The Mission Boulevard Maintenance Assessment District (District) was established on June 30, 1981, to provide maintenance for approximately 200 trees and planter boxes along Mission Boulevard from San Diego Place to Pacific Beach Drive.

The Annual Fiscal Year 2005 Budget is based on current maintenance costs. The high cost for the maintenance of the trees is because the trees are watered individually by water truck and the District experiences a high rate of tree replacement due to vandalism. The large contingency reserve is required to cover a phased program to replace 20 year-old Melaleuca trees that are approaching the end of their life cycle. The District does not have an established advisory committee, and an increase in assessments by the San Diego Urban Consumer Price Index (SD-CPI-U) is not required.
