

CLASS SPECIFICATION

SAN DIEGO CITY CIVIL SERVICE COMMISSION

UTILITY WORKER II

DEFINITION:

Under general supervision, to lead and assist subordinate personnel involved in a variety of maintenance, construction, and operating tasks, or to perform the more difficult semi-skilled maintenance, construction, and operating tasks; and to perform related work.

DISTINGUISHING CHARACTERISTICS:

A Utility Worker II differs from a Utility Worker I in any or all of the following aspects: (1) the tasks require a greater degree of skill, knowledge, and familiarity with departmental procedures and operations; (2) incumbents function independently and frequently exercise individual initiative, autonomous judgment, safety precautions, independent decision-making; (3) incumbents regularly lead a crew.

*** EXAMPLES OF DUTIES:**

- Leads and participates in the work of subordinate personnel engaged in breaking out pavement for repair and maintaining buildings, streets, bridges, and traffic signs;
- Operates, services, and cleans air compressors, gunite machines, pneumatic hammers, saws, sandblasting and spray painting equipment, and other equipment of comparable operational difficulty;
- Removes obsolete traffic markings and paints crosswalks, and other street patterns;
- Performs the less skilled plumbing, electrical, or carpentry tasks;
- Repairs irrigation systems and sprinklers;
- Prepares requests for repair services and additional supplies;
- Determines specific equipment to use;
- Makes routine repairs to equipment used;
- Maintains records and prepares routine reports;
- Performs the more skilled marine construction repairs on docks, wharves, floats and gang planks;
- Performs semi-skilled repairs and maintenance of structural parts of City bridges;
- Makes inspections and takes inventories of playground equipment and street facilities and records deficiencies;
- Provides information to the public.

MINIMUM QUALIFICATIONS:

Please note: the minimum qualifications stated below are a guide for determining the education, training, experience, special skills, and/or license which may be required for employment in the class. These are re-evaluated each time the position is opened for recruitment. Please refer to the most recent Job Announcement for updated minimum qualifications.

One year of construction, maintenance or repair of facilities such as walkways or roadways, wood concrete structures, or sewer and water systems; **OR** one year as a Utility Worker I or Laborer with the City of San Diego. Possession of a valid California Class C Driver's License.

- * **EXAMPLES OF DUTIES** performed by employees in this class. The list may not include all required duties, nor are all listed tasks necessarily performed by everyone in this class.
