R E S O L U T I O N NO. 63451

WHEREAS, San Diego Water Supply Company and The City of San Diego entered into a certain lease and option agreement, dated October 5, 1925, whereby the Water Company leased to the City for a term of thirty (30) years with option to purchase at any time during such period, certain real and personal property, including among other things a certain dam and reservoir situated in San Diego County, and commonly known as Hodges Dam; and

WHEREAS, both parties desire certain construction, reconstruction, repairs and betterments to be made to said Hodges Dam, to cost approximately \$180,000.00; and

WHEREAS, both parties desire to join in the financing of said construction, reconstruction, repairs and betterments; and

WHEREAS, said Water Company by and through John Treanor, its President, has filed a communication dated August 12, 1935, and addressed to Fred Pyle, Hydraulic Engineer of the City of San Diego, a copy of which is attached hereto; and

WHEREAS, said communication submits an offer by said Water Company to assist the City in obtaining funds for the construction and repair of Hodges Dam; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the offer of San Diego Water Supply Company, set forth in the said communication dated August 12, 1935, from John Treanor, President of said Company, to Mr. Fred Pyle, Hydraulic Engineer, a copy of which is attached hereto, be, and the same is hereby accepted.

BE IT FURTHER RESOLVED that the City Attorney be, and he is hereby authorized to prepare a contract by and between the San Diego Water Supply Company and the City of San Diego, according to the offer contained in said communication from said Company herein identified. JOHN TREANOR
621 SOUTH HOPE STREET
LOS ANGELES

Warner Springs, Aug. 12, 1935.

Mr. Fred Pyle,
Hydraulic Engineer,
City of San Diego, Cal.

Dear Mr. Pyle:

Mr. Cromwell telephones that you desire to know whether the water company is disposed to reassume the obligation to assist the City of San Diego in the repair of Hodges Dam, as stated in an agreement between the company and the city, dated Oct. 16, 1933. This agreement has lapsed by reason of the failure to start the work of repair as therein provided.

The company is willing to enter into a new agreement in similar terms calling for a payment of \$2,000 per year during the life of the Lease-Option contract, provided repair work is started before Jan. 1, 1936.

At one time, while the city was struggling with the problem of ways and means of financing this work, I undertook on behalf of the company, in conversations with Mr. Byers, City Attorney, to discount the future payments provided for in the agreement. I cannot renew this offer at the present time, as the sum involved has been used for other company purposes.

I will however undertake to furnish, on behalf of the company, the amount of Portland Cement required for the repairs--that is, the company will enter a bid for your cement requirements in the usual way and if the cement order is awarded to it, an agreement can then be entered into whereby payment will be offset against the annuity provided for in the proposed agreement referred to in the second paragraph of this letter. Of course this advance payment, in the form of cement, or in cash, if it takes that form, will be upon a discounted basis, correctly reflecting the present worth of money at 6%.

Will you kindly have two copies of this letter made, sending one copy to Mr. Cromwell and one to me at this address, where I am spending my vacation. I have no facilities here for making copies conveniently.

With very kind regards, I beg to remain,

Sincerely yours
JOHN TREANOR (Signature)
President,
San Diego Water Supply Co.

A decision of the majority shall be binding upon the parties.

It is further agreed that the said Lessee shall have the privilege, upon the termination of this lease, of removing from said demised premises, at its own expense, all buildings and improvements which have been placed thereon.

It is agreed that if any default shall be made by the Lessee in the payment of any rent promptly when the same shall become due according to the terms hereof, or in respect to the performance or observance of any covenant, term or condition of this lease to be kept or observed by the Lessee, the Lessor shall have the right to terminate this lease and to enter upon said premises and take possession of the same, and of each and every part thereof, and the Lessee shall peaceably surrender full possession of said premises to the Lessor.

It is understood and agreed that a waiver by the Lessor of any default hereunder shall not be considered, nor held to be, a waiver of any subsequent or other default, and also that consent to the subletting of said premises or any part thereof, or to the assignment of this lease, shall not be construed or considered as a consent to any other or subsequent subletting or assignment.

It is further understood and agreed that if the Lessee shall make default in the performance of any of the terms, conditions or covenants of this lease by the Lessee to be kept, observed or performed, Lessee will in such case pay to the Lessor the expenses and costs incurred by the Lessor in any action which may be commenced by the Lessor based on, or arising out of, any such default, including a reasonable attorney's fee.

A G R E E M E N T.

THIS AGREEMENT, made and entered into this ____ day of November, 1935, by and between THE CITY OF SAN DIEGO, a municipal corporation in the County of San Diego, State of California, acting by and through the City Manager thereof, and the COUNTY OF SAN DIEGO, a political subdivision of the State of California, acting by and through a majority of the members of the Board of Supervisors of said County, parties of the first part, and hereinafter sometimes referred to as the "Owners," and ASSOCIATED ARCHITECTS, a co-partnership consisting of Louis J. Gill, William Templeton Johnson, Richard S. Regua, Sam W. Hamill, parties of the second part, hereinafter sometimes referred to as the "Architects," W I T N E S S E T H:

WHEREAS, a project for the construction of an administration building on the Civic Center site on the tidelands between Ash Street and Grape Street, in The City of San Diego, and for the landscaping and development of said site, has been approved by the Public Works Administration and Works Progress Administration of the United States; and

WHEREAS, ninety per cent (90%) of the funds estimated to be necessary for the completion of said project has been or is about to be appropriated and allocated for and to said project by the United States Government; and

WHEREAS, The City of San Diego and the County of San Diego are joint sponsors of said project, and as such are required to contribute ten per cent (10%) of the funds estimated to be necessary for the completion of said project, and for that purpose said City has appropriated fifty-two thousand six hundred dollars (\$52,600.00) and said County has appropriated fifty-three thousand dollars (\$53,000.00), or a total sum of one hundred five thousand six hundred dollars (\$105,600.00), within which said sum is included the cost of all necessary plans, studies, drawings and specifications to construct and complete the project, together with architects' professional services in and about the supervision of the work; and

WHEREAS, the "Owners" desire to have prepared as speedily as possible complete working plans, studies, drawings and specifications in order that construction work on said administration building proceed at the earliest practical date, and to that end desire to employ said "Architects" for the purposes and upon the terms and conditions hereinafter recited, and said "Architects" desire to accept said employment;

NOW, THEREFORE, in consideration of the premises and of the mutual promises and matters and things hereinafter recited, the parties hereto do hereby agree as follows:

(1) The "Architects" undertake and agree to prepare and deliver to the "Owners" all preliminary studies, working drawings, specifications and plans sufficient for the letting of a construction contract and necessary for the proper construction of said administration building to be located on the Civic Center site on the tidelands between Ash Street and Grape Street, in the City of San Diego. The general style, form and character of said building to be in accordance with those certain preliminary plans heretofore prepared and submitted by the "Architects" to said "Owners;" and to progress said work at a rate which shall insure the completion thereof within three (3) months from the execution of this contract, provided the "Owners" do not exercise the option hereinafter reserved to them to order the work suspended or discontinued. The "Architects" expressly agree that the services to be performed hereunder shall be done and performed with the highest degree of professional skill and workmanship, and that the plans and specifications to be prepared shall be suitable and proper in every respect for the purpose for which they are intended and for the general style, form and character of building herein contemplated.

The "Owners" shall immediately decide upon, approve and furnish to the "Architects" the allocation and location of floor space in said building to be made for the various departments and offices of said City and said County, together with any special or unusual requirements, essential to the preparation of appropriate plans and specifications.

It is understood and agreed that if the "Owners" shall delay furnishing to the "Architects" the information as to the allocation and location of floor space, or delay approval of preliminary plans to be submitted to them as hereinafter referred to, the three months' performance period shall be extended by the amount of time lost to the "Architects" on account of such delay.

(2) If and when requested so to do, the "Architects" will furnish the "Owners" with preliminary estimates of the cost of the construction work, but not such estimates shall be regarded as other than an approximation.

(3) The "Architects" agree to furnish to the "Owners" a faithful performance bond executed by a corporate surety authorized to transact business in the State of California, which bond shall be in the sum of ten thousand dollars (\$10,000.00), conditioned upon the faithful performance of the work outlined herein to be performed by the "Architects" and of the terms and conditions of this agreement by them to be kept and performed. This contract shall not be effective until the delivery to and approval by the "Owners" of such surety bond.

(4) The "Architects" do hereby irrevocably appoint and authorize Louis J. Gill as the member of said co-partnership who shall in all matters arising under or connected with this agreement or the performance thereof and in dealings hereunder with the "Owners" represent said co-partnership; provided, however, that in the event of the death or inability of the said Louis J. Gill to act, then and in that event the "Architects" shall appoint another member of said co-partnership in the place and stead of the said Gill.

(5) It is mutually understood and agreed that the total price or fee for the completed and accepted work hereinabove outlined to be performed by the "Architects" is thirty-six thousand dollars (\$36,000.00), which said sum shall cover all materials, supplies, professional services, labor, transportation, tools, equipment, and all other expenses and expenditures of the "Architects" incidental to satisfactory compliance with the above described work, except as hereinafter otherwise specifically provided; provided, however, that the "Architects" shall not at their own expense be required to furnish to the "Owners" more than twelve (12) complete sets of plans and documents prepared by them hereunder.

(6) It is mutually understood and agreed that the obligation of the "Owners" to make payment of any moneys that shall become due and payable under this agreement is joint, but not several; that is to say, The City of San Diego is obligated to pay one-half thereof and no more, and the County of San Diego is obligated to pay one-half thereof and no more; and the default of either said City or said County with regard to any moneys coming due hereunder shall never be construed as giving the "Architects" any claim or right of action by reason of such default against the other.

(7) The "Owners" agree to pay the "Architects" during and for the performance of the work hereinabove outlined, the amounts, at the times, and in the manner following, to-wit:

Two thousand dollars (\$2,000.00) at the end of one week after the execution of this contract and the filing and approval of the surety bond herein required; and not less than two thousand dollars (\$2,000.00) at the end of each week thereafter during which the above described work is permitted by the "Owners" to continue.

The "Owners" reserve the right to require that the "Architects" furnish to them, and the "Architects" hereby agree to furnish, each week during the continuance of the work hereunder progress reports in sufficient detail to enable the "Owners" to determine whether or not the work is progressing at a rate which shall insure its completion within the time herein limited, and if it shall appear from such progress reports, or any of them, that the work is not progressing at such rate, the "Owners" may withhold the weekly payments hereinabove pro-

vided for until such time as the deficiency in progress has been made up. If it shall appear at any time during the performance of the work that the rate of progress thereof is so far behind the rate required to complete it within the contract period that it is impossible or extremely improbable for the "Architects" to expedite the work sufficiently to complete it within the contract period of performance, then and in that event the "Owners" may by resolution of their respective bodies declare the contract to be terminated for non-performance, and thereupon all rights of the "Architects" hereunder shall cease and determine, including any right of claim for any compensation in addition to the moneys theretofore paid to them hereunder.

Provided, that when and if seventy-five per cent (75%) of said total fee of thirty-six thousand dollars (\$36,000.00) shall have been paid hereunder the remaining twenty-five per cent (25%) shall not become due and payable until the completed work hereinabove outlined shall have been accepted by the legislative bodies of the "Owners," and until a release shall have been executed and filed as hereinafter provided, and until five (5) days shall have elapsed after the expiration of the period within which liens may be filed under the provisions of Title IV, Part III of the Code of Civil Procedure of the State of California. When the terms of this agreement shall have been fully complied with to the satisfaction of the "Owners," in so far as the same relate to the work, matters and things to be done as outlined in the preceding paragraphs hereof, and when a release of all claims against The City of San Diego and the County of San Diego under or by virtue of this agreement shall have been executed by the "Architects," and when five (5) days shall have elapsed after the expiration of the period within which liens may be filed, as hereinabove provided, final payment will be made at such time and in such manner as provided by law of any balance due, including the percentage withheld as above stated, or such portion thereof as may be due the "Architects."

(8) It is mutually agreed that in no case unauthorized by the Charter of the City of San Diego and/or the Charter of the County of San Diego shall said City or County, or any department, board or officer thereof, be liable for any portion of the contract price; also, that no extra work shall be done by the "Architects," unless they are authorized and directed so to do by resolution of the legislative bodies of the "Owners."

(9) No interest in this agreement shall be transferred by the "Architects" to any other party, and any such transfer shall cause annulment of this contract so far as the "Owners" are concerned. All rights of action for any breach of this contract by the "Architects" are reserved to said "Owners."

(10) In addition to the total fee hereinabove provided, the "Owners" shall reimburse the "Architects" for all reasonable and necessary costs and expenses of transportation and living incurred by them, ^{OR ANY OF THEM} and by their assistants, while travelling outside the County of San Diego at the request of the "Owners," evidenced by resolution of their respective legislative bodies, in discharge of duties connected with services performed hereunder. Should said "Architects" be required to perform extra services or incur additional expense on account of extra drafting due to changes ordered by the "Owners" after preliminary plans shall have been presented to and accepted by the "Owners," which said preliminary plans shall show the approved allocation and location of floor space to be made to the various departments and offices, as hereinabove required to be furnished by the "Owners," or due to the delinquency of the "Owners," they shall be reimbursed in a reasonable amount or amounts for such extra expense and/or service so involved.

(11) The "Owners" shall, so far as the work under this agreement may require, furnish the "Architects" with the following information:

A complete and accurate survey of the building site, giving the grades and lines of streets, pavements and adjoining properties, the rights, restrictions, easements, boundaries and contours of the building site, and full information as to sewer, water, gas and electric service. The "Owners" shall make or pay for borings or test pits, and for chemical, mechanical or other tests when required.

(12) It is mutually agreed and understood, anything to the contrary herein notwithstanding, that the right is expressly reserved by and accorded to the "Owners" at any time by resolution of their respective legislative bodies, and written notice to the "Architects", to suspend or discontinue the work if it shall appear to the "Owners" that on account of financial or other reasons or obstacles beyond their control the project must be temporarily or permanently discontinued. In this event the "Owners" may cease making the weekly payments to the "Architects" herein provided for, and the moneys theretofore paid to the "Architects" shall be in compensation for services rendered by them up to the time of such suspension or discontinuance of the work, and in full satisfaction of any and all claims, rights or remedies which the "Architects" may have or acquired under the terms of this agreement; save and except that the "Architects" shall be paid whatever additional amount, if any, of the balance of the total contract price which shall, when added to the moneys theretofore paid them, equal pro rata or proportional payment for that portion or percentage of the total work to be performed that shall have actually been completed or performed by the "Architects" at the date the work is ordered discontinued.

In event the "Owners" shall order the work suspended, but not permanently discontinued, then upon the removal of the reason or necessity for such suspension the "Owners" shall order the work to be resumed, and it shall thereupon be resumed under the terms and conditions of this agreement, save only that the time for completion of the work shall be extended by a period of time equal to that during which it was suspended.

(13) It is the intent and purpose of this agreement and of the parties hereto, if construction work upon said administration building proceeds in accordance with the project therefor approved by the Public Works Administration and/or Works Progress Administration, as referred to in the preamble to this agreement, that the "Owners" shall retain the "Architects" to render the usual professional services rendered by architects in connection with the construction of such buildings, including the preparation and furnishing of large scale and full size detail drawings, responsible architectural supervision of the work during construction and the giving of such Architect's certificates as may be required; and that for such additional services the "Owners" will pay and the "Architects" will accept as full compensation for such services an additional sum of fourteen thousand dollars (\$14,000.00); seventy-five per cent (75%) of which said sum shall be payable in equal monthly installments, computed over the construction contract period; or in event construction proceeds upon a force account basis, then the construction period, as estimated by the federal agency in control of construction shall be used to compute the amount of monthly payments, the first of which said installments to be payable when actual construction work upon said administration building begins, and a like sum each month thereafter while actual construction is in progress, until seventy-five per cent (75%) of said fourteen thousand dollars (\$14,000.00) shall have been paid. The remaining twenty-five per cent (25%) shall not become due and payable until the formal acceptance of the building by the "Owners," and until a release of all claims against the "Owners" under or by virtue of this agreement, in so far as it covers and relates to architectural supervision during construction, shall have been executed by the "Architects," and when five (5) days shall have elapsed after the expiration of the period within which liens may be filed under the provisions of Title IV, Part III, of the Code of Civil Procedure of the State of California, final payment will be made at such time and in such manner as provided by law of any balance of said fourteen thousand dollars (\$14,000.00) due, including the percentage withheld

as above stated, or such portion thereof as may be due the "Architects."

(14) Should said "Architects" be required to perform extra services or incur additional expenses due to the delinquency of the contractor, or due to the insolvency of the contractor, or as a result of damage to the structure by fire, earthquake, or the elements, they shall be reimbursed in a reasonable amount or amounts for such extra expense and/or service involved.

(15) The "Architects" will use every reasonable effort to guard the "Owners" against defects and deficiencies in the construction work, but they do not guarantee the quality of labor or materials, or the completion of the construction work. The supervision of the work to be furnished by the "Architects" is to be distinguished from the continuous personal superintendence furnished by a Clerk-of-the-Works or Superintendent-of-the-Works, which latter service it is understood shall be furnished without cost to the "Architects."

(16) In all relations between the parties hereunder said "Architects" shall have the right to rely and shall be fully protected in relying upon the authority of such person or persons as the "Owners" may appoint as their representative or representatives to deal with said construction work and project; provided, however, that the "Architects" shall satisfy themselves as to and be bound by the actual scope, nature and extent of the authority of such representative or representatives of the "Owners." In this connection each of said "Owners" agrees to have readily available at all times one or more duly authorized representatives with whom said "Architects" may consult from time to time. Said "Architects" shall not be required to furnish any plans, drawings, information or other service to any person or persons not authorized by such duly appointed representatives of the "Owners" to receive the same.

(17) It is understood and agreed by the parties hereto that in the event of the death or disability of one or more of said "Architects," the other "Architects," or the survivors of them, shall carry on and complete the work hereunder, and shall be entitled to the compensation herein provided.

IN WITNESS WHEREOF, The City of San Diego has caused this agreement to be signed by its City Manager and attested by its City Clerk, thereunto duly authorized by Resolution No. _____ and the County of San Diego has caused this agreement to be signed by a majority of the members of the Board of Supervisors, and attested by its County Clerk, thereunto duly authorized by Resolution No. _____, as parties of the first part, and the parties of the second part have hereunto subscribed their names, the day and year first hereinabove written.

Following the report by City Manager Robert W. Flack that he had received and accepted the resignation of Louis Almgren as Chief of the Fire Department, because of continued ill health, this Council desires to express its sincere regret that Chief Almgren has deemed it best that he sever his connection with the City of San Diego.

The long and distinguished service of Chief Almgren as head of the City's fire fighters, every one of whom has passed through his personal tutelage, has given San Diego a place in the front ranks of well equipped and highly trained fire departments of the entire nation.

His ability has been recognized by the state, national and international associations of fire chiefs, and he has held high positions in their councils. Possibly no single chief in the country has enjoyed a wider acquaintanceship nor more truly merited the honors which have come to him in his long service.

For more than a quarter of a century he has held continuously the important post of chief, and the words "Almgren" and "efficiency" have become synonymous to all the citizens of his home city as well as abroad.

To him this Council now extends its best wishes for renewed health, and many more years in which to enjoy it.

It is hereby directed that this resolution be spread in full on the minutes of this Council and a copy, under the official seal of the City, be forwarded by the City Clerk to the retiring Chief.

(8) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease with like effect as though the same were expressly set forth herein.

In consideration of the premises the Lessee agrees with the Lessor as follows:

- (1) That the Lessee will pay the said rental promptly at the times the same becomes payable, as above provided.
- (2) That the Lessee will use the land for grazing and/or agricultural purposes only.

IT IS HEREBY EXPRESSLY UNDERSTOOD AND AGREED that, anything herein to the contrary notwithstanding, the Lessor shall have, and said Lessor hereby reserves, the right to terminate this lease at any time and take possession of the said demised premises and every part thereof; provided, however, that the Lessor shall, as a condition to the exercise of said right of termination, give to the Lessee at least thirty (30) days' notice of Lessor's intention so to do. Such notice may be served upon the Lessee personally, or it may be left with some person in charge of said demised premises, or may be posted on said demised premises; and said Lessor shall pay to the Lessee a sum which shall be sufficient to compensate the Lessee for the damage which the Lessee may suffer by reason of the termination of said lease by the Lessor, as above provided, prior to the expiration of the term as herein fixed. A decision of a majority shall be binding upon the parties hereto.

The Lessee shall not have the right to make, or suffer to be made, any alterations in said premises, or any buildings or improvements thereon, except as hereinbefore mentioned, without first obtaining, in each instance, the written consent thereto by the Lessor; nor shall the Lessee have the right to underlet said premises, or any part thereof, or to assign this lease, without first obtaining, in each instance, the written consent thereto by the Lessor.

The Lessor reserves, and shall always have, the right to enter said premises for the purpose of viewing and ascertaining the condition of the same, and for the purpose of water development.

The Lessor also reserves all gas, oil and mineral rights in and on said premises herein, and shall always have the right of ingress and egress at all times for the purpose of prospecting or drilling for oil, gas and minerals.

It is understood and agreed that a waiver by the Lessor of any default hereunder shall not be considered, nor held to be, a waiver of any subsequent or other default, and also that consent to the subletting of said premises or any part thereof, or to the assignment of this lease, shall not be construed or considered as a consent to any other or subsequent subletting or assignment.

It is further understood and agreed that if the Lessee shall make default in the performance of any of the terms, conditions or covenants of this lease by the Lessee to be kept, observed or performed, Lessee will in such case pay to the Lessor the expenses and costs incurred by the Lessor in any action which may be commenced by the Lessor based on, or arising out of, any such default, including a reasonable attorney's fee.

RESOLUTION NO. 63873

REQUESTING THE COUNTY OF SAN DIEGO TO CONVEY TO THE CITY
OF SAN DIEGO AN EASEMENT FOR WATER PIPE LINE IN AND ALONG
COUNTY ROADS.

WHEREAS, it is the intention of the Council of the City of San Diego, California, to construct a water pipe line in the County of San Diego, State of California, a portion of which pipe line will necessarily be constructed in and along certain county roads in the County of San Diego, State of California, now owned and possessed by the County of San Diego, State of California; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the Council of the City of San Diego be, and it is hereby authorized to petition the Board of Supervisors of the County of San Diego, State of California, for an easement and right of way for the construction of said water pipe line in, over and along certain County roads in the County of San Diego, which said petition shall read as follows:

To the Honorable, the Board of Supervisors

of the County of San Diego, State of California.

Subject: San Diego River Project El Capitan-Lakeside

Pipe Line, right of way across County roads.

Gentlemen:

The Council of the City of San Diego hereby petitions the Board of Supervisors of San Diego County, as follows:

That an easement be granted to The City of San Diego to lay, operate and maintain a water pipe line in and along certain County highways described as follows:

Beginning at a point on the present existing public highway known as County Road Survey No. 389 located in the southwest quarter of the northeast quarter of Section 7, Township 16 south, Range 2 east, S.B.B.&M., in the vicinity of the exit portal of the El Capitan dam outlet tunnel; thence in a westerly direction along said County Road Survey No. 389 to an intersection with County Road Survey No. 606; thence along County Road Survey No. 606 in a general westerly direction to the easterly intersection of Elm Street and Julian Avenue, at which point the proposed pipe line leaves Road Survey No. 606 and continues southwesterly and westerly along Julian Avenue to its intersection with Chestnut Street, Lakeside; thence northerly along Chestnut Street to its intersection with a 60-foot road known as Survey No. 331, Route #8, Division 1; thence following along said Survey #331 in a northwesterly direction to its intersection with Woodside Avenue, Lakeside, all in the County of San Diego, State of California.

On the section from the El Capitan dam tunnel exit portal to El Monte Park the Council will greatly appreciate it if the City of San Diego is granted permission to close this section of the highway during construction. If permission is granted to close this section of the road, the greatest possible speed will be made and the highway reopened at the earliest possible opportunity.

The pipe line proposed will be made of forty-eight and thirty-six inch welded steel pipe properly soil-proofed and laid about three feet below the surface of the ground. It has been deemed advisable and to the best interests of the County and City to place the projected steel pipe line north of the traveled sections of the highway and outside of the area which at a later date might be paved, particularly along County Road Survey No. 606 and a portion of Julian Avenue not occupied by the water supply lines of the town of Lakeside. On that section of Julian Avenue running east and west, portions of which are occupied by Lakeside water supply lines, the City will lay its water main in about the central sections likewise Chestnut Street and Survey No. 331, Route #8, Division #1, to an intersection with Woodside Avenue, Lakeside. Through the full cooperation of the engineers from the County Surveyor's office, ample provision has been made for the placing of the pipe line in such manner as will not interfere with the placing of cross drains, culverts and cattle passes.

WHEREAS, a hearing before a Board of the United States Army Engineers will be held January 17, 1936, upon the application of the City of Coronado for a permit to build a suspension bridge across San Diego Bay, connecting the cities of Coronado and San Diego; and

WHEREAS, the construction of the proposed bridge, or of any bridge, across any portion of the Bay of San Diego which is now used or may be usable by vessels of the United States Navy is, in the judgment of this Council, contrary to the public interest in that it would seriously interfere with the operations and plans of the United States Navy Department which contemplate the basing of additional naval vessels at this port; and

WHEREAS, the interests of the United States Navy in developing and using this port as an important naval base are of paramount importance to the citizens of San Diego; and

WHEREAS, it has been, and is, the fixed policy of the Harbor Department of the City, and of the Council, to cooperate with the Navy Department; and

WHEREAS, the proposed bridge, which will extend some 270 feet above the water of San Diego Bay, will constitute a serious menace to aerial navigation in the San Diego area, and will therefore lessen the value of the Municipal Airport for the use of land planes and sea planes; and

WHEREAS, the building of this proposed bridge would also jeopardize the future plans of the Harbor Department for the development of those portions of San Diego Harbor for commercial purposes lying south of the bridge and in creating undue congestion in the area north of the bridge, further impede navigational interests; and

WHEREAS, the proposed bridge would necessitate the change of location of commercial piers #5 and #6 planned by The City of San Diego for construction in this section of the San Diego waterfront; and

WHEREAS, the future commercial expansion of this harbor is dependent upon the present plans upon the utilization of the large undeveloped industrial areas south of the proposed bridge; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That it is definitely and unalterably opposed to the construction of the proposed bridge, or any other bridge, across San Diego Bay which would in any way be objectionable to the Navy Department of the United States and to other navigation interests.

BE IT FURTHER RESOLVED, that the City Clerk be, and he is hereby instructed to present, or cause to be presented, a certified copy of this resolution to the Board of Army Engineers at said hearing on January 17, 1936.

WHEREAS, it is provided in said agreement, by Section 13 thereof, as follows:

"(13) It is the intent and purpose of this agreement and of the parties hereto, if construction work upon said administration building proceeds in accordance with the project therefor approved by the Public Works Administration and/or Works Progress Administration, as referred to in the preamble to this agreement, that the 'Owners' shall retain the 'Architects' to render the usual professional services rendered by architects in connection with the construction of such buildings, including the preparation and furnishing of large scale and full size detail drawings, responsible architectural supervision of the work during construction and the giving of such Architect's certificates as may be required; and that for such additional services the 'Owners' will pay and the 'Architects' will accept as full compensation for such services an additional sum of fourteen thousand dollars (\$14,000.00); seventy-five per cent (75%) of which said sum shall be payable in equal monthly installments computed over the construction contract period; or in event construction proceeds upon a force account basis, then the construction period, as estimated by the federal agency in control of construction shall be used to compute the amount of monthly payments, the first of which said installments to be payable when actual construction work upon said administration building begins, and a like sum each month thereafter while actual construction is in progress, until seventy-five per cent (75%) of said fourteen thousand dollars (\$14,000.00) shall have been paid. Three thousand dollars (\$3000.00) ^{PER YEAR} for the first, second and third years of said term;

Thirty-five hundred dollars (\$3500.00) ^{PER YEAR} for the fourth year of said term;

Four thousand dollars (\$4000.00) ^{PER YEAR} for the fifth year of said term.

Said rentals shall be payable in equal monthly installments in advance on the first day of each and every month during said term.

Neither the whole nor any part of this lease shall be assignable or transferable, nor shall the Corporation have the right to sublet the leased premises, or any part thereof, without the consent of the Harbor Commission of the City of San Diego, evidenced by resolution regularly adopted; provided, however, that in event the corporate name of the lessee shall be changed and it shall be necessary to transfer this lease to such new corporate name, such a transfer shall not require the consent of the Harbor Commission; provided, further, anything to the contrary to this paragraph notwithstanding, that the Corporation shall have the right to issue permits or licenses to persons, associations, corporations or groups for the temporary use and occupation of the leased premises or parts thereof for the purpose of conducting athletic or recreational events or other amusement activities without the necessity of obtaining the consent of the Harbor Commission therefor. The granting of any such permits or licenses shall not, however, be of a permanent nature, nor shall they in any degree whatsoever relieve or absolve the lessee from any obligation or responsibility imposed upon it under the terms of this lease.

In addition to the foregoing provisions, it is hereby agreed that this lease is granted and accepted upon the further terms and conditions following:

(1) That the demised premises, during the term of this lease, shall be the home field or park of a Pacific Coast League baseball team; and that Pacific Coast League baseball games shall be played upon said premises during each season of the term of this lease; provided, however, that in event the present league known as the Pacific Coast Baseball League shall be dissolved and in lieu thereof another baseball league shall be established, then the lessee shall be required to use the demised premises as the home park or field of a member team of such new league, and each season during the term of this lease to play thereon baseball games between the teams belonging to said new league.

(2) In addition to the primary uses and purposes contained in the immediately preceding paragraph, the lessee may use said demised premises generally for the purpose of conducting football games, athletic and recreational events, and other amusement activities.

(3) That the lessee, except as hereinafter expressly provided, assumes the full obligation and responsibility and expense of maintaining the said premises, together with the structures and equipment thereon in a condition equal to that in which the same are at present, ordinary wear and tear excepted; and that at no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the said leased premises and/or any additions to or repairs of the structures or equipment thereon. Provided, however, that in event of the destruction of or serious injury to said structures and equipment by fire or earthquake to such an extent as to render said premises unfit for the purposes for which the same are leased, the City at its option may rebuild and restore such destroyed or damaged structures or equipment; and if it elects so to do shall proceed with and carry to completion the work with all reasonable dispatch; and during the interval of such reconstruction or repair and until the demised premises are placed on a condition suitable for the uses of the lessee as herein contemplated, the lessee shall be absolved from the proportionate amount of rent payable hereunder. If the City shall not elect to restore or repair any such damage as aforesaid, then and in that event this lease shall terminate, and the lessee shall upon such termination have no further rights or obligations hereunder save and except the obliga-

tion to pay any portion of the rentals due and payable by it up to the date of the occurrence of said destruction or damage. The City shall within thirty (30) days from the occurrence of any such destruction or damage notify the lessee in writing whether the City intends to re-store and/or repair any such destruction or damage, or whether it elects to terminate this lease. The failure of the City to give such notice within said time may be treated by the lessee as a termination of the lease.

(4) In the event that the lessee shall fail to comply with the conditions contained in paragraphs numbered 1 and 2 hereof regarding the purposes for which it is to use the demised premises, or shall fail or refuse to perform any of the other obligations by it under this lease undertaken, then this lease shall terminate, and the said lessee shall remove from the demised premises and shall have no further right or claim thereto, and the City shall immediately thereupon, without recourse to the courts, have the right to take possession of said property, and said lessee shall forfeit all rights and claims thereto and thereunder; and said lessee in accepting this lease acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of the lessee to comply with the terms and conditions hereinbefore mentioned.

(5) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby, are made a part of this lease with like effect as though the same were expressly set forth herein.

It is further understood and agreed that at the expiration of the term of this lease, if the lessee shall have faithfully performed all the terms, conditions and obligations of this lease, it shall be entitled to an extension of said term for an additional period of ten (10) years, upon the same terms and conditions as are herein contained, save only that the amount of rental to be paid for such extended term shall be fixed by agreement between the City and the lessee, and if such agreement cannot be reached then the rental shall be determined by arbitration, the City selecting one arbitrator, the lessee one arbitrator, and the two so selected shall name a third. Provided, however, that the rentals, whether fixed by agreement or by arbitration, as herein provided, shall not be less than four thousand dollars (\$4000.00) per year nor more than seventy-five hundred dollars (\$7500.00) per year for the first five (5) years of the extended term, and that the rentals shall not be less than four thousand dollars (\$4000.00) per year nor more than ten thousand dollars (\$10,000.00) per year for the second five (5) years of said extended term.

If the lessee shall desire and intend to avail itself of the right herein reserved to such extended term, it shall notify the City in writing thereof at least ninety (90) days prior to the expiration of the five-year term of this lease. The failure of the lessee so to do shall relieve the City from any obligation to make such extension.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of the City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Corporation, lessee as aforesaid, has caused this instrument to be executed and its corporate name and seal to be hereunto affixed by its proper officers, the day and year first hereinabove written.

This instrument is executed in duplicate, both of which shall be deemed originals.

RESOLUTION NO. 64160

WHEREAS, for sometimes past negotiations have been in progress between California Water and Telephone Company, as the successor in interest of Coronado Water Company and the City Manager, looking to an adjustment of the controversy between said Company and the City of San Diego, regarding water rates payable by said Company pursuant to that certain contract between the Coronado Water Company and the Southern California Mountain Water Company, the obligation of which said contract was assumed by the City, and the dismissal of arbitration proceedings now pending in connection therewith; and

WHEREAS, the proposed basis of settlement has been arrived at between said Company and the City Manager, as set forth in that certain letter from California Water and Telephone Company, dated February 26, 1936, to R. W. Flack, City Manager, which said communication reads in full as follows:

"CALIFORNIA WATER & TELEPHONE COMPANY
19 West Ninth Street
NATIONAL CITY, CALIFORNIA.

February 26, 1936.

Mr. R. W. Flack,
City Manager,
City of San Diego,
San Diego, California.
Dear Sir:

You recently requested a statement from this Company of the terms upon which it would agree to dismiss the arbitration proceedings now pending between it, as successor to Coronado Water Company, and the City of San Diego.

California Water & Telephone Company is willing to agree to the suggested dismissal of this arbitration upon the following conditions:

1. The City of San Diego will continue the sale of water at the Coronado "Y" and at Atlantic and Market Streets in the City of San Diego to California Water & Telephone Company as successor in interest to the Coronado Water Company, at the rate of fifteen cents per hundred cubic feet, irrespective of the total quantity of water delivered, and will cancel its purported charge at twenty-five cents per hundred cubic feet heretofore imposed upon the Market Street delivery.

2. In view of the fact that the City of San Diego takes the definite position that it cannot be legally compelled to submit the matter of water rates to arbitration, and that it has no intention of instituting now or any time in the future proceedings for such arbitration, the Company, contingent upon the agreement contained in paragraph No. 1 of this letter, agrees that it will not institute or attempt to institute arbitration proceedings for a period of at least five years; and the Company further represents, without intending to bind itself beyond said period, that its present intention is not to institute proceedings for arbitration for a period of years thereafter.

3. California Water & Telephone Company will endeavor to develop an additional and independent supply of water to lessen the burden now resting upon the City, but such development shall not be construed as in any way changing the basic contract dated February 6, 1912, relating to the supply of water to the Coronado and other areas.

It is expected that this agreement of dismissal will be approved by the City of San Diego through its proper officials, and we will undertake to furnish the proper verification of it by the officers of this Company.

Yours very truly,
(Signed) P.D. RICE
(P.D. Rice)
Division Manager"

PDR:EF

and

WHEREAS, it appears to this Council to be for the best interests of the City of San Diego that said controversy be adjusted and said arbitration proceedings dismissed in conformity with said proposal; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the basis of settlement of the rate controversy and arbitration proceedings between the City and said California Water and Telephone Company, as the same is contained in the letter from said Company hereinabove set forth, be, and the same is hereby accepted and approved.

BE IT FURTHER RESOLVED that the City Manager and the City Attorney of the City of San Diego be, and they are hereby authorized and directed to take such steps and execute on behalf of the City such agreements and documents as may be proper and necessary to carry out the terms and conditions of the proposed settlement agreement set forth in said letter.

WHEREAS, the League of California Municipalities and the Supervisors' Association of the State of California have, through their respective boards of directors and executive committees, recently been giving serious attention to the matter of an improved liquor control in this state, and,

WHEREAS, said bodies, through their said boards and committee, have recently submitted to the interim joint committee from the State Senate and the Assembly on liquor control certain tentative proposals for incorporation in a proposed constitutional amendment, such proposals being, briefly, as follows, viz:

1. Removal of liquor control from the State Board of Equalization, as asked for by said board, and the appointment of a State Liquor Authority of five members, by the Governor, subject to approval by the State Senate, for long terms, on an arrangement of staggered tenure, to be chosen from different sections of the State.

2. Such State Liquor Authority to receive applications for and issue all classes of liquor licenses throughout the State, no such licenses, however, to be issued until after reasonable notice of pending applications in any municipal subdivision has been given to the chief of police and the city clerk in cities and to the sheriff and county clerk in counties to permit such subdivisions opportunity to file objections to the issuance of the license; premises for which license is sought to be posted to give adjacent property owners opportunity to file objections.

Local authorities to have the right to summarily suspend licenses within their respective territories for flagrant violations of the law, such suspension to be subject to hearing by the State Liquor Authority, if same is demanded by the licensee, and the local authorities shall have ample opportunity to ask for the revocation of the license and to present evidence if deemed advisable.

4. The State to retain the revenue accruing from licenses to manufacturers, brewers, distillers and rectifiers, and the cities and counties to receive the revenue from local licenses, less a limited amount to go to the state for administration.

WHEREAS, The City of San Diego and the County of San Diego have heretofore jointly applied to the Works Progress Administration, an agency of the Government of the United States, for the construction and erection of a City-County building in the City of San Diego upon what is commonly known as the Tideland Site, consisting of approximately eighteen acres, at the expense of the Government of the United States under the rules and regulations prescribed by the

Federal Government for such projects as a part of the National Unemployment Relief Program; and

WHEREAS, the Federal Government has approved and allowed said application and the construction of said project is now in progress, it being incumbent upon the County of San Diego and The City of San Diego jointly to furnish plans, specifications, working drawings and architectural supervision for said building, together with moneys or materials, all in the aggregate amounting to about one-tenth of the cost of the entire project, or approximately one hundred thousand dollars (\$100,000.00); and

WHEREAS, the plan of construction of said building heretofore submitted by the Associated Architects and approved by the City Council of the City of San Diego and by the Board of Supervisors of the County of San Diego on or about the 10th day of February, 1936, provided that a tower should rise above said building and to a height of approximately two hundred sixteen (216) feet above ground level; and

WHEREAS, the Department of Commerce of the United States, in the exercise of its control and supervision of Aviation and Airports, has made protest and objection to the height of said proposed tower, and particularly as specified by said Department, for the reason that said proposed tower, due to its proximity to Lindbergh Field, constituted a hazard to commercial, military and naval aviation; and

WHEREAS, to meet the objection of the Department of Commerce of the United States the City Council of the City of San Diego and the Board of Supervisors of the County of San Diego, by resolutions duly adopted on or about the 12th day of May, 1936, resolved and declared that the plan of construction of said Civic Center Building which was submitted to and approved by the City Council of the City of San Diego and the Board of Supervisors of the County of San Diego on or about February 10, 1936, be modified so as to provide that the tower to rise above said proposed building should have a maximum over-all height not to exceed one hundred fifty (150) feet above ground level; and

WHEREAS, it now becomes necessary and proper to provide for the modification and revision of the plan of construction for said building to effect such architectural and structural changes as have been made necessary by the reduction of the height of the tower for said building, and it has become and now is necessary and proper to provide for the employment of architects for that purpose; and

WHEREAS, The City of San Diego and the County of San Diego heretofore entered into a certain agreement bearing date of the 22nd day of November, 1935, with Associated Architects, a co-partnership, consisting of Louis J. Gill, William Templeton Johnson, Richard S. Requa and Sam W. Hammil, for the preparation of plans and specifications and architectural supervision for the construction of said building on the Civic Center Site, said architects, under the provisions of said agreement, having heretofore and on or about the 10th day of February, 1936, finished the original plans and specifications contemplated in said agreement; and

WHEREAS, said agreement, among other things, contains a provision for the furnishing of extra services in connection with the preparation of plans and specifications for said building, provided, however, that such extra architectural service or work shall be done by the architects only when authorized and directed so to do by a resolution of the legislative bodies of the City of San Diego and the County of San Diego, such extra work, if any, to be performed under all of the pertinent conditions and provisions of said agreement; NOW, THEREFORE,

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That Associated Architects, a co-partnership, consisting of Louis J. Gill, William Templeton Johnson, Richard S. Requa and Sam W. Hammil, be, and they are hereby authorized and directed to proceed with the modification and revision of the plans and specifications for the construction of the Civic Center Building on the Tideland Site, said revision and modification to conform in general to the cruciform tower drawing and perspective of said building submitted by said Associated Architects and approved at a joint meeting of the Board of Supervisors of said County and the City Council of said City in the chambers of said Board of Supervisors on June 3, 1936.

BE IT FURTHER RESOLVED that said plans and specifications make provision for the construction of the tower upon said building to an over-all height of not to exceed one hundred fifty (150) feet above ground level, and that said Associated Architects be, and they are hereby authorized to determine, in their discretion, and so provide in said plans and specifications, for the use of concrete or steel structure, or a combination of both, in the construction of said tower.

BE IT FURTHER RESOLVED that said Associated Architects shall be paid by The City of San Diego and the County of San Diego jointly, as full compensation for said modification and revision of said plans and specifications, the sum of Twelve Thousand Dollars (\$12,000.00), said sum to be paid as follows: Four Thousand Five Hundred Dollars (\$4,500.00) to be paid one month from June 3, 1936, and Four Thousand Five Hundred Dollars (\$4,500.00) to be paid two months from June 3, 1936; the unpaid balance of said Twelve Thousand Dollars (\$12,000.00) shall not become due and payable until the completed work of revision and modification of said plans and specifications shall have been accepted by the legislative bodies of the City of San Diego and the County of San Diego, and until a release shall have been executed and filed as provided in said agreement of November 22, 1935, and until five (5) days shall have elapsed after the expiration of the period in which liens may be filed under the provisions of Title 4, Part 3, of the Code of Civil Procedure of the State of California.

BE IT FURTHER RESOLVED that the work of revision and modification of the plans and specifications mentioned in this resolution be deemed to be the performance of extra service under the provisions of the said agreement with the said Associated Architects, dated November 22, 1935, and that all of the pertinent and relevant conditions, terms and provisions of said agreement shall control the performance of this extra work, it being expressly intended that payment of the sums herein authorized to be paid is expressly conditioned, among other things, upon the prompt execution of said extra work, the speedy completion of which is imperative under existing conditions.

BE IT FURTHER RESOLVED that this resolution shall not take effect unless or until the Board of Supervisors of the County of San Diego shall have passed and adopted a resolution identical in substance and effect.

RESOLUTION NO. 64564

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That the matter of the delivery of water by the San Diego County Water Company from its Lake Henshaw to Lake Hodges be referred to the City Manager and City Attorney for recommendation on the dates of notices to be served by the City on the Water Company.

RESOLUTION NO. 64565

WHEREAS, this Council is advised by the City Attorney of the existence of a strong probability that the City may be entitled to received from the San Diego Consolidated Gas & Electric Company additional revenues in a considerable amount on account of franchise tolls or rentals payable by said Company to the City under the provisions of its franchise contract; and

WHEREAS, in order to ascertain the rights of the City in this respect it is necessary that a complete and thorough investigation and examination be made by a competent person skilled in the particular kind of work involved in such an investigation, and the Council is desirous of securing the services of such a person; and

WHEREAS, it appears to this Council that Walter W. Cooper, lately connected with the California Railroad Commission as Director of Research in charge of presentation of rate cases before said Commission, is possessed of the necessary technical knowledge, skill and experience required to undertake such work on behalf of the City, and has expressed a willingness so to do; NOW, THEREFORE,

BE IT RESOLVED by the Council of The City of San Diego, as follows:

That the City Manager be, and he is hereby authorized to enter into a contract forthwith on behalf of the City with the said Walter W. Cooper for the rendition of professional services, which said contract shall in substance and effect provide as follows:

1. That the City shall employ said Walter W. Cooper to conduct and carry through to completion an investigation, engineering survey and accounting, and all other activities necessary, as to any moneys payable by the San Diego Consolidated Gas & Electric Company to the City on account of its franchise contract with the City for the furnishing of electric current for heat and power.

2. With advice, consent and approval of the City Attorney, Mr. Cooper to have full authority to perform all necessary acts, do all things, initiate, commence and prosecute to final determination all actions for the purpose of enforcing the payment of any moneys found or claimed to be due from the Company under said franchise contracts; provided, however, such litigation may at the option of the City be initiated, commenced and prosecuted directly by the City Attorney, with full aid and assistance of Mr. Cooper.

3. The City to take all necessary steps to enforce the franchise provisions relative to the obligation of the Company to answer all material inquiries, to appear through its proper officers and produce its records and accounts for examination, etc., at times requested by Mr. Cooper.

4. The City to furnish Mr. Cooper sufficient office space to carry on his work together with necessary heat and lighting, but otherwise to be under no financial obligations except as hereinafter provided. In addition, Mr. Cooper to have the benefit of conferring with heads of departments, and he to co-operate to the fullest extent with the officials and employees of the City to secure a final result as satisfactory as possible to the City; it being understood and desired that he shall be considered more as a special professional employee of the City than an independent contractor. The fact that his compensation is to be determined on a contingent basis is not to be considered as relieving him from the obligation to proceed in the spirit of utmost co-operation with the City officials.

5. That in and about the performance and prosecution of the work and all necessary litigation, the City is under no obligation whatever to provide Mr. Cooper with any funds to carry out the work, and its only obligation is to pay him in event that additional revenues in the form of increased franchise tolls are obtained from the Company for the City.

6. In full compensation for all services to be rendered the City is to pay Mr. Cooper an amount of money equal to fifty per cent (50%) of any sums recovered and received by the City as additional increased franchise tolls from the Company, such payment to be in a lump sum forthwith upon the receipt by the City of such payment.

7. In event a compromise is affected and acceptable to the City, whereby past due franchise payments are waived in consideration of increased future franchise payments, then Mr. Cooper is to be paid immediately upon the execution of any such compromise a sum of money equal to fifty per cent (50%) of the total increase resulting to the City during the first four (4) years for which such increased payments are to be made.

8. No compromise with the Company relative to past or to future franchise payments is to be effected by either party until the advice, consent and approval of the City Attorney is first obtained thereto. It is further understood that the compensation of Mr. Cooper is to be the same as above provided irrespective of whether increased payments are obtained as a result of compromise or as the result of litigation.

RELATING TO PROPOSED ASSESSMENT FOR IMPROVEMENTS IN ALLEY
IN BLOCK 3, CLEVELAND HEIGHTS.

BE IT RESOLVED by the Council of the City of San Diego, California, that it contemplates the passage of a resolution of intention to make said improvements and levy said assessment, and that it is hereby determined as follows:

1. That the proposed improvement consists of grading and paving the ALLEY IN BLOCK 3, CLEVELAND HEIGHTS, in the City of San Diego, California, between the north line of Robinson Avenue and a point 300 feet north from the north line of Robinson Avenue;

2. That the boundary of the district of lands to be assessed to pay the costs and expenses of said contemplated improvement is as follows:

Beginning at the intersection of the east line of Albatross Street with the north line of Robinson Avenue; thence northerly along the east line of Albatross Street a distance of 300 feet to a point; thence easterly, parallel to the north line of Robinson Avenue to the west line of Front Street; thence southerly along the west line of Front Street to the north line of Robinson Avenue; thence westerly along the north line of Robinson Avenue to the place of beginning.

3. That said proposed improvement and said proposed assessment is to be done and made under the provisions of that certain act of the legislature of California commonly known and designated as the "Improvement Act of 1911" (Statutes of 1911, p. 730), and amendments thereto.

4. That, after considering the preliminary report of the City Engineer thereon and having determined the above matters, the initial view of this Council is that the said contemplated improvement is one in which the probable assessments will not exceed the limitations set up by the "Special Assessment, Investigation, Limitation and Majority Protest Act of 1931."

BE IT FURTHER RESOLVED, that the City Clerk of said City of San Diego be, and he is hereby authorized and directed to mail, prepaid, post cards, each with an addressed reply post card attached thereto, with the return postage thereon guaranteed, giving notice of said contemplated action, by addressing and mailing said cards to each person to whom land in the proposed assessment district is assessed on the last equalized County Assessment Roll, at his address as shown upon such roll, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in any land within said proposed district, who has filed his name and address and the designation of the land in which he is interested with the said City Clerk. (1) That the demised premises shall be used principally for the manufacture and sale of aircraft, aircraft engines and aircraft parts, together with any necessary operations in connection therewith; and incidentally for the manufacture and sale of such metal products as stamped, welded or machined parts, or products otherwise formed by processes of machines generally used in the production of airplanes, airplane engines or parts thereof.

(2) The Lessee shall not do or permit anything to be done in or about the leased premises, or bring or keep anything therein which will in any way affect the fire or other insurance upon the building, or any part thereof, or which shall in any way be a violation of any law, ordinance, rule or regulation now in existence, or which may hereafter be enacted or promulgated by any public authority, affecting the occupancy or use of said premises and the buildings and improvements now or hereafter to be erected thereon, nor use, nor allow said premises, or any part thereof, to be used for any improper, immoral, unlawful or objectionable purpose, or for the unlawful keeping, storing or selling of intoxicating liquors.

(3) That the Lessee shall not erect without the written consent of the Lessor any building, partly on the demised premises and partly on other lands or premises, and further agrees that any building erected on said demised premises shall be completely on said demised premises, and shall not constitute a part of any other building, or any other lands and premises and further agrees that it will not erect any building on said demised premises without the written consent of the Lessor.

(4) The Lessee agrees not to commit or suffer to be committed any waste of the leased premises or a nuisance thereon, and that they shall not be altered or changed without the prior written consent of the Lessor; said Lessee hereby waiving all rights under the provisions of Section 1942 of the Civil Code of the State of California.

(5) The Lessee further agrees that unless otherwise provided by written agreement between the parties hereto, all alterations, new buildings, improvements and changes, except minor interior changes, shall be done either by or under the direction of the Lessor, but at the cost of the Lessee. Nothing herein contained, however, shall be construed as obligating the Lessor to consent to alterations, new buildings, improvements or changes. All alterations, new buildings, improvements or changes shall be the property of the Lessor as and when they are made and constructed, and shall remain upon and be surrendered with the leased premises upon the expiration of this lease by limitation, or its sooner lawful termination by forfeiture.

(6) Should the buildings or structures on the leased premises be destroyed by fire or other cause, or be so damaged thereby that they shall become untenable, and cannot be rendered tenantable within sixty (60) days from the date of the damage, this lease may be terminated by the Lessor without liability to the Lessee. In case the damage is not so extensive as to permit a termination of this lease, as above provided, then the rental during the period said Lessee is deprived of the use of the whole or any part of the leased premises shall be proportionately reduced.

(7) The Lessee agrees to assume all risk of damage from any source to goods, wares and merchandise in and upon the leased premises.

(8) That said Lessee further covenants and agrees with said Lessor that it will at all times save and keep said Lessor free and harmless from any and all damages and liability occasioned by death or injury to any person or persons, arising out of or in connection with its occupation of said demised premises, as well as all damage to property and from other expense in connection with the existence, condition, use, occupation, sanitation or safety thereof, whether occasioned by any act or neglect or said Lessee, its employees, agents, servants, or any other person in or on said premises.

(9) At no time during the life of this lease shall billboards be erected or maintained on the leased premises.

(10) At no time during the life of this lease shall The City of San Diego, or said Harbor Commission, be required to make any improvement or repair of any nature or description whatsoever on or for the benefit of the said leased premises; and in this connection the Lessee covenants and agrees with the Lessor that it will at all times at its own cost and expense keep and maintain the improvements on said demised premises, and every part thereof, in good and safe order, condition and repair, and that it will not call on said Lessor to make any repairs or replacements or installations of any kind.

(11) The Lessee shall during the entire life of this lease, at its own expense, keep all buildings and structures located upon the leased premises insured against fire by a responsible insurance company, in an amount not less than \$_____, loss payable to the Harbor Department of the City of San Diego. Such policy or policies of insurance shall be filed with said Harbor Department.

(12) That this lease shall not be assignable without the consent of the Harbor Commission of said City evidenced by resolution duly passed; and no portion of said leased premises shall be underlet or sublet without the consent of said Harbor Commission evidenced by resolution duly passed. Provided, however, that consent is hereby given the Lessee to sublet a portion or portions of the leased premises to the Expo Stucco and Art Marble Company, a corporation, for the purpose only and exclusively of manufacturing and selling stucco, terrazzo, and any like cement products, the cutting, polishing and sale of onyx, marble and other stones used in building construction. Consent is likewise given to sublet a portion or portions of said premises to R. W. Little for the purpose only and exclusively of manufacturing and selling artificial stone and plaster ornaments.

(13) The Lessee further agrees not to suffer any lien or encumbrance to come upon the Lessee's leasehold of said premises, nor to attach to any building or improvement now located or hereafter permitted to be erected thereon.

(14) Said Lessee covenants and agrees to pay for all water, light, heat, power, telephone service, and all other commodities and conveniences used or employed by it in or about said demised premises during the term of this lease.

(15) Said Lessee further covenants with the Lessor that before it commences the erection or construction of any improvement on said demised premises, and before making any alterations or repairs on the buildings on said premises, it will take out, carry and pay for, or cause to be taken out, carried and paid for by any one whom it employs to do any of the foregoing things, workmen's compensation and employer's liability insurance to the extent contemplated by the laws of the State of California, for the full protection of the Lessor and Lessee herein, from any claim or liability which may arise under the workmen's compensation and employer's Liability insurance laws of this state. Such policies of insurance shall be in a company satisfactory to the Lessor.

(16) Said Lessee further agrees that if said Lessor, without fault on its part, should be made a party to any action brought against the Lessee, and arising out of the acts or defaults of the Lessee, its agents, servants or employees, or in connection with said Lessee's occupation of said demised premises, then and in that event said Lessee covenants and agrees with said Lessor to pay, indemnify and save harmless the said Lessor against all reasonable expense incurred by the Lessor in defending such suit or action.

(17) The Lessee agrees that it will not record this lease without the written consent of the Lessor.

(18) Reference is hereby made to all laws as now existing and as hereafter amended or enacted applicable to the leasing of tidelands by the City of San Diego, and by such reference all restrictions or conditions imposed or reservations made therein are made a part of this lease with like effect as though the same were expressly set forth herein; and the Lessee does hereby expressly covenant that it will in all respects abide by all such laws, and further that it will in the use and occupancy of said leased premises and in all business conducted thereon strictly comply with and abide by all Federal and State laws and municipal ordinances as now existing and as hereafter amended or enacted applicable thereto.

(19) In the event the Lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased as above set forth, or shall fail or refuse to perform any of the obligations undertaken by it under this lease, or shall violate any of the terms or conditions herein expressed, including the prompt payment when the same shall be due of all rentals reserved herein, then and in that event after ten (10) days' written notice to the Lessee demanding the performance, remedying or curing of the same, and upon the failure, neglect or refusal of the Lessee so to do within said ten (10) days, this lease shall terminate, and said Lessee shall have no further rights hereunder, and shall forthwith remove from said premises and shall have no further right or claim thereto or interest therein; and the City shall immediately thereupon, without recourse to the courts, have the right to re-enter and take exclusive possession of said premises, and said Lessee shall forfeit all rights and claims thereto and thereunder. Said Lessee in accepting this lease hereby acknowledged the right of said City so to do.

In the event the Lessor takes possession of the leased premises under the provisions of this paragraph, or otherwise, it may remove any furniture and other person property in the leased premises and place the same in storage in any warehouse, or other suitable place, in The City of San Diego, for the account and at the expense of the Lessee, who hereby agrees to save the Lessor harmless from any cost, loss or damage occasioned thereby. In this connection the Lessee expressly waives all claims for damages that may be caused by the Lessor re-entering and taking possession of the premises and removing property therefrom, as herein provided; also all claims by reason of loss of or injury to any property, or injury to any person occurring in the leased premises, or in the building, no matter how caused.

The foregoing waiver shall include all claims for loss or injury caused by or arising out of burglary, fire, steam, gas, electricity, or defect in the building, or by breaking, leaking or overflow of the roof, or of any pipe, sewer or plumbing, or by the destruction of or injury to the building, or by the making of any repairs, alterations or additions therein or thereto.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of the City of San Diego have hereunto subscribed their names as and for the act of said City, and the said Lessee has caused this instrument to be executed, and its corporate name and seal to be hereunto affixed, by its proper officers thereunto duly authorized, the day and year first hereinabove written.

This instrument is executed in duplicate, both of which shall be deemed originals, and the instrument when so executed shall be deemed effective from the date first hereinabove written.

THIS AGREEMENT OF LEASE, made and entered into this ____ day of ____, 1936, by and between THE CITY OF SAN DIEGO, a municipal corporation in the County of San Diego, State of California, hereinafter called the Lessor, and R. E. RIESLAND, of Escondido, California, hereinafter called the Lessee, WITNESSETH:

That the Lessor, for and in consideration of the payment of the rents to be paid by the Lessee, as hereinafter set forth, and in consideration of the covenants of the Lessee hereinafter set out and their faithful performance by such Lessee, and upon and subject to the terms, conditions and reservations herein set forth, hereby subleases unto the said Lessee that certain real property situated in the County of San Diego, State of California, and particularly described as follows, to-wit:

Subject to all easements, encumbrances and liens of every kind, nature and description whatsoever, existing against or in respect to said property.

TO HAVE AND TO HOLD the said premises and each and every parcel thereof unto the said Lessee, for a period of five (5) years, commencing on the ____ day of ____, 1936, and ending on the ____ day of ____, 1941, at a rental of twenty dollars (\$20.00) per year, payable semi-annually in equal installments in advance during the term of this lease.

It is agreed by and between the parties hereto that the above-described land is leased to said Lessee for stock grazing and agricultural purposes, and for no other purposes, and Lessee agrees to care for the same so that no waste or damage is committed, or suffered to be committed, upon the said premises.

In consideration of the premises the Lessee agrees with the Lessor as follows:

(1) That the Lessee will pay the said rental promptly at the times when the same shall become payable, as above provided.

(2) That the Lessee will construct an adobe house the size of the existing foundation; and place the reservoir and water system in good operating condition.

(3) That at the expiration of the term of this lease, if the Lessee shall have faithfully performed all the terms, conditions and obligations of this lease, he shall be entitled, at his option, to an extension of said term for an additional period of five (5) years, upon the same terms and conditions as are herein contained, save only that the amount of rental to be paid for such extended term shall be fixed by agreement between the Lessor and the Lessee, and if such agreement cannot be reached then the rental shall be determined by arbitration, the Lessor selecting, one arbitrator, the lessee one arbitrator, and the two so selected shall name a third. If the Lessee shall desire and intend to avail himself of the right herein reserved to such extended term, he shall notify the City in writing thereof at least ____ days prior to the expiration of the five-year term of this lease. The failure of the Lessee so to do shall relieve the Lessor from any obligation to make such extension.

(4) That Lessee will fully and faithfully keep and observe each and all of the terms and conditions of said lease to be kept or observed, and upon the expiration of the term or the extension thereof, or the earlier termination of said lease, Lessee will surrender the demised premises, and each and every part thereof, together with the personal property located thereon, without demand or notice and in as good condition as the same are in at the time of the execution of this lease, wear and tear and damage by the elements excepted.

(5) That the Lessor reserves all timber, sand, gravel, oil and mineral rights in and on said premises herein leased, and shall always have the right of ingress and egress at all times on said demised premises for the purpose of removing sand, rock and gravel for construction purposes, or for the purpose of exercising said reserved rights.

(6) That the City also reserves the right to make engineering investigations, prosecute work of core drilling, tunnelling, test pits, or any work or construction incidental to the proper determination of dam location and formation of bed rock material, and shall always have the right of ingress and egress at all times on said demised premises for the purpose of exercising said reserved rights. No materials, sand, rock, gravel or timber shall be removed from the property by any one other than the City.

It is agreed that if any default shall be made by the Lessee in the payment of any rent promptly when the same shall become due according to the terms hereof, or in respect to the performance or observance of any covenant, term or condition of this lease to be kept or observed by the Lessee, the Lessor shall have the right to terminate this lease and to enter upon said premises and take possession of the same, and of each and every part thereof, and the Lessee shall peaceably surrender full possession of said premises to the Lessor.

It is further agreed by and between the parties hereto that this lease shall not be assigned or transferred, nor shall the said Lessee have the right to sublet the leased premises, or any part thereof, without permission of the Council of said The City of San Diego.

It is understood and agreed that a waiver by the City of any default hereunder shall not be considered, nor held to be, a waiver of any subsequent or other default, and also that consent to the subletting of said premises or any part thereof, or to the assignment of this lease, shall not be construed or considered as a consent to any other or subsequent subletting or assignment.

It is further understood and agreed that if the Lessee shall make default in the performance of any of the terms, conditions or covenants of this lease by the Lessee to be kept, observed or performed, Lessee will in such case pay to the City the expenses and costs incurred by the City in any action which may be commenced by the City based on, or arising out of, any such default.

IN WITNESS WHEREOF, this lease is executed by the City of San Diego, acting by and through the City Manager of said City, under and pursuant to Resolution No. ____ of the Council, authorizing such execution, and the said Lessee has hereunto subscribed his name the day and year in this agreement of Lease first above written.

AGREEMENT

THIS AGREEMENT, made and entered into this ___ day of November, 1936, by and between THE CITY OF SAN DIEGO, a municipal corporation in the County of San Diego, State of California, party of the first part, hereinafter sometimes designated and referred to as the "City," and SAN DIEGO CONSOLIDATED GAS AND ELECTRIC COMPANY, a California corporation, party of the second part, hereinafter sometimes designated and referred to as the "Company," WITNESSETH:

THAT WHEREAS, the Council of said City on or about November 22, 1920, duly and regularly passed and adopted its Ordinance No. 8183, granting to the Company, its successors and assigns, the franchise, right, privilege and permission to use the streets, alleys, highways and public places of said City for the transmission and distribution of gas and electricity for heat and power purposes, for the period and upon the terms and conditions set forth in said ordinance; and thereafter, to-wit, on or about December 21, 1931, People's Ordinance No. 13392-b was regularly adopted; and

WHEREAS, a controversy has arisen between the City and the Company as to the amount of franchise rentals required to be paid to the City by the Company under said Ordinance No. 8183 and People's Ordinance No. 13392-b, the City contending that two per centum of the total gross receipts derived from heat and power sales, whether gas or electricity, should be paid, and the Company contending that material deductions from said total gross receipts should be made on account of facilities and uses other than contemplated in said franchise ordinance contributing to said total gross receipts; and

WHEREAS, it is desirable finally to determine said controversy as to payments already made under said ordinances, and to avoid impending litigation relative thereto, and also to agree upon a basis of computing payments for the future;

NOW, THEREFORE, in consideration of the premises; in compromise and settlement of said impending litigation between the parties hereto; and in further consideration of the express waiver and relinquishment by said City, hereby made, of any and all claim or right which it may or might have or assert to additional payments on account of further rental obligations under that certain franchise granted by Ordinance No. 8183 of the ordinances of said City, and by People's Ordinance No. 13392-b, affecting any year or years prior to January 1, 1936, said Company hereby covenants and agrees with said City that it will pay said franchise rentals, and the City agrees to accept said payments in full satisfaction of its claim for such rentals, from and after January 1, 1936, at the times stated in said ordinances, computed as follows:

A. Two per centum of the total annual gross receipts of the Company from the sale of gas and electrical energy to its consumers for consumption within the corporate limits of the City for heat and power purposes, which heat and power purposes shall be determined as follows:

(a) Gross receipts from the sale of electrical energy for consumption within the corporate limits of the City under the following schedules and contracts on file with and promulgated or approved by the California Railroad Commission, also any schedules, tariffs or contracts which in the future may supplant or add to them and be employed to cover the character of services now furnished thereunder, shall be deemed to be solely for heat and power purposes:

- (1) Schedule C-3
Battery charging, Electric Heating and Cooking.
- (2) Schedule P-1
General Power Service.
- (3) Schedule P-2
Wholesale Power Service.
- (4) Schedule P-3
Agricultural Power Service.
- (5) Schedule P-4
Direct Current Power Service.
- (6) Schedule P-5
Standby Auxiliary Service in cases where standby service is rendered for Heat or Power.
- (7) Schedule P-6
Wireless Telegraph Service.
- (8) Consolidated Aircraft Corporation - As to electrical energy in excess of 100 kilowatt hours per horse power of demand in each month.
- (9) The City of San Diego Power Contract.

The treatment in the future of gross receipts from the sale of electrical energy pursuant to a service not rendered or offered at the time of the execution of this agreement shall be determined by negotiation or arbitration in the manner provided in sub-paragraph (b), page 3 of this agreement.

(b) Gross receipts from the sale of electrical energy under Schedules D-1 and C-1, domestic and residential lighting consumers, arising out of the sale of the first thirty-five (35) kilowatt hours of electrical energy passing through the meter of each such domestic and residential consumer within the corporate limits of the City in any one month shall be deemed to be for lighting purposes and not for heat and power purposes, and nothing shall be paid thereon; gross receipts from the sale of electrical energy in excess of such thirty-five (35) kilowatt hours per month to domestic and residential consumers under said lighting schedule shall be deemed to be for heat and power purposes, and two per cent shall be paid thereon.

On January 1, 1939, and thereafter from time to time at intervals of three years, should either the City or the Company be of the opinion and belief that the above segregation of electrical energy sold under said Schedules D-1 and C-1 does not then fairly and reasonably reflect the respective amounts of electrical energy sold for lighting purposes and for heat and power purposes, then either party, at its sole option may, by written request to the other, institute negotiations for the purposes of determining under the then existing conditions the just and reasonable amount of electrical energy and the receipts therefrom properly assignable to lighting uses and to heat and power uses for the next ensuing three-year period. Such negotiations shall be limited solely to the consideration of such segregation, and no other portion, factor, element or provision of this agreement shall be reopened or reconsidered.

In the event the City and the Company are unable, through such negotiations to determine within a period of sixty (60) days from the date of the receipt of the above-mentioned written request, such fair and reasonable segregation, or in the event either party refuses to enter into such negotiations, then it is hereby agreed that said matter shall be submitted to a board of three (3) arbitrators, one arbitrator to be selected by the City, one arbitrator to be selected by the Company, and the two so selected shall appoint a third, all within a period of ten (10) days from the time of such submission to arbitration. If the selection of the third arbitrator cannot be agreed upon within said period of ten (10) days, then upon application in writing of either the City or the Company to the Railroad Commission of the State of California, which said application must be made within a further period of ten (10) days, and shall state facts showing the inability of the two arbitrators theretofore selected to agree upon a third arbitrator, said Commission shall thereupon be empowered to select or appoint a third arbitrator. Said board of arbitrators shall be empowered to and limited to (except as hereinafter specifically provided), a consideration and determination of the number of kilowatt hours of electrical energy passing through the meters of domestic or residential lighting consumers within the corporate limits of the City of San Diego in any one month, which fairly and reasonably reflects the amount of electrical energy used for lighting purposes. The decision of this matter by a majority of the board of arbitrators, together with the decision of any other matter which under the terms of this agreement is expressly referable to such board, shall be binding and conclusive upon both parties hereto for a period of three (3) years from and after the date of receipt of written request for negotiations, and no appeal to any court shall be taken, nor shall any application be made for a review thereof to any court. It is the intent and purpose of this provision irrevocably to waive, and each party hereto does hereby irrevocably waive, any and all rights which it might otherwise have to proceed under the provisions of Section 1283 to 1293, both inclusive, of the California Code of Civil Procedure, saving and excepting the right upon the failure or refusal of either party to appoint an arbitrator as herein provided, to proceed under the provisions of Section 1282 of said Code of Civil Procedure.

Upon the selection of the three arbitrators in the manner aforementioned, all meetings of said arbitrators shall be held in the City of San Diego, State of California, and all three arbitrators shall be present. Either or both of the aforementioned requirements may be varied by the express written agreement signed by the City and the Company.

The manner of conducting said hearings, that is, the receiving of testimony or the examination of documents, etc., shall be subject to the discretion of the three arbitrators. Any award by said arbitrators as to matters expressly submitted to them shall be in writing, and signed by each of said arbitrators. Said award shall become effective within five (5) days from the date of rendering, and shall be served within said period by delivering a copy thereof to the City Clerk of the City of San Diego and to an officer of the Company. The City and the Company shall each bear the expenses or charges incurred by reason of the selection of their respective arbitrators, and in addition thereto shall bear one-half of the expenses or charges incurred by reason of the selection of the third arbitrator, as hereinabove provided.

If at any time the Company shall sell electrical energy or gas pursuant to a type of service not at the present time offered or supplied, the determination of the question of what proportion of the gross receipts therefrom, that is to say, whether all or a part or none of the gross receipts, shall be included in sub-paragraph (b) of this agreement shall be made by resort to the method of negotiation and arbitration provided in this sub-paragraph.

(c) Gross receipts from the sale of electrical energy supplied and furnished to the San Diego Electric Railway Company shall be deemed not to be for heat and power purposes when such electrical energy is supplied to the said railway company at the point of generation of such electrical energy, and where no use is made of the streets, alleys, highways or public places of the City by the Company in the delivery of such electrical energy.

(d) Gross receipts from the sale of gas to consumers other than the Company, within the corporate limits of the City, shall all be deemed to be for heat and power purposes, and two per cent shall be paid thereon.

(e) The foregoing segregations and interpretations as to what constitutes heat and power purposes are solely for the purposes of this agreement, and shall not be binding upon either the City or the Company in any other matter or thing whatsoever.

B. This agreement shall remain in full force and effect so long as, and only so long as, ~~and only so long as~~ said franchise remains in full force and effect and said franchise ordinances are not changed so as to require the payment of any franchise rentals in excess of those required therein at the present time.

C. Neither this agreement nor the actions of either the City or the Company pursuant thereto, nor the method herein agreed upon for computing the franchise rentals to be paid shall in any way be used for the purpose of placing an interpretation or construction upon any of the provisions of said franchise ordinances.

IN WITNESS WHEREOF, The City of San Diego, acting by and through the City Manager of said City, thereunto duly authorized by Resolution No. _____, has caused the name of said City to be hereunto affixed, and said San Diego Consolidated Gas and Electric Company, a California Corporation, has caused its corporate name to be hereunto subscribed and its corporate seal to be hereunto affixed by its proper officers thereunto duly authorized, the day and year first hereinabove written.

This agreement is executed in two parts, each one of which shall be deemed to be an original.

BE IT RESOLVED by the Council of the City of San Diego, as follows:

That Councilman A. W. Bennett is hereby authorized to accompany the City Attorney in a trip to Sacramento, regarding securing State Park lands on Mission Bay, and other matters, at the City's expense.

RESOLUTION NO. 65400

A RESOLUTION PROPOSING AN AMENDMENT TO SECTION 23, ARTICLE III, OF THE CHARTER OF THE CITY OF SAN DIEGO.

BE IT RESOLVED by the Council of the City of San Diego, as follows:

Pursuant to the provisions of Section Eight of Article Eleven of the Constitution of the State of California, the Council of the City of San Diego, being the legislative body of said City, hereby proposes to the qualified electors thereof the following amendment to the present Charter of said City:

PROPOSITION I.

Amend Section 23, Article III, of the Charter of the City of San Diego, so as to read as follows:

"Section 23. THE INITIATIVE, REFERENDUM AND RECALL.

(a) THE INITIATIVE. Any proposed ordinance, legislative, administrative or executive which the Council itself might adopt, may be submitted to the Council by a petition filed with the City Clerk, as provided in paragraph (b) hereof, praying for the adoption of such ordinance, or, if the same be not adopted, that such ordinance be submitted to a vote of the electors of the City. Any such petition shall be known as an initiative petition. Any proposed ordinance amending or repealing an ordinance theretofore proposed by petition and adopted by a vote of the electors may be submitted to the Council by a petition filed with the City Clerk, as provided in paragraph (b) hereof, praying that such ordinance be submitted to a vote of the electors of the City. Any such petition shall be known as an initiative petition. Any initiative petition shall set forth the proposed ordinance in full, and shall be signed by qualified electors of the city equal in number to the percentages hereinafter prescribed. The basis on which such percentages of qualified electors of the city shall be estimated shall be the total number of votes cast for all candidates for the office of Mayor at the last general municipal election, or primary nominating election, at which a Mayor was elected prior to the filing of such petition.

(b) Any petition submitting a proposed ordinance, legislative, administrative or executive, to the Council, as provided in this Article, shall be in the form, and shall be signed, filed and certified as follows:

In making such petition, sheets of white paper of a uniform size shall be used. Such petition shall consist of separate papers, as follows: Each paper shall consist of a sheet or sheets, containing the proposed ordinance, with additional sheet or sheets for the signatures thereto; provided, however, that if any paper consists of more than one sheet it shall be and remain securely fastened together at the top. The proposed ordinance, as set forth in any paper, shall be followed by the signatures, which need not all be appended to one sheet or paper. Such petition shall be signed by qualified electors of the City in their own proper persons only, and opposite the signature written by each signer his residence shall be written by him, giving the street and number, when such designation by street and number can be given, or if the signer be unable to write, then such signature and residence shall be written by some person at his request, and the same identified on the margin by the signature of the person making the affidavit hereinafter provided. The number of the election precinct of each signer shall also appear on the paper after his or her name. Each such paper shall have attached thereto at the bottom of the last sheet thereof the affidavit of an qualified elector of the city stating that all of the signatures on each sheet thereof were made in his presence, and that all of the sheets constituting such paper were fastened together at the time such signatures were appended thereto; and that to the best of his knowledge and belief such signature is the genuine signature of the person whose name purports to be thereunto subscribed. Each of the other sheets of such paper, containing signatures, shall be identified by the signature of the person making such affidavit.

Within twenty days from the date of the filing of such petition, the City Clerk shall examine the same and ascertain whether or not said petition is signed by the requisite number of qualified electors of the city; and if requested by the City Clerk, the Council shall authorize him to employ persons specially for that purpose, in addition to the persons regularly employed in his office, and the provisions of the charter respecting the Classified Civil Service of the City shall not apply to the persons so specially employed. When the City Clerk has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination, and if from such examination he shall find that said petition is signed by the requisite numbers of electors of the city or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be. If by the certificate of the City Clerk the petition is found to be insufficient, it may be amended by filing a supplemental petition or petitions within ten days from the date of such certificate. The City Clerk shall, within ten days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided. If his certificate shall show any such petition, or any such petition as amended, to be insufficient, it shall be retained by him and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the City Clerk, such petition, or such petition as amended, is shown to be sufficient, the City Clerk shall present the same to the Council without delay. The sufficiency or insufficiency of such petition shall not be subject to review by the Council.

If any supplemental petition be filed, all the signatures appended to the petition and to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing the initiative petition.

Any signer to a petition or supplemental petition may withdraw his name by filing with the City Clerk a verified revocation of his signature before the filing of the petition or supplemental petition containing his signature, with said City Clerk. No signature can be revoked after the petition, or supplemental petition to which it is attached, has been filed. The City Clerk shall endorse on said petition and on any supplemental petition the name of the person or persons who filed the same, respectively. If any signature to such petition or supplemental petition be questioned and in the judgment of the City Clerk should be investigated, the City Clerk shall forthwith mail notice to such purported signer, stating that his name is attached to such petition or supplemental petition, and cite him to appear before him forthwith to answer whether such signature is genuine. If the City Clerk finds that any signature is not genuine, he shall strike the name from such petitions. After an election based on any initiative petition, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

(c) (1) If the petition praying for the adoption by the Council of any proposed ordinance, or if the same be not adopted, for the submission of such ordinance to a vote of the electors of the city, be signed by fifteen per cent of the qualified electors of said city estimated upon the basis aforesaid, and asks for the calling of a special election, then the Council shall either:

(2) Pass said ordinance, without alteration, within twenty days after the presentation of such petition to the Council by the City Clerk, and if the Council shall fail to pass said ordinance within said time, the Council shall thereupon, within ten days after it shall have so failed of passage, call a special election, at which said proposed ordinance, without alteration, shall be submitted to a vote of the qualified electors of said city; such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

(3) Forthwith after the presentation of such petition to the Council, it shall call a special election for the purpose of submitting said ordinance to a vote of the electors of the city, and such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

Any ordinance proposed by initiative petition and passed by the Council shall be subject to the referendum by petition as herein provided in the case of other ordinances.

(4) If the said petition be signed by at least five per cent of the qualified electors of said City, estimated upon the basis aforesaid but does not conform to both the requirements of subdivision (1), paragraph (c) hereof, even though it may ask for the calling of a special election then such ordinance, unless enacted by the Council without alteration, shall be submitted without alteration by the Council to a vote of the electors of the City at the next election for any purposes at which all the qualified voters of the city are entitled to vote, that shall be held at any time after thirty days from the date of the presentation of said petition to the Council.

(5) In the event that said petition prays for the submission of a proposed ordinance amending or repealing an ordinance theretofore proposed by petition and adopted by a vote of the electors, and is signed by qualified electors of the city equal in number to fifteen per cent of the qualified voters of the city estimated on the basis aforesaid, then but not otherwise, the Council must submit such proposed ordinance to a vote of the electors of the city at the next election for any purpose at which all the qualified voters of the city are entitled

to vote, that shall be held at any time after thirty days from the date of the presentation of such petition to the Council.

(d) Any person or persons filing an initiative petition, or the person or organization on whose behalf such petition is filed, shall have the right to file with the City Clerk, at least twenty days prior to the election at which the ordinance proposed by such petition is to be submitted to a vote of the electors of the city, printed copies of an argument favoring said proposed ordinance, and the Council shall have the right to present, or permit to be presented and filed with the City Clerk within the same limit of time, printed copies of an argument opposing said ordinance. No such argument shall exceed two thousand words in length, and such argument shall be printed in such form and upon such character of paper, suitable for mailing, as the City Clerk shall prescribe. The City Clerk shall enclose one copy of each such argument with the sample ballot and a copy of the proposed ordinance mailed to each voter, provided he has been furnished with printed copies of such argument equal in number to five per cent in excess of the total number of qualified electors of the City. Nothing in this section contained shall authorize the Council to expend money of the City for the formulating or printing of any such argument.

(e) If a majority of the qualified electors voting on any ordinance proposed by petition shall vote in favor thereof, such ordinance shall become an ordinance of the city upon the declaration by the Council of the result of the election at which such proposed ordinance was submitted; and any such ordinance adopted by a vote of the qualified electors of the city voting thereon cannot be amended or repealed except by an ordinance proposed by petition and adopted by vote of the electors, as hereinbefore provided, or by an ordinance submitted by the Council to a vote of the electors of the City and so adopted as hereinbefore provided, or by an amendment of this charter amending or repealing the same.

(f) THE REFERENDUM.

The Council shall have power and is hereby authorized to submit to a vote of the qualified electors of the city, at any election for any purpose at which all the qualified voters of the city are entitled to vote, any proposed ordinance, order or resolution, legislative, administrative or executive, that the Council itself might adopt. If a majority of the qualified electors voting on such proposed ordinance, order or resolution, vote in favor of the same, it shall be deemed to be adopted and shall take effect upon the declaration of the result of such election by the Council, and it shall have the same force and effect as an ordinance adopted under the provisions of this article relating to the referendum.

(g) At any time within the thirty days mentioned in Section 17 of this charter, a petition addressed to the Council, and signed by qualified electors of said city equal in number to at least seven per cent of such qualified electors, computed upon the basis for estimating percentages specified in paragraph (a) hereof, may be filed with the City Clerk, demanding the submission of any ordinance, order or resolution passed by the Council, to a vote of the qualified electors of said city, except any ordinance, order or resolution which shall take effect upon its publication or passage as provided in Section 17 of this Charter. Any such petition shall be known as a referendary petition and shall contain the ordinance, order or resolution in full, the submission of which to a vote is thereby demanded. Such vote shall be known as a referendary vote.

The provisions of this charter relating to the form and to the mode of signing initiative petitions, and to the filing, examination, certification and amendment of the same, and to the presentation thereof to the Council by the City Clerk, shall apply to referendary petitions filed under the charter.

If any referendary petition or petitions be filed, as hereinbefore provided, and the City Clerk shall be unable to make his certificate to the sufficiency or insufficiency thereof within thirty days after the publication of the ordinance, or the adoption of the order or resolution, the submission of which to a referendary vote is thereby demanded, such ordinance, order or resolution shall be suspended from taking effect after the expiration of said thirty days and until the date of the certificate of the City Clerk to the sufficiency or insufficiency of such petition or petitions. If by the certificate of the City Clerk such petition or petitions are certified to be sufficient, such ordinance, order or resolution shall not go into effect until it shall be adopted by vote of the electors of the city, as hereinafter provided; but if by such certificate such petition or petitions are certified to be insufficient, such ordinance, order or resolution shall go into effect upon the date of such certificate; provided, however, that no such ordinance, order or resolution shall take effect until the expiration of said thirty days. No referendary petition shall be amended by a supplemental petition filed after the expiration of said thirty days. In case more than one referendary petition be filed in relation to any certain ordinance, order or resolution, all such petitions shall be considered in determining the number of qualified electors, and with the same force and effect as though all the names had been appended to the one petition.

(h) Upon presentation to the Council by the City Clerk of a referendary petition or petitions, the ordinance, order or resolution, the submission of which to a referendary vote is thereby demanded, must be either repealed by the Council without delay, or submitted to a vote of the qualified electors of the city for approval or rejection at the next general municipal election occurring subsequent to thirty days from the date of the presentation of such referendary petition to the Council by the City Clerk; provided, that if before such general municipal election any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be held in said city, then such ordinance, order or resolution shall be so submitted at such last named other election, if the Council shall so determine; provided, however, that if any referendary petition or petitions shall be signed by fifteen per cent of the qualified electors of said city computed upon the basis for estimating the percentage of such electors set forth in paragraph (a) hereof, and asks for the calling of a special election, the Council must, upon the presentation thereof to it, immediately call a special election at which the ordinance, order or resolution contained in such petition shall be submitted to a referendary vote; such election shall be held not less than thirty days from the date of the presentation of such petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

If any referendary petition or petitions presented to the Council as aforesaid be certified by the City Clerk to be signed by at least seven per cent but less than fifteen per cent of the qualified electors of the said city, computed upon the basis aforesaid, then and in that event additional referendary petitions for the submission of such ordinance, order or resolution to a referendary vote may be filed; all such additional referendary petitions shall be in the same form, and be signed, examined, amended, and certified and presented to the Council in like manner as provided in paragraph (b) hereof; and if it shall appear from the certificate of the City Clerk thereto that such additional referendary petition or petitions are signed by such number of qualified electors of the city, as, when added to the number of qualified electors whose signatures are appended to such referendary petition or petitions examined and certified by the City Clerk, shall equal fifteen per cent of the qualified electors of said city, computed upon the basis aforesaid, and if such additional referendary petition or

petitions ask for the calling of a special election, the Council must upon the presentation of such additional referendary petition or petitions to it by the City Clerk immediately call a special election at which such ordinance, order or resolution shall be submitted to a referendary vote; such election shall be held not less than thirty days from the date of the presentation of such additional referendary petition to the Council nor more than ninety days from said date; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote shall be called and held in said city within said ninety days, then such ordinance shall be submitted either at such last named other election or at the special election above provided for, as the Council shall determine.

If, upon the presentation by the City Clerk to the Council of a referendary petition signed by at least seven per cent, but less than fifteen percent, of the qualified electors of the city, computed as aforesaid, the Council shall have ordered the ordinance set forth in such petition submitted to a vote of the electors of the city at the next general municipal election and said general municipal election will occur more than ninety days from the date of the presentation to the Council of said additional referendary petition or petitions, such action shall be annulled by the presentation to it of additional petitions, which request the calling of a special election, and which, together with such referendary petition, shall be signed by at least fifteen per cent of the qualified electors of the city, and in such event the Council shall submit such ordinance to such vote at an election to be held within ninety days of said date of presentation as hereinbefore provided.

(i) No ordinance, order or resolution that has been submitted to a referendary vote shall go into effect unless a majority of the qualified electors voting thereon shall vote in favor thereof; and if such ordinance, order or resolution so submitted shall receive the votes of a majority of such qualified electors voting thereon, it shall be deemed to be adopted, and shall take effect upon the declaration by the Council of the result of the election at which it shall have been so submitted; provided, however, that any ordinance, order or resolution so adopted shall be subject to amendment or repeal by the Council at any time, but such amendment or repeal shall not be made within six months after such adoption, except by unanimous vote of the Council, and such amendment or repeal shall be subject to a referendary vote as provided in this article.

(j) Whenever any ordinance proposed by initiative petition, or any ordinance, order or resolution for the submission of which to a referendary vote a petition or petitions shall have been filed, is submitted at any election, there shall be printed on the ballots to be used at such election the words, "Shall the ordinance (or order, or resolution, or proposed ordinance, as the case may be, stating the nature of the ordinance, order or resolution, or of the proposed ordinance) be adopted?" And opposite such proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the ordinance, order or resolution, or the proposed ordinance; and if he shall stamp a cross (X) in the voting square after the printed word "No," his vote shall be counted against the adoption of the same.

(k) Any number of ordinances, proposed by initiative petitions, or ordinances, orders or resolutions submitted by the Council to a referendary vote, or so submitted in pursuance of referendary petitions, may be voted upon at the same election, either general or special; provided, that there shall not be held in any period of six months more than one election called for the purpose of submitting an ordinance or ordinances proposed by initiative petitions, but if any election be called for any other purpose within such period, such ordinance or ordinances may also be submitted thereat. If the provisions of two or more ordinances, orders or resolutions adopted at the same election by vote of the qualified electors of said city, under the provisions of this article, conflict, then the ordinance, order or resolution receiving the highest affirmative vote shall prevail.

(l) The Council, at its own instance, or upon the presentation to it of an initiative petition, may submit any proposed ordinance, order or resolution for the repeal of any ordinance, order or resolution, adopted or approved by vote of the qualified electors of the City, in pursuance of an initiative or referendary petition, as in this article provided, or for the amendment of such ordinance, order or resolution, to be voted upon at any succeeding election held in said City, for any purpose at which all the qualified voters of the city are entitled to vote, and in the event that such proposed ordinance, order or resolution so submitted by the Council receive a majority of the votes cast thereon at such election, the ordinance, order or resolution to which such ordinance, order or resolution so adopted is amendatory, or that is to be repealed thereby, shall be amended or repealed accordingly.

(m) Whenever any ordinance, order, resolution or proposition is required by this article to be submitted to the electors of the city at any election, the City Clerk shall cause the same to be printed, and he shall enclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter.

(n) The provisions and requirements of paragraph (d) hereof relative to the preparation, printing and distribution of arguments for or against any ordinance proposed by initiative petition shall apply, and be effective, in the case of the submission to vote of the electors in pursuance of a referendary petition of any ordinance, order or resolution.

(o) THE RECALL

(1) For the recall of any elected official sought to be removed, a petition signed by qualified electors equal in number to at least twenty-five per cent of the entire vote cast for Mayor at the last preceding general municipal election, demanding the submission to the electors of the City of the question whether the incumbent of such office shall be removed by vote of such electors, and if so removed, the election of a successor of such incumbent, shall be addressed to the Council and filed with the City Clerk. Such petition shall contain a general statement of the grounds for which such removal is sought, of not more than three hundred words in length, and the sufficiency of such statement shall not be subject to review; provided, however, that no petition for the removal of any elective officer shall be so filed until he has actually held his office for six months.

(2) The provisions of this article relating to the form and to the mode of signing initiative petitions, and to the filing, examination, certification and amendment thereof, and to the presentation of the same to the Council, shall apply to any petition filed with the City Clerk under this paragraph relating to the recall, which petition shall be designated as a recall petition. The sufficiency or insufficiency of any recall petition shall not be subject to review by the Council.

(3) Upon the presentation of such recall petition to the Council, by the City Clerk, the Council shall thereupon, by ordinance, order the holding of a special election for the purpose of submitting to the electors of the city at large or in the San Diego School District as the case may be, the question whether such officer shall be recalled, and if recalled, for the election of his successor. Such special election shall be held not less than fifty nor more than sixty days after the date of the certificate of the City Clerk to the sufficiency of such recall petition; provided, however, that if any other election for any purpose at which all the qualified voters of the city are entitled to vote, is to occur within sixty days after the date of such certificate, the Council may, in its discretion, order the holding of such recall election, and the consolidation thereof with such other election, occurring not more than sixty days after the date of said certificate of the City Clerk.

(p) The ballots used at every recall election shall have printed thereon, as to every officer whose recall is to be voted on thereat, the following question:

"Shall (inserting the name of the officer sought to be removed) be removed from the office of (inserting the name of his office) by the recall?"

And opposite such question to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines, with voting squares. If an elector shall stamp a cross (X) in the voting square after the printed word "Yes," his vote shall be counted in favor of the recall of such officer, and if he shall stamp a cross (X) in the voting square after the word "No," his vote shall be counted against such recall.

On such ballots, under each question, there shall also be printed the names of all persons who have been nominated as candidates to succeed the person whose removal is sought, in case he shall be removed from office by vote of the electors. The nomination of such candidates shall be made as hereinafter provided, except that the person whose removal is sought shall be deemed a candidate, and unless, within five days after the date of the City Clerk's certificate to the petition, he resigns his office, or declines, in writing duly signed and verified by him, and filed with the City Clerk, to be a candidate, his name shall be printed on the ballot the same as if he had been regularly nominated in accordance with the provisions of this article.

(q) Any incumbent of an office whose removal is sought under the provisions of this article, may file with the City Clerk, at least twenty days prior to such recall election, printed copies of a statement of not more than two thousand words in length, justifying his course in office; and the person filing such recall petition, or the person or organization on whose behalf a recall petition was filed, shall have the right to present to the City Clerk, within the same limit of time, printed copies of a statement in support of such recall of not exceeding two thousand words in length. Any statement filed under this section shall be printed in such form and upon such character of paper suitable for mailing as the City Clerk shall prescribe.

The City Clerk shall enclose one copy of any such statement so filed with him with the sample ballot mailed to each voter, provided he has been furnished with printed copies of such statement equal to five per cent in excess of the total number of qualified electors of the city, or of the San Diego School District in case the election is in said district.

(r) Any elective officer for whose recall and removal from office an election is held, shall continue to perform the duties of his office until such time as the Council having canvassed the vote at such recall election, shall declare that a majority of the electors voting on the question as to whether such person shall be recalled and removed from office, have voted in favor of his recall and removal from office. But if such person shall resign at any time after the date of the certificate of the City Clerk certifying that the petition for his recall is sufficient and prior to the declaration of the result of such election, thereby creating a vacancy in such office, or a vacancy occurs therein during such time from any cause, such vacancy may be filled in the same manner as other vacancies occurring in such office, but in that event the person appointed to fill such vacancy shall hold his office only until the person declared by the Council to have been elected at the recall election shall qualify. Proceeding for the recall of any elective officer shall be deemed to be pending from the date of the certificate of the City Clerk certifying that the recall petition is sufficient, and if he shall resign at any time subsequent thereto the recall election shall be held notwithstanding such resignation.

In the event that a majority of the electors voting on the question as to whether the person shall be recalled and removed from office shall vote in favor of the removal of such person from office by the recall, the person for whose removal from office such majority has voted shall be deemed to be and shall be recalled and removed from office upon the declaration of the result of such election by the Council, except as hereinafter next provided, and the candidate receiving at said election the highest number of votes for that office shall be thereby elected. If the incumbent receive the highest number of votes, he shall continue in office, but if some person other than the incumbent receive the highest number of votes at such election, he shall become the successor of the incumbent so removed and shall hold office only during the unexpired term of such officer.

(s) No person who has been removed from an elective office by the recall, or who has resigned from such office while recall proceedings for his removal were pending against him, shall be appointed to any office under this charter within two years after such removal or resignation.

(t) Any candidate to be voted for at a recall election, other than the incumbent sought to be removed, may be nominated by petition, which petition shall conform to the provisions of this charter so far as applicable relating to nominating petitions at primary nominating elections for the respective elective offices. Each petition must be presented to the City Clerk not less than twenty-five days before such recall election. Immediately upon the presentation of any such petition the City Clerk shall ascertain and determine, in the manner hereinbefore provided as to initiative petitions, whether or not such petition is signed by the requisite number of qualified electors of the City. If requested by the City Clerk, the Council shall allow him additional assistants for that purpose, as in other cases, and he shall, within five days after the presentation thereof attach his certificate to such petitions, showing the result of his examination. If it shall appear therefrom that any such petition is not signed by the requisite number of qualified electors, the same may be amended within three days from the date of such certificate, by presenting a supplemental petition. The Clerk shall, within five days after such supplemental petition is filed, make like examination thereof and shall certify the result of his examination thereof; but no further supplemental petition shall be allowed. If any such petition, as amended by a supplemental petition, be signed by the requisite number of qualified electors, both the petition and supplemental petition being considered together for that purpose, the person therein named shall be deemed to be nominated as a candidate to be voted for at such recall election."
