

THE CITY OF SAN DIEGO

Fire-Rescue Department

Plan and Prepare

Wildfire Prevention Door-To-Door Campaign

Saturday, September 6 the San Diego Fire-Rescue Department will be leading a door-to-door campaign citywide to distribute fire prevention information.

As the Fire Chief has reminded residents, fire season is year around in San Diego, especially with our current drought conditions. The Bernardo Fire was stark evidence of that. It was the sort of fire we might expect in October, not in May.

Anyone interested in helping distribute this important wildfire prevention information is asked to come to one of the Recreation centers listed below at 9:00 a.m. on September 6. The addresses have been selected, the handouts are ready and the Fire-Rescue Department needs your help to protect your community. If you can be there, send an email to sdfd@sandiego.gov and let us know where you will be and how many friends and family will be with you. Children under 18 must be accompanied by an adult.

Ocean Air Recreation Center, 4770 Fairport Way

Robb Field, 2525 Bacon St

Golden Hill Recreation Center, 2600 Golf Course Dr

Martin Luther King Jr Recreation Center, 6401 Skyline Drive
