R E S O L U T I O N NO. 74348

THAT WHEREAS, The City of San Diego by contract dated October 2, 1934, between the United States Government, Department of the Interior, and The City of San Diego, contracted for the impounding of 155 cubic feet of water per second behind the Imperial Dam, and the transportation of said water from said dam through the All-American Canal to a point of diversion agreeable to The City of San Diego and the Imperial Irrigation District, and from such point of diversion by conduits, tunnels, etc., to a point of storage to be selected by The City of San Diego; and

WHEREAS, under date of February 12, 1937, a report was prepared on "The Development of Water for the San Diego Metropolitan Area" by Lester S. Ready, Consulting Engineer, of San Francisco, California, Louis C. Hill, Consulting Engineer, of Los Angeles, California, and Prof. J. P. Buwalda, Consulting Geologist, of Pasadena, California, wherein it was determined that the most economical route to secure water from said All-American Canal was at a point of diversion westerly from Kane Springs in Imperial County, California, through Borego Valley, to a point where the water would be pumped to an elevation of approximately 2700 feet, then by gravity flow through canals, conduits and tunnels over, across and through Government lands, to a reservoir to be selected by the City, a distance of approximately thirty-five (35) miles (See Report referred to under date of February, 1937); and

WHEREAS, the State of California by and through its Division of Parks, has heretofore made application to the United States Government for transfer of certain Government lands for the purpose of enlarging Anza Desert State Park, within the boundaries of the County of San Diego and the County of Imperial, State of California; and

WHEREAS, the transfer of the lands sought to be annexed to Anza Desert State Park, consisting of approximately 67,000 acres, provides for no easements or rights of way for the construction and maintenance of canals, conduits and/or tunnels for the delivery to the San Diego Metropolitan area, as above set forth; and

WHEREAS, the transfer of said Government lands to the State of California for park purposes, as above set forth, without reserving said easements and/or rights of way to the San Diego metropolitan area would in the event such canals, conduits and/or tunnels were constructed, cause long delay and the expenditure of large sums of money by The City of San Diego in securing such easements and/or rights of way; and

WHEREAS, in the event such transfer is made, as contemplated by the petition of the State of California, for the enlargement of said Anza Desert State Park, as above described, there should be reserved for and on behalf of any county, city or public district, easements and rights of way for the transfer of water from the Colorado River to the western shores of San Diego County, to connect with the All-American Canal, including easements, for damsites, flooding of lands, tunnels, aqueducts, pumping stations, transformer stations, employees' quarters, power lines, telephone lines, and surface roads for ingress and egress to and along such rights of way, facilities and appurtenances, as may be required for any of the foregoing purposes; NOW, THEREFORE,

BE IT RESOLVED By the Council of The City of San Diego, as follows:

That The City of San Diego, a municipal corporation in the County of San Diego, State of California, through its City Council, does hereby respectfully petition the Department of the Interior, General Land Office, of the United States, that any transfers of Government lands to the State of California for the enlargement of Anza Desert State Park, as contemplated by the petition of the State of California, reserve to The City of San Diego, or the County of San Diego, or any district formed for the purpose of developing water for the San Diego metropolitan area, easements and rights of way for the transfer of water from the Colorado River to the western shores of San Diego County, to connect with the All-American Canal, including easements for damsites, flooding of lands, tunnels, aqueducts, pumping stations, transformer stations, employees' quarters, power lines, telephone lines, and surface roads for ingress and egress to and along such rights of way, facilities and appurtenances, as may be required for any of the foregoing purposes.

BE IT FURTHER RESOLVED, that the City Clerk be, and he is hereby authorized and instructed to transmit certified copies of this resolution to the Honorable Harold L. The said lands hereinabove described being shown on the map or plat attached hereto, marked "Exhibit A," and made a part hereof.

TO HAVE AND TO HOLD the said premises, and each and every parcel thereof, unto the said lessee, for a term commencing on the 1st day of September, 1941, and terminating on the 31st day of August, 1991, unless sooner terminated as herein provided, at the following rentals:

FOR PARCEL NO. 1:

For the first five (5) years of said term, onehalf cent (1/2¢) per square foot per year;

For the next five (5) years of said term, one cent (1¢) per square foot per year;

For the next ten (10) years of said term, two cents (2¢) per square foot per year;

For the next five (5) years of said term, two and one-half cents (2-1/2¢) per square foot per year.

For the next five (5) years of said term, five cents (5¢) per square foot per year.

For the last twenty-five (25) year period of said term, the rentals to be paid upon Parcel No. 1 and Parcel No. 2 shall be agreed upon by The City of San Diego and said Company; provided, that if an agreement cannot be reached then the matter shall be determined by submission to a Board of Arbitrators consisting of three members. One arbitrator shall be selected by the City and one arbitrator by the Company, and the two arbitrators so selected shall select a third. The decision of such board shall be final, and both the City and the Company shall be bound thereby.

In addition to the premises hereinabove leased, there is hereby granted to the lessee, for the term of this lease, the right and privilege to construct and maintain a bulkhead extending into the Bay from Parcel No. 2, and the lessee shall pay therefor, in addition to the rentals hereinabove reserved, the sum of twenty-five dollars (\$25.00) per month.

All rentals hereunder shall be due and payable monthly in advance upon the first day of each and every month during the term of this lease.

If at any time during the term of this lease the tenancy hereunder shall interfere with the use of any of the tidelands of San Diego Bay lying bayward of the bulkhead line as now established for navigation, commerce and fisheries, or in any manner become inconsistent with the trust under which the said tidelands are held from the State of California, the City shall have the right to terminate this lease upon one year's notice and the payment to the Company of reasonable compensation, which shall be based upon and limited to compensation for the actual value at the time of the termination of this lease of such buildings, structures and physical improvements placed upon the demised premises by the Company as are authorized or permitted under the terms of this lease. The actual value of such buildings, structures and physical improvements shall, for the purpose of determining the compensation to be paid therefor, be deemed to be the cost thereof, less depreciation as allowed by the Railroad Commission of the State of California. Said compensation shall not include the payment of any amount to said Company for any damage to or interference with or loss of business or franchise occasioned by any such termination.

Neither the whole, nor any part of this lease shall be assignable or transferable, nor shall the Company have the right to sublet the leased premises, or any part thereof, without the consent of the Harbor Commission, evidenced by resolution duly and regularly passed and adopted; provided, however, that nothing in this paragraph contained shall be deemed to apply to a mortgage or deed of trust, approved or authorized by the Railroad Commission of the State of California, which the Company may execute or enter into for the purpose of securing its indebtedness.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised subsurface rights hereinabove described as Parcel No. 1 shall be used only and exclusively for the purpose of installing and maintaining circulating water tunnels, pipelines, conduits, and such other appurtenances and facilities as may be required for the conduct of the business of the Company between its Silver Gate generating station and the facilities to be erected upon Parcel No. 2 hereof.

The City reserves the right to open and maintain through said Parcel No. 1 a road and necessary sewer, water and railway spurs; provided, however, that the installation by the City of any such sewer and water lines shall be done in such manner as not to interfere with the installations of the Company.

That the demised premises hereinabove described as Parcel No. 2 shall be used only and exclusively for the purpose of constructing and maintaining thereon buildings and equipment necessary and convenient in and about the operation of the Company's public

utility business.

(2) All buildings and improvements to be erected upon the lands included in this lease shall be in accordance with all valid City ordinances and regulations having application thereto, and the plans therefor shall, prior to the erection of such buildings or improvements, be submitted to and approved by the Harbor Commission and Planning Commission of said City.

(3) That upon the expiration of the term of this lease, or upon the sooner termination thereof, except upon a termination for a cause entitling the Company to be paid compensation for its buildings, structures and physical improvements placed upon the demised premises as hereinabove provided, and which compensation shall have been paid to the Company, the Company shall have the right and shall be required to remove from said premises such buildings, structures, appliances and appurtenances as may have been constructed by it on said premises.

(4) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the leased lands hereinabove described.

(5) The City reserves the right to make such improvements for the development of the facilities of the Bay of San Diego in furtherance of navigation, commerce and the fisheries at such time and in such manner as may be provided in any general plan of harbor improvement adopted by the Council of said City or by the Harbor Commission thereof, and the Company shall have no claim or right to damages or compensation by reason thereof; provided, however, that such improvements or developments shall not be of such a character as to require the removal or reconstruction by the Company of any substantial portion of the buildings, structures and physical improvements placed upon the demised premises by it, nor disturb the possession or use of said premises by the Company to any greater extent than may be necessary in the carrying out and completion of said general plan of improvement; and further such changes shall not interfere with the primary purpose of the lease, namely, the circulating of salt water through subsurface circulating tunnels or conduits to be installed by the lessee.

(6) In the event the Company shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above set forth, or shall fail or refuse to perform any of the obligations by it under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the lessor requiring it to comply with the provisions of this lease in any and all respects wherein the Company may be in default, then and in that event this lease shall terminate, and said Company shall have no further rights hereunder, and said Company shall thereupon forthwith remove from said premises and shall have no further right or claim thereto, and that the said City shall immediately thereupon, without recourse to the Courts, have the right to take possession of said premises, and said Company shall forfeit all rights and claims thereto and thereunder; and said Company, in accepting this lease, hereby acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of said Company to comply with the terms and conditions hereinbefore mentioned.

(7) Reference is hereby made to all laws as now existing and as may hereafter be amended or enacted applicable to the leasing of tidelands by The City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease with like effect as though the same were expressly set forth herein, provided, however, that in no event shall the term of this lease or the rentals herein provided to be paid be in any wise affected.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of The City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Company, lessee as aforesaid, has caused this instrument to be executed and its corporate name and seal to be hereunto affixed by its proper officers, and this instrument, when so executed, shall be deemed effective from the date first hereinabove written. This instrument is executed in duplicate, both of which shall be deemed originals.

(2) That any buildings or structures erected upon the leased premises shall be in accordance with all valid city ordinances and regulations having application thereto, and that the plans therefor shall be, prior to the erection of such buildings or structures, submitted to and approved by the Harbor Commission of The City of San Diego.

That the Corporation shall erect and maintain, during the life of this lease, a substantial fence around the landward boundaries of the leased premises.

That where the leased premises abut upon and adjoin the proposed Harbor Drive, as shown on Drawing 123-B-2, attached hereto as Exhibit "A", the Corporation will reserve a space of sufficient width between the fence to be constructed upon the boundary line of the leased premises to provide a service road between such fence and any permanent buildings or structures to be erected upon the leased premises.

That the Corporation shall, at its own expense, without cost to the City, install and maintain all bulkheads, sewers and pavements on the leased premises, including water, gas and electric services to and upon said property.

That the Corporation will permit authorized representatives or officers of the City and of the Harbor Commission of said City to enter upon the premises during the usual business hours for purposes of inspection.

That the Corporation, its agents and employees, will observe and obey such valid rules and regulations as may be promulgated and uniformly enforced by the proper Federal, State and City Officers or departments, to insure the safe, orderly and convenient conduct of its operations upon and from the said premises.

(3) That in the use of said premises, the Corporation shall be subject to all laws of the United States, of the State of California, and the charter and ordinances of The City of San Diego, applicable to the operation of aircraft and/or to the leasing of tide-lands by the City.

(4) That the Corporation shall at all times carry fire equipment and apparatus satisfactory to the Harbor Commission.

(5) The Corporation shall indemnify and keep the City harmless from any claims, costs or judgments proximately resulting from its operations and occupancy under the terms hereof; provided, however, that prompt notice of any such claim as may be filed with the City shall be given by the City to the Corporation, which shall be afforded the timely privilege and option of defending same.

(6) That upon the expiration of the term of this lease, or upon the sooner termination thereof, except upon a termination for a cause entitling the Corporation to be paid compensation for its buildings, structures and physical improvements placed upon said demised premises as hereinabove provided, and which compensation shall have been paid to the Corporation, the Corporation shall have the right and shall be required, within a reasonable time after such termination, to remove from said premises such buildings, structures, appliances and appurtenances as may have been constructed or installed by it thereon, or to make such other disposition thereof as may be acceptable to the Harbor Commission of said City; subject, however, to any constitutional, statutory or contract lien which the City may have for unpaid rents or charges.

(7) The Corporation shall, within one (1) year from September 1st, 1941, establish and erect upon the premises hereby leased such land and water facilities as it may require for the uses for which said premises are leased, and shall during the remainder of the term of this lease, and any extension or renewal thereof, maintain and operate such facilities upon the leased premises.

If the Corporation shall fail to comply with the requirements of this condition within the said period of one (1) year, or shall at any time during the term of this lease, or any extension or renewal thereof, discontinue the use of said premises for the purposes herein contemplated, the City shall have the right, as its sole and exclusive remedy, upon sixty (60) days' written notice, to terminate this lease and all rights and privileges granted hereunder, save and except the right of the Corporation to remove buildings, improvements, structures and equipment that it may have theretofore placed upon said premises; provided, further, that the Corporation shall at any time prior to the expiration of this lease and any extension or renewal thereof, anything to the contrary in this lease notwithstanding, have the right, at its election and after giving one (1) year's written notice to the City, to surrender to the City this lease and all of its rights hereunder, save and except the right of the Corporation to remove buildings, improvements, structures and equipment that it may have theretofore placed upon said premises, upon payment to the City of all rentals accrued to the date of such surrender, without any further liability on the part of the Corporation. In the event of such surrender, however, the Corporation shall have no claim upon the City for the rebate or return of any amount of rent theretofore paid by it hereunder.

(8) Neither the whole nor any portion of this lease shall be assignable or transferable, nor shall any portion of the entire area hereby leased be sublet without the consent of the Harbor Commission of said City evidenced by resolution duly and regularly adopted by said Commission; provided, however, that said Harbor Commission shall not refuse or withhold its approval to an assignment or transfer of this lease to an assignee of as sound financial standing as the Consolidated Aircraft Corporation, and conducting an aircraft manufacturing business similar to that conducted or to be conducted by the Consolidated Aircraft Corporation upon the premises heretofore leased by the City to said Corporation.

(9) In the event of breach by the Corporation of any of the covenants herein contained, the City may serve notice in writing upon the Corporation that if such breach is not cured within a sixty (60) day period the City may declare this lease at an end, and upon such a declaration by the City of its termination of this lease, the Corporation shall remove from the demised premises and have no further right or claim thereto, and the City shall immediately thereupon, without recourse to the Courts, have the right to take possession of said premises, and the Corporation shall forfeit all rights and claims thereto and thereunder; provided, however, that in the event of a termination of this lease as in this paragraph provided, the Corporation may within such reasonable time as the Harbor Department may designate, remove all buildings, improvements, structures and equipment and other personal property of the Corporation from the premises herein leased, or otherwise dispose of the same; provided, further, that no such termination shall in any wise relieve the Corpora-

tion from the obligation to pay any rentals and charges accrued and unpaid up to the time thereof.

(10) If at any time during the term of this lease the tenancy hereunder shall interfere with the use of any of the tidelands of San Diego Bay lying bayward of the Bulkhead line, as now established, for navigation, commerce and the fisheries, or in any manner become inconsistent with the trusts upon which said tidelands are held from the State of California, the City shall have the right to terminate this lease upon one year's notice and upon payment to the Corporation of reasonable compensation which shall be based upon and limited to compensation for the actual value at the time of the termination of this lease of such buildings, structures and physical improvements placed upon the demised premises by the Corporation as are authorized or permitted under the terms of this lease, but shall not be held to include or require compensation to be paid in any amount to the Corporation for any damage to or interference with the loss of business or franchise occasioned by any such termination; and in such event the Corporation shall leave all such buildings, structures and physical improvements upon the demised premises, and shall have no further interest in the same regardless of the provisions of paragraph (6) hereof.

(11) The City reserves the right to lay and maintain water or sewer pipes across any of the premises occupied or to be occupied by the Corporation hereunder, provided that said Corporation shall not be disturbed in the possession and use of said premises to any greater degree than may be necessary for such purposes.

(12) Reference is hereby made to all laws as now existing and as hereafter amended or enacted applicable to the leasing of tidelands by The City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease with like effect as though the same were expressly set forth herein.

IN WITNESS WHEREOF, a majority of the members of the Harbor Commission of The City of San Diego, acting for and on behalf of said City, have hereunto subscribed their names as and for the act of said City, and the said Corporation, Lessee as aforesaid, has caused this instrument to be executed and its corporate name and seal to be hereunto affixed by its proper officers, and this instrument when so executed shall be deemed effective from the date first hereinabove written. This instrument is executed in duplicate, both of which shall be deemed originals.

THIS INDENTURE OF LEASE, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 1941, by and between THE CITY OF SAN DIEGO, a municipal corporation in the County of San Diego, State of California, acting by and through the Harbor Commission of said City, as Lessor, hereinafter sometimes called the City, and GENERAL PETROLEUM CORPORATION OF CALIFORNIA, a corporation, hereinafter designated as the Lessee, WITNESSETH:

That the City, lessor as aforesaid, does by these presents demise and lease unto the lessee, upon the terms and conditions and for the purposes and uses hereinafter recited, and the lessee hereby hires and accepts from the City, upon the terms and conditions and for the uses and purposes hereinafter recited, all those lands bordering and extending into the Bay of San Diego, and being a portion of those lands conveyed to The City of San Diego by the State of California under the provisions of that certain Act of the Legislature, entitled, "An Act conveying certain tidelands and lands lying under inland navigable waters situated in the Bay of San Diego to the City of San Diego, in furtherance of navigation and commerce and the fisheries, and providing for the government, management and control thereof," approved on the first day of May, 1911, and as subsequently amended, more particularly described as follows, to-wit:

Beginning at a point on the U. S. Bulkhead Line, as said U. S. Bulkhead Line is now established for the Bay of San Diego, distant 1484.33 feet northwesterly from U. S. The said lands hereinabove described being shown on the map or plat attached hereto, marked "Exhibit A," and made a part hereof.

TO HAVE AND TO HOLD the said premises and each and every part thereof unto the said lessee for the period of ten (10) years, beginning on the \_\_\_\_\_ day of \_\_\_\_\_, 1941, and ending on the \_\_\_\_\_ day of \_\_\_\_\_, 1951, at and for the monthly rental of one hundred dollars (\$100.00), payable in advance upon the first day of each and every month during the term of this lease.

Neither the whole, nor any part, of this lease shall be assignable or transferable, nor shall the lessee have the right to sublet the leased premises, or any part thereof, without the consent of the Harbor Commission, evidenced by resolution duly and regularly passed and adopted.

If at any time during the term of this lease the tenancy hereunder shall interfere with the use of any of the tidelands of San Diego Bay lying bayward of the Bulkhead Line, as now established, for navigation, commerce and the fisheries, or in any manner become inconsistent with the trusts upon which said tidelands are held from the State of California, the City shall have the right to terminate this lease upon one year's notice and upon payment to the lessee of reasonable compensation which shall be based upon and limited to compensation for the actual value at the time of the termination of this lease of such buildings, structures and physical improvements placed upon the demised premises by the lessee as are authorized or permitted under the terms of this lease, but shall not be held to include or require compensation to be paid in any amount to the lessee for any damage to or interference with the loss of business or franchise occasioned by any such termination.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised premises shall be used only for the purpose of constructing and maintaining thereon an apron wharf to be used in connection with the business of said lessee.

(2) That all plans for structures and improvements to be erected or placed upon said leased premises shall comply with all the ordinances and regulations of The City of San Diego, and shall be subject to the approval of the Harbor Commission and Planning Commission of said City.

(3) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the leased lands hereinabove described.

(4) That said City reserves the right to make such improvements for the development of the facilities of the Bay of San Diego for the purpose of navigation and commerce and the fisheries, at such time and in such manner as may be provided in any general plan of harbor improvement adopted by the Council of said City, or by the Harbor Commission of said City, and that the lessee will remove any structures or improvements placed or erected on said demised premises by the said lessee as shall interfere with carrying out the adopted harbor plan in any way whatsoever, at its own cost and expense, and without any claim or

right to damages or compensation therefor; provided, only, that said lessee shall not be disturbed in the possession and use of said premises to any greater degree than is necessary in the carrying out and completion of said general plan of improvement.

(5) In the event the lessee shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above set forth, or shall fail or refuse to perform any of the obligations by it under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the lessor requiring it to comply with the provisions of this lease in any and all respects wherein the lessee may be in default, then and in that event this lease shall terminate, and said lessee shall have no further rights hereunder, and said lessee shall thereupon forthwith remove from said premises, and shall have no further right or claim thereto, and that the City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said lessee shall forfeit all rights and claims thereto and thereunder; and said lessee, in accepting this lease, hereby acknowledges the right of said City to take possession of said premises immediately upon the neglect or refusal of said lessee to comply with the terms and conditions hereinbefore mentioned.

(6) Reference is hereby made to all laws as now existing, and as hereafter amended or enacted, applicable to the leasing of tidelands by The City of San Diego, and by such reference all restrictions or conditions imposed or reservations made thereby are made a part of this lease, with like effect as though the same were expressly set forth herein.

It is further understood and agreed that unless this lease shall have been terminated for a cause herein provided, upon the expiration of the term hereby granted the lessee shall, provided it is not then in default as to any of the terms or conditions herein contained, have the right to a renewal of this lease, upon the same terms and conditions and for the same purposes and uses, for an additional period of ten (10) years; provided, further, that if the lessee shall desire and intend to avail itself of the right to such renewal it shall notify the City in writing thereof at least one (1) year prior to the expiration of the term of this lease. The failure of the lessee to give said notice of renewal shall relieve the City from any obligation to make such renewal.

In the event that the lessee shall exercise the option herein provided for, the rental to be paid for such extended term of ten (10) years shall be agreed upon by The City of San Diego and said lessee; provided, that if an agreement cannot be reached then the matter shall be determined by submission to a Board of Arbitrators consisting of three members. One arbitrator shall be selected by the City and one arbitrator by the lessee, and the two arbitrators so selected shall select a third. The lands hereinabove described being shown on the map or plat attached hereto, marked Exhibit "A" and made a part of this lease.

TO HAVE AND TO HOLD the said premises and each and every part thereof unto the said lessees for the period of thirteen (13) years beginning on the \_\_\_\_\_ day of \_\_\_\_\_, 1941, and ending on the \_\_\_\_\_ day of \_\_\_\_\_, 1954, unless sooner terminated as herein provided, at the following rentals:

The sum of Twenty-five Hundred Fifty-six and no/100 Dollars (\$2556.00), payable upon the execution of this lease. In addition thereto a sum of money equal to two per cent (2%) of the total gross receipts resulting from the use of said premises by the said lessees, by their sublessees and concessionaires, payable monthly, and computed upon the preceding month's total gross receipts; provided, nevertheless, that in any event the lessees shall pay monthly, as a minimum guaranteed rental, a sum not less than three cents (3¢) per square foot per year for the first year of said term; a sum of not more than four cents (4¢) per square foot for the next three (3) years of said term; that for the next four (4) years of said term, the lessees shall pay monthly a guaranteed minimum rental to be determined by the Harbor Commission, which minimum guaranteed rental shall be not less than four cents (4¢) per square foot per year, nor more than six cents (6¢) per square foot per year; and that for the remaining five (5) year period of said term the lessees shall pay monthly a guaranteed minimum rental to be determined by the Harbor Commission, which minimum guaranteed rental shall be not less than six cents (6¢) per square foot per year, nor more than nine cents (9¢) per square foot per year.

It is understood and agreed that the term "gross receipts," as used herein, upon which the lessees are to pay two per cent (2%), shall be the gross receipts actually received by and belonging to the lessees, and shall exclude any percentage of the total box office receipts which by contract are payable by the lessees to a show or attraction engaged by the lessees to play or exhibit upon the leased premises. Federal admission taxes collected by the lessees shall not be considered as gross receipts upon which said two per cent (2%) is computed.

In this connection the lessees hereby covenant and agree that they will at all times during the life of this lease keep true, accurate and complete records of their gross receipts derived by them from the use and occupancy of the leased premises; and will also require all of their sub-tenants or concessionaires likewise to keep true, accurate and complete records of all of their gross receipts; and that the lessees will each month during the term of this lease carefully check and audit such records, and will not later than the tenth of each month during the life of this lease render a statement to the lessor in such form and detail as may be required by the Harbor Department, or by the Auditor and Comptroller of said City, showing the total gross receipts of the lessees, together with the total gross receipts of each and every subtenant, sublessee or concessionaire, resulting from the use and occupancy of the leased premises, or any portion thereof, during the preceding month, and will accompany the same with a remittance of an amount equal to two per cent (2%) of all said total gross receipts; provided, however, that the lessor shall, through its duly authorized agents and representatives, have the right at all reasonable times to examine and audit said records for the purpose of determining the accuracy thereof and of the monthly statements hereinabove required to be made.

It is agreed and understood that portions of the leased premises may be used by subtenants, and that concessions may be granted by the lessees without further consent of the lessor; but it is further understood and agreed that neither the whole nor any part of this lease shall be assigned so as to relieve the lessees herein mentioned without the consent of the Harbor Commission evidenced by resolution duly adopted; and provided, further, that said lessees shall remain as fully obligated to the lessor as if this consent to sublease or to grant concessions did not exist.

If at any time during the term of this lease the tenancy hereunder shall interfere with the use of any of the tidelands of San Diego Bay lying bayward of the bulkhead line as now established for navigation, commerce and fisheries, or in any manner become inconsistent with the trust under which the said tidelands are held from the State of California, the City shall have the right to terminate this lease upon one year's notice and the payment to the lessees of reasonable compensation, which shall be based upon and limited to compensation for the actual value at the time of the termination of this lease of such buildings, structures and physical improvements placed upon the demised premises by the lessees as are authorized or permitted under the terms of this lease, but shall not be held to include or require compensation to be paid in any amount to the lessees for any damage to or interference with the loss of business or franchise occasioned by any such termination.

In addition to the foregoing provisions, it is hereby agreed by the parties to this lease that the same is granted and accepted upon the further terms and conditions hereinafter provided, to-wit:

(1) That the demised premises shall be used primarily for the purpose of erecting, constructing, conducting and maintaining thereon an ice and roller skating rink, and such other incidental and subsidiary purposes and businesses, including the granting of concessions, ordinarily operated or carried on in connection with the maintenance and operation of ice and roller skating rinks. The lessees are also authorized to permit, if they shall so desire, the occasional use of said premises for exhibitions, games, dances, entertainments, conventions and public gatherings, but shall not permit any boxing or wrestling matches or exhibitions thereon, without first having secured the written consent of the Harbor Commission so to do.

In this connection lessees hereby covenant and agree that they will at no time during the life of this lease permit any wine, beer or intoxicating beverages of any character whatever to be sold, served or given away upon any part of said leased premises without first having secured the written consent of the Harbor Commission of The City of San Diego so to do; and also such permit or license as may be required by law.

(2) That all plans for buildings, structures and improvements to be erected or placed upon said leased premises shall comply with all the ordinances and regulations of The City of San Diego, and shall be subject to the approval of the Harbor Commission and the Planning Commission of said City.

(3) Prior to the expiration of the term of this lease the lessees may remove, and within thirty (30) days from the termination or cancellation of this lease shall remove, any and all structures and equipment, whether affixed to the soil or not, erected or placed by the lessees upon said premises, at their own cost and expense, but if the same are not so removed they shall become the property of the lessor without cost.

(4) At no time during the life of this lease shall The City of San Diego be required to make any improvement on or for the benefit of the said leased lands hereinabove described.

(5) In the event the lessees shall fail to fulfill in any manner the uses and purposes for which the said premises are leased, as above stated, or shall fail or refuse to perform the obligations by them under this lease undertaken, and shall persist in any such failure or refusal for a period of thirty (30) days after receiving notice from the lessor requiring them to comply with the provisions of this lease in any and all respects wherein the lessees may be in default, then and in that event this lease shall terminate, and said lessees shall have no further rights hereunder, and the said lessees shall thereupon forthwith remove from said premises, and shall have no further right or claim thereto, and that the said City shall immediately thereupon, without recourse to the courts, have the right to take possession of said premises, and said lessees shall forfeit all rights and claims thereto and thereunder; and said lessees in accepting this lease, hereby acknowledge the right of said City to take possession of said premises immediately upon the neglect or refusal of said lessees to comply with the terms and conditions hereinbefore mentioned.

It is further understood and agreed that at the expiration of the term of this lease, if the lessees shall have faithfully performed all the terms, conditions and obligations of this lease, they shall be entitled, to an extension of said term for an additional period of ten (10) years, upon the same terms and conditions as are herein contained. If the lessees shall desire and intend to avail themselves of the right herein reserved to such extended term, they shall notify the City in writing thereof at least ninety (90) days prior to the expiration of the term of this lease. The failure of the lessees so to do shall relieve the City from any obligation to make such extension.

In event the lessees shall exercise said option the minimum guaranteed rental payable by them for such extended term shall be fixed at the beginning thereof by agreement between the City and said lessee; provided, that if an agreement cannot be reached then the matter shall be determined by submission to a Board of Arbitrators consisting of three members. The decision of such board shall be final, and both the City and the lessees shall be bound thereby. Provided, further, that in any event the guaranteed minimum rental payable by the lessees during said extended term shall not be fixed at a less amount than the rental fixed by the Harbor Commission for the last five (5) years of the original term.
