

Park and Recreation

Park & Recreation

Mission Statement

To acquire, develop, operate and maintain a park and recreation system that enriches the quality of life for residents and visitors alike and preserves it for future generations.

Department Description

The Park and Recreation Department provides a multitude of facilities and services for neighborhoods and plays a key role in the quality of life for the community. The Department manages three major elements that contribute to the various Mayor's Goals and City Council Priorities: Parks and Open Space, Recreational Facilities, and Recreational Programs.

Parks and Open Space:

With over 38,000 acres of parks, open space and aquatic areas available throughout the City, the Department provides a wide variety of opportunities for San Diegans to renew mind, body, and spirit in healthful outdoor settings. Both landscaped and natural environments provide valuable opportunities for individuals, families and groups to enjoy passive and active leisure. Joint use agreements with schools maximize park use and provide active, programmable sports turf in park-deficient neighborhoods. Open space areas conserve and protect sensitive habitat and cultural history, and provide educational opportunities. Thirty-seven Maintenance Assessment Districts located throughout the City provide property owners the opportunity to assess themselves in order to pay for landscape enhancements and other improvements, maintenance services, and activities, beyond those generally provided by the City.

Recreational Facilities:

The Department operates and maintains several hundred recreational facilities. These facilities include recreation centers, playgrounds, senior centers, teen centers, athletic fields, tennis courts, swimming pools, campgrounds, nature and visitor centers, gymnasiums, meeting rooms, weight rooms, historic sites, amphitheaters, skate parks, boat launches, docks, fishing piers and more. These facilities bring persons with diverse backgrounds together to enjoy special events, relax, and strengthen neighborhood bonds. The Department also operates Mt. Hope Cemetery, which provides low cost burial services, and concessions at City reservoirs.

Park & Recreation

Department Description

Recreational Programs:

Recreation programs, team sports, and activities help build self-esteem, confidence, social harmony, independent thinking, self-discipline, improve health; and promote conflict resolution skills for youth and adults. Programs offered throughout the City include ceramics, learn-to-swim, karate, gymnastics, dance, soccer, basketball, water polo, bird watching, nature walks, golf, day camps, softball, track, archery, holiday parties, cultural events, outdoor movies, senior trips, tiny tot classes, and much more.

Division/Major Program Description

Administrative Services

This Division provides overall direction and planning for the Department. Responsibilities include budget and fee development, customer satisfaction surveys, long-range and strategic planning efforts, public information management, training, and information systems management.

Community Parks I

This Division operates and maintains park and recreation facilities and programs primarily in City Council Districts 1, 2, 5, and 6. Responsibilities include overseeing recreation center operations, park maintenance, after school programs, and joint-use areas. The Division also operates and maintains Mt. Hope Cemetery; downtown maintenance, which includes the Centre City Maintenance program; Reservoir Concessions and special event support.

Community Parks II

This Division operates and maintains park and recreation facilities and programs primarily in City Council Districts 3, 4, 7, and 8. Responsibilities include overseeing recreation center operations, park maintenance, after school programs, and joint-use areas. In addition, the Division operates all 13 permanent municipal swimming pools and administers the Volunteer, Resource Center, Therapeutic Recreation Services and Senior Citizens' Programs.

Developed Regional Parks

This Division operates and maintains two developed regional parks, Balboa and Mission Bay Parks, and provides management and maintenance at San Diego City beaches and shoreline parks. In addition, the Division provides park ranger services at Balboa, Mission Bay, Chollas Lake, Presidio, and Mission Hills parks. The Division provides Citywide heavy maintenance services including mowing, sweeping, aquatic features, park forestry, irrigation, and sports turf maintenance, and provides special events permitting and management. The Division also provides park mainte-

Division/Major Program Description

Developed Regional Parks (continued)

nance and historic/cultural resource management at Presidio Park, and coordinates the Citywide civic dance program, Balboa Park Activity Center, and the Municipal Gymnasium.

Golf Operations

This Division manages and maintains three City-owned, self-sustaining golf complexes: Torrey Pines, Balboa Park and Mission Bay Golf Center. The revenue generated from their operation is used to defray operational and maintenance costs.

Open Space

This Division is responsible for the management of roughly 22,600 acres of City-owned open space, including all open space parks (Mission Trails, Tecolote/Marian Bear/Rose Canyons, Los Peñasquitos, Black Mountain, and Otay Valley), as well as many open space canyons and watersheds throughout San Diego. The Division encompasses the park ranger program, brush management, maintenance and litter control, and natural resource planning. Additionally, the Open Space Division manages the City's 37 Park and Recreation administered Maintenance Assessment Districts and the enhanced Gas Tax/TransNet-funded street medians.

Park Planning and Development

This Division manages the Park and Recreation Department's Capital Improvements Program and Development Office. This includes management of park inventory and land acquisition, park general plan standards, project management for regional park planning, development of population based parks, grants management, donations, corporate giving, and partnerships.

Service Efforts and Accomplishments

In the last year, many Department accomplishments contributed to the Mayor's Goal #3, Create neighborhoods we can be proud of.

The Department secured more than \$8 million in grants, sponsorships, and donations for park improvements and recreational programs. Of this amount, \$6 million was specifically for the Balboa Park Historical/Cultural Resources projects.

The Department continues to preserve the rich urban open space of Florida Canyon in Balboa Park. Through the help of volunteers and youth organizations like the San Diego Urban Corps, the canyon's 150 acres offers a living laboratory for surrounding schools and a destination for natural history classes and fitness groups.

The Inez Grant Parker Memorial Rose Garden was recognized as one of the world's best rose gardens in 2003. The World Federation of Rose Societies (WFRS) voted this garden as one of the top rose gardens throughout the world. The WFRS is made up of 36 countries around the world. The rose garden was dedicated over 25 years ago, and is

Park & Recreation

Service Efforts and Accomplishments

also consistently recognized by the American Rose Society and the All American Rose Society as one of the top 10 public rose gardens in North America. The Park and Recreation Department relies on a close partnership with the San Diego Rose Society Rose Garden Trust for support and promotion of the garden and the over 2,500 roses that are planted there.

The Balboa Tennis Club at Morley Field was awarded the "Outstanding Tennis Facility" award by the United States Tennis Association. The category, Large Tennis Centers, included both public and private facilities. The Club operates under a Non-Exclusive Use Operating Permit.

Free Summer concerts have been taking place at the Spreckles Organ Pavilion since 1981. The program has grown from five concerts in its first summer to the current schedule of 33, which attract more than 34,000 attendees over the course of the summer.

More than 300 special events including runs/walks took place in Balboa Park last calendar year. The majority of organizations are non-profit, drawn to the Park for its vast beauty and cultural prominence. Events include the St. Patrick's Day Parade and Festival, San Diego Lesbian Gay Bi-Sexual Transgender Pride Festival, Suzuki Rock and Roll Marathon, Foot Locker National Cross Country Invitational, March of Dimes Walk, Balboa Park December Nights, Fern Street Circus, and Dr. Seuss Magic Mile Race/Run.

Mission Bay Park has approximately 14 million visitors annually and hosts many special events that have become San Diego traditions: Over-the-Line Tournament, Bayfair/Thunderboats, Rock and Roll Marathon, Crew Classic Rowing Regatta, Mission Bay Triathlon, and Mission Bay Boat Parade of Lights.

Following the October 2003 Cedar Fire, the Scripps Ranch Recreation Center was temporarily converted into the Local Assistance Center, providing services to more than 2,200 fire victims. It was the first public relief facility to open in the City and County, and it provided a one-stop location for information and assistance from various local, State, and federal agencies.

Tierrasanta Recreation Center hosted an Appreciation Day to honor members of the Police Department and the San Diego Fire-Rescue Department that worked to ensure public safety during the October 2003 fires. The event was attended by approximately 700 people.

Recreation centers provide approximately 10,000 programs and activities for youths and adults each year.

Chollas Lake held its 14th Annual Country Fair on June 14, 2003.

The Therapeutic Recreation Services Program made possible: the 5th Annual US Open US National Wheelchair Tennis Championship with 200 athletes from 20 countries around the world; the 10th Annual La Mesa Firefighters Playhouse Fund Raising Event; the 10th Annual Camp at the Bay; the 14th Annual Best of the West Quad Rugby Tournament; the 17th Annual Junior Athletes in Wheelchairs Sports Camp; the 21st Annual Holiday Carnival, which raises money for programs provided throughout the year; and the 27th Annual Recovery Games for people who now live clean and sober lives.

The Aquatics Program hosted several USA League swim meets, with hundreds of athletes and teams from all over San Diego County, as well as Imperial and Orange Counties; provided the summer Adapted Aquatics Program to 24 participating schools in the San Diego Unified School District; and provided tens of thousands of children with recreation swim, water polo, and aquatic safety awareness presentations.

Using "portable pools," the Department provided free swim lessons and aquatics programs to eight communities

Service Efforts and Accomplishments

without permanent swimming pools last Summer, with more than 9,000 participants. Each site provided a celebration event with food, games, prizes, and free swimming for the children.

The Civic Dance Arts Program has been in existence for more than 60 years. More than 2,500 children, teens, adults and seniors take a variety of dance classes at recreation facilities throughout the City.

The Department educated San Diego area school children on the value of San Diego's diverse and fragile eco-system via park ranger-led interpretive talks to school groups and Boys' and Girls' Clubs from sites across the region.

Communities were enhanced by various beautification projects throughout the park system with new plant materials, replacement sod, and turf renovations.

Mission Trails Regional Park's Kumeyaay Campground was highlighted as a cover story in Sunset Magazine as a campground to visit.

Park and Recreation-owned open space areas now constitute over 22,600 acres, with several thousand more expected to be acquired in Fiscal Year 2005 through Multiple Species Conservation Program land acquisition and development project dedications. San Diego now has five large open space parks totaling 15,210 acres with 150 miles of trails.

Mission Trails Regional Park had more than 600,000 visitors in Fiscal Year 2003, including 60,000 who came to the Visitor Center where staff and volunteers presented information to 450 school groups or 4,000 students. Last year, volunteers donated 18,000 hours in leading hikes, giving concerts and more for an estimated 10,000 guests.

A number of trails were constructed or restored by volunteer efforts, including new sections of the TransCounty Trail, and trails in Del Mar Mesa.

The Department also contributed to the Mayor's Goal #4, Clean up our beaches and bays. With the help of 5,026 volunteers from the beach communities, donating 13,940 hours of their time, 91 beach clean up activities took place during the year. During the 4th of July weekend in 2003, Mission Bay Park Maintenance Crews, Shoreline Parks and Beaches Maintenance Crews, and Urban Corps staff worked 1,680 hours cleaning Mission Bay Park removing 110 tons of trash from 400 trash cans placed throughout the Park for the weekend. The clean up job was completed promptly and efficiently on July 5th.

Invasive non-native vegetation along Tecolote Creek, Otay Valley, the San Diego River, Fiesta Island and Famosa Slough, was removed and indigenous species were replanted in the same areas.

The Friends of San Diego River Mouth held monthly non-native removal and native planting events at the Southern Wildlife Preserve located east of Ocean Beach's Dog Beach.

All Park and Recreation employees were trained in Best Management Practices (BMP) to avoid storm water pollution. An Environmental Protection Agency review found the Park and Recreation's BMP policies and procedures to be innovative, exemplary in their comprehensiveness, and a model for agencies at the local, State, and federal level. The California Park and Recreation Society also recognized the Department for BMPs with an award for park operations and maintenance.

Staff began a centralized way of handling pesticides, increasing attention and skill level on monitoring environmentally sensitive methods for pest management, resulting in an Organization of the Year Award from the San Diego Chapter of the American Society of Training and Development.

Park & Recreation

Service Efforts and Accomplishments

The following Department efforts contributed to the Mayor's Goal #8, Make San Diego America's safest City:

The Department's Brush Management Program thinned 70 acres of weeds and dry brush in canyons and other City open space property.

Neighborhood safety was enhanced through installation of three solar lights as part of an effort by the North Park Maintenance Assessment District to install 150 new mid-block lights by 2004.

Other Department accomplishments include:

In order to enhance the scope and quality of municipal golf, in November 2003, the Department took over management of Mission Bay Golf Center. This 45 acre, 2,719 yard, 18-hole executive course is the only lit course in San Diego. With the addition of this golf course, San Diegans are given a better opportunity to enjoy and explore the sport of golf there and at Torrey Pines and Balboa Park.

The 2008 U.S. Open was awarded to Torrey Pines South Golf Course by the United States Golf Association. The award followed a successful redesign by famous Golf Course Architect, Rees Jones, resulting in a championship layout. An estimated \$100 million is expected for the local economy due to the 2008 U.S. Open.

Under a Memorandum of Understanding with the Water Department, Park and Recreation operated seven Reservoir Concessions at City lakes. Concession operations include: operating snack bars; selling fishing tackle, bait, use permits and boating tickets; selling State of California Fish and Game Licenses; and renting boats and other water craft.

The Park and Recreation Department held its 8th Annual Volunteer Recognition Event in September 2003, recognizing those who gave of their time and skills to contribute to the mission of the Park and Recreation System. More than 23,000 volunteers in Park and Recreation provided more than 144,000 hours of volunteer services, a savings of \$2,369,160 to the City. At the celebration, more than \$10,000 dollars worth of donated prizes were awarded to volunteers.

The Permit Center for Developed Regional Parks opened on March 3, 2003. It issues permits for Balboa Park, Presidio Park, Mission Hills Park, Mission Bay Park, and Shoreline parks and beaches. An estimated 4,000 permits were issued in Fiscal Year 2003 and 7,801 room reservations were made.

In calendar year 2003, Park Planning and Development staff completed 40 capital improvement projects totaling in excess of \$16 million.

All park capital projects are now entered into the City's project scheduling system schedules. New estimating standards have been implemented as well. The focus on consistent project scheduling, estimating and cost recovery is a continuing priority.

Future Outlook

Brush Management: On December 8, 2003 the City Manager presented the Initial 30-day "Cedar Fire After Action Overview Report." (CMR-03-242). As a result of recommendations provided in the Report, the Mayor and City Council directed the City Manager to bring forward proposed changes to the existing Municipal Code §142.0412 to provide for greater defensible space by modifications to brush management regulations. On January 21, 2004, the City Manager presented a report detailing what would be required to implement adequate brush management Citywide at a total cost of \$5.3 million. Also in January, the City of San Diego received a National Employment Grant from the U.S. Department of Labor, in partnership with the Workforce Partnership and the County of San Diego, in the amount of \$550,000. This Grant spans Fiscal Years 2004 and 2005 and will be primarily used for brush management. In March 2004, Park and Recreation submitted a federal grant application to the Federal Emergency Management Administration (FEMA) for Fiscal Year 2005 to cover part of the operating costs described in the City Manager's Report. If this grant is unsuccessful, additional funding sources will need to be identified.

Underfunding of New/Enhanced Facilities: Required resources, which were not allocated in the Annual Fiscal Year 2005 Budget, will create challenges in maintaining new or enhanced facilities. Existing resources must be stretched to cover all facilities, thereby creating an overall degradation in the park system. Continuation of this underfunding may result in significant impacts to new and existing parks and is not recommended. In Fiscal Year 2006 the Department will seek funding for Fiscal Year 2005 facilities which were underfunded this year. Typically \$3 to \$4 million is needed to operate and maintain new and/or enhanced facilities scheduled to be completed during Fiscal Years 2006-2010.

Commercialism within Shoreline Parks and Beaches: Resources will be needed to address the significant increase in illegal commercial activity along the City coastline.

US Open: The 2008 United States Open Golf Championship will be hosted by Torrey Pines Golf Course. The U.S. Open logo merchandise became available in April, 2004. We are looking for a long successful merchandising effort to complement the success of the future event. Historically, retail sales related to the event have been significant.

Park Forestry: Over the past several years, new horticultural pests have appeared in our area which has had a significant impact on the Park Forestry Section's ability to maintain a safe and healthy park forest. The Citywide Park Forestry Section has developed a plan for the addition of trees and proper maintenance schedules to promote a healthy park forest with age and species diversity. Additional funds and personnel will be required to remove dead trees, complete safety pruning, and perform basic tree maintenance throughout the park system.

Mission Bay Park Water Pollution: The General Services Department's Storm Water Pollution Prevention Division is undertaking a comprehensive analysis of potential bacterial pollution sources to identify problems and develop solutions. They are also implementing the Mission Bay Clean Beaches Program which is fully funded and will increase the flow of water at the Tecolote and Cudahy Creek entrances into the bay which will increase water circulation and thus enhance the natural bacterial removal process. The Tecolote Marsh Project, designed to filter the water through a marsh to remove bacteria, is in the design phase and is currently unfunded.

Park & Recreation

Future Outlook

Mission Bay Park Development: The 1994 Master Plan Update identifies approximately \$231 million of improvements to the Fiesta Island/South Shores area. Staff has identified a Capital Improvement Program phasing sequence. The South Shores/Fiesta Island phasing sequence was approved by the Mission Bay Park Committee in February 2004. The South Shores Promenade is in design and will be built by Sea World as part of their mitigation efforts required by the Coastal Commission. Many of the planned improvements have not been implemented as no sufficient funding source has been identified.

Water Conservation: The Department will be monitoring drought conditions; determining irrigation methods and water-use procedures that are the most effective, and looking for ways to conserve water, including synthetic turf and xeriscape landscaping wherever possible.

Joint-Use Agreements: The Department will continue to work with San Diego Unified School District to renew approximately 26 expired joint-use agreements pursuant to the memorandum of understanding for joint-use facilities. An inventory and analysis of each joint-use site will be conducted prior to renewal of expired agreements to identify needed capital improvements to address worn facilities that have reached end of life span. Budget reductions may impact joint-use agreements and may require re-evaluation in the future.

Citywide Parks System Master Plan: Consistent with the findings of the City Council Budget Work Group in 2002, a proposed Citywide Parks Master Plan would provide a long-range planning and policy tool reflecting the City's vision for and commitment to acquire, preserve, develop and manage parks and open space in San Diego. Additionally, an update to the park-related elements of the General Plan is necessary. Appropriate staffing and consultant assistance will be key to developing a Citywide Parks Master Plan and to proactive long-range planning.

San Diego River Park: With the increased emphasis placed on the creation of the San Diego River Park through the efforts of local elected officials and the formation of a State approved San Diego River Conservancy, staff is proceeding with the development of a City of San Diego River Park Master Plan.

Balboa Park Land Use, Circulation and Parking Study: This study provides a comprehensive evaluation of land use and parking needs for the Central Mesa and Inspiration Point areas of the park as well as the surrounding communities. The results will help guide future locations of parking facilities, the development of parkland, and the operation of transit facilities.

Budget Dollars at Work

38,290 Estimated park, open space and aquatic acres
51 Recreation centers (including leased sites)
13 Permanent swimming pools
19 After school program sites
26 Approximate miles of shoreline
11 Senior citizen centers
190+ Playgrounds
104 Joint-use areas
76,000+ Interments at Mt. Hope Cemetery
361,000 Annual rounds of golf at Torrey Pines and Balboa Park Golf Courses
37 Active maintenance assessment districts
86 Street medians in the Gas Tax Program
181 Community, neighborhood, mini and resource parks
71 Open space areas
20,000 Estimated annual enrollment in Learn-to-Swim sessions
100,000 Persons served annually in the Senior Services and Therapeutic Recreation Services Programs

* At the time of publication audited financial statements for Fiscal Year 2003 were not available. Therefore, the Fiscal Years 2003 and 2004 columns reflect final budget amounts from the Fiscal Year 2003 and 2004 Annual Budgets. As such, balances and reserves do not reflect carryover from the previous fiscal year.
