City of San Diego Hosts Annual Christmas Tree Recycling Program

Recycling Christmas Trees Extends the Life of the Miramar Landfill

SAN DIEGO, CA—The City of San Diego Environmental Services Department will host the **32nd Annual Christmas Tree Recycling Program** beginning December 26, 2005 through January 23, 2006. This year's program will offer 17 drop-off locations available to residents only.

“With about only six years of life left at the City's Miramar Landfill, it's important for San Diegans to recycle their Christmas trees instead of tossing them into the trash,” said Elmer L. Heap Jr., director of the Environmental Services Department. “Yard waste such as your Christmas tree is a large part of the recyclable material that unfortunately ends up buried in the landfill. By recycling Christmas trees you help reduce the amount of material in the landfill and give holiday trees a second life as compost, mulch or wood chips.”

Before December 26, San Diegans can recycle Christmas trees at the Miramar Greenery located at the Miramar Landfill seven days a week during normal hours of operation.

Beginning December 26, residents can drop off clean trees at any of the 17 drop-off locations during daylight hours through January 23, 2005.

Throughout the program, trees collected as fundraising projects or commercial loads will not be accepted at the drop-off locations. Instead, these trees can be dropped off, free of charge at the Miramar Greenery.

Residents participating in the Christmas Tree Recycling Program should drop off only clean trees during daylight hours. Before depositing trees, all tree stands, lights, ornaments and other tree decorations must be removed. Please do not illegally dump any other items at the drop-off locations.

In addition to clean trees, flocked trees (fake snow) are also accepted. All trees will be recycled into high quality mulch and compost, which is available throughout the year to city residents for free if self-loaded at the Miramar Greenery.

Residents who currently receive curbside yard waste recycling collection can also recycle trees through the curbside collection program by placing trees at the curb with the regular yard waste recycling. Residents who wish to recycle trees through the curbside recycling program are required to remove all non-recyclable materials before placing trees at the curb next to yard waste collection containers.

The following is the complete list of the City's 17 drop-off locations for the 32nd Annual Christmas Tree Recycling Program:

Sites	Addresses
1. Carmel Valley:	Carmel Valley Recreation Center, 3777 Townsgate Drive, lower parking lot.

The Miramar Greenery is located inside the Miramar Landfill, located at 5180 Convoy Street, just north of the 52 Highway. Hours of operation are Monday through Friday 7 a.m. to 4:30 p.m., and Saturdays, Sundays and most holidays from 7:30 a.m. to 4:30 p.m. The Landfill will be closed on Christmas Day and New Year's Day. Additional information about the residential drop-off site locations is available by calling Environmental Services Department Customer Service at (858) 694-7000. For information on mulch and compost produced at the Miramar Greenery, call the Miramar Landfill at (858) 573-1420.

The City of San Diego's Environmental Services Department is charged with refuse collection and disposal, recycling and environmentally-sound landfill management to meet the City's long-term disposal needs. For facts on the importance of recycling in San Diego, go to www.RecycleOrElse.com. The department also oversees the City's management of energy use and explores innovative options for energy independence.
