CITY OF SAN DIEGO, CALIFORNIA  
**COUNCIL POLICY**

**SUBJECT:** SMALL AND LOCAL BUSINESS PREFERENCE FOR  
GOODS, SERVICES, AND CONSULTANT CONTRACTS  
**POLICY NO.:** 100-10  
**EFFECTIVE DATE:**

**BACKGROUND:**

The City of San Diego expends millions of dollars annually in the procurement of goods, services, and consultants to meet the requirements of the various City departments. Historically, there has been a lack of diversity among City contracts. In particular, small and emerging local businesses have faced challenges competing against established businesses with greater resources and access to capital.

The City desires to provide contracting opportunities to a broader cross-section of the community in order to enhance diversity and increase competition. In addition, the City has a compelling interest in ensuring that it is neither an active nor passive participant in marketplace discrimination. The City also has a compelling interest in stimulating the local economy by providing opportunities for small and local businesses to grow, succeed, and create jobs for the citizens of San Diego.

The City Council has heard testimony from City staff and the community, considered statistical evidence, and reviewed programs in neighboring jurisdictions in an effort to identify a program best-suited to achieve these goals.

Based on this evidence, the City Council declares that a small and local business preference program would provide an effective, race and gender-neutral tool for achieving the City's goals of enhancing diversity in City contracts, ensuring open and fair competition, and promoting a robust local economy.

**PURPOSE:**

The purpose of this policy is to establish a small and local business preference program for goods, services, and consultant contracts. This program is intended to provide a race and gender-neutral tool to expand opportunities for, and develop the capacity of, small and local firms so that all segments of the community will be able to participate in City contracts.

CITY OF SAN DIEGO, CALIFORNIA  
**COUNCIL POLICY**

The program is intended as a companion program to Chapter 2, Article 2, Division 36 of the San Diego Municipal Code relating to a Small and Local Business Program for Public Works Contracts.

All *contracts for goods* and *contracts for services* shall comply with the advertising, bidding, and award requirements set forth in Chapter 2, Article 2, Divisions 30 and 32, of the San Diego Municipal Code. In addition, for all *contracts for goods* and *contracts for services* in which the Purchasing Agent is required to advertise for sealed bids or proposals in the City's official newspaper, the City Manager shall:

- a. For bids, apply a discount of: (1) 5% off the bid price for *SLBE* or *ELBE* prime contractors; or (2) 5% off the bid price for prime contractors achieving the voluntary goal of 20% for *SLBE* or *ELBE* subcontractor participation set forth in subsection (c) of this Section 1. The discount will not apply if an award to the discounted *bidder* would result in a total contract cost of \$50,000 in excess of the low, non-discounted bid. In the event of a tie bid between a discounted *bidder* and non-discounted *bidder*, the discounted *bidder* will be awarded the *goods* or *services contract*. The discount shall be taken off the total contract value, including contract option years.
- b. For proposals, apply a maximum of an additional 12% of the total possible evaluation points to the *bidder's* final score for *SLBE* or *ELBE* participation as follows:
  1. If the *bidder* achieves 20% participation, apply 5% of the total possible evaluation points to the *bidder's* score; or

In addition, the City Manager shall, for all *consultant contracts* valued at over \$50,000:

3. If the prime contractor is a *SLBE* or an *ELBE*, apply 12% of the total possible evaluation points to the *bidder's* score.

**3. Maintaining Participation Levels**

- a. Bid discounts and additional points are based on the *bidder's* level of participation proposed prior to the award of the *goods, services, or consultant contract*. *Bidders* are required to achieve and maintain the *SLBE* or *ELBE* participation levels throughout the duration of the *goods, services, or consultant contract*.
- b. If the City modifies the original specifications, the *bidder* shall make reasonable efforts to maintain the *SLBE* or *ELBE* participation for which the bid discount or additional points were awarded. The City must approve in writing a reduction in *SLBE* or *ELBE* participation levels.

- e. The remedies available to the City under this Council Policy are cumulative to all other rights and remedies available to the City.

**4. Commitment to Diversity**

Invitations to Bid (ITB) and Requests for Proposals (RFP) for *goods, services, and consultant contracts* may require *bidders* to address their commitment to diversity. The Purchasing Agent, in consultation with Equal Opportunity Contracting, may develop ITB and RFP evaluation criteria, including point allocation, to carry out the intent of this section. *Bidders* may be required to address their commitment to diversity, this includes, but is not limited to, describing their diversity policies, outreach and recruitment efforts, past participation levels, community activities and other programs. # LOCAL BUSINESS SPOTLIGHT: **RECON RECYCLING**

Environmental Consultant to the Port of SD

Annual GreenJazz Festival

School Districts' Youth Internship Program

Recycling Training to RJ Donovan Inmates

In 2007, Richard & Diana McCaskill began their business venture with very little, utilizing what they could from the waste stream. Richard had an eagerness to study the industry from the ground up, leading him to a unique resource for knowledge. He developed the basics of recycling and implemented guerrilla military tactics, learned from homeless veterans. "Veterans are perfect for this industry. Their intense training is ideal to wage this war on waste," says McCaskill.

Concerned with the success of their clients and implementing a diverse workforce, Recon actively participates in community outreach activities

## Palm Avenue Revitalization Plan

Chen Ryan Associates, a City of San Diego certified ELBE, serves as the prime consultant for the preparation of the Palm Avenue Revitalization Plan. When asked how the SLBE program has helped Chen Ryan, Owner and Principal Monique Chen had the following to say, "The (SLBE) program has really pushed us up a notch. It has given us leverage not only in priming but also in subconsulting with other firms. I love this program and it is really helping us a lot."

The Palm Avenue Revitalization Plan seeks to provide a blueprint for promoting economic development and improving vehicular, transit, pedestrian and bicycle mobility. The blueprint is intended to address the issues of accessibility along Palm Avenue, while improving the livability and economy of the corridor. Issues currently identified with Palm Ave include: right-of-way and fast moving traffic, pedestrian refuge island, sidewalks with little to no shade, unsafe poorly marked crosswalks with inadequate travel time for the disabled, wide driveways and curb cuts, as well as unsafe street parking and bike routes.
