ENVIRONMENTAL SERVICES DEPARTMENT **NEWS RELEASE**

City of San Diego Hosts 36th Annual Christmas Tree Recycling Program

*Recycling Christmas Trees Extends the Life of the Miramar Landfill
and Provides Free Mulch and Compost for City Residents*

SAN DIEGO, CA—The City of San Diego's Environmental Services Department will host the **36th Annual Christmas Tree Recycling Program** beginning December 26, 2009 and running through January 23, 2010. This year's program will offer 16 drop-off locations, available to City residents only, as well as curbside pickup for those customers with curbside yard waste collection.

“We encourage all those who celebrate the holidays with a Christmas tree to participate in our recycling program,” said Chris Gonaver, director of the Environmental Services Department. “Green waste, such as yard clippings and other organic materials, including Christmas trees, have made up over 20 percent of the material buried in the landfill. By recycling their trees, residents help reduce the amount of material in the landfill and give holiday trees a second life as compost, mulch or wood chips.”

Before December 26, San Diegans can recycle Christmas trees seven days-a-week at the Miramar Greenery located at the Miramar Landfill.

(MORE)

Beginning December 26, 2009 and continuing through January 23, 2010, residents can drop off clean trees during daylight hours at any of the 16 drop-off locations listed below.

Trees from commercial tree lots or fundraising projects will not be accepted at the drop-off locations. Instead, these trees can be dropped off free of charge at the Miramar Greenery.

Residents participating in the Christmas Tree Recycling Program should drop off trees during daylight hours. Before depositing trees, all tree stands, lights, ornaments and other tree decorations must be removed. Please do not illegally dump any other items at the drop-off locations.

In addition to clean trees, flocked trees (fake snow) are also accepted. All trees will be recycled into high quality mulch and compost, which is available throughout the year to city residents for free if self-loaded at the Miramar Greenery.

Residents who currently receive curbside yard waste recycling collection can also recycle trees through the curbside collection program by placing trees at the curb with the regular yard waste recycling. Residents who wish to recycle trees through the curbside recycling program are required to remove all non-recyclable materials such as tinsel, ornaments and lights before placing trees at the curb next to yard waste collection containers.

The following is a complete list of the City's 16 drop-off locations for the 36th Annual Christmas Tree Recycling Program:

Sites	Addresses
1. Carmel Valley:	Carmel Valley Recreation Center, 3777 Townsgate Drive, lower parking lot.
