

ESSENTIALS FOR HEALTHY HOMES PRACTITIONERS

Provided by the City of San Diego, Environmental Services Department

September 27 - 28, 2011

Participants will gain insight from experts in the field on how housing and health are related and actions they can take to improve the health of their community. Course participants will have a better understanding how to collaborate to make healthy homes a reality in their community.

Everyone from a public health nurse visiting a client to an environmental health professional doing a rodent inspection will gain insight into how housing and health are related and actions they can take to improve the health of their clients.

This two-day course brings together professionals with a variety of perspectives and experiences in a series of exercises — keeping the training lively and engaging.

Continental breakfast, lunch and refreshments provided each day

Time Each Day: 8:00 a.m. - 4:30 p.m.

Cost: \$52.50

*Location: ESD Green Building
9601 Ridgehaven Court
San Diego, CA 92123*
