R E S O L U T I O N NO. 53971

BE IT RESOLVED by the Common Council of the City of San Diego, as follows:

That, in the passing of Honorable James E. Wadham, a former Mayor of this City, on May 26, 1930, San Diego has lost a citizen who has mingled his interests and fortunes with those of his adopted home community over a period of six decades.

During all of that long span of years, Mr. Wadham has loved the City of San Diego in a way which could not have been exceeded even though it had been the place of his birth.

As a man among men in this growing City of the southwest he had always had a place prominently to the fore as one who would work for the advancement and development of the community.

In the field of law he had been prominent during several generations and as attorney and counsellor he had enjoyed the confidence of numerous prominent corporations, as well as of his many private clients.

In May, 1911, he assumed the responsibilities and duties of Chief Executive of the City of San Diego and continued to occupy the Mayor's chair for two years, with credit to himself and honor to the Community which he served.

Coming with such short notice to his friends everywhere his death was a distinct shock to all, and there will be legion of those who will miss his cheery smile and greeting.

This Common Council, by this Resolution, wishes to take official recognition of his worthiness as a citizen and public servant, and hereby directs that this Resolution shall be embodied in the minutes of this body and a copy sent to the family of Mr. Wadham.

Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911, and amendments thereto.

WHEREAS, in the furtherance of public interest and convenience it is desired to abandon portions of said property as a public park and devote the said portions to another needed municipal use; and

WHEREAS, the discontinuance and abandonment of the use of portions of such park lands as a park will not cause the reversion of any such lands to any private ownership and will not cause the forfeiture of the ownership thereof in fee by the City of San Diego; and

A RESOLUTION DECLARING AND DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY OF THE CITY OF SAN DIEGO DEMAND THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN BUILDINGS FOR MUNICIPAL USE, NECESSARY AND CONVENIENT TO CARRY OUT THE OBJECTS, PURPOSES AND POWERS OF THE MUNICIPALITY, THE COST OF WHICH WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE MUNICIPALITY, AND RECITING THE ESTIMATED COST OF THE PROPOSED PUBLIC IMPROVEMENT.

WHEREAS, the Common Council of the City of San Diego has determined that it is necessary that a public building for municipal purposes be erected by the City of San Diego in said City; and

WHEREAS, said The City of San Diego and the County of San Diego have determined to join in the construction, erection and ownership of a public building for such County and municipal purposes in such incorporated City of San Diego; and

WHEREAS, a majority of the qualified voters of the County of San Diego, including the said City of San Diego, at a special election heretofore held in said County, voted in favor of locating this proposed joint City and County public building within that certain tideland site, being that area of land shown on the map of the Municipal Tidelands subdivision Tract Number One, filed in the Office of the City Clerk of the City of San Diego on the 18th day of May, 1916, and being particularly bounded and described as follows, to-wit:

WHEREAS, the public interest and necessity demand and require that a joint public building for county and municipal purposes be erected on said above described site; the County of San Diego in no event to contribute or become liable for more than one-half of the cost of construction and maintenance of said joint public building, all as provided for in that certain Act of the Legislature of the State of California, approved May 29, 1913 (Statutes of 1913, page 331), entitled, "An Act to enable counties to join with incorporated cities and towns within such counties in the joint construction of public buildings to be used jointly for county and municipal purposes."

That the total cost of said proposed joint public improvement is estimated at the sum of one million dollars (\$1,000,000.00), and that one-half of the cost of said proposed joint public building is the sum of five hundred thousand dollars (\$500,000.00), which sum is and will be the amount which the said City of San Diego will contribute and become liable for, for the construction of said joint public building, and which said sum of five hundred thousand dollars (\$500,000.00) is and will be too great to be paid out of the ordinary annual income and revenue of the municipality, and it is, therefore, necessary that a bonded indebtedness for the proposition herein stated shall be incurred and created by said The City of San Diego, NOW, THEREFORE,

IT IS RESOLVED, DECLARED and DETERMINED by the Common Council of the City of San Diego that the public interest and necessity of said City, and of the inhabitants thereof, demand the acquisition by said City of one-half interest in a jointly owned public building to be erected and constructed for the said City of San Diego and the said County of San Diego for City and County purposes; said joint public building to be located on that certain tideland site shown on the map of Municipal Tidelands Subdivision Tract Number One, filed in the Office of the City Clerk of the City of San Diego on the 18th day of May, 1916, particularly described as follows, to-wit:

Beginning at the point of intersection of the westerly prolongation of the northerly line of Ash Street with the westerly line of Atlantic Street; thence westerly along the westerly prolongation of the northerly line of Ash Street to an intersection with the easterly line of Harbor Street; thence northerly along the easterly line of Harbor Street to an intersection with the southwesterly prolongation of the southeasterly line of Grape Street; thence northeasterly along the southwesterly prolongation of the southeasterly line of Grape Street and the southeasterly line of Grape Street to an intersection with the southwesterly line of Atlantic Street; thence southerly along the westerly line of Atlantic Street to the point of beginning.

That the total cost of said proposed joint public improvement is estimated at the sum of one million dollars (\$1,000,000.00), and that one-half of the cost of said proposed joint public improvement proposed to be incurred by the City of San Diego is estimated at the sum of five hundred thousand dollars (\$500,000.00).

A resident of the City of San Diego for more than six decades, Mr. Marston has ever manifested the keenest interest in the civic affairs of his home community, this having been evident in many ways.

His desire for the advancement of the community and his faith in its continued progress have been seen in his own personal connection with its fields of business, in which he has made the name of Marston one in which all citizens could place confidence in commercial matters.

For a quarter of a century he has lent his advice and time to the furtherance of the City's prestige as a community in which the beautiful has had its place, along with the other lines of development, and as a Park Commissioner he has had much to do with the preservation and beautification of the municipal park areas.

In addition to his gratuitous service as a member of one of the City's important boards, he has, through his own generosity, made available to the public a large area of the most historic ground within the city's bounds, through the gift of many acres of Presidio Hill and its environs to the City and the building of the Serra Museum thereon as a place for the gathering and preservation of historical material having to do with the founding and development of San Diego.

In recognition of all his deeds and thoughtfulness on behalf of this City it is the desire to express to Mr. Marston the thanks of this body, and it is directed that this resolution shall be entered in full upon the minutes of the Common Council and the Clerk is directed to transmit a copy hereof to Mr. Marston, with the best wishes of the Mayor and the members of this body.

RESOLUTION NO. 55891

BE IT RESOLVED by the Common Council of the City of San Diego, as follows:

That H. N. Savage, hydraulic engineer in charge of water development, be and he is hereby authorized and instructed to meet with C. Harritt, of the La Mesa, Lemon Grove & Spring Valley Irrigation District, and these two to select a third engineer, the services of the latter to be paid for jointly by the City and the District, the three thereupon to compile and submit to this Common Council estimates of the costs of production of water at the El Capitan site at elevations of 140, 160, 197 and 235 foot contour, and at San Vicente site at 160 and 250⁵⁰ contour elevations, such estimates to cover costs at El Capitan by itself and also in conjunction with the San Vicente project, this data to be furnished at the earliest possible date.

RESOLUTION NO. 55892

BE IT RESOLVED by the Common Council of the City of San Diego, as follows:

That H. N. Savage, hydraulic engineer in charge of water development, be, and he is hereby instructed to prepare and submit to this council the following data:

Approximate cost of water per thousand gallons, delivered at the outlet of a proposed rock-fill dam at El Capitan site to a height that will guarantee a net safe yield of 11,000,000 gallons per day, the approximate cost to include a proportionate part of \$248,000 as the price of acquiring the necessary 190 acres in the El Capitan site, this being the properties of the La Mesa, Lemon Grove & Spring Valley Irrigation District along the San Diego River; together with the additional 80 acres in the reservoir site, the cost of the Indian Reservation lands, and any other cost deemed necessary to reach the final cost figures;

Also the estimated cost of a diverting pipe-line from the Dulzura conduit to the 800-foot contour reservoir above the District, where it is suggested delivery of water from another water-shed would eliminate any legal entanglements from riparian owners, outside of the District ownership.
