WHEREAS, prior to the third day of April, 1905, the Board of Public Works of the City of San Diego, California, adopted plans for the improvement of a strip of the fourteen hundred acre public park in said City, lying along the south line thereof between the east line of Sixth Street and the west line of Eighth street, under which plans, (prior to the said third day of April, 1905) a kind of shrubbery was planted along said strip, which will grow to a considerable height and obstruct the view of persons living along the south line of said Park, much to the dissatisfaction of the owners of property abutting thereon; and,

WHEREAS, the Common Council of said City by ordinance numbered 1993, adopted on the third day of April, 1905, and approved on the fourth day of April, 1905, provided for the improvement of said strip by extending the width of the boulevard along the south line of said Park and establishing a sidewalk with a width of twenty feet along the south line of said Park between the east line of Sixth Street and the west line of Eighth Street, with a cement pavement five feet and four inches in width in the center of said twenty foot sidewalk; and

WHEREAS, the said Common Council thereafter adopted ordinance numbered 2317 establishing the grade elevations of said boulevard along the said south line of said park between the said east line of Sixth Street and the said west line of Eighth Street; and,

WHEREAS, certain members of the Board of Park Commissioners are not satisfied with the said change in said plans, and the said owners of property are not satisfied to have said shrubbery remain where planted, but are willing that said strip should be laid out as provided by said plans, provided that said strip is laid out and maintained solely in blue grass without having thereon any shrubbery or trees;

NOW, THEREFORE, BE IT RESOLVED, that this Common Council pass a resolution providing that said strip shall be laid out and maintained according to said plans, except that only blue grass without shrubbery or trees shall be planted and maintained on said strip between the sidewalk thereof and the south line of said Park, and provided, however, that such resolution shall not be passed until the following things are done:

1. The said Board of Park Commissioners shall pass a resolution providing for the removal of said shrubbery, and that said strip shall be laid out and maintained according to said plans, except that only blue grass without shrubbery or trees shall be planted and maintained thereon between the sidewalk on the south side of said boulevard, as laid out according to said plans and the south line thereof and providing for the laying out of entrances and driveways every fifty feet between the east line of Sixth Street and the west line of Seventh Street, and the west line of Seventh Street and the east line of Eighth Street, leading into the property from said Park to the property abutting thereon.

2. That said shrubbery shall be removed and said blue grass planted before said resolution is passed.

3. That unless the said Board of Park Commissioners within thirty days from the adoption of this resolution adopt said resolution providing for the removal of said shrubbery and improvement, and laying out and maintaining said strip in blue grass, as above stated, and said Board of Park Commissioners remove said shrubbery, that the owners of property abutting on the south line of said Park shall have, and they are hereby granted the right and privilege to lay a sidewalk and curb at their own expense along the south line of said Park between the said east line of Sixth Street and the said west line of Eighth Street, as specified in said Ordinance numbered 1993, and said Ordinance numbered 2317,

#### R E S O L U T I O N   N O .   2759.

On the 29th day of July, 1846, Captain (afterwards General) John C. Fremont landed at San Diego from the United States Ship Cyana with a battalion of volunteers and raised our national ensign at a point within the present corporate limits of the city, known locally as "Old Town". This act of sovereignty was accomplished without any resistance on the part of the people or forces found there, and was one among the last steps taken in bringing Alta California into the dominion of the United States of America.

The importance of this event will be more greatly appreciated when we remember that by the treaty of Guadalupe Hidalgo, concluding our War with Mexico, the international boundary was fixed only about twenty miles south of the point where the stars and stripes were first planted by Fremont and along a line which was deflected quite considerably to the southward from the mouth of the Gila River in order to carry it so far south from San Diego.

In commemoration of that act, so important to the people of Southern California, and especially to the people of this city, it is recommended by the Common Council of the City of San Diego that the sixtieth anniversary of this auspicious event be celebrated by the people of the city in a becoming manner;

And, further, that in order to permanently fix the point where the flag of our country was first raised in San Diego, a suitable monument of granite be placed on the site, the expense thereof to be met by popular subscription of the citizens of San Diego.

Be it Resolved, by the Common Council of the City of San Diego:

That the Hon. Mayor of said City, he and he is hereby authorized to appoint such committee as he may deem advisable to take charge of the arrangements for the celebration of the 60th anniversary on the 29th day of July, 1906, being the 60th anniversary of the raising of the United States Flag in the City of San Diego. And that said Committee so appointed shall have authority to appoint sub committees as it may seem necessary to the end that a celebration be held on said date, commending in a substantial manner the patriotic spirit and plans of the Associated Veterans of the Mexican War.

That the old Fort known as Fort Stockton be restored as near as possible, to its original appearance and condition, and a suitable plat of land on which it stands be set apart for the purpose of commemorating the event, and for the further purpose of being made into a small Park, beautified and attractive, as an object of interest commensurate with the sentiment worthy of the spot so sacred to every citizen of San Diego and Southern California.
