

# Natural Log Chips | Wood Chips

## Ingredients

Tree stumps  
Logs  
Branches

## Product Uses & Specifications

Natural chips are an effective ground cover for weed suppression, water retention, and landscape beautification. Natural Chips are made from aged tree stumps, logs, and branches. They are ideal for planter beds, unpaved pathways, and as a landscaping mulch for established or new planting areas.

## Manufacturing Description

- Ground twice for consistent particle sizing
- Standard sizing is 2" – 3"
- Screened to remove fines and dust
