WHEREAS, during the past five years the Federal Government has assumed the greater share in the cost of government due to the War, resulting in the State being relieved of many of its normal obligations and that by reason thereof the State has been relieved of much maintenance expenditure; and

WHEREAS, cities in the State of California are faced with considerable loss of revenue due to the following causes:

(a) Property being required by the Federal Government and hence being removed from the tax rolls;

(b) The State of California granting additional exemptions resulting in a loss of ad valorem taxes to the municipalities;

(c) Many counties using an inadequate formula for determining the assessed valuation of property, both real and personal; and

WHEREAS, as a result thereof, municipalities have been confronted with the unsurmountable task of meeting the costs of municipal government and have, as a result, been forced to seek other sources of revenue in addition to ad valorem tax on real and personal property; and

WHEREAS, our City is receiving but forty-one per cent of its cost of government from property tax; and

WHEREAS, numerous California cities, including San Diego, have found it necessary to impose a municipal sales tax to meet the obligations of city governments and to balance their budgets; and

WHEREAS, the imposition of such sales taxes has resulted in confusion and is burdensome to the business men as well as to the consumer; and

WHEREAS, the cities of San Diego County have a justifiable concern over the appropriation of State sales tax moneys; NOW, THEREFORE,

BE IT RESOLVED, that The City of San Diego immediately enlist the aid of the League of California Cities and of our legislators in the Senate and Assembly, looking to the adoption of legislation at the next session of the State Legislature that will place on the ballot the proposition to amend the Constitution of the State of California which would return to the counties and municipalities a sum of one-half of one per cent of the gross receipts which are subject to the California Sales and Use Tax collected by the State to be pro-rated as to contribution and to be used for county and municipal purposes.

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to the Executive Secretary of the League of California Cities, to State Senator Ed Fletcher and to the members of the Assembly representing the people of San Diego County.

R E S O L U T I O N NO. 83987

BE IT RESOLVED, by the Council of the City of San Diego, as follows:

That the Mayor and City Manager of said City be, and they are hereby authorized and directed to execute and file with the State Board of Equalization a written protest against the transfer of an on-sale general license from James W. Newby, Fred A. and Harry F. Scheidle, for premises located at 4286 University Avenue, San Diego, to Abraham T. Teacher for premises located at 423 E Street, San Diego; and against the issuance of an on-sale beer license to Abraham T. Teacher, for the premises located at 4286 University Avenue, on the following grounds:

(1) One more drinking establishment will be added in the city as well as on E Street, because Abraham T. Teacher is also applying for an on-sale beer license for the old location, 4286 University Avenue;

(2) Two On-sale general licenses are already in effect in the short 400 block on E Street, on the same side of the street as the new application, and one is in effect on the north side of the street. In addition, in the same square block, there are six on-sale licenses on 4th Avenue, one on F Street, and one on 5th Avenue; all dealing primarily in alcoholic beverages;

(3) A bus loading terminal for the Encanto, Chollas View, National City, Repair Base and Chula Vista lines extends along the same side of the street in the block of the proposed premises.

(4) A current cut-back in the Shore Patrol to a peace-time basis confronts the City with a very serious police problem. Shore patrols will not be seen on the streets, as during the war, ready to prevent trouble. Shore patrolmen will be dispatched primarily to answer calls to stop trouble that has already arisen. Therefore the City's police problem will be increased.

(5) At present more drunkenness, rowdyism and fights are occurring among servicemen and civilians in the downtown area. This may be in part due to laxness on the part of licensees during the recent business recession of 50% to 60%. However, the liquor business has been increasing about 20%. More shops have been coming in, more fights have been taking place; and the issuance of any more licenses in the downtown area, especially on E Street and south of Broadway will seriously increase the heavier burdens which the local law enforcement agencies will be assuming due to the cut-back in the Shore Patrol.
