

# City of San Diego Environmental Services Department

## 2008 Recycling Directory

### Construction, Demolition, Scrap Metal and Yard Waste

Approximately 35 percent of the waste going to the Miramar Landfill consists of construction and demolition materials. The City of San Diego needs your help to meet and sustain the 50 percent waste diversion required by California Assembly Bill AB939 and extend the life of the Miramar Landfill. Please recycle at home, at your office and during all phases of construction. Thank you for your help in keeping San Diego “American’s Finest City.”

<p><i>Please note that the recyclers may not accept ALL of the recyclables listed in each category.</i></p> <p><i>The City does not endorse these facilities and is not responsible for changes in facility information. Please call ahead to confirm.</i></p>		Mixed Loads (Concrete, Asphalt, Clean Dirt and Rocks) Drywall, Scrap Glass, Yard Waste, Cardboard Packaging, Carpet Padding and Foam, and Metals.
