in open session open and publicly declare said bids.

That the successful bidder and assigns must during the life of said franchise pay to said City two per centum (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, as a rental for that portion or those portions of the streets, highways, alleys or roads exclusively occupied by the grantee of such franchise arising from its use, operation or possession. Such percentage shall be payable annually; and in the event said payment is not made said franchise shall be forfeited. That the payment of said percentage of gross receipts shall begin at once, and that said franchise and authority will be struck off, sold and awarded to the person, firm or corporation who will make the highest cash bid therefor; provided only that at the time of opening said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than ten per cent. (10%) above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent. (10%) by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Common Council to the highest bidder therefor in lawful money of the United States. Each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of said City, for the full amount of said bid, and no sealed bid shall be considered unless such cash or check is enclosed therewith, and the successful bidder shall deposit at least ten per cent. (10%) of the amount of his bid with the Clerk of said City before the franchise shall be struck off to him. If he shall fail to make such deposit immediately, then and in that case his bid shall not be received, but shall be considered as void, and the said franchise shall then and there again be offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent. (10%) of the amount of his bid therefor, as herein provided. Said successful bidder shall deposit with the Clerk of said City within twenty-four (24) hours after the acceptance of his bid the remaining ninety per cent. (90%) of the amount thereof, and in case he or it shall fail to do so, then the said deposit theretofore made shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there by said Common Council again be offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided; and in case said bidder shall fail to deposit with the Clerk of said City the remaining ninety per cent. (90%) of his bid within twenty-four (24) hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale, in the manner hereinbefore provided.

Notice is also hereby given that the successful bidder for said franchise and authority must file a bond running to The City of San Diego, with at least two good and sufficient sureties, to be approved by said Common Council, in a penal sum of Ten Thousand Dollars (\$10,000.00), conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Common Council within five (5) days after such franchise is awarded, and upon the filing and approval of such bond such franchise shall by said Common Council be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded; and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited and said franchise shall, in the discretion of said Common Council, be readvertised and again offered for sale, in the same manner and under the same restrictions as hereinbefore provided.
