Summary of Law and Facts

8. Respondent is an organization that conducts business in the City of San Diego.
 Respondent develops and owns apartment complexes, the majority of which are available to low income residents, and provides financing to first-time homebuyers. In addition Respondent
 provides trainings and support services to community residents, including the operation of a
 "HomeOwnership Center" and foreclosure prevention clinics. As discussed in greater detail
 below, Respondent frequently obtains funding from government agencies, including the City of
 San Diego, to support its endeavors.

9. During the second quarter of 2008, Respondent's representatives had numerous
 contacts with City Officials for the purpose of influencing municipal decisions. Many of these

-2-

1 lobbying contacts were with members of the City Council for the purpose of influencing 2 decisions related to the allocation of Community Development Block Grant [CDBG] funding in 3 the upcoming fiscal year. Respondent was ultimately awarded a total of \$189,000 in CDBG 4 funds by City Council Districts 1, 3, 4, 5, and 7, in support of Respondent's HomeOwnership 5 Center and foreclosure prevention clinics.

6 10. During the third quarter of 2008, Respondent's representatives had numerous 7 lobbying contacts with City Officials, the majority of which were made for the purpose of 8 securing funding from the Redevelopment Agency and the San Diego Housing Commission for 9 the development of 82 affordable housing units at the Arbor Crest North project. Respondent was ultimately successful in obtaining a loan from the San Diego Housing Commission in the 10 11 amount of \$4.9 million for acquisition of the Arbor Crest North site.

12

11. The City's Municipal Lobbying Ordinance requires organizations to register as Organization Lobbyists if their compensated employees have a total of 10 or more lobbying 13 contacts with City Officials within 60 consecutive calendar days. Organization Lobbyists are 14 required to file a registration form within 10 days of reaching this qualification threshold. 15 SDMC § 27.4007. In addition, the Lobbying Ordinance requires Organization Lobbyists to file 16 quarterly disclosure reports no later than the last day of the months of April, July, October, and 17 January, covering the preceding calendar quarter. SDMC § 27.4015. 18

Respondent's representatives began contacting City Councilmembers regarding 19 12. CDBG allocations in late March, 2008, and engaged in a total of 10 lobbying contacts with these 20 City Officials by early April, 2008. Respondent was required to register as an Organization 21 Lobbyist by filing a registration form with the City Clerk within 10 days of reaching the 10-22 contacts threshold. Respondent did not file this registration form until December 16, 2008, 23 approximately eight months late. In addition, Respondent was required to file a quarterly 24 disclosure report covering the second quarter of 2008 on or before July 31, 2008. Respondent 25 did not file this disclosure report until December 23, 2008, approximately five months late. 26 Finally, Respondent was required to file a quarterly disclosure report covering the third quarter 27 /// 28

1	of 2008 on or before October 31, 2008. Respondent did not file this disclosure report until	
2	December 23, 2008, approximately two months late.

13	not file it until December 23, 2008, approximately two months late.	
14	Factors in Aggravation	
15	15. As part of the Ethics Commission's education and outreach programs,	
16	Respondent was aware of the City's new lobbying laws that went into effect on January 1, 2008.	
17	In particular, Respondent learned in November of 2007 that the new laws included a 10-contact	
18	registration threshold for organizations. Although Respondent was on notice that it was require	
19	to register as an Organization Lobbyist in April of 2008 after its employees had made a total of	
20	10 lobbying contacts with City Officials, Respondent failed to meet its obligations under City	
21	law for approximately eight months.	
22	16. Although Respondent was aware that the new lobbying laws required the	
23	disclosure of specific information regarding the number of lobbying contacts and the identity of	
24	City Officials lobbied, Respondent did not direct its lobbyists to track or maintain this	
25	information. Therefore, when Respondent finally registered and filed its later quarterly	
26	disclosure reports in December of 2008, the information it disclosed on its registration and	
27	disclosure forms was based on a substantial amount of estimates and recollections.
