Sample Recycling Article for Newsletters or Bulletin Boards

RECYCLING IS EASY

Think that recycling is too much work? You may be surprised to know that you don't have to wash or remove labels from cans, jars and bottles before recycling them. Just empty out the excess product. You don't have to remove plastic windows from envelopes or staples and paper clips from paper. Just put them right in the recycling container instead of the trash container. Recycling is as easy as trashing, but so much more responsible.

For more information on consumer recycling and waste reduction tips go to the City of San Diego Environmental Services Department website at www.sandiego.gov/environmental-services/recycling/consumer.shtml
