Facilities - Eng 58-001.0 Annual Allocation - New Development

Council District: Citywide Community Plan: Citywide

**Description:** This annual allocation provides for street and utility improvements along City-owned land and in other situations where it is desired to have an adjoining developer install such improvements and be reimbursed by the City.

**Justification:** The City is required to improve the right-of-way alongside its property, as must all property owners. The City Council may determine that it is more economical to have such work done by an adjoining developer rather than by a separate City contract.

**Operating Budget Effect:** None.

**Relationship to General and Community Plans:** This project is consistent with the appropriate community plans and is in conformance with the City's Progress Guide and General Plan.

Scheduling: Scheduling is dependent upon the work program of the developer.
