RESOLUTION NO. 87363

WHEREAS, the County of San Diego has by resolution determined that it is essential that the program of outdoor education and camp experience should be expanded in order that it be adequate to serve the greatly increased population of this County; and

WHEREAS, the Council of The City of San Diego is heartily in accord with such program because of the great number of children from the City of San Diego and the San Diego schools who will spend portions of their vacations in the chosen recreation area; and

WHEREAS, the number of available locations for such a program within the County of San Diego are quite limited and should be used to their fullest extent; and

WHEREAS, the San Diego City-County Camp Commission now holds a lease from the California Division of Beaches and Parks on the Camp Cuyamaca area, buildings and installations adjacent thereto, which are located in one of the most convenient and desirable camp areas in the County of San Diego; and

WHEREAS, the failure of the California Division of Beaches and Parks to renew this lease for said Commission would seriously impair the operation of these highly desirable recreational and educational programs in the County of San Diego; and

WHEREAS, the relocation of the camp at Camp Cuyamaca would require a capital outlay expenditure for new buildings and equipment which none of the agencies involved in the operation of the camp can afford; NOW, THEREFORE,

BE IT RESOLVED, By the Council of The City of San Diego, as follows:

That this Council earnestly requests the favorable consideration by the California Division of Beaches and Parks of the request of the San Diego City-County Camp Commission filed with said Division on September 26, 1947, for a reconsideration of matter of renewal of the Camp Cuyamaca lease hereinabove mentioned.

BE IT FURTHER RESOLVED, that the City Clerk of said City is hereby to forward a certified copy of this resolution to the California Division of Beaches and Parks.

BE IT FURTHER RESOLVED, that the city clerk of said city of San Diego be, and he is hereby authorized and directed to mail, prepaid, post cards, each with an addressed reply post card attached thereto, with the return postage thereon guaranteed, giving notice of said contemplated action, by addressing and mailing said cards to each person to whom land in the proposed assessment district is assessed on the last equalized county Assessment Roll, at his address as shown upon such roll, or as known to the clerk, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in any land within said proposed district, who has filed his name and address and the designation of the land in which he is interested with the said city clerk. R E S O L U T I O N NO. 88284
RELATING TO PROPOSED ASSESSMENT FOR IMPROVEMENTS IN DALBERGIA STREET.

BE IT RESOLVED, By the Council of The City of San Diego, California, that it contemplates the passage of a resolution of intention to make certain improvements for which an assessment will be levied, and that it is hereby determined as follows

1. That the proposed improvement consists of the grading, paving and construction of sidewalk and curb on DALBERGIA STREET, between the southeasterly line of Una Street and the northwesterly line of Woden Street, in the City of San Diego, California.

2. That the boundary of the proposed district of lands to be assessed to pay the costs and expenses of said contemplated improvement is shown upon that certain plat on file in the office of the City Clerk of said City under Document No. 381897. Reference is hereby made to said plat for a particular description of such district.

3. That it is the opinion of the Council that said contemplated work and improvement produces a public benefit to the entire City of San Diego and to all the inhabitants thereof apart from the benefits to the proposed district of lands herein mentioned and described, and therefore said Council hereby declares its intention to order the \$10,000.00 of the costs and expenses of the said contemplated work and improvement hereinbefore mentioned shall be paid out of the Treasury of said City, and particularly out of the Capital Outlays Fund of said City, and that the remaining portion of the costs and expenses of said contemplated work and improvement shall be made chargeable upon the district hereinabove referred to.

4. That said proposed improvement and said proposed assessment is to be done and made under the provisions of that certain act of the legislature of California commonly known

and designated as the "Improvement Act of 1911", and amendments thereto.

5. That, after considering the preliminary report of the City Engineer thereon and having determined the above matters, the initial view of this Council is that the said contemplated improvement is one in which the probable assessments will not exceed the limitations set up by the "Special Assessment, Investigation, Limitation and Majority Protest Act of 1931."

BE IT FURTHER RESOLVED, that the City Clerk of said City of San Diego be, and he is hereby authorized and directed to mail, prepaid, post cards, each with an addressed reply post card attached thereto, with the return postage thereon guaranteed, giving notice of said contemplated action, by addressing and mailing said cards to each person to whom land in the proposed assessment district is assessed on the last equalized County Assessment Roll, at his address as shown upon such roll, or as known to the Clerk, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in any land within said proposed district, who has filed his name and address and the designation of the land in which he is interested with the said City Clerk. Said return post card as sent out shall be addressed to the City Clerk of San Diego; said Clerk shall file his affidavit of mailing such notices and must include therein a list of the names and addresses to whom such notices were sent, all in manner and form as provided by law.

BE IT FURTHER RESOLVED, that Resolution No. 88218, adopted by the Council of said City on January 27, 1948, be, and the same is hereby rescinded.

R E S O L U T I O N NO. 88287

WHEREAS, The City of San Diego heretofore instituted an action in the Superior Court of the State of California, in and for the County of San Diego, entitled "The City of San Diego, plaintiff, v. Harold Scott, et al., defendants," No. 119032, for the purpose of establishing the mean high tide line in the vicinity of Wonderland Beach Subdivision, in said City of San Diego; and

WHEREAS, by Resolution No. 87995, adopted by the City Council, December 30, 1947, it was ordered and directed that the City make and enter into an agreement with Frank R. Strong, Inc., and George W. Wood Leasing Company, owners and Lessees of real property in said Wonderland Beach Subdivision, whereby the mean high tide line of the Pacific Ocean, Mission Bay, and the Channel from the Pacific Ocean to Mission Bay, was to be judicially established by a stipulated judgment; and

WHEREAS, the City was prevented from concluding said agreement because of the delay in getting the approval of the U. S. Army Engineers; and

WHEREAS, by Resolution No. 88026, adopted by the City Council, January 6, 1948, the said Council guaranteed and agreed and assured the Secretary of the Army of the United States that said City of San Diego would undertake, perform and do all the conditions required of said City by Acts of Congress of the United States theretofore passed; and

WHEREAS, PURSUANT to said guarantee it was necessary that the mean high tide line of the Pacific Ocean be established and all buildings and improvements be removed from property lying and being seaward from said line, on or before January 15, 1948; and

WHEREAS, Frank R. Strong, Inc., which had twenty dwelling units seaward of said mean high tide line, was contacted by the Legal Department of The City of San Diego and advised of said urgency; and

WHEREAS, it did not appear possible from either an engineering or a financial standpoint to remove buildings and improvements from the property seaward of the mean high tide line as it was to be established by the agreement between The City of San Diego and Frank R. Strong, Inc., on or before January 15, 1948; and

WHEREAS, the Legal Department of The City of San Diego requested and secured the cooperation of Frank R. Strong, Inc., in attempting to effect the aforesaid removal of improvements on or before the 15th of January, by representing to said Frank R. Strong, Inc., that said Legal Department would request the City Council of said City to reimburse said Frank R. Strong, Inc., for any and all expenses incurred by said Frank R. Strong, Inc., in removing said improvements prior to the 15th of January, which expenses would not have been incurred, had a greater time been taken to remove said buildings or improvements; and

WHEREAS, by letter dated January 23, 1948, addressed to a Deputy City Attorney of the Legal Department, Vernon Bettin, attorney for Frank R. Strong, Inc., has made the following statement:

"As your know we completed clearing the channel of the Frank R. Strong, Inc., property at Mission Bay by January 15th, 1948, as per your urgent request, and it is our understanding that if this was done that the City of San Diego would pay the additional expenses we were put to by reason of the necessity for this haste.

"The additional expenses we were put to in vacating the premises, overtime, moving tenants, and etc., amount to the sum of \$650.00. This of course, is in addition to the amount set forth in the contract between the City of San Diego and Frank R. Strong Inc."

and

WHEREAS, it appears that all of said buildings and improvements were removed on or before January 14, 1948; and

WHEREAS, the Legal Department of The City of San Diego kept itself informed of the work done and, to a great extent, the expenses incurred; and

WHEREAS, it is the recommendation of said Legal Department that Frank R. Strong, Inc., be reimbursed in the amount of Six Hundred Fifty Dollars (\$650.00); and

WHEREAS, it appears that, had the Legal Department of the City not represented to Frank R. Strong, Inc., that the City would reimburse said Frank R. Strong, Inc., for said additional expenses, the improvements would not have been removed and the right of way for the South Jetty of the Flood Control Channel of the San Diego River would not have been clear by January 15, 1948, and the United States Government would not have let the contract as it desired, with the result that said City would have failed to meet its obligation to the Federal Government and very likely not qualified for further Federal financial assistance; and

WHEREAS, it further appears that it was for the best interest of the City that said Legal Department made the representations hereinabove referred to; NOW, THEREFORE,

BE IT RESOLVED By the Council of The City of San Diego, as follows:

That it was for the best interest of the City that the Legal Department represented to Frank R. Strong, Inc., that it would request the City, by and through the City Council, to reimburse said Frank R. Strong, Inc., for any unusual or additional costs that said Frank R. Strong, Inc., might incur over and above the regular costs of moving, if said Frank R. Strong, Inc., would, on or before January 15, 1948, have all improvements removed from seaward of the mean high tide line as it was to be established in the vicinity of said Wonderland Beach.

BE IT FURTHER RESOLVED, that the hereinabove referred to representations of the Legal Department be, and they are hereby ratified to the extent of Six Hundred Fifty Dollars (\$650.00); and that the City Attorney be, and he is hereby authorized and directed to pay to said Frank R. Strong, on behalf of the City, the sum of Six Hundred Fifty Dollars (\$650.00), in full satisfaction of all additional expenses incurred by Frank R. Strong, Inc., for removing improvements as aforesaid on or before January 15, 1948.

Pyle, Hydraulic Engineer, approved by the City Manager of The City of San Diego, that the contract for San Dieguito Dam Strengthening work entered into on the 6th day of January, between The City of San Diego and M. H. Golden Construction Company provides for draining of the reservoir by the City, and refilling of the reservoir is dependent upon progress of contractor's construction work; and

WHEREAS, said Hydraulic Engineer advises that the higher levels of the reservoir are draining rapidly with attendant dying tules around the shores of the reservoir, and that tules should be removed prior to the time that the water level reaches an elevation which will make impossible the use of machinery around the shore line close enough for effective work; and

WHEREAS, the Hydraulic Engineer further advises that said contractor, M. H. Golden Construction Company, is willing to undertake such additional work of removing tules around said San Dieguito Reservoir, in connection with the existing contract for the San Dieguito Dam Strengthening work, at an estimated cost of \$8,500.00; and that it will therefore be to the best interests of the City to undertake said work at the present time as extra work in connection with the existing contract; NOW, THEREFORE,

BE IT RESOLVED By the Council of The City of San Diego, as follows:

That the Hydraulic Engineer be, and he is hereby authorized to issue or cause to be issued an extra work order to M. H. Golden Construction Company for removal of tules around San Dieguito Reservoir in a manner satisfactory to the Hydraulic Engineer and subject to conditions to be specified by him, at an estimated cost of \$8,500.00, in accordance with the recommendation of the City Manager and Hydraulic Engineer, on file in the office of the City Clerk of said City.

RESOLUTION NO. 88690

WHEREAS, in June, 1947, The City of San Diego respectfully requested the Board of Directors of the San Diego County Water Authority to fix a water rate to be charged member agencies of said Authority equal to but not in excess of that charged by The Metropolitan Water District of Southern California for water delivered by that district to said County Water Authority, upon the ground and for the reason that the Council and City Manager felt that such rate would be fair and equitable to all the member agencies and particularly to The City of San Diego, in that said City was then the only agency contemplating the purchase of water; and

WHEREAS, notwithstanding said request the said Board of Directors of said San Diego County Water Authority advised this Council and the Manager of said City that because of the need of said Authority to finance the aqueduct extension and branch lines to serve other member agencies of said Authority, said Authority would need an additional \$40,000.00 from water revenue, and that therefore a rate of \$12.00 an acre foot would enable said Authority to secure said addition sum for such purposes; and

WHEREAS, commencing in November, 1947, this City has been purchasing water from said San Diego County Water Authority at and for the rate of \$12.00 per acre foot, and has paid to said Authority a total of \$186,060.52, which has enabled said Authority to obtain a \$4.00

gross profit over and above that charged by The Metropolitan Water District of Southern California to said Authority, and that the total of said profit realized by said County Water Authority as of March 1, 1948, is \$62,020.17; and

WHEREAS, this Council feels that said Board of Directors having obtained said additional sum of \$40,000.00, and because of the fact that this City continues to be the major purchaser of Colorado River Water, and the further fact that the City has failed to provide sufficient funds in its Budget for the current fiscal year to finance the anticipated purchases of water for the balance of said year at such rate of \$12.00 per acre foot, and that unless some relief is granted this City will be unable to continue to purchase water at said rate for the balance of the current fiscal year, should now reduce such rate of \$12.00 per acre foot to the sum of \$8.00 per acre foot, and that by reducing said rate as herein recommended the best interests of not only the San Diego County Water Authority but of each and every public agency thereof, and particularly of The City of San Diego, will be subserved; NOW, THEREFORE,

BE IT RESOLVED By the Council of The City of San Diego, as follows:

That the members of the Board of Directors of the San Diego County Water Authority appointed by and representing The City of San Diego on said Board of Directors be, and each of them is hereby respectfully requested to take the necessary steps and proceedings which will result in the Board of Directors of the San Diego County Water Authority reducing the rate to be charged by said public corporation for the sale of Colorado River water to its member agencies from \$12.00 an acre foot to a sum not in excess of \$8.00 per acre foot, and that said rate be adopted immediately for the best interests of all of said public agencies, and particularly The City of San Diego.

BE IT FURTHER RESOLVED, that the City Manager, Director of the Water Department, and Hydraulic Engineer be, and each of them is hereby authorized and directed to confer with the San Diego representatives on the Board of Directors of said San Diego County Water Authority, for the purpose of advising and notifying said members of the attitude and decision of this legislative body, and to urge said members to adopt and undertake all reasonable methods of securing the reduction of water rates as hereinabove recommended; and that said Manager, Water Director and Hydraulic Engineer confer with said representatives at the earliest convenience so that the question of reducing said rates may be considered by said Board of Directors of said County Water Authority at their next regular monthly meeting to be held on Thursday, March 11, 1948.
